TIME SCHEDULE OF CLASSES

**UNIVERSITY OF OREGON
EUGENE**

REGISTRATION PROCEDURE, FALL TERM 1965

1. *Obtain your registration material:* new students beginning at 9:00 a.m. Monday and old students beginning at 10:00 a.m. Tuesday in Student Union basement, for regular registration; for late registration, at the Registrar's Office in Emerald Hall. This Time Schedule of Classes is your basic reference book for registration; be sure to copy course titles and numbers, credits, and term line numbers to your cards exactly as listed herein. Your photocopy shows your University record to date; leave it with your adviser. Fill out all the cards in your packet as indicated, and deposit them as requested in the course of registration.

2. *Build your study program for the year with your adviser:* on appointment beginning Tuesday morning, usually in his office (see adviser list at back of Time Schedule). After you have agreed on a study program, make out dual copies of the Check List furnished through your adviser. One copy is for your adviser, the other for you to present during registration and to keep as your record of courses and class meetings. You are responsible for completing the courses on your Registration Card.

3. *Enroll in courses with departments:* in school and department offices, when indicated by "priority hours" for your name or as soon as possible. Leave an Instructor's Card for each course on your program, and obtain a department stamp for it on your Registration Card; once stamped, an enrollment can be cancelled on this card only by a second department stamp in the "credits" column. (It is not cancelled by marking out or erasing). Enrollment for credit is assumed unless "audit" is stated.

4. *Check through Student Affairs:* beginning at 9:00 Thursday morning on Student Union second floor for regular registration; for late registration, at the Student Affairs Office in Emerald Hall. This is a clearing point for several University and related functions.

5. *Obtain fee assessment from Registrar:* immediately following the preceding step. Several cards and your check list are inspected here also.

6. *Pay fees to Cashier:* immediately following the preceding step, or as soon as possible within the prescribed period. Note deadlines in the Academic Calendar. No student who has failed to pay fees when due is entitled to attend classes.

(If it becomes necessary to make any change in your registration after you have paid your fees, follow the official course-change procedure with the Registrar's Office.)

NOTES ON COURSE LISTS

Class meetings normally begin on the hour and dismiss ten minutes before the terminal hour. Fractional hours are indicated by /. Thus 08-10 signifies a class meeting from 8:00 to 9:50 a.m., while 08/10 signifies a class meeting from 8:00 to 9:30 or from 8:30 to 9:50; a class shown as 08 M meets from 8:00 to 8:50 on Monday. Morning hours are in two digits (08, 09, 10, 11, 12), afternoon hours in one digit (1, 2 etc.). Days of the week are abbreviated to M for Monday, U for Tuesday, W for Wednesday, H for Thursday, F for Friday, S for Saturday. Blanks in a course listing indicate details to be arranged by the instructor.

The TLN or Term Line Number is a compact reference code number, used during and after registration each term to identify a course and section listed for that term. Notes in the last column are explained in footnotes at the end of each section, except for these prerequisites which have standard significance:

G Graduate credit for majors	I Instructor's consent required
M Graduate credit for minors	N No-grade course
P Graduate credit in professional field	S Sequence to be taken from the beginning
H Honors College only

Academic Regulations

AUTHORITY AND RESPONSIBILITY

STUDENT RESPONSIBILITY. Each student is held responsible for knowing and obeying the published rules and regulations of the University. If the University is obliged to make any changes, they will be considered to be effective from the date of their publication. A student is required to be a good citizen of the campus at all times.

ADMINISTRATION. The maintenance of students' academic records is the responsibility of the Registrar's Office; petitions for special action are filed in this office and referred to the Academic Requirements or the Scholastic Deficiency Committee. The administration of students' non-academic interests and the correlation of these with academic situations, and the preparation of petitions to the Scholastic Deficiency Committee, are responsibilities of the Office of Student Affairs. Academic deans and divisions are responsible for advising, instructing, and grading students' academic work. These and other University officials are responsible to the President, who derives his authority from the Board of Higher Education and ultimately from the people of the State of Oregon.

ADMISSION

CREDENTIALS AND PROCEDURE. A student is admitted to the University after he has filed the proper documents to establish his satisfactory academic standing; consideration is given also to health and moral character. The required documents include the University's Application for Admission, and official transcripts of academic records and other materials as described in the Catalog. They should be filed several weeks in advance of the anticipated registration date, and when filed become the permanent property of the University. When all credentials have been examined and found satisfactory, a Notice of Admission and further instructions are sent to the applicant. *Entrance is not fully cleared until all required information has been filed and all required examinations and procedures completed; any student's registration may be withheld or cancelled if these requirements are not promptly and adequately cleared.* Old students returning to the University must complete their credentials up to date.

ATTENDANCE WITHOUT ADMISSION. Formal admission is not now required for attendance in summer sessions. Attendance in any sessions without credit may be permitted on payment of the auditor's fee.

REGISTRATION AND CLASSIFICATION

PROCEDURE. To register for University work for credit, a student obtains certain prepared documents from the Registrar (having filed adequate advance notice of intent to register). He then consults a faculty member, appointed by his major dean or other authority, who serves as academic adviser for planning his study program. He is accepted by the respective department concerned, for enrollment in each of his chosen courses. He is checked by Student Affairs and Registrar's clerks for various purposes, and finally pays registration fees to the Cashier. Registration regularly is scheduled for New-Student Week preceding fall term classes, and for the first lay of the winter and spring terms and summer sessions. *Late registration carries a penalty fee, and is not allowed after Friday of the second week of any term.*

DOCUMENTATION. Among each student's registration materials are the Time Schedule of Classes and the photocopy of his record, which are primarily for his information and use; the latter may be filed with his adviser at registration. The University's official record of registration includes the Registration Card filed in the Registrar's Office and the Fee Card filed in the Business Office; supplementary cards for these offices are the Statistics Card and the Grade Report Mailing Card, and the Student Body Card and the Deposit Refund Mailing Card. Other University office files are supplied with the Student Affairs Card, the Auto Registration Card, the Graduate School Card, and the PBX-News Bureau Card. Other cards for student and related services are the Health Insurance and the Death and Dismemberment Insurance Cards, the Student Locator Card, the Religious Directory Card, the Oregon Mothers and Dads Card, the Oregon and the University Theater Cards. The student's record of registration includes his fee receipt and his validated Student Body Card.

STUDY PROGRAM. The normal undergraduate study load averages 15 or 16 credit hours per term. Every freshman and sophomore is expected to enroll in at least one class meeting on Saturdays.

CHANGE OF PROGRAM. Any change from the original term study program filed at registration must be properly endorsed and filed with the Registrar, before it becomes effective and part of the records. On payment of the change fee and approval of the instructional department of the third week of any term (short courses in summer sessions are not subject to these time

limits). Complete withdrawal from the University may be allowed by the Dean of Men or Dean of Women throughout the term, for good cause.

or school, courses may be added through Friday of the *second week* or dropped through Friday.

CHANGE OF MAJOR. A student may change his major by filing evidence of the new major with the Registrar. (Change of adviser, if it does not involve change of major, is controlled by the major dean or other advising authority.)

CLASS STANDING. A regular-lower-division student is classified as a freshman until he has earned 36 term hours, then as a sophomore until he has earned 93 term hours. A regular upper-division student is classified as a junior until he has earned 138 term hours, then as a senior until he has completed all requirements for the bachelor's degree. A special student is one temporarily unclassified, usually not qualified to be a regular student. A graduate student is one who has earned an accredited bachelor's degree, whether or not a candidate for an advanced degree.

GRADES AND HONORS

GRADING SYSTEM. The quality of a student's achievement in courses is graded by A, B, C, or D for passing work, or F for failing work. A mark of W is recorded for any withdrawal which may be permitted after Friday of the third week of a term (no permanent record is made if a withdrawal is filed within the first three weeks). A temporary mark of I may be recorded if course work was passing but incomplete in some minor, essential detail, and the instructor wishes to allow the student more time for completion; this additional time may not extend beyond the third subsequent term in which the student registers. In certain "no-grade" courses only marks of P and N are recorded, for "passing" and "not-passing" work respectively. Grade points are computed on the basis of 4 points for each hour of A, 3 for each hour of B, 2 for each hour of C, 1 for each hour of D, and 0 for each hour of F grade; marks of W, I, P, and N are omitted from grade point computations. The grade point average (GPA) is the quotient of total grade points divided by total graded hours; the total cumulative grade point average includes all grades earned in all college-level work, the UO grade point average includes only grades earned in the University.

SCHOLARSHIP REGULATIONS. In general, any grade point average below 2.00 is considered unsatisfactory. The Scholastic Deficiency Committee reviews unsatisfactory records and studies all available evidence for the probability of improved scholarship, and then decides in each case whether a deficient student may be allowed to continue (on probation) or whether he should be disqualified from subsequent registration in the University. Academic probation normally will be imposed for a term GPA below 2.00, or a cumulative GPA below 2.00 but above the disqualification scale (related to class level). Disqualification normally will be imposed on a student who is on academic probation if he earns another term GPA below 2.00, or on any student with a term GPA below 1.00 or whose cumulative GPA falls below the disqualification scale. Reinstatement may be allowed by the Committee when specific convincing evidence (subsequent achievements, time for maturing, etc.) can be presented to show satisfactory scholastic prognosis.

HONORS. An undergraduate who earns a term grade point average of at least 3.50 based on not less than 12 graded hours is placed on the University honor roll for that term. Other honor classifications and awards are described in the Catalog.

CERTIFICATES AND DEGREES

BACHELOR'S DEGREE REQUIREMENTS. During his lower-division years a student should have completed two types of required courses:

Specific Courses (unless excused):

English: 9 term hours in English Composition (Wr 121, 122, 123);

Health Education: 1 term (HE 150 or 250);

Physical Education: 5 terms in activity courses (normally PE 190 for men, PE 180 for women).

Group Courses (selected sequences of at least 9 hours each from three Groups of courses listed below; majors in Liberal Arts must complete a total of six sequences including two from each Group, majors in professional schools must complete a total of four sequences with at least one from each Group):

Group I, Arts and Letters (one sequence must be in literature, from courses designated below by †; one sequence must be numbered 100-120 or 200-220, from courses designated by *).

In addition a student must satisfy the following general minimum requirements for the degree:

Credits:

- Total, 168 term hours (see Catalog for those requiring more);
- Upper-division courses, 62 term hours;
- Major courses, 36 term hours including 24 upper-division (see Catalog for exceptions);
- Graded credits, 150 term hours not in "no-grade" courses;
- Professional credits, not over 48 term hours in a strictly professional field;
- Applied music, not over 12 or 24 term hours (depending on major and degree) in applied music courses;
- Correspondence credits, not over 60 term hours in correspondence-study courses;
- Specified for the B.A. degree, 36 term hours in language and literature courses and proficiency in one foreign language equivalent to two years of college work in it;
- Specified for the B.S. degree, 36 term hours in social science courses, or 36 term hours in science courses.

Grade point average: 2.00 cumulative total; also 2.00 on University of Oregon work.

Residence: 45 of the last 60 term hours in residence (on Eugene and/or Portland campus).

Dean's Recommendation, certifying completion of all special requirements in the major.

SECOND BACHELOR'S DEGREE. For a bachelor's degree following another degree (bachelor or other), a student must earn at least 36 term hours subsequent to the first degree and fulfill all the usual requirements for the new degree including groups, residence, quality and relevance of work, and specific degree requirements.

ADVANCED DEGREE REQUIREMENTS. For a master's degree at least 45 term hours of graduate credit (not more than 15 of which may be transferred from other schools) are required with a minimum 3.00 GPA; the entire program for a master's degree must be completed within a span of seven years. The academic doctor's degree requires three years of full-time academic work beyond the bachelor's degree. (See Catalog for details.)

APPLICATION FOR DEGREE. A student intending to complete requirements for any degree should file an Application for Degree card with the Registrar at least one month in advance of the expected graduation or commencement. No student may be granted a degree unless all academic and financial requirements have been satisfied prior to the date of the degree. A student who has completed all requirements for a degree may be given a certification of that fact at any time temporarily substitute for the diploma.

TRANSCRIPTS. An official photocopy of a student's academic record earned or credited at the University will be issued on payment of the transcript fee. Photocopies of other documents filed with the Registrar can be furnished also, on payment of a nominal charge for the extra service.

Advisers

Faculty advisers will be assigned to upper-division and graduate students by their major dean or department head. Most lower-division students have been assigned in advance; their adviser is indicated by a number on the upper right corner of the new student's Report of Tests and Appointments card, which is keyed to the list below. Certain numbers indicate only a school, with individual assignments still to be made by the respective dean: students with number 6100 (Architecture and Allied Arts) should report to 107 LA; those with number 6200 (Business Administration) should report to 101 UN during registration week and later to 262 CMM; those with number 8100 (Journalism) should report to 201 ALL; those with number 9400 (Music) should report to 101 UN during registration week and later to 102 MUS. For other adviser assignments or changes, students should go to the Office of Academic Advising, 140 Hendricks, telephone extension 2261; this is a new office, established for coordination and continual availability of faculty advising.

In the list below, the rooms in parentheses are for group meetings Tuesday morning, the last-column rooms are regular offices. Advisers for honors students are designated by †, those for foreign students by *.
