

# TIME SCHEDULE OF CLASSES AND ACADEMIC REGULATIONS

## REGISTRATION INSTRUCTIONS

**Start\*:** Inside the northwest door of McArthur Court, pick up one blank card form and go upstairs in the north balcony hall to fill it out completely. Go on through balcony and down to lower east hall, to tables where Registrar's clerks check these first cards for completeness, and retain them. Here you are issued registration material consisting of blank Study Program and Class Cards and Cashier's Card, the Dextragraph or photostatic copy of your official record, and a Schedule of Classes (this booklet).

**Adviser:** Now go to your Faculty Adviser, probably located at a table on the main floor of the Court. (New students first fill out a card for the Dean of Men or Women, and are directed to their Adviser as they enter the south door of the Court.) He assists you in choosing courses and filling in your registration blanks, and then signs your Study Program as his OK.

**Courses:** Proceed to the department clerks in charge of each of the courses you have chosen. They take from you the proper Class Card, and place the Dept. OK on your Study Program as your official registration in that course. (Note: After this you cannot cancel a course registration by simply crossing the course off your Study Program, but must have the same Dept. OK placed in the "Grade" column of the Study Program.) All undergraduate men must have their Study Program OK'ed by Physical Education and Military clerks, in the lower right hand corner.

**Housing:** Go to the Housing checkers, for their OK.

**Check:** Loan your Study Program to the Registrar's checkers, who inspect it for general completeness and explicitly for Adviser's OK, Dept. OK's including Physical Education and Military for men, Housing OK. They initial it as "Checked."

**Fees:** Go on to the Cashier's fee writers who enter your registration fees on your Cashier's Card which they retain. They send you on to the cashiers in the cage, who take your fees and also your completed Study Program and your Dextragraph. You now are registered in the University.

\* This description applies to an undergraduate registering on a regular registration day at the beginning of Fall Term. Variations in the starting place are as follows:

New Undergraduates: on Fall Term registration days go first to McArthur Court; if later, begin at the Registrar's Office in Johnson Hall.

Old Undergraduates: begin at McArthur Court if registered for the last preceding term; if not registered last term or if registering late or if you hold a University loan, go first to Johnson Hall.

Graduates, Auditors: begin at the Registrar's Office in Johnson Hall.

Only on regular registration days are the various officials and clerks grouped in McArthur Court, and late registrants must go to their respective offices around on the campus.

## UNIVERSITY OF OREGON

# ACADEMIC REGULATIONS, 1943-44

### 1. PENALTY FOR LATE REGISTRATION.

Students failing to register on the regular scheduled registration days pay a late registration fee of \$1.00 for the first day and \$1.00 for each additional day until a maximum charge of \$5.00 is reached.

### 2. ADMISSION TO CLASS.

Instructors receive a class card for each student enrolled in their courses. They do not admit to their classes students for whom they have no class cards.

### 3. CHANGES IN REGISTRATION.

a. If a change in the original term registration is found to be desirable, the student applies to the Registrar for an official change card, obtains the approval of his adviser, personnel dean, and instructors, and then files the card with the Registrar.

b. A fee of \$0.25 is charged the student for each change card filed.

c. No student is permitted to add a subject later than two weeks from the date of the last regular scheduled registration day.

d. No student is permitted to drop a subject after the fifth week of the term.

### 4. CHANGES IN CREDITS SCHEDULED.

No change may be made in the number of credit hours specified for the various courses as indicated in the official catalog, except in such courses as may be designated by a school as available for additional credit for a superior student. Such additional credit would be registered under courses numbered 305, 405, or 505, and the possible minimum and maximum hours designated.

### 5. MAXIMUM AND MINIMUM REGISTRATION.

a. No student is permitted to register for less than 12 nor more than 19 hours per term without the approval of the Academic Requirements Committee and his adviser. Furthermore, he may not register for more than 19 hours unless his grade point average for the preceding term is at least 3.00.

b. No student shall receive more than 17 hours credit in any term unless he has a grade point average of at least 2.50 for that term. No student shall receive more than 19 hours credit in any term unless his grade point average is at least 3.00 for that term.

### 6. SCHOLARSHIP REGULATIONS.

The administration of the regulations governing scholarship requirements is vested in the Scholarship Committee of the faculty. This committee has discretionary authority in the enforcement of rules governing probation, and also has authority to drop a student from the University when it appears that his work is of such character that he cannot continue with profit to himself and with credit to the institution. In general, profitable and creditable work means substantial progress toward meeting graduation requirements.

a. A lower division student is automatically placed on probation if his grade point average for any term is below 1.50. He is not released from probation until his grade point average for a subsequent term is at least 1.75.

b. An upper division student is given written warning if his grade point average falls below 2.00 in any term. He is automatically placed on probation if his grade point average for any term falls below 1.75 or his cumulative grade point average below 2.00. He is not released from probation until he has made a term grade point average of at least 2.00 and a cumulative grade point average of at least 2.00.

c. A certificate of eligibility must be obtained from the Dean of Men or Dean of Women before a student can qualify for an elective or appointive office in any student, extracurricular, or organization activity. Scholastic probation automatically removes a student from any such office, and prevents him from participating in any such activities while he is on probation (except as provided in "e" below).

d. No student who has been in residence six terms, or equivalent, is eligible to hold any elective office or to accept an appointment in a student activity unless he has attained upper division standing. The meaning of the term "elective office" is to be interpreted by the Scholarship Committee.

e. The rules of the Pacific Coast Intercollegiate Athletic Conference govern in all questions of athletic eligibility.

f. Students who have been suspended or expelled are denied all the privileges of the institution and of all organizations in any way connected with it, and are not permitted to attend any social gathering of students, or to reside in any fraternity, sorority, or club house, or in any of the halls of residence.

## 7. GRADES

The grading system consists of four passing grades, A, B, C, D; failure, F; incomplete, Inc.; withdrawn, W. A denotes exceptional accomplishment; B, superior; C, average; D, inferior. Students ordinarily receive one of the four passing grades or failure. When the quality of the work is satisfactory but some minor yet essential requirement of the course has not been completed, for reasons acceptable to the instructor, a report of incomplete may be made and additional time granted. Students are officially withdrawn from a course on filing the proper blanks at the Registrar's Office in accordance with University regulations.

## 8. REMOVAL OF INCOMPLETE.

An incomplete must be removed within one calendar year after the receipt of the mark.

## 9. GRADE POINTS.

Grade points are computed on the basis of 4 points for each term hour of A grade, 3 points for each term hour of B, 2 points for each term hour of C, 1 point for each term hour of D, and 0 points for each term hour of F. Marks of Inc. and W. are disregarded in the computation of points. The grade point average (GPA) is the quotient of total points divided by total term hours in which grades (A, B, C, D, and F) are received. Grade points are computed on all work which the student does as an undergraduate, including transferred hours, correspondence study, and special examinations but excluding no-grade courses.

## 10. HONOR ROLL.

At the close of each term the Registrar issues a list containing the names of all students who for the term have completed at least 12 hours with a grade point average of 3.50 or above.

## 11. STUDENT CLASSIFICATION.

Students are grouped in classes on the basis of term hours earned and recorded in the Registrar's Office. Thirty-six term hours are required for sophomore standing, attainment of the junior certificate is required for junior standing, and 129 term hours (in addition to all requirements for junior standing) are required for senior standing.

## 12. JUNIOR CERTIFICATE REQUIREMENTS.

The group requirements are:
