REGISTRATION PROCEDURE, FALL TERM 1966

This is your handbook for registration this fall term, please copy from it exactly as printed. Use the index above to search out answers to your questions; for other information ask at the Registrar's Office, at the Office of Academic Advising, or your faculty adviser or other qualified staff member. (Do not use this book for registering in later terms, when revised details will be shown in new editions.) For fall term, follow the procedures which are spelled out below and also check-listed on the back of your Registration Card. You should complete *all* the steps as soon as possible; note the deadlines in the Academic Calendar.

1. Obtain your registration material: new students beginning at 9:00 a.m. Monday, old students at 9:00 a.m. Tuesday, in Student Union basement (this shifts to Emerald Hall after Friday). Keep all forms until they are required of you during succeeding steps.

2. Obtain your planned Check List form signed by your adviser. If you had early advising in spring or summer, this should be with your registration material and you do not have to see your adviser at this time. If you did not have early advising, make an appointment with an adviser (see list and instructions in back of this book) and confer with him; at the end of this conference you must have the signed Check List. (This document proves you have been advised, but does not bind you to following the advice if you choose otherwise.)

3. Enroll in courses with departments: when indicated by "priority hours" for your name, beginning Thursday afternoon, at the location shown in the Directory. Be sure to show on your Registration Card all sections for this term, including "+DIS" and "+LAB" if involved. Leave an Instructor's Card for each course, and obtain a department stamp for it on your Registration Card. You are officially enrolled in every course stamped; to cancel an enrollment at this time obtain a second department stamp, in the "Credits" column of your Registration Card. Enrollment for credit is assumed unless "audit" is clearly marked, in the "credits" column.

4. Check through Student Affairs: beginning Thursday afternoon, to Saturday noon, and the following week Monday to Friday (hours 8-12, 1-5); Student Union, second floor (this shifts to Emerald Hall after first week of classes).

5. Obtain check and fee assessment from Registrar: following the preceding step.

6. Pay fees to Cashier: following the preceding step (afternoon hours 1-4 only).

You are responsible for completing all courses in which you enrolled. After registration, you can change enrollment only through the Registrar's Office; complete and file there a Course-Change Card properly endorsed, as explained on the card.

NOTES ON COURSE LISTS

Class meetings normally begin on the hour and dismiss ten minutes before the terminal hour. Class meetings of more than one hour are shown by / for fractional hours (as 11/1 indicates 11 to 12:30, or 12/2 indicates 12:30 to 2), and by - for full hours (as 08-10 indicates 08:00 to 09:50). Morning hours are shown in two digits (as 08,10, etc.), afternoon and evening hours in one digit (as 7-9 indicates an evening meeting).

Days of the week are abbreviated to M for Monday, U for Tuesday, W for Wednesday, H for Thursday, F for Friday, S for Saturday.

The TLN or Term Line Number is a code number for each course and section listed for the term. It is used as the basic designation in machine processing, and *must be accurate*.

Priority Hours for course enrollment show the earliest time, announced by each department, when it will accept enrollments from students with names in specified parts of the alphabet.

Notes in the last column are explained in footnotes at the end of each section, except for these standard prerequisites and designations:

H Honors College only	G Graduate credit for majors
I Instructor's consent required	M Graduate credit for minors
N No-Grade course	P Graduate credit in professional field
S Sequence to be taken from the beginning	R Repeatable

Academic Regulations

GENERAL PROCEDURES

STUDENT RESPONSIBILITY. Each student is considered responsible for knowing and following the published rules and regulations of the University. If the University is obliged to make any changes, they will be considered effective from the date of publication.

ADMINISTRATIVE SERVICES. Students are formally admitted to the University through the Office of Admissions. The maintenance of students' academic records is the responsibility of the Registrar's Office; petitions for special action are filed in this office and referred to the Academic Requirements or the Scholastic Deficiency Committee. The administration of students' non-academic interests and the correlation of these with academic situations, and assistance in preparing petitions to the Scholastic Deficiency Committee, are responsibilities of the Office of Student Affairs. The Office of Academic Advising and the academic deans and department heads are involved in advising, instructing, and grading students' academic work.

REGISTRATION AND CHANGES

PROCEDURE. To register for University work for credit, a student obtains certain prepared documents from the Registrar (having filed adequate advance notice of intent to register, required for regular but not for summer sessions). He then consults a faculty member who serves as academic adviser for planning his study program. He is accepted by the respective departments concerned, for enrollment in his chosen courses. He is checked by Student Affairs and Registrar's clerks for various purposes, and pays registration fees to the Cashier. Registration regularly is scheduled for days shortly before classes begin each term. *Late registration carries a penalty fee, and is cut off by the published deadline.*

MATERIALS. Among each student's registration materials are the Time Schedule of Classes and the photocopy of his record (once each year) which are primarily for his information and use; then the latter should be filed with his adviser. The University's official record of registration includes the Registration Card filed in the Registrar's Office and the Fee Card filed in the Business Office. Other cards are included for University offices and for related services. The student's record of registration includes his fee receipt and his validated Student Body Card; he should also keep a copy of his study program.

STUDY LOAD. The normal undergraduate study load averages 15 or 16 credit hours per term. The "full-time" load is academically defined as a minimum of 12 term hours, for undergraduates and graduates (less for graduate assistants) (this differs from the definition used in the fee schedule).

CHANGE OF PROGRAM. Any change from the original term study program filed at registration *must be properly completed and filed with the Registrar, before it becomes effective and part of the official records.* On payment of the change fee and approval of the instructional department or school, courses may be added or dropped by any student through Friday of the third week of any term; first-term new students may drop courses through the fifth week. No change in a summer-session short course may be made after the course has ended. Complete withdrawal from the University may be allowed through the Dean of Men or Dean of Women throughout a term, for good cause.

CHANGE OF MAJOR. A student may change his major by filing evidence of the new major with the Registrar. A graduate student should obtain the approval of his new major department in advance. (Change of adviser, if it does not involve change of major, is controlled by the major dean or other appointing authority.)

GRADES AND CREDITS

GRADING SYSTEM. The quality of a student's achievement in courses is graded with A, B, C, or D for passing and the earning of credit, or F for failing work. In certain "no-grade" courses only marks of P and N are recorded, for "passing" (and credit) and "not-passing" work respectively. A mark of W is recorded for any withdrawal which may be permitted after Friday of the third week of a term (no permanent record is made if a withdrawal is filed within the first three weeks). A temporary mark of I may be recorded if course work is satisfactory but incomplete in some minor but essential detail, and the instructor wishes to allow the student more time for completion; this additional time may not extend beyond the third subsequent term in which the student registers. Grade points are computed on the basis of 4 points for each hour of A, 3 for each hour of B, 2 for each hour of C, 1 for each hour of D, and 0 for each hour of F grade; marks of P, N, W, and I are omitted from grade point computations. The grade point average (GPA) is the quotient

of total grade points divided by total graded hours; the total cumulative GPA includes all grades earned in college-level work, the UO GPA includes only grades earned in the University.

SCHOLARSHIP REGULATIONS. In general, any grade point average below 2.00 is defined as unsatisfactory. The Scholastic Deficiency Committee reviews unsatisfactory records and studies all available evidence for the probability of improved scholarship, and then decides in each case whether a deficient student may be allowed to continue (on probation) or whether he should be disqualified from subsequent registration in the University. Academic probation normally will be imposed for a term GPA of 1.00-1.99, or a cumulative GPA below 2.00 but above the disqualification scale which is related to class level. Disqualification normally will be imposed on a student who is on academic probation if he earns another term GPA below 2.00, or on any student with a term GPA below 1.00 or a cumulative GPA below the disqualification scale. Reinstatement may be allowed by the Committee when specific convincing evidence (subsequent study or other achievement, time for maturing, or other facts) can be presented to indicate satisfactory scholastic prognosis.

CREDIT BY EXAMINATION. A student may petition to earn credit by taking an examination in a University of Oregon undergraduate course. Laboratory, practice and individualized courses are excluded, as well as any course which the student has failed or which would repeat or be more elementary than courses he has taken; also excluded are lower-division courses in his native language if that is other than English. Departmental and Academic Requirements Committee approval must be obtained, and the established fee paid, before the examination is taken. Credits earned by examination do not carry grades or count as work in residence.

CLASS STANDING. A regular lower-division student is classified as a freshman until he has earned 36 term hours, then as a sophomore until he has earned 93 term hours. A regular upper-division student is classified as a junior until he has earned 138 term hours, then as a senior until he has completed all requirements for a degree. A graduate student is any one who has earned an accredited degree, whether or not a candidate for an advanced degree. A special student is one temporarily without regular classification, usually not qualified to be a regular student; he is limited to the earning of 45 term hours as a special student.

CERTIFICATES AND DEGREES

BACHELOR'S DEGREE REQUIREMENTS. During his lower-division years a student should complete two types of required courses, respectively for specified skills and for general education in "groups" of knowledge.

Specific courses (unless excused) :

English : 9 term hours in English Composition (Wr 121, 122, 123) ;

Health Education : 1 term (HE 150 or 250) ;

Physical Education : 5 terms in activity courses (normally PE 180 or 190).

Group courses (selected sequences of at least 9 term hours each from three group lists; majors in Liberal Arts must complete a total of six sequences including two from each Group, majors in professional schools must complete a total of four sequences with at least one from each Group) :

Group I, Arts and Letters (one sequence must be in literature, from courses designated below by †; one sequence must be numbered 100-120 or 200-220, from courses designated by *).

In addition a student must satisfy the following general minimum requirements for the degree:

Credits:

- Total, 186 term hours (see Catalog for those requiring more);
- Upper-division courses, 62 term hours;
- Major courses, 36 term hours including 24 upper-division (see Catalog for exceptions);
- Graded credits, 150 term hours in other than "no-grade" courses;
- Professional credits, not over 48 term hours (for B.A. or B.S.) in a strictly professional field;
- Applied music, not over 12 or 24 term hours (depending on major and degree; see Catalog) in applied music courses;
- Correspondence credits, not over 60 term hours in correspondence-study courses.
- Specified for the B.A. degree, 36 term hours in language and literature courses and proficiency in one foreign language equivalent to two years of college work in it;
- Specified for the B.S. degree, 36 term hours in social science courses, or 36 term hours in science courses.
- Grade point average: 2.00 cumulative total; also 2.00 on University of Oregon work.
- Residence: 45 of the last 60 term hours in residence (in U.O., Eugene and/or Portland).
- Dean's recommendation, certifying completion of all special requirements in the major.

SECOND BACHELOR'S DEGREE. For a bachelor's degree following any other degree, a student must earn at least 36 term hours subsequent to the first degree (45 if it was not a U.O. degree) and fulfill all the usual requirements for the new degree including groups, residence, quality and relevance of work, and specific degree requirements.

ADVANCED DEGREE REQUIREMENTS. For a master's degree at least 45 term hours of graduate credit (not more than 15 of which may be transferred from other schools) are required, with a minimum 3.00 GPA; the entire program for a master's degree must be completed within a span of seven years. The academic doctor's degree requires three years of full-time academic work beyond the bachelor's degree. (See Catalog for details.)

APPLICATION FOR DEGREE. A student intending to complete requirements for any degree should file an Application for Degree with the Registrar at least one month in advance of the expected commencement or graduation. No student may be granted a degree unless all academic and financial requirements have been satisfied prior to the date of the degree. A student who has completed all requirements for a degree may be given an official certification of that fact to temporarily substitute for the diploma.

ADVISING

ADVISERS WILL BE SELECTED for new students in the field of their primary academic interest. Those who have not yet decided what this field is to be should refer to the group designated "General Liberal Arts" in the list below. Those who have made this decision, even tentatively, should refer to the proper heading in the list. Special directions are that Elementary Education students go to Education but Secondary Education students go to their intended academic department, and that all Honors College students go to the Honors College instead of to their academic department. Old students should go directly to their old adviser (unless adequately advised last spring). Anyone wishing to change advisers or who have other questions about advising should check with a chief adviser listed below or with the Office of Academic Advising, 140 Hendricks, extension 2261.

GROUP ADVISING MEETINGS, at 7 p.m., Monday, September 19 in the rooms listed below, will include an academic orientation discussion and the assignment of advisers. Every new student, freshman or transfer, should attend one of these meetings unless he was advised during the summer. Students who miss these meetings should confer with the chief adviser in the appropriate departmental office, listed in the Directory on page 3 (General Liberal Arts advisers in 140 HEN). The following list includes the various academic departments and major areas of interest, the location of the Monday night meeting, and the chief adviser in charge.
