DECISION RECORD  
CATEGORICAL EXCLUSION REVIEW

Background: Lane County, Oregon, has applied for a Right-of-Way Grant issued pursuant to 43 CFR 2800. The County is proposing to replace the existing bridge over Row River on County Road No. 2400 on BLM lands located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 05, T. 22 S., R. 1 W., W.M.. Bridge replacement is necessary due to deteriorating substructure components and obsolete super-structural strength. In addition to replacement of the existing bridge, a re-alignment of the curvature of the bridge will be incorporated into the new design for safety reasons. The permit will grant the County a perpetual right-of-way to facilitate the new bridge alignment.

Proposed Action: The proposed action is to issue to Lane County a Right-of-Way Grant to facilitate replacement of the bridge across Row River pursuant to the authority of Title V of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1761), subject to the terms and conditions in 43 CFR 2801 and those additional stipulations in the attached Exhibit B. The proposed area consists of approximately 0.15 acres of public land. No bonding should be required.

Decision: It is my decision to issue a Right-of-Way Grant approximately 0.15 acres in area, for the facilitation of the replacement of the Row River Bridge, to Lane County, Oregon, for a perpetual period of time, on the following public land:

T. 22 S., R.1 W., W.M.  
Sec. 05: NE $\frac{1}{4}$ NE $\frac{1}{4}$

The grant is made under the authority of Title V of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1761) and subject to the terms and conditions in 43 CFR 2801. The grant shall also be subject to the stipulations in the attached Exhibit B.

Rationale: The proposed action meets the criteria for the categorical exclusion in 516 DM 11, (Acquisition of easements for an existing road or issuance of leases, permits, or rights-of-way for the use of existing facilities, improvements, or sites for the same or similar purposes.), and none of the "extraordinary circumstances" in 516 DM 2, Appendix 2, apply. Further, the action is in conformance with the "Record of Decision for Amendments to Forest Service and Bureau of Land Management Planning Documents within the Range of the Northern Spotted Owl" (April 1994), and the "Eugene District Record of Decision and Resource Management Plan" (June 1995) as amended.
