## ASSIGNMENT TO CLASSES

Unless specifically exempted in the Notes Column of the time schedule, **registration for all courses will be accepted on a first-come-first-served basis.** However, acceptance into sections of multi-section courses may be controlled to assist in achieving a balanced enrollment in all sections offered.

Be careful to check the notes of all courses in which you plan to enroll to insure that you meet the requirements and conditions for enrollment in that class. For example, courses limited to majors frequently require instructor's or departmental permission and are coded I. A course noted as "preference to majors" is open to a limited number of non-majors who meet course prerequisites on a "first-come-first-served" basis.

Most classes will be over-enrolled to take into consideration enrollment reductions because of early withdrawals. **If a section or course is listed on the Closed Section Board, you should plan to enroll in an alternate course,**

since there will be little or no opportunity to add your preferred course at a later date.

**Advanced course reservation is limited to courses for majors only and students in the second or third terms of bonafide sequence courses.** If you believe you are eligible for any course reservation, check with the appropriate departmental office in advance of registration.

Departments have been instructed to honor course enrollment requests only upon presentation of a Registration Packet. Packets will be issued to all students at their scheduled time if they are eligible to enroll. If no packet has been prepared for you, go to the Registrar's Table in McArthur court for assistance.

**NOTE:** The University reserves the right to cancel courses listed in the Time Schedule for which there is insufficient registration to justify their being offered or continued.

## REGISTRATION PROCEDURE (McArthur Court)

### 1. PRIOR TO REGISTRATION:

- File a Registration Request Card with the Registrar's Office at least three weeks in advance of the opening of classes.
- Secure advance **approval for courses** where applicable, i.e., "instructor's consent" or "variable-credits" (see course listings pages 17 through 48). Complete planned course schedule on page 52. **Retain after registration to use as a record of your study program for class attendance.**
- Students newly admitted to the University of Oregon beginning Summer Session may get their Student Identification Cards (I.D.) photos taken in East Court, McArthur Court, June 23. Beginning Tuesday, June 24, I.D. Photos will be taken in Room 364, Oregon Hall. Students enrolling for the Summer Session **only will not** be issued Student Identification Cards.

### 2. REGISTRATION MATERIAL:

- Report on date and at time specified for issuance of your registration packet. Your registration packet will contain: Registration Form/Parts A and B, Registration Certificate and Fee Card. Purchase of Student Health Insurance and/or Automobile Parking Permit may be transacted at stations in the Erb Memorial Student Union.

### 3. HOW TO ENROLL IN CLASSES:

- Go to North Bleachers, McArthur Court, as illustrated on diagram, and secure a lap board. Number 2 pencils must be used to properly mark your Registration Form. Complete **Part A** of the Registration Form. The following items are required: name, social security number, home and local address, local telephone number and home town. If any of these items are missing or incorrect, please supply the missing information. **Write your local address and telephone number on your fee card.**
- Check "Closed and Added Section Board" adjacent to North Bleachers, then fill in course selections on Part B of your Registration Form. It is recommended, where multi-section courses are to be selected,

that you record all data pertaining to the course on Part B of your Registration Form with the exception of the TLN (Term Line Number) entry. Gain departmental approval for single section courses first and multi-sectioned courses last.

- If the section you select has a single plus (+) printed after the days listed for the course, please enroll in one of the Lab or Discussion sections which follow the lecture.
- Proceed to departmental tables as shown on the diagram and obtain department stamp for each course in which you wish to enroll. If you discover a conflict in your schedule and it is necessary to adjust the course selections on your Form, return to department table and request "voiding" of your course enrollment by (1) acquiring "Department Stamp" imprint in **TLN column** of course to be dropped, (2) erasing gridding and then gridding 9999. Return to North Bleachers and complete **Part B**, Registration Form.
- Report to the checking stations in East Court for final processing of your registration. Your Registration Forms and Address Update Sheets will be checked with you. Undergraduate students will be limited to 21 term hours of credit for the entire Summer Session. Students who exceed 21 term hours will have excess hours cancelled from their study load. Tuition and fees will be assessed in accordance with your indicated course load. At the time of fee assessment your Registration Form will be collected, **but you will not be considered registered until your fees are paid.** Your fee card and Registration Certificate will be returned to you.

### IMPORTANT!

- It is important that Part B be completed accurately. You will note, the TLN (Term Line Number) is the official control on this document. This section (Part B) represents your OFFICIAL registration for classes. Double check your TLN gridding to insure your registration in each course.
- The first horizontal line in the grid is "0."
- Grading option will be assumed to be "graded" if not marked.

**4. FEE PAYMENT:**

- a. Fees are to be paid at the University Business Office, Oregon Hall, Monday thru Friday, June 23-27 (08:00 a.m. to 4:00 p.m.). Beginning Monday, June 30, fees may be paid 10:00 a.m. to 4:30 p.m. Late Fees for courses 8 and 11 weeks duration start Monday, June 30.

\* When a student interrupts attendance, a re-enrollment card must be filed to obtain registration materials. Re-enrollment cards are available at the Office of the Registrar. Notification of intended return to the University must be received by the Registrars' Office at least 30 days in advance of the registration period.

\*\* Summer Session request cards are available in the Summer catalog and at the Office of the Registrar. Undergraduate students must have been registered for Spring Term or filed a re-enrollment card to have material prepared for Fall Term.

Spring Term 1975	Summer Session 1975	*Summer Session Registration Request	Student
Spring Term 1975	Fall 1975	*Intent to Re-Enroll	Student
Summer 1975	Fall 1975	*Intent to Re-Enroll	Student

For Exceptions see Below

\* A student completing an advanced degree must obtain authorization to continue the following term in a graduate program. This is accomplished by the student's submission of a "Permission to Re-register" form via your Major Department.

Note 1. University of Oregon bachelor degree recipients who are continuing must complete and receive formal admission to Graduate School to insure a registration packet. (See Table above.)

Note 2. Since the graduate program is under an enrollment limitation, it is the students' responsibility to inform the Graduate School and appropriate department of their intentions to attend school Fall Term 1975, by filing an "Intent to Re-Enroll" form with the Graduate School.

Note 3. Graduate students admitted for Summer Session, who intend to re-enroll Fall Term, must submit an "Intent to Re-Enroll" form with the Graduate School. Those who were not admitted to an advanced degree program but attended Summer 1975 and desire to continue Fall 1975 must submit an application to their Major Department for graduate admission to obtain registration material.

Note 4. If for any reason your registration has been interrupted for a term or more and not covered by authorized leave, you must be re-admitted by submission of the "Permission to Re-register" form to your Major Department one month prior to the beginning of the term you plan to attend.

## ADDRESS REQUIREMENTS

Each student registering at the University is required to file a home address and a "campus address" if different. In an effort to reduce the number of times that an address card must be prepared, students are requested to furnish address information that can be stored centrally.

1. If your campus or home address is currently included in the central file they will appear on the preprinted registration forms. If correct, no further filing of addresses is required.

2. If one or both of the required addresses are missing or incorrect proceed as follows:

A. Campus Address: If you are living on campus in a University dormitory, private dormitory, Cooperative, Fraternity, or Sorority, find your living unit in the listing on Part A of the registration form. Mark its code and your room number (if any) in the appropriate sections.

If you are living off-campus file an "Off-Campus Address Sheet" as described in the next paragraph.

B. Off Campus Address:

1. Obtain an "Off Campus Address Update Sheet" for each separate address you must file.

2. In the upper left corner are a group of boxes describing the type of addresses included on the sheet. If the address being reported is your home address only, mark the home address box. If it is also your U or O address, mark this box also. The boxes marked should fully describe the address coded on this single sheet.

3. Each sheet must also have your student body number (Social Security Number) printed and gridded in the "Student Number" block in the lower right corner of the sheet.

4. Each block used must be complete, e.g., when entering your street address in the middle block make certain that the complete address is gridded.

5. Any data block on the form which is not relevant to the address being submitted may be omitted, e.g., if there is no telephone at this address, the "Telephone No." block can be ignored.

6. Each grid area consists of one to three columns alternately shaded and clear, and represents a coding area for one number or letter. There should be one mark only in a single grid area. Each grid area contains all or part of the following:

A	N	0
B	O	1
C	P	2
D	R	3
E	S	4
F	T	5
G	U	6
H	V	7
I	W	8
J	X	9
K	Y	1/2
L	Z	
M		

To complete the gridding, print the letter or number above the grid area and then mark the corresponding character from one of the three vertical areas immediately below.

7. If your Registration Form Part I shows an incorrect address, you may correct it by filing a new Address Update Sheet which includes the address description, your student number (Social Security Number) and only those address data areas which must be modified.

8. When completing the mailing instructions on Part A of registration form for grades and fee deposit refunds, make certain that you have on file, or are filing, addresses matching the ones you have designated.

  - e. Course challenge

(For details on Concurrent Registration or credit by course challenge, contact Office of the Registrar.)

**STUDY LOAD**

The maximum summer study load for an undergraduate student is 21 term hours for the entire summer session. **Students who exceed the 21 term hour limit will have excess hours cancelled from their study load.**

**FULL-TIME STUDENT STATUS**

University officials are asked to determine and certify that you are a full-time student for a variety of purposes. Only U/O courses can be certified by the University. Courses taken concurrently must be certified by the school concerned except Division of Continuing Education (DCE) courses which are certified by Portland State University. The following is provided as a guide in meeting specific definitions:

**CHANGE OF PROGRAM**

A Drop/Add/Change Form, processed according to the instructions thereon, must be filed in the Registrar's Office to effect any post-registration change in the Registration Card. See "Reminder: Important Dates" on page 4 of this Time Schedule of Classes for deadline for filing changes from original registration. Complete withdrawal from all courses may be allowed, for good cause, by the Office of Student Services.

**COMPLETE WITHDRAWAL**

A student may withdraw completely from the University for good cause upon receiving permission from the Office of Student Services. Tuition refunds will be made in accordance with the Refund Schedule, page 8.

**ACADEMIC MAJOR**

Your official major is listed on your registration form. Any change in school/college or major will be governed by procedures printed on page 10.

**COURSE NUMBERS**

The alphabetic abbreviation preceding the course number designates the department. The number following the department abbreviation designates the course level. Both should be used in designating a course. Course numbers suggest the level of students for which they are intended as follows:

- 50-299—Lower Division (freshmen and sophomores)
- 300-499—Upper Division (juniors and seniors)
- 500-599—Graduates. Graduates may also take 400-499 courses for graduate credit if the courses are designated with a "G" or "M" (see below).

Course numbers identified by:

- "G"—graduate credit
- "M"—graduate credit for minors, non-majors
- "P"—graduate credit in professional field
- "R"—may be repeated for credit

## UNDERGRADUATE STUDENTS

5. Return all withdrawal forms and your Certificate of Registration to the Office of Student Services, 164 Oregon Hall.

## UNIVERSITY MARKING SYSTEM

Grade	Definition	Points
A	Excellent (Pass-differentiated)	4
B	Good (Pass-differentiated)	3
C	Satisfactory Performance (Pass-differentiated)	2
P	Satisfactory or better Performance (C or above) (Pass-undifferentiated)	-
N	Unsatisfactory Performance (No Credit)	-
<b>Marks</b>		
*W	Withdrawn	-
**I	Incomplete	-
X	No Grade Reported by the Instructor	-
Y	No Basis for Grade	-

\* Mark of "W" not recorded if student officially drops prior to end of third week in term.

\*\* When the quality of work is satisfactory, but some minor yet essential requirement of the course has not yet been completed, for reasons acceptable to the instructor, a report of "I" may be made and additional time granted for completion of the work.

**ATTENTION GRADUATE STUDENTS:** In order to obtain credit for a graduate course which was graded Incomplete, a student must convert the Incomplete into a passing grade by the last day of the next term in residence or within one calendar year of the assignment of the grade of I, whichever occurs first. Incompletes not converted in accordance with the above schedule will not be counted in meeting advanced degree requirements without approval by the Dean of the Graduate School of a petition from the student, signed by the instructor. This restriction does not apply to Incompletes assigned to courses applying to the completion of research projects (501), of thesis (503), and of terminal projects (509). This policy shall become effective with grades reportable Winter Term 1975.

## ACADEMIC WARNING, PROBATION, DISQUALIFICATION, REINSTATEMENT POLICIES

The Scholastic Deficiency Committee is composed of 7 faculty members and 4 ex officio members appointed by the President upon recommendation of the Committee on Committees. Two student members are appointed by the President upon recommendation of the ASUO.

The Committee administers, within the framework of faculty legislation, the undergraduate academic standards of the University as they pertain to the level of academic performance and progress toward a degree. When there is evidence of lack of satisfactory progress, the Committee may place a student on academic probation or disqualify from further attendance at the University. The Committee will exercise this function over Summer School performance as well as performance during the regular academic year.

### 1. ACADEMIC WARNING

Academic warning is given as a courtesy action to advise a student of potential difficulty. Subsequent action is not dependent on receiving a warning notice, nor will a warning become part of the permanent record.

A student who is not on Academic Probation will be given a warning whenever any of the following conditions exist:

- a. An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	Total Hours of U of O Non-Passing Grades
0-44	8
45-89	12
90-134	16
135+	17

- b. six or more hours of N are received for the term
- c. less than 65% of the course work attempted for the term has been completed with credit. (Grades and marks of A, B, C, D, P, N, I, and Y are counted as work attempted.)

Students given academic warning will be limited to a study load of 18 hours.

### 2. ACADEMIC PROBATION

A student will be placed on Academic Probation whenever any of the following conditions exist:

- a. An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	Total Hours of U of O Non-Passing Grades
0-44	12
45-89	18
90-134	24
135+	25

- b. If in each of two consecutive terms either of the following conditions exist:
  - a) six or more hours of N are received.
  - b) less than 65% of the course work attempted has been completed with credit. (Grades and marks of A, B, C, D, P, F, N, I, and Y are counted as work attempted.)
- c. Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for student with Junior Classification or above, less than 80% of the course work completed has been passed satisfactorily. (Grades of A, B, C, D, P, F, and N are counted as work completed.) This rule will not apply until a student has accumulated 25 or more credit hours at the University of Oregon.
- d. A record at the time of initial admission or re-enrollment which would have caused a student to be placed on warning or probation under current University of Oregon regulations. Notification of such action will be given to the student at the time the action is taken.

Students placed on Academic Probation will be limited to a study load of 18 hours.

A student will be removed from Academic Probation if, during two consecutive terms in residence, at least 24 hours of credit has been accumulated without disqualification and satisfies all conditions for removal (see rules listed under "Academic Disqualifica-

tion"). Part-time students (enrolled for at least 3 hours but less than 12 hours per term) will be removed from Academic Probation if they have satisfactorily completed three consecutive terms in residence with a minimum of 3 credit hours per term. Enrollment for less than 3 hours will not be considered in determining the sequential enrollment pattern for establishing eligibility for removal from probation.

### 3. ACADEMIC DISQUALIFICATION

A student on Academic Probation will be subject to Academic Disqualification whenever any of the following conditions exist:

- An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

<i>U of O Cumulative Credit Hours</i>	<i>Total Hours of U of O Non-Passing Grades</i>
0-44	15
45-89	21
90-134	27
135+	28

- In the current term, six or more hours of N are received . . . or less than 75% of the course work ATTEMPTED has been completed with credit.
- Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for students with Junior classification or above, less than 80% of the course work completed has been passed satisfactorily.
- Whenever the academic record is such as to provide persuasive evidence that the University requirements for an undergraduate degree cannot be met within a reasonable period of time.

### 4. ACADEMIC REINSTATEMENT

Consideration of reinstatement to the University will be acted on by the Committee only after receipt of a formal petition from the student. Each request will be evaluated on individual merit of the case and on supportive evidence provided by the student. All students reinstated will be placed on probation.

The petition for reinstatement will be considered by the Committee contingent upon receipt of grade or mark changes, transcripts, petitions and all supporting documents on file in the Office of the Registrar no later than 30 calendar days prior to the first day of classes; later receipts of documents will be considered for the subsequent term.

### 5. SPECIAL NOTE: EVALUATION CRITERIA

In determining the number of non passing hours to be counted toward probation/disqualification action, all University of Oregon work completed by students Fall Term 1969 and thereafter will be included.

In all instances, the grades reported to the Registrar within the designated grade reporting period will determine the action of the Committee. The receipt of subsequent changes in grades or marks, or of late grades or marks will be reviewed by the Committee when considering actions for the next term.

## DECISIONS/EXCEPTIONS REGARDING ACADEMIC POLICIES

### ACADEMIC REQUIREMENTS PETITIONS

The Committee is composed of 6 faculty members and 1 ex officio member appointed by the President upon recommendation of the Committee on Committees. One student member is appointed by the President upon recommendation of ASUO.

The Committee has the responsibility for the administration and interpretation of academic requirements for baccalaureate degrees, and for action on student petitions for exceptions to these requirements and other academic regulations. (It does not have jurisdiction over regulations governing graduate degrees.)

This Committee reviews petitions by students for adding and/or dropping courses after the last day to change courses. Petitions may be obtained from the Office of the Registrar where complete instructions for procedure are given with each petition.

## GRADUATION ANALYSIS

Note: **Seniors**—You are encouraged to request a degree analysis from the Graduation Requirements Staff, Office of the Registrar. Forms are available at degree table, East Court, during registration.

## APPLICATION FOR DEGREES

If you intend to graduate this term please complete the "Application for Degree" form at the Degree Section, Exit, East Court during registration. All applications must be on file in the Office of the Registrar by the close of the third week of classes (see Important Dates, page 6).

Any applications received after that date will be considered for next term graduation.

Diplomas for successful degree candidates will be mailed approximately 8 weeks after the close of the term. A student may request a certification of degree from the Office of the Registrar, if such verification is needed prior to the receipt of the diploma.

## I. THE CODE OF STUDENT CONDUCT

### A. General Policies

1. The University is dedicated not only to learning and the advancement of knowledge but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through a sound educational program and policies governing student conduct that encourage independence and maturity.
2. The University distinguishes its responsibility for student conduct from the control functions of the wider community. When a student has been apprehended for the violation of a law of the community, the state, or the nation, the University will not request or agree to special consideration for the student because of his status as a student. The University will cooperate fully, however, with law enforcement agencies and with other agencies in any program for the rehabilitation of the student. (*April 16, 1969*)
3. The University may apply sanctions or take other appropriate action only when student conduct directly and significantly interferes with the University's (a) primary educational responsibility of ensuring the opportunity of all members of the University community to attain their educational objectives, or (b) subsidiary responsibilities of protecting the health and safety of persons in the University community, maintaining and protecting property, keeping records, providing living accommodations and other services, and sponsoring non-classroom activities such as lectures, concerts, athletic events, and social functions.
4. Procedural fairness is basic to the proper enforcement of all University rules. In particular, no disciplinary sanction as serious as expulsion, suspension, disciplinary probation, or entry of an adverse notation on any permanent record available to persons outside the University shall be imposed unless the student has been notified in writing of the charges against him and has had an opportunity (a) to appear alone or with any other person to advise and assist him before an appropriate committee, court, or official, (b) to know the nature and source of the evidence against him and to present evidence in his own behalf, (c) to question all witnesses, and (d) to have his case reviewed by the University Appeals Board. (*June 5, 1974*)
5. Students shall have an opportunity to participate fully in the formulation of all policies and rules pertaining to student conduct and in the enforcement of all such rules.
6. Rules and sanctions affecting the conduct of men and women shall be based on general principles of equal treatment, including like penalties for like violations.
7. The Code of Student Conduct applies to any student who either is registered for one or more hours or is enrolled in a special program approved by the University.
8. No sanction or other disciplinary action shall be imposed on a student by or in the name of the University except in accordance with this Code.

### B. Violations

1. Expulsion or suspension from the University, or any lesser sanction, may result from the attempt to commit, the commission, or the intentional assistance in the commission of any of the following offenses: (*June 5, 1974*)
  - a. Academic plagiarism, defined as the intentional (1) submission for evaluation to a University officer of instruction or administration of (2) material based in significant part on work not done by the submitter (3) without reasonable written indication to the evaluator of the material's true source. (*June 5, 1974*)
  - b. Academic cheating, defined as the intentional (1) submission for evaluation to a University officer of instruction or administration of (2) material based in part on a source or sources forbidden by (i) generally accepted academic standards or (ii) regulations the evaluator has established and disclosed in a reasonable manner. (*June 5, 1974*)

- c. Furnishing false information to the University with intent to deceive.
- d. Forgery, alteration, or misuse of University documents, records, or identification cards.
- e. Detention or physical abuse of another person in the University community or conduct which is intended to threaten imminent bodily harm of any such person.
- f. Malicious destruction, damage, or misuse of University property or of personal property on the University campus. University property is defined as all real and tangible property owned or controlled by the University, including but not limited to, buildings, grounds, equipment, motor vehicles, and library or other instructional materials: (*February 5, 1975*)
- g. Theft or conversion of another's property occurring under the conditions of I.A.3.
- h. Vandalism or kidnapping committed on this or any other campus. (*June 5, 1974*)
- i. Participation in hazing.
- j. Lewd or indecent conduct occurring under the conditions of I.A.3.
- k. Conduct which intentionally obstructs or disrupts the University functions under the conditions of I.A.3. Obstruction is defined as physically blocking, hindering, or impeding any of the following: (1) normal operations of the campus, (2) building ingress or egress, (3) pedestrian or vehicular traffic, or (4) the obtaining or providing of University services.  
Disruption is defined as any of the following: (1) physical or forcible interference or interruption of University services, activities, or any lawful assembly of persons on campus, or (2) the intimidation by violence or the threat of violence of students, faculty, staff, or campus visitors. (*June 5, 1974*)

1. Possession or use of firearms, ammunition, explosives, or dangerous chemicals, or use or threatened use of knives or any other objects as weapons on University property (defined in I.B.1.f.) except as expressly authorized by law or institutional regulation. (*February 5, 1975*)
- m. Two or more offenses (including the repetition of a single offense) listed in I.B.2.a-d. and committed on different occasions. (*June 5, 1974*)
- n. Failure to comply with the terms of any sanction applied under this Code.
2. Disciplinary probation or any lesser sanction may result from the commission of any of the following offenses:
  - a. Possession, consumption by persons under 21 years of age or furnishing of alcoholic beverages to persons under 21 years of age on University-owned or controlled property in University related housing for single students, or at University sponsored or supervised functions. Possession, consumption, or furnishing of alcoholic beverages by those, or to those at least 21 years of age is permissible only in such areas that the President may designate.
  - b. Disorderly conduct, including disorderly conduct resulting from drunkenness, occurring under the conditions of I.A.3. Disorderly conduct is defined as knowingly and intentionally engaging in violent, tumultuous, or threatening behavior which (1) results in inconvenience, annoyance, or alarm, (2) creates unreasonable noise, or (3) disturbs any lawful assembly of persons. (*June 5, 1974*)
  - c. Raiding of University related living units.
  - d. Violation of any University rules approved by the Student Conduct Committee for the infraction of which sanctions may be imposed under this Code.
3. All rules approved by the Student Conduct Committee pursuant to Sections I.B.2.d., I.E.1., and I.E.4. shall be published, distributed, or posted in such a manner as to furnish adequate notice of their contents to students affected by such rules. The University's failure to comply with this requirement shall be a complete defense to any charge of violation of a rule of which the student has no actual knowledge.

### C. Sanctions

1. Sanctions which may be imposed for the commission of University offenses shall include the following:
  - a. Expulsion from the University.
  - b. Suspension from the University for a definite or indefinite period of time.
  - c. Suspended sanction. The Student Court may suspend the execution of any sanction authorized under this Code.

When imposing a suspended sanction, the Court shall specify 1) a time limit for the suspensory period, and 2) subsequent violations of the Code for which, upon the defendant's conviction during the suspensory period, the suspension shall be terminated and the original sanction imposed by the Coordinator of Student Conduct. In the absence of such conviction(s), the sanction shall be deemed completed at the end of the suspensory period. (February 5, 1975)

- d. Disciplinary probation with or without loss of designated privileges for a definite period of time. The violation of the terms of disciplinary probation or the infraction of any University rule during the period of disciplinary probation may be grounds for suspension or expulsion from the University. The parents of any student who is placed on disciplinary probation, suspended, or expelled may be so notified at the discretion of the Court.
  - e. Restitution for damaged, stolen, or misappropriated property or stolen or misappropriated money.
  - f. Participation in a social service project. (June 5, 1974)
  - g. Loss of privileges:
    - 1) Removal from dormitory or other University housing.
    - 2) Loss of such other privileges as may be consistent with the offense committed and the rehabilitation of the student.
  - h. Admonition and warning.
  - i. Such other sanctions as may be approved by the Student Conduct Committee.
2. The sanctions of expulsion or suspension may be imposed only upon proper determination by the Student Court, the University Appeals Board, or the Student Conduct Committee. No minor tribunal shall have jurisdiction to impose the sanctions of expulsion or suspension. (June 5, 1974)
  3. The general policies, violations, and sanctions shall be printed and made readily available to all students.

#### D. Group Offenses

1. Living organizations and registered or recognized groups are responsible for compliance with this Code and with University regulations on discrimination. Upon satisfactory proof that the group has encouraged or did not take reasonable steps, as a group, to prevent violations of this Code or University regulations on discrimination, the group may be subjected to the following sanctions:
  - a. recommendation to the appropriate body that the group be denied the use of University facilities.
  - b. restitution for damaged, stolen, or misappropriated property or stolen or misappropriated money.
  - c. recommendation to the appropriate body that the group's charter, recognition, or registration be permanently or temporarily suspended.
  - d. such other sanctions as may be approved by the Student Conduct Committee.
2. The determination that a group is sanctionable under this Code shall be made by the Student Court at a hearing held for that purpose. (February 5, 1975)
  - a. The president, principal officer, contact person(s), or other students designated by the group as being agents on behalf of the group shall be given reasonable notice of the charges in accordance with II.B.1. The president, principal officer, contact person(s), or group agent as defined above shall be required to represent the group before the Student Court. Failure to appear and represent the group may result in the Court disposing of the case under the authority of II.B.2.a. (February 5, 1975)
  - b. On behalf of the group, the president, principal officer, contact person(s), or other students designated by the group as being agents on behalf of the group shall be afforded all procedural rights set forth in this Code. (February 5, 1975)
3. Nothing herein authorizes the imposition of individual sanctions on any person other than in accordance with the Code of Student Conduct.

#### E. The Student Conduct Committee

1. The Student Conduct Committee, by faculty legislation and by delegation of the President of the University, is designated as the agency within the University which has primary responsibility for the Student Conduct Program. The Committee shall be responsible to the faculty and the President

of the University for recommending policies relating to student conduct, for formulating or approving rules and enforcement procedures within the framework of existing policies, and for recommending to the President of the University changes in the administration of any aspect of the Student Conduct Program. (March 4, 1970)

2. The Committee shall consist of four faculty members and four student members, each appointed by the President of the University. Each member shall serve for a period of 12 months with one faculty member and one student member retiring at the end of each academic term (Fall, Winter, Spring, and Summer). Members of the Committee may be reappointed. The President may appoint temporary members of the Committee to serve during a summer session or such other times as are necessary to assure full membership of the Committee.
3. The President of the University shall designate a Coordinator of Student Conduct who shall serve as Secretary of the Committee and assist the Committee in the discharge of its responsibilities. He shall coordinate the activities of all officials, committees, student groups, and tribunals responsible for student conduct.
4. All regulations or rules relating to student conduct that are established by any University official, committee, or student group, and for which sanctions may be imposed in the name of the University, must be submitted to, and approved by the Committee. Fraternity, sorority, residence hall, or cooperative "housekeeping" rules adopted by members for the internal management of the living unit are not considered University rules for the purpose of this Code. Campus traffic regulations are likewise not considered to be University rules for the purpose of this Code.
5. The Committee may delegate jurisdiction to handle infractions of University rules to the Student Court and such other tribunals as may be established. With the consent of the President of the University, the Committee also may delegate such jurisdiction to appropriate University officials. In all instances such jurisdiction shall be defined by the Committee, ordinarily in terms of specified offenses, maximum sanctions, or designated living units. The Committee may, at its discretion, withdraw delegation of jurisdiction in any case and dispose of such case itself.
6. The Committee shall require from University officials and tribunals periodic written reports of the disposition of all student conduct cases handled under their jurisdiction. The gathering of such reports and their submission to the Committee shall be the responsibility of the Coordinator of Student Conduct. The Committee shall examine such reports for consistency with existing policies and, where necessary, review the reports with the appropriate officials or tribunals.
7. Each Fall, the Committee shall submit to the President, Faculty Senate, Deans, and Department Heads of the University a written report covering the entire Student Conduct Program, including an evaluation of the existing rules, policies, and enforcement procedures. This report shall also detail all Code revisions approved during the previous year and shall be available to any person who requests a copy. (June 5, 1974)

#### F. University Appeals Board (March 4, 1970)

1. The University Appeals Board, by faculty legislation and by delegation of the President of the University, is the final appeals body under the Student Conduct Code.
2. The Board shall consist of three faculty members and three student members, each appointed by the President of the University. A quorum shall consist of two students and two faculty members. Terms of membership shall be 12 months from the time of appointment. Members may be reappointed, but no member may serve more than two consecutive terms. The President of the University may appoint temporary members to the Board to serve during such times as are necessary to assure full membership of the Board. The Board shall elect its own chairman. The Board shall establish rules of procedure for itself. An affirmative vote of a majority of the Board members present shall be necessary to overrule a decision of a lower court. Inability of the Board to make an affirmative decision to overrule shall be deemed a decision to affirm.
3. In any case the Student Conduct Committee may appoint one of its members to serve as an additional non-voting member of the University Appeals Board. The presence of this member will not affect the Board's quorum.

## G. Student Tribunals

1. The President of the University shall appoint six members to a Senior Court Panel, no more than three of them from the faculty and the rest from the student body. The appointments will be for 12 months but members may be reappointed, and the President is urged to preserve continuity of membership from year to year. Senior Court Panel members shall be selected for their knowledge of the Student Conduct Program in general and for their understanding of the operation of the Student Court in particular.

The Student Conduct Committee will select an impartial system for choosing a court for each case and will be responsible for formulating rules of practice and procedure in hearings under this Code.

2. The President of the University shall appoint a Panel of Associates. The size of this panel shall be determined by the Student Conduct Committee, but no more than one-third of its members shall be from the faculty. The student members shall be recommended by the President of the Associated Students.
3. A Student Court shall consist of three members, at least two of whom shall be students. One member of each Student Court shall be chosen from the Senior Court Panel, and this member will be the Chairman of the Student Court. The remaining members of the Student Court may be chosen from either the Senior Court Panel or the Panel of Associates. The jurisdiction of the Student Court shall be determined by the Student Conduct Committee.
4. A Student Court shall decide on all matters of fact, on the ultimate question of whether the Code has been violated, and on the sanction to be imposed, by majority vote. Decisions on procedural matters (e.g. on the admissibility of evidence) will be made by the Chairman of the Court. The Chairman will also decide which are matters of substance and which are matters of procedure, though on such decisions he may well seek the opinion of the other members of the Court before ruling. A decision of the Chairman of the Court under this section can be reviewed only by appeal to the University Appeals Board.
5. The Student Conduct Committee, with the assistance of the Coordinator of Student Conduct, may establish minor tribunals composed of students. When appropriate, University officials or faculty members may serve as advisers.
6. No tribunal shall have any function except the enforcement of University rules or the performance of other duties which may be delegated to it by the Student Conduct Committee.

## H. Records

1. The Coordinator of Student Conduct shall be responsible to the Student Conduct Committee for the maintenance of adequate records pertaining to the Student Conduct Program.
2. These records shall include a report on the disposition of each disciplinary case. Such reports shall be submitted to the Coordinator of Student Conduct by every official, tribunal, court, or committee authorized to impose sanctions under this Code.
3. In order to accomplish these record-keeping responsibilities, the Student Conduct Committee and the Coordinator of Student Conduct may prescribe reporting procedures to be followed by those authorized to impose sanctions under this Code.

## I. Amendments

1. The above Code may be amended only by action of the general faculty of the University of Oregon.

A copy of the complete Student Conduct Code, including the administrative procedures, is available in the office of the Coordinator of the Student Conduct Program, 472 Oregon Hall.

## II. POLICY ON STUDENT RECORDS

Higher education is concerned with the full development of the student's potentialities. It is realized that individuals differ in ability, background, interests, social maturity, emotional maturity, and goals. To plan educational opportunities to meet the needs of individual students and to counsel effectively with them, the University must accumulate data and keep records. The personal records enable the faculty and administrators of the University to understand the individual student better so that they can provide more effective education and counseling assistance.

Thus, it is recognized that from the time a student enters the University and submits the required personal data for academic and personal records, there is an implicit and justifiable assumption of good faith placed in the University as custodian of these data. The University maintains a similar posture relative to subsequent data generated during the student's enrollment. Preserving the confidential nature of student records protects the individual's right to privacy and enhances the effectiveness of the University's educational and counseling processes. Accordingly, the University intends to exercise care and concern in obtaining, recording, maintaining, and disseminating information about students with duplication of records kept to a minimum.

Under University policy, only directory information (information generally needed in identifying or locating a named student) and objective evidence of the student's academic achievement (number of credits earned and degree(s) earned) may be released without the consent of the student. All other information contained in student records is considered personal and confidential and may not be released without the student's written consent.

Pursuant to Public Law 93-380, recently enacted Federal legislation, students may see and review with a staff member of the department that maintains the record, all official records, files, or data that pertain to that student with the following exceptions: (1) confidential letters of appraisal received prior to January 1, 1975, (2) confidential letters of appraisal received after this date and for which the student has signed a waiver of the right to access, (3) psychiatric, medical, and psychological records, and (4) records of administrative and instructional personnel that are created for that member's eyes only and which are not accessible to any other person(s).

Student access to records shall be provided as early as practicable but must be within 45 days of the student's request. Copies of such records shall be provided at the student's request and shall be at the student's expense.

A student may challenge the content of a record in order to ensure that the record is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. (Grades, however, are specifically excluded from this policy unless the accuracy of the recording of the grade is contested.) If the custodian of that record does not concur with the student's request for deletion or modification of the challenged record, the student is entitled to an administrative hearing. All requests for such hearings shall be directed to the Vice President for Student Services as Custodian of Student Records.

**For the complete policy regarding student records, please refer to the Dean of Student Administrative Services (372 Oregon Hall), the Dean of Student Personnel Services (372 Oregon Hall), and to the *University Memos*.**
