**Creation, Organization and Location of the
University of the State of Oregon, by the
Legislative Assembly.**

“ An Act to Create, Organize and Locate the University of
the State of Oregon.

*Be it enacted by the Legislative Assembly
of the State of Oregon :*

SECTION 1. A State University is hereby created, and in
order to devote to the purpose of education the donation of
seventy-two sections of land to the State for the use and sup-
port of a State University, made under and by virtue of an
Act of Congress, passed February 14, 1859, entitled ‘ An Act
for the admission of the State of Oregon into the Union.’
Such University is hereby permanently located at the town of
Eugene City, Oregon. The University shall have for its de-
sign, to provide instruction and complete education in all the
departments of Science, Literature, Professional Pursuits, and
General Education, and shall be known as the State Univer-
sity of Oregon. * * * ”

Approved, October 19, 1872.

*An Act to provide for the Support and
Government of the University of Oregon.*

WHEREAS, By an Act of the Legislative Assembly, approved October 19, 1872, it was provided that, in order to devote to the purposes of education, the seventy-two sections of land donated to the State for the use and support of a State University, by the Act of Congress of February 14, 1859, a State University having for its design, to provide instruction and complete education in all the departments of Science, Literature, Professional Pursuits, and General Education, be created and permanently located at Eugene ;

Provided, That the Union University Association of Eugene should, on or before January 1, 1874, secure a site for the same, at or in the vicinity of Eugene, and erect thereon, and furnish a building of not a less value than \$50,000 for the use of said University, on a plan to be approved, and after the erection of the same, to be adopted by the Board of Commissioners for the sale and management of the School and University lands, and for the investment of the funds arising therefrom; and

WHEREAS, By an Act of the Legislative Assembly, approved October 16, 1874, it was provided in effect, that said University Association might have until January 1, 1877, to secure said site, and erect and furnish said building, as provided in said Act of October 19, 1872 ; and

WHEREAS, Said University Association of Eugene have duly provided a site for said University, and erected thereon, on a plan first approved by said Board of Commissioners, a building for the use thereof, as provided in said Act of October 19, 1872, which site and building was, by said Board of Commissioners, on July —, 1876, duly accepted, and has since been duly conveyed by said University Association to the Board of Directors of said University ; and

WHEREAS, The Directors of the University aforesaid did, in pursuance of an Act of October 19, 1872, on August 9, 1876, elect and appoint a President and two Professors of said University; and also a Principal and Assistant Teacher of the Preparatory Department therein, and did also “fix the salaries of said President, Professors and Teachers, and prescribe the tenure of their offices, the beginning and end of the school year of said University, the studies to be pursued thereat, the admission fees and rates of tuition, together with the qualifications for admission therein ;” therefore

*Be it enacted by the Legislative Assembly
of the State of Oregon :*

SECTION 1. That the interest which may hereafter accrue on the funds arising from the sale of the University lands aforesaid, is hereby set apart and perpetually appropriated to the maintenance, use and support of the “University of Oregon;” but until otherwise provided by law, no part of said interest shall be appropriated or expended otherwise than in the payment of the salaries of its President, Professors and Teachers, and other current expenses ; and if at the close of any fiscal year, a sum equal to \$500 of said interest shall remain unexpended or unappropriated, after the full payment of such salaries and expenses of said year, the same shall be added to and become a part of the principal of said fund forever ; *Provided*, That the Regents, the Faculty and other officer or officers of the State University shall, in no case, pledge the faith or credit of the University of the State in excess of the interest annually accruing on the University fund, together with the receipts from tuitions and other sources during the current year.

SECTION 2. The general government, superintendence and direction of said University is hereby vested in a Board of Regents, to be called “the Regents of the University,” which shall consist of nine persons, who shall be citizens and residents of the State of Oregon.

SECTION 3. The Regents of the University shall be appointed by the Governor, by and with the advice and consent of the Senate, for the term of twelve years, and until their successors are nominated and confirmed; and all vacancies occurring in said Board shall be filled in the like manner for the remainder of the term, except that a vacancy occurring during a recess of the Senate, shall be filled by appointment by the Governor until the adjournment of the next session of the Legislative Assembly.

SECTION 4. The Regents shall elect from their number a President of the Board, who shall be called "the President of the Board of Regents," whose duty it is to preside at all the meetings of the Board, to call special meetings of the same upon the written request of four members thereof, and to perform such other duties as may be provided by law or prescribed by the Board; but if said president, for any cause, shall not be present at any meeting of said Board, the members present, if a quorum, may elect a President to preside at such meeting, who shall thereupon have the power and perform the duties of "the President of the Board of Regents" during said meeting.

SECTION 5. The Regents of the University shall meet annually, at Eugene, on the last Thursday of the school year, which meeting may be adjourned from time to time, to suit the convenience of the Regents, and to promote the discharge of the duties imposed upon them; but no special meeting of the Regents shall be called by the President, except upon a previous written notice to each member of the Board, of the time and place of such meeting; and said notices shall be issued by the Secretary of the Board, upon the direction of the President thereof, to be inserted in the call for said meeting, and filed with the same Secretary, and may be served by said Secretary by delivering the same personally to each member, or mailing it to his address, at the postoffice nearest his usual place of residence, not less than ten days before the time appointed for said meeting.

SECTION 6. The Board of Regents shall appoint a Secretary and Treasurer, who shall keep their offices at Eugene, and hold their places during the pleasure of the Board. They shall receive such compensation as the Board may prescribe.

SECTION 7. The powers and duties of the Secretary shall be as follows: (1) To have the custody of the books, papers, and documents belonging to the University; (2) To keep a record of the transactions of the Board of Regents, the acts and doings of the President of the Board and the President of the University; (3) To keep full and accurate accounts of the money and other property of the University; (4) To do such other things as the Board of Regents may direct; but in the exercise of powers and discharge of his duties, he shall be subject to the direction of said Board.

SECTION 8. The powers and duties of the Treasurer shall be as follows: (1) To receive, keep, and pay out, according to the order of the Board, all the money and other property of the University; (2) To keep full and accurate accounts of all such money and property; (3) To give a bond to the University of Oregon, for the faithful performance of his duties, in such an amount, and with such a number of sureties, as the Board may prescribe, to be approved by the President of the Board.

SECTION 9. The general powers and duties of the Board of Regents, shall be as follows: (1) To control and provide for, subject to the conditions herein made, the custody and occupation of the University grounds and buildings, and the books, papers and documents belonging to the University; (2) To manage, control and apply all property, of whatever nature, which may hereafter be given to, or appropriated for the use, support or benefit of the University, according to the terms and conditions of such gift or appropriation; (3) To appoint and employ a President of the University, and the requisite number of professors, teachers and employes, and to prescribe their compensation and tenure of office or employment; (4) To demand and receive the interest mentioned in

Section 1 of this Act, and all sums due and accruing to the University for admission and tuition therein, and apply the same, or so much thereof as may be necessary, to the payment of compensations aforesaid, and the other current expenses of the University ; (5) To prescribe a fee for admission into said University, to be applied to the payment of incidental expenses, and the rate of tuition for instruction therein ; (6) To supervise the general course of instruction in the University, and to enact rules and by-laws for the government thereof, including the Faculty, Teachers, Students and employes therein ; (7) To confer, on the recommendation of the Faculty, such degrees as are usually conferred by Universities, or as they shall deem appropriate ; and, (8) To prescribe the qualifications for admission into the University.

SECTION 10. At all meetings of the Board of Regents, five members shall constitute a quorum, but a less number may meet and adjourn from time to time, and the powers and duties of the Board may be exercised and performed, during a recess of the same, by a committee thereof, to be called the executive committee, so far as the Board may prescribe and direct.

SECTION 11. No political or sectarian test shall ever be allowed or applied in the appointment of Regents, Professors, Teachers or Employes of the University, nor shall the majority of the Regents be, at any one time, members of any one religious denomination, or be appointed from, or reside within, any one county of the state.

SECTION 12. The Regents shall not receive any compensation for their services, but they shall be allowed their actual and necessary expenses in attending the meetings of the Board, to be paid as current expenses of the University.

SECTION 13. At the close of each school year, the President of the Board of Regents shall make a report to the Governor of the State, showing the transactions of the Board, the progress, condition and wants of the University, the num-

ber of professors, teachers and students therein, the amount of receipts, disbursements, and such other matters as may be deemed important.

SECTION 14. The President and Professors constitute the Faculty of the University, and, as such, shall have the immediate government and discipline of it and the students therein ; but, in all matters connected with the government and discipline of the Preparatory Department, the teachers therein shall be heard and consulted. The Faculty shall have power, subject to the supervision of the Board of Regents, to prescribe the course of study to be pursued in the University, and the text books to be used.

SECTION 15. The President of the University is also the President of the Faculty, but, whenever required by the Board of Regents, he shall perform the duties of a professorship ; he is also the executive and governing officer of the school, except as herein otherwise provided ; and, subject to the supervision of said Board, he has authority to control and give directions to the practical affairs of the school.

SECTION 16. Each county in this State is entitled to one scholarship in the Collegiate Department of the University, and an additional scholarship therein for each member and joint member of the Legislative Assembly to which such county may at the time be entitled.

SECTION 17. Applicants for county scholarships must apply in writing for the same, to the County Superintendent of common schools, at least one month before the commencement of the school year in which they seek to enter, and such Superintendent must receive such applications, and present the same to the county court of the county when sitting for the transaction of county business, which court shall, with the aid of said Superintendent and such other person or persons as it may deem proper to designate for that purpose, examine said applicants at a time appointed by it therefor, and the scholarships to which such county may then be entitled

shall then be awarded by such court among the applicants found to possess the requisite qualifications, by lot. Whenever a vacancy occurs in a county scholarship during the course of any school year, application may be made for it, and the same awarded in the manner provided in this section; reasonable notice being first given of the time when the proceedings will take place.

SECTION 18. A person entering the University upon a county scholarship shall, at the commencement of the term next following such entry, be subject to an examination by the Faculty, and if found disqualified by reason of want of educational attainment, physical capacity, or moral character, such person shall be dropped from the roll of students, and the scholarship upon which he or she entered shall thereupon become vacant.

SECTION 19. No person shall be eligible or entitled to the use of a county scholarship in the University unless he or she has been an inhabitant of the county to which it belongs for one year immediately preceding the application therefor, nor unless such person possesses the qualification, educational and otherwise, which the Board of Regents may prescribe for admission into the Collegiate Department thereof; nor shall any person who has been convicted of a crime involving moral turpitude, or who is notoriously of bad reputation or evil habits, ever be eligible or entitled to admission into said University upon any such scholarship or otherwise.

Approved Oct. 21, 1876.

An Act to Aid in the Support of the University of Oregon.

*Be it enacted by the Legislative Assembly
of the State of Oregon:*

SECTION 1. That there is hereby levied an annual tax of one-tenth of one mill on the dollar upon all the taxable property within this State for University purposes, to be levied and collected as other taxes are collected, and the fund arising therefrom shall be paid into the State treasury and kept separate from other funds, and shall be known as the University Fund.

SECTION 2. That there shall be and there is hereby appropriated out of said University Fund the sum of five thousand dollars annually for the support of the University of Oregon.

SECTION 3. That the five thousand dollars above appropriated shall be drawn quarterly by said Board of Regents for the purpose of paying any deficiency that may exist in the payment of current expenses, which deficiency shall be certified to the Secretary of State by the Executive Committee of said Board of Regents.

SECTION 4. That the remainder of the amount arising from said tax shall be subject to the order of the Board of Regents of said University for the purpose of making additions to the library, apparatus, building and other necessary improvements; and any of said fund not needed for said purpose at present, shall be loaned by said Board of Regents on approved security, and by them kept separate and apart from other funds.

"BY MEN OF UNDERSTANDING AND KNOWLEDGE THE STATE
SHALL BE PROLONGED."

Collegiate Department.

"The aim of a college is to cultivate the mind in a general way by disciplining all its faculties, to make the young strong in intellect, to give them acute, polished and well-balanced minds. If this disciplinary work is well accomplished, the mind may afterward be applied to any subject, to the study of any profession, art, or business, and it will be able to work with ease, precision and power.

"In looking for the record of the student life of the men that have most adorned the pulpit, the bar, the bench, the cabinet in England, we do not go to the practical or the professional school, but to those old renowned seats of learning, Oxford and Cambridge."—*President Barnas Sears, D. D., LL. D.*

"Education is something essentially and exclusively human. There is nothing of it, there is nothing analogous with it, among the lower animals. These, indeed, have their powers gradually developed, but only by a force acting from within; nature herself is their sole instructor. In man, too, there is a drawing out of innate powers; no one can be made by education anything but what nature has given him the capacity to become; but it is through the process of instruction by his fellows, of communication from without, of appropriation on his part, under guidance, of the results of others' labors.

"That development which among the less favored races of beings reaches its monotonous height in each individual, has

in man been a protracted historical process, a slow and painful rise from step to step, an accumulation to which every generation has contributed its mite; and which is still going on in the same way.

"The educated man is one who is not left to himself to discover and train his own powers, but is kindly taken by the hand and led forward to the possession of all he can grasp and use of the wealth garnered by his predecessors.

"The sum of this garnered wealth we call *human culture*; to become endowed with it as his own individual patrimony is the highest privilege, the duty, of each individual, and to put him in possession of it is the aim of education.

"Education seeks to make the career of the individual an infinitely abbreviated epitome of that of the race, to carry him at lightning speed over the grounds toilsomely traversed by those who came before him, to raise him in a few years to the height which it cost them scores of centuries to attain."—*Professor W. D. Whitney, Yale University.*

Courses of Instruction.

I. The Classical Course

This course affords opportunity for a careful study of the Latin and Greek languages, rich in the accumulated wisdom of the most intellectual nations in the past history of our race. It also gives the student access to much of the garnered intellectual wealth of our own English tongue.

II. The Scientific Course.

This course differs from the preceding in giving special attention to the French or German language, instead of the Greek, and in giving a wider range to the study of mathematics and some of the physical sciences.

III. The English Course.

This course differs from the preceding courses in giving an opportunity for the study of the English and Anglo-Saxon languages, in place of the Greek of the Classical, or the French or German of the Scientific course, and is an attempt to meet the wants of those who think that a higher discipline of the mind can be obtained from the study of the English language than from the study of Greek, German or French.

Each of these three courses extends through four years of study and leads to the same degree of Bachelor of Arts.

Partial Course.

Students who have no wish, or are not able from any cause, to take any one of the above courses, will be permitted to select and pursue such studies in any of the regular courses as they may wish, if approved by the Faculty. Such stu-

dents, at any time, may receive a certificate, signed by the President, stating the branches studied.

All candidates for admission to any of these courses will be required to pass an examination in the following studies:

Reading,	Latin Grammar,
Writing,	Latin Reader.
Orthography,	Sallust,
Mental Arithmetic,	Four books of Cæsar,
Written Arithmetic,	Elementary Algebra,
English Grammar,	Plane Geometry,
Geography,	Higher Algebra (one term),
History of the United States,	Elementary Rhetoric.

Students entering the classical course, in addition to the above, will be examined in Greek Grammar and Reader, and four books of Xenophon's Anabasis.

Students entering the Scientific course will be examined in German Grammar, German Reader and Classic German, or an equivalent amount of French.

Students entering the English course will be examined in Whitney's English Grammar, Elements of English Literature, the works of Webster, Milton, Addison and Shakespeare, and in Whitney's Life and Growth of Language.

General Information.

The University of Oregon, by an Act of the State Legislature, was founded and located at Eugene City in 1872, and it was opened for the reception of students and giving instruction in 1876.

The management of its affairs is placed in a Board of Regents, appointed for a term of twelve years, by the Governor of the State and confirmed by the State Senate. The Board of Regents confers such degrees and grants such diplomas as other Universities are wont to confer and grant.

The permanent endowment of the University consists of some seventy-six thousand dollars, realized from the sale of the land granted to the State by the general government for the purpose of establishing a University, and of a fund of fifty thousand dollars generously donated the University by Mr. Henry Villard.

Besides these two funds, the University receives an annual appropriation of some five thousand dollars from the State.

Location.

The University is located at Eugene City, Lane county, Oregon, one hundred and twenty miles south of Portland, on the Oregon & California Railroad. Eugene City is the county seat of Lane county, has some eighteen hundred inhabitants, and situated amidst scenery of much natural beauty. The University campus lies south-east of Eugene, about one mile from the city postoffice, and contains some eighteen acres of land.

Buildings.

The University has on its campus two brick buildings. One was erected in part by the citizens of Lane county and finished by the State. It is one hundred and fifteen feet long, fifty-four feet wide, and three stories high, besides the basement. The second building, named by the Regents "Villard Hall," has just been erected by the State. It is made of brick, but has a concrete finish on the outside, and is one hundred and fifteen feet in length, sixty-nine feet wide and two stories high above basement.

Library.

The University Library occupies a room in Villard Hall and contains at present over two thousand volumes. A part of the books was bought at a cost of one thousand dollars, by Mr. Henry Villard. Another part has since been bought at a cost of seven hundred dollars, out of the income from the Villard endowment fund. The annual sum coming from the Villard fund for the purchase of books for the library is four hundred dollars. This money is now spent in buying books of reference for the use of the University.

Through the influence of the Hon. J. N. Dolph, Oregon's United States Senator, the library has been made the depository of all documents published by the general government at Washington. In the library room may also be found a large number of magazines, reviews and other periodicals published in England and America. There is no charge for the use of all these books and periodicals.

Much might be done towards preparing this University for the place it ought and must fill in the future growth of the intellectual power of our State, if some man or men would, out of their abundance, give the University a library endowment fund.

Apparatus.

The University has about two thousand dollars worth of mathematical instruments. Students in surveying and en-

gineering, by means of the solar compass and engineer's transit, can become acquainted with practical field work in their department, and by means of the sextant and other instruments they can learn the methods of finding the latitude and longitude of any place.

Students in Astronomy will have access for observatory practice to the sidereal clock, the forty-two-inch astronomical transit and the sextant, and with these instruments will be able to find the latitude and longitude, as well as the exact solar time of the University building by the methods used by astronomers and navigators. Those students who wish to do so, can, by means of these instruments, extend the range of their mathematical knowledge almost as far as they please.

The apparatus belonging to the department of Physics and Chemistry has cost the University more than \$3,000, and though such a collection of instruments can never be complete, it affords greater facilities for laboratory work and class illustrations than can be found elsewhere in the "Great Northwest."

The departments of Geology, Mineralogy and Natural History are provided with large and valuable collections to illustrate their teachings. Professor Condon's cabinet is already widely known on this coast, and is justly noted for its wonderful record of Oregon's former history.

To this collection, large additions of eastern and foreign minerals are yearly made, and the whole is freely used in illustrating truth to the classes taught in these departments.

Examinations.

An examination of new students is made in order to ascertain their scholarship, and assign them to the classes for which they are qualified. An examination of all students is also made at the end of each term for the purpose of ascertaining their progress and deciding what students shall graduate, or be promoted to higher classes.

Examinations, at entrance, are held on Friday and Saturday preceding commencement, on Friday and Saturday preceding the beginning of each term, and after term has begun, on the day of entrance, between 2 and 3 p. m.

The examinations preceding commencement are held that students may find whether they are qualified for the classes they wish to enter, so that they may use the long summer vacation to make up any deficiency thus found.

Grading Students.

In marking or grading, a scale of one hundred shall be used, and sixty (60) shall be the minimum.

A student who, in any one study, falls below sixty (60) is thereby conditioned as to his class standing, and in order to be restored to full standing he must pass in a re-examination some time before the regular examinations of the following term; when, however, a student falls below sixty in more than one study of the same term, or in one study in two consecutive terms, especially in the first and second terms of the year, he shall thereby forfeit or lose his class standing.

The standing of students, as regards scholarship, is determined, in regular classes of the University proper, by means of examination merely. If the daily recitations of the student are below sixty, so that he is likely to fail at the coming term examination, he shall be reported to the Faculty and be notified by the Secretary of the fact.

On and after June, 1891, the commencement exercise of each student shall be determined by his or her standing in the collegiate courses of the University. When the average standing is from 96 to 100 inclusive, the commencement exercise shall be a philosophical oration. When the standing is from 90 to less than 96, the exercise shall be a high oration. When the standing is from 80 to less than 90, it shall be a first-class oration. When the standing is from 70 to less than 80, it shall be a second-class oration. When the stand-

ing is less than 70, the student shall not make a commencement speech or address of any kind.

Degrees.

The degree of Bachelor of Arts will be conferred on all students who have completed the Classical, the Scientific, or the English course as laid down in this catalogue.

A Bachelor of Arts of three years standing may receive the degree of Master of Arts, provided, since graduation, he has sustained a good moral character and pursued some literary or scientific calling. Graduates of three years standing, who wish to obtain this degree, should send their request to the Faculty on or before the first of June.

Expenses.

There are no dormitories and no commons connected with the University. Board and lodging in private families may easily be found in the city at from \$3.00 to \$5.00 per week. Clubs may also be formed in which the cost of living is somewhat less.

All bills for tuition and incidentals must be paid quarterly in advance. In the Elementary English Department there is no charge for incidentals, and the charge for tuition is \$30 a year. In other and higher classes, tuition is \$40 a year, and incidentals \$10.

Free Scholarships.

Each county in Oregon is entitled to one free scholarship in the Collegiate Department of the University, and an additional free scholarship for each member and joint member of the Legislative Assembly to which such county shall at the be entitled. Such students pay merely \$10 a year for incidentals.

Literary Societies.

There are connected with the University the Entaxian Society for young ladies, and the Laurean Society for young gentlemen.

The Entaxians meet on Friday of each week at 3 P. M., and the Laureans meet on the same day at 7:30 P. M. These societies use the same hall and have a common library, which is enlarged, yearly, by the purchase of new books. It now contains some one thousand volumes. These societies are well sustained, active and vigorous literary bodies. They occasionally have public debates, either in their own hall or in the large auditorium of the University. On these occasions they have had full halls and have earned much praise for their well managed debates.

Things Forbidden to Students.

To enter a brewery or saloon; to drink any intoxicating liquor while in attendance at the University or on the way to or from the same, except on the prescription of a physician; to use tobacco in any form while in the building or on the campus; to carry concealed weapons; to use profane or indecent language; to attend skating rinks, public dances and dancing clubs at any time during a session of the University; to injure the property or buildings of the University; to stand or sit around the doors, or make any disturbing noise in the halls of the University buildings; to join any college secret society; to remain from room later than eleven o'clock at night, at social gatherings composed in whole or in part of students of the University; to leave town without the permission of the President; to change a recitation which has been assigned without the permission of the Faculty.

A student, having been expelled from any other University or college in Oregon, or without a certificate of honorable dismissal from such institution, will not be received as a student in the University.

Matriculation Pledge.

The student, in writing his name below, thereby pledges himself to comply with all rules and regulations made for the government of the University, alike, those that are in force when he enters, and those that may be enacted during his connection with the University.

By-Laws.

Adopted by the Board of Regents Defining the Duties and Liabilities of the Students.

Any student who shall in anywise injure or destroy any property of the University, shall be liable therefor, and upon neglect or refusal to make such compensation as the Faculty shall determine to be reasonable, may be suspended or expelled.

When a student holding a county scholarship absents himself or herself during the term, the scholarship shall be deemed vacant; provided, a scholar may be absent not longer than three months at a time, by obtaining the written consent of the Faculty.

When a student in the Collegiate or Preparatory Department is necessarily absent from school on account of sickness ten weeks or more during any term, such student may be allowed one-half of the time on the next term, on account of such sickness.

Library Rules.

1. Folios and quartos may be consulted at the table in the Library, but must not be taken from the Library.

2. Translations of text-books, used in recitation rooms, can be consulted in the Library, under the direction of the Librarian.

3. Members of the Board of Regents and of the Faculty, resident graduates and undergraduates, are entitled to the use of the Library without expense.

4. Books can only be taken from the Library after they have been charged to the borrowers by the Librarian.

5. For every book not returned at the end of two weeks, a fine of five cents will be charged for each day the book is so kept.

6. No person having borrowed a book from the Library, shall loan the same to any other person, or let it pass out of his personal custody.

7. No one shall write, or mark, or turn down a leaf, in any book.

8. The Library is open between 8:30 and 9 A. M., on Monday, Tuesday, Thursday and Friday, and between 1 and 3 P. M., on Saturday, during term-time.

WHEREAS, The Constitution of this State, in Art. II, Sec. 4, provides that "For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence while a student of any seminary of learning;" therefore, be it—

Resolved, That any person attending the University upon a free scholarship, who shall vote at any local

election in the city of Eugene, shall, for such unlawful act, be expelled therefrom by the Faculty, and in case any other student attending the University shall vote at any such election unlawfully, he shall be expelled by the Board of Regents; and it is hereby made the duty of the Faculty to admonish the students of this by-law, and see that it is duly enforced.

Resolved, That hereafter the Faculty shall select from the graduating class, the student to deliver the Valedictory Address, and in so doing, shall have due regard to the comparative merits and attainments of said student.

The Faculty of the University are hereby authorized and required to prescribe such rules and regulations for the government of the students as may be deemed proper, and to annex and enforce such penalties as will secure their proper observance.

The Faculty are hereby authorized to require every student to sign an obligation to keep and abide by all rules and regulations made by the Faculty or the Board of Regents for the government or conduct of said student during his connection with the University.

County Scholarships.

The Law in Respect to County Scholarships.

SECTION 16. Each county in this State is entitled to one scholarship in the Collegiate department of the University, and an additional scholarship therein for each member and joint member of the legislative assembly to which such county shall at the time be entitled.

SEC. 17. Applicants for county scholarships must apply in writing for the same, to the county superintendent of common schools, at least one month before the commencement of the school year in which they seek to enter; and such superintendent shall receive such applications, and present the same to the county court of the county, when sitting for the transaction of county business, which court shall, with the aid of the superintendent and such other person or persons as it may see proper to designate for that purpose, examine said applicants, at a time appointed by it therefor, and the scholarships to which such county may then be entitled, shall be awarded by such court, among the applicants found to possess the requisite qualifications, by lot. Whenever a vacancy occurs in a county scholarship, during the course of any school year, application may be made for it, and the same awarded in the manner provided in this section; reasonable notice being first given of the time when the proceedings will take place.

SEC. 18. A person entering the University upon a county scholarship shall, at the commencement of the term next following such entry, be subject to an examination by the Fac-

ulty, and if found disqualified by reason of want of educational attainment, physical capacity, or moral character, such person shall be dropped from the roll of students, and the scholarship upon which he or she entered shall thereupon become vacant.

SEC. 19. No person shall be eligible or entitled to the use of a county scholarship in the University, unless he or she has been an inhabitant of the county, to which it belongs, for one year immediately preceding the application therefor, nor unless such person possesses the qualifications, educational and otherwise, which the Board of Regents may prescribe for admission to the Collegiate Department thereof; nor shall any person who has been convicted of a crime involving moral turpitude, or who is notoriously of bad reputation or evil habits, ever be eligible to admission into said University, upon such scholarship or otherwise. Approved October 21, 1876.

County superintendents will examine applicants for county scholarships in the following branches :

Reading,	Written Arithmetic,
Writing,	English Grammar,

Sub-Freshman Department.

The object of the Sub-Freshman Department is to prepare students for the Collegiate Department, and not to do general academic work.

The work of this department in the older states is done by the high schools of those states, either in the city where their University is located, or in the other cities of the state. When Eugene and other cities of Oregon shall have advanced in their work so as to fill up the gap between the common schools and the collegiate department of the University, then all work below the collegiate department will probably be left to such high schools; but until then, the work of this department must be done by the University.

Any high school or academy in Oregon adopting either one of the following courses of study will be recognized by publishing the principal's name and the location of the school in the University catalogue. Applicants from such schools for admission to the Freshman class of the University, will be received on the following conditions, viz.:

That the student brings a certificate officially signed by the principal of the school, stating that the bearer has completed any one of the three following courses of study, and has passed a creditable examination on the same.

All candidates for admission to the Sub-Freshman Department will be required to pass an examination in the following studies :

Reading,	Written Arithmetic,
Writing,	English Grammar,
Orthography,	Geography,
Mental Arithmetic,	History United States.

Elementary English Department.

This department has been organized to supply the existing want of suitable preparatory schools in the State, and therefore may not become a permanent feature of the University.

For the present, candidates for admission to this department will be examined in the following studies :

Orthography.

Reading—through the Fourth Reader,

Writing,

Elements of English Grammar,

Geography—through Monteith's No. 3,

Mental Arithmetic—to Percentage,

Written Arithmetic—to Interest.

The course of study in this department will embrace those studies necessary to fit a student for the two years' Sub-Freshman courses.
