ENGRAVING COMPANY
935 Oak Street -- Eugene, Oregon

A letter from W. L. Whittlesey, '01, of Princeton, New Jersey, inspires us to revive the "letters" or "quotes and notes" column of bygone days. Here University alumni had their chance to chastize us with condemnation, to soothe us with commendation, or to make all chuckle with some curt quip.

Such shall be the nature of the current "Quacks." Let all who have the inclination add their bit. The first columns may be mainly of letters slightly more interesting than the usual run . . . after that we expect the fun to start.

* * *

The name, and the first column of "Quacks" we dedicate to Alum Whittlesey, who writes:

Dear Mr. Johnson:

Perhaps the Team's luck might change IF that name "Ducks" were abolished. Few heroic deeds have been recorded of ducks. There's a smack of quackery about it.

Respectfully,
W. L. Whittlesey, 1901.

* * *

An unknown writer from Bellingham, Washington contributes the next bit to the opener with his return of a "tracer" card to the alumni office.

He reports his name as Thomas Catt, married to Pussy Willows with their address, Back Alley, Eugene. This anonymous alum says his occupation is "Conductor of Night Clubs," that the hours he attended the University were from 1:00 to 4:00 A. M. and the degree received from the U. of O. was "low". His children's names are "unus, secundus, tertius, etc." Someone who might know his whereabouts is "The Man in the Moon".

It's a good thing everyone doesn't answer this way, though. We might have a letter column, but it wouldn't help the alumni records much.

* * *

And then Iguesso, the office duck, tells the oft-repeated, but still good, story about the grad he met back east who wanted to know if a hole had been cut through the ad building yet so the Pioneer could wink at the Pioneer Mother, poor lonely soul.

* * *

President C. V. Boyer comes in for his share of the storm with an Old Oregon subscriber from Seattle, Washington, lashing him verbally. The writer encloses a clipping of the charming bit of femininity (holding a cigaret in her hand) who graced the Chesterfield cigaret ad on the back cover of the November issue. He says:

Mr. President:

You should be ashamed to be president of a University that must thrive and exist on such advertisements.

An Old Oregonian.

We sympathize with the Old Oregonian, but are still proud of our President; Chesterfields? They satisfy.

* * *

Returning to the sensible, we print below the more interesting of the run of little letters to the office. First we have one to Dean Onthank, which he kindly sent us.

QUACKS

Dear Dean Onthank:

I often recall with great pleasure the days I spent at the University of Oregon, and am grateful to you for your generous counsel and interest in my problems at that time.

You will be interested to know that I have just taken charge of the Berlitz School of Languages in Brooklyn. The thought has come to my mind that some of the numerous students who come to New York from Oregon may have problems similar to mine when I was in Oregon. If I can be of any service to you at any time in advising such students here, it will be a great pleasure to me.

Thanking you again for your many favors, I am

Very sincerely yours,
Gottfried Hesse.

* * *

Mr. Hesse will be remembered as a student at the University last year. He wrote several interesting articles on Germany for the Emerald.

* * *

From New York we jump to Washington and find a letter from Mary Elma Rundlett, ex-'32, who is finance executive to the department of athletics at Catholic university in the Capitol City.

Dear Editor:

I have been in Washington now a little over a year and I must admit that it is a very interesting place to live. I have come in contact with a number of Oregon people since my arrival here.

I have seen CAP ROBERTS a number of times and also PAUL BIGGS, ex-'33. Cap is returning to his home in San Francisco around December 10th. FRANCIS PALLISTER, '34, is in the promotion and sales department of one of the largest dairies in Washington and DENZIL PAGE, '33, and his wife live over in Colonial Village in Virginia. Denzil is employed in the Resettlement Administration.

I have followed BILL REINHART'S football team at George Washington University very closely and he has had a very successful season this year. Due to the fact that my parents still reside in Eugene, I will be paying you all a visit in December. It will indeed seem good to be back once again on the campus and meeting old friends.

Sincerely

Mary Elma Rundlett, ex-'32.

* * *

Mrs. Serena Madsen Scheffer, '30, of 1909 South Spring street, Sioux Falls, South Dakota, who formerly worked in the alumni office, writes in to greet the staff with a Merry Christmas and best wishes.

She says that she is teaching a course in dramatics at Augustana college and directing plays for the school.

"My husband, Jack Scheffer, has recently had an article published," she says, "in the November, 1936 issue of Modern Philology, a journal devoted (so the cover says) to research in Medieval and Modern Literature."

NEWS AND COMMENT

By The Editor

WITH the start of work December 15 by the new alumni secretary, Elmer C. Fansett, '28, plans for a more united and a greater University of Oregon alumni group have been progressing rapidly.

Several meetings of the advisory committee have been held, and Mr.

Greater UO Alumni Aim of Fansett

Fansett has been very busy renewing acquaintances with campus administrators, acquiring a familiarity with the office, reorganizing certain phases of the program, drawing up preliminary budgets, and making plans for the new year.

According to present plans, Mr. Fansett states that he will start field work before the middle of January, and will be traveling throughout the state meeting alumni and University friends.

By the January issue of OLD OREGON he will have had time to make a survey of the alumni situation, and will make known his plans for the coming year in that number.

DURING the holiday week between Christmas and New Years Mr. Fansett will be in Portland attending the Oregon State Teachers' association meetings. He will be present at the annual luncheon of the teaching alumni, for which the office here has prepared programs, and will address the group on "The Alumni Program for the University."

In the announcement of the meeting sent to the alums, Mr. Fansett said, ". . . I feel sure that this new alumni program is going to mean a great deal to all of us. The tie-

Program Is Opportunity For Service

up with the placement service should give us an opportunity to be of greater service to you than ever before, and I hope that you will feel free to help me find ways to help you. . . ."

AS indicated above, the new position of alumni secretary will include the work of representing the University placement service, and grads are urged to take advantage of the opportunity for placement, through either Mr. Fansett or Miss Janet Smith.

Also, as indicated in earlier stories, Mr. Fansett will be working partially for the ASUO, but instead of driving toward three different goals his one ultimate aim will be to promote the general welfare of the University as a whole, both its campus and alumni life.

— :: —

SPORTS are definitely on the upgrade at the University. Not only is Athletic Manager Anse Cornell getting the athletic department on a sound

financial basis, but he is getting Oregon football out of the mud, too.

Committees are at work now preparing for turfing of Hayward field before next fall. This is a pet project of Mr. Cornell's, in that he announced some time ago that one of his first big jobs here would be to get turfing work underway.

BASKETBALL looks like a great season for the Webfoots, too. None of the railbird prophets are predicting a northwest championship, but they are mighty pleased with the "Driving Ducks" Hobby Hobson is turning out.

The boys are colorful, hard-playing, crowd-pleasers. Win or lose they are plugging the hoop, and pile up thirty and forty points a game with ease. They look good!

CAMPUS AND FACULTY

New PE Plant Open

Doors of the huge new \$356,000 Physical Education building, located just north of McArthur court, will be thrown open to the public January 3 and 4 at an "open house" session. Faculty and administrative officers of the University will be welcome the first day, and from 7:30 to 10:30 p. m. students will be shown through the following day.

Boasting ultra-modernity to every degree, the 434 by 200 feet structure is equipped with sound-proofing, air-conditioning, controlled artificial lighting throughout, and a complete inter-communication system of telephones and gongs.

Intended primarily as a center for teaching instructors in physical education, for an extensive intramural program, and for adequate facilities to take care of required physical education work for classes, the building has been constructed in the modern way of fitting the need rather than for design.

"The building is not just a gym, is

no attempt to build a replica of McArthur court, but is built as a supplement to the entire athletic system," Dean John Bovard points out.

This endeavor to emphasize the educational and training end rather than the spectator one makes the University one of the pioneers in this field. "The gyms are made to play in, not for spectators to sit in," Russ Cutler, assistant professor of physical education, said.

With more than 1,300,000 cubic feet of air space, the building provides every type of room for athletic pursuits. Two full-sized basketball courts are available. Eight courts are ready for handball, with two of these also regulation for squash. Unoccupied and unfinished space in the enormous structure provides for room to build more handball courts after funds are available. Bag-punching, wrestling, boxing, weight-lifting, badminton, restricted activity, tumbling, and volleyball rooms abound.

In the locker rooms University faculty will have their own quarters, and

students will find approximately 50 showers waiting for use. A novel feature at the entrances to the dressing room is a special heated room so that cold blasts of air will not blow in.

Another special feature is a section which can be locked off from the rest of the rooms, where women will be allowed on special occasions of exhibition tumbling, etc.

The unfinished section will for the present serve as a field house for Colonel Bill Hayward and his tracksters, and for Hobby Hobson and his baseball men.

The building is connected through both levels with McArthur court, and athletes can thus transfer back and forth without going outside. Doors open out to the athletic fields in the rear as well as to the street entrances on University and 15th.

In keeping with its educational ideas, space in the building is provided for research and study by graduates, and a huge lecture room will be available for conventions and general meetings. Study of the various sports can be carried on through the observation windows provided in the corridors which flank all the playing floors.

Dean Bovard mentioned that special credit was due Professor Will Norris, special adviser on buildings to President C. V. Boyer, for endless work in tending to innumerable details.

—:—

Bandon Aided

The state planning board and the bureau of municipal research have cooperated in helping the city of Bandon, and an inventory of the total property razed by the big fire has been submitted to city officials.

The survey, giving the assessed valuation and the tax delinquency of each piece of property, will be used by the city in outlining means of liquidating charges against the property, including taxes.

The inventory was compiled by Henry F. Beistel, '31, and William O. Hall, '36, of the bureau's staff.

—:—

Winter Term Starts 4th

Students completed fall term studies and examinations on December 18 and left for home to return to the campus on January 4 for winter term registration.

Classes for winter term will end on March 10, with final exams slated from March 11 to 16. In contrast to the holiday-studded fall term, no holidays are scheduled for the winter period.

IMPORTANT OFFICIALS LOOK OVER NEW PE PLANT

Members of the building inspection committee of the state board of higher education and officials of the University of Oregon are shown at the entrance of the \$356,000 men's physical education building, newest addition to the university building group. The plant was accepted for use recently by the board, following recommendations by the inspection committee. From left are: Dean John F. Bovard of the school of physical education; F. E. Callister, Albany, member of the board's committee; H. R. Munson, San Francisco, district PWA project auditor; Beatrice Walton Sackett, Salem, member of the board; Charles D. Byrne, Eugene, secretary of the board; D. L. Lewis, superintendent of the university physical plant; Earl M. Pallett, executive secretary of the University; Charles T. Diamond, state PWA inspector; Willis Telefer, clerk of the works; Dean Ellis F. Lawrence of the school of architecture and architect of the building; Will V. Norris, university staff member; Eyley Brown, associate professor of architecture; Dr. Frederick M. Hunter, chancellor of the state system of higher education, and Robert W. Ruhl, Medford, member of the board.

“Teclacka” Clicks

Headlines the nation over have been screaming out the news of a novel organization started recently on the University campus.

T.C.L.A.C.A. (pronounced Teclacka, and meaning “Two Can Live As Cheaply [as one] Association”) was the brain child of Howard Kessler, senior in journalism, who at the time was a groom of one week.

Mr. Kessler and his co-organizer, Reinhart Knudsen, have been busy explaining ever since. First point to clear up was that they meant two could live as cheap together as they could apart. Then to vindicate themselves scholastically the boys, aided by University officials, compiled statistics to show that married students last year made a grade point average of 2.90, against an all-campus mark of 2.44.

Started first as a humorous gesture, the movement attracted much attention, and its unlimited possibilities were soon recognized by the leaders. Earlier objectives were simmered down to three, as follows:

To promote social affairs for young married couples on the campus, such as dances and parties.

To appoint committees to study individual problems of young married couples and exchange this information at regular meetings.

To work out plans for cooperative purchasing of commodities.

Complete organization will start with the opening of winter term and it is the hope of the leaders that as many of the 127 married students (84 men, 43 women) on the campus who wish will join.

Approval of “Teclacka” has come from every source. President C. V. Boyer, Dean Hazel Schwering, and Dean Karl Onthank have all given their best wishes to the wedded couples.

Letters have flocked in to Kessler from various parts of the United States. One man sent \$5 and said it would be worth it if the group could prove that “two can live as cheaply,” because he had been trying to do it for 20 years and couldn’t make the grade.

Latest announcement of Leaders Kessler and Knudsen has been the drawing up of an invitation to Edward David, Duke of Windsor and Mrs. Wallie Simpson to join their group.

—:—

Famous Ballet Coming

Appearing in a city of less than 50,000 for the first time in its career, the famous Monte Carlo Ballet Russe will be presented in Eugene at McArthur

T.C.L.A.C.A. ADVOCATES PROVE THEIR CONTENTIONS

The four members who form the nucleus of T.C.L.A.C.A. (Two Can Live As Cheaply Association) get to work in their own kitchen to prove their contentions. From left to right they are Mr. and Mrs. Reinhart Knudsen, Mrs. Kessler, and Howard Kessler, founder of the association.

court, Thursday, February 4, by the Associated Students.

Last year the ballet, which is the only traveling organization of Russian ballet in the world today, appeared in ninety American cities and drew a gate of more than one million dollars. The company is a huge one of 55 dancers, a symphony orchestra of 30 pieces, and a large staff of secretaries and managers. The tour is made in a special train of six pullmans, four baggage cars, and a diner.

—:—

Training Director Named

Rapid extension of civil service in cities throughout the state and a demand for definite training programs for various groups of city employees has led to the appointment of Warren C. Hyde as director of municipal training activities, Herman Kehrli, executive secretary of the League of Oregon Cities, announced recently.

City civil service commissions and other groups may call on Mr. Hyde for consultation, and he will continue his present research work in connection with local government surveys.

—:—

Second in Nation

The University chapter of Sigma Delta Chi placed second in a national contest for chapter efficiency conducted during the past year.

The award is based on activities of the chapters, attendance at meetings, and importance of the professional speakers at banquets and meetings. The national inspector for Oregon last year was E. Palmer Hoyt, ’23, managing editor of the Oregonian.

Oregon’s chapter annually conducts

contests for high school and state newspapers, takes an active part in sponsoring the high school press conference, and manages the statewide contest for the best weekly newspapers, as well as a contest for the best editorial page in the state.

—:—

Rushing, “Hell Week” Studied

Following up suggestions by the Oregon Dads, student committees are investigating on a deferred pledging system and the complete eradication of pre-initiation ceremonies dubbed “hell week”.

Reports thus far indicate that introduction of a deferred pledging system without a few years notice would be disastrous. Dean Karl W. Onthank mentioned in a special interview how the housing system would be thrown into chaos . . . both because of the Greeks not having enough men to keep going during the first year, and because supervised housing would be far too inadequate.

Studies of “hell week” reveal that the practice has been banned by most houses, although still existing in less violent forms in some. The administration and national organizations of the chapters are both urging complete eradication.

—:—

¶ The League of Oregon Cities has received a grant of approximately \$2,000 from the American Municipal association to finance part of its field work, according to Executive Secretary Herman Kehrli. More than 800 inquiries from cities were answered and most of the cities visited during the past year, Mr. Kehrli said.

UO Liberal, Not Radical

In a recent visit to the campus Dr. Ernest Sutherland Bates, nationally known author, literary critic, philosopher, and educator expressed the view that in comparison with other schools Oregon students were not overly-liberal and certainly not radical.

In an interview granted the Emerald, Dr. Bates, who was once head of the department of rhetoric and American literature at the University, said that although the University might be more liberal than the University of California the students there are much more radical than those of Oregon. As far as students are concerned, he said, the two most radical schools on the coast were the University of Washington and UCLA.

Dr. Bates believes students should not accept all they are told and should learn to contest ideas they believe unsound. He said, "I don't want students to be in a receptive mood, I want them to be in a creative mood. Students should be encouraged to develop their own ideas and to contest those of their teachers which might not seem to ring true."

— :: —

Dean Morse Highly Honored

Wayne L. Morse, dean of the law school, brought new honors to himself and the University recently when he received an invitation to direct a na-

tional law survey for Attorney General Homer S. Cummings.

At the meeting of the state board of higher education Dean Morse was granted sabbatical leave for the six months he will have to spend in Washington as director of the attorney general's national survey of release procedures.

While there Dean Morse will continue his research study, and also in accordance with requests from members of the Oregon State bar he will endeavor to have the law school here made a depository for governmental documents.

Professor Orlando Hollis will be acting dean during the six months period, and former graduate manager Hugh Rosson will handle some classes.

— :: —

Admiral Byrd to Lecture

In another of the outstanding presentations this year, the ASUO will present Admiral Richard E. Byrd in lectures matinee and evening January 27 in McArthur court.

With the aid of motion pictures, the noted polar explorer will relate his thrilling adventures in the Antarctic. The unceasing battle with the elements, the endurance of the long winter night, the discovery of huge areas of land and seas never before seen by the eyes of man, and the procurement of valuable scientific data will all be told by Admiral Byrd.

According to press reports from the east enthusiastic and applauding audiences of 15,000 and 20,000 greet the conqueror of the Antarctic everywhere he is presented. The lecture is hailed as an educational feature children as well as adults shouldn't miss.

— :: —

UO Convention Seat

The University is playing host to the eighth annual meeting of the Pacific Sociological society December 28, 29, and 30, with Professor S. H. Jameson acting as chairman.

Several faculty members are included on the speaker's slate including, Dean Wayne L. Morse, Lester F. Beck, professor of psychology, Elon H. Moore, professor of sociology, and R. R. Martin, assistant professor of social science.

— :: —

¶ John L. Casteel, professor of speech, was recently elected vice-president of the Western Association of Teachers of Speech at a meeting held at Pasadena, California.

ALUMNI

Alums Hold Important Posts

Seven alumni members who are connected with the U. S. army reserve officers corps are now assigned to duty in important administrative positions for the CCC in the northwest district.

Two of the leading positions are in the emergency organization at Vancouver barracks, Washington, where Captain Byron O. Garret, '21, acts as district quartermaster, and Captain W. E. Read, '28, is a personnel adjutant with work similar to that of a personnel executive for a large civilian firm.

Seth M. Kerron, '06, M.D. '09, is a reserve captain stationed at Camp Belknap near McKenzie bridge as a doctor for a camp of more than 200. First Lieutenant Karl R. Landstrom, '30, is commanding officer of the Belknap camp.

First Lieutenant Marvin M. Cone, '29, is in command of a camp of 150 men located near Warrenton, Oregon. First Lieutenant Lawrence E. Parks, '30, and Raymond L. Bell, '31, serve as company officers at Camp Gunter, Drain, and Camp Cascadia, respectively.

— :: —

Eleven Honored

Three alumni and eight students were honored recently by selection for Phi Delta Kappa, men's professional education organization. Nominations for

FUN STILL PLAYS ITS PART IN SCHOOL LIFE

Along with studying and examinations, University students still indulge in playful moments, as shown in the above picture of the recent pledges to Alpha Delta Sigma, national advertising honorary. Part of the pre-initiation ceremony requires that each man go out and prove his ability as an advertising man by selling ads for a billboard he must carry around all day. Friendly hall is shown in the background, and in the picture we have, from left to right, Carroll Auld, the horse, Don Chapman, Gene Callahan, Woodrow Truax, and Zollie Volchok.

MAKES HIS RE-DEBUT

Music School Dean John J. Landsbury made his re-debut on the concert platform recently when he appeared as solo pianist at a concert given at the music school. Commendation from all sides greeted the public return of the Dean's flying fingers to the piano. Professor Rex Underwood is directing the Orchestra.

membership are based on scholarship, promise shown in preparing to become instructors, and the success shown as members of a teaching staff.

The men chosen will be initiated into the organization at a district conference in Portland December 29, at which Dr. Francis F. Powers, '27, dean of the school of education at the University of Washington, will preside, and Dr. Edward Clark, '32, president of the alumni chapter in Portland, will assist him.

Those chosen were: Robert D. Knox, '31, Raymond C. Hendrickson, '35, William Johnson, '36, and students Delbert Bjork, Eldon Fix, Maurice Ward, Nephi Jorgenson, John Morton, Theodore Thompson, Walter Eschebeck, and Stanley Williamson.

—:—

Alumni Research Started

Cooperating with over 30 large universities throughout the nation, a study of the relationships between college training and economic status of university graduates has been started under the direction of Dr. Howard R. Taylor.

Period years from 1928 to 1935 are being studied. Letters are in the form of questionnaires to be filled out objectively. It is the hope of the officials that alumni will cooperate in answering the material. All replies are kept strictly confidential.

Dr. Taylor is including space for the graduates to answer questions and add remarks as to how they feel University

training can be improved, and hopes for helpful returns there.

Material from Dean Karl Onthank regarding the University placement service is also being included in the letter. Dean Onthank urges alums to take advantage of the placement service if they would like a change of position or are unemployed. He mentions that Miss Smith is now being assisted in the work through contacts made by Elmer Fansett, new alumni secretary and placement representative, and that calls for graduates are expected to exceed materially the resources now represented by registration of graduates in the placement office.

A ruling of the state board necessitates a \$3.00 registration fee for this service, the same as that required by the appointment bureau for teachers.

—:—

Professor Lyans Dies

Dr. Cecil K. Lyans, '09, member of the board of trustees and head of the social science department at Bergen county junior college, Teaneck, N. J., died Friday, November 20. His death was caused by cerebral meningitis, which he contracted only a few days previous from a chill brought on by over-exertion. He was 49 years old.

Professor Lyans, after graduation from Oregon, spent from 1909 to 1913 at Oxford as a Rhodes scholar and received his Ph.D. from Clark university in 1914.

Students and faculty members of Bergen J. C. paid great tribute to Dr. Lyans for his unceasing efforts in the interest of the school. He was the leader in getting a permanent home for the college, and in his administrative work introduced many valuable contributions. Plans are being made to honor his memory by naming one of the new buildings on the campus Lyans Hall.

His survivors include his wife, Mrs. Laura B. McDowell Lyans, twin daughters Misses Eleanor and Miriam, and a brother Professor Roscoe C. Lyans, '10, of Santa Barbara, California.

—:—

Architects Visit

Three alumni were among the representatives of the Portland chapter of A.I.A. who made the annual fall term visit to the school of architecture.

Hollis Johnston, ex-'21, A. Glenn Stanton, '18, and Edward M. Hicks, '34, were the three visitors and they were accompanied by Roi Marin.

The afternoon was spent in conference with the students and the evening devoted to the usual Wednesday open forum at the home of Professor W. R. B. Willcox.

Allen With Journal

Robert K. Allen, ex-'32, who from December 1932 until his resignation in September 1936 handled the double position of both alumni secretary and editor of OLD OREGON, has now joined the promotional staff of the *Portland Oregon Journal*.

—:—

MacGregor Represents UO

John M. MacGregor, '23, former student body president and now leader of the New York City alumni group, represented the University at the convocation commemorating the 400th anniversary of the death of Desiderius Erasmus, which was held at Columbia university recently. Delegates from leading schools in the U. S. and Europe were present.

(Continued on Page 13)

NEW FACULTY MEMBER

Dr. Hance Francis Haney, who came to the Medical School at the beginning of the school year as Assistant Professor of Physiology, is a native of Wisconsin. He received his B.A., M.A., and Ph.D. degrees from the University of Wisconsin, and the Doctor of Medicine degree at the University of Chicago. He is a member of Phi Beta Pi, Sigma Sigma, and Sigma Xi.

S P O R T S

BASKETBALL

4 Wins, 2 Losses

With football fast fading out of the picture, basketball has wasted little time in taking the collegiate spotlight. Oregon's "Driving Ducks" had nearly completed their tough pre-conference schedule at press time, with four victories and two defeats on the books.

Hailed by critics as the fastest and hardest driving club produced at Oregon in many years, Howard Hobson's 1936-37 court creation has scored victories over Wagner's All-Stars of Corvallis, a squad of former Oregon State luminaries, 45 to 31; Multnomah club of Portland, 57 to 49; U.C.L.A. of the southern division, 56 to 30, and Southern Oregon Normal, 38 to 31. Santa Clara ended the Webfoot winning streak at San Jose, 51 to 47, and the University of California followed at Berkeley, 54 to 44.

Average 48 Points

One thing appeared certain as the Webfoots made ready for the final practice drive; opponents will have to score close to 50 points to down the Ducks. In the opening six tilts the Webfoots tallied a total of 287 points, an average of 48 per game.

Chief weakness of the booming Webfoots seemed to be on the defensive side of the ledger, and followers contend that this will be remedied as the season goes on.

Still unable to select a starting five men from his squad of 15, Coach Hobson has narrowed the field to eight players, four of them veterans and the others sophomores. It appears probable that all eight will see equal conference action.

Silver Leads Scorers

John Lewis and Dave Silver, lettermen, and Laddie Gale and Wally Johansen, sophomores, are the best bets for the forward posts. Excellent work by Urgel (Slim) Wintermute, 6 foot 8 inch sophomore, seems to give him a hold on the center position, while Bill Courtney and Ken Purdy, veterans, and Bob Anet, sophomore, are the leading guard candidates.

Silver, husky southpaw from Portland, has continued his high scoring tactics again this season and at the end of the first six games had piled up 78 points, an average of 13 per game. Other leading scorers were Wintermute, Purdy, Anet, and Lewis.

Warren Forced to Cut

For the first time in his coaching career, "Honest John" Warren was forced to make a "cut" in one of his teams. The original turnout of 67 aspirants for the Oregon freshman

VARSIITY HOOP SCHEDULE

January 8-9—WSC at Eugene
 January 15—OSC at Corvallis
 January 19-20—WSC at Pullman
 January 22-23—Idaho at Moscow
 February 1-2—Wash. at Eugene
 February 6—OSC at Eugene
 February 12-13—Idaho at Eugene
 February 20—OSC at Corvallis
 February 26—OSC at Eugene
 March 5-6—Washington. at Seattle

basketball squad failed to shrink, as usual, with Warren's ultra-strenuous opening practice sessions. Unable to handle such a large group, Warren reluctantly "lopped off" all but 25 first-year men.

The Ducklings will resume practice after the Christmas holidays and quickly open a 12 or 14 game schedule. Warren's initial freshman club scored 19 victories in 20 starts last winter.

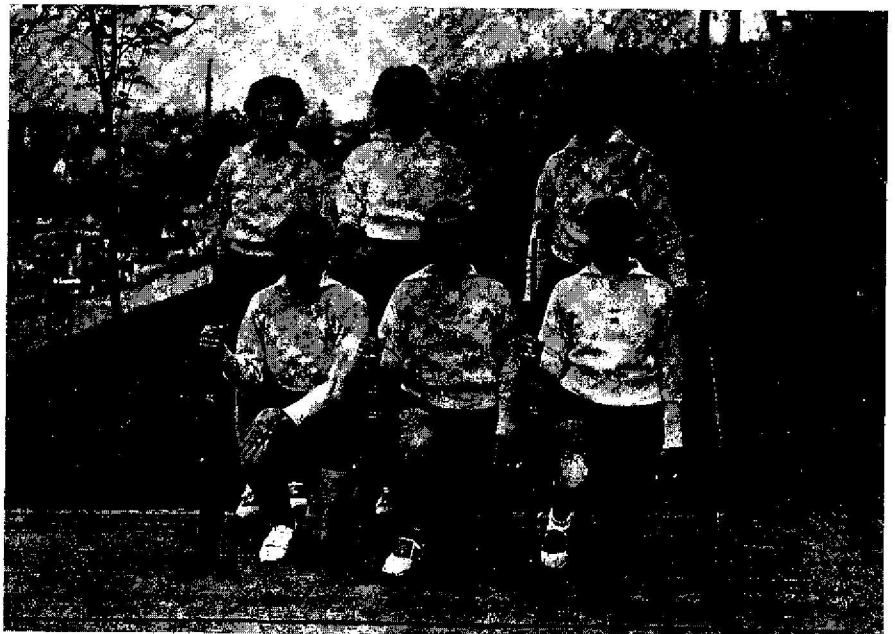

FOOTBALL

Grid Schedule Listed

One and possibly two intersectional games may be added to Oregon's 1937 football schedule, according to Manager Anse Cornell. At present the Webfoot slate includes eight games, seven with conference opponents and one with Gonzaga.

An open date on October 30 may be filled by the University of Utah. A post season encounter is being sought by Cornell and Callison and the opponent will be named after the next meeting of the athletic board on January 11. No names were divulged by Cornell, although the University of Arizona was mentioned on the campus as a possibility, with a game at Tucson on December 4.

The Webfoots' schedule, as it now stands, opens on Sept. 25 with a night game against U.C.L.A. at Los Angeles. Other tilts are Oct. 2, Stanford at Eugene; Oct. 9, Gonzaga at Spokane; Oct. 16, Southern California at Los Angeles; Oct. 23, Oregon State at Eugene; Nov. 6, Washington State at Portland; Nov. 13, California at Portland; Nov. 20, Washington at Seattle.

CO-EDS HAVE OWN RIFLE TEAM

Co-eds of the University of Oregon now have their own rifle team, with more than 100 aspirants now trying out for positions, it has been announced by Sergeant Harvey G. Blythe, instructor in military tactics and marksmanship coach. Several of the girls have already shown marked proficiency in this sport, and telegraphic matches with a number of other women's teams in various parts of the country are planned. The girls recently defeated a picked team of male faculty members easily. In the photo above are some of the leading contenders for places on the team. They are: Blanche Moore, Prineville; Dorothy Meyer, Eugene; Betty Jean Van Atta, Eugene; standing—Marie Cavanaugh, Oregon City; Frederica Merrell, Eugene, and Phyllis Adams, Lakeview.

Turf Planned, Callison Stays

Oregon's varsity football team will have its Hayward field turfed and Prink Callison again at the helm for the 1937 season.

That much of the Webfoots' next gridiron campaign was made certain recently when the Oregon athletic board, at its December meeting, unanimously approved plans to turf historic Hayward field and to recommend to the state board of higher education that Callison's contract be renewed for a sixth year.

Decision of the board to grass Oregon's playing field called for the turfing to be completed in time for dedication at the Oregon-Stanford game to be played at Eugene on October 2. Anson Cornell, athletic manager, was named chairman of a special committee to arrange for the turfing. Actual work will be started as soon as the committee completes its study of methods of promotion and financing.

— :: —

A Blaze of Glory

A recent invitation to represent the West in the annual East-West battle New Year's day climaxed a brilliant three-year playing career for Captain Del Bjork, Oregon's smashing tackle.

Bjork has made almost every all-coast team listed, as well as all-opponent teams of practically every eleven the Ducks have played. He was listed by Washington as in the same class as Minnesota's Ed Widseth.

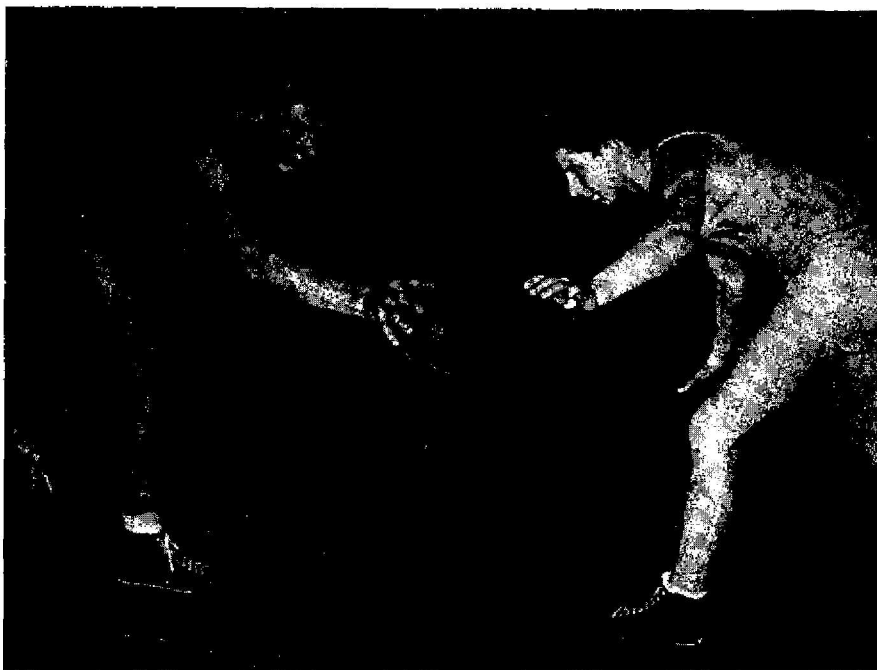

In national honors Bjork received his share with selection on second team, or at least third team on most of the major choices.

— :: —

¶ Bob Braddock, former Benson Tech all-city halfback at Portland, has been accorded "iron man" honors at the University, after leading his teammates in total minutes played and in ground-gaining for both of the last two years. In time this year Tony Amato and Captain Del Bjork were next in line after Braddock.

— :: —

¶ Twenty-five varsity Webfoots received their letters after completion of play this fall. Of these only five will not be back next year. Heading the list of lettermen were Del Bjork and Ed Farrar, both receiving their third letters and "O" blankets. John Engstrom and Bob Braddock both received their second letters, while Pat Fury, the other senior of the group, was accorded his first.

LADDIE GALE SHOWS HOW TO TEASE GUARDS

Big-handed Laddie Gale, another one of Coach Hobson's giant hoopsters, shows how to tease the opposing guard (Dale Lasselle) as he pushes the ball way out, but performs the difficult feat of holding on to it too.

¶ With 31 lettermen named for the Frosh footballers, old-timers recalled that the list included less out-of-state men than any previous year. Seven were non-Oregonians, seven were from Portland, and the rest scattered.

— :: —

¶ The Oregon Yeomen were pacesetters for the fall term intramural program, as they piled up a total of 261 points to lead the second place Sigma Alpha Epsilon team with 231 counters. Beta Theta Pi, Alpha Tau Omega, and Kappa Sigma were next in line.

COMMENT of the COACHES

Campus sports enthusiasts who have watched Hobson's "Driving Ducks" in their games so far this season are extremely well-pleased. Amid expressed hopes for a top-division quint the general run of this comment seems to be satisfaction with the brand of ball the Webfoots are offering.

The boys are hitting the hoop, and they are driving hard all the time with the fast-break system of play. Let's hear what the men who determine Oregon's athletic fortunes have to say.

Gene Shields, football line coach and scout, mentions how action is the keynote to crowd-pleasing athletics, and that this year's basketeers certainly have it. "Last year's men weren't suited to the fast-break type of play Hobson requires," Shields says. "This year's group is traveling fast and are working together. If the men fit they have great promise."

* * *

Frosh Coach John Warren singles out Bobby Anet and Dave Silver as hard drivers typical of the team, although some of the men could speed up. He says he would rather wait until after a conference game or two to pick the final resting place in the race for the Ducks, but mentions like the others that the hoopsters are playing exciting basketball.

* * *

"The team should go places. They are taking advantage of their opportunities and have much better spirit this year than last," Athletic Manager Anse Cornell says. "The height and speed of the five, along with its open style, should please any fan," he concluded.

* * *

Coach Hobby Hobson has said that the outlook is pretty problematical, but that this year's team has fine spirit and determination, and he will guarantee a hard-working club in every game from start to finish.

NEWS OF THE CLASSES

1885

Daniel Waldo Bass died in Seattle, December 15, at the age of 72 years. He was a native Oregonian, being the son of one of Salem's most prominent families. He was one of the four members of the graduating class of 1885, receiving his B.A. degree. His later degrees were LL.B. 1886 Willamette University; M.A. University of Oregon 1888. He went to Seattle in 1888 and became a prominent lawyer. He married Sophie S. Frye and for many years was manager of the well-known Frye hotel. He was president of the Atlas Lumber company at the time of his death. Dan Bass, as he was familiarly known, had a very large circle of acquaintances. He represented his class at their fiftieth anniversary, held during Commencement week in June 1935, and spoke for a few moments, although suffering at that time from a recent paralytic stroke. The last member of that historic class, **Anna Patterson**, now **Mrs. L. H. Potter**, resides in Eugene. The other two members, now deceased, were **Henry F. McClure** and **Royal F. Reasoner**.

1889

"Our Kinsmen," by **Lewis J. Davis**, '89, M.A. '93, has been added to the University collection. Mr. Davis, who autographed the book, "To the University of Oregon, may you always lead," is an attorney, practicing in Portland.

1890

William C. Washburne, ex-'90, president of the First National Bank of Junction City, has retired from the banking business since the sale of his institution to the United States National Bank of Portland. His son, **Claude B. Washburne**, '13, formerly vice-president of the bank, has been appointed manager.

1895

Hermon L. Robe has a position as instructor in the Lane county adult education project.

Mrs. Lydia Yoakam Horsfall, ex-'95, (Mrs. William Horsfall) of Marshfield has just completed two years as National Music chairman of the American Legion Auxiliary. At Cleveland, Ohio, Mrs. Horsfall supervised the National Choral contest of twenty-six entries. Contest songs were folk songs arranged for women's voices. For the past two years emphasis has been given uniformity in singing "The Star Spangled Banner" by using "Damrosch" version, the same as played by the U. S. Navy Band. Mrs. Horsfall is state chaplain of the Daughters of the American Revolution.

1901

Albert E. Meserve, of 3354 Southeast Stark, Portland, died November 23. Mr. Meserve received his degree in electrical engineering from the University in 1901 and was prominent in the electrical business in Portland for many years. Surviving are his widow, Mrs. Mary Benson Meserve, two sons and three daughters, of Portland, and a sister, Mrs. E. M. Patterson, of Eugene.

1905

Albert E. Johnson, LL.B. '05, has been elected county judge of Morrow county, Oregon.

1907

George Hug, Jr. is a flying cadet at the Army Air Training Center at Randolph Field, Texas. Among one hundred sixty other students he is taking the course in "Aerodynamics" in which **Lt. Don Z. Zimmerman**, '24, is instructor. Mr. Hug is the son of **George W. Hug**, '07, who will be remembered in Eugene as a former principal of the Eugene high school.

1909

Harry Lowell, for fifteen years employed in the city engineer's office in Eugene, recently visited New York City and has now returned to Cristobal, Canal Zone to make his home for awhile. He has spent many years traveling in the South Sea Islands.

1910

Albon P. Man has managed the Culver-Palms Auto camp at 9944 National boulevard, in Los Angeles for the past eight and one-half years. Before locating in California, he served as draftsman for the New York Edison company and for the New York and Queens Electric company, two and one-half years each. He is married and has three children, one daughter and two sons. The older son, **A. P. Jr.**, is attending Columbia University in New York on a scholarship based on his work at the Jamaica high school, New York, where he was valedictorian of his graduating class of over 700 last June.

1911

Conifred Hurd is teaching science at the the West Seattle high school.

1913

Dr. Mark A. Paulson, M.A. '13, has returned to Silverton to resume the practice of law.

1914

Priscilla Murphy, sixteen-year-old aviatix of Brookline, Massachusetts, was killed in an airplane crash near Syracuse, New York, November 15. She was the daughter of **Dr. William Parry Murphy**, '14, winner of the Nobel prize in 1934, and of Mrs. Murphy, and was the niece of **Harry B. Murphy**, LL.B. '15, and **George E. Murphy**, LL.B. '15, both of Portland. She was believed to have been the youngest woman to receive a pilot's license and had recently become a member of the Society of Women Aviators.

1915

Russell M. Brooks, ex-'15, former consul at Curacao, Netherland West Indies, has been assigned to Johannesburg, Union of South Africa, as consul.

William R. Boone is principal of the Orlando, Florida senior high school.

According to word received by the Alumni office, **Ruth W. Sears**, of Rocky Hill, Connecticut, last spring became Mrs. **J. Franklin Pineo**. Mr. Pineo is Y.M.C.A. secretary of Hartford, Connecticut.

1916

Charles E. Hidden, ex-'16, and his daughter, **Helen**, 15, took a long motor trip recently, going as far south as Los Angeles, and north to Reno, Nevada. They were away a month. Mr. Hidden is a salesman for Standard Oil Company, in Portland. While in Los Angeles they met **Vern Fudge**, '23, who is with the Union Oil company.

Beatrice M. Locke, an editor on the Portland Spectator staff, has been attending a national convention of Gamma Phi Beta sorority in Chicago. She is vice-president of the national organization of the group.

Harold F. Humbert is pastor of the Christian church at Independence, Kansas. Rev. Humbert has been attending Edinburgh University and plans to complete work for his Ph.D. degree.

1917

Mrs. Harold Dickson Marsh, ex-'17, of 2945 Southwest Fairview boulevard, Portland, died at her home December 14, as the result of a short illness. Mrs. Marsh was president of the Oregon chapter of the American Artists' Professional league, was affiliated with the Arts and Crafts society and was widely known as a patron of the arts. She is survived by her husband, **Harold Dickson Marsh**.

Mrs. Zola Pearson Melchoir, wife of **Michael J. Melchoir**, ex-'17, of 2155 South Church street, Salem, died November 20.

Henry Thorsett, who teaches history at the West Seattle high school, was made president of the High School Teachers' League of Seattle last winter.

1918

John M. Dolph, ex-'18, has been named Pacific coast sales manager for CBS. He has for some time been associated with the radio world and in 1935 was in charge of the Ford Motor company broadcast.

1919

Mrs. Lucile Saunders McDonald, ex-'19, is the author of "Dick and the Spice Cupboard," recently published by Thomas Y. Crowell. Mrs. McDonald participated in the Portland observance of "Good Book Week" and has been making radio appearances and addressing school groups. She is an ex-member of The Oregonian reportorial staff, was for several years the correspondent in Turkey for the New York Times, and was previously associated with the United Press in Buenos Aires.

Mrs. Claire Warner Churchill is now in Portland engaged on a WPA project collecting historical data of Oregon.

1920

Edward E. Bentley, ex-'20, has joined the new house sales department of the Metzger-Parker company, Portland. Mr. Bentley was connected with the right-of-way department of Portland for six years and, for the past five years has been with the Oregon State Highway Commission as right-of-way agent and appraiser.

1922

Harold "Hal" Moore, ex-'22, is now a day news editor of the Morning Oregon-

ian. For the past ten years he has been a member of the Oregonian staff as reporter, political editor, and copy desk man.

Harold N. Lee, '22, M. A. '24, has been promoted to associate professor of philosophy at Newcomb College, Tulane University, New Orleans. Mrs. Lee (**Norma Soule**, ex-'26) taught English at Newcomb last year and this year is doing field work for the Social Service department of the WPA. They have two children, Walter Cooke, five years old and Donald Soule, three years old.

1923

Charles Gratke, ex-'23, formerly on the staff of the Enterprise at Oregon City and The Oregonian in Portland, has been sent to Liverpool, England to serve as war news correspondent for the Christian Science Monitor. Mr. Gratke, former resident correspondent in London and Berlin for the Monitor, had been in Boston since returning from Germany two years ago.

Ivan F. Phipps, '23, J. D. '24, and **Carl E. Davisson**, LL.B. '34, have formed a new law firm under the partnership name of Phipps and Davisson with offices in suite 1224-27 American Bank building, Portland. The firm will handle federal and state tax matters exclusively. Mr. Phipps was formerly associated with Carey, Hart, Spencer and McCulloch, of Portland. Mr. Davisson has been assistant attorney general for the state of Oregon and attorney for the Oregon tax commission.

Vern Fudge, formerly a credit man for Union Oil company in Los Angeles, has been transferred to the San Francisco office of the company. The move is a promotion for Fudge.

1924

Owing to ill health, **Mildred Dedman** has been given leave of absence from her position on the teaching staff of the Oregon City high school. Mrs. **Theresa Young Goff**, of Portland, has been appointed to take her place.

A. West Johnson, ex-'24, has purchased the Heilig and Mayflower theatres in Eugene. Mr. Johnson served as manager of the Heilig for the past four years and has long been connected with the motion picture industry.

Don Z. Zimmerman, First Lieutenant in the U. S. Army Air Corps, is station meteorologist, mobilization plans officer and on the library committee at Randolph Field, Texas. He also instructs a class in "Aerodynamics."
