NOTICE OF THE FIELD MANAGERS PROPOSED DECISION

INTRODUCTION

This document addresses the issuance or renewal of your grazing lease. A proposed decision is required by the Code of Federal Regulations (CFR) 4100 to be served on any affected applicant, permittee or lessee who is affected by the proposed actions, terms, conditions, or modifications relating to issuance of a grazing permit/lease.

BACKGROUND

The current grazing lease for the Clover Creek Allotment, #00042 will expire on 2.28.09 and you, the lessee, for this allotment have requested a renewal. An Interdisciplinary team completed a **Land Use Plan Conformance and Determination of NEPA Adequacy (DNA)** document (#OR-054-08-183) for this proposed renewal. A copy of the DNA has been mailed out to you, and more are available upon request.

PROPOSED DECISION

Therefore, it is my proposed decision to issue you a grazing lease, authorization #3605042, for livestock grazing on the allotment listed below. Your grazing lease shall be for a period of ten years (2009-2019) and will reflect the following:

Allotment Name and Number	Livestock		Grazing Period		% PL	Type Use	AUM's
	Number	Kind	Begin	End			
Clover Creek #00070	88	C	4/16	11/15	100	Active	619

Due to computer calculation rounding, the above aums may not correspond with your actual grazing preference. Your actual grazing preference is shown below.

Total animal unit months (aums) are 1272 of which 617 are Active and 655 are Suspended.
