Council Bill
No. 08-2136

LAND CONSERVATION
AND DEVELOPMENT

ORDINANCE NO. 08-355-O

AN ORDINANCE AMENDING ORDINANCE NO. 373 REGULATING THE USE OF LAND AND STRUCTURES IN THE CITY OF ROGUE RIVER, OREGON, AND ESTABLISHING ZONES FOR THAT PURPOSE.

THE COMMON COUNCIL OF THE CITY OF ROGUE RIVER, OREGON, ORDAINS AS FOLLOWS:

SECTION 1. amends:

SECTION 2.010. COMPLIANCE WITH ORDINANCE PROVISIONS to read:

All structures or parts thereof which are erected, moved, reconstructed, extended, enlarged, or altered, must conform with the provisions of this ordinance.

SECTION 2. amends:

SECTION 2.030. ZONE - LOCATION to read: The boundaries for each zone listed in this ordinance are the boundaries indicated for the zone by the City of Rogue River's current zoning map which is hereby adopted by reference. The boundaries shall be modified in accordance with zoning map amendments, which amend this section, and subsequently are adopted by this reference.

SECTION 3. amends:

SECTION 2.040. ZONING MAPS to read: The zoning maps or zoning map amendments of this ordinance or an amendment to this section shall be prepared by authority of the City Planning Commission and approved by the City Council. A certified print of the adopted maps or the adopted maps as amended, with date of approval, shall be maintained in the office of the City Recorder.

SECTION 4. amends:

SECTION 2.050. ZONE BOUNDARIES to read: Unless otherwise specified, zone boundaries shall be a lot line, the center line of a street or the extension of such lines. If a zone boundary divides a lot into two zones, the entire lot shall be placed in the zone that accounts for the greater area of the lot.

SECTION 5. amends:

SECTION 2.060. ZONING OF ANNEXED AREA to read: Zoning regulations in effect in an area prior to annexation to the City which are not compatible with existing Comprehensive Plan zoning for the area shall be rezoned concurrently with the annexation proceedings to be compatible with existing Comprehensive Plan zoning for the abutting areas, in conformity with the comprehensive zoning map of the City.

SECTION 6. amends:

SECTION 2.070. PROCEDURES to read:

(1) **Purpose.** The purpose of this subsection is to establish decision-making

procedures that will enable the City, the applicant and the public to review applications and participate in the local land use decision-making process in a timely and effective way.

(2) Applicability of Review Procedures. All land use and development permit applications and approvals, except building permits, shall be decided by using the procedures contained in this chapter. The procedure "type" assigned to each application governs the decision-making process for that permit or approval. There are four types of permit/approval procedures: Type I, II, III, and IV. These procedures are briefly described here, and detailed in subsections (3) through (7) of this section. Table A lists all of the City's land use approvals and their required review procedure(s).

a. Type I Procedure (Administrative). Type I decisions are made by the staff without public notice and without a public hearing. The Type I procedure is used when there are clear and objective approval criteria and applying City standards and criteria requires no use of discretion;

b. Type II Procedure (Administrative). Type II decisions involve limited discretion and are made by the staff with public notice and an opportunity for a public hearing if appealed. The appeal of a Type II decision is heard by the Planning Commission, who makes the City's final decision.

c. Type III Procedure (Quasi-Judicial). Type III decisions are made by the Planning Commission after a public hearing with appeals reviewed by the City Council. Type III decisions generally use discretionary approval criteria.

d. Type IV Procedure (Legislative). Type IV procedures apply to legislative matters. Legislative matters involve the creation, revision, or large-scale implementation of public policy (e.g., adoption of land use regulations, zone changes, and Comprehensive Plan amendments that apply to entire zones, rather than just one property). Type IV matters are considered initially by the Planning Commission with final decisions made by the City Council.

 1. Order of City Council;
 2. Resolution of the Planning Commission;
 3. The City Planner;
 4. A record owner of property (person(s) whose name is on the most recently recorded deed), or contract purchaser with written permission from the record owner.
 - b. Any person authorized to submit an application for approval may be represented by an agent authorized in writing to make the application on their behalf.
- (2) Consolidation of Proceedings. When an applicant applies for more than one type of land use or development permit (e.g., Type II and III) for the same one or more parcels of land, the proceedings may, at the option of the applicant, be consolidated for review and decision.
 - a. If more than one approval authority would be required to decide on the applications if submitted separately, then the decision shall be made by the approval authority having original jurisdiction over one of the applications in the following order of preference: The City Council, the Planning Commission, or the City Planner.
 - b. When proceedings are consolidated:
 1. The notice shall identify each application to be decided;
 2. The decision on a plan map amendment shall precede the decision on a proposed land use zone change and other decisions on a proposed development. Similarly, the decision on a zone map amendment shall precede the decision on a proposed development and other actions; and
 3. Separate findings shall be made on each application.
- (3) Check for Acceptance and Completeness. In reviewing an application for completeness, the following procedure shall be used:
 - a. Acceptance. When an application is received by the City, the City Planner shall immediately determine whether the following essential items are present. If the following items are not present, the application shall not be accepted and shall be immediately returned to the applicant:
 1. The required form;
 2. The required fee;
 3. The signature of the applicant on the required form and signed written authorization of the property owner of record if the applicant is not the owner.
 - b. Completeness.
 1. Review and Notification. After the application is accepted, the City Planner shall review the application for completeness. If the application is incomplete, the City Planner shall notify the applicant in writing of exactly what information is missing within thirty (30) calendar days of receipt of the application and allow the applicant one hundred and eighty (180) calendar days to submit the missing information.
 2. Application deemed complete for review. In accordance with the application submittal requirements of this chapter, the application shall be deemed complete upon the receipt by the City Planner of all required

information. The applicant shall have the option of withdrawing the application, or refusing to submit further information and requesting that the application be processed notwithstanding any identified incompleteness. For the refusal to be valid, the refusal shall be made in writing and received by the City Planner.

3. If the applicant does not submit all of the missing information or provide written notice that no further information will be provided (whether some of the additional information has been provided or not) within one hundred eighty (180) calendar days of the date the initial submittal was accepted, the application is void.

4. Standards and Criteria That Apply to the Application. Approval or denial of the application shall be based upon the standards and criteria that were applicable at the time it was first accepted, unless the application is for a change to the plan or land use regulations.

5. Coordinated Review. The City shall also submit the application for review and comment to the City Engineer, public works, road authorities, and other applicable county, state, and federal review agencies.

(4) Changes or Additions to the Application During the Review Period. Once an application is deemed complete:

a. All documents and other evidence relied upon by the applicant shall be submitted to the City Planner at least seven (7) calendar days before the notice of action or hearing is mailed. Documents or other evidence submitted after that date shall be received by the City Planner and transmitted to the hearings body, but may be too late to include with the Staff Report and evaluation;

b. When documents or other evidence are submitted by the applicant during the review period but after the notice of action or hearing is mailed, the assigned review person or body shall determine whether or not the new documents or other evidence submitted by the applicant significantly change the application;

c. If the City Planner determines that the new documents or other evidence significantly change the application, the City Planner shall include a written determination to the hearings body that a significant change in the application has occurred as part of the decision. In the alternate, the City Planner may inform the applicant either in writing, or orally at a public hearing, that such changes may constitute a significant change and allow the applicant to withdraw the new materials submitted in order to avoid a determination of significant change;

d. If the applicant's new materials are determined to constitute a significant change in an application that was previously deemed complete, the City shall take one of the following actions, at the choice of the applicant:

1. Suspend the existing application and allow the applicant to submit a revised application with the proposed significant changes. Before the existing application can be suspended, the applicant must consent in writing to waive the one-hundred-twenty-day rule (subsection A of this section) on the existing application. If the applicant does not consent, the City shall not select this option;

2. Declare the application, based on the significant change, a new application and reprocess accordingly.

e. If a new application is submitted by the applicant, that applicant shall pay the applicable application fee and shall be subject to a separate check for

acceptance and completeness and will be subject to the standards and criteria in effect at the time the new application is accepted.

SECTION 9. amends:

SECTION 2.100. TRAFFIC IMPACT ANALYSIS (TIA) to add: The purpose of this section is to implement Oregon Administrative Rule (OAR) Section 660-012-0045(2)(e), the State Transportation Planning Rule, requiring Cities to adopt a development review process which minimizes transportation impacts and protects transportation facilities.

7. A change in internal traffic patterns that, in the discretion of the City Planner, may cause safety problems, such as back-up onto a street or greater potential for traffic accidents.

(2) Traffic Impact Analysis Preparation. A traffic impact analysis shall be prepared by a traffic engineer or civil engineer licensed to practice in the state of Oregon with special training and experience in traffic engineering. The TIA shall be prepared in accordance with the public works department's document entitled "Traffic Impact Analysis." Any exceptions to this rule shall conform to the provisions of ORS 227.178. (The one-hundred-twenty-day rule does not apply to Type IV legislative decisions – plan and code amendments – under ORS 227.178.)

(1) The purpose of an amended decision process is to allow the City Planner to correct typographical errors, rectify inadvertent omissions and/or make other minor changes that do not materially alter the decision.

(2) The City Planner may issue an amended decision after the notice of final decision has been issued but before the appeal period has expired. If such a decision is amended, the decision shall be issued within fourteen (14) calendar days after the original decision would have become final, but in no event beyond the one-hundred-twenty-day period required by state law. A new ten (10) calendar day appeal period shall begin on the day the amended decision is issued.

(3) Notice of an amended decision shall be given using the same mailing and distribution list as for the original decision notice.

(4) Modifications or amendments to an approved plan, application or conditions of approval requested by the applicant shall follow the procedures in Section 2.140. All other changes to decisions that are not modifications or amendments under Section 2.140 follow the appeal process in Article 16.

(5) City Council Review. The City Council shall have the authority to call up any Type II or Type III application for review. The decision to call up an application may occur at any time after the application is filed until the decision is otherwise final. When the City Council calls up an application, the council shall, in its order of call up, determine the procedure to be followed, including the extent of preliminary processing and the rights of the parties. At a minimum, the council shall follow the procedures in Section 2.070(6)b.c&d, regarding appeals from Type III decisions.

twelve months from the date the final City action is made denying the same, unless there is substantial change in the facts or a change in City policy that would change the outcome, as determined by the City Planner.

SECTION 13. amends to add:
