Psy 201, 2; 204 (televised sections)	7-9 p.m. M	7-9 p.m. M	7-9 p.m. Tu
Psy 208, 9, 10	3-5 W	3-5 W	3-5 Th
Wr 50; 111, 2, 3	3-5 Th	3-5 Th	3-5 F

** The M groups include all patterns of days involving Monday. The T groups include all patterns of days not involving Monday. The schedule by subjects takes precedence over the schedule by hours, by special approval. No examination may be given ahead of the regularly scheduled time. Only in case of conflicts may there be deviations from the approved schedule of examinations.

Registration Fees

Registration for full load (8 or more term hours), credit or audit:	
Resident undergraduate, per term	\$100.00
Non-resident undergraduate, per term	210.00
Graduate, per term	100.00
Graduate assistant (at least 0.15 FTE), per term	34.00
Registration on hour basis: undergraduate or graduate, resident or non-resident, credit or audit, registered for part-time load of only:	
1 or 2 term hours	25.00
3 term hours	37.50
4 term hours	50.00
5 term hours	62.50
6 term hours	75.00
7 term hours	87.50
Staff members (employees 0.50 FTE or more, approved by President's Office), per term hour of credit	3.00
Deposit (against breakage or loss of University property; refundable) annually	15.00
Late-registration fee (full-time students), \$5.00 for first day late, plus \$1 for each additional day allowed	5.00+
Change-of-program fee (assessed immediately, for all changes from original registration), per course changed	1.00
(See Catalog for other fees and charges.)	

Registration Instructions, Fall Term 1962

Step 1. Obtain your registration material. It has been prepared in advance for all new students admitted and for all students expected to return from previous terms.

When: New students 12-5 on Sunday (Sept 16), or 8-12 and 1-5 on the following days (on Saturday, 8-12 only). Old students 6-9 p.m. on Tuesday (Sept. 18), or 8-12 and 1-5 on the following days (on Saturday, 8-12 only).

Where: Student Union basement until Saturday (Sept. 22), thereafter at Registrar's Office in Emerald Hall.

What: The following forms are used in registration, for the purposes described here and in Steps 2-6. Do not destroy any identified form.

- (a) **Time Schedule of Classes.** You should find in this book the answers to most registration problems—check the index and read carefully. Use the Trial Program Blank (inside back cover) to work out your study program before you write it elsewhere, finally. Please copy course title, credits, department and course number, and term line number exactly as they are listed in this book.
- (b) **Photocopy** of your official permanent record sheet. On most undergraduates' record sheets the work completed toward meeting requirements is shown in the lower right corner. Accumulated credits (and hours and points in parentheses) and GPA are shown following the last work taken. After using this for reference in the registration conference with your adviser, leave it with him for departmental files.
- (c) **Registration Card.** This IBM card serves as the official record of your registration. Add your schedule of courses and other items; secure the endorsements indicated, front and back.
- (d) **Instructor's Card.** This goes directly from the department clerk to each of your instructors, indicating your (probable) enrollment with him; he can use it for his class records. Note that each Card is one-third of the perforated IBM card in your material.
- (e) **Automobile Data Card.** This card informs the Physical Plant department as to whether you will not be driving any motor vehicle while on the campus, or may drive but will not use the campus parking lots, or will drive and will use the parking lots. Details on privileges, procedures and penalties are issued separately.
- (f) **Student Optional Insurance Card.** On this card you indicate whether you wish to purchase optional sickness and accident insurance, supplementing Health Service privileges.
- (g) **Student Affairs Cards.** These two cards provide a reference file in the Student Affairs Office, and a research tool for compiling certain statistics about the student body.
- (h) **Multiple Directory Cards.** These are on NCR ("no carbon required") paper so that with only one careful, firm writing you will make copies for several offices.
- (i) **News Bureau Card.** This card provides a reference file for preparing news releases.
- (j) **Graduate School Office Card.** This card, filed by graduate students only, provides a reference file for the Graduate Dean.
- (k) **Statistics Card.** This IBM card updates your study load, major school or department, and home town. Please check whether your name is shown correctly.
- (l) **Grade Report Mailing Card.** This card insures that your term grade report will be addressed correctly. Note the policy of sending grades to parents.
- (m) **Fee Card.** This becomes the official ledger card for your registration fees, and for the Cashier's Office.
- (n) **Deposit Refund Mailing Card.** This card insures that any refund from your breakage deposit will be addressed correctly.
- (o) **Student Body Card.** This card needs your signature and the Cashier's validation to become your identification card as a University student, for the term in which you have paid fees. Read it carefully for conditions and privileges.

Please do not fold or damage IBM Cards. Please be careful to be legible.

NEW STUDENTS: Report for all required entrance examinations as scheduled; later pick up your Placement Test Results Card. Obtain the assignment of your faculty adviser on Monday if possible. On Monday evening meet with your adviser in a group session (see Advisers List for room). Make an appointment with him for your individual conference as you continue into the later steps of registration procedure.

Step 2. Build your study program for the year with your adviser. Assignment of faculty advisers for all new freshmen and sophomores is the responsibility of the Chairman of Lower Division Advisers; during registration week this is done in room 101 Student Union, later in room 114 Friendly. Assignment for upper division and graduate students is made by the major dean or department head, at his office. Work out a "trial program" for the year on the inside back cover of this book. When your adviser has discussed this with you he will give you "Check List" blanks on which to make multiple copies of this program (3 copies for freshmen, 2 for others); these are on NCR paper. **You must keep one of these copies signed by your adviser, and have it for use at each term registration.** (Your adviser's signature is not required on your Registration Cards. This makes you responsible for your courses.)

When: New students beginning on Tuesday and old students beginning on Wednesday of registration week, (adviser may not be available on Saturday morning); during posted office hours after classes begin.

Where: Usually in his regular office.

SENIORS AND GRADUATE STUDENTS APPROACHING DEGREES: If you plan to receive a degree at an approaching commencement, check shortly after registration at the Graduation Requirements window in the Registrar's Office. You will make out the required forms and your present and planned status will be analyzed in detail for your protection.

Step 3. Enroll in courses with departments. Fill out an Instructor's Card (one third of the whole perforated card) for each course on your Registration Card and present it to the appropriate department, in exchange for a department stamp on your Registration Card. (In case of change before you have paid your fees, the department can cancel this receipt *only* by adding a second identical stamp in the "credits" column of your Registration Card; *do not* simply cross out or erase without this second stamp.) Any student registering in more than one course numbered under 200 is expected to take one course meeting on Saturday morning.

When: As soon as possible after step 2, beginning on Wednesday afternoon.

Where: Department and school offices (see directory on front cover of this book).

VETERANS ON EDUCATIONAL AID: Check at Veterans' window, Registrar's Office.

Step 4. Check through Student Affairs. First in this step is the required filing of your Student Optional Insurance Card (your opportunity to purchase broad sickness and accident insurance). Next is the required filing of your Automobile Data Card, the registering of your car and the optional purchasing of a University parking-lot permit. Then file with Student Affairs clerks the information folder (new students), and your Student Affairs Cards, Directory Cards, and News Bureau Card; freshmen also file here one copy of the signed "Check List", for mailing to parents. Secure the Student Affairs stamp on the back of your Registration Card.

When: As soon as possible after step 3, beginning on Thursday morning.

Where: Student Union ballroom from Thursday morning to Saturday noon of registration week, in Student Union (see bulletin board for room) during first week of classes, later at Student Affairs Office in Emerald Hall (except Physical Plant Office for Automobile Data Card).

Step 5. Obtain fee assessment from Registrar. Present your remaining cards to Registrar's clerks for checking. They will retain your Grade Report Mailing Card (and Graduate School Office Card, if you have one), and will mark your Statistics Card for IBM operations. Your fees will be assessed and Fee Card stamped.

When: As soon as possible after step 4.

Where: Student Union ballroom from Thursday morning to Saturday noon of registration week, later at Registrar's Office in Emerald Hall.

Step 6. Pay fees to Cashier. Present your remaining cards to the Cashier. Retain the receipt and your validated Student Body Card, to qualify for later privileges.

When: As soon as possible after step 5; note that late fee starts at \$5 on Sept. 28. The Cashier's window hours are 8-12 and 1-4 (on Saturday 8-12 only).

Where: Student Union from Thursday morning to Saturday noon of registration week, for students paying by check in the exact amount of the fee assessment; otherwise at Business Office in Emerald Hall.

Do not delay fee payment. Note deadlines in Academic Calendar. "Students are officially registered and entitled to attend classes for credit only when they have completed the prescribed procedures, including the payment of term fees."

You are responsible for satisfactorily completing the study program for which you have officially registered. Any change must be authorized officially through the Registrar's Office; the change fee applies immediately.

Notes on Course Lists

Courses are listed in the same order as in the Catalog, which should be consulted for additional information. Any course in the current Catalog (whether or not listed in this Time Schedule) may be offered in case of sufficient demand, and any course may be withdrawn in case there is not sufficient demand. Course titles have been systematically abbreviated to the length which can be recorded on students' permanent record sheets.

Prerequisites for enrolling in courses are stated in footnotes, with these standard exceptions:

- gG*, graduate credit for certain 400 courses;
- h*, honors privileges;
- H*, Honors College students;
- i*, instructor's consent;
- N*, no-grade course;
- R*, same number may be repeated without duplication;
- s*, sequence requiring that course be taken from the beginning;
- \$*, additional fee.

Class meetings normally begin on the hour and dismiss ten minutes before the terminal hour; thus an 8 o'clock class meets 8:00-8:50, an 8-10 class meets 8:00-9:50. The symbol ** means "to be arranged" by the instructor. If a course includes a discussion or a laboratory section in addition to a classroom section, students must arrange with the department for that assignment also, but it is not needed on the Registration Card.

a—Concurrent mathematics recommended.

b—Mth 10 or equivalent.

c—Open for Honors College credit, with a mathematics

prerequisite; open to others by invitation only.

d—Lab open to selected students only; others will

register for discussion sections fall term.

e—Discussion sections for those students not eligible

for laboratory work fall term.

f—Open only to students continuing with laboratory

work from fall term.

j—Grade of C or better in Ch 201.

k—Ch 203 and Ch 206, with a grade of C or better.

l—Ch 320.

m—Three years college chemistry.

n—Ch 442.

o—Ch 336.

p—Two years college chemistry (except for physics

majors), one year calculus.

q—Organic and analytical chemistry, biology.

a—Failure to qualify for a higher course.

b—Formerly Mth 101. One year of high school algebra or Mth 10.

c—Formerly Mth 105, 106, 107. One and one-half years of high school algebra or Mth 100.

d—One and one-half years of high school algebra.

e—Formerly Mth 108. Mth 105 or equivalent.

f—For elementary teachers only.

j—Mth 104, 105, 106 or equivalent.

k—Mth 105 or high placement on entrance test. First sections listed at 8:00 and 10:00 are honors sections.

m—Mth 201, 202, except for Mth 313 at 11:00 Spring term which is intended for prospective high school teachers.

n—Calculus or consent.

o—Linear algebra or consent.

p—Mth 106 or Mth 204 or consent.

r—Calculus and consent.

u—Mth 201, 202, 203 or Mth 204, 205, 206 or equivalent.

v—Mth beyond calculus.

w—Junior standing and high school algebra.

Academic Regulations

AUTHORITY AND RESPONSIBILITY

STUDENT RESPONSIBILITY. Each student is held responsible for knowing and obeying the published rules and regulations of the University. If the University is obliged to make any changes, they will be considered to be effective from the date of their publication. A student is required to be a good citizen of the campus at all times.

ADMINISTRATION. The maintenance of students' academic records is the responsibility of the Registrar's Office; petitions for special action are filed in this office and referred to the Academic Requirements or the Scholastic Deficiency Committee. The administration of students' non-academic interests and the correlation of these with academic situations, and the preparation of petitions to the Scholastic Deficiency Committee, are responsibilities of the Office of Student Affairs. Academic deans and schools are responsible for advising, instructing, and grading students' academic work. These and other University officials are responsible to the President, who derives his authority from the Board of Higher Education and ultimately from the people of the State of Oregon.

ADMISSION

CREDENTIALS AND PROCEDURE. A student is admitted to the University after he has filed the proper documents to establish his satisfactory academic standing; consideration is given also to health and moral character. The required documents include the University's Application for Admission and official transcripts of academic records and other documents as described in the Catalog. They should be filed several weeks in advance of the anticipated registration date, and when filed become the permanent property of the University. When all credentials have been examined and found satisfactory, a Notice of Admission and further instructions are sent to the applicant. *Entrance is not fully cleared until all required information has been filed and all required examinations and procedures completed; any student's registration may be cancelled if these requirements are not promptly and adequately cleared.* Old students returning to the University must complete their credentials to date.

ATTENDANCE WITHOUT ADMISSION. Formal admission is not at present required for attendance in summer sessions of the University. (Credit may not be earned in regular sessions except after the completion of the appropriate admission procedures as described above. Attendance without credit may be permitted on payment of the auditor's fee.)

REGISTRATION AND CLASSIFICATION

PROCEDURE. To register for University work for credit, a student obtains certain prepared documents from the Registrar (having filed adequate advance notice of intent to register). He then consults a faculty member (appointed by his major dean or other authority) who serves as academic adviser for planning his study program. He is accepted by the respective department concerned for enrollment in each of his chosen courses. Finally he is checked by Student Affairs and Registrar's clerks for various purposes, and pays registration fees to the Cashier. Registration is regularly scheduled for New-Student Week preceding the fall term, and for the first day of the winter and spring terms. *Late registration carries a penalty fee, and is not allowed after Friday of the second week of a regular term. Each student must register in person, not in proxy or by mail.*

STUDY LOAD. The normal undergraduate study load averages 15 or 16 hours per term. An average graduate study load is about 12 hours per term.

CHANGE OF STUDY PROGRAM. Any change from the original term study program filed at registration must be properly endorsed and filed with the Registrar, before it becomes effective and a matter of record. On payment of the change fee and approval of the instructional department or school, courses may be added through Friday of the second week or dropped through Friday of the third week of a regular term. Complete withdrawal from the University may be allowed by the Dean of Men or Dean of Women throughout the term, for good cause.

CHANGE OF MAJOR. A student is classified by the Registrar in the major indicated by the student. (Change of adviser, not also involving change of major, is controlled by the major dean or other authority.)

CLASS STANDING. A regular lower-division student is classified as a freshman until he has earned 36 term hours, then as a sophomore until he has earned 93 term hours. A regular upper-division student is classified as a junior until he has earned 138 term hours, then as a senior until he has completed all requirements for the bachelor's degree. A special student is one temporarily unclassified. A graduate student is one who has earned graduate standing; candidacy for an advanced degree is required for classification in the Graduate School.

GRADES AND HONORS

GRADING SYSTEM. The quality of a student's achievement in courses is recorded by A, B, C or D for passing work, or F for failing work. A mark of W is recorded for any withdrawal which may be permitted after Friday of the third week of a term (no permanent record is made if withdrawal occurs earlier in the term). A temporary mark of I may be recorded if the work was incomplete in some minor yet essential detail but was of passing quality, and the instructor wishes to allow the student more time for completion; this additional time may not extend beyond the third subsequent term in which the student registers. In certain "no-grade" courses only marks of P and N are recorded, for "passing" and "not-passing" work respectively. Grade points are computed on the basis of 4 points for each hour of A, 3 for each hour of B, 2 for each hour of C, 1 for each hour of D, and 0 for each hour of F grade; marks of W, I, P and N are omitted from grade point computations. A grade point average (GPA) is the quotient of total grade points divided by total graded hours; the total cumulative grade point average includes all grades earned in all college-level work, the UO grade point average includes only grades earned in the University.

SCHOLARSHIP REGULATIONS. In general, a grade point average below 2.00 is considered unsatisfactory. The Scholastic Deficiency Committee reviews unsatisfactory records and studies all available evidence for the probability of improved scholarship, and then decides in each case whether a deficient student may be allowed to continue or whether he must be disqualified from any subsequent registration in the University. Academic probation normally will be imposed for a term GPA below 2.00, or a cumulative GPA below 2.00 but above the committee's sliding scale for disqualification. Disqualification normally will be imposed on a student on academic probation if he earns a term GPA below 2.00, or on any student with a term GPA below 1.00 whose cumulative record falls below the sliding scale for disqualification.

HONORS. An undergraduate who earns a term grade point average of at least 3.50, based on not less than 12 graded hours, is placed on the University honor roll for that term. Other honors classifications and awards are described in the Catalog.

CERTIFICATES AND DEGREES

BACHELOR'S DEGREE REQUIREMENTS. During his lower-division years a student should have completed two types of required courses:

Specific Courses (unless excused):

English: 9 term hours in English Composition (Wr 111, 112, 113);

Health Education: 1 term (HE 150 or 250);

Physical Education: 5 terms in activity courses (normally PE 190 for men, 180 for women).

Group Courses (choice of four liberal-arts sequences of 9 or more hours each, including at least one from each group, and including at least one sequence numbered 200-210), from this list:

Group 1, Arts and Letters (one sequence must be in literature; *indicates second sequence only):

Literature (Honors College) (AL 101, 102, 103)

*Survey of Visual Arts (AA 201, 202, 203)

*Introduction to the History of Art (AA 204, 205, 206)

Survey of English Literature (Eng 101, 102, 103)

Appreciation of Literature (Eng 104, 105, 106)

World Literature (Eng 107, 108, 109)

Shakespeare (Eng 201, 202, 203)

*Introduction to Homer (CL 101, 102)

*Introduction to Plato (CL 103)

*Cicero's Orations (CL 104)

*Virgil's Aeneid (CL 105)

*Terence (CL 106)

Livy (CL 204)

Virgil's Eclogues and Georgics (CL 205)

Horace's Odes (CL 206)

*Second-Year German (GL 101, 102, 103)

*Second-Year Norwegian (GL 104, 105, 106)

*Second-Year Swedish (GL 107, 108, 109)

Survey of German Literature (GL 201, 202, 203)

*Second-Year French (RL 101, 102, 103)

*Second-Year Italian (RL 104, 105, 106)

*Second-Year Spanish (RL 107, 108, 109)

Survey of French Literature (RL 201, 202, 203)

Survey of Spanish Literature (RL 207, 208, 209)

*Second-Year Russian (SL 101, 102, 103)

Readings in Russian Literature (SL 201, 202, 203)

*Introduction to Music and Its Literature (Mus 201, 202, 203)

Group II, Social Science (only one sequence from any one department):

Social Science and Social Policy (SSc 104, 105, 106)

Introduction to the Social Sciences (Honors College) (SSc 201, 202, 203)

General Anthropology (Anth 101, 102, 103)

Introduction to Cultural Anthropology (Anth 207, 208, 209)

Principles of Economics (Ec 201, 202, 203)

Introductory Geography (Geog 105, 106, 107)

Geography of Europe (Geog 201)

Geography of Latin America (Geog 202)

Geography of Asia (Geog 203)

History of Western Civilization (Hst 101, 102, 103)

History (Honors College) (Hst 107, 108, 109)

History of the United States (Hst 201, 202, 203)

Problems of Philosophy (Phl 201)

Elementary Ethics (Phl 202)

Elementary Logic (Phl 203)

Elementary Aesthetics (Phl 204)

Introduction to Philosophy (Honors College) (Phl 207, 208, 209)

American Governments (PS 201, 202, 203)

International Relations (PS 205)

General Psychology (Psy 201, 202)

Psychology of Adjustment (Psy 204)

Applied Psychology (Psy 205)

Great Religions of the World (R 201, 202, 203)

General Sociology (Soc 204, 205, 206)

Group III, Science (only one sequence from any one department; sequences must total 12 hours, unless 9-hour sequence includes laboratory; †indicates lecture and related laboratory must be taken in combination):

Physical-Science Survey (GS 104, 105, 106)

Physical Science (Honors College) (GS 204, 205, 206)

General Biology (Bi 101, 102, 103)

Biological Science (Honors College) (Bi 104, 105, 106)

Elementary Chemistry (Ch 101, 102, 103)

†General Chemistry (Ch 201, 202, 203)

†General Chemistry Laboratory (Ch 204, 205, 206)

General Geology (Geol 101, 102, 103)

Intermediate Algebra (Mth 100)

Introductory College Mathematics (Mth 104, 105, 106)

Fundamentals of Mathematics (Honors College) (Mth 107, 108, 109)

Mathematics of Finance (Mth 110)

Differential and Integral Calculus (Mth 201, 202, 203)

Analytic Geometry and Calculus (Mth 204, 205, 206)

Essentials of Physics (Ph 101, 102, 103)

Descriptive Astronomy: Solar System (Ph 104)

Elementary Meteorology (Ph 105)

Descriptive Astronomy: Stellar System (Ph 106)

General Physics (Ph 201, 202, 203)

†General Psychology (Psy 201, 202)

†Psychology of Adjustment (Psy 204)

†Applied Psychology (Psy 205)

†General Psychology Laboratory (Psy 208, 209, 210)

In addition a student must satisfy the following general minimum requirements for the degree:

Credits: 186 term hours total (a few require more; see Catalog), including:

62 hours in upper-division courses;

36 hours, 24 of them upper-division, in the major (many schools and departments require more); for Liberal Arts majors, two additional sequences of 9 or more hours each, numbered 100-110, 200-210, or 300-310, from Group lists above or from the following; the total must comprise two sequences in each Group, those in Groups II and III being each in a different department:

Group I:

Introduction to Japanese Literature (AL 301, 302, 303)

Literature of the Ancient World (AL 304, 305, 306)

Introduction to Chinese Literature (AL 307, 308, 309)

Tragedy (Eng 301)

Epic (Eng 303)

Comedy (Eng 304)

Satire (Eng 305)

Group I (Continued) :

Literature of the English Bible (Eng 306, 307)
History of Philosophy (Phl 301, 302, 303)
Theory and Literature of Rhetoric (Sp 301, 302, 303)

Group II :

Primitive Society (Anth 301, 302, 303)
Geography of Oregon (Geog 301)
Geography of North America (Geog 302, 303)
Europe since 1789 (Hst 301, 302, 303)
English History (Hst 304, 305, 306)
Revolution and Reform (Phl 304, 305, 306)
Religions of Mankind (R 301, 302, 303)
Principles of Sociology (Soc 307)
World Population and Social Structure (Soc 308)
American Society (Soc 309)

Group III :

Geologic History of Life (Geol 301, 302, 303)
Basic Concepts of Mathematics and Statistics (Mth 301, 302, 303)

150 hours in graded (not in "no-grade") courses;
not more than 48 hours in a strictly professional field (such as Dentistry or Law or Medicine);
not more than 12 or 24 hours (respectively for non-music majors, and for music majors earning the B.A. or B.S. degree) in applied music courses;
not more than 60 hours in correspondence study;
36 hours in language and literature courses, for the B.A. degree, including competence in a foreign language equivalent to 2 years of college work in the language (see Catalog for details).
36 hours in social science courses, or 36 hours in science courses, for the B.S. degree.

GPA : 2.00 cumulative; also at least 2.00 on University of Oregon work.

Residence : 45 of the last 60 hours in residence (on campus, Eugene and/or Portland).
Dean's recommendation : certification that the student has satisfied all special requirements in his major. Each student is responsible to his major dean or department head for these requirements.

SECOND BACHELOR'S DEGREE. For a bachelor's degree after a student has received one degree (bachelor or other), he must earn at least 36 hours subsequent to the first degree and fulfill all the usual requirements for the new degree including groups (appropriate to the major), residence, quality and relevance of work, and specific degree requirement.

ADVANCED DEGREE REQUIREMENTS. In general (see Catalog for detailed differences) a master's degree requires 45 hours of graduate credit (not more than 15 hours of which may be transferred from other schools), with a minimum 3.00 GPA. The academic doctor's degree requires three years of full-time academic work beyond the bachelor's degree. A student's entire program for the master's degree must be completed within a span of seven years. A graduate student is "advanced to candidacy" for an advanced degree on passing a qualifying examination, usually within the first term or before he has earned 15 hours as a graduate student. His concluding requirement is the passing of the final examination, usually based on his thesis.

APPLICATION FOR DEGREE. A student intending to complete requirements for any degree should file an Application for Degree card with the Registrar several months in advance of the expected commencement date. No student may be granted a degree unless all academic and financial requirements have been satisfied prior to the date of commencement. A student who has completed all requirements for a degree may be given a certification of that fact at any time to temporarily substitute for the diploma.

TRANSCRIPTS. An official photocopy of a student's academic record earned or credited in the University will be issued on payment of the transcript fee. Photocopies of other documents filed with the Registrar can be furnished also, on payment of a nominal charge for the extra service.

Lower-Division Advisers
