During the academic year, this alphabetic schedule will be rotated to afford students an opportunity to register early one term. You are encouraged to complete your registration on date and time specified. If because of conflict you are unable to register at time scheduled, you may register any time after your scheduled time.

The system for processing course requests most effective in serving students and department needs is determined by each department or school/college. These policies are listed on page 9, System of Assignment of Classes.

Departments employing the block allocation technique (50-50) will assign one-half of the available spaces in courses on each of the two days of registration. Those students scheduled to register on the first day will be granted course approvals until the allocated spaces for that day are exhausted. At that time, the "Term Line Number" for the course will be posted as "Closed for the Day" on the "Closed Section Board." On the second day the course will be reopened, *but only for those students scheduled to register on that day*. As courses are filled, the "Term Line Number" will again be posted as "Permanently Closed" on the "Closed Section Board."

Departments employing the course assignment technique as requested (first come, first served) will assign in the order of requests received until all allocated spaces are exhausted. At that time, the "Term Line Number" for the course will be posted as "Permanently Closed" on the "Closed Section Board."

Students are encouraged to select and register for second choice sections when first choice sections are posted as closed and to complete their total registration including processing in Center Court and fee payments in the Erb Memorial Union Ballroom.

NOTE: The University reserves the right to cancel courses listed in the Time Schedule for which there is insufficient registration to justify their being offered or continued.

PRIOR TO REGISTRATION

1. **Student Identification Card** (I.D.)
   All students registering for credit, except those who register at staff rates, must present their Student Identification Card (I.D. Card) to the cashier at the time tuition and fees are paid.

   b. Students who have lost their I.D. Card must pick up an I.D. Authorization Card in the Registrar's Office. There is a fee of $4.00 to be paid at cashier for replacement of the I.D. Card.
   c. Freshmen who registered in July may pick up their I.D. cards Thursday, Friday and Monday, September 21, 22 and 25 in the lobby on the second floor of the Erb Memorial Union.
   d. I.D. cards will be issued and photos taken 8:00 a.m. to 4:00 p.m. in the Erb Memorial Union as follows:

(See 21-hour Maximum Study Load, Page 97.)
4. Return to North Bleachers and complete Part B, Registration Form, gridding all information requested.
   a. PLEASE NOTE: It is important that Part B be completed accurately including credits and grade option. As you will note, the TLN (Term Line Number) is the official control on this document. This section (Part B) represents your official registration for classes.
      1) **Double check** your TLN gridding to insure your registration in each course. NOTE: The first horizontal line in the grid area is "0."
   b. Grading option will be assumed to be "Graded" if not marked.
5. Report to Center Court to obtain clearance from any agencies listed on the top of Part A.
6. Report to the checkers station in East Court for final processing of your registration.
   a. Your Registration Forms will be checked with you.
   b. Pre-assessed Fees will be verified or adjusted as required.

ADVISING

Every new undergraduate student (freshman or transfer) must consult with an academic adviser before registering for the first time at the University. **New students are required to present a program signed by their adviser when their registration materials are checked.**

Group Advising Meetings will be held at times and places listed on the Statement of Admission and will include pertinent information about academic advising. Every new undergraduate student (freshman or transfer) should attend one of these meetings unless he attended the summer freshman-registration program.

Fall Term:
New undergraduate students should select an advising meeting in the field of their primary interest. Those who have not yet decided what their major is should attend the meeting listed for "Pre-Liberal Arts: Undecided."

Other Terms:
Students who have chosen a major should report to the main departmental office of their major. Those who have not yet chosen a major should report to the Office of Academic Advising (Room 7, PLC).

Note: Elementary Education students should go to the School of Education, but Secondary Education students go to their academic department.

Students who miss these meetings should report to the head adviser in their major department for an adviser assignment (the locations of head advisers may be obtained in the departmental main offices, which are listed in the Time Schedule of Classes at the beginning of each department's course offerings: the "Pre-Liberal Arts: Undecided" office is in 7 PLC). New graduate students should report to their department for assignment to an adviser. Other students should go directly to their previously assigned adviser if they wish to discuss their programs.

Students wishing to change their major or adviser should confer with the department of their new major and follow the procedure necessary to change their records. (See page 95.)

The following list indicates the various head advisers in the department majors and the location of the Fall Term meetings.

ADDRESS REQUIREMENTS

Each student registering at the University is required to file a home address and a "campus address" if different. In an effort to reduce the number of times that an address card must be prepared, students are requested to furnish address information that can be stored centrally.

1. If your campus or home address are currently included in the central file they will appear on the preprinted registration forms. If correct, no further filing of addresses is required.

2. If one or both of the required addresses are missing or incorrect proceed as follows:

A. Campus Address: If you are living on campus in a University dormitory, private dormitory, Cooperative, Fraternity, or Sorority, find your living unit in the listing on Part A of the registration form. Mark its code and your room number (if any) in the appropriate sections.
If you are living off-campus file an "Off-Campus Address Sheet" as described in the next paragraph.

B. Off Campus Address:

1. Obtain a blue "Off Campus Address Update Sheet" for each separate address you must file.
2. In the upper left corner are a group of boxes describing the type of addresses included on the sheet. If the address being reported is your home address only, mark the home address box. If it is also your U of O address, mark this box also. The boxes marked should fully describe the address coded on this single sheet.
3. Each sheet must also have your student body number (Social Security Number) printed and gridded in the "Student Number" block in the lower right corner of the sheet.
4. Each block used must be complete, e.g., when entering your street address in the middle block make certain that the complete street address is gridded.
5. Any data block on the form which is not relevant to the address being submitted may be omitted, e.g., if there is no telephone at this address, the "Telephone No." block can be ignored.
6. Unless you are supplying a name **other than your own**, e.g., father, do not use the name data block at the top of the page.
7. Each grid area consists of one to three columns alternately shaded and clear, and represents a coding area for one number or letter. There should be one mark only in a single grid area. Each grid area contains all or part of the following:

A	N	
B	O	
C	P	0
D	Q	1
E	R	2
F	S	3
G	T	4
H	U	5
I	V	6
J	W	7
K	X	8
L	Y	9
M	Z	½

To complete the gridding, print the letter or number above the grid area and then mark the corresponding character from one of the three vertical areas immediately below.

8. If your Registration Form Part A shows an incorrect address, you may correct it by filing a new Address Up-date Sheet which includes the address description, your student number (Social Security Number) and only those address data areas which must be modified.
9. When completing the mailing instructions on Part A of registration form for grades and fee deposit refunds, make certain that you have on file, or are filing, addresses matching the ones you have designated.

CHANGES IN REGISTRATION

It is your responsibility to see that you are properly registered.

Changes in your registration must be initiated and completed by you. Changes cannot be made by adviser or instructor. (See below for dates to pick up your Official Class Schedule.) Changes in your registration become effective on the date your drop/add form is received at the Registrar's Office.

Refunds for reduction in course load will not be made unless the reduction was for reasons beyond the student's control.

For example:

1. A course is cancelled by the University.
2. The prerequisite or time of a course is incorrectly stated in the Time Schedule thereby causing a conflict with other elements of the student's schedule.

Reduction of course load because of work load or other personal reasons will not qualify as a suitable condition for refund.

Any claim for refund resulting from reduction of course load must be filed on a "Petition for Refund" available from the Office of the Registrar at the time of the change.

The following dates must be observed for making changes in your registration:

300-499—Upper Division (juniors and seniors)

500-599—Graduates. Graduates may also take 400-499 courses for graduate credit if the courses are designated with a "G" or "M" (see below).

Course numbers identified by:

"G"—graduate credit

"M"—graduate credit for minors, non-majors

"P"—graduate credit in professional field

"R"—may be repeated for credit

ACADEMIC REQUIREMENTS PETITIONS

The Committee is composed of 6 faculty members and 1 ex officio member appointed by the President upon recommendation of the Committeee on Committees. One student member is appointed by the President upon recommendation of ASUO.

The Committee has the responsibility for the administration and interpretation of academic requirements for baccalaureate degrees, and for action on student petitions for exceptions to these requirements and other academic regulations. (It does not have jurisdiction over regulations governing graduate degrees.)

This Committee reviews petitions by students for adding and/or dropping courses after the last day to change courses. Petitions may be obtained from the Office of the Registrar where complete instructions for procedure are given with each petition.

ACADEMIC PROBATION/DISQUALIFICATION POLICIES

The Scholastic Deficiency Committee is composed of 7 faculty members and 4 ex officio members appointed by the President upon recommendation of the Committee on Committees. Two student members are appointed by the President upon recommendation of the ASUO.

The Committee administers, within the framework of faculty legislation, the undergraduate academic standards of the University as they pertain to the level of academic performance and progress toward a degree. When there is evidence of lack of satisfactory progress, the Committee may place a student on academic probation or disqualify him from further attendance at the University. The Committee will exercise this function over the Summer School performance of regularly admitted students as well as performance during the regular academic year.

Academic Warning

Academic warning is given as a courtesy action to advise a student of potential difficulty. Subsequent action is not dependent on receiving a warning notice, nor will a warning become part of the permanent record.

Academic Probation

A student will be placed on Academic Probation whenever any of the following conditions exist:

1) An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	*Total Hours of U of O Non-Passing Grades*
0 - 44	12
45 - 89	18
90 - 134	24
135+	25

2) If in each of two consecutive terms either of the following conditions exists:
   a) six or more hours of N are received.
   b) less than 65% of the course work *attempted* has been completed with credit. (Grades and marks of A, B, C, D, F, N, I, and Y are counted as work attempted.)

3) Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for students with Junior Classification or above, less than 80% of the course work *completed* has been passed satisfactorily. (Grades of A, B, C, D, P, and N are counted as work completed.) This rule will not apply until a student has accumulated 25 or more credits at the University of Oregon.

4) A record at the time of initial admission or re-enrollment which would have caused a student to be placed on warning or probation under current University of Oregon regulations. Notification of such action will be given to the student at the time the action is taken.

A student will be removed from Academic Probation if, during two consecutive terms in residence, he has accumulated at least 24 hours of credit without being disqualified (see rules listed under "Academic Disqualification"). Part-time students (enrolled for less than 12 hours per term) will be removed from academic probation if they have completed 3 consecutive terms in residence with a minimum of 3 credit hours per term.

Academic Disqualification

A student on Academic Probation will be subject to Academic Disqualification whenever any of the following conditions exist:

1) An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	*Total Hours of U of O Non-Passing Grades*
0 - 44	15
45 - 89	21
90 - 134	27
135+	28

2) In the current term, six or more hours of N are received, or less than 75% of the course work ATTEMPTED has been completed with credit,

3) Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for students with Junior classification or above, less than 80% of the course work completed has been passed satisfactorily,

4) Whenever the academic record is such as to provide persuasive evidence that the University requirements for an undergraduate degree cannot be met within a reasonable period of time.

Reinstatement

Consideration of reinstatement to the University will be acted on by the Committee only after receipt of a formal petition from the student. Each request will be evaluated on individual merit of the

case and on supportive evidence provided by the student. All students reinstated will be placed on probation.

The petition for reinstatements will be considered by the Committee contingent upon receipt of grade or mark changes, transcripts, petitions and all supporting documents on file in the Office of the Registrar no later than one month prior to the opening of classes; later receipts of documents will be considered for the subsequent term.

Evaluation Criteria

In determining the number of non passing hours to be counted toward probation/disqualification action, all University of Oregon work completed by students Fall Term 1969 and thereafter will be included.

In all instances, the grades reported to the Registrar within the designated grade reporting period will determine the action of the Committee. The receipt of subsequent changes in grades or marks, or of late grades or marks will be reviewed by the Committee when considering actions for the next term.

GRADUATION ANALYSIS

Note: **Seniors**—You are encouraged to request a degree analysis from the Graduation Requirements Staff, Office of the Registrar, Emerald Hall. Forms are available at degree table, East Court, during registration.

Student Handbook 1972-73

Published Annually by the Office of Student Services, University of Oregon

Introduction

The Student Handbook, intended as a service and guide to students, contains information and relevant policies and practices relating to student conduct, student activities, and other matters of direct interest to students. These policies are subject to change by the appropriate bodies, with ultimate authority for regulations resting with the legislation of the faculty and the Oregon State Board of Higher Education.

The faculty and administrators rely strongly on the students to discipline themselves, individually and collectively. As a student, you are responsible for being familiar with the rules and regulations that govern your actions on the University campus. These are included in the Student Handbook.

Student Conduct Program

I. THE CODE OF STUDENT CONDUCT

A. General Policies

1. The University is dedicated not only to learning and the advancement of knowledge but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through a sound educational program and policies governing student conduct that encourage independence and maturity.

2. The University distinguishes its responsibility for student conduct from the control functions of the wider community. When a student has been apprehended for the violation of a law of the community, the state, or the nation, the University will not request or agree to special consideration for the student because of his status as a student. The University will cooperate fully, however, with law enforcement agencies, and with other agencies in any program for the rehabilitation of the student. *(April 16, 1969)*

3. The University may apply sanctions or take other appropriate action only when student conduct directly and significantly interferes with the University's (a) primary educational responsibility of ensuring the opportunity of all members of the University community to attain their educational objectives, or (b) subsidiary responsibilities of protecting the health and safety of persons in the University community, maintaining and protecting property, keeping records, providing living accommodations and other services, and sponsoring non-classroom activities such as lectures, concerts, athletic events, and social functions.

4. Procedural fairness is basic to the proper enforcement of all University rules. In particular, no disciplinary sanction as serious as expulsion, suspension, disciplinary probation, or entry of an adverse notation on any permanent record available to persons outside the University shall be imposed unless the student has been notified in writing of the charges against him and has had an opportunity (a) to appear alone or with any other persons to advise and assist him before an appropriate committee, court, or official, (b) to know the nature and source of the evidence against him and to present evidence in his own behalf, and (c) to have his case reviewed by the University Appeals Board. *(March 4, 1970)*

5. Students shall have an opportunity to participate fully in the formulation of all policies and rules pertaining to student conduct and in the enforcement of all such rules.

6. Rules and sanctions affecting the conduct of men and women shall be based on general principles of equal treatment, including like penalties for like violations.

B. Violations

1. No sanction or other disciplinary action shall be imposed on a student by or in the name of the University except in accordance with this Code.

2. Expulsion or suspension from the University or any lesser sanction may result from the commission of any of the following offenses:

a. Academic cheating or plagiarism. Plagiarism is defined as submitting material as the work of the submitter for evaluation by an officer of instruction or administration at the University of Oregon, in which a significant part of the material is based on work not done by the submitter, and there is no indication given by the submitter, in writing as part of or accompanying the material to be evaluated, which would reasonably be expected to inform the evaluator of the actual source of the material.

Cheating is defined as submitting material as the work of the submitter for evaluation by an officer of instruction or administration at the University of Oregon, in which a significant part of the material is based on a source or sources whose use for those purposes has been forbidden by the evaluator or by regulations properly notified to the submitter prior to submission of the material, and there is no indication given by the submitter, in writing as part of or accompanying the material to be evaluated, which would reasonably be expected to inform the evaluator of the use of the forbidden source or sources.

b. Furnishing false information to the University with intent to deceive;

c. Forgery, alteration, or misuse of University documents, records, or identification cards;

d. Detention or physical abuse of another person in the University community or conduct which is intended to threaten imminent bodily harm of any such person *(April 7, 1791)*;

e. Malicious destruction, damage, or misuse of University property, including library materials, or of private property on the campus;

f. Theft or conversion of another's property occurring under the conditions of paragraph A-3 *(June 6, 1968)*;

g. Vandalism or kidnapping committed on other campuses;

h. Participation in hazing;

i. Lewd or indecent conduct occurring under the conditions of paragraphs A-3;

j. Conduct which intentionally obstructs or disrupts the University functions stated in paragraph A-3 of the Code of Student Conduct *(June 4, 1970)*;

k. Possession or use of firearms, air guns, pellet guns, switch blade knives, ammunition, explosives, or dangerous chemicals on institutionally owned or controlled property, except as expressly authorized by law or institutional regulation *(April 7, 1971)*;

l. Two or more (or the repetition of) offenses listed in paragraph 3 below.

3. Disciplinary probation or any lesser sanction may result from the commission of any of the following offenses:

a. Possession, consumption by persons under 21 years of age or furnishing of alcoholic beverages to persons under 21 years of age on University-owned or controlled property, in University related housing for single students, or at University sponsored or supervised functions. Possession, consumption, or furnishing of alcoholic beverages by those, or to those at least 21 years of age is permissible only in such areas that the President may designate;

b. Disorderly conduct, including disorderly conduct resulting from drunkenness, occurring under the conditions of paragraph A-3 *(June 12, 1964)*;

c. Failure to disperse, to leave a University building, room or other premise, or to cease the use of loudspeakers, amplifiers, or other forms of noise after being given notice to do so by a person properly designated and identified as having authority from the President of the University to give such notice *(June 4, 1970)*;

d. Raiding of University related living units;

e. Violation of closing hour restrictions;

f. Violation of visiting hour rules;

g. Violation of any University rule approved by the Student Conduct Committee for the infraction of which sanctions may be imposed under this Code. (See Section III)

4. All rules approved by the Student Conduct Committee pursuant to paragraph 3 (g) shall be in writing and shall be published, distributed, or posted in such a manner as to furnish adequate notice of their contents to students affected by such rules. The University's failure to comply with this requirement shall be a complete defense to any charge of violation of a rule of which the student has no actual knowledge.

C. Sanctions

1. Sanctions which may be imposed for the commission of University offenses shall include the following:

a. Expulsion from the University;

b. Suspension from the University for a definite or indefinite period of time;
c. Disciplinary probation with or without loss of designated privileges for a definite period of time. The violation of the terms of disciplinary probation or the infraction of any University rule during the period of disciplinary probation may be grounds for suspension or expulsion from the University The parents of any student under 21 years of age who is placed on disciplinary probation, suspended, or expelled shall be so notified;
d. Loss of privileges:
   1) Restriction to campus living quarters,
   2) Denial of use of an automobile for a designated time,
   3) Removal from dormitory or other University housing,
   4) Loss of such other privileges as may be consistent with the offense committed and the rehabilitation of the student.
e. Admonition and warning;
f. Such other sanctions as may be approved by the Student Conduct Committee.

2. The sanctions of expulsion or suspension shall not be imposed except upon proper determination by the Student Court or the University Appeals Board. *(March 4, 1970)*

3. The General Policies, Violations, and Sanctions shall be printed and made readily available to all students. The campus newspaper shall be requested by the Student Conduct Committee to publish the same at the beginning of each school year.

D. Group Offenses

(Adopted by the Student Conduct Committee December 20, 1963 in Part II of the Code of Student Conduct, pursuant to Part I, E4 of the Code. Adopted as a part of Part I of this Code by the Faculty on February 5, 1964)

1. Living organizations, societies, clubs and similar organized groups are responsible for compliance with University regulations. Upon satisfactory proof that the group has encouraged, or did not take reasonable steps, as a group, to prevent violations of University regulations, the group may be subjected to permanent or temporary suspension of charter, social probation, denial of use of University facilities, or other like sanctions. *(March 2, 1966)*

2. All living organizations are responsible for compliance with University regulations on discrimination. Upon satisfactory proof that the group has encouraged, or did not take reasonable steps as a group to prevent violations of University regulations, the group may be subjected to permanent or temporary suspension of charter, social probation, denial of use of University facilities or other like sanctions. *(December 6, 1967)*

3. The determination that a group is liable to sanction under the foregoing Sections 1 and 2, and of the sanction to be imposed, shall be made by the University Appeals Board at a hearing held for that purpose. The president or principal officer of the group must be given a reasonable notice of the time and place of said hearing and of the nature of the charges. He or any other member of the group is entitled to attend and be heard at the hearing. *(March 4, 1970)*

4. Nothing herein authorizes the imposition of individual sanctions on any person other than in accordance with the Code of Student Conduct.

E. The Student Conduct Committee

1. The Student Conduct Committee, by faculty legislation and by delegation of the President of the University, is designated as the agency within the University which has primary responsibility for the student conduct program. The Committee shall be responsible to the faculty and the President of the University for recommending policies relating to student conduct, for formulating or approving rules and enforcement procedures within the framework of existing policies, and for recommending to the President of the University changes in the administration of any aspect of the student conduct program. *(March 4, 1970)*

2. The Committee shall consist of four faculty members and three student members, each appointed by the President of the University. Each student member shall serve for a period of one year with one member retiring at the end of each academic term (Fall, Winter, Spring). Members of the Committee may be reappointed. The President may appoint temporary members of the Committee to serve during a summer session or such other times as are necessary to assure full membership of the Committee.

3. The President of the University shall designate a Coordinator of Student Conduct who shall serve as Secretary of the Committee and assist the Committee in the discharge of its responsibilities. He shall coordinate the activities of all officials, committees, student groups, and tribunals responsible for student conduct.

4. All regulations or rules relating to student conduct that are established by any University official, committee or student group, and for which sanctions may be imposed in the name of the University, must be submitted to the Committee for approval. Fraternity, sorority, or cooperative "housekeeping" rules adopted by members for the internal management of the living unit are not considered University rules for the purpose of this Code.

5. The Committee may delegate jurisdiction to handle infractions of University rules to the Student Court and such other tribunals as may be established. With the consent of the President of the University, the Committee also may delegate such jurisdiction to appropriate University officials. In all instances such jurisdiction shall be defined by the Committee, ordinarily in terms of specified offenses, maximum sanctions, or designated living units. The Committee may, at its discretion, withdraw delegation of jurisdiction in any case and dispose of such case itself.

6. The Committee shall require from University officials and tribunals periodic written reports of the disposition of all student conduct cases handled under their jurisdiction. The gathering of such reports and their submission to the Committee shall be the responsibility of the Coordinator of Student Conduct. The Committee shall examine such reports for consistency with existing policies and, where necessary, review the reports with the appropriate officials or tribunals.

7. The Committee shall submit to the faculty and the President of the University each Spring term a written report covering the entire student conduct program, including an evaluation of existing rules, policies, and enforcement procedures. It shall recommend changes in policy to the faculty and the President and changes in the administration of the program to the President.

F. University Appeals Board (March 4, 1970)

1. The University Appeals Board, by faculty legislation and by delegation of the President of the University, is the final appeals body under the Student Conduct Code.

2. The Board shall consist of three student members recommended by the President of the ASUO, and three faculty members, each a member of the University community in good standing, and shall be appointed by the President of the University. A quorum shall consist of two students and two faculty members. Terms of membership shall be one year from the time of appointment. Members may be reappointed, but no member may serve more than two consecutive term. The President of the University may appoint temporary members to the Board to serve during such time as are necessary to assure full membership of the Board. The Board shall elect its own chairman.

3. In any case the Student Conduct Committee may appoint one of its members to serve as an additional non-voting member of the University Appeals Board. The presence of this member will not affect the Board's quorum.

4. The Board shall establish rules of procedure for itself; however, an affirmative vote of four members of the Board shall be necessary to overrule a decision of a lower court or to find that a violation has occurred in cases in which no lower court has made a decision. Inability of the Board to make an affirmative decision to overrule or find that a violation has occurred shall be deemed a decision to affirm or find no violation.

G. Student Tribunals

1. The President of the University shall appoint five members to a Senior Court Panel, no more than two of them from the faculty and the rest from the student body. The student members shall be recommended by the President of the Associated Students. The appointments will be for one year, but members may be reappointed and the President is urged to preserve continuity of membership from year to year. Senior Court Panel members shall be selected for their knowledge of the Student Conduct Program in general and for their understanding of the operation of the Student Court in particular.

The Senior Court Panel will select an impartial system for choosing a court for each case and will be responsible for formulating rules of practice and procedure in hearings under this Code. Such rules are subject to review and revision by the University Appeals Board.

2. The President of the University shall appoint a Panel of Associates. The size of this panel shall be determined by the Student Conduct Committee, but no more than one-third of its members shall be from the faculty. The student members shall be recommended by the President of the Associated Students.

3. A student court shall consist of three members, at least two of whom shall be students. One member of each student court shall be chosen from the Senior Court Panel, and this member will be the Chairman of the Student Court. The remaining members of the Student Court may be chosen from either the Senior Court Panel or the Panel of Associates. The jurisdiction of the Student Court shall be determined by the Student Conduct Committee, and the procedural rules will be established by the Senior Court Panel under the supervision of the University Appeals Board.

4. A student court shall decide on all matters of fact, on the ultimate question of whether the Code has been violated, and on the sanction to be imposed, by majority vote. Decisions on procedural matters (e.g. on the admissibility of evidence) will be made by the Chairman of the Court. The Chairman will also decide which are matters of substance and which are matters of procedure, though on such decisions he may well seek the opinion of the other members of the court before ruling. A decision of the Chairman of the Court under this section can be reviewed only by appeal to the University Appeals Board.

5. The Student Conduct Committee, with the assistance of the Coordinator of Student Conduct, may establish minor tribunals composed of students. When appropriate, University officials or faculty members may serve as advisers. No minor tribunal shall have jurisdiction to impose the sanction of expulsion or suspension.

6. No tribunal shall have any function except the enforcement of University rules or the performance of other duties which may be delegated to it by the Student Conduct Committee.

H. Records

1. The Coordinator of Student Conduct shall be responsible to the Student Conduct Committee for the maintenance of adequate records pertaining to the student conduct program.

2. These records shall include a report on the disposition of each disciplinary case. Such reports shall be submitted to the Coordinator of Student Conduct by every official, tribunal, court, or committee authorized to impose sanctions under this Code.

3. In order to accomplish these record-keeping responsibilities, the Student Conduct Committee and the Coordinator of Student Conduct may prescribe reporting procedures to be followed by those authorized to impose sanctions under this Code.

I. Amendments

1. The above Code may be amended only by action of the general faculty of the University of Oregon.

II. THE ADMINISTRATION OF THE CODE

A. The Student Court

1. The jurisdiction of the Court shall extend to all violations of the Code for which jurisdiction is not expressly given to the University Appeals Board.

2. The Court may impose any authorized sanction which is warranted by the circumstances of the case. Pursuant to Sections I.C.1. and I.E.5. this authority shall include the imposition of sanctions involving restitution for damaged, stolen or misappropriated property or money and the rendition of labor or services. Such sanctions should be employed only in cases where principles of restitution or rehabilitation render such sanctions peculiarly appropriate. This sanction may be in addition to other authorized sanctions.

3. The Coordinator of Student Conduct shall execute the decisions of the Court.

B. Rules of Procedure for Courts of Original Jurisdiction

1. Notice
Any student whose case is referred to the Student Court shall be notified of such referral in writing by the Coordinator of Student Conduct at least seven days before the hearing and shall be apprised in the notice of the charges against him. (See also II.F.8.) The notice shall be in the form approved by the Student Conduct Committee. A defendant may, in writing, waive the seven-day notice of hearing. During the hearing the defendant shall have the opportunity (a) to appear in person or through counsel, (b) to know the evidence against him, and (c) to present evidence and argument in his own behalf. The hearing will be closed to the public at the option of the defendant. In the resolution of factual disputes, the Court will hear the testimony of witnesses and otherwise seek the best evidence obtainable.

2. Outline of Proceedings

a. Defendant does not appear. A defendant may elect not to appear for a hearing. If, in writing, he agrees not to contest the case and, also in writing, waives a hearing, the prosecutor shall present the written plea and the facts and the court will dispose of the case. If the defendant does not agree in writing or does not waive a hearing in writing, but still does not appear personally or through his representative at the hearing, the Court will dispose of the case in the manner it believes is just.

b. Defendant is not reasonably able to appear. If the case is disposed of under paragraph II.B.2.a., and it is subsequently determined by the Court that the defendant was not reasonably able to appear and not reasonably able to give notice of this prior to or at the time of the hearing, the Court may set aside its disposition and set the case for rehearing. Notice of any re-scheduled hearing will be given the defendant in writing seven days in advance of the hearing.

c. Defendant appears personally or through counsel. If a defendant appears at a hearing, the charge against him shall be read in his or his counsel's presence. The defendant then shall state whether the charge is accurate and, if so, whether he has an excuse. If the defendant admits the facts as charged and offers no adequate excuse, the Court will proceed to determine the sanction. If the defendant does not admit the facts as charged or assert an adequate excuse, the hearing will proceed as follows: The student prosecutor will present the evidence he has obtained, the defendant or his counsel will present his evidence; the student prosecutor, the defendant (or his counsel), or the Court may ask questions. After it has been determined whether the defendant committed the offense as charged the Court will proceed to dismiss the case, or to impose the sanction, whichever is appropriate. Before imposing sanction, the Court will listen to any statement on behalf of the defendant. In addition the Court may conduct any investigation it believes is necessary to a fair disposition of the case.

3. Evidence

a. Hearsay evidence. All statements made out of court that are proposed to be used against the defendant shall be reduced to writing, and the defendant shall be given the opportunity to examine them. If he objects to the use of such statements within the time set in the Notice of Hearing that he receives, the statement will not be used. If he does not object within that time he will be understood to have waived his objection. If any other hearsay evidence is used at his hearing, the defendant may enter an objection based on the lack of opportunity to cross-examine at any time within the period established for appeals from decisions of the Court. If the objection is sustained the evidence will not be considered.

b. Other evidence. Except as provided in the case of "hearsay" evidence, any evidence that the Court believes is relevant is admissible.

4. Objections and motions
The Court may rule on objections and motions at the time they are made. However, the Court may reserve decision on an objection or motion, require that it be reduced to writing, and order that the proceedings continue.

5. Standard of Proof
No member of the Court shall vote that the defendant has committed the offense as charged unless the evidence is clear and convincing to him.

6. Decisions of the Court
Defendant's copy. A written copy of the decision shall be given to the defendant. If a sanction of expulsion, suspension, or probation is imposed, the decision shall advise the defendant of his right to appeal.

7. Appeal

a. A defendant may appeal from any decision by delivering to the Coordinator of Student Conduct within five days of receiving written notice of his right to appeal, a signed statement containing: (1) a statement that he appeals from the designated decision; and (2) a brief statement of the respects in which he considers the decision is wrong. The court of highest appeal is the University Appeals Board. The petition for appeal shall set forth a concise statement of facts which clearly establish the existence of one or more of the following exclusive grounds for appeal.

1) The sanction was unreasonable.
2) There is significant new evidence.
3) The court was biased.
4) The court lacked jurisdiction or misinterpreted the Code.

8. Prosecutors
The Coordinator of Student Conduct shall appoint, upon recommendation of a Committee comprised of one member of the Student Conduct Committee, one member of the Law School faculty, the President of the ASUO, and the Coordinator of Student Conduct one or more law students to serve as prosecutors for the Student Court and the University Appeals Board. The prosecutors shall prepare and present all cases which are to be heard in the Student Court or by University Appeals Board. The Coordinator of Student Conduct shall, following a preliminary investigation of his own, turn over to the prosecutors all cases which are to be heard by the Student Court or University Appeals Board. The prosecutors shall then prepare the case for hearing and may either present it to the Student Court or University Appeals Board or recommend to the Student Conduct Committee that it be dropped without a hearing.

9. Defender
The Defender shall be a second- or third-year law student appointed by the ASUO President on recommendation from

the previous defender, a representative of the Student Conduct Committee, and a member of the Law School Faculty. The appointment shall be subject to the approval of the President of the University. His function shall be to obtain counsel for those charged with violations of the Student Conduct Code who request him to do so.

10. Witnesses
The defendant or the prosecutor may call witnesses to appear before the Student Court or University Appeals Board. The party wishing to call the witness or the party's agent shall serve on the witness at least one full day before the trial a form procured from the Office of Student Conduct notifying the witness of the reason, time, date and place that he is to appear.

D. Minor Courts

1. There will be a system of minor courts of such numbers as may from time-to-time be found necessary by the Student Conduct Committee. Such courts shall have jurisdiction to determine cases involving alleged violation of Section I.B.3.a. through I.B.3.g. of the Code of Student Conduct. Such courts shall therefore have authority to impose only those sanctions referred to in subparagraph 1.c., 1.d., 1.e., and 1.f. of Section I.C. Pursuant to Section I.C.1.f. and I.E.5. the authority shall include imposition of sanctions involving restitution for damaged, stolen or misappropriated property or money and the rendition of labor or services. Such sanctions should be employed only in cases where principles of restitution or rehabilitation render such sanctions peculiarly appropriate. This sanction may be in addition to other authorized sanctions.

2. Each court shall have five members, with three being a quorum. Members shall be recommended by the President of the ASUO and appointed by the President of the University.

3. No court member may hear a case involving a member of his own living unit.

4. Student may appeal to the Student Court from a decision of a Minor Court imposing any sanction.

5. Rules or Procedure

a. Notice. A student charged with an offense under the Student Conduct Code shall be given written notice at least seven days before his case is to be heard. Notice shall be given by handing or sending by mail to the student Form B (Appendix II) filled out except for the blanks provided for "Finding," "Sanction," "Chairman of Court" and "Date of Hearing." A student may, in writing waive the seven-day notice of hearing. The notice may be filed and signed by the Coordinator of Student Conduct or by a dormitory resident assistant, in which case the Notice must be initialed by the Coordinator of Student Conduct. The original notice is to be given to the student charged and two copies are to be given to the court.

b. Hearing. The Chairman of the court shall read the charge and ask the parties if they are ready to proceed. If anyone requests a postponement of the hearing, the court will decide summarily on such request. If no such request is made, or it is denied, the hearing will proceed as follows: (1) The Coordinator of Student Conduct, or his representatives shall state the case against the student; (2) The student, or his representative, may answer; (3) If any facts are in dispute the parties, in turn, may introduce any relevant evidence and may question each other's witnesses; (4) The parties may each make a closing statement commenting on any evidence that has been introduced and making proposals in respect to the possible sanction.
If the student charged fails to appear without adequate excuse, the court shall ask for proof that he was duly notified and, if satisfied that he was, shall dispose of the case on the basis of the written charge and any statement that the Coordinator of Student Conduct, or his representative wishes to make.

c. Decision. When the testimony and statements of parties are concluded, the court shall retire to decide as to the facts and the sanction, if any, which should be imposed. Decision shall be by majority vote and must be based on matter brought out during the hearing. When a decision is reached, the Chairman shall complete all three copies of Form B by filling in the case number, the findings and sanction, his signature and the date. The findings should be limited to "guilty" or "not guilty" plus a very brief indication of any mitigating or aggravating factors. The sanction must be stated with sufficient specificity to enable it to be executed by one not otherwise acquainted with the court's thinking.

d. Announcement of Decision. As soon as a decision is reached, court shall be reconvened and the Findings and Sanction shall be read in the presence of the parties. The Chairman of the court shall hand the completed original Form B to the student charged and shall advise him orally that he may appeal within five days.

e. Appeal. A student may initiate an appeal from a sanction by handing to the Coordinator of Student Conduct within five days of the date thereof the original copy of Form B bearing his signed statement, "I appeal from this decision," and a brief statement of the respect in which he considers the decision is wrong.

E. Fraternity and Sorority Tribunals

1. Pursuant to Section I.E.4., the Student Conduct Committee hereby delegates to Panhellenic and Interfraternity Council the authority to establish rules regarding the conduct of their respective member groups and individuals off campus, these rules being subject to the approval of the Student Conduct Committee.

a. Pursuant to Section I.E.5., the Committee further delegates jurisdiction to handle infractions of such rules to Panhellenic Judiciary Board and Interfraternity Council Tribunal, respectively. Sanctions shall be imposed in accordance with Section I.C. Groups or individuals may appeal to the University Appeals Board decisions made under this delegation of jurisdiction.

b. Pursuant to Section I.E.6., Panhellenic Judiciary Board and Interfraternity Council Tribunal shall submit to the Coordinator of Student Conduct periodic written reports of the disposition of all cases handled under their jurisdiction.

F. General Procedures

1. All serious violations of the law and the Code will be immediately reported to the Coordinator of Student Conduct by any person who has knowledge of the commission of any such violation. For the purposes of this Code the reporting practices of those tribunals and individuals having responsibility for student conduct may be delineated by the Coordinator of Student Conduct.

2. The Coordinator of Student Conduct shall insure that the best interests of any offender are served, regardless of whether disciplinary action is taken, by making full use of appropriate medical, counseling and other professional services.

3. In those cases of violation of the Code involving psychological abnormality, mental illness, or other unusual circumstances, the Coordinator of Student Conduct may seek professional assistance and advice, and where appropriate, consult with the student's parents or guardian, or take other measure to assure a fair disposition of the case, provided that no sanction shall be imposed without the consent of the Conduct Committee.

4. Where the evidence establishes to the satisfaction of the Coordinator of Student Conduct that a referral to Student Court or University Appeals Board is justified and the case has not been disposed of under paragraph 2 or 3 above, the following procedure will govern:

a. The Coordinator of Student Conduct shall advise the defendant of the charges and the evidence against him.

b. The Coordinator of Student Conduct shall afford the defendant the opportunity to state informally or present evidence in support of his side of the case, including mitigating circumstances.

c. The Coordinator of Student Conduct shall refer the case to Student Court or University Appeals Board.

d. The conduct of hearing before the Student Court or University Appeals Board shall be governed by the established rules of procedure of the Court.

e. In extraordinary cases where the interests of the defendant or the University can best be served, the Coordinator of Student Conduct may refer the case directly to the University Appeals Board.

5. The Coordinator of Student Conduct shall maintain an adequate record of the history and disposition of each case to come before the Student Court and the University Appeals Board. The record shall include a summary of the evidence upon which the Court based its decision. This record will not contain names of defendants. A second file will be kept, listing defendants brought before courts alphabetically with cross-reference to the record of cases. Entries in this last file will be removed upon graduation or five years after leaving school.

6. In all instances involving a reported alleged violation of the Code where the Coordinator of Student Conduct does not refer the case to an appropriate tribunal for action, the Coordinator of Student Conduct shall make a full report of the basic facts and the reasons for the non-referral for judicial proceedings to the Student Conduct Committee.

7. The Coordinator of Student Conduct shall have full rights of membership on the Student Conduct Committee except; (1) he shall not vote and (2) he shall not be present during closed sessions unless requested.

8. The minimum notice of hearing may at the option of the Coordinator of Student Conduct be reduced to 24 hours during the last fifteen calendar days of each term. Any cases that cannot be handled under this provision will be considered holdover cases and will be brought before the tribunals at the earliest possible time.

9. Any person who is registered for one or more hours, or is in a special program approved by the University, is subject to the Code as a student.

10. Hearings on New Rules, Regulations, and Policies.

a. Upon receipt of a request for approval of policies, rules, and regulations pursuant to Section I.A.5. and I.E.4. The Student Conduct Committee shall give notice of such request to the **Oregon Daily Emerald** and such other publications as may be appropriate. The Committee shall prescribe the procedures for notice and hearing on the proposed rules. The Committee shall set a time not later than 14 days after receipt of such request for members of the University community to be heard, either orally or in writing, on the desirability of adopting the proposed rules and shall prescribe the manner in which such proposed rules shall be publicly posted prior to the time of the hearing.

b. The Committee, at any time after such rules have been approved may upon giving notice and an opportunity for interested persons to be heard, as provided in II.F.10.a. modify, amend, or disapprove any approved rules or regulations.

c. Recommendations to the faculty for amendments to Section I of the Code of Student Conduct shall be made only after holding a public hearing.

Policies and Procedures

Identification Cards

All students registering for credit, except for those who register at staff rates, will be provided a permanent Student Identification Card. The card, with photograph attached, must be presented at the time fees are assessed and registration materials are checked and collected.

Identification Cards will be issued and photos taken during registration weeks. The only copy of the photograph is appended to the identification card and gives the student greater assurance against misuse of his card by others.

The Student Conduct Code contains a provision which provides for expulsion or suspension or any lesser sanction for ". . . alteration, or misuse of . . . identification cards" (I.B.2.c.).

Housing Regulations

1. Students at the University of Oregon may select their own living arrangements, including University dormitories, cooperative houses, sororities and fraternities or private housing.

2. Enforcement of Dormitory Regulations: All residents are expected to abide by the regulations in the Student Conduct Code. In addition, residents are expected to be aware of and agree to abide by the dormitory regulations, which are considered part of the landlord-tenant relationship.

3. The Dormitory Governance Committee reviews all dormitory conduct rules, which are enforced by the Inter-Dormitory Standards Board and the individual hall advisory boards. For further information regarding housing rules and regulations, check with the Housing Office, Carson Hall.

Summary of University Parking Regulations

Vehicles cited for failure to display such permits are subject to a $4.00 penalty assessed by the University. **Reserved spaces are enforced 24 hours a day in all lots.** Parking permits may be obtained as follows:

1. At the beginning of each term, during academic registration and prior to payment of fees, parking permits may be purchased when the student registers and pays his fees.

Loading Zones: Persons having heavy or bulky packages or materials to load or unload may use limited time zones located throughout the campus. No permits are required to use limited time zones.

Copies of the complete University Parking Regulations are available during registration and in the Office of Campus Security, Alpha-Straub Hall. Parking penalty petitions are available at the Office of Campus Security.

Student Health Center

The student health services in the institutions of the Oregon State System of Higher Education are supported by student fees and such charges as are necessary. Every student registered for credit is entitled to all the services of the Student Health Center. Charges are made against the breakage deposit for prescriptions, X-ray, laboratory procedures, and services, such as immunizations and physical therapy, but every attempt is made to keep these as low as possible.

The Student Health Center offers the following medical care to University students:

1. General medical attention and treatment, including minor surgery (major surgery and other procedures requiring general anesthesia and specialists services are referred);

2. 15-day free infirmary care in the Student Health Center during one academic year;

3. 24-hour emergency service during regular school terms;

4. Routine laboratory procedures, including X-ray and clinical laboratory;

5. A pharmacy;

6. Limited psychiatric service on an out-patient basis, supervised by a psychiatrist;

7. Physical therapy (limited).

A copy of the policy is on file in the Office of Student Services, Emerald Hall.

Policy on Use of the Erb Memorial Union

The Erb Memorial Union is limited to use by University of Oregon students, faculty, and staff.

Individuals not members of any of these groups are welcome as guests provided that they abide by the policies of the Erb Memorial Union, the University of Oregon Code of Student Conduct, the laws of the City of Eugene, and the laws of the State of Oregon. Guest privileges may be revoked and student, faculty, and staff privileges suspended at any time by the Erb Memorial Union staff for violation of any of the above. If violators fail to leave the premises upon request, use privileges may be revoked or suspended and the violator may be cited and prosecuted under the ordinances of the City of Eugene, and Oregon Revised Statutes, including Section 164.460. Any person may appeal to the Student Administrative Board whenever he feels that his privileges have been unjustly revoked or suspended. (See also Activity Regulations, page 109.)

Copies of the Erb Memorial Union and University of Oregon Conduct Code policies are available at the Erb Memorial Union Main Desk.

Procedures for Use of Outdoor Space

Student organizations, the ASUO, and academic and administrative departments who desire to make temporary use of certain outdoor spaces on the University campus for programs which they are sponsoring must obtain prior permission from the Landscape and Open Spaces Subcommittee of the Campus Planning Committee. A memorandum describing the anticipated use to which the space will be put, the sponsorship, and desired dates of usage should be transmitted to the Calendar and Scheduling Officer in room M101 of the Erb Memorial Union. The Scheduling Officer will place the request on the agenda of the next sub-committee meeting. It is likely that the applicant will be asked to attend the meeting if it is anticipated that the request will bring about questions not answered in the memorandum.

It is necessary that all such requests be transmitted to the Scheduling Officer at least two weeks prior to the anticipated date of usage and release of publicity.

This procedure applies to all campus grounds, including that part of the old 13th Street bounded by Kincaid and University. The only exception to this procedure is for use of the block upon which the Erb Memorial Union is located. Approval for the use of the latter space must be obtained from the Student Administrative Board. (See also Activity Regulations, page 109.)

Campus Visitors

Visitors to the University are welcome, but are expected to abide by University regulations and the ordinances, laws, and regulations of the city, county, and state. A visitor who fails or refuses to obey regulations of the University, or an ordinance, law, or regulation of the city, county, or state, may be requested or ordered by a University official, designated by the President, to leave any part or all of any institutionally-owned or controlled premises and to remain away therefrom until specifically authorized to return. Any visitor not complying promptly with such request or order will be liable to the legal consequences for such noncompliance, including arrest and punishment for trespass and disorderly conduct.

Policy on Speakers Invited to Campus

The University endorses the principle that by definition it is a place of free inquiry. Without freedom to seek information in the library, in the classroom, in field studies, or in the words of campus speakers, the objectives of a university cannot be achieved. In accordance with this basic principle of freedom to seek information wherever it may be found, any registered employee group or any registered or recognized student group may invite to the campus any speaker the group would like to hear. The appearance of an invited speakers on the campus does not involve the endorsement of his views by the University.

Policy on Student Employment Interviews

The University believes that all prospective employers should be free to present their point of view and that all students should be free to determine whether they desire to listen to their presentations. The making of arrangements for the appearance of a representative of a prospective employer on the University campus is not an endorsement of the employer or his organization's policies by the University. This constitutes the application in this area of the same principle that has been applied in the area of campus speakers. Arrangements for employment interviews are made by the Career Planning and Placement Service and take into consideration: (a) The number of students who are likely to be interested in talking with the prospective employer, (b) any exhibitions which the prospective employer desires to display, and (c) whether or not the prospective employer desires to have a group meeting of interested students to be followed by individual interviews, or whether he is interested solely in individual interviews. Recruiting representatives of prospective employers, whether public or private, are treated equally.

Development and Utilization of Student Records

Higher education is concerned with the full development of the student and his potentialities. It is realized that individuals differ in ability, background, interests, social maturity, emotional maturity and goals. To plan educational opportunities to meet the needs of individual students and to counsel effectively with them the University must accumulate data and keep records. The personnel records enable the faculty and administrators of the University to understand the individual student better so that he may have more effective education and counseling assistance.

Thus, it is recognized that from the time a student enters the University and submits the required personal data for academ

and personal records, there is an implicit and justifiable assumption of good faith place in the University as custodian of these data. The University maintains a similar posture relative to subsequent data generated during the student's enrollment. Preserving the confidential nature of student records protects the individual's rights to privacy and enhances the effectiveness of the University's educational and counseling processes. Accordingly, the University intends to exercise care and concern in obtaining, recording, and disseminating information about students with duplication of records kept to a minimum.

The 1971 State Legislature enacted new legislation regarding student records. Pursuant to that legislation, only directory information (information generally needed in identifying or locating a named student) and objective evidence of the student's academic achievement (number of credits earned and degree(s) earned) may be released without the consent of the student. All other information contained in student records is considered personal and confidential and may not be released without the student's written consent.

For the complete University policy regarding student records, please refer to the Dean of Student Administrative Services (Emerald Hall), the Dean of Student Personnel Services (Emerald Hall), and to the *University Memos* (available January, 1973, in most departments).

Academic Grievances

"Students accused of cheating or plagiarism and faculty members making the accusation may, if they wish, bring their case to the Academic Standards Committee. The Committee will make any investigations it deems appropriate, and will make recommendations for the disposition of the case to the student and to the faculty member. These recommendations do not imply any authority, on the part of the Committee, to make binding decisions or to keep records other than a notation of the accusation itself. Such a record shall be maintained by the Committee on an annual summary that must be destroyed after four years."

Grievances should be referred to the Chairman of the Academic Standards Committee.

Policy on Police Services on the University Campus

(From University of Oregon Administrative Manual)

The University of Oregon, in terms of size and complexity, must, in many respects, be considered one of the larger communities in the state. It is, however, an integral part of the Eugene community.

Therefore, the University has adopted two basic courses of action in regard to the provision of police and safety services by the city of Eugene:

1. The Code of Student Conduct of the University of Oregon, adopted by the faculty in 1963, is structured on the assumption that all members of the University community are subject to the same city ordinances and state laws as are other citizens, and do not have any special status with respect to law enforcement because of their University affiliation.

2. The University recognizes the law enforcement and safety requirements placed on city resources by virtue of a large campus in its midst. Rather than maintain its own police force, the University relies upon the professional skills and resources of the Eugene Police Department, as well as other local government. It contracts with the city of Eugene for the augmentation of police and safety forces of Eugene so that they might better be able to discharge their responsibilities in an adequate way with regard to the University campus.

The additional personnel added to the Eugene Police Department by virtue of the contract payments between the University and the City of Eugene are not constituted as a special campus police force. They are subject to assignment in the same manner as the other members of the Eugene police force.

The University believes that police services and activities should be governed by professional standards, and should be conducted in accordance with the provisions of municipal ordinances and state law, subject to overall review by the courts. The University staff, therefore, is expected to rely solely upon the police services made available by the Eugene Police Department, and is not authorized to engage in police-type activities. The exceptions to this policy are those staff of the Office of Campus Security who serve as watchmen and who, while serving in this capacity, are deputized as special police deputies. In addition, the Office of Campus Security employs students to aid in the security and protection of University property. These student security personnel do not have police powers.

It is also the policy of the University of Oregon that no member of the University staff will cooperate in the carrying out of any actions that would violate the constitutional rights of any person connected with the University. If any member of the University staff has reason to think that the activities of a law enforcement agency or any other group would violate the constitutional rights of any member of the University community, the member of the University staff, whether or not he has been asked to participate in such activities, is requested to immediately call the situation to the attention of the President's office so that appropriate advice can be obtained or action taken in order to safeguard the rights of the individual or group concerned.

Policies Against Discrimination

Discrimination, Generally

(AR 42.510) There shall be no discrimination based on race, color, religion, national origin or sex in the (State) Department of Higher Education.

Discrimination in Employment

The University guarantees the prompt, complete, and impartial review of all complaints of discrimination in employment at the University. This policy must be followed throughout the University, and is the responsibility of all departments and of all University personnel. This policy embodies and is intended to implement explicit requirements of state and federal laws and executive orders of the President of the United States with regard to discrimination.

The University operates under a written Equal Employment Opportunity Affirmative Action Program, which is available from the Affirmative Action office.

Discrimination in Fraternities and Sororities

(AR 33.010) Recognition of any fraternity or sorority whose national charter requires local chapters to restrict their members on the basis of race, color or religion will be withdrawn, and no fraternity or sorority, the charter of which contains any discriminatory clause, will be recognized.

Membership in University fraternities and sororities shall not be dependent upon criteria based on race, color, or religion. The University has concluded that the implementation of the policies of the State Board can only be achieved when membership in the local chapter of a fraternity or sorority is determined by its active student members. Members, including both pledges and initiates, shall be selected by the active student membership of the local chapter from students who have satisfactorily met fraternity and sorority affiliation standards of the University, and shall not be subject to approval or veto by any outside individual or agency, including, specifically, local alumni, national officers, or members and alumni of other chapters. This principle does not deny the local chapter the right to counsel with and seek advice on membership matters from national officers, or others, but, the ultimate selection must rest with the chapter's student membership. Should it be determined, after a review of all evidence, that a local chapter of a national fraternity or sorority is not, in fact, following these principles, the University will withdraw recognition of the chapter.

Student Government

Associated Students of the University of Oregon

The Associated Students of the University of Oregon (ASUO) is the student government body, headed by an elected president, vice-president, and senate. Various other positions, such as committee chairmen, administrative assistants, and secretaries, are appointed by the presiednt and vice-president and are approved by the Senate. The ASUO is concerned with all aspects of student life, ranging from curriculum development, educational reform, student housing, and minority programs, to local and national issues that affect students. The ASUO is the students' official voice in University affairs and operates under the authority of the ASUO Constitution and By-Laws, copies of which are available in the ASUO office, EMU 308.

ASUO Executives

The ASUO Executives are responsible for an annual budget in excess of $880,000 involving undergraduate and graduate programs which may be classified as follows: Administrative, Cultural, Educational, Environmental, Legal, Recreational, Community Service Projects, and Student Unions and Minority Programs. A large percentage of the student incidental fee is allocated to the Erb Memorial Union and to the Athletic Department, and the **Oregon Daily Emerald.**

The ASUO Executives recommend the appointment of student members to the numerous regular and *ad hoc* official committees that serve the University and its administration.

The ASUO Executives are responsible for maintaining an office of Legal Services and providing for a Legislative Lobby through student legislative coordinators.

The ASUO executive offices are located in EMU 308, extension 3724.

ASUO Senate

The ASUO Senate is the "Legislative" or policy-making branch of the ASUO. The 45 members are elected, the majority in the Spring, (By-elections are held in the Fall and Winter) and represent the student body through four categories: Residence (dormitory, Greek, Off-Campus and married student housing): Class, Academic Areas, and Ethnic/At-Large Constituencies. (The University of Oregon is one of a half-dozen in the nation with ethnic representation on this pattern.)

Meetings are held generally every other Thursday and are open to the public. Any student may bring issues before the Senate by contacting the President of the ASUO Senate (Room 311) prior to the meeting. The Senate has eight standing committees or bureaus —Governing, Fiscal, Higher Education, Community Affairs, Public Relations, Senate-Faculty Liaison, Legal Affairs and a Constitution and By-Law Committee.

Non-senator students may be appointed to these committees by the ASUO Senate President, EMU 311, extension 3728.

Student Administrative Board

In an attempt to recognize and make use of student input into the administration of the University and student affairs, the faculty and administration have delegated to the Associated Students of the University several major responsibilities.

Among these are:

1. to develop and carry out policies relating to student organizations and on-campus extracurricular activities;

2. to grant or withdraw recognition or registration to student groups;,

3. to develop criteria to guide the University Calendar and Scheduling Officer in scheduling campus events and programs;

4. to authorize the use of the University name, its buildings, property, and facilities by student groups;

5. to develop and carry out policies governing fund-raising activities among students on campus. These policies are subject to the requirement of the Oregon State Board of Higher Education that the President approve all fund-raising activities or solicitations on the University campus or involving the University community.

As with all delegated responsibilities, each of these is subject to the policies or administrative arrangements which have been previously established or which may be subsequently established by the President and faculty, respectively.

To administer these responsibilities effectively, the Associated Students of the University of Oregon established in January 1968, the Student Administrative Board. It is the responsibility of this Board to develop and maintain, within the above stated guidelines, the decision-making responsibilities delegated to them. The Board is a student-faculty committee under the Executive Office of the ASUO. There are 14 student positions which are filled through nominations made by the Board itself to the ASUO Student Body President. In addition, there are two voting members of the faculty, appointed by the University President, as well as four ex-officio non-voting members—the Director and Associate Director of the Erb Memorial Union, a representative of the Office of Student Services and a representative of the ASUO Senate. Students interested in participating on this administrative board should contact its chairman relative to the dates of appropriate interviews. The offices are on the third floor of the Erb Memorial Union. Details of the Board's rules and procedures are available there also.

Summary of ASUO Constitution and By-Laws

ASUO Constitution

Incorporated in 1923, the ASUO includes as members all registered students at the University of Oregon who have paid the student incidental fee. The ASUO Constitution has 14 articles describing the qualifications of the members, officers, their election, duties and responsibilities, and recall procedures. Also included are details initiating the judiciary branch of student government, together with criteria dealing with referenda and initiative measures and amendments to the ASUO Constitution.

Officers of the Association include elective executive (President and Vice-President), elected legislative (45 Senators), and appointed judiciary—the Constitutional Committee, which is the Supreme Court of the Association. Any qualified student (By-Law details) may run for any office, providing there is no conflict of interest in regard to each office.

The President of the Association (or, in his absence, the Vice-President), is responsible for the administration of all legislation (passed by the ASUO Senate), all nominations of students to regular standarding and ad hoc student-faculty committees, for the preparation and execution of the ASUO annual budget and for all matters of concern for the general welfare of the members of the Association.

The ASUO Senate is the legislative or policy-making branch of the ASUO. The 45 members are elected, the majority in the spring general election (together with the ASUO President and Vice-President). By-elections are held in the fall and winter terms in constituencies where positions are open. The Senate includes four electoral divisions, representing the Association through residence, class, academic areas, and ethnic group membership (at-large constituencies).

The ASUO Executive appoints a Controller, or "financial manager" of the ASUO, who is responsible for the preparation, compilation, administration and execution of the ASUO budget.

Each ASUO agency is headed by a paid director and staff, who are responsible for the financial administration and services of the program.

The "oath of office," resignation procedure and specific qualifications of officers (undergraduates shall be currently registered for twelve hours, graduates for six hours of academic credit) are prescribed in the ASUO By-Laws, as are the duties of the Senate President and the duties of the Senate. Censure and impeachment of officers (grounds for, procedures and penalties) carry the ultimate sanction of removal from office.

The election of student body officers and Senators is described in Article V. The ASUO Vice-President is specifically responsible for the presentation and execution of the election procedures. A general election is held during the spring term, when the ASUO President and Vice-President, delegates to IUS (the Interinstitutional Union of Students), and OSPIRG (Oregon Student Public Interest Research Group), are elected. All ASUO Senators (except freshman class senator and at-large senators, who shall be elected in the fall by-election) are also elected. The new Senate shall elect its President, who shall be confirmed in the fall and/or winter. Vacant Senate seats shall be filled in the fall/winter through the by-election process.

Class elections will be held annually, and the Panhellenic (Sorority) and Interfraternity Councils shall also be elected.

An Elections Court is appointed by the ASUO President, to hear and adjudicate all violations of the election rules. It has the power to impose sanctions, but final authority over such decisions and the election results resides in the ASUO Senate.

The supreme court of the ASUO is the Constitution Committee, which has the ultimate authority for the interpretation of the ASUO Constitution and By-Laws.

The ASUO By-Laws may not be suspended, but amendments may be passed by affirmative vote of two-thirds majority of the Senate. Such amendments are subject to ASUO Presidential action, pursuant to Article V, Section VI of the ASUO Constitution.

The Senate is responsible through its committees (details in the By-Laws) for all ASUO legislation, for the approval of executive appointments, for investigation of ASUO affairs, for impeachment of ASUO officers. It has jurisdiction over the ASUO election rules and class and ASUO functions, and, during the summer session, is represented through its Executive Committee.

The ASUO Vice-President has specific responsibility for the preparation and execution of the ASUO Elections, and for all matters delegated him by the President of the Association.

ASUO By-Laws

The ASUO By-Laws specify the general duties and responsibilities of student government outlined in the ASUO Constitution.

The ASUO Senate is served by:

1. Four standing research committees:
   a. Governing—concerned with student welfare and conduct and executive appointments;
   b. Higher Education—concerned with academic requirements and reform, scholastic deficiency and admission policies;
   c. Community Affairs—concerned with University and community functions;
   d. Fiscal—concerned with the ASUO program budget, Athletic Department and EMU budgetary allocations and fiscal appropriations.

2. Two joint administrative committees:
   a. Legal Affairs—responsible for administering the ASUO Legal Program;
   b. Constitution and By-Law Committee—responsible for regular examination of those documents and for advising the Executive and Senate of its implementation or needed revisions.

3. Two bureaus dealing with public relations, with the students, faculty and the community:
   a. Senate-Faculty Liaison
   b. Public Relations Bureau

The Senate Executive Committee, appointed from within the Senate, represents the general Senate through the summer session.

Students who have not been elected as Senators may be appointed to these Senate committees by the ASUO Senate President. In addition, there are over 200 student positions on various standing and *ad hoc* student-faculty committees which serve the University administration and faculty.

Activity Regulations

REGISTRATION AND RECOGNITION OF STUDENT ORGANIZATIONS

A. Registration of Organizations

1. The status of Registration is available to groups or organizations which are organized independently from any University sponsorship or affiliation. Registration of Organization grants to a group the right to use University facilities and services only through the sponsorship of a student member of that group. Registration does not grant any rights or privileges not listed above; i.e., Registered groups may not use the name of the University in connection with their organization or program.

2. Registration is achieved by filing the appropriate application form in the Administrative Office of the EMU. A copy of the form will be filed in the S.A.B. Office.

3. In applying for registration, the group agrees:
   a. to accept such regulations and administrative procedures as may be necessary to protect the essential functions of the University, to allow an equitable sharing of time and space, and to assure the reasonable health and safety of the community;
   b. to sign the Non-discrimination Statement, and to attach to the application a copy of its membership selection procedures;
   c. to provide the S.A.B. with a copy of its Statement of Purpose;
   d. that the student authorized by it to schedule facilities in the name of the group is personally responsible for all debts incurred for the use of University services and facilities;
   e. to furnish the University, in writing, the name(s) of a person or persons who can represent the group for the purposes of communication between the University and the group, these names to be made available once per year and/or as changed by the organization;

   additionally, the group understands:
   f. that registration of groups does not mean that the University supports or adheres to the views held or positions taken by registered groups;
   g. that responsibility for any actions which violate federal, state, or local laws or ordinances must be assumed by the individual group;
   h. that registered groups may not establish Trust Funds, or

B. Recognition of Organizations

1. The status of recognition is only available to groups or organizations with direct affiliation or sponsorship by a University school or department, or by the ASUO. Recognition grants to that group the right to use University facilities and services in the name of the group, and to identify themselves with the University.

2. Recognition is achieved by applying for that status to the Student Administrative Board.

3. In applying for recognition the group agrees:
   a. to accept such regulations and administrative procedures as may be necessary to protect the essential functions of the University, to allow an equitable sharing of time and space, and to assure the reasonable health and safety of the community;
   b. to sign the Non-discrimination Statement and provide the S.A.B. with a copy of its membership selection procedures;
   c. to provide the S.A.B. with a copy of its Statement of Purpose, and Constitution and By-laws (if available);
   d. to provide the S.A.B. with a list of charter members, and a list of officers of the organization (the officer list to be updated yearly and/or as changed by the organization);

   h. that in the event that the group holds a fund-raising event, or co-sponsors a fund-raising event, the sponsoring department will assure the S.A.B. that the funds raised will be used for the purposes stated in the fund-raising application, and that all rules regarding fund raising will be followed;
   i. that recognized groups may establish Trust Fund Accounts with the Erb Memorial Union, in order to purchase by requisition, and receive the accounting services of the EMU;

C. Organizational Meetings

A group or organization may, subsequent to initiating action to seek either recognition or registration, schedule three meetings in the Erb Memorial Union or elsewhere on the campus, for the purpose of organization only.

3. failure to submit yearly:
   a. list of officers by a recognized group
   b. name of contact person by registered group

E. Withdrawal of Registration/Recognition

1. Withdrawal of Registration—the S.A.B. may withdraw registration from a group whenever the conditions of the registration application are violated. Prior to this action, the Board will give the organization the opportunity to take corrective steps and will reach its decision following a hearing on the nature of the violation and the effectiveness of remedial efforts.

2. Withdrawal of Recognition—The S.A.B. may withdraw recognition from a group whenever the conditions of the recognition contract are violated. Prior to this action, the Board will give the organization the opportunity to take corrective steps and will reach its decision following a hearing on the nature of the violation and the effectiveness of remedial efforts.

3. Whenever a registered or recognized student group, or individual representing a registered group, violates the rules and policies of the University or of the Oregon State Board of Higher Education, that student group or individual may be liable to action by the Student Conduct Committee. (See The Code of Student Conduct.)

   b. loss of fund-raising privileges,
   c. loss of use of University facilities and services,

A. It is not the purpose or intention of the University, the Student Administrative Board, or this document to circumscribe the rights of the student as a citizen or individual. Similarly there are no limitations on the freedom of speech or expression of any student group recognized by the Student Administrative Board, of the members, or of any speaker sponsored by the group. It is the responsibility of all groups recognized by the Student Administrative Board to be aware of all federal and state statutes applicable to their activities and it is further the responsibility of these groups to take such steps as are necessary to insure compliance with all applicable statutes.

B. No action, activity, event, or program may either by intention or default, physically interfer with any program, meeting, or event of any other organization. Examples of such interference are:

1. Prevention of a speaker from speaking.
2. Prevention of the audience from hearing or seeing the speaker.
3. Obstruction of entrances or exits.

C. The Free Speech Platform, located on the Erb Memorial Union Terrace, may be used at any time by any group or individual for the purpose of free speech.

1. The Free Speech Platform may be used on a first-come/first-served basis. No organization may schedule this area.

2. The right of free speech may not spare the speaker from legal action if the substance of the remarks are found to violate the legal rights of others. Use of the Free Speech Platform does not accord speakers immunity from legal action.

3. The essence of the right of free speech is the freedom of the speaker to make his statement. Both the speaker and the audience are entitled to proceed without being subjected to physical violence. Persons deliberately engaging in acts of violence may be subjected to removal from the premises and prosecution under the law.

4. The Free Speech Platform is a tangible affirmation that we, the students of the University of Oregon, believe that the exchange and objective evaluation of ideas is a primary factor in the preservation of a democratic society. Our purpose in providing the Free Speech Platform is to provide for the communication of ideas which might not otherwise have a source of public expression.

D. Dissemination and Distribution of Printed or Duplicated Materials.

7. All material sought to be posted in restricted posting areas must have the identity of its sponsorship appearing on its face.

8. A special rack is provided in the Erb Memorial Union lobby for the distribution of free duplicated or printed material, and may be used at any time by any group or individual as long as space is available. Material placed in the rack must have the identity of sponsorship appearing on its face.
