"An Act to Create, Organize and Locate the University of
the State of Oregon.

*Be it enacted by the Legislative Assembly of the State of
Oregon:*

SECTION I.—A State University is hereby created, and in
order to devote to the purpose of education the donation of
seventy-two sections of land to the State for the use and sup-
port of a State University, made under and by virtue of an
Act of Congress, passed Feb. 14, 1859, entitled 'An Act for
the admission of the State of Oregon into the Union.' Such
University is hereby permanently located at the town of Eu-
gene City, Oregon. The University shall have for its design,
to provide instruction and complete education in all the de-
partments of Science, Literature, Professional Pursuits, and
General Education, and shall be known as the State Univer-
sity of Oregon. * * *

Approved Oct. 19, 1872.

An Act to provide for the Support and Government of the University of Oregon.

WHEREAS, By an Act of the Legislative Assembly, approved October 19, 1872, it was provided that, in order to devote to the purposes of education the seventy-two sections of land donated to the State for the use and support of a State University, by the Act of Congress of Feb. 14, 1859, a State University having for its design, to provide instruction and complete education in all the departments of science, literature, professional pursuits, and general education, be created and permanently located at Eugene;

Provided, That the Union University Association of Eugene should, on or before Jan. 1, 1874, secure a site for the same, at or in the vicinity of Eugene, and erect thereon, and furnish a building of not a less value than \$50,000 for the use of said University, on a plan to be approved, and after the erection of the same, to be adopted by the Board of Commissioners for the sale and management of the School and University lands, and for the investment of the funds arising therefrom; and

WHEREAS, By an Act of the Legislative Assembly, approved October 16 1874, it was provided in effect, that said University Association might have until January 1, 1877, to secure said site, and erect and furnish said building, as provided in said Act of October 19, 1872; and

WHEREAS, Said University Association of Eugene have duly provided a site for said University, and erected thereon, on a plan first approved by said Board of Commissioners, a building for the use thereof, as provided in said Act of October 19, 1872, which site and building was, by said Board of Commissioners, on July, 1876, duly accepted, and has since

been duly conveyed by said University Association to the Board of Directors of said University; and

WHEREAS, The Directors of the University aforesaid did, in pursuance of an Act of Oct. 19, 1872, on August 9, 1876, elect and appoint a President and two Professors of said University, and also a Principal and Assistant Teacher of the Preparatory Department therein, and did also "fix the salaries of said President, Professors and Teachers, and prescribe the tenure of their offices, the beginning and end of the school year of said University, the studies to be pursued thereat, the admission fees and rates of tuition, together with the qualifications for admission therein;" therefore

Be it enacted by the Legislative Assembly of the State of Oregon:

SECTION 1.—That the interest which may hereafter accrue on the funds arising from the sale of the University lands aforesaid, is hereby set apart and perpetually appropriated to the maintenance, use and support of the "University of Oregon;" but until otherwise provided by law, no part of said interest shall be appropriated or expended otherwise than in the payment of the salaries of its President, Professors and Teachers, and other current expenses; and if at the close of any fiscal year a sum equal to \$500 of said interest shall remain unexpended or unappropriated, after the full payment of such salaries and expenses of said year, the same shall be added to and become a part of the principal of said fund forever; *Provided*, That the Regents, the Faculty and other officer or officers of the State University shall, in no case, pledge the faith or credit of the University of the State in excess of the interest annually accruing on the University fund, together with the receipts from tuitions and other sources during the current year.

SECTION 2.—The general government, superintendence and direction of said University is hereby vested in a Board of Regents, to be called "the Regents of the University,"

which shall consist of nine persons, who shall be citizens and residents of the State of Oregon.

SECTION 3.—The Regents of the University shall be appointed by the Governor, by and with the advice and consent of the Senate, for the term of twelve years, and until their successors are nominated and confirmed; and all vacancies occurring in said Board shall be filled in the like manner for the remainder of the term, except that a vacancy occurring during a recess of the Senate shall be filled by appointment by the Governor until the adjournment of the next session of the Legislative Assembly.

SECTION 4.—The Regents shall elect from their number a President of the Board, who shall be called "the President of the Board of Regents," whose duty it is to preside at all the meetings of the Board, to call special meetings of the same upon the written request of four members thereof, and to perform such other duties as may be provided by law or prescribed by the Board; but if said President, for any cause, shall not be present at any meeting of said Board, the members present, if a quorum, may elect a President to preside at such meeting, who shall thereupon have the power and perform the duties of the "President of the Board of Regents" during said meeting.

SECTION 5.—The Regents of the University shall meet annually, at Eugene, on the last Thursday of the school year, which meeting may be adjourned from time to time, to suit the convenience of the Regents, and to promote the discharge of the duties imposed upon them; but no special meeting of the Regents shall be called by the President, except upon a previous written notice to each member of the Board, of the time and place of such meeting; and said notices shall be issued by the Secretary of the Board, upon the direction of the President thereof, to be inserted in the call for said meeting, and filed with the same Secretary, and may be served by said Secretary by deliver-

ing the same personally to each member, or mailing it to his address, at the postoffice nearest his usual place of residence, not less than ten days before the time appointed for said meeting.

SECTION 6.—The Board of Regents shall appoint a Secretary and Treasurer, who shall keep their offices at Eugene, and hold their places during the pleasure of the Board. They shall receive such compensation as the Board may prescribe.

SECTION 7.—The powers and duties of the Secretary shall be as follows: (1) To have the custody of the books, papers and documents belonging to the University; (2) To keep a record of the transactions of the Board of Regents, the acts and doings of the President of the Board and the President of the University; (3) To keep full and accurate accounts of the money and other property of the University; (4) To do such other things as the Board of Regents may direct; but in the exercise of powers and discharge of his duties, he shall be subject to the direction of said Board.

SECTION 8.—The powers and duties of the Treasurer shall be as follows: (1) To receive, keep and pay out, according to the order of the Board, all the money and other property of the University; (2) To keep full and accurate accounts of all such money and property; (3) To give a bond to the University of Oregon for the faithful performance of his duties, in such an amount, and with such a number of sureties, as the Board may prescribe, to be approved by the President of the Board.

SECTION 9.—The general powers and duties of the Board of Regents shall be as follows: (1) To control and provide for, subject to the conditions herein made, the custody and occupation of the University grounds and buildings, and the books, papers and documents belonging to the University; (2) To manage, control and apply all property, of whatever nature, which may hereafter be given to, or appropriated for the use, support or benefit of the University, according to the terms and conditions of such gift or appropriation;

(3) To appoint and employ a President of the University, and the requisite number of Professors, Teachers and employes, and to prescribe their compensation and tenure of office or employment; (4) To demand and receive the interest mentioned in Sec. 1 of this Act, and all sums due and accruing to the University for admission and tuition therein, and apply the same, or so much thereof as may be necessary, to the payment of compensations aforesaid, and the other current expenses of the University; (5) To prescribe a fee for admission into said University, to be applied to the payment of incidental expenses, and the rate of tuition for instruction therein; (6) To supervise the general course of instruction in the University, and to enact rules and by-laws for the government thereof, including the Faculty, Teachers, Students and employes therein; (7) To confer, on the recommendation of the Faculty, such degrees as are usually conferred by Universities, or as they shall deem appropriate; and, (8) To prescribe the qualifications for admission into the University.

SECTION 10.—At all meetings of the Board of Regents, five members shall constitute a quorum, but a less number may meet and adjourn from time to time, and the powers and duties of the Board may be exercised and performed, during a recess of the same, by a committee thereof, to be called the executive committee, so far as the Board may prescribe and direct.

SECTION 11.—No political or sectarian test shall ever be allowed or applied in the appointment of Regents, Professors, Teachers or Employes of the University, nor shall the majority of the Regents be, at any one time, members of any one religious denomination, or be appointed from, or reside within any one county of the state.

SECTION 12.—The Regents shall not receive any compensation for their services, but they shall be allowed their actual and necessary expenses in attending the meetings of the

Board, to be paid as current expenses of the University.

SECTION 13.—At the close of each school year, the President of the Board of Regents shall make a report to the Governor of the State, showing the transactions of the Board, the progress, condition and wants of the University, the number of professors, teachers and students therein, the amount of receipts, disbursements, and such other matters as may be deemed important.

SECTION 14.—The President and Professors constitute the Faculty of the University, and, as such, shall have the immediate government and discipline of it and the students therein; but, in all matters connected with the government and discipline of the Preparatory Department, the teachers therein shall be heard and consulted. The Faculty shall have power, subject to the supervision of the Board of Regents, to prescribe the course of study to be pursued in the University, and the text books to be used.

SECTION 15.—The President of the University is also the President of the Faculty, but, whenever required by the Board of Regents, he shall perform the duties of a professorship; he is also the executive and governing officer of the school, except as herein otherwise provided; and, subject to the supervision of said Board, he has authority to control and give directions to the practical affairs of the school.

SECTION 16.—Each county in this state is entitled to one scholarship in the Collegiate Department of the University, and an additional scholarship therein for each member and joint member of the Legislative Assembly to which such county may at the time be entitled.

SECTION 17.—Applicants for county scholarships must apply in writing for the same, to the County Superintendent of common schools, at least one month before the commencement of the school year in which they seek to enter, and such Superintendent must receive such applications,

and present the same to the County Court of the county when sitting for the transaction of county business, which Court shall, with the aid of said Superintendent and such other person or persons as it may see proper to designate for that purpose, examine said applicants at a time appointed by it therefor, and the scholarships to which such county may then be entitled shall be awarded by such Court among the applicants found to possess the requisite qualifications, by lot. Whenever a vacancy occurs in a county scholarship during the course of any school year, application may be made for it, and the same awarded in the manner provided in this section; reasonable notice being first given of the time when the proceedings will take place.

SECTION 18.—A person entering the University upon a county scholarship shall, at the commencement of the term next following such entry, be subject to an examination by the Faculty, and if found disqualified by reason of want of educational attainment, physical capacity, or moral character, such person shall be dropped from the roll of students, and the scholarship upon which he or she entered shall thereupon become vacant.

SECTION 19.—No person shall be eligible or entitled to the use of a county scholarship in the University unless he or she has been an inhabitant of the county to which it belongs for one year immediately preceding the application therefor, nor unless such person possesses the qualification, educational and otherwise, which the Board of Regents may prescribe for admission into the Collegiate Department thereof; nor shall any person who has been convicted of a crime involving moral turpitude, or who is notoriously of bad reputation or evil habits, ever be eligible or entitled to admission into said University upon any such scholarship or otherwise.

Approved Oct. 21, 1876.

An Act to Aid in the Support of the University of Oregon.

Be it enacted by the Legislative Assembly of the State of Oregon:

SECTION 1.—That there is hereby levied an annual tax of one-tenth of one mill on the dollar upon all the taxable property within this state for University purposes, to be levied and collected as other taxes are collected, and the fund arising therefrom shall be paid into the State Treasury and kept separate from other funds, and shall be known as the University Fund.

SECTION 2.—That there shall be and there is hereby appropriated out of said University Fund the sum of five thousand dollars annually for the support of the University of Oregon.

SECTION 3.—That the five thousand dollars above appropriated shall be drawn quarterly by said Board of Regents for the purpose of paying any deficiency that may exist in the payment of current expenses, which deficiency shall be certified to the Secretary of State by the Executive Committee of said Board of Regents.

SECTION 4.—That the remainder of the amount arising from said tax shall be subject to the order of the Board of Regents of said University for the purpose of making additions to the library, apparatus, building and other necessary improvements; and any of said fund not needed for said purpose at present, shall be loaned by said Board of Regents on approved security, and by them kept separate and apart from other funds.

Approved Oct. 17, 1882.

COLLEGIATE DEPARTMENT.

"The aim of a college is to cultivate the mind in a general way by disciplining all its faculties, to make the young strong in intellect, to give them acute, polished and well-balanced minds. If this disciplinary work is well accomplished, the mind may afterward be applied to any subject, to the study of any profession, art, or business, and it will be able to work with ease, precision and power.

"In looking for the record of the student life of the men that have most adorned the pulpit, the bar, the bench, the parliament, the cabinet in England, we do not go to the practical or the professional school, but to those old renowned Seats of learning, Oxford and Cambridge."

Prest. Barnas Sears, D. D., LL. D.

COURSES OF INSTRUCTION.

I. The Classical Course.

This course affords opportunity for a careful study of the Latin and Greek languages, rich in the accumulated wisdom of the most intellectual nations in the past history of our race. It also gives the student access to much of the garnered intellectual wealth of our own English tongue.

II. The Scientific Course.

This course differs from the preceding in giving special attention to the French or German language, instead of the Greek, and in giving a wider range to the study of mathematics and some of the physical sciences.

III. The English Course.

This course differs from the preceding courses in giving an opportunity for the study of the English and Anglo-Saxon languages, in place of the Greek of the Classical, or the French or German of the Scientific course, and is an attempt to meet the wants of those who think that a higher discipline of the mind can be obtained from the study of the English language than from the study of Greek, German or French.

Each of these three courses extends through four years of study and leads to the same degree of Bachelor of Arts.

Partial Course.

Students who have no wish, or are not able from any cause, to take any one of the above courses, will be permitted to select and pursue such studies in any of the regular

courses as they may wish, if approved by the Faculty. Such students, at any time, may receive a certificate, signed by the President, stating the branches studied.

All candidates for admission to any of these courses will be required to pass an examination in the following studies:

Reading,	Latin Grammar,
Writing,	Latin Reader,
Orthography,	Sallust,
Mental Arithmetic,	Four books of Cæsar,
Written Arithmetic,	Elementary Algebra,
English Grammar,	Plane Geometry,
Geography,	Higher Algebra, (one term.)
History of the United States,	Elementary Rhetoric.

Students entering the Classical course, in addition to the above, will be examined in Greek Grammar and Reader, and and four books of Xenophon's Anabasis.

Students entering the Scientific course will be examined in German Grammar, German Reader and Classic German, or an equivalent amount of French.

Students entering the English course will be examined in Whitney's English Grammar, Elements of English Literature, the works of Webster, Milton, Addison and Shakespeare, and in Whitney's Life and Growth of Language.

Through the course there will be weekly recitations in Elocution and Composition. Text-Books: Bancroft's English Composition; Bronson's Elocution.

GENERAL INFORMATION.

The University of Oregon, by an Act of the State Legislature, was founded and located at Eugene City in 1872, and it was opened for the reception of students and giving instruction in 1876.

The management of its affairs is placed in a Board of Regents, appointed for a term of twelve years, by the Governor of the State and confirmed by the State Senate. The Board of Regents confers such degrees and grants such diplomas as other Universities are wont to confer and grant.

The permanent endowment of the University consists of some seventy-six thousand dollars, realized from the sale of the land granted to the state by the general government for the purpose of establishing a University, and of a fund of fifty thousand dollars generously donated the University by Mr. Henry Villard.

Besides these two funds, the University receives an annual appropriation of some five thousand dollars from the State.

Location.

The University is located at Eugene City, Lane County, Oregon, one hundred and twenty miles south of Portland, on the Oregon & California rail road. Eugene City is the County Seat of Lane County, has some eighteen hundred inhabitants, and is situated amidst scenery of much natural beauty. The University campus lies south-east of Eugene, about one mile from the city postoffice, and contains some eighteen acres of land.

Buildings.

The University has on its campus two brick buildings. One was erected in part by the citizens of Lane County and finished by the state. It is one hundred and fifteen feet long, fifty-four feet wide, and three stories high, beside the basement. The second building, named by the Regents "Villard Hall," has just been erected by the state. It is made of brick, but has a concrete finish on the outside, and is one hundred and fifteen feet in length, sixty-nine feet wide and two stories high above basement.

Library.

The University Library will occupy a room in Villard Hall and contains at present about two thousand volumes. A part of the books were bought at a cost of one thousand dollars, by Mr. Henry Villard. Another part has since been bought at a cost of seven hundred dollars, out of the income from the Villard endowment fund. The annual sum coming from the Villard fund for the purchase of books for the library is four hundred dollars. This money is now spent in buying books of reference for the use of the University.

Through the influence of the Hon. J. N. Dolph, Oregon's United States Senator, the library has been made the depository of all documents published by the general government at Washington. In the library room may also be found a large number of magazines, reviews and other periodicals published in England and America. There is no charge for the use of all these books and periodicals.

Much might be done towards preparing this University for the place it ought and must fill in the future growth of the intellectual power of our state, if some man or men would, out of their abundance, give the University a library endowment fund.

Apparatus.

The University has about \$2,000 worth of mathematical instruments. Students in surveying and engineering, by means of the Solar Compass and Engineer's Transit, can become acquainted with practical field work in their department, and by means of the Sextant and other instruments they can learn the methods of finding the latitude and longitude of any place.

Students in astronomy will have access for observatory practice to the Sidereal Clock, the 42-inch astronomical transit and the Sextant, and with these instruments will be able to find the latitude and longitude, as well as the exact solar time of the University building by the methods used by astronomers and navigators. Those students who wish to do so, can, by means of these instruments, extend the range of their mathematical knowledge almost as far as they please.

The apparatus belonging to the department of Physics and Chemistry has cost the University more than \$3,000, and though such a collection of instruments can never be complete, it affords greater facilities for laboratory work and class illustrations than can be found elsewhere in the "Great Northwest."

The departments of Geology, Mineralogy and Natural History are provided with large and valuable collections to illustrate their teachings. Professor Condon's cabinet is already widely known on this coast, and is justly noted for its wonderful record of Oregon's former history.

To this collection, large additions of eastern and foreign minerals are yearly made, and the whole is freely used in illustrating truth to the classes taught in these departments.

Examinations.

An examination of new students is made in order to ascertain their scholarship, and assign them to the classes for

which they are qualified. An examination of all students is also made at the end of each term for the purpose of ascertaining their progress and deciding what students shall graduate, or be promoted to higher classes.

Examinations, at entrance, are held on Friday and Saturday preceding commencement, on Friday and Saturday preceding the beginning of each term, and after term has begun, on the day of entrance, between 2 and 3 P. M.

The examinations preceding commencement are held that students may find whether they are qualified for the classes they wish to enter, so that they may use the long summer vacation to make up any deficiency thus found.

Grading Students.

In marking or grading, a scale of one hundred shall be used, and sixty (60) shall be the minimum.

A student who, in any one study, falls below sixty (60) is thereby conditioned as to his class standing, and in order to be restored to full standing he must pass in a re-examination some time before the regular examinations of the following term; when, however, a student falls below sixty in more than one study of the same term, or in one study in two consecutive terms, especially in the first and second terms of the year, he shall thereby forfeit or lose his class standing.

The standing of students, as regards scholarship, is determined, in regular classes of the University proper, by means of examination merely. If the daily recitations of the student are below sixty, so that he is likely to fail at the coming term examination, he shall be reported to the Faculty and be notified by the Secretary of the fact.

On and after June 1889, the commencement exercise of each student shall be determined by his or her standing in the collegiate courses of the University. When the average standing is from 96 to 100 inclusive, the commencement exercise shall be a philosophical oration. When the standing

is from 90 to less than 96, the exercise shall be a high oration. When the standing is from 80 to less than 90, it shall be a first class oration. When the standing is from 70 to less than 80, it shall be a second class oration. When the standing is less than 70, the student shall not make a commencement speech or address of any kind.

Degrees.

The degree of Bachelor of Arts will be conferred on all students who have completed the Classical, the Scientific, or the English course as laid down in this catalogue.

A Bachelor of Arts of three years standing may receive the degree of Master of Arts, provided, since graduation, he has sustained a good moral character and pursued some literary or scientific calling. Graduates of three years standing who wish to obtain this degree should send their request to the Faculty on or before the first of June.

Expenses.

There are no dormitories and no commons connected with the University. Board and lodging in private families may easily be found in the city at from \$3.00 to \$5.00 per week. Clubs may also be formed in which the cost of living is somewhat less.

All bills for tuition and incidentals must be paid quarterly in advance. In Elementary English Department there is no charge for incidentals, and the charge for tuition is \$30 a year. In other and higher classes tuition is \$40 a year, and incidentals \$10.

Free Scholarships.

Each county in Oregon is entitled to one free scholarship in the Collegiate Department of the University, and an additional free scholarship for each member and joint member of the Legislative Assembly to which such county shall

at the time be entitled. Such students pay merely \$10 a year for incidentals.

Literary Societies.

There are connected with the University the Eutaxian Society for young ladies, and the Laurean Society for young gentlemen.

The Eutaxians meet on Friday of each week at 3 p. m., and the Laureans meet on the same day at 7:30 p. m. These societies use the same hall and have a common library, which is enlarged yearly by the purchase of new books. It now contains some one thousand volumes. These societies are well sustained, active and vigorous literary bodies. They occasionally have public debates, either in their own hall or in the large auditorium of the University. On these occasions they have had full halls and have earned much praise for their well managed debates.

Things Forbidden to Students.

To enter a brewery or saloon; to drink any intoxicating liquor while in attendance at the University or on the way to or from the same, except on the prescription of a physician; to use tobacco in any form while in the building or on the campus; to carry concealed weapons; to use profane or indecent language; to attend skating rinks, public dances and dancing clubs at any time during a session of the University; to injure the property or buildings of the University; to stand or sit around the doors, or make any disturbing noise in the halls of the University buildings; to join any college secret society; to remain from room later than eleven o'clock at night, at social gatherings composed in whole or in part of students of the University; to leave town without the permission of the President; to change a recitation which has been assigned without the permission of the Faculty.

A student, having been expelled from any other University or college in Oregon, or without a certificate of honorable dismissal from such institution, will not be received as a student in the University.

Matriculation Pledge.

The student, in writing his name below, thereby pledges himself to comply with all rules and regulations made for the government of the University, alike those that are in force when he enters and those that may be enacted during his connection with the University.

BY-LAWS.

Adopted by the Board of Regents defining the duties and liabilities of the Students.

Any student who shall in anywise injure or destroy any property of the University, shall be liable therefor, and upon neglect or refusal to make such compensation as the Faculty shall determine to be reasonable, may be suspended or expelled.

When a student holding a county scholarship absents himself or herself during the term, the scholarship shall be deemed vacant; provided, a scholar may be absent not longer than three months at a time, by obtaining the written consent of the Faculty.

When a student in the Collegiate or Preparatory Department is necessarily absent from school on account of sickness ten weeks or more during any term, such student may be allowed one-half of the time on the next term, on account of such sickness.

WHEREAS, The Constitution of this state, in Art. II, Sec. 4, provides that "For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence while a student of any Seminary of Learning;" therefore be it resolved, That any person attending the University upon a free scholarship, who shall vote at any local election in the city of Eugene, shall, for such unlawful act, be expelled therefrom by the Faculty, and in case any other student attending the University shall vote at any such election unlawfully, he shall be expelled by the Board of Regents; and it is hereby made the duty of the Faculty to admonish the students of this by-law, and see that it is duly enforced.

Resolved, That hereafter the Faculty shall select from the graduating class, the student to deliver the Valedictory Address, and in so doing, shall have due regard to the comparative merits and attainments of said student.

The Faculty of the University are hereby authorized and required to prescribe such rules and regulations for the government of the students as may be deemed proper, and to annex and enforce such penalties as will secure their proper observance.

The Faculty are hereby authorized to require every student to sign an obligation to keep and abide by all rules and regulations made by the Faculty or the Board of Regents for the government or conduct of said student during his connection with the University.

COUNTY SCHOLARSHIPS.

The Law in respect to County Scholarships.

Each county in this state is entitled to one scholarship in the Collegiate department of the University, and an additional scholarship therein for each member and joint member of the Legislative Assembly to which such county shall at the time be entitled.

Applicants for County Scholarships must apply in writing for the same, to the County Superintendent of Common Schools, at least one month before the commencement of the school year in which they seek to enter; and such superintendent shall receive such applications, and present the same to the County Court of the County when sitting for the transaction of county business, which court shall, with the aid of the superintendent and such other person or persons as it may see proper to designate for that purpose, examine said applicants at a time appointed by it therefor, and the scholarships to which such county may then be entitled shall be awarded by such court, among the applicants found to possess the requisite qualifications, by lot. Whenever a vacancy occurs in a county scholarship during the course of any school year, application may be made for it, and the same awarded in the manner provided in this section; reasonable notice being first given of the time when the proceedings will take place.

A person entering the University upon a County Scholarship shall, at the commencement of the term next following such entry, be subject to an examination by the Faculty, and if found disqualified by reason of want of educational attainment, physical capacity, or moral character, such person shall

be dropped from the roll of students, and the scholarship upon which he or she entered shall thereupon become vacant.

No person shall be eligible or entitled to the use of a county scholarship in the University unless he or she has been an inhabitant of the county to which it belongs for one year immediately preceding the application therefor, nor unless such person possesses the qualifications, educational and otherwise, which the Board of Regents may prescribe for admission to the Collegiate Department thereof; nor shall any person who has been convicted of a crime involving moral turpitude, or who is notoriously of bad reputation or evil habits, ever be eligible to admission into said University, upon such scholarship or otherwise.

Candidates for county scholarships must pass examination in the studies for a teacher's certificate. This examination is conducted by the County Superintendent.

LAW DEPARTMENT.

Faculty.

JOHN W. JOHNSON, A. M.,
PRESIDENT.

RICHARD H. THORNTON, LL. B.,
*Of the Oregon Bar, Lecturer on the Common Law, the Law of
Contracts, and the Law of Evidence.*

WILLIAM T. MUIR,	-	-	-	Portland.

Special Student.

BARNETT Y. ROE, A. B.,	-	-	-	Portland.
------------------------	---	---	---	-----------

This Law School is held in the city of Portland, a metropolis which offers great advantages to students of law, having an intelligent bar and excellent libraries, and affording easy access to the courts.

The entire course consists of two sessions of about thirty weeks each, from October to May inclusive. It is intended to open the next session on Wednesday, October 13, 1886.

All students who pursue the prescribed course of study in the School of Law, and shall receive a certificate thereof, and of their due proficiency therein, from the Professor thereof, shall be entitled to graduate therefrom and receive a diploma to that effect, from the University, signed by the President of the Regents and the President of the Faculty, together with the Professor of said School of Law.

Law School.

The course of study is as follows:

JUNIOR YEAR.—Blackstone's Commentaries, Kent's Commentaries, Parsons on Contracts.

SENIOR YEAR.—Gould on Pleading, Stephen on Evidence, Pomeroy on Equity Jurisprudence, Cooley on Constitutional Law.

Continual reference is made, in both years, to the provisions of the Oregon Code, and subsequent statutes.

The lectures are supplemented by a thorough system of questioning.

Further particulars may be ascertained by addressing

RICHARD H. THORNTON,
PORTLAND, OREGON.

Students in Organ Study.

ETTA HILL,	Eugene City.
FRANK MARTIN,	Eugene City.

At the meeting of the Board of Regents in March, 1886, the Chair of Music was established and Prof. Coolidge elected to it. At present the branches taught are Piano, Organ and Harmony. It is expected in the near future to have a lady from the East who understands thoroughly the art of voice culture, to take charge of the vocal department, and if the needs are adequate, a professor of violin and other stringed instruments will be added to the Faculty.

In piano study, great pains is taken in finger technique and the art of expression, the two things most necessary to correct and musical piano playing. Though genius itself be possessed and the finest of instruments be summoned to respond to the touch, if perfect flexibility of muscle is not maintained, no real beauty or sweetness of tone can be attained. The present Faculty do not follow in the old ruts of keeping the pupil year after year in the instructor; but after the rudi-

ments of music are learned and a partial knowledge of reading gained, which requires from one to two terms of ten weeks each, the pupil is allowed to study sonatines and sonatas of the old masters and best modern composers, in which are found scales, chords and arpeggios of all kinds, arranged in a more interesting manner than is found in the instructors. This makes practicing more interesting, and at the same time the pupil is being educated in the best music extant. Pieces are also studied in connection with the sonatines, the teachers selecting all pieces, keeping in view the beauty and suitability to the pupil's wants. None but the very best classes of music are used.

Students attending the University and taking other branches besides music will receive a discount.

Monthly or periodical recitals will be given, in which all pupils who are able will participate. This is done alone for the benefit of the pupils. It gives them confidence in their own abilities and inspires them with renewed efforts to succeed. All pupils, whether participating or not, will be permitted to attend these entertainments.

All advanced pupils will be required to bring in eight or sixteen measures original composition every two weeks, in the different major and minor keys. This is not done with the view of making composers, but to get the pupil thoroughly conversant with rhythm and all the keys.

All music and studies will be furnished the pupils at a discount from the publishers' prices.

The conservatory, plan, that is teaching piano or organ in classes of four, will be adopted if a suitable number wish it. This plan is highly recommended in the East, and in many cases it has been very successful. The recitation is as follows: Each pupil is at the piano fifteen minutes. While one is playing, the others sit by and benefit by the criticisms of the teacher. Again, it is a good plan to accustom pupils to play before others. This system commends itself for these

reasons, and for the reason that it is cheaper than private lessons.

On a pupil's completing a full course prescribed by the Faculty of the Music Department, he or she will receive a certificate.

Terms of Tuition.

To students attending the University:

Piano or organ, per term of 20 lessons, in classes of 4, \$8 00.

Private lessons, piano or organ, per Term of

10 weeks, 2 lessons per week,..... 13 00.

One lesson per week, per Term,..... 15 00.

Harmony, in classes of 4 or 6, per Term,..... 8 00.

Clementis, Kuhlau, Dusseks, Beethoven's, Loeschorn's, Bertini's, and other sonatines are used as study. Mozart, Hayden, Beethoven and other sonatas, Mendelssohn's and Chopin's compositions and other classical piano forte works are used.

Parker's Manual of Harmony, and Richter's Harmony and Composition are used as text books.

All students who have not access to a piano where they board, will be allowed the use of a piano in the University at a nominal charge each Term.

Any further information as to the methods of teaching, or any particulars pertaining to this department can be learned by addressing

PROF. D. W. COOLIDGE,
EUGENE CITY, OREGON.

SUB-FRESHMAN DEPARTMENT.

Faculty.

JOHN W. JOHNSON, A. M., President.
Professor of Ethics and Latin.

MARK BAILEY, Ph. D.,
Professor of Mathematics and Astronomy.

JOHN STRAUB, A. M.,
Professor of Greek and Modern Languages.

MARY P. SPILLER,
Professor of Elocution and Principal of the English Preparatory Department.

BENJAMIN J. HAWTHORNE, A. M.,
Professor of Mental Philosophy and English Literature.

A. C. WOODCOCK, B. S.,
Tutor.

All candidates for admission to the Sub-Freshman Department will be required to pass an examination in the following studies:

Reading,	Written Arithmetic,
Writing,	English Grammar,
Orthography,	Geography,
Mental Arithmetic,	History of the United States.

Sub-Freshman Department.

The object of the Sub-Freshman Department is to prepare students for the Collegiate Department, and not to do general academic work.

The work of this department in the older states is done by the High Schools of those states, either in the city where their University is located, or in the other cities of the state. When Eugene and other cities of Oregon shall have advanced in their work so as to fill up the gap between the common schools and the Collegiate Department of the University, then all work below the Collegiate Department will probably be left to such High Schools; but until then, the work of this department must be done by the University.

Any High School or Academy in Oregon adopting either one of the following courses of study will be recognized by publishing the Principal's name and the location of the school in the University catalogue. Applicants from such schools for admission to the Freshman class of the University will be received on the following conditions, viz:

That the student brings a certificate officially signed by the Principal of the School, stating that the bearer has completed any one of the three following courses of study, and has passed a creditable examination on the same.

Courses of Study in the Sub-Freshman Department.

CLASSICAL.	SCIENTIFIC.	ENGLISH.
First Year.		
I. TERM.

Elementary English Department.

This department has been organized to supply the existing want of suitable preparatory schools in the state, and therefore may not become a permanent feature of the University.

For the present, candidates for admission to this department will be examined in the following studies:

Orthography,

Reading—Through the Fourth Reader,

Writing,

Elements of English Grammar,

Geography—Through Monteith's No. 3.

Mental Arithmetic—To Percentage.

Written Arithmetic—To Interest.

The course of study in this department will embrace those studies necessary to fit a student for the two years' Sub-Freshman courses.
