During the academic year, this schedule is rotated to afford students an opportunity to register early one term. You are encouraged to complete your registration on date and time specified. If because of conflict, you are unable to register at time scheduled, you may register any time after your scheduled time.

Assignment to Classes

Unless specifically exempted in the Notes Column of the time schedule, registration for all courses will be accepted on a first-come-first-served basis. However, acceptance into sections of multi-section courses may be controlled to assist in achieving a balanced enrollment in all sections offered.

Be careful to check the notes of all courses in which you plan to enroll to insure that you meet the requirements

and conditions for enrollment in that class. For example, courses limited to majors frequently require instructor's or departmental permission and are coded I. A course noted as "preference to majors" is open to a limited number of non-majors who meet course prerequisites on a "first-come-first-served" basis.

Most classes will be over-enrolled to take into consideration enrollment reductions because of early withdrawals. If a section or course is listed on the Closed Section Board, you should plan to enroll in an alternate course, since there will be little or no opportunity to add your preferred course at a later date. If, as a graduating senior, you experience difficulty in registering for a course required for graduation see the Registrar's staff for assistance.

Advanced course reservation is limited to courses for majors only and students in the second or third terms

of bonafide sequence courses. If you believe you are eligible for any course reservation, check with the appropriate departmental office in advance of registration.

Departments have been instructed to honor course enrollment requests only upon presentation of a Registration Packet. Packets will be issued to all students at their scheduled time if they are eligible to enroll. If no packet has been prepared for you, go to the Registrar's Table in McArthur court for assistance.

NOTE: The University reserves the right to cancel courses listed in the Time Schedule for which there is insufficient registration to justify their being offered or continued.

- Pick up all credit cards (NDSL, EOG, Need Grant, etc.) at the scholarship desks (if applicable). (See page 5 for locations.)
- Report to the Deferred Tuition table with official plastic I.D. card, Certificate of Registration, assessed tuition card and University of Oregon credit cards.

In computing the student's maximum Deferred Tuition eligibility all University of Oregon credit cards will be deducted from tuition assessed. Two-thirds of the balance may be deferred. When extreme student aid needs are revealed, unrestricted credit cards will be exempt from above computations.

If a student paid his tuition in part with a Deferred Tuition Loan prior to the availability of his University of Oregon credit cards and later receives his credit card, this credit will first be applied to the student's Deferred Tuition Note. If in excess of note and service charges, the student will receive the difference in cash. When extreme student aid needs are revealed, unrestricted credit cards will be exempt from above credit application.

- Student will be given the Deferred Tuition Loan for presentation to Cashier when paying tuition.

4. Other Student Aid:

Should this Deferred Tuition Loan Program not meet your immediate needs for paying tuition, check with the Office of Student Financial Aid, 270 Oregon Hall, for other possible resources.

FINANCIAL AID

1. **National Direct Student Loans (NDS)** Students receiving NDS loans must have their tuition assessed and sign for their loan at the National Direct Loan table. See table on page 5 for location and time. The NDS credit card may be used to pay student's tuition, but cannot be cashed unless it is used to pay tuition or with presentation of tuition paid receipt.

2. **Guaranteed Student Loans (G.S.L.)**

Students receiving G.S.L. checks must have their tuition assessed before signing for their loans at the Office of Student Financial Aid, Room 270, Oregon Hall.

These checks can be used for tuition payments. (Students enrolled and using proceeds from a Guaranteed or Federally Insured loan and who withdraw may have any refund to which they are entitled sent to their lender to be applied as a credit against their loan principal. If a student wishes to exercise this option such a request must be made at the Office of Student Financial Aid at the time of withdrawal.)

3. **Credit cards—Scholarships and Grants (including foreign students)**

a. These awards will be at the Scholarship table. See table on page 5 for location and times.

ACADEMIC ADVISING

Every new (first time attendance at the University of Oregon) freshman or transfer student must consult with an academic adviser before registering. *New undergraduate students are required to present a program signed by their adviser when their registration materials are checked.*

Group advising meetings will be held at time and places listed under Advising Coordinators in this section and on your Statement of Admission (some rooms have been changed so please go to the room listed under Advising Coordinators). These meetings will include information about academic requirements and advising as well as information on how to obtain your permanent faculty adviser. Every new student should attend one of these meetings unless he attended the summer freshman registration. A special meeting for students who registered in the summer is scheduled for 10:00 a.m., Tuesday, September 23. NOTE: Elementary Education students should go to the School of Education, but secondary education students should first go to their academic department and then to the secondary education meeting at 8:30 p.m.

Students who miss these meetings should report to the Advising Coordinator in their major department for an adviser assignment (the locations of Advising Coordinators may be obtained in the departmental main offices, which are listed in the Time Schedule of Classes at the beginning of each department's course offerings; the "Pre-Liberal Arts: Undeclared" office is in 107 Friendly). E.O.S. students who miss the evening meeting should report to 105B Friendly on arrival.

Students attending the University as nonmatriculants are invited to the Office of Academic Advising (107 Friendly, ext. 3045) for course programs and long-range academic planning.

New graduate students should report to their department for assignment to an adviser. Returning students should go directly to their previously assigned adviser if they wish to discuss their programs.

Students wishing to change their major adviser should confer with the department of their new major and follow the procedure necessary to change their records (see page 113).

Students who have reached 90 credit hours should confer with their academic adviser to check progress toward their baccalaureate degree.

The following list indicates the various advising coordinators in the department majors and the location of the Fall Term meetings.

Spring Term 1975	Fall Term 1975	Nothing	Registrar
Winter &/or Summer 1975	Fall Term 1975	*Re-Enrollment Card	Student

* When a student interrupts attendance, a re-enrollment card must be filed to obtain registration materials. Re-enrollment cards are available at the Office of the Registrar. Notification of intended return to the University must be received by the Registrars' Office at least 30 days in advance of the registration period.

Spring Term 1975	Fall 1975	*Intent to Re-Enroll	Student
Summer 1975	Fall 1975	*Intent to Re-Enroll	Student

For Exceptions see Below

* A student completing an advanced degree must obtain authorization to continue the following term in a graduate program. This is accomplished by the student's submission of a "Permission to Re-register" form via your Major Department.

Note 1. University of Oregon bachelor degree recipients who are continuing must complete and receive formal admission to Graduate School to insure a registration packet. (See Table above.)

Note 2. Since the graduate program is under an enrollment limitation it is the students' responsibility to inform the Graduate School and appropriate department of their intentions to attend school Fall Term 1975, by filing an "Intent to Re-Enroll" form with the Graduate School.

Note 3. Graduate students admitted for Summer Session, who intend to re-enroll Fall Term, must submit an "Intent to Re-Enroll" form with the Graduate School. Those who were not admitted to an advanced degree program but attended Summer 1975 and desire to continue Fall 1975 must submit an application to their Major Department for graduate admission to obtain registration material.

Note 4. If for any reason your registration has been interrupted for a term or more and not covered by authorized leave, you must be re-admitted by submission of the "Permission to Re-register" form to your Major Department one month prior to the beginning of the term you plan to attend.

ADDRESS REQUIREMENTS

Each student registering at the University is required to file a home address and a "campus address" if different. In an effort to reduce the number of times that an address card must be prepared, students are requested to furnish address information that can be stored centrally.

1. If your campus or home address is currently included in the central file they will appear on the preprinted registration forms. If correct, no further filing of addresses is required.

2. If one or both of the required addresses are missing or incorrect proceed as follows:

A. Campus Address: If you are living on campus in a University dormitory, private dormitory, Cooperative, Fraternity, or Sorority, find your living unit in the listing on Part A of the registration form. Mark its code and your room number (if any) in the appropriate sections.

If you are living off-campus file an "Off-Campus Address Sheet" as described in the next paragraph.

B. Off Campus Address:

1. Obtain an "Off Campus Address Update Sheet" for each separate address you must file.

2. In the upper left corner are a group of boxes describing the type of addresses included on the sheet. If the address being reported is your home address only, mark the home address box. If it is also your U of O address, mark this box also. The boxes marked should fully describe the address coded on this single sheet.

3. Each sheet must also have your student body number (Social Security Number) printed and gridded in the "Student Number" block in the lower right corner of the sheet.

4. Each block used must be complete, e.g., when entering your street address in the middle block make certain that the complete address is gridded.

5. Any data block on the form which is not relevant to the address being submitted may be omitted, e.g., if there is no telephone at this address, the "Telephone No." block can be ignored.

6. Each grid area consists of one to three columns alternately shaded and clear, and represents a coding area for one number or letter. There should be one mark only in a single grid area. Each grid area contains all or part of the following:

A	N	0
B	O	1
C	P	2
D	Q	3
E	R	4
F	S	5
G	T	6
H	U	7
I	V	8
J	W	9
K	X	1/2
L	Y	
M	Z	

To complete the gridding, print the letter or number above the grid area and then mark the corresponding character from one of the three vertical areas immediately below.

7. If your Registration Form Part I shows an incorrect address, you may correct it by filing a new Address Update Sheet which includes the address description, your student number (Social Security Number) and only those address data areas which must be modified.

8. When completing the mailing instructions on Part A of registration form for grades and fee deposit refunds, make certain that you have on file, or are filing, addresses matching the ones you have designated.

ACADEMIC MAJOR

Your official major is listed on your registration form. Any change in school/college or major will be governed by procedures printed on page 113.

CREDITS

- Defined as "hours," term hours or quarter hours. One hour equals two-thirds of one semester hour.
- Method of earning credits at University of Oregon
 - Term registration at University of Oregon
 - Transfer from other accredited institution (credit from two year schools is limited to that earned within the first 108 which apply toward a degree)
 - Division of Continuing Education
 - "Concurrent Registration" without extra fees at more than one division of State System of Higher Education
 - Course challenge

(For details on Concurrent Registration or credit by course challenge, contact Office of the Registrar.)

Undergraduate: Maximum of 21 credit hours. Normal load is 15 to 16 hours per term. Exceptions to the 21 hour maximum may be granted with the approval of the Head Advisor of the major department up to 24 hours. Enrollment in excess of 24 hours must be by petition to the Academic Requirements Committee. Additional fees are assessed for credit exceeding 21 hours. Students who have been placed on academic warning or probation will be limited to 18 credit hours per term. Enrollment in excess of 18 term hours must be by petition to the Academic Requirements Committee.

Graduate: Minimum 3 hours. No stated maximum but added fees for hours exceeding 16. However, specific restrictions may be established by major departments or by financial award.

FULL-TIME STATUS

University officials are asked to determine and certify that you are a full-time student for a variety of purposes. Only U/O courses can be certified by the University. Courses taken concurrently must be certified by the school concerned. The following is provided as a guide in meeting specific definitions:

1. Foreign Students

Current U.S. Immigration regulations require all non-immigrant students to register for and complete a full course of study each term. For this purpose the University defines full time as follows:
 Undergraduate: 12
 Graduate: 9
 (Foreign Student Advisory Office)

2. NDEA Loans

In determining eligibility for an additional loan or deferment of the repayment period, a student is considered full time on basis:
Undergraduate: 12
Graduate: 9
(Office of Student Financial Aids)

3. Veterans Administration Benefits

	Undergraduate	Graduate
Full time	12	9
Three-fourths time	9	7
One-half time	6	5

(Office of the Registrar)

4. Social Security and Other Benefits

Undergraduate: 12
Graduate: 9
(Office of the Registrar)

5. Social Security—Exemption From Payroll Deduction

Undergraduate: 12
Graduate: 9
(Office of the Business Manager)

COURSE NUMBERS

The alphabetic abbreviation preceding the course number designates the department. The number following the department abbreviation designates the course level. Both should be used in designating a course. Course numbers suggest the level of students for which they are intended as follows:

- 50-299—Lower Division (freshmen and sophomores)
- 300-499—Upper Division (juniors and seniors)
- 500-599—Graduates. Graduates may also take 400-499 courses for graduate credit if the courses are designated with a "G" or "M" (see below).

Course numbers identified by:

- "G"—graduate credit
- "M"—graduate credit for minors, non-majors
- "P"—graduate credit in professional field
- "R"—may be repeated for credit

CLASS HOURS

Classes on Monday, Wednesday, Friday begin on the half hour and close twenty minutes after the hour, from 07:30 a.m. through the noon hour to 5:20 p.m. Classes on Tuesday, Thursday and evening classes begin on the hour and also on the half hour and close ten minutes before or twenty minutes after the hour.

ACADEMIC WARNING, PROBATION, DISQUALIFICATION, REINSTATEMENT POLICIES

The Scholastic Deficiency Committee is composed of 7 faculty members and 4 ex officio members appointed by the President upon recommendation of the Committee on Committees. Two student members are appointed by the President upon recommendation of the ASUO.

The Committee administers, within the framework of faculty legislation, the undergraduate academic standards of the University as they pertain to the level of academic performance and progress toward a degree. When there is evidence of lack of satisfactory progress, the Committee may place a student on academic probation or disqualify from further attendance at the University. The Committee will exercise this function over Summer School performance as well as performance during the regular academic year.

1. ACADEMIC WARNING

Academic warning is given as a courtesy action to advise a student of potential difficulty. Subsequent action is not dependent on receiving a warning notice, nor will a warning become part of the permanent record.

A student who is not on Academic Probation will be given a warning whenever any of the following conditions exist:

- An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	Total Hours of U of O Non-Passing Grades
0-44	8
45-89	12
90-134	16
135+	17

- six or more hours of N are received for the term
- less than 65% of the course work attempted for the term has been completed with credit. (Grades and marks of A, B, C, D, P, N, I, and Y are counted as work attempted.)

Students given academic warning will be limited to a study load of 18 hours.

2. ACADEMIC PROBATION

A student will be placed on Academic Probation whenever any of the following conditions exist:

- An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	Total Hours of U of O Non-Passing Grades
0-44	12
45-89	18
90-134	24
135+	25

- If in each of two consecutive terms either of the following conditions exist:

- six or more hours of N are received.
 - less than 65% of the course work attempted has been completed with credit. (Grades and marks of A, B, C, D, P, F, N, I, and Y are counted as work attempted.)
- Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for student with Junior Classification or above, less than 80% of the course work completed has been passed satisfactorily. (Grades of A, B, C, D, P, F, and N are counted as work completed.) This rule will not apply until a student has accumulated 25 or more credit hours at the University of Oregon.
 - A record at the time of initial admission or re-enrollment which would have caused a student to be placed on warning or probation under current University of Oregon regulations. Notification of such action will be given to the student at the time the action is taken.

Students placed on Academic Probation will be limited to a study load of 18 hours.

A student will be removed from Academic Probation if, during two consecutive terms in residence, at least 24 hours of credit has been accumulated without disqualification and satisfies all conditions for removal (see rules listed under "Academic Disqualifica-

tion"). Part-time students (enrolled for at least 3 hours but less than 12 hours per term) will be removed from Academic Probation if they have satisfactorily completed three consecutive terms in residence with a minimum of 3 credit hours per term. Enrollment for less than 3 hours will not be considered in determining the sequential enrollment pattern for establishing eligibility for removal from probation.

3. ACADEMIC DISQUALIFICATION

A student on Academic Probation will be subject to Academic Disqualification whenever any of the following conditions exist:

- An accumulated total of University of Oregon hours of non-passing grades earned since Fall Term 1969 reaches the level specified below:

U of O Cumulative Credit Hours	Total Hours of U of O Non-Passing Grades
0-44	15
45-89	21
90-134	27
135+	28

- In the current term, six or more hours of N are received . . . or less than 75% of the course work ATTEMPTED has been completed with credit.
- Based on the University of Oregon cumulative credit hours earned since Fall Term 1969 for students with Junior classification or above, less than 80% of the course work completed has been passed satisfactorily.
- Whenever the academic record is such as to provide persuasive evidence that the University requirements for an undergraduate degree cannot be met within a reasonable period of time.

4. ACADEMIC REINSTATEMENT

Consideration of reinstatement to the University will be acted on by the Committee only after receipt of a formal petition from the student. Each request will be evaluated on individual merit of the case and on supportive evidence provided by the student. All students reinstated will be placed on probation.

The petition for reinstatement will be considered by the Committee contingent upon receipt of grade or mark changes, transcripts, petitions and all supporting documents on file in the Office of the Registrar no later than 30 calendar days prior to the first day of classes; later receipts of documents will be considered for the subsequent term.

5. SPECIAL NOTE: EVALUATION CRITERIA

In determining the number of non passing hours to be counted toward probation/disqualification action, all University of Oregon work completed by students Fall Term 1969 and thereafter will be included.

In all instances, the grades reported to the Registrar within the designated grade reporting period will determine the action of the Committee. The receipt of subsequent changes in grades or marks, or of late grades or marks will be reviewed by the Committee when considering actions for the next term.

DECISIONS/EXCEPTIONS REGARDING ACADEMIC POLICIES

ACADEMIC REQUIREMENTS PETITIONS

The Committee is composed of 8 faculty members and 2 ex officio members appointed by the President upon recommendation of the Committee on Committees. One student member is appointed by the President upon recommendation of ASUO.

The Committee has the responsibility for the administration and interpretation of academic requirements for baccalaureate degrees, and for action on student petitions for exceptions to these requirements and other academic regulations. (It does not have jurisdiction over regulations governing graduate degrees.)

This Committee reviews petitions by students for adding and/or dropping courses after the last day to change courses. Petitions may be obtained from the Office of the Registrar where complete instructions for procedure are given with each petition.

GRADUATION ANALYSIS

Note: **Seniors**—You are encouraged to request a degree analysis from the Graduation Requirements Staff, Office of the Registrar. Forms are available at degree table, East Court, during registration.

APPLICATION FOR DEGREES

If you intend to graduate this term please complete the "Application for Degree" form at the Degree Section, Exit, East Court during registration. All applications must be on file in the Office of the Registrar by the close of the third week of classes (see Important Dates, page 6).

Any applications received after that date will be considered for next term graduation.

Diplomas for successful degree candidates will be mailed approximately 8 weeks after the close of the term. A student may request a certification of degree from the Office of the Registrar, if such verification is needed prior to the receipt of the diploma.

I. THE CODE OF STUDENT CONDUCT

A. General Policies

1. The University is dedicated not only to learning and the advancement of knowledge but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through a sound educational program and policies governing student conduct that encourage independence and maturity.
2. The University distinguishes its responsibility for student conduct from the control functions of the wider community. When a student has been apprehended for the violation of a law of the community, the state, or the nation, the University will not request or agree to special consideration for the student because of his status as a student. The University will cooperate fully, however, with law enforcement agencies and with other agencies in any program for the rehabilitation of the student. (April 16, 1969)
3. The University may apply sanctions or take other appropriate action only when student conduct directly and significantly interferes with the University's (a) primary educational responsibility of ensuring the opportunity of all members of the University community to attain their educational objectives, or (b) subsidiary responsibilities of protecting the health and safety of persons in the University community, maintaining and protecting property, keeping records, providing living accommodations and other services, and sponsoring non-classroom activities such as lectures, concerts, athletic events, and social functions.
4. Procedural fairness is basic to the proper enforcement of all University rules. In particular, no disciplinary sanction as serious as expulsion, suspension, disciplinary probation, or entry of an adverse notation on any permanent record available to persons outside the University shall be imposed unless the student has been notified in writing of the charges against him and has had an opportunity (a) to appear alone or with any other person to advise and assist him before an appropriate committee, court, or official, (b) to know the nature and source of the evidence against him and to present evidence in his own behalf, (c) to question all witnesses, and (d) to have his case reviewed by the University Appeals Board. (June 5, 1974)
5. Students shall have an opportunity to participate fully in the formulation of all policies and rules pertaining to student conduct and in the enforcement of all such rules.
6. Rules and sanctions affecting the conduct of men and women shall be based on general principles of equal treatment, including like penalties for like violations.
7. The Code of Student Conduct applies to any student who either is registered for one or more hours or is enrolled in a special program approved by the University.
8. No sanction or other disciplinary action shall be imposed on a student by or in the name of the University except in accordance with this Code.

B. Violations

1. Expulsion or suspension from the University, or any lesser sanction, may result from the attempt to commit, the commission, or the intentional assistance in the commission of any of the following offenses: (June 5, 1974)
 - a. Academic plagiarism, defined as the intentional (1) submission for evaluation to a University officer of instruction or administration of (2) material based in significant part on work not done by the submitter (3) without reasonable written indication to the evaluator of the material's true source. (June 5, 1974)
 - b. Academic cheating, defined as the intentional (1) submission for evaluation to a University officer of instruction or administration of (2) material based in part on a source or sources forbidden by (i) generally accepted academic standards or (ii) regulations the evaluator has established and disclosed in a reasonable manner. (June 5, 1974)

- c. Furnishing false information to the University with intent to deceive.
 - d. Forgery, alteration, or misuse of University documents, records, or identification cards.
 - e. Detention or physical abuse of another person in the University community or conduct which is intended to threaten imminent bodily harm of any such person.
 - f. Malicious destruction, damage, or misuse of University property or of personal property on the University campus. University property is defined as all real and tangible property owned or controlled by the University, including but not limited to, buildings, grounds, equipment, motor vehicles, and library or other instructional materials. (February 5, 1975)
 - g. Theft or conversion of another's property occurring under the conditions of I.A.3.
 - h. Vandalism or kidnapping committed on this or any other campus. (June 5, 1974)
 - i. Participation in hazing.
 - j. Lewd or indecent conduct occurring under the conditions of I.A.3.

Obstruction is defined as physically blocking, hindering, or impeding any of the following: (1) normal operations of the campus, (2) building ingress or egress, (3) pedestrian or vehicular traffic, or (4) the obtaining or providing of University services.
Disruption is defined as any of the following: (1) physical or forcible interference or interruption of University services, activities, or any lawful assembly of persons on campus, or (2) the intimidation by violence or the threat of violence of students, faculty, staff, or campus visitors. (June 5, 1974)
 - l. Possession or use of firearms, ammunition, explosives, or dangerous chemicals, or use or threatened use of knives or any other objects as weapons on University property (defined in I.B.1.f.) except as expressly authorized by law or institutional regulation. (February 5, 1975)
 - m. Two or more offenses (including the repetition of a single offense) listed in I.B.2.a-d. and committed on different occasions. (June 5, 1974)
 - n. Failure to comply with the terms of any sanction applied under this Code.
2. Disciplinary probation or any lesser sanction may result from the commission of any of the following offenses:
 - a. Possession, consumption by persons under 21 years of age or furnishing of alcoholic beverages to persons under 21 years of age on University-owned or controlled property in University related housing for single students, or at University sponsored or supervised functions. Possession, consumption, or furnishing of alcoholic beverages by those, or to those at least 21 years of age is permissible only in such areas that the President may designate.
 - b. Disorderly conduct, including disorderly conduct resulting from drunkenness, occurring under the conditions of I.A.3. Disorderly conduct is defined as knowingly and intentionally engaging in violent, tumultuous, or threatening behavior which (1) results in inconvenience, annoyance, or alarm, (2) creates unreasonable noise, or (3) disturbs any lawful assembly of persons. (June 5, 1974)
 - c. Raiding of University related living units.
 - d. Violation of any University rules approved by the Student Conduct Committee for the infraction of which sanctions may be imposed under this Code.
 3. All rules approved by the Student Conduct Committee pursuant to Sections I.B.2.d., I.E.1., and I.E.4. shall be published, distributed, or posted in such a manner as to furnish adequate notice of their contents to students affected by such rules. The University's failure to comply with this requirement shall be a complete defense to any charge of violation of a rule of which the student has no actual knowledge.

C. Sanctions

1. Sanctions which may be imposed for the commission of University offenses shall include the following:
 - a. Expulsion from the University.
 - b. Suspension from the University for a definite or indefinite period of time.
 - c. Suspended sanction. The Student Court may suspend the execution of any sanction authorized under this Code.

When imposing a suspended sanction, the Court shall specify (1) a time limit for the suspensionary period, and (2) subsequent violations of the Code for which, upon the defendant's conviction during the suspensionary period, the suspension shall be terminated and the original sanction imposed by the Coordinator of Student Conduct. In the absence of such conviction(s), the sanction shall be deemed completed at the end of the suspensionary period. (February 5, 1975)

- d. Disciplinary probation with or without loss of designated privileges for a definite period of time. The violation of the terms of disciplinary probation or the infraction of any University rule during the period of disciplinary probation may be grounds for suspension or expulsion from the University. The parents of any student who is placed on disciplinary probation, suspended, or expelled may be so notified at the discretion of the Court.
 - e. Restitution for damaged, stolen, or misappropriated property or stolen or misappropriated money.
 - f. Participation in a social service project. (June 5, 1974)
 - g. Loss of privileges:
 - (1) Removal from dormitory or other University housing.
 - (2) Loss of such other privileges as may be consistent with the offense committed and the rehabilitation of the student.
 - h. Admonition and warning.
 - i. Such other sanctions as may be approved by the Student Conduct Committee.
2. The sanctions of expulsion or suspension may be imposed only upon proper determination by the Student Court, the University Appeals Board, or the Student Conduct Committee. No minor tribunal shall have jurisdiction to impose the sanctions of expulsion or suspension. (June 5, 1974)
 3. The general policies, violations, and sanctions shall be printed and made readily available to all students.

D. Group Offenses

1. Living organizations and registered or recognized groups are responsible for compliance with this Code and with University regulations on discrimination. Upon satisfactory proof that the group has encouraged or did not take reasonable steps, as a group, to prevent violations of this Code or University regulations on discrimination, the group may be subjected to the following sanctions:
 - a. recommendation to the appropriate body that the group be denied the use of University facilities.
 - b. restitution for damaged, stolen, or misappropriated property or stolen or misappropriated money.
 - c. recommendation to the appropriate body that the group's charter, recognition, or registration be permanently or temporarily suspended.
 - d. such other sanctions as may be approved by the Student Conduct Committee.
2. The determination that a group is sanctionable under this Code shall be made by the Student Court at a hearing held for that purpose. (February 5, 1975)
 - a. The president, principal officer, contact person(s), or other students designated by the group as being agents on behalf of the group shall be given reasonable notice of the charges in accordance with II.B.1. The president, principal officer, contact person(s), or group agent as defined above shall be required to represent the group before the Student Court. Failure to appear and represent the group may result in the Court disposing of the case under the authority of II.B.2.a. (February 5, 1975)
 - b. On behalf of the group, the president, principal officer, contact person(s), or other students designated by the group as being agents on behalf of the group shall be afforded all procedural rights set forth in this Code. (February 5, 1975)
3. Nothing herein authorizes the imposition of individual sanctions on any person other than in accordance with the Code of Student Conduct.

E. The Student Conduct Committee

1. The Student Conduct Committee, by faculty legislation and by delegation of the President of the University, is designated as the agency within the University which has primary responsibility for the Student Conduct Program. The Committee shall be responsible to the faculty and the President

of the University for recommending policies relating to student conduct, for formulating or approving rules and enforcement procedures within the framework of existing policies, and for recommending to the President of the University changes in the administration of any aspect of the Student Conduct Program. (March 4, 1970)

2. The Committee shall consist of four faculty members and four student members, each appointed by the President of the University. Each member shall serve for a period of 12 months with one faculty member and one student member retiring at the end of each academic term (Fall, Winter, Spring, and Summer). Members of the Committee may be reappointed. The President may appoint temporary members of the Committee to serve during a summer session or such other times as are necessary to assure full membership of the Committee.
3. The President of the University shall designate a Coordinator of Student Conduct who shall serve as Secretary of the Committee and assist the Committee in the discharge of its responsibilities. He shall coordinate the activities of all officials, committees, student groups, and tribunals responsible for student conduct.
4. All regulations or rules relating to student conduct that are established by any University official, committee, or student group, and for which sanctions may be imposed in the name of the University, must be submitted to, and approved by the Committee. Fraternity, sorority, residence hall, or cooperative "housekeeping" rules adopted by members for the internal management of the living unit are not considered University rules for the purpose of this Code. Campus traffic regulations are likewise not considered to be University rules for the purpose of this Code.
5. The Committee may delegate jurisdiction to handle infractions of University rules to the Student Court and such other tribunals as may be established. With the consent of the President of the University, the Committee also may delegate such jurisdiction to appropriate University officials. In all instances such jurisdiction shall be defined by the Committee, ordinarily in terms of specified offenses, maximum sanctions, or designated living units. The Committee may, at its discretion, withdraw delegation of jurisdiction in any case and dispose of such case itself.
6. The Committee shall require from University officials and tribunals periodic written reports of the disposition of all student conduct cases handled under their jurisdiction. The gathering of such reports and their submission to the Committee shall be the responsibility of the Coordinator of Student Conduct. The Committee shall examine such reports for consistency with existing policies and, where necessary, review the reports with the appropriate officials or tribunals.
7. Each Fall, the Committee shall submit to the President, Faculty Senate, Deans, and Department Heads of the University a written report covering the entire Student Conduct Program, including an evaluation of the existing rules, policies, and enforcement procedures. This report shall also detail all Code revisions approved during the previous year and shall be available to any person who requests a copy. (June 5, 1974)

F. University Appeals Board (March 4, 1970)

1. The University Appeals Board, by faculty legislation and by delegation of the President of the University, is the final appeals body under the Student Conduct Code.
2. The Board shall consist of three faculty members and three student members, each appointed by the President of the University. A quorum shall consist of two students and two faculty members. Terms of membership shall be 12 months from the time of appointment. Members may be reappointed, but no member may serve more than two consecutive terms. The President of the University may appoint temporary members to the Board to serve during such times as are necessary to assure full membership of the Board. The Board shall elect its own chairman. The Board shall establish rules of procedure for itself. An affirmative vote of a majority of the Board members present shall be necessary to overrule a decision of a lower court. Inability of the Board to make an affirmative decision to overrule shall be deemed a decision to affirm.
3. In any case the Student Conduct Committee may appoint one of its members to serve as an additional non-voting member of the University Appeals Board. The presence of this member will not affect the Board's quorum.

G. Student Tribunals

1. The President of the University shall appoint six members to a Senior Court Panel, no more than three of them from the faculty and the rest from the student body. The appointments will be for 12 months but members may be reappointed, and the President is urged to preserve continuity of membership from year to year. Senior Court Panel members shall be selected for their knowledge of the Student Conduct Program in general and for their understanding of the operation of the Student Court in particular.

The Student Conduct Committee will select an impartial system for choosing a court for each case and will be responsible for formulating rules of practice and procedure in hearings under this Code.

2. The President of the University shall appoint a Panel of Associates. The size of this panel shall be determined by the Student Conduct Committee, but no more than one-third of its members shall be from the faculty. The student members shall be recommended by the President of the Associated Students.
3. A Student Court shall consist of three members, at least two of whom shall be students. One member of each Student Court shall be chosen from the Senior Court Panel, and this member will be the Chairman of the Student Court. The remaining members of the Student Court may be chosen from either the Senior Court Panel or the Panel of Associates. The jurisdiction of the Student Court shall be determined by the Student Conduct Committee.
4. A Student Court shall decide on all matters of fact, on the ultimate question of whether the Code has been violated, and on the sanction to be imposed, by majority vote. Decisions on procedural matters (e.g. on the admissibility of evidence) will be made by the Chairman of the Court. The Chairman will also decide which are matters of substance and which are matters of procedure, though on such decisions he may well seek the opinion of the other members of the Court before ruling. A decision of the Chairman of the Court under this section can be reviewed only by appeal to the University Appeals Board.
5. The Student Conduct Committee, with the assistance of the Coordinator of Student Conduct, may establish minor tribunals composed of students. When appropriate, University officials or faculty members may serve as advisers.
6. No tribunal shall have any function except the enforcement of University rules or the performance of other duties which may be delegated to it by the Student Conduct Committee.

H. Records

1. The Coordinator of Student Conduct shall be responsible to the Student Conduct Committee for the maintenance of adequate records pertaining to the Student Conduct Program.
2. These records shall include a report on the disposition of each disciplinary case. Such reports shall be submitted to the Coordinator of Student Conduct by every official, tribunal, court, or committee authorized to impose sanctions under this Code.
3. In order to accomplish these record-keeping responsibilities, the Student Conduct Committee and the Coordinator of Student Conduct may prescribe reporting procedures to be followed by those authorized to impose sanctions under this Code.

I. Amendments

1. The above Code may be amended only by action of the general faculty of the University of Oregon.

II. THE ADMINISTRATION OF THE CODE

A. The Student Court

1. The primary functions of the Student Court are to ascertain facts relative to each case brought before it, determine whether the Code has been violated, and impose appropriate sanctions. In carrying out these functions, the Court may (a) adopt procedures, in addition to those specified in II.B.2., which expedite the orderly progress of the hearing, (b) direct questions to any person connected with the case, (c) limit testimony or otherwise intervene in a hearing to promote expedition of the proceedings, and (d) conduct any investigation necessary for a fair disposition of the case. (July 29, 1974)

2. The jurisdiction of the Court shall extend to all violations of the Code for which jurisdiction is not expressly given to the University Appeals Board.
3. The Court may impose any authorized sanction which is warranted by the circumstances of the case. Pursuant to Sections I.C.1.h. and I.E.5. this authority shall include the imposition of sanctions involving restitution for damaged, stolen, or misappropriated property or money and the rendition of labor or services. The Court will determine the total hour requirement and compliance time period for social service sanctions. Such sanctions should be employed only in cases where principles of restitution or rehabilitation render such sanctions peculiarly appropriate. This sanction may be in addition to other authorized sanctions. (July 29, 1974)
4. The Coordinator of Student Conduct shall execute the decisions of the Court. Additionally, the type of work and the details of social service sanctions are to be determined by the Coordinator of Student Conduct after conferring with the defendant. (July 29, 1974)

B. Rules of Procedure

1. Notice

Any student whose case is referred to the Student Court shall be notified of such referral in writing by the Coordinator of Student Conduct at least five working days before the hearing and shall be apprised in the notice of the charges against him. A defendant may, in writing, waive the five-day notice of hearing. The minimum notice of hearing may, at the option of the Coordinator of Student Conduct, be reduced to 24 hours during the last fifteen calendar days of each term. Any cases that cannot be handled under this provision will be considered holdover cases and will be brought before the tribunals at the earliest possible time. (July 29, 1974)

2. Outline of Proceedings (July 29, 1974)

During the hearing the defendant shall have the opportunity (a) to appear alone or with any other persons to advise and assist him, (b) to know the nature and source of the evidence against him and to present evidence in his own behalf, (c) to question all witnesses, and (d) to be granted a closed hearing upon request.

a. Defendant does not appear

- 1) Defendant elects not to appear. A defendant may elect not to appear for a hearing if, in writing, he agrees not to contest the case and waives his right to a hearing. The prosecutor shall then present the defendant's written plea and the facts in the case so that the Court can dispose of the case.
- 2) Defendant does not appear. If the defendant does not appear personally or through his representative and does not waive his right to a hearing as set forth in II.B.2.a.(1), the Court will dispose of the case in a manner it believes is just, provided the Court finds that the defendant was properly notified as set forth in II.B.1.
- 3) Defendant is not reasonably able to appear. If the defendant does not appear and the case is disposed of under II.B.2.a.(2), and it is subsequently determined by the Court that the defendant was not reasonably able to appear and not reasonably able to give notice of this prior to or at the hearing, the Court may set aside its disposition and schedule the case for rehearing. Notice of any rescheduled hearing will be given the defendant in writing five working days in advance of the hearing.

b. Defendant appears personally or through counsel

- 1) If a defendant or his counsel appears at a hearing, the charge against the defendant shall be read. The Court shall inquire whether the defendant understands the charge. The defendant shall then enter a plea, and if the plea is "guilty," the Court will proceed to determine the sanction. The Court will hear from the prosecution an explanation of the facts in the case and any recommendations regarding sanctioning. Before imposing the sanction, the Court will listen to any statement on behalf of the defendant.
- 2) If a defendant appears at a hearing and pleads "not guilty" as charged, the hearing will proceed as follows: The Student Prosecutor and defendant or his counsel may make opening statements; the Student Prosecutor will present the evidence he has obtained; the defendant or his counsel will present his evidence; the Student Prosecutor, defendant or his counsel, or

the Court may ask questions. Closing arguments by the prosecution and defense may be made.

- 3) If a defendant is found not guilty, the Court will proceed to dismiss the case. If a defendant is found guilty as charged, the Court will impose an appropriate sanction. Before imposing sanctions, the Court will provide an opportunity for the prosecution, defendant, or his counsel to offer evidence and arguments pertinent to sanctioning.

3. Witnesses

- a. The defendant or the prosecutor may call witnesses to appear before the Student Court or University Appeals Board. The party wishing to call the witness or the party's agent shall serve on the witness at least one full day before the hearing a form procured from the Office of Student Conduct notifying the witness of the reason, time, date, and place that he is to appear.
- b. Any student subject to this Code who fails to comply with a request to appear as a witness without an excuse acceptable to the Court may be charged accordingly and sanctioned in Student Court pursuant to I.B.2.d. (July 29, 1974)

4. Evidence (July 29, 1974)

- a. Written statements. The written statement of a witness, who for good reason is unable to testify in person, may be admitted as evidence at a hearing at the discretion of the Senior Court Panel member, contingent upon considerations enumerated in II.B.4.c.
- b. Out-of-court statements. Out-of-court statements asserting facts relevant to the case and reported by a witness to the statement may be admitted as evidence at a hearing at the discretion of the Senior Court Panel member, contingent upon considerations enumerated in II.B.4.c.
- c. In determining the admissibility of an out-of-court or a written statement, the Senior Court Panel member shall consider the statement's relevancy, the lack of opportunity to question the person whose statement is reported, the availability of first-hand evidence of the same nature, the circumstances surrounding the statement with respect to the accuracy of the reporter, possible interests of the witness, and such other factors as may impinge upon the credibility and probable accuracy of the witness.

5. Objections and motions

The Court may rule on objections and motions at the time they are made. However, the Court may reserve decision on an objection or motion, require that it be reduced to writing, and order that the proceedings continue.

6. Standard of Proof

No member of the Court shall vote that the defendant has committed the offense as charged unless the evidence is clear and convincing to him.

7. Decisions of the Court (July 29, 1974)

- a. A decision shall be by majority vote and must be based on evidence brought out during the hearing or hearings.
- b. A written copy of the decision shall be given to the defendant. The defendant shall also be advised in writing of his right to appeal any decision of the Court as specified in II.B.8.

8. Appeal (July 29, 1974)

The Court of highest appeal is the University Appeals Board.

- a. Within five working days of receiving written notice of his right to appeal, a defendant may appeal any decision by delivering to the Coordinator of Student Conduct a signed petition containing: (1) a statement that he appeals from the designated decision, and (2) a statement of facts which sets forth one or more of the following exclusive grounds for appeal.
 - 1) The sanction was unreasonable.
 - 2) There is significant new evidence.
 - 3) The Court was biased.
 - 4) The Court lacked jurisdiction or misinterpreted the Code.
 - 5) A procedural ruling by the Senior Court Panelist was in error.

C. Fraternity and Sorority Tribunals (July 29, 1974)

1. The Student Conduct Committee, pursuant to I.E.4., I.E.5., and I.E.6. hereby grants to the Interfraternity Council, governing body of fraternities, and Panhellenic, governing body of sororities, the authority to formulate (a) regulations governing the conduct of their respective groups and group

All regulations, hearing procedures, and sanctions shall be submitted in writing to the Student Conduct Committee for approval prior to implementation.

2. The Student Conduct Committee hereby recognizes Interfraternity Council Tribunal and Panhellenic Judiciary Board and delegates to these bodies jurisdiction over (a) violations of regulations established pursuant to II.C.1., and (b) minor Code violations (I.B.2.a-d.) involving their respective group members.

- a. Within ten days of the disposition of each case, a written report of the tribunal's finding shall be submitted by the tribunal chairman to the Coordinator of Student Conduct.
- b. Groups or individuals sanctioned pursuant to this section (II.C.) shall, at the time of sanctioning, be advised in writing of the right to appeal to the University Appeals Board any decision of the tribunal.
- c. Groups or individuals wishing to appeal a decision of a disciplinary tribunal must, within five working days of receiving notice of the right to appeal, deliver to the Coordinator of Student Conduct a written petition containing (a) a statement that the group or individual appeals from the designated decision, and (b) a statement of facts which sets forth one or more of the following exclusive grounds for appeal.
 - 1) The sanction was unreasonable.
 - 2) There is significant new evidence.
 - 3) The tribunal was biased.
 - 4) The tribunal lacked jurisdiction or misinterpreted the Code or the group regulation in question.
 - 5) The tribunal failed to follow adequately its established procedures.
- d. The Coordinator of Student Conduct, after consulting with the Chairman of the Student Conduct Committee, may withdraw this jurisdiction when
 - 1) a disciplinary tribunal is unable to fulfill its quorum requirement,
 - 2) a disciplinary tribunal fails to hear a pending conduct case promptly, or
 - 3) the interests of the defendant or University community necessitate that the case be handled by the Student Court or University Appeals Board.

D. General Procedures

1. All serious violations of the law and the Code will be reported immediately to the Coordinator of Student Conduct by any person who has knowledge of the commission of any such violation. For the purposes of this Code the reporting practices of those tribunals and individuals having responsibility for student conduct may be delineated by the Coordinator of Student Conduct.
2. The Coordinator of Student Conduct shall insure that the best interests of any offender are served, regardless of whether disciplinary action is taken, by making full use of appropriate medical, counseling, and other professional services.
3. In those cases of violation of the Code involving psychological abnormality, mental illness, or other unusual circumstances, the Coordinator of Student Conduct shall seek professional assistance and advice, and where appropriate, consult with the student's parents or guardian, or take other measures to assure a fair disposition of the case, provided that no sanction shall be imposed without consent of the Student Conduct Committee. Actions taken pursuant to University of Oregon Policies on Medical Leave shall not be deemed sanctions within the meaning of this Code. (July 29, 1974)
4. Where the evidence establishes to the satisfaction of the Coordinator of Student Conduct that a referral to the Student Court or University Appeals Board is justified and the case has not been disposed of under II.D.2. or II.D.3., the following procedure will govern:
 - a. The Coordinator of Student Conduct shall advise the defendant of the charges, the evidence against him, and rights under the Code. (July 29, 1974)
 - b. The Coordinator of Student Conduct shall afford the defendant the opportunity to discuss informally circumstances surrounding the case. (July 29, 1974)
 - c. The Coordinator of Student Conduct shall afford the defendant an opportunity to dispose of the case informally

when the nature of the alleged violation, interests of the University, and personal development of the defendant make informal disposition particularly appropriate. The following steps shall be followed under this procedure. (July 29, 1974)

- 1) The defendant is given an opportunity to discuss his case and its implications with an adviser of his choice before consenting to informal disposition.
 - 2) The defendant agrees in writing to dispose of his case informally.
 - 3) The defendant admits in writing the conduct which constitutes the Code violation.
 - 4) The Coordinator of Student Conduct imposes a sanction warranted by the offense and circumstances surrounding the commission of the offense. Sanctions available to the Coordinator do not include expulsion or suspension.
 - 5) Cases in which the defendant does not admit the conduct which constitutes the Code violation or appeals the sanction in writing within five working days of its imposition shall be referred to the Student Court for resolution.
 - 6) All cases disposed of informally shall be reported to the Student Conduct Committee at the earliest opportunity by the Coordinator of Student Conduct.
- d. Cases which are contested or otherwise inappropriate for informal adjudication shall be referred to Student Court by the Coordinator of Student Conduct. In extraordinary cases where the interests of the defendant or the University can best be served, the Coordinator of Student Conduct may refer the case directly to the University Appeals Board. (July 29, 1974)
5. Prosecutors
The Coordinator of Student Conduct shall appoint, upon recommendation of a Committee comprised of one member of the Student Conduct Committee, one member of the Law School faculty, the President of the ASUO, and the Coordinator of Student Conduct one or more law students to serve as prosecutors for the Student Court and the University Appeals Board. The prosecutors shall prepare and present all cases which are to be heard in the Student Court or by the University Appeals Board. The Coordinator of Student Conduct shall, following a preliminary investigation of his own, turn over to the prosecutors all cases which are to be heard by the Student Court or University Appeals Board. The prosecutors shall then prepare the case for hearing and may either present it to the Student Court or University Appeals Board or recommend to the Student Conduct Committee that it be dropped without a hearing.
6. Defender
The defender shall be a second or third year law student appointed by the ASUO President on recommendation from the previous defender, a representative of the Student Conduct Committee, and a member of the Law School faculty. The appointment shall be subject to the approval of the President of the University. His function shall be to obtain counsel for those charged with violations of the Student Conduct Code who request him to do so.
7. The Coordinator of Student Conduct shall maintain an adequate record of the history and disposition of each case to come before the Student Court and the University Appeals Board. The record shall include a summary of the evidence upon which the Court based its decision. This record will not contain names of defendants. A second file will be kept alphabetically listing defendants brought before courts, with cross-reference to the record of cases. Entries in this last file will be removed upon graduation or five years after leaving school.
8. In all instances involving a reported alleged violation of the Code where the Coordinator of Student Conduct does not refer the case to an appropriate tribunal for action, the Coordinator of Student Conduct shall make a full report of the basic facts and the reasons for the non-referral for judicial proceedings to the Student Conduct Committee.
9. The Coordinator of Student Conduct shall have full rights of membership on the Student Conduct Committee except: (1) he shall not vote, and (2) he shall not be present during closed sessions unless requested.
10. Public Hearing Procedure for New Rules and Regulations (July 29, 1974)

University community for discussion and review prior to ratification.

- b. Notice of the date, time, and place of such public hearings and publication of the proposed amendments shall be made by announcement in the *Oregon Daily Emerald* and such other publications as deemed appropriate by the Student Conduct Committee.
- c. After giving notice and an opportunity for interested persons to be heard on the proposed amendments, either orally or in writing, the Student Conduct Committee may amend or modify the amendments.

E. Definitions

1. "Malicious" as used in this Code shall be deemed only to mean "willfully and knowingly." (February 26, 1969)

F. Amendments

1. Section II above, THE ADMINISTRATION OF THE CODE, and Section III below, RULES AND REGULATIONS, may be amended only by the action of the Student Conduct Committee.
2. Amendments affecting the duties of administrative personnel shall be made only with the approval of the President of the University.

III. RULES AND REGULATIONS

Pursuant to Section I.B.2.d., I.B.3., I.E.1., and I.E.4. of the Student Conduct Code, the following rules and regulations are adopted by the Student Conduct Committee as rules for the violation of which sanctions may be imposed.

2. Any individual who is invited or allowed to reside in any fraternity, sorority, or cooperative and who is not otherwise subject as an individual to the University of Oregon Code of Student Conduct, may subject such fraternity, sorority, or cooperative to sanctions for Group Offenses set forth in I.D. of this Code, by conduct that would constitute a violation of this Code if such individual were a student subject to the jurisdiction of this Code.

B. Compliance with Request to Cease Violation

D. Discrimination by Living Organizations

1. Living organizations shall not discriminate in pledgship or membership choice on the basis of race, color, or religion.
2. When a hearing is held on an alleged violation of this rule, the existence of any of the following conditions shall be sufficient evidence of guilt unless there is clear and convincing evidence to the contrary:
 - a. An alumnus or national officer of the organization has the power to veto the pledgship or membership bid.
 - b. A letter of recommendation from an alumnus is required for pledgship or membership.
 - c. A system of voting on pledgship or membership exists such that one or a small minority of members can veto a pledgship or membership bid.

(October 30, 1969)
2. Sanction Imposed. Any sanction which may be imposed for the violation of a rule promulgated pursuant to I.B.2.d. may be imposed for the commission of contempt.
3. Adjudication of Contempt and Imposition of Sanction. The adjudication of contempt shall be made by the then presiding officer, alone and summarily. Thereupon the proceedings shall be recessed and the entire tribunal shall decide whether the presiding officer's adjudication shall be upheld and, if so, what sanction shall be imposed. Such decision shall be made as in any other case. Upon the adjudication and sanction, if any, the presiding officer shall certify to the Coordinator of Student Conduct the facts constituting the contempt and the sanction imposed therefore. Persons so adjudicated in contempt shall have the same right to appeal as are afforded in any other case adjudicated in that tribunal. (May 27, 1969)

G. Smoking in University Facilities (July 29, 1974)

This ruling also applies to the affected classroom areas for the time between class sessions.
2. Smoking is prohibited in all campus areas where "No Smoking" signs have been posted by the Physical Plant for safety reasons.
3. Smoking is prohibited in all public gatherings such as movies, lectures, and concerts in campus buildings. It is also prohibited in school and college meetings.
4. Smoking is prohibited in all public places in the Erb Memorial Union except in designated smoking areas. The Director of the Erb Memorial Union or the Director's designee is hereby delegated authority to specify such areas.
5. Smoking may be permitted in any private office at the discretion of the assigned occupant.

Policies and Procedures

Student Identification

All students registering for credit, except for those who register at staff rates, will be provided Student Identification (I.D.). Student I.D. consists of two items:

- 1) a plastic card embossed with student's name and student's number on the front side of the card, and student's photo laminated on the reverse side of the card, and
- 2) a current term, validated Certificate of Registration.

The plastic card is a permanent card to be kept and used during the student's entire enrollment at the University of Oregon, and the Certificate of Registration is issued each term at the time of payment of fees.

Photos will be taken and plastic I.D. cards issued during registration in McArthur Court. On a daily basis, these services will be provided in 364 Oregon Hall from 10 a.m. to 4 p.m., Monday through Friday, other than on days of registration in McArthur Court. A plastic envelope will be provided for carrying both Student I.D. items.

See Page 4 of this Time Schedule for other information and the I.D. Photo Schedule for Fall, Winter and Spring Registration.

1. Students at the University of Oregon may select their own living arrangements, including University dormitories, cooperative houses, sororities and fraternities or private housing.

2. Enforcement of Dormitory Regulations: All residents are expected to abide by the regulations in the Student Conduct Code. In addition, residents are expected to be aware of and agree to the University of Oregon dormitory "Terms and Conditions of Occupancy."

3. The Dormitory Governance Committee reviews all dormitory conduct rules, which are enforced by the Inter-Dormitory Standards Board and the individual hall advisory boards. For further information regarding housing rules and regulations, check with the Housing Office, Carson Hall.

Student Health Center

The student health services in the institutions of the Oregon State System of Higher Education are supported by student fees and such charges as are necessary. Every student registered for credit is entitled to all the services of the Student Health Center. Charges are made against the breakage deposit for prescriptions, X-ray, laboratory procedures, and services, such as immunizations and physical therapy, but every attempt is made to keep these as low as possible.

The Student Health Center offers the following medical care to University students:

1. General medical attention and treatment, including clinical gynecology, family planning counseling and minor surgery (major surgery and other procedures requiring general anesthesia and specialists services are referred);
2. 15-day free infirmary care in the Student Health Center during one academic year;
3. 24-hour emergency service during regular school terms;
4. Routine laboratory procedures, including X-ray and clinical laboratory;
5. A pharmacy;
6. Limited psychiatric and counseling services by staff psychiatrists.

questions regarding claims and benefits should be referred to Metzger & Associates, telephone 342-4868.

A copy of the policy is on file in the ASUO Office, Suite #4, Ground Floor, EMU.

Policy on Use of the Erb Memorial Union

The Erb Memorial Union is limited to use by University of Oregon students, faculty, and staff.

Individuals not members of any of these groups are welcome as guests provided that they abide by the policies of the Erb Memorial Union, the University of Oregon Code of Student Conduct, the laws of the City of Eugene, and the laws of the State of Oregon. Guest privileges may be revoked and student, faculty, and staff privileges suspended at any time by the Erb Memorial Union staff for violation of any of the above. If violators fail to leave the premises upon request, use privileges may be revoked or suspended and the violator may be cited and prosecuted under the ordinances of the City of Eugene and Oregon Revised Statutes, any person believing that his/her privileges have been unjustly revoked or suspended may appeal.

Copies of the Erb Memorial Union and University of Oregon Conduct Code policies are available at the Erb Memorial Union Main Desk.

Procedures for Use of Outdoor Space

Student organizations, the ASUO, and academic and administrative departments who desire to make temporary use of certain outdoor spaces on the University campus for programs which they are sponsoring must obtain prior permission from the Landscape and Open Spaces Subcommittee of the Campus Planning Committee. An application form for requesting the use of outdoor space may be obtained from the Scheduling Officer, M101, EMU. The Scheduling Officer will place the request on the agenda of the next sub-committee meeting. It is likely that the applicant will be asked to attend the meeting if it is anticipated that the request will bring about questions not answered in the memorandum.

It is necessary that all such requests be transmitted to the Scheduling Officer at least two weeks prior to the anticipated date of usage and release of publicity.

This procedure applies to all campus grounds, including that part of the old 13th Street bounded by Kincaid and University. The only exception to this procedure is for use of the block upon which the Erb Memorial Union is located. Approval for the use of the latter space must be obtained from the Student Administrative Board. (See also Activity Regulations, page 126.)

Campus Visitors

Visitors to the University are welcome, but are expected to abide by University regulations and the ordinances, laws, and regulations of the city, county, and state. A visitor who fails or refuses to obey regulations of the University, or an ordinance, law, or regulation of the city, county, or state, may be requested or ordered by a University official, designated by the President, to leave any part or all of any institutionally-owned or controlled premises and to remain away therefrom until specifically authorized to return. Any visitor not complying promptly with such request or order will be liable to the legal consequences for such noncompliance, including arrest and punishment for trespass and disorderly conduct.

Policy on Speakers Invited to Campus

The University endorses the principle that by definition it is a place of free inquiry. Without freedom to seek information in the library, in the classroom, in field studies, or in the words of campus speakers, the objectives of a university cannot be achieved. In accordance with this basic principle of freedom to seek information wherever it may be found, any registered employee group or any registered or recognized student group may invite to the campus any speaker the group would like to hear. The appearance of any invited speakers on the campus does not involve the endorsement of his views by the University.

Any such appearance is subject to reasonable rules and requirements respecting time, place, and manner of the proposed appearance, the availability of adequate facilities and the bona fide educational priorities of the Institution.

Campus Employment/Interviews

Arrangements for the appearance of a representative of a prospective employer on the University campus is not an endorsement of the employer or the organization's policies by the University. This

constitutes the application in this area of the same principle that has been applied in the area of campus speakers. Arrangements for full-time employment interviews are made by the Career Planning and Placement Service, 246 Susan Campbell Hall, and take into consideration: (a) The number of students who are likely to be interested in talking with the prospective employer, (b) any exhibitions which the prospective employer desires to display, and (c) whether the prospective employer desires to have a group meeting of interested students to be followed by individual interviews, or is interested solely in individual interviews. Recruiting representatives of prospective employers, whether public or private, are treated equally. (Part-time or summer employment see: Student Employment, Oregon Hall.)

Policy on Student Records

Higher education is concerned with the full development of the student's potentialities. It is realized that individuals differ in ability, background, interests, social maturity, emotional maturity, and goals. To plan educational opportunities to meet the needs of individual students and to counsel effectively with them, the University must accumulate data and keep records. The personal records enable the faculty and administrators of the University to understand the individual student better so that they can provide more effective education and counseling assistance.

Thus, it is recognized that from the time a student enters the University and submits the required personal data for academic and personal records, there is an implicit and justifiable assumption of good faith placed in the University as custodian of these data. The University maintains a similar posture relative to subsequent data generated during the student's enrollment. Preserving the confidential nature of student records protects the individual's right to privacy and enhances the effectiveness of the University's educational and counseling processes. Accordingly, the University intends to exercise care and concern in obtaining, recording, maintaining, and disseminating information about students with duplication of records kept to a minimum.

Under University policy, only directory information (information generally needed in identifying or locating a named student) and objective evidence of the student's academic achievement (number of credits earned and degree(s) earned) may be released without the consent of the student. All other information contained in student records is considered personal and confidential and may not be released without the student's written consent.

Pursuant to Public Law 93-380, recently enacted Federal legislation, students may see and review with a staff member of the department that maintains the record, all official records, files, or data that pertain to that student with the following exceptions: (1) confidential letters of appraisal received prior to January 1, 1975, (2) confidential letters of appraisal received after this date and for which the student has signed a waiver of the right to access, (3) psychiatric, medical, and psychological records, and (4) records of administrative and instructional personnel that are created for that member's eyes only and which are not accessible to any other person(s).

Student access to records shall be provided as early as practicable but must be within 45 days of the student's request. Copies of such records shall be provided at the student's request and shall be at the student's expense.

A student may challenge the content of a record in order to ensure that the record is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. (Grades, however, are specifically excluded from this policy unless the accuracy of the recording of the grade is contested.) If the custodian of that record does not concur with the student's request for deletion or modification of the challenged record, the student is entitled to an administrative hearing. All requests for such hearings shall be directed to the Vice President for Student Services as Custodian of Student Records.

In any instance where the provisions of this University student records policy are determined by legal counsel to be inconsistent with the requirements, limitations, or restrictions of Public Law 93-380, the University Custodian of Student Records is empowered to waive the provision in question and to administer this policy consistent with Public Law 93-380 and its implementing regulations.

For the complete policy regarding student records, please refer to the Dean of Student Administrative Services (372 Oregon Hall), the Dean of Student Personnel Services (372 Oregon Hall), and to the *University Memos*.

Academic Grievances

"Students accused of cheating or plagiarism and faculty members making the accusation may, if they wish, bring their case to the Academic Standards Committee. The Committee will make any

investigations it deems appropriate, and will make recommendations for the disposition of the case to the student and to the faculty member. These recommendations do not imply any authority, on the part of the Committee, to make binding decisions or to keep records other than a notation of the accusation itself. Such a record shall be maintained by the Committee on an annual summary that must be destroyed after four years."

Grievances should be referred to the Chairman of the Academic Standards Committee.

Policy on Police Services on the University Campus

(From University of Oregon Administrative Manual)

The University of Oregon, in terms of size and complexity, must, in many respects, be considered one of the larger communities in the state. It is, however, an integral part of the Eugene community.

Therefore, the University has adopted two basic courses of action in regard to the provision of police and safety services by the city of Eugene:

1. The Code of Student Conduct of the University of Oregon, adopted by the faculty in 1963, is structured on the assumption that all members of the University community are subject to the same city ordinances and state laws as are other citizens, and do not have any special status with respect to law enforcement because of their University affiliation.

2. The University recognizes the law enforcement and safety requirements placed on city resources by virtue of a large campus in its midst. Rather than maintain its own police force, the University relies upon the professional skills and resources of the Eugene Police Department, as well as other local government. It contracts with the city of Eugene for the augmentation of police and safety forces of Eugene so that they might better be able to discharge their responsibilities in an adequate way with regard to the University campus.

The additional personnel added to the Eugene Police Department by virtue of the contract payments between the University and the city of Eugene are not constituted as a special campus police force. They are subject to assignment in the same manner as the other members of the Eugene police force.

The University believes that police services and activities should be governed by professional standards, and should be conducted in accordance with the provisions of municipal ordinances and state law, subject to overall review by the courts. The University staff, therefore, is expected to rely solely upon the police services made available by the Eugene Police Department, and is not authorized to engage in police-type activities. The exceptions to this policy are those staff of the Office of Campus Security deputized as special police deputies. In addition, the Office of Campus Security employs students to aid in the security and protection of University property. These student security personnel do not have police powers.

It is also the policy of the University of Oregon that no member of the University staff will cooperate in the carrying out of any actions that would violate the constitutional rights of any person connected with the University. If any member of the University staff has reason to think that the activities of a law enforcement agency or any other group would violate the constitutional rights of any member of the University community, the member of the University staff, whether or not he has been asked to participate in such activities, is requested to immediately call the situation to the attention of the President's office so that appropriate advice can be obtained or action taken in order to safeguard the rights of the individual or group concerned.

Policies Against Discrimination

Discrimination, Generally

(AR 42.510) There shall be no discrimination based on race, color, religion, national origin or sex in the (State) Department of Higher Education.

Discrimination in Employment

(U/O Memos 16.110) It is the policy of the University of Oregon that discrimination based on race, color, religion, sex, age, or national origin shall not exist in the University. This policy embodies and is intended to implement explicit requirements of state and federal laws and executive orders of the President of the United States with regard to discrimination. It applies to all operations, areas, organizations, and personnel that are part of the University community.

To implement this policy, the University has issued an Affirmative Action Program. The written Program is available from the Af-

firmative Action office. The Program describes the specific procedures that the University employs to assure the objective of non-discrimination. It recognizes that to oppose discrimination is not sufficient to achieve non-discrimination; to rely only on traditional employment practices is not only not sufficient but has been used too often in society to perpetuate the status quo; that achievement of the objective of non-discrimination requires exercise of initiative and affirmative action in a continuing, active search for new and creative ways to combat discrimination and to insure that the objective of non-discrimination is a pervasive part of the University environment.

This policy must be followed both in spirit and in its particulars throughout the University as the specific responsibility of all administrative officers and other University personnel.

Discrimination in Fraternities and Sororities

(AR 33.010) Recognition of any fraternity or sorority whose national charter requires local chapters to restrict their members on the basis of race, color or religion will be withdrawn, and no fraternity or sorority, the charter of which contains any discriminatory clause, will be recognized.

Membership in University fraternities and sororities shall not be dependent upon criteria based on race, color, or religion. The University has concluded that the implementation of the policies of the State Board can only be achieved when membership in the local chapter of a fraternity or sorority is determined by its active student members. Members, including both pledges and initiates, shall be selected by the active student membership of the local chapter from students who have satisfactorily met fraternity and sorority affiliation standards of the University, and shall not be subject to approval or veto by any outside individual or agency, including, specifically, local alumni, national officers, or members and alumni of other chapters. This principle does not deny the local chapter the right to counsel with and seek advice on membership matters from national officers, or others, but, the ultimate selection must rest with the chapter's student membership. Should it be determined, after a review of all evidence, that a local chapter of a national fraternity or sorority is not, in fact, following these principles, the University will withdraw recognition of the chapter.

Student Government

Associated Students of the University of Oregon

The Associated Students of the University of Oregon is the student government at the University. Located on the ground floor of the new EMU, in suites 1-5, are the administrative and program offices of the ASUO. In these five suites, there are a great variety of agencies and activities which serve the needs and interests of the students. The purpose of these programs and the Association itself is to give students an opportunity to plan and direct their own activities, to become involved in every aspect of the University community, and to influence and take part in the decisions made that affect the quality of education and student life at the University of Oregon.

The structure of the student government is composed of four parts. The duties are divided into: the executive, fiscal, legislative, and judicial.

The executive body is composed of the president, vice-president(s), and administrative officers. It is their responsibility to administer the ASUO budget and oversee all ASUO programs. The executive branch also recommends the appointment of student members to many official and ad hoc committees at the ASUO and University administrative level.

The fiscal branch is the Incidental Fee Committee, a seven-member elected body whose duty is to allocate all incidental fees. This committee receives proposed budgets from all agencies recipient of incidental fee support and after a series of hearings presents its recommendations to the ASUO president, who in turn forwards a final budget to the University President. Finally, the budget must be approved by the State Board of Higher Education.

The judicial branch of the ASUO is the Constitution Committee. It has the responsibility for interpreting the ASUO Constitution. Its five members, at least one of whom must be a University of Oregon Law School student, are appointed by the ASUO president. ASUO elections are administered by the Elections Board with an elections court, both functionally responsible to the ASUO vice-president.

The legislative branch of the ASUO is the Student University Affairs Board. This 18-member body is elected from different constituencies according to majors and schools. During Fall term, 1974, the full faculty approved the participation of students in a co-gov-

ernance system, thus permitting the SUAB to hold membership and voting rights in the University Senate. In this way, student-initiated proposals can be presented for faculty approval, and students can have some degree of influence on major policy decisions at the University.

All students who have paid the current term's incidental fee are eligible to become involved in any programs, run for a student body office, or be selected for a committee. There are many opportunities for students to take part in ASUO activities. As members of student-faculty committees, student boards, and programs, students can maintain a high level of influence concerning those decisions on the quality of their educational and extracurricular activities. Detailed information on how to get involved can be obtained from the program offices in the EMU and the executive offices in Suite 4. The student government encourages all students, from freshmen to graduate students, to make an effort to become a part of your ASUO.

Student Administrative Board (S.A.B.)

In an attempt to recognize and make use of student input into the administration of the University and student affairs, the faculty and administration have delegated to the Student Administrative Board several major responsibilities.

Among these are:

1. to develop and carry out policies relating to student organizations and on-campus extracurricular activities;
2. to grant or withdraw recognition or registration to student groups;
3. to develop criteria to guide the University Calendar and Scheduling Officer in scheduling campus events and programs;
4. to authorize the use of the University name, its buildings, property, and facilities by student groups;
5. to develop and carry out policies governing fund-raising activities among students on campus. These policies are subject to the requirement of the Oregon State Board of Higher Education that the President approve all fund-raising activities or solicitations on the University campus or involving the University community.

As with all delegated responsibilities, each of these is subject to the policies or administrative arrangements which have been previously or subsequently established by the President and faculty, respectively.

The Board is a student-faculty committee under the Executive Office of the ASUO. There are 14 student positions which are filled through nominations made by the Board itself to the ASUO Student Body President. In addition, there are two voting members of the faculty, appointed by the University President, as well as four ex-officio non-voting members—the Director and Associate Director of the Erb Memorial Union, a representative of the Office of Student Services and a representative of the ASUO Executive. Students interested in participating on this administrative board should contact its chairman relative to the dates of appropriate interviews. The offices are on the third floor of the Erb Memorial Union. Details of the Board's rules and procedures are available there also.

Activity Regulations of S.A.B.

I. REGISTRATION AND RECOGNITION OF STUDENT ORGANIZATIONS

A. Registration of Organizations

1. The status of Registration is available to groups or organizations which are organized independently from any University sponsorship or affiliation. Registration of Organization grants to a group the right to use University facilities and services only through the sponsorship of a student member of that group. Registration does not grant any rights or privileges not listed above; i.e., Registered groups may not use the name of the University in connection with their organization or program.

2. Registration is achieved by filing the appropriate application form in the Administrative Office of the EMU. A copy of the form will be filed in the S.A.B. Office.

3. In applying for registration, the group agrees:

- a. to accept such regulations and administrative procedures as may be necessary to protect the essential functions of the Uni-

versity, to allow an equitable sharing of time and space, and to assure the reasonable health and safety of the community;

- b. to sign the Non-discrimination Statement, and to attach to the application a copy of its membership selection procedures;
- c. to provide the S.A.B. with a copy of its Statement of Purpose;
- d. that the student authorized by it to schedule facilities in the name of the group is personally responsible for all debts incurred for the use of University services and facilities;
- e. to furnish the University, in writing, the name(s) of a person or persons who can represent the group for the purposes of communication between the University and the group, these names to be made available once per year and/or as changed by the organization;

additionally, the group understands:

- f. that registration of groups does not mean that the University supports or adheres to the views held or positions taken by registered groups;
- g. that responsibility for any actions which violate federal, state, or local laws or ordinances must be assumed by the individual group;
- h. that registered groups may not establish Trust Funds, or
- i. that in the event that the group holds a fund-raising event or co-sponsors a fund-raising event, the student authorized to schedule the event and facility (see d. above) will assure the S.A.B. that the funds raised will be used for the purposes stated in the fund-raising application, and that all rules regarding fund raising will be followed;
- j. that although participation in an organization is open to all, voting members, officers, and official representatives are restricted to members of the University community (students, faculty, staff, and members of their immediate families);
- k. that if the group is affiliated with a national organization, the group must also provide information regarding the national organization, including a statement of purpose.

B. Recognition of Organizations

1. The status of recognition is available only to groups or organizations with direct affiliation or sponsorship by a University school or department, or by the ASUO. Recognition grants to that group the right to use University facilities and services in the name of the group, and to identify themselves with the University.

2. Recognition is achieved by applying for that status to the Student Administrative Board.

3. In applying for recognition the group agrees:

- a. to accept such regulations and administrative procedures as may be necessary to protect the essential functions of the University, to allow an equitable sharing of time and space, and to assure the reasonable health and safety of the community;
- b. to sign the Non-discrimination Statement and provide the S.A.B. with a copy of its membership selection procedures;
- c. to provide the S.A.B. with a copy of its Statement of Purpose, and Constitution and By-laws (if available);
- d. to provide the S.A.B. with a list of charter members, and a list of officers of the organization (the officer list to be updated yearly and/or as changed by the organization);
- e. to provide the S.A.B. with information about sources of financial support;

additionally, the group understands:

- f. that recognition of groups does not mean that the University supports or adheres to the views held or positions taken by recognized groups;
- g. that the sponsoring department, school, or the ASUO must guarantee payment of all debts incurred by the group, i.e. payment of bills incurred through the use of University facilities and services, etc. . . .
- h. that in the event that the group holds a fund-raising event, or co-sponsors a fund-raising event, the sponsoring department will assure the S.A.B. that the funds raised will be used for the purposes stated in the fund-raising application, and that all rules regarding fund raising will be followed;
- i. that recognized groups may establish Trust Fund Accounts with the Erb Memorial Union, in order to purchase by requisition, and receive the accounting services of the EMU;
- j. that although participation in an organization is open to all, voting members, officers, and official representatives are restricted to members of the University community (students, faculty, staff, and members of their immediate families);
- k. that if the group is affiliated with a national organization, the group must also provide information regarding the national organization, including a constitution, by-laws, statement of purpose, and information as to sources of financial support.

SPECIAL REGISTRATION INSTRUCTIONS FOR NONMATRICULANT (NON-DEGREE) STUDENTS

The University of Oregon has initiated a simplified admission and registration procedure for part-time, non-matriculant (non-degree) students. Any University course is now available for credit for the general public as well as for regular students.

To encourage participation in this program, the University has scheduled many courses for late afternoons and evenings. While regular students will have priority in registering for classes, the expanded class-hour schedule will provide additional space for non-degree students.

Nonmatriculant Status

You may register for courses as a nonmatriculant if:

1. You have never been enrolled as a regularly admitted student at the University of Oregon OR

2. If you have not attended the University as a regularly admitted student since completion of a University of Oregon degree.

If your status does not meet the above conditions, it will be necessary for you to enroll as a regular student. You will be requested to complete a re-enrollment request card and, if you left the University in good standing, registration material will be prepared for you.

Credit

As a nonmatriculant you may register for up to 6 credit hours per term. The credit you earn will be entered on your University record as fully bona fide college-level credit. If you apply later for admission to the University and are accepted as a regular University student, the credit earned in this program will be treated as transfer credit.

NOTE: While transfer credit can be applied toward University graduation requirements, it cannot satisfy the "residence" requirement. Candidates for a bachelor's degree must complete 45 of their last 60 hours in "residence" as regularly admitted University of Oregon students. Graduate students may, with departmental approval, transfer up to 15 hours of graduate credit towards an advanced degree.

Selection of Courses

The *General Catalog* contains course descriptions and prerequisites. Consult the *Time Schedule of Classes* for details such as who is teaching a course, when and where it meets and the credit it carries. A listing of courses offered after 3:30 p.m. listed by time and day follows. This section is included for your convenience. Check complete schedule for details.

Registration Priorities and Limitations

Nonmatriculant and matriculated students are subject to the same course prerequisites as listed for individual courses in the *General Catalog*. When in doubt as to whether or not previous course work or non-academic experience would qualify in lieu of listed prerequisites, contact the instructor by phone or at the first class meeting.

Academic Advising

Faculty advisers will be available to students who wish to discuss their academic goals and are seeking information about various academic programs offered at the University. Students are encouraged to take advantage of this service.

Faculty advisers to help with course selection and long term planning will be stationed at McArthur Court, September 26, 7:00 p.m. to 9:00 p.m. and in the Life Long Learning Office, 164 Oregon Hall, September 29 through October 3 from 5:00 p.m. to 7:30 p.m. The Office of Academic Advising can assist students Monday through Friday 8:00 a.m. to 5:00 p.m. in Room 107, Friendly Hall.

A central arena registration for nonmatriculants will be held Friday, September 26, 7:00 to 9:00 p.m. in McArthur Court. The Admission's and Registrar's offices will be open from 8:00 a.m. to 7:30 p.m., September 29 through October 3. These offices are located on the second floor of Oregon Hall.

Table of Tuition Charges

Nonmatriculant tuition is based on the academic level of the course. To determine tuition for undergraduate courses only, refer to the ruled vertical column (three credit hours would cost \$50). To determine tuition for graduate courses only, refer to the ruled horizontal column (three credit hours would cost \$98).

To determine tuition for a combination of undergraduate and graduate credit hours, see the appropriate amount where the undergraduate and graduate credit hours intersect (three undergraduate credit hours and two graduate credit hours would cost \$108).

Undergraduate course level only (100-499)		Graduate course level only (400M/G-599)					
Credit hours		1	2	3	4	5	6
		\$ 40	\$ 69	\$ 98	\$127	\$156	\$186
1	\$24	\$ 53	\$ 82	\$111	\$140	\$169	
2	\$37	\$ 66	\$ 95	\$124	\$153		
3	\$50	\$ 79	\$108	\$137			
4	\$64	\$ 92	\$121				
5	\$78	\$105					
6	\$92	(Combined undergraduate and graduate level courses)					

Included are \$6.00 Building and \$5.00 Incidental Fees.

Students registering totally as auditors will be assessed at the above rates less \$5.00. Tuition for auditing in excess of 6 hours will be assessed in the Office of the Registrar.

How to Register

An arena registration will be held from 7:00 p.m. to 9:00 p.m. on September 26 in McArthur Court.

1. Report to reception table for registration materials. (Complete instructions are included with these materials.)
2. Pick up a Time Schedule of Classes.
3. Go to North Bleachers in the Main Court and fill out registration materials.
4. If your registration involves more than two term line numbers, please request an additional form from the Registrar's table.
5. Check "Closed and Added" section board. If a Term Line Number (TLN) is posted on the "Closed Section Board" that corresponds to a course or section you have chosen, you must then select another course or section.
6. Secure departmental approval for your selection of courses. (See diagram for location of departments.)
7. Report to the Checker-Tuition Assessment station, Northeast Hall, Mac Court. (See diagram.)
8. Report to ID Station for identification photograph. An ID card will be sent to you shortly after the beginning of the term which can be used to facilitate your use of the Library and registration in subsequent terms.
9. Pay your tuition at the Cashier's station.

Students registering after Friday, September 26 should report to the Registrar/Admissions offices between 8:00 a.m. and 7:30 p.m. September 29 through October 3. These offices are located on the second floor of Oregon Hall.
