SCHOOL OF MEDICINE

HISTORY AND EQUIPMENT

The medical school of the University of Oregon was established by a charter from the regents of the University in 1887 and has been in continuous operation since that time.

September 1, 1913, the Willamette University department of medicine was merged with the University of Oregon, the former retiring permanently from the field of medical education, leaving the University of Oregon the sole medical school in the Pacific Northwest. Under the terms of the merger, the students of Willamette University medical department were transferred to the University of Oregon and upon graduation received diplomas indicative of the consolidation. The alumni bodies of the two institutions were also merged.

THE CAMPUS

Prior to 1919 the medical school was housed in a three-story frame building at Twenty-third and Lovejoy streets near Good Samaritan Hospital. In the spring of 1914 a tract of twenty acres was deeded to the regents of the University by the Oregon-Washington Railroad and Navigation company as a campus for the future development by the University of a center of medical teaching and research.

SAM JACKSON PARK

The campus was enlarged in 1924 by the addition of an adjoining tract of eighty-eight acres, a gift to the medical school by Mrs. C. S. Jackson and Mr. Philip Jackson in behalf and in memory of the late C. S. Jackson. It is named Sam Jackson Park.

The entire campus of one hundred eight acres occupies a site of exceptional scenic grandeur at an elevation overlooking the city and the Willamette river, isolated from noise and smoke but within one and one-half miles of the business center and readily accessible. It affords an ideal setting for medical school buildings and affiliated hospitals.

In 1920 the University conveyed to the county of Multnomah nine acres on the campus for the construction of a general charity hospital, and in 1926 a tract of twenty-five acres was deeded to the United States government as a site for a new Veterans' Bureau hospital of three hundred beds.

MEDICAL SCHOOL BUILDINGS

The first unit of the medical school buildings was made possible by an appropriation of \$110,000 by the state legislature in 1917 and by cash donations amounting to \$25,000 from citizens of Portland. This unit, a three-story reinforced concrete structure, was completed and opened in the summer of 1919, enabling the transfer of the preclinical departments from the old quarters to the new campus, marking the beginning of a rapid development of the medical center.

MACKENZIE HALL

The legislature of 1921 appropriated \$113,000, which was matched by an equal appropriation by the General Education Board, for the construction of a second unit of the medical school. This building of four stories and of similar construction to the first unit, but twice its capacity, was completed and dedicated by the regents in 1922, at which time it was designated Mackenzie Hall in honor of the late Dean Kenneth A. J. Mackenzie. The General Education Board appropriated an additional \$50,000 for equipment and thus there was afforded an exceptionally adequate plant and equipment for the preclinical departments as well as offices and research laboratories for the clinical departments.

CLINICAL FACILITIES

MULTNOMAH COUNTY HOSPITAL

The commissioners of Multnomah county accepted the gift of nine acres on the medical school campus and constructed thereon the first unit of the Multnomah County Hospital, which was opened in 1923. This unit, built at a cost of approximately \$1,000,000, embodies the most modern conceptions of a teaching hospital. It accommodates 300 beds and is a general charity hospital. Contemplated additional units will increase the capacity to 500 beds.

Under the terms of a contractual agreement between the commissioners of Multnomah County and the University of Oregon, the medical school has access to the hospital for teaching purposes and the director of the hospital becomes a University official. The director of the hospital appoints the professional staff, seventy-five per cent of whom are appointed from nomination by the medical school. The arrangement provides a most successful affiliation for teaching, research, and the care of the sick.

DOERNBECHER MEMORIAL HOSPITAL FOR CHILDREN

A sum of \$200,000 was given to the medical school in 1924 by Mrs. E. W. Morse and Mr. Edward Doernbecher in behalf and in memory of their father, the late F. S. Doernbecher, for the establishment and construction of the University's children's hospital. This sum was augmented by individual gifts totaling \$120,000 and enabling the completion in 1926 of a general hospital of eighty beds for children upon the campus adjacent to the medical school.

The hospital is owned and operated by the University and provides exceptional facilities for the care of sick and disabled children committed to the medical school by the counties of the state under the Children's Hospital Service Law and affords every detail for teaching and research in the departments of pediatrics and other clinical divisions.

It is operated by state appropriations and private donations.

PORTLAND FREE DISPENSARY

Founded in 1907 by the People's Institute, a private philanthropic organization, the Portland Free Dispensary became immediately affiliated with the medical school and is operated jointly by the two institutions. It is situated within five minutes of the medical school.

The professional and nursing staff is appointed by the medical school and clinics in all clinical divisions are conducted therein daily from 9 a.m. to 3 p.m. It cooperates with the Multnomah County Hospital as an outpatient department, and affords care for approximately 16,000 ambulatory indigent sick annually and thus provides a most valuable clinical teaching station.

The budget for maintenance and operation of the dispensary is derived from the People's Institute, the Community Chest, the medical school, the city of Portland, the county of Multnomah, the State Board of Health, and the Oregon Tuberculosis Association.

Special clinics are conducted in cooperation with certain agencies as follows:

Tuberculosis Clinic--Oregon Tuberculosis Association.

Venereal Clinic-Oregon State and Portland City Health Boards.

Obstetrical Clinic—Child Hygiene Department, State Board of Health. Child Health Clinic—Oregon Tuberculosis Association and Visiting Nurses Association.

Dental Clinic-City Health Bureau and Junior Red Cross.

Health Center of the Jewish Neighborhood House—Portland Free Dispensary and Oregon Tuberculosis Association.

EXTRAMURAL CLINICS

Clinics and ward walks for small classes are conducted in a number of hospitals not situated upon the medical school campus. These classes are held at Good Samaritan Hospital, St. Vincent's Hospital, Portland Surgical Hospital, Emanuel Hospital, Portland Medical Hospital, the Portland Sanitarium, Waverly Baby Home, Albertina Kerr Nursery, and the State Hospital for the Insane.

AUTOPSY SERVICE AND PATHOLOGIC MUSEUM

Under a contractual agreement with the Multnomah county commissioners, the department of pathology of the medical school is designated to perform and record all coroner's autopsies, an arrangement that affords approximately 400 autopsies per year and materially augments the museum of pathology, and enables unusual opportunity for teaching in pathology and medical jurisprudence.

The museum, under a curator, has many thousand gross and tissue specimens.

The plan also assures authoritative records for medicolegal purposes.

LIBRARY

The medical school library contains over 11,000 volumes and receives 225 current journals. Through the privilege of inter-library loans, it is possible to procure, within a few days, volumes not contained in this collection. The library is supported from the general medical school fund, but in addition, the Portland Academy of Medicine and the Portland City and County Medical Society contribute annually toward its maintenance.

THE JONES LECTURESHIP IN MEDICINE

The Jones Lectureship in medicine has been founded by Dr. Noble Wiley Jones of Portland. Under the terms of the foundation, the income from a \$5,000 fund provides for a series of lectures by an authority in some branch of medical science. These lectures are presented in conjunction with the annual meetings of the alumni association. The first lectures were given in 1920 by Professor Ludwig Hektoen, professor of pathology of the University of Chicago; the second, in 1921, by Professor William Ophüls, professor of pathology, Leland Stanford University; the third, in 1922, by Sir Thomas Lewis of London; the fourth, in 1925, by Dr. A. J. Carlson, University of Chicago; the fifth, in 1926, by Dr. Martin H. Fisher, professor of physiology, University of Cincinnati; and the sixth, in 1928, by Dr. Julius Bauer of Vienna.

14

GENERAL INFORMATION

Tuition. For all resident students the tuition is \$180 per year, and for all students who are not bona fide residents of Oregon an additional fee of \$60 per year is charged. Arrangements may be made for paying the tuition in installments at the beginning of each term.

Tuition for special students and for summer work is \$3.50 per term hour.

Breakage Deposit. A deposit of fifteen dollars (\$15) for first and second year students, and ten dollars (\$10) for third and fourth year students is required at the beginning of each year for general breakage. The cost of damage done by an individual to University property will be deducted from his deposit; and in case the identity of the one responsible cannot be established, a pro rata charge will be made against the entire class of which he is a member. The remainder of this deposit will be returned at the end of each school year.

Microscopes. Students are expected to provide themselves with microscopes.

Lockers. Coat room and laboratory lockers will be assigned and a deposit of one dollar must be made when a lock for the same is received.

Special Examinations. If a special examination is granted, a fee of \$5 must be paid at the office.

Diploma Fee. A diploma fee of \$10 is charged for each degree taken. The rules prescribe that no person shall be recommended for a degree until he has paid all dues, including the diploma fee.

Admission to the University of Oregon Medical School

Application for admission should be made not later than July 1st. It is necessary to complete the list of matriculants early in July, making it thereafter impossible to consider applications for admission.

Notice of acceptance of application is accompanied by matriculation card, to be presented on registration day, together with duplicate to be returned not later than ten days following receipt, with matriculation fee of \$5.00 and a deposit of \$20.00, in order to reserve a place in the entering class. The deposit of \$20.00 may be applied toward the tuition fee of the first term. It is not refundable after July 15th.

REQUIREMENTS FOR ADMISSION

Applicants for admission are required to have satisfactorily completed a four years course in an accredited high school, or its equivalent, and collegiate preparation covering not less than three years of study in an acceptable institution. These courses must include the following:

I. *High School Preparation*. A minimum of fifteen units is required, acceptable toward collegiate matriculation, including the following:

Units	Units
English	History 1
Algebra 1	One Foreign Language 2
Geometry 1	Additional in one of above sub-
Laboratory Science 1	jects1
	Elective

Recommended High School Course. The following high school course, which meets all the formal requirements, is strongly recommended:

Unit	units
English	
Geometry 1 Physics 1	German or French
Chemistry 1	

II. Collegiate Preparation. At least 135 term hours (90 semester hours) exclusive of credit in military science, of collegiate preparation in an accredited institution, is required for admission. Included in this preparation the following work is prescribed:

Chemistry, inorganic (qualitative and quantitative may be included) Chemistry, organic	8
Physics English German or French	20 12 9 20

The subject matter considered in the course in organic chemistry should be distributed over the aliphatic and aromatic compounds. Not less than 25% of all chemistry credit must be for laboratory work.

Preparation in biology should be chiefly in animal biology, elemental and advanced. Not less than 20% of the credit should be for laboratory work. Bacteriology and botany may be accepted for one-quarter of the required work.

The course in physics should cover the subject subdivisions presented in the customary one-year college course, including not less than one laboratory period per week.

It is recommended that advanced courses in written English be taken. German and French preparation may be satisfied by a statement certifying to the applicant's possessing a ready sight reading ability, submitted by an instructor granting credit in either subject in a standard college or university.

Candidates who are deficient in any of the above minimum requirements will not be admitted.

RECOMMENDED ELECTIVE SUBJECTS

In addition to the above described requisite preparation, those intending to study medicine are advised to make elective choice of psychology, history, mathematics, at least one of the social sciences and advanced courses in English.

Present facilities necessitate limiting each entering class to sixty. Many more than this number apply for admission. The selection is made upon the basis of scholarship, thoroughness of preparation, and personal fitness for the profession.

BACHELOR'S DEGREE

Students entering the University of Oregon Medical School without, the bachelor of arts or bachelor of science degree shall become eligible for one of these degrees, either in the University of Oregon or in their respective institutions, before entering upon the work of the third year.

Eligibility for the bachelor of arts degree in the University of Oregon necessitates completion of 186 term-hours, including the satisfaction of at least three of four group requirements. The group requirements necessitate the completion of not less than 9 term-hours of correlated or sequence order courses. Groups are as follows:

1. Language and Literature. This group requirement may not be satisfied by beginning foreign language or required second year written English. Group I may be fulfilled by a survey course in Architecture or Music if the student is not majoring in either of those schools. German or French is specified by the Medical School as foreign language preparation.

II. Social Sciences. Economics, History, Political Science, and Philosophy.

III. Mathematics and Physical Sciences. Mathematics, Physics, Chemistry, Geology, Geography, Mechanics or Astronomy.

IV. Biological Sciences, Animal Biology, Physiology, Plant Biology, Bacteriology or Psychology.

Laboratory work must be included in courses satisfying groups III and IV with the exception of preparation in mathematics.

Eligibility for the bachelor of arts degree necessitates completion of a two-year course in one foreign language, additional to two years of a foreign language offered at entrance.

Eligibility for the bachelor of science degree necessitates not less than 36 term-hours preparation in Group II or III, additional to fulfillment of at least two of the remaining three group requirements.

It is evident that applicants meeting subject requirements for admission to the Medical School must have satisfied group requirements III and IV for the baccalaureate degree. It is therefore necessary that applicants for admission to the Medical School, anticipating the completion of requirements for the baccalaureate degree in arts or science in the University of Oregon, must fulfill group requirement I or II before entering upon the work of the third year in the medical school.

STUDENT HEALTH

A committee of the faculty has special charge of student health; and, in addition to the general service of the entire school, arrangement is made for securing the advice and aid of the dean, associate dean, and heads of departments in all student health and welfare problems.

PHYSICAL EXAMINATION

All entering students are required to take a physical examination.

SPECIAL STUDENTS

Students who are not candidates for the degree of doctor of medicine may register in courses in the fundamental laboratory branches for which they are prepared, as special students; and graduates in medicine may register as special students in any course. No matriculants will be accepted as special students in clinical subjects, other than graduates in medicine. No graduates in medicine will be accepted as candidates for the degree of doctor of medicine.

Special students who register for special work, and who are not candidates for the degree of doctor of medicine, will be charged tuition according to the amount of work undertaken and the nature of the courses.

CURRICULUM IN MEDICINE AT UNIVERSITY OF OREGON

The course in medicine comprises four years. Three years of premedical work on the campus at Eugene or in some other accredited institution are devoted to liberal studies embracing the fundamental sciences contributory to medicine. They include work generally given in premedical departments, and listed under requirements for admission. The four years spent in the medical school at Portland are devoted to the subjects of the regular four-year curriculum in medicine required by law.

The first three years must be satisfactorily completed before admission to the medical school (Portland). It has been found necessary for the present to limit the number of first year students at the medical school, consequently, completion of the third pre-medical year does not guarantee admission to the medical school.

CURRICULUM

The prescribed and recommended subjects for the first, second, and third years, i. e., pre-medical instruction, are described under the heading: requirements for admission. In the first, second, third, and fourth years at the medical school there are 4,162 hours of required work. In addition to this, seventeen credits must be earned from the list of elective courses offered. Elective courses may be taken with the permission of the instructor in any term for which they are scheduled. Descriptions of these courses are to be found under the several department headings. Students desiring to elect them should consult the instructor in charge in each case.

ELECTIVE WORK

Seventeen units of work in elective subjects are required of the candidate for the degree of doctor of medicine, 10 of which shall be taken during the fourth year. At least 5 of these 10 units for the fourth year shall be in the department of medicine.

REQUIREMENTS FOR DEGREES

DOCTOR OF MEDICINE

A candidate for the degree of doctor of medicine must have completed satisfactorily the curriculum described, or in case of admission with advanced standing, the last year must be taken in this medical school. All candidates for degrees are expected to be present at the commencement exercises and receive the diploma in person.

COMBINED DEGREE

Under degree requirements it is specified that all candidates shall have had such balanced collegiate training, including usual preparation in basic sciences, to entitle the individual to baccalaureate degree require-

ments of the University of Oregon as outlined under statement of reour ements for admission in this catalogue.

THE GRADUATE SCHOOL

The departments of anatomy, bacteriology, and hygiene, biochemistry, pathology, pharmacology and physiology offer instruction leading to the master's degree as an integral part of the graduate school of the University of Oregon and subject to the rules and regulations which are published in the bulletin of the graduate school.

FELLOWSHIPS AND SCHOLARSHIPS

THE NOBLE WILEY JONES FELLOWSHIP IN PATHOLOGY

The Noble Wiley Jones Fellowship in Pathology is awarded each year by the pathology staff to a student who has manifested particular interest and proficiency in that branch of study. The fellowship consists of the annual income from a gift of \$5,000 made by Dr. Noble Wiley Jones of Portland.

COLLINS RESEARCH FELLOWSHIP

The Collins Nutritional Research Fellowship, founded by Mr. E. S. Collins, of Portland, October 1, 1920, amounts to \$1,500 a year and covers work outlined as follows:

Purpose: Experimental studies in nutrition.

Field: Foods and food factors in the dietary materials indigenous to the Pacific Northwest.

Method: Biologic investigations on laboratory animals with especial reference to the effect upon growth, health and reproduction, and including a histologic and chemical study of certain tissues and organs.

SURGICAL ESSAY PRIZE

A Surgical Essay Prize is given each year to the fourth year student writing the best essay on a surgical subject. The presentation is made by Dr. J. Earl Else, clinical professor of surgery.

ALUMNI ASSOCIATION

The Medical School Alumni Association, made up of the graduates of the merged schools, is a strong organization working for the interests of students and graduates and encouraging scientific and professional progress among its members and the medical profession; it is working with the faculty to build up in Portland a great medical center; it is lending its aid in every way possible for the benefit of the medical profession.

The alumni association holds each year an annual meeting in June. The meeting lasts three full days and includes papers, clinics and the business meeting and banquet. Many out-of-town physicians attend these meetings. All members of the profession are cordially welcome to all sessions. The proceedings of the meetings are published and sent to all members.

Graduates and past and present instructors of the medical schools of the University of Oregon and Willamette University are eligible to membership. The dues are one dollar a year.

The officers of the alumni association for 1929-30 are:

Dr.	H. H. Foskett		
Dr.	Ivan M. Woolley	First	Vice-President
Dr.	Arthur F. Martin	Second	Vice-President
Dr.	A. G. Bettman	. Third	Vice-President
Dr.	Robert J. Pilkington	Fourth	Vice-President
Dr.	Claude A. Lewis		Secretary
Dr.	David H. Rand		Treasurer

SCHOOL OF MEDICINE

SUMMER COURSES

PRE-CLINICAL

Courses for medical students or others qualified for the work are offered during the summer at the medical school, providing there is enrolled a sufficient number to warrant presentation of the course.

Because of the cost of laboratory supplies and equipment, tuition for these courses will be based on the number of credit hours given for each course, the rate being \$3.50 per credit hour.

Courses will begin at 8:00 o'clock and laboratory work will follow lecture work.

CLINICAL

A limited amount of clinical work at the Portland free dispensary is open during the summer months to medical students of junior and senior standing. The full time required for work, in each case, in fall, winter and spring quarters, is required for summer work. Clinics, for which required or elective credit may be given, are conducted in medicine, surgery, dermatology, urological disease, ophthalmology, otology, rhinology, laryngology, gynecology and obstetrics.

DEPARTMENTS OF INSTRUCTION DEPARTMENT OF ANATOMY

WILLIAM F. ALLEN	Professor of Anatomy and Head of the Department
OLOF LARSELL	Professor of Anatomy
WILMOT C. FOSTER	Instructor in Anatomy
J'ON V. STRAUMFJORD	Instructor in Anatomy
HOWARD P. LEWIS	
MARTIN S. SICHEL	
A. E. WRIGHTMAN	Student Assistant in Anatomy
HERBERT D. LEWIS	
LOUIS GOODMAN	Student Research Assistant in Anatomy
MURRAY BURNS	
ROBIN M. OVERSTREET	
EDITH BLACKLER	

REQUIRED FIRST YEAR

101. Gross Anatomy. Each term; lectures and quizzes, 3 hours per week; laboratory, 9 hours per week; 396 hours; eighteen credits. Drs. Larsell, Straumfjord, Mr. Lewis and assistants.

102. Histology and Organology. Fall term; lectures and quizzes, 3 hours per week; laboratory, 9 hours per week; 132 hours; six credits. Dr. Larsell and assistants.

103. Embryology. Winter term; lectures, 2 hours per week; laboratory, 6 hours per week; 88 hours; four credits. Dr. Allen, Mr. Lewis and Mr. Wrightman.

SECOND YEAR

201. Neurology and Organs of Special Senses. Fall term; prerequisite, Anatomy 101-103; lectures, 2 hours per week; laboratory, 6 hours per week; 88 hours; four credits. Dr. Allen and Mr. Wrightman.

THIRD YEAR

205. Applied Anatomy. Spring term; prerequisite, Anatomy 101; lectures, quizzes and demonstrations; 3 hours a week; 33 hours; 3 credits. Dr. Foster and Mr. Lewis.

ELECTIVE

105. Microscopic Technique. Fall and winter term; limited to twelve students after consultation with instructor; laboratory, 3 hours a week; 33 hours; one credit. Dr. Larsell and assistant.

202. Advanced Histology. Winter and spring term; prerequisite, Anatomy 102 and 105; laboratory, 6 hours a week or less; credits to be arranged. Dr. Larsell.

203. Topographical Anatomy. Winter term; prerequisite, Anatomy 101; limited to fifteen students; lecture 1 hour a week; laboratory, 3 hours a week; 44 hours; two credits. Mr. Lewis and Dr. Sichel.

204. Special Dissections. Limited to available material; prerequisite, Anatomy 101; hours and credits to be arranged.

206. Applied Osteology. Lectures and demonstrations, 1 hour a week; laboratory, 3 hours a week; 44 hours; two credits.

207. Mechanism of the Central Nervous System Studied from Lesions. Spring term prerequisite, Anatomy, 201; laboratory, 3 to 6 hours a week; credits to be arranged. Dr. Allen. 208. Seminar and Journal Club. Each term; includes anatomical staff and advanced students; hours and credits to be arranged. Dr. Allen.

209. Comparative Neurology. Lectures, conferences and laboratory. Winter and spring terms; credits to be arranged. Dr. Larsell.

210. Research. In any branch of anatomy, research is open to qualified students upon approval of any of the instructors. Hours and credits to be arranged. Drs. Allen and Larsell.

DEPARTMENT OF BACTERIOLOGY, HYGIENE AND PUBLIC HEALTH

HARRY J. SEARS	Professor of Bacteriology and Head of the Department
WILLIAM LEVIN	Instructor in Bacteriology
WILLIAM K. LIVINGSTON	Instructor in Parasitology
FREDERICK D. STRICKER	Lecturer in Public Health
VERA SMITH	
WESLEY V. FRICK	
MARIE STRUBE	Student Research Assistant in Bacteriology Technician

REQUIRED First Year

101. Medical Bacteriology and Immunology. Spring term; lectures, 4 hours a week; laboratory, 12 hours a week; 176 hours; eight credits. Drs. Sears, Levin and Miss Smith.

THIRD YEAR

102. Principles of Public Health. The general principles of public health activities. Control of communicable diseases. Organization of federal, state, local and other health agencies. Elements of infant, school and industrial hygiene and vital statistics. Lectures, recitations and discussions. Three hours a week; 33 hours; three credits. Drs. Sears and Stricker.

103. Community Health Problems. A course consisting chiefly in a community health survey carried out under the direction of the department staff. Summer following third year; 66 hours; three credits. Drs. Sears, Stricker and Levin.

ELECTIVE

204. Seminar in Bacteriology and Immunity. Meetings of the departmental staff and assistants with a number of specially qualified students to discuss the newer developments in the science as they appear in the current periodical literature. Topics are assigned and individual reports read at meetings of the class. Open to a limited number of students. Meetings held once each week. Drs. Sears and Levin.

207. Parasitology. A brief course in general parasitology consisting of lectures presenting the clinical and hygienic importance of human parasites and laboratory studies of morphology and diagnostic technic. Fall term; laboratory, 6 hours a week; lectures, 1 hour; three credits. Dr. Livingston and Miss Smith.

208. Immunology and Serum Technic. Winter term; lectures on the fundamentals of immunology and laboratory exercises in the technic of serum reactions. Laboratory, 3 hours; lectures and demonstrations, 2 hours; 55 hours; three credits. Dr. Sears.

210. Research in Bacteriology and Immunity. Hours and credits to be arranged.

DEPARTMENT OF BIOCHEMISTRY

HOWARD D. HASKINS	Professor of Biochemistry and Head of the Department
EDWIN E. OSGOOD	Assistant Professor of Biochemistry
FRANK E. TROTMAN	Student Instructor in Biochemistry
LELAND S. HARRIS	Student Instructor in Biochemistry
JOYCE A. ALBERT	
ALOIS TEDISH	
MAREL WILHELM	

REQUIRED FIRST YEAR

101. Biochemistry. Fall term, 3 lectures and 6 hours laboratory a week; winter term, 3 lectures and 9 hours laboratory a week; 231 hours; eleven credits. Dr. Haskins. Mr. Trotman and Mr. Harris.

ELECTIVE

202. Advanced Biochemistry. Winter term; lecture, 1 hour; laboratory, 3 hours a week; two credits. Dr. Haskins.

203. Laboratory Diagnosis. (For special or graduate students.) Required for second year students; see department of medicine, course 203. Drs. Osgood and Haskins.

210. Biochemistry Research. Dr. Haskins.

DEPARTMENT OF PATHOLOGY

FRANK R. MENNE	Professor of Pathology and Head of the Department
	Assistant Professor of Pathology
KARL H. MARTZLOFF	Instructor in Surgical Pathology
J. IRVING TUELL	
HERMAN SEMENOV	Noble Wiley Jones Fellow in Pathology
ALLEN M. BOYDEN	
JOE ROBERTS	
HENRY SAXRUD	
KATHERINE W. STEWART	Technician
WANDA TEMPLETON	Technician
RUTH WEBERClerk i	n Clinical Laboratories and Stenographer in Pathology

The pathological museum is comprehensive. Gross and microscopic tissues are received from surgical clinics of the several Portland hospitals, and from the autopsies of the coroner's office and other autopsies. (See Pathology Museum in this catalogue.)

REQUIRED SECOND YEAR

101. General Pathology. Fall term. A course in general pathology, comprising the study of prepared slides supplemented by experiments, fresh and museum specimens. Lecture, recitations, 3 hours, and laboratory 9 hours a week; 132 hours; six credits. Drs. Menne and Hunter.

102. General Pathology. Lectures, winter term 3 hours, and laboratory, 9 hours a week; 132 hours; six credits. Drs. Menne and Hunter. SCHOOL OF MEDICINE

THIRD YEAR

103. Autopsy Clinic. Spring term; studies of autopsies; including a presentation of the clinical history. Two hours a week; 22 hours; one credit. Drs. Menne and Osgood.

104. Attendance at Autopsies. Each student is required to attend and describe at least ten autopsies. Time to be arranged. One credit. Pathology staff.

105. Gunecological Pathology. (See Gynecology 201a.)

107. Autopsy Clinic. Continuation of Course 103. Studies of autopsies, including presentation of clinical history. Third year; winter term, two hours a week; 22 hours, one credit. Dr. Menne and Osgood.

FOURTH YEAR

108. Clinical Pathological Conference. Multhomah County Hospital. Two hours each week for one term; throughout year in sections; 22 hours; one credit. Drs. Menne and Selling.

ELECTIVE

201. Attendance at Autopsies. Opportunity is offered to students each quarter to elect autopsy attendance with instruction, and such students are required to assist and to make detailed suggestions. Hours and credits to be arranged. Dr. Hunter.

202. Advanced Systemic Pathology. Study of the detached pathology of one system. Hours and credits to be arranged. Drs. Menne or Hunter.

203. Research. Open to specially qualified students. Hours and credits to be arranged. Drs. Menne or Hunter.

204. Advanced Pathological History. Systematic study of microscopic section of autopsy tissues. Open to students who have had at least one quarter's work in pathology. Hours and credits to be arranged. Dr. Menne.

205. Special Pathology of Heart and Circulation. Hours and credits to be arranged. Dr. Benson.

206. Pathology of the Endocrine Glands. Attendance at autopsies required. Hours and credits to be arranged. Dr. Menne.

DEPARTMENT OF PHARMACOLOGY

HAROLD B. MYERS	essor of Pharmacology and Head of the Department
LEE W. DICKINSON	
THOMAS A. MCKENZIE	Student Research Assistant in Pharmacology
RICHARD D. SIMONTON	
LLOYD A. WHEELWRIGHT	

REQUIRED

SECOND YEAR

101. Systematic Pharmacology and Prescription Writing. Winter term; lectures and quizzes, 5 hours a week; laboratory, 3 hours a week; 88 hours; six credits. Drs. Myers and Dickinson.

102. Systematic Pharmacology and Pharmacodynamics. Spring term; lectures and quizzes, 5 hours a week; laboratory, 3 hours a week; 88 hours; six credits. Drs. Myers and Dickinson.

103. Applied Pharmacology. Given in conjunction with Medicine 206.

FOURTH YEAR

104. Toxicology. Spring term; lectures and quizzes, 1 hour a week for 5 weeks; 5 hours; one-half credit. Dr. Myers.

ELECTIVE

201. Toxicological Analysis. (Second year.) Spring term; lectures and quizzes, 1 hour a week; laboratory, 3 hours a week; 44 hours; two credits. Dr. Mvers.

203. Research. Students who are properly qualified and who can devote an adequate amount of time to the work are encouraged to pursue original investigation of pharmacological problems. Hours and credits to be arranged. Dr. Myers.

204. Seminar. Offered spring term: open to third and fourth year students; 2 hours a week; 22 hours; two credits. Dr. Myers.

DEPARTMENT OF PHYSIOLOGY

GEORGE E. BURGET	Professor of Physiology and Head of the Department
IRA A. MANVILLE	Associate in Physiology
CARLETON P. PYNN.	Instructor in Physiology
GEORGE R. SUCKOW	Student Assistant in Physiology
Ross THORNTON	
J. CLAUDE PROFFITT	
DELBERT L. STOKESBARY	
CHARLOTTE SCHWICHTENBERG	Graduate Student Research Assistant in Physiology
JACK GRONDAHL	Technician

REQUIRED FIRST YEAR

101. Blood, Circulation and Respiration. Spring term; prerequsiite, Biochemistry 101; lectures and recitations, 3 hours a week; laboratory, 6 hours a week; 99 hours; five credits. Drs. Burget, Manville, Pynn and Mr. Suckow and Mr. Thornton.

SECOND YEAR

102. Digestion, Metabolism, Absorption, Secretion, Excretion, Muscle and Heat. Fall term; prerequisite, Physiology 101; lectures and recitations, 3 hours a week; laboratory, 6 hours a week; 99 hours; five credits. Drs. Burget, Manville, Pvnn and Mr. Suckow,

103. The Nervous System and the Senses. Winter term; prerequisite, Anatomy 101; lectures and recitations, 3 hours a week; laboratory, 6 hours a week; 99 hours; five credits. Drs. Burget, Manville, Pynn and Mr. Suckow.

ELECTIVE

201. Lectures on the History of Physiology. Winter term; 1 hour a week. Dr. Burget.

202. Physiology of the Glands of Internal Secretion. Spring term; prerequisite, Physiology 101-103; lectures, 1 hour a week; laboratory, 3 hours a week; 44 hours; two credits. Dr. Burget.

203. Studies in Metabolism. Fall term; prerequisite, Physiology 101-103; lectures, 1 hour a week; laboratory, 3 hours a week; 44 hours; two credits. Dr. Pynn.

204. Diet and Nutrition. (Third Year.) Winter term. A course in

dietary requirements in health and disease with special emphasis given to the indication and contraindications for particular food factors: the hygiene of the gastro-intestinal tract; the peculiar value of sunlight. minerals and vitamins. Prerequisite, Physiology 101-102-103; lectures, 2 hours a week; 22 hours; two credits. Dr. Manville.

215. Research. Each term; hours and credits to be arranged. Drs. Burget and Manville.

DEPARTMENT OF MILITARY SCIENCE AND TACTICS

Medical Corps, U. S. Army, Retired CAPT. JAMES D. EDGAR Professor of Military Science and Tactics

The Army Reorganization Act of Congress, June 4th, 1920, made possible the establishment of units of the Reserve Officers' Training Corps in certain selected medical schools. A unit of this Corps was established in the medical school during 1920, and was among the first ten units established in Class A medical schools at the invitation of the surgeon general.

The subjects in the course act as corollaries to other subjects taught in the school, in addition to which the organization, administration and functions of the army, in both peace and war, are taught; particular stress being laid upon the organization, administration and functions of the medical department of the army.

Instruction is given by lectures, quizzes and demonstrations. No drill is required, nor are uniforms worn during the school year. During the advanced course students are paid a commutation of subsistence, amounting to over \$200.00.

REQUIRED

101-102. Basic Course. First and second years, 6 terms, 1 hour a week, six credits. This course covers military organizations, history of military medicine, theoretical schools of the soldier and company, first aid, organization and administration of the medical department, map reading, tactics and the use of medical units in peace and war.

ELECTIVE

201-202. Advanced Course. Open to students of the third and fourth years who will be eligible on graduation to accept a commission in the Officers' Reserve Corps; 6 terms, 1 hour a week and one summer camp of six weeks. Work during the school year consists of lectures, quizzes and demonstrations covering hygiene, sanitation, control of communicable diseases, history and development of hospitals, hospitalization, school of the officer, military psychiatry and allied subjects.

A summer camp of six weeks at Camp Lewis, Washington, immediately following the school year, is part of the course. It may be taken after the second or third years. The student receives 70c a day, transportation to and from camp, rations, uniforms, shelter and medical treatment free at the camp. The student company functions in turn, as medical detachment of a regiment, collecting company, ambulance company and hospital company. Instruction is chiefly by demonstrations and practical exercises. Afternoons are devoted to athletics, equitation and recreation. · Several trips are taken, the most interesting being the trip to Mt. Rainier.

At graduation those who have completed the course receive commissions as first lieutenants in the medical section of the Officers' Reserve Corps of the United States army.

INTERNAL MEDICINE

REQUIRED SECOND YEAR

201. Introduction to the Principles of Medicine. Recitations based on a standard text book. Spring term, 2 hours a week; 22 hours; two credits. Drs. Goldsmith, Hollenbeck, and Moore.

202. Physical Diagnosis. Lectures, 11 hours; winter term; demonstration, 33 hours, and lectures, 11 hours; spring term; 55 hours; three and one-half credits. Dr. Gatewood.

203. Laboratory Diagnosis. Spring term; 3 lectures and 9 laboratory hours; 132 hours; six credits. Drs. Osgood and Haskins.

THIRD YEAR

204. Medicine, Recitations. Two hours a week, fall and winter terms; 44 hours; four credits. Drs. Goldsmith, Witham, Woods, and Moore.

206. Dispensary. Four hours a week throughout the third year; 132 hours; six credits. Drs. Baird, Bissett, Boylen, DuBois, Goldsmith, Holcomb, Hollenbeck, Hollingworth, Jones, Lucas, Moore, Mount, Myers, Nelson, Payne, Phillips, Pochert, Pynn, Rush, Simmons, Woods, and Wise.

207. Physical Diagnosis. Lectures; fall term; 11 hours, one credit. A continuation of course 203. Dr. Gatewood.

208. History Taking. Lectures and demonstrations; 6 hours, onehalf credit. Drs. Baird, Mount, Nelson, and Payne.

215. Gastroenterology. Lecture and conference course, one hour a week throughout the year. 33 hours, three credits. Dr. Fitzgibbon.

228. Tuberculosis Clinic. Portland Free Dispensary; one and onehalf hours a week for $5\frac{1}{2}$ weeks; 16 hours; one credit. Dr. Bisaillon.

FOURTH YEAR

209b. Medical Clinic. Multnomah County Hospital; diseases of the chest; one hour a week throughout the year; 33 hours; one and one-half credits. Dr. Matson.

209c. Medical Clinic. Multnomah County Hospital; 1 hour a week, one term, throughout the year, in sections; 11 hours; one-half credit. Dr. Jones.

209f. Medical Clinic. Multnomah County Hospital; 1 hour a week, one term, throughout the year, in sections; 11 hours; one-half credit. Dr. Rosenfeld.

211. Clinical Clerkships. Sections of the fourth year class are assigned to the medical service of the Multnomah County Hospital throughout the year; 66 hours; three credits. Dr. Osgood, Wilson and Riddle.

213. Contagious Diseases. Contagious Hospital. Lectures, 1 hour a week during fall term. Clinics, 1 hour a week for $5\frac{1}{2}$ weeks winter term in sections; 17 hours, one credit. Drs. Dammasch and Hall.

214. Medical Ward Walks. Multnomah County Hospital; 1 hour a week throughout the year, in sections; 33 hours; one and one-half credits. Drs. Coffen, Short, Fitzgibbon, Brill, Wilson, Adkisson.

251. General Medical Clinic. Multhomah County Hospital. One and one-half hours a week throughout the year; 49 hours; two credits. Drs. Knox, Sears and Coffen.

260. Tuberculosis Clinic. Dispensary; Two hours a week for five and one-half weeks, throughout the year in sections; 11 hours, one-half credit. Dr. Bisaillon.

ELECTIVE

216. Diseases of Metabolism and the Ductless Glands. Fall and winter terms, lecture and conference course; two hours a week; 22 hours, one credit. Dr. Holcomb.

217. Diseases of the Kidney. Winter term; lecture and conference course; two hours a week; 22 hours; one credit. Dr. Millett.

218. Diseases of the Circulation. Fall term; lecture and conference course; 1 hour a week; 11 hours; one credit. Dr. Jones.

226. Applied Therapeutics. Fourth year, spring term; lectures and recitations; 11 hours; one credit. Dr. Wilson.

236. Endocrinology. Two hours a week; 22 hours; one credit. Dr. Rush.

237. Research. Hours and credits to be arranged.

240. Clinical Demonstrations. Multnomah Hospital. Fall term; eleven hours; one-half credit. Dr. Osgood. (Fourth year.)

241. Clinical Diagnosis. Multnomah Hospital. Winter term; eleven hours; one-half credit. Dr. Osgood. (Fourth year.)

254. Minor Ailments Clinic. Eleven hours; one-half credit. (Fourth vear.) Dr. Goldsmith.

255. Differential Diagnostic Clinic. Eleven hours; one-half credit. Dr. Goldsmith.

257. Tuberculosis Ward Walk. Multnomah County Hospital. Eleven hours; one-half credit; one term. (Fourth year.) Dr. Matson.

261. Cardiac Clinic. Dispensary. One hour a week for one term. 11 hours, one-half credit. Drs. Coffen and Goldsmith.

NERVOUS AND MENTAL DISEASES

LAURENCE SELLING Clinical Professor of Medicine

REQUIRED THIRD YEAR

221. Clinic at Dispensary. One hour a week throughout the year, in sections; 11 hours; one-half credit. Dr. Margason and Levy.

22. Lecture on Nervous Diseases. One hour a week, throughout the year; 33 hours; three credits. Dr. Selling.

FOURTH YEAR

223. Clinic. Sections of the fourth year class are assigned to the neurological service, of the Multnomah County Hospital; one term throughout the year, in sections; 11 hours; one-half credit. Dr. Selling.

224. Clinic and Lectures on Mental Diseases. One hour a week, spring term; 11 hours; one credit. Drs. Griffith and Evans.

ELECTIVE

225. Psychopathology. One hour a week; 11 hours; spring term; one credit. Dr. Gilbert.

262. Neurological Clinic. Dispensary. One hour a week for one term. Offered each term; 11 hours, one-half credit. Dr. Margason.

DERMATOLOGY AND SYPHILOLOGY

J. GUY STROHM -----Assistant Clinical Professor of Syphilology JOHN H. LABADIEClinical Instructor in Dermatology

REQUIRED

THIRD YEAR

236. Dermatological Pathology and Syphilis Lectures; 1 hour a week; 11 hours, one credit. Dr. Kingery.

232. Clinical Lecture and Conference Course. One hour a week for each section throughout the year; 33 hours; three credits. Drs. Kingery, Parker and Labadie.

FOURTH YEAR

233. Syphilis Dispensary. Two hours a day, four times a week for five and one-half weeks; total, 33 hours; throughout the year in sections; one and one-half credits.

SCHOOL OF MEDICINE

234. Dermatologcial Clinic. Multnomah Hospital. One hour each week throughout the year; 33 hours, one and one-half credits. Dr. Kingerv.

RADIOLOGY

R. W. JOHNSON. ...Technical Assistant

REQUIRED

THIRD YEAR

202. Advanced Radiology. One hour a week throughout the year. Lectures and guizzes. This course will include a consideration of the interpretation of pathology as depicted on the radiograph and the fluorescent screen. This course will include the medical, surgical and dental application of roentgenology in diagnosis; the uses, the limitations and the dangers; 33 hours; 3 credits. Drs. Butler, Palmer and Rees.

ELECTIVE

211. Radiographic Technic. These lectures will be of a practical nature and will include the principles of radiography, and actual demonstrations of technic. Fourth year, each term; 11 hours; one-half credit. Mr. Johnson.

256. Radiology. Gastro-intestinal radiology at Dispensary. Eleven hours, one term, one-half credit. (Fourth year.) Dr. Rees.

263. X-Ray Therapy. Lectures one hour a week for one term; 11 weeks, one credit. Dr. Ranson.

DEPARTMENT OF SURGERY J. EARL ELSE, Chairman

RICHARD B. DILLEHUNT, ROBERT C. COFFEY, J. EARL ELSE, WILLIAM B. HOLDEN ... Clinical Professors of Surgery OTIS F. AKIN, THOMAS M. JOYCE, CHARLES R. MCCLURE, ERNST A. SOMMER. ALVIN W. BAIRD, CHARLES D. BODINE, LOUIS P. GAMBEE, LUTHER H. HAMILTON, GEORGE N. PEASE, EUGENE W. ROCKEY, BENJAMIN N. WADE. Assistant Clinical Professors of Surgery

WILLIAM K. LIVINGSTON, KARL H. MARTZLOFF, HERBERT S. NICHOLS, JAMES C. ZAN ... Clinical Associates in Surgery

WALTER W. BLACK, HARRY C. BLAIR, FRANCIS W. BRODIE, BANNER R. BROOKE, JOHN C. BROUGHER, CECIL E. BROUS, CLARENCE W. BRUNKOW, WINFRED H. BUEBERMANN, ROSCOE W. CAHILI, ALBERT H. CANTRIL, C. ELMER CARLSON, A. HOLMES JOHN-SON, ARTHUR C. JONES, GORDON B. LEITCH, CLAUDE A. LEWIS, LEO S. LUCAS, CHARLES H. MANLOVE, KARL P. MORAN, OLIVER M. NISBET, EDWARD E. RIPPEY, MILLARD S. ROSENBLATT, EDWARD W. ST. PIERRE, WILLIAM E. SAVAGE, OTIS B. WIGHT Clinical Instructors in Surgery MILTON V. WALKER. MARIAN HETLESATER Technician

REQUIRED

SECOND YEAR

201. Recitation. Spring term; recitations, 2 hours a week; 22 hours: two credits. Drs. Bueermann and Wade.

THIRD YEAR

202. Recitation. Fall and winter terms; recitations, 2 hours a week; 44 hours: four credits. Drs. Bueermann and Wade.

203. Dispensary. One term; 41/2 hours a week; 49 hours; two credits. Drs. Brougher, Cahill, Johnson, Leitch, Lewis, Rippey, and Rosenblatt.

32

205. Bedside Clinics. One period, each week for one term; 11 hours; one-half credit. Drs. Brunkow, Bueermann, Moran, and Rockey.

208. Surgical Pathology. One hour a week, one term throughout the year in sections; 11 hours; one-half credit. Drs. Manlove and Martzloff.

221. Surgery of the Head and Neck. A clinic; two hours a week; throughout the year in sections: 22 hours, one credit. Dr. Joyce.

224. General Surgeial Clinic. Two hours a week; throughout the year in sections; 22 hours; one credit. Dr. Sommer.

253. Physiotherapy. Lectures and demonstrations. Two terms; 22 hours; one credit. Dr. Jones.

FOURTH YEAR

223. Curgical Conference. Four hours a week; throughout the year in sections; 44 hours; two credits. Dr. Holden.

225. General Surgical Clinic. Four hours a week; throughout the year in sections; 44 hours; two credits. Dr. Coffey.

226. General Surgical Clinic. Multhomah Hospital. Two hours a week, throughout the year; 66 hours; three credits. Dr. Else and staff.

252. Clinical Clerkships. Multnomah Hospital. Throughout the year, in sections; 121 hours, five and one-half credits. Drs. Gambee, Livingston, Nichols, Nisbet, Pease, St. Pierre.

ELECTIVE

234. Proctology. (Third year). Lecture course and demonstration of diseases of rectum and colon. Method of examination and diagnosis of the commoner conditions, with demonstrations. One hour a week; one term; 11 hours; one-half credit. Drs. Brooke and Black.

237. Research. Hours and credit to be arranged.

239. Anaesthesia. Lectures and demonstrations on general and local anaesthesia; 11 hours; one credit. Dr. Brunkow.

241. Surgical Lesions of the Gestro-Intestinal Tract. Lecture and demonstration course regarding diagnosis, pathology and treatment. Eleven hours; one credit. Dr. Bueermann.

243. Bedside Clinic. One hour a week for one term. Offered each term. 11 hours, one-half credit. Drs. BoDine and Cantril.

244. Surgery of Visceral Nervous System. Lectures and demonstrations. 11 hours. Dr. Livingston.

ORTHOPEDIC SURGERY

 SCHOOL OF MEDICINE

REQUIRED

THIRD YEAR

206. Orthopedic Surgery. Lectures, two hours a week; fall term; 22 hours: two credits. Dr. McClure.

222. Surgery of the Extremities. The course consists of systematic lectures and demonstrations dealing chiefly with fractures and other traumatic disorders of the extremities. The upper extremity is covered in one term; the lower in another. Two hours a week; winter and spring terms; lectures and clinics; 44 hours; two credits. Drs. Akin and Dillehunt.

ELECTIVE

233. Orthopedic Clinic. Two hours a week; each term. Portland Free Dispensary and Doernbecher Hospital; 22 hours; one credit. Drs. Lucas, Blair and Carlson.

240. Orthopedic Ward Walk. Shriners' Hospital for Crippled Children. The course consists of general ward rounds upon patients in the hospital, with discussion of the cases and methods of orthopedic treatment in deformities of children. Two hours each week for one term. Offered each term; 22 hours; one credit. Dr. Dillehunt.

Ophthalmology

FREDERICK A. KIEHLE.......Clinical Professor of Ophthalmology and Head of the Department ANDREW J. BROWNING, AUGUSTUS B. DYKMAN, CLINTON T. COOKE, IRA E. GASTON, HARRY M. HENDERSHOTT, E. M. TAYLOR, NELSON E. NEULEN......

Clinical Instructors in Ovhthalmology

REQUIRED THIRD YEAR

201. Eye. Lectures, recitations and daily quizzes. Fall term; one hour a week; 11 hours; one credit. Dr. Browning.

202. Eye Dispensary. Sections throughout the year; 6 hours a week for four weeks; 24 hours; one credit. Drs. Gaston, Browning, Taylor, Dykman, Neulen.

FOURTH YEAR

203. Eye. Lectures, demonstrations, quizzes at each lecture and operative clinic. Fall term; one hour a week; 11 hours; one credit. Dr. Kiehle.

ELECTIVE

204. Principles and Practice of Refraction. Lectures and case work, designated to instruct students in testing for glasses and in the use of the ophthalmoscope. Fourth year. Winter term; 11 hours; one credit. Dr. Browning.

210. Dispensary Assistantships. Fourth year; three two-hour periods a week for one term. Offered each term throughout the year; 22 hours; 44 hours; or 66 hours; 1, 2 or 3 credits, depending on the number of twohour periods taken. Attendance must be the same days each week. Drs. Cooke, Kiehle, Hendershott, Dickson, Dykman, and Browning.

211. Advanced Ophthalmology. (Fourth year). Fall term. Injuries and diseases; one hour a week; 11 hours; one-half eredit. Dr. Kiehle.

214. Ophthalmoscopic Clinic. Multnomah Hospital. 1 hour a week, one term. Offered each term; 11 hours, one-half credit. Dr. Cooke.

OTOLOGY, RHINOLOGY AND LARYNGOLOGY

REQUIRED

THIRD YEAR

205. Ear, Nose and Throat. Lectures, recitations and daily quizzes. Fall term; 1 hour a week; 11 hours; one credit. Dr. Lupton.

206. Ear, Nose and Throat Dispensary. Practical instruction in examination and treatment of cases. Six hours a week for 4 weeks; 24 hours; one credit. Drs. Belknap, Bailey, Lucas, Bolton, Miller, Carruth, Ashley, Jones and Neely.

FOURTH YEAR

207. Ear, Nose and Throat. Lectures, demonstrations, quizzes at each lecture and operative clinic. Winter term, 1 hour a week; 11 hours; one credit. Drs. Fenton, Kistner and Davis.

ELECTIVE

210. Dispensary Assistantships. Dispensary and Doernbecher Hospital. Fourth year; three two-hour periods a week for one term. Offered each term throughout the year; 22 hours; 44 hours; or 66 hours; 1, 2, or 3 credits, depending on the number of two-hour periods taken. Attendance must be the same days each week. Drs. Chamberlain, Huntington, Davis, Fenton, Kistner, and Boyden.

212. Advanced Otology. (Fourth year). One hour a week; 11 hours; one-half credit, spring term. Dr. Fenton.

213. Advanced Rhinology. (Fourth year). One hour a week; 11 hours; one-half credit. Dr. Davis.

UROLOGY

REQUIRED

THIRD YEAR

201. Diseases Affecting the Genito-Urinary Tract. Spring term. Lectures one hour a week; 11 hours; one credit. Dr. Howard.

FOURTH YEAR

202. Urological Clinic. Fall and winter terms; lectures and clinics, two hours a week; 44 hours; two credits. Drs. Mackay and Johnson.

203. Dispensary. Throughout the year, in sections; five and one-half weeks; 6 hours per week; 33 hours; one and one-half credits. Drs. Howard, Strohm, Johnson, South, Mizner, Nitschke, Elmer Anderson and Earl Anderson, Enkelis.

ELECTIVE

210. Dispensary Clinic. Lectures and demonstrations; third and fourth year students; 22 hours; one credit. Dr. Strohm.

GYNECOLOGY

RAYMOND E. WATKINS	ofessor of Gynecology and Head of the Department Associate in Gynecology
THEODORE W ADAMS VIRGIL E DUDMAN.	GOODRICH C. SCHAUFFLER, EUGENE P. STEIN-
METZ WILLIAM M WILSON	Clinical Instructors in Gynecology
FRANK & MENNE	Professor of Gynecologic Pathology in Gynecology
WILLIAM M WILSON	Instructor in Gynecologic Pathology
MILTON V WALKER	Resident in Gynecology
LACK D BLAD	Student Assistant in Gynecology
FREDERIC E. TEMPLETON	Student Research Assistant in Gynecology

REQUIRED

THIRD YEAR

201a. Gynecologic Pathology. Fall and winter terms, in two sections; laboratory, two hours a week; 22 hours; one credit. Drs. Menne and Wilson.

201b. Gynecology. Spring term; lectures, demonstrations and recitations: two hours a week; 22 hours; two credits. Dr. Watkins.

FOURTH YEAR

201. Gynecology. Fall term; lectures and recitations; two hours a week; 22 hours; two eredits. Dr. Watkins.

203. Practical Gynecology. Dispensary, throughout the year, in sections; five and one-half weeks, four hours a week; 22 hours; one credit. Drs. Steinmetz, Dudman, and Schauffler.

204. Clinical Clerkships. Multnomah County Hospital. Sections of five and one-half weeks; 22 hours; one credit. Dr. Walker.

205. Ward Walks. Multnomah County Hospital. One 2-hour and 1-hour ward walk each week for five and one-half weeks. Throughout the year, in sections; 16 hours; one-half credit. Drs. Watkins, Mathieu and Adams.

ELECTIVE

201. Research. Hours and credits to be arranged.

DEPARTMENT OF PEDIATRICS

REQUIRED THIRD YEAR

201. Anatomy, Physiology, Hygiene of Infancy and Childhood. Lectures and clinics on diseases of the newly born and diseases of nutrition. Practical work in infant feeding, Kerr Nursery. Lectures, 22 hours; clinic, 11 hours; third year; 33 hours; two and one-half credits. Dr. Smith.
