THESIS ABSTRACT

Jordan Brant

Master of Music in Music Composition

Title: Symphony No. 4.5: The Thesis

Symphony No. 4.5 was inspired by concepts in music theory and composition from a broad array of genres and styles. The first movement is in the style of a classical sonata while the second takes the form of music from the Middle-Eastern classical tradition. The third is from the era of big band jazz and the fourth is a fusion between the music of the Middle-East and a jazz band. The fifth and final movement is in the form of a rhapsody but is heavily conceptually inspired by the music of video games. This work is a fusion and synthesis of these various concepts and styles and serves to showcase their differences while also showing their commonalities and ability to all be simultaneously utilized.

ACKNOWLEDGMENTS

I wish to express my sincerest gratitude to a few different people. The first of course is my thesis advisor and friend, Dr. Robert Kyr, without whom this work would never have come to fruition to begin with. Dr. Kyr and I spent months and months formulating, editing, correcting, and finalizing this thesis into that which you see before you. Without his help and dedication, sometimes even on weekends, this would not have ever come to exist. The next person I'd like to thank is my composition instructor and one of the members of my thesis panel, Dr. David Crumb. I'd like to thank Dr. Jack Boss, another member of my thesis panel as well as a mentor and friend. I'd also like to thank Dr. Bassem Hosny who very kindly contributed his time and vast knowledge which especially aided in the creation of the second movement of this work. I'd like to thank my family, especially my parents (Elise and Larry Brant), my dog, and my grandparents for helping me throughout so much of my life, including my time at the University of Oregon where I wrote this thesis. I'd like to thank all of my friends, especially Beeta Maleki, Jaden Nichols, Finn Henell, Alex Lamers, Bella Hunter, Julian Wolf, Julien Comardelle, Tim Bloch, and Kris Bloch who have stuck by me and have been there for me no matter what and no matter how horrendous I've been. I'd like to thank all of the professors and advisors who have mentored me throughout not just my time at the University of Oregon but also at Whitman College. Dr. Tom Davis and Dr. David Kim primarily come to mind. Thank you for all of the wisdom and teaching that you've bestowed upon me, without it, I wouldn't be the person or composer that I am today. Lastly, I'd like to thank Ducks 4 Israel, the student group at the University of Oregon of which I am honored to call myself Treasurer for the 2024-2025 school year.

DEDICATION

In my typical eccentric fashion, I'd like to dedicate this work in an odd manner that I believe few have done before. This work is dedicated to those who continue to think outside the box and think critically about the world around them. This is dedicated to the few who have the brains to think not only for themselves but correctly for themselves. It is dedicated to those who are thoughtful and caring towards others in a radically thoughtless world. In a world of darkness, it is dedicated to those who shine their light most brightly be they those who have passed, those who are living, or those yet to come.

So, I suppose the title "Symphony 4.5" is a bit odd. The reason for this is that when I started this piece, I was still in the middle of working on my fourth symphony and I had already drafted the plans for my fifth. It was quite a conundrum I was faced with. On top of having drafted plans for my fifth symphony, I had also started drafting plans for multiple after that... So I decided, why not call it "Symphony 4.5" and slap it right in between my fourth and fifth symphonic works chronologically. This makes perfect sense. Oh yeah, I forgot to add that this is my master's thesis for the University of Oregon haha. Funny how big things like that slip the mind sometimes...

The musical score for measures 166-173 is written for five instruments: Flute (Fl.), Violins 1 (Vlms. 1), Violins 2 (Vlms. 2), Viola (Vlas.), Cello (Cbs.), and Double Bass (Cbs.). The key signature is three sharps (F#, C#, G#) and the time signature is 4/4. The Flute part begins with a half note G4, followed by eighth notes A4 and B4, then a triplet of eighth notes C5, D5, and E5, and continues with various eighth and quarter notes. Violins 1 and 2 play similar patterns, often in unison or octaves. The Viola part features a more active line with many eighth and sixteenth notes. The Cello and Double Bass parts provide a harmonic foundation with a mix of quarter and eighth notes, including some rests.
