Academic Regulations

AUTHORITY AND RESPONSIBILITY

STUDENT RESPONSIBILITY. Each student is held responsible for knowing and obeying the published rules and regulations of the University. If the University is obliged to make any changes, they will be considered to be effective from the date of their publication. A student is required to be a good citizen of the campus at all times.

ADMINISTRATION. The maintenance of students' academic records is the responsibility of the Registrar's Office; petitions for special action are filed in this office and referred to the Academic Requirements or the Scholarship Committee. The administration of students' non-academic interests and the correlation of these with academic situations, and the preparation of petitions to the Scholarship Committee, are responsibilities of the Office of Student Affairs. Academic deans and schools are responsible for advising, instructing, and grading students' academic work. These and other University officials are responsible to the President, who derives his authority from the Board of Higher Education and ultimately from the people of the State of Oregon.

ADMISSION

CREDENTIALS AND PROCEDURE. A student is admitted to the University after he has filed the proper documents to establish his satisfactory academic standing; consideration is given also to health and moral character. The required documents include an official Application for Admission and (for undergraduates) complete records of all school work beyond the eighth grade; they should be filed at least two weeks in advance of the anticipated registration date, and when filed become the permanent property of the University. When these have been examined and found satisfactory, a Notice of Admission and further instructions are sent to the applicant. *Entrance is not fully cleared until all required information has been filed and all required entrance examinations and procedures completed; any student's registration may be cancelled if these requirements are not promptly and adequately cleared.*

FRESHMAN STANDING. Graduation from a standard high school is required for admission as a freshman. If a nonresident of Oregon, the applicant must show superior ability on both test and grade records.

ADVANCED UNDERGRADUATE STANDING. A student who has registered in any college or university or for any work of comparable level must have earned at least a "C" average on all such grades, for admission to the University. If advanced standing amounts to less than 12 term hours, the requirements for freshman standing must be met also. In general, credit may be granted on transfer for all courses taken in accredited higher institutions, evaluated under the academic regulations of the University. Work done in unaccredited institutions can not be approved for undergraduate transfer credit until the student has satisfactorily completed three full terms (about 45 term hours with at least a "C" average) in the University; then he may petition for credit in those University courses which are equivalent to his unaccredited work.

SPECIAL STUDENT STANDING. A student who lacks the documents but who can demonstrate by examination the quality indicated above may apply for admission as a special or unclassified student. After the completion of three full terms in the University, a special student who has a satisfactory cumulative record may petition for waiver of entrance deficiencies and for change to regular status, while a special student who has not established a satisfactory record within that time is subject to dismissal from the University.

GRADUATE STANDING. Graduation from an accredited college or university is acceptable for admission to regular graduate standing; provisional graduate standing may be allowed temporarily, if evidence of the degree is satisfactory but records are not yet complete. Graduate standing may be granted to graduates of unaccredited colleges, on petition after the student has completed at least one full term (about 15 term hours) in the University with a good (at least a "B" average) record.

ATTENDANCE WITHOUT ADMISSION. Formal admission is not at present required for attendance in summer sessions of the University. (Credit may not be earned in regular sessions except after completion of the appropriate admission procedures as described above.)

REGISTRATION AND CLASSIFICATION

PROCEDURE. To register for University work in any term, a student obtains certain prepared documents from the Registrar (having given adequate advance notice of intent to register), then consults a faculty member (appointed by his major dean or other authority) who serves as academic adviser and approves his study program; he is accepted by the respective department concerned for enrollment in each of his chosen courses, is checked by Student Affairs and Registrar's clerks for various purposes, and pays registration fees to the Cashier. Registration is regularly scheduled for New-Student Week preceding the fall term, and for the first day of the winter and spring terms. *Late registration carries a penalty fee, and may be allowed only under special conditions after Monday of the third week of each term. Detailed dates and instructions are published before each registration period. Each student must register in person, not by proxy or by mail.*

STUDY LOAD. The normal study load averages 15 or 16 hours per term: the minimum "full load" is considered to be 12 hours. Exceptional loads may be carried with the adviser's consent.

CHANGE OF STUDY PROGRAM. Any change from the original term study program filed at registration must be endorsed by the adviser and the instructor concerned, and the proper documents filed with the Registrar, before it becomes effective and a matter of record. *No student may escape a record for every course in which he is officially registered, or without special approval receive credit for any course in which he is not officially registered, as of Monday of the third week of a term.* No course may be added later, unless approved by the instructor and by the department head or dean of the instructional department or school. No course may be cancelled from the record later; if a student is allowed to terminate his active registration, a withdrawal will be recorded if he is doing passing work, or a failure will be recorded if he is not doing passing work. No change card will be accepted after final examinations have started. Complete withdrawal from the University is recorded, under the same rules as the concurrent withdrawal from the several courses on the study program; it must be signed by the Director of Student Affairs instead of the adviser.

CHANGE OF MAJOR. A student is classified by the Registrar in the major indicated by the student. (Change of adviser is controlled by the major dean.)

CLASS STANDING. A regular lower-division student is classified as a freshman until he has earned 36 term hours, then as a sophomore until he has earned 93 term hours. A regular upper-division student is classified as a junior until he has earned 138 term hours, then as a senior until he has completed all requirements for the bachelor's degree. A special student is one temporarily unclassified (see Admission). A graduate student is one who has earned graduate standing (see Admission).

GRADES AND HONORS

GRADING SYSTEM. The quality of a student's achievements in courses recorded by A, B, C, or D, for passing work, or F for failing work. A mark of W is recorded for clear withdrawal after Monday of the third week of a term (no permanent record is made if withdrawal occurs earlier in the term). A temporary mark of I may be recorded if his work was incomplete in some minor yet essential detail but was of passing quality, and the instructor wishes to allow him more time for completion; this additional time may not extend beyond the third subsequent term in which the student registers. In certain "no-grade" courses only marks of P and N are recorded, for passing and not-passing work respectively. Grade points are computed on the basis of 4 points for each hour of A, 3 for each hour of B, 2 for each hour of C, 1 for each hour of D, and 0 for each hour of F grade; marks of W, I, P and N are omitted from grade point computations. The grade point average (GPA) is the quotient of total grade points divided by total graded hours; the cumulative grade point average includes all grades earned.

SCHOLARSHIP REGULATIONS. In general, a grade point average below 2.00 is considered unsatisfactory. The Scholarship Committee reviews unsatisfactory records and studies available evidence for the probability of improved scholarship, and then decides in each case whether the student may be allowed to continue subject only to the general requirements of 2.00 GPA, or whether he may continue on a special and higher requirement, or whether he must be disqualified for any subsequent registration in the University. (These minimum scholarship regulations normally do not affect any student who is making satisfactory progress toward graduation.)

HONOR ROLL. An undergraduate who earns a term grade point average of at least 3.50, based on not less than 12 graded hours, is placed on the University honor roll for that term.

SOPHOMORE HONORS. A freshman who ranks in the upper 20 per cent of his entering class (and others by special permission) may elect a program leading toward Sophomore Honors. Through designated or regular courses, or by independent study, he then prepares for four comprehensive examinations in basic liberal-arts fields. These examinations are to be taken before the end of his sophomore year and, if passed with distinction, constitute the earning of Sophomore Honors; the fall term comprehensives will be held in the second and third weeks of October, the spring term comprehensives in the third and fourth weeks of May.

DEGREES WITH HONORS. A superior (2.75 GPA) upper-division student may enroll in the special program of independent work leading to the Bachelor of Arts, or the Bachelor of Science, with Honors. His chosen field may embrace one or more departments, as is suitable to his subject. His studies culminate in a thesis and in an examination on the thesis. If successful, his baccalaureate diploma is designated "with honors." Honors for graduate degrees are determined by the final examining committee in each case, and these appear on graduate diplomas.

RECOGNITION FOR SCHOLARSHIP. The Commencement Program lists with "Recognition for Highest Scholarship" those baccalaureate degree candidates who have a cumulative GPA of 3.75 or higher, and with "Recognition for High Scholarship" those with a cumulative GPA of 3.50-3.74.

CERTIFICATES AND DEGREES

BACHELOR'S DEGREE REQUIREMENTS. During his lower-division years a student should have completed two types of required courses:

Specific courses (unless excused):

English: 9 term hours in English Composition (Wr 111, 112, 113);

Health Education: normally 1 term for men (HE 150), 1 or 3 terms for women (HE 250 or HE 114, 115, 116);

Physical Education: 5 terms in activity courses (normally PE 130 for men, PE 130 for women);

Military Science: 6 terms for men (Mil 111, 112, 113, or Mil 114, 115, 116; and Mil 211, 212, 213, or Mil 221, 222, 223).

(Veterans will be exempted from the last three requirements above and may be allowed academic credit in these fields, on filing with the Registrar's Office official documentary evidence of their military rank and service. Six term hours is allowed "in health and physical education." The credit "for military service" is related to rank and to an assumed parallel with Military Department courses, possible credit ranging from 6 term hours for basic to 24 term hours for a commission; therefore the possibility of duplication must be considered in each case. Transfer students are exempted from these last three requirements in proportion to the number of transferred credits allowed. Exemptions from Military Science may be granted by the Military Department, on request, to men who are not citizens of the United States, or who were 23 years of age on first enrollment in the University, or men who are physically incapable of military service; exemptions may be granted by the Committee on Military Education to valid conscientious objectors. Membership in a National Guard or merely Reserve unit is not an acceptable substitute for the Military Science courses.)

Group courses (choice of four liberal-arts sequences of 9 or more hours each, including at least one from each group, and including at least one sequence numbered 200-210), from this list:

Group I Arts and Letters (one sequence must be in literature):

 †Psychology of Adjustment (Psy 204)
 †Applied Psychology (Psy 205)
 †General Psychology Laboratory (Psy 208, 209, 210)

In addition a student must satisfy the following general requirements for the usual four year degree:

Credits: 186 term hours total (a few require more; see Catalog), including:

62 hours in upper-division courses;

36 hours, 24 of them upper-division, in his major (many schools and departments require more);

for Liberal Arts majors, two additional sequences of 9 or more hours each, numbered 100-110, 200-210, or 300-310, from Group lists above (and with the same restrictions) or from the following:

Group I: Literature of the Ancient World (AL 304, 305, 306)
 Tragedy (Eng 301)
 The Prose Tradition in English Literature (Eng 302)
 Epic (Eng 303)
 Comedy (Eng 304)
 Satire (Eng 305)
 History of Philosophy (Phi 301, 302, 303)
 Theory and Literature of Public Speaking (Sp 301, 302, 303)

Group II: Primitive Society (Anth 301, 302, 303)
 Geography of the Pacific Northwest (Geog 301, 302, 303)
 Western Institutions and Ideas (Hst 301, 302, 303)
 Social Philosophy (Phi 304, 305, 306)
 Religions of Mankind (R 301, 302, 303)
 Principles of Sociology (Soc 307)
 World Population and Social Structure (Soc 308)
 American Society (Soc 309)

Group III: Geologic History of Life (Geol 301, 302, 303)
 Statistics (Mth 301, 302, 303)

150 hours in graded (not in "no-grade") courses;

not more than 48 hours in a strictly professional field (such as Law or Medicine);

not more than 12 or 24 hours (respectively for non-music majors, and for music majors earning the B.A. or B.S. degree) in applied music courses;

not more than 60 hours earned in correspondence study;

36 hours in language and literature courses for the B.A. degree including competence in a foreign language equivalent to 2 years of college work in the language; this to be demonstrated by passing the second-year or higher course, or by examination.

36 hours in social science courses, or 36 hours in science courses, for the B.S. degree.

GPA: 2.00.

Residence: 45 of the last 60 hours in residence with the University (at present 33 hours from General Extension Division classes may be counted toward this requirement).

Dean's recommendation; certification that the student has satisfied all special requirements in his major. Each student is responsible to his major dean or department head for all major requirements.

ADVANCED DEGREE REQUIREMENTS. In general (see Catalog for detailed differences) a master's degree requires 45 hours of graduate credit (not more than 15 hours of which may be transferred from other schools), and the academic doctor's degree requires two additional years of study. A student's entire graduate program should be completed within a span of seven years. Graduate credit is allowed only for "A" and "B" grade work. A graduate student is not advanced to candidacy for an advanced degree until he has successfully taken a qualifying examination, usually within the first term or before he has earned 15 hours as a graduate student. His concluding requirement is the passing of the final examination, usually based on his thesis.

APPLICATION FOR DEGREE. A student intending to complete requirements for any degree should file an Application for Degree card with the Registrar several months in advance of the expected commencement date. No student may be granted a degree unless all academic and financial requirements have been satisfied. Degrees are awarded only in June, but a student who has completed all requirements for a degree may be given a certification of that fact at any time to temporarily substitute for the diploma.

TRANSCRIPTS. An official photocopy of a student's academic record earned or credited in the University will be issued on payment of the transcript fee. Photocopies of other documents filed with the Registrar can be furnished also, on payment of a nominal charge for the service.
