EACH CALL MUST BE HANDLED SEPARATELY, EACH FITTED TO THE NEEDS OF THE INDIVIDUAL WHO MAKES IT

65 million calls a day . . . each one made to order

An Advertisement of the American Telephone and Telegraph Company

WHEN you pick up your telephone, you may use \$10,000 worth of equipment to talk to your neighbor three blocks away, or \$10,000,000 worth of equipment to talk 3000 miles across the continent. Each call must be handled separately, each made to order.

To render this service in a way that fits the needs of the American people, the operation of the System is conducted by 24 different companies, each adapted to the area it serves.

These Associated Companies have the benefit of study and analysis by the staff of the American Telephone and Telegraph Company, leading to progressive improvements

in service. Each of the Bell Companies takes advantage of the research findings of the Bell Laboratories, commanding scientific talent unsurpassed in any industry.

The quality and precision manufacture of the telephone equipment and apparatus used by the entire System are assured by the specialized production methods of the Western Electric Company, which manufactures for the Bell System.

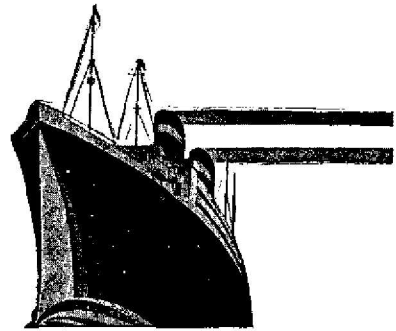

Today the Bell System is building ahead of the requirements of the public—to the end that the people of this nation may have the greater telephone facilities which they will need tomorrow.

on these great ships

Vibrationless speed that maintains express schedules comfortably contributes tremendously to your enjoyment. You're not apt to awaken to each new day with frayed nerves nor is your eleven o'clock cup of bouillon likely to jiggle off the saucer.

And in the staterooms—such utter comfort, for these rooms are really spacious. There is room for your trunks and baggage and space enough left over to leave the place truly livable.

The service on **White Star**, **Red Star** and **Atlantic Transport** liners is superbly thoughtful of your well being in every particular.

Just as the I. M. M. Lines can provide the most luxurious sort of accommodations, so also the size of their fleet enables them to offer moderately priced accommodations—so moderate, in fact, that they meet almost any vacation budget. Rates begin at \$105 (up) in TOURIST Third Cabin.

Southern Pacific Circle Trips

Greatest summer travel bargains—

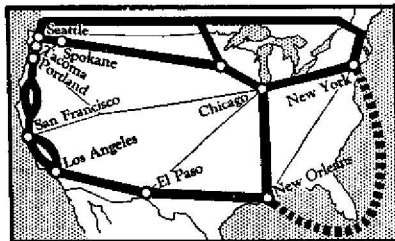

...back east excursion fares make these trips surprisingly low in cost.

No matter what your destination it can be included on one of Southern Pacific's Circle Trips. Your trip is extended into a tour of as much of the United States as you like. And you get vastly more for your travel funds.

These circle trips make it possible for you to visit more cities, more places of interest than in any other way. You are free to choose the itiner-

ary that best suits your plans. You can stopover wherever you please, for as long as you please.

Summer excursion fares to the east are on sale beginning May 22 and daily thereafter until Sept. 30. You have until October 31 to complete your journey. You may reverse these suggested itineraries if you wish. Mail the coupon below for complete information.

SUNSET CIRCLE

This trip has a greater appeal and value than any trip you can plan. You skirt the border of the entire United States, dip into Old Mexico on the south and Canada on the north.

Starting in the northwest the Sunset Circle takes you down the entire Pacific Coast to San Francisco, Los Angeles, Hollywood, San Diego. Then east on Southern Pacific's SUNSET ROUTE via El Paso.

San Antonio, with her historic Alamo, and thru the Old South to New Orleans, the city that has lived under five flags. You'll want to linger in New Orleans, visiting the old French Quarter, the Spanish landmarks, and a host of other places haunted with memories and legends.

From New Orleans you can continue by rail, or, at no added cost, enjoy a delightful Atlantic cruise to New York. Meals and accommodations on the steamer are included in your fare.

The return trip may be made either on northern United States or Canadian lines.

GOLDEN STATE CIRCLE

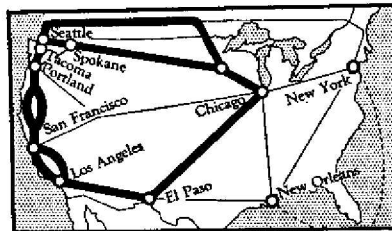

See the entire Pacific Coast, visiting San Francisco enroute if you wish. A delightful journey right along the ocean shore to Southern California. Or you may go to Los Angeles via Yosemite National Park.

At Los Angeles you are within easy reach of the many Southern California resorts and beaches, the Hollywood movie colony and San Diego.

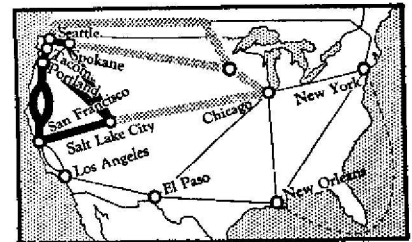

Continuing east you travel through the picturesque Southwest and the Imperial and Salt River Valleys where the desert has sprung into verdant gardens and orchards.

Tucson, Phoenix and El Paso. Then your route follows the "Long Horn Trail" to Topeka, Kansas City, St. Louis, Chicago and other mid-western points.

Coming home you have a choice of routes—northern United States lines, or you can return through the Canadian Rockies.

On these Circle Trips you have choice of 12 fine Southern Pacific transcontinental trains, including the famous standard bearers—"Cascade", "San Francisco Overland Limited", "Golden State Limited", "Sunset Limited".

OVERLAND CIRCLE

A shorter circle trip but every mile crowded with varied interest. Down the picturesque SHASTA ROUTE to cosmopolitan San Francisco. Linger here awhile visiting its famous restaurants, shops, hotels and theatres... quaint Chinatown, Fisherman's Wharf and countless other places of interest.

Then east via the historic OVERLAND ROUTE (Lake Tahoe Line) which takes you over the Sierra Nevada Mountains, past Donner Lake, where tragedy stalked in the days of the Gold Rush; stopover at mile-high Lake Tahoe, if you wish; across Great Salt Lake by rail to Ogden and Salt Lake City. Here a visit will well repay you.

You can circle home from Salt Lake City thru Yellowstone, if you wish, or add joyous days to your vacation by going on to Denver, center of the great Rocky Mountain playground.

FOREWORD

IN THIS issue of OLD OREGON is presented a directory of graduates of the University of Oregon from 1878 to 1930. Compiling the information herein contained has been no small task; months have been spent on the records of the Alumni Office in search of accurate information about each graduate. To those alumni who have responded to our requests for data, we express our thanks. Their co-operation has made this book possible.

Every effort has been made to increase the value of the directory for reference. It was thought that the volume would be more interesting to alumni if the graduates of the University were listed by classes. Therefore, the main part of the book contains a list of alumni by classes. In this section complete data is given; names, addresses, degrees, and occupations are recorded. However, for those who wish an alphabetical list of alumni and for convenience in reference, an alphabetical index is printed in the last pages of the directory. Class years are given in the index as an aid in turning to the class reference and the terms "law", "med.", and "B.S.D.", which in some cases follow the class numerals, are inserted for the same reason; but information of this nature is included in the index for aid in reference only and is incomplete.

Women graduates of the University are listed in the alphabetical index under both their maiden names and their married names; under the classes, however, they are listed under their maiden names or under the names in which they received their University degrees.

Law graduates through 1917 are listed separately under each class, since the Law School was located in Portland until 1915. Graduates of the Medical School, which is located in Portland, are listed separately under each class throughout the directory.

In cases where alumni have received two degrees from the University of Oregon, the name is not re-

peated the second time (except in the case of the LL.B. degree through 1917 and the M.D. degree), because the second degree is indicated under the first class.

Information in the directory is given in the following order: Name—address; degrees; occupation. The state name is not given for Oregon towns.

The asterisk (*) indicates that whereas information given may be correct, it has not been verified by the individual during the six months preceding publication of the directory, and no responsibility is taken by the Alumni Office for the accuracy of the information following names which are so marked.

Many alumni sent in requests to be listed under classes other than those with which they received their degrees, because they considered themselves as belonging to the classes with which they took the major portion of their work. These requests could not be granted for obvious reasons. The Alumni Office has attempted, however, to recognize every such request by placing in parentheses the class with which the graduate wishes to be affiliated.

Thorough as was the search for "lost" alumni during the months spent in compiling the directory, in some cases no clues were found to aid us in obtaining the addresses. After these names we have been able to list only the degrees granted.

If in referring to the directory, an alumnus notices a "lost" graduate whose address he knows, we should appreciate his informing the Alumni Office.

In compiling this directory, we have striven for accuracy. Care has been taken to include complete and correct data concerning all graduates of the University of Oregon. Where alumni responded promptly to our questionnaires, the difficulty of our undertaking was lessened, but where corrections came in late, the chances for error were increased. We believe that the information given is correct, but if any errors or omissions are noted, we hope that we shall be informed.

INDEX

This index gives both class and page reference. Where the term "law," "med.," or "B.S.D." follows a class year, the reference is to the section under that class devoted to law, medicine, or scientific didactics. It is to be noted that this designation is for convenience of reference only and that many who have received law or medical degrees from the University are not so marked because the designation is not needed to find the name.

**ADULT EDUCATION
POSTGRADUATE TRAVEL**

After college should come thoughtful travel pegging down the results of undergraduate studies — not deaultory wandering.

Most discriminating travelers recognize the need of expert assistance in the mechanics of travel. Intellectual leadership is equally important. A tour of Europe intelligently planned and under the guidance of specialists will crystallize and supplement your entire college course.

The Bureau of University Travel, incorporated as an educational institution without stock, dividends or commercial profit, offers such an opportunity.

The leaders are scholars and gentlemen who hold or have held important academic positions.

**YOUR
VACATION**

*~ bounded by
grandeur and steeped in
Sierra sunshine*

Turn to nearby Yosemite this summer—brightest in California's giant vacation-book!

First, a sheer-walled Valley, ribboned with plunging waterfalls, studded with granite peaks . . . then the highest, shining Sierras, rose-shot each sunrise, teeming with trout, and dotted with welcome white trail camps a half-day's hike apart . . .

Come for a week—you'll want a summer. Live as you would elsewhere—accommodations range all the way from Housekeeping tents in the pines, at \$6 a week, to the distinguished Ahwahnee, at \$10 a day and upward, American Plan—with popular resort-lodges midway between.

Yosemite is just overnight by through sleeper, or a day's easy drive, via Merced and the All-Year Highway, from San Francisco and Los Angeles. Early reservations may be made with any travel agent or YOSEMITE PARK AND CURRY CO., 39 Geary St., San Francisco, 604 W. Sixth St., Los Angeles and Yosemite National Park, California.

Students know---

The importance of a good finish.

That's why many of the organizations on the campus get their ice cream from the Eugene Fruit Growers Association, because it tops off the meal—a good finish.

Each week there is a new special in both the brick and bulk. Special orders are made up at any time. Just phone 1480.

And, of course, don't forget our compact boxes of candied fruit are for sale at all the leading grocers.

Are you a teacher? Are you a student?

The best student has in him some elements of the teacher, and the best teacher never ceases to be a student. There is a special opportunity for both student and teacher in the University of Oregon Summer Sessions this year.

If you are interested in Art Subjects

You will be particularly benefited by attendance at the Eugene Summer Session this year. The University of Oregon, through the high standing of its School of Architecture and Allied Arts, has been designated as the Pacific Coast center for the training of teachers of art.

Oriental Art and Philosophy

Will be taught on the campus this summer by Kiang Kang Hu, formerly of the Chinese Imperial University at Peiping, of the Oriental Research staff of the Library of Congress, who this fall is to become professor of Chinese studies at McGill.

June 23 to August 1

The Summer Sessions in Eugene and Portland will cover a wide range of subjects. Climate and other conditions ideal. If interested, write for information to Alfred Powers, dean of Summer Sessions.

THE CHOICE OF THE WORLD'S GREATEST PILOTS

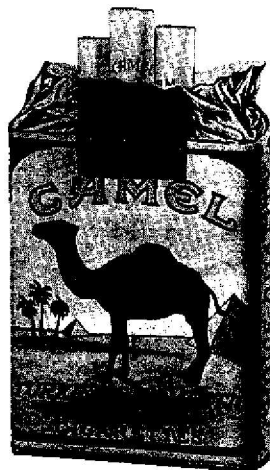

LOU MEYER, 1928-29 A. A. A. Speedway Champion! Art Goebel, Dole-Hawaiian Flight winner, who established the first Los Angeles to New York non-stop record! Ralph Snoddy, famous speed boat racer and winner of the Duke of York international trophy!! Sir Hubert Wilkins, the Arctic explorer, who flew across the North Pole! Glen Shultz of Pike's Peak fame! Major Spatz and his valient Question Mark endurance flight crew! Pete Reinhart, hero of the epochal 11-day Angeleno flight. Tex Rankin, intrepid stunt and distance flyer! Herbert Fahy, Bobby Trout, Elinor Smith and George Haldeman, famous endurance and altitude flyers. And scores of others! An impressive list of Richfield users! Pilots who are internationally recognized for their achievements!! They selected Richfield, in preference to all other gasolines, because of its power, speed and un-failing dependability. You need these same qualities in your own car plus the extra mileage which Richfield gives you. Fill up with Richfield today...at any station with the blue and gold Richfield shield.

**More Speedway Victories and More World's Records
than All Other Gasolines Combined**

RICHFIELD

GUS brought his four kids . . .
what an Alumni Day *he'll* have
. . . '21 has a live bunch back . . .
dressed as hula dancers . . . twenty
cartons of Camels in their tent
. . . and overflowing with hospi-
tality . . . pay 'em a visit. . . How
the boys do change . . . there's
good old Turk . . . five years
out, and he's fat . . . but still
smoking Camels . . . hasn't for-
gotten everything he learned. . .

*Smoke one Camel out of a pack — and you'll know why
Camel is the one cigarette that stands out of the pack.*
