# YEAR SCHEDULE OF CLASSES AND ACADEMIC REGULATIONS FOR 1942-43

**Notes:**

Class meetings regularly begin on the hour and are dismissed at 10 minutes before the hour; thus a class scheduled for 9 is in session from 9 to 9:50, and a laboratory scheduled for 1-4 is in session from 1:00 to 3:50.

The symbol \*\* means "to be arranged" or "others to be arranged" by the instructor."

If a course includes a laboratory (L) or a quiz (Q) section in addition to a classroom (C) section, students must be careful to sign up for both.

Prerequisites for courses are stated in numbered footnotes after each paragraph, with these exceptions which immediately follow the listing of subject and credits:

C continuity of terms (the first term is prerequisite to other terms of the course).  
i instructor's consent.

H eligibility for honors work (Junior Certificate with Honors Privileges or permission of Honors Council).

Gg graduate credit for certain courses numbered in the 400's.

N no-grade course.

Materials charge is an additional amount for taking specified courses in Architecture and Allied Arts.

Buildings are designated as follows:

Arch—Architecture	McA—McArthur

## UNIVERSITY OF OREGON

# ACADEMIC REGULATIONS, 1942-43

### 1. PENALTY FOR LATE REGISTRATION.

Students failing to register on the regular scheduled registration days pay a late registration fee of \$1.00 for the first day and \$1.00 for each additional day until a maximum charge of \$5.00 is reached.

### 2. ADMISSION TO CLASS.

Instructors receive a class card for each student enrolled in their courses. They do not admit to their classes students for whom they have no class cards.

### 3. CHANGES IN REGISTRATION.

a. If a change in the original term registration is found to be desirable, the student applies to the Registrar for an official change card, obtains the approval of his adviser, personnel dean, and instructors, and then files the card with the Registrar.

b. A fee of \$0.25 is charged the student for each change card filed.

c. No student is permitted to add a subject later than two weeks from the date of the last regular scheduled registration day.

d. If a subject is dropped later than three weeks prior to the beginning of the examination period in any term, a grade of F shall be recorded unless the student has a passing grade at the time of withdrawing from the course.

### 4. CHANGES IN CREDITS SCHEDULED.

No change may be made in the number of credit hours specified for the various courses as indicated in the official catalog, except in such courses as may be designated by a school as available for additional credit for a superior student. Such additional credit would be registered under courses numbered 303, 405, or 505, and the possible minimum and maximum hours designated.

### 5. MAXIMUM AND MINIMUM REGISTRATION.

a. No student is permitted to register for less than 12 nor more than 19 hours per term without the approval of the Academic Requirements Committee and his adviser. Furthermore, he may not register for more than 19 hours unless his grade point average for the preceding term is at least 3.00.

b. No student shall receive more than 17 hours credit in any term unless he has a grade point average of at least 2.50 for that term. No student shall receive more than 19 hours credit in any term unless his grade point average is at least 3.00 for that term.

### 6. SCHOLARSHIP REGULATIONS.

The administration of the regulations governing scholarship requirements is vested in the Scholarship Committee of the faculty. This committee has discretionary authority in the enforcement of rules governing probation, and also has authority to drop a student from the University when it appears that his work is of such character that he cannot continue with profit to himself and with credit to the institution. In general, profitable and creditable work means substantial progress toward meeting graduation requirements.

a. A lower division student is automatically placed on probation if his grade point average for any term is below 1.50. He is not released from probation until his grade point average for a subsequent term is at least 1.75.

b. An upper division student is given written warning if his grade point average falls below 2.00 in any term. He is automatically placed on probation if his grade point average for any term falls below 1.75 or his cumulative grade point average below 2.00. He is not released from probation until he has made a term grade point average of at least 2.00 and a cumulative grade point average of at least 2.00.

c. A certificate of eligibility must be obtained from the Dean of Men or Dean of Women before a student can qualify for an elective or appointive office in any student, extracurricular, or organization activity. Scholastic probation automatically removes a student from any such office, and prevents him from participating in any such activities while he is on probation (except as provided in "e" below).

d. No student who has been in residence six terms, or equivalent, is eligible to hold any elective office or to accept an appointment in a student activity unless he has attained upper division standing. The meaning of the term "elective office" is to be interpreted by the Scholarship Committee.

e. The rules of the Pacific Coast Intercollegiate Athletic Conference govern in all questions of athletic eligibility.

f. Students who have been suspended or expelled are denied all the privileges of the institution and of all organizations in any way connected with it, and are not permitted to attend any social gathering of students, or to reside in any fraternity, sorority, or club house, or in any of the halls of residence.

## 7. GRADES

The grading system consists of four passing grades, A, B, C, D; failure, F; incomplete, Inc.; withdrawn, W. A denotes exceptional accomplishment; B, superior; C, average; D, inferior. Students ordinarily receive one of the four passing grades or failure. When the quality of the work is satisfactory but some minor yet essential requirement of the course has not been completed, for reasons acceptable to the instructor, a report of incomplete may be made and additional time granted. Students are officially withdrawn from a course on filing the proper blanks at the Registrar's Office in accordance with University regulations.

## 8. REMOVAL OF INCOMPLETE.

An incomplete must be removed within one calendar year after the receipt of the mark.

## 9. GRADE POINTS.

Grade points are computed on the basis of 4 points for each term hour of A grade, 3 points for each term hour of B, 2 points for each term hour of C, 1 point for each term hour of D, and 0 points for each term hour of F. Marks of Inc. and W. are disregarded in the computation of points. The grade point average (GPA) is the quotient of total points divided by total term hours in which grades (A, B, C, D, and F) are received. Grade points are computed on all work which the student does as an undergraduate, including transferred hours, correspondence study, and special examinations but excluding no-grade courses.

## 10. HONOR ROLL.

At the close of each term the Registrar issues a list containing the names of all students who for the term have completed at least 12 hours with a grade point average of 3.50 or above.

## 11. STUDENT CLASSIFICATION.

Students are grouped in classes on the basis of term hours earned and recorded in the Registrar's Office. Thirty-six term hours are required for sophomore standing, attainment of the junior certificate is required for junior standing, and 129 term hours (in addition to all requirements for junior standing) are required for senior standing.

## 12. JUNIOR CERTIFICATE REQUIREMENTS.

The Junior Certificate admits to upper division standing and the opportunity to pursue a major curriculum leading to a degree. A student is expected to fulfill the requirements for the Junior Certificate during his first two years at the University. The requirements are as follows:

- a. Term hours: minimum, 93.
- b. Grade point average: minimum, 2.00.
- c. English:
  - (1) Freshmen who receive low ratings in a placement examination given to entering students must take and pass the course designated as Corrective English (Rhet K.).
  - (2) English Composition: 9 term hours, unless excused.
- d. Physical Education: 5 terms in activity courses, unless excused.
- e. Military Science: 6 terms for men, unless excused.
- f. Health Education: 3 terms for women; 1 term for men.
- g. Group requirements: A prescribed amount of work selected from three "groups" representing comprehensive fields of knowledge. The three groups are: Language and Literature, Social Science, Science. Courses that satisfy these requirements are numbered from 100 to 110 and from 200 to 210 (see list below\*); in Science the course either must include laboratory work or carry 12 hours of credit. The group requirements are:
  - (1) For students in the College of Liberal Arts: at least 9 approved term hours in each of the three groups and at least 9 additional approved term hours numbered 200 to 210 in any one of the three groups.
  - (2) For students in professional schools: at least 9 approved hours in each of two of the three groups.

  - (4) No-grade courses: at least 150 term hours in grade courses.

**14. SUBSTITUTIONS.**

Substitutions for general University Requirements may be made only with the approval of the adviser and the Academic Requirements Committee through the Registrar's office. Any adjustment of major school or departmental requirements is subject to the approval of the dean of the school in which the student is registered.

**15. APPLICATION FOR DEGREE.**

A candidate for a degree must file an application for graduation not later than the first week of the term preceding the term in which he expects to graduate.

**16. GRADUATION EXERCISES.**

Formal commencement exercises, with the granting of degrees, are held only in June. No student is permitted to graduate, or to participate in commencement exercises unless his graduation requirements have been fully met, including any financial indebtedness to the University.

**17. SPECIAL EXAMINATION FOR ADVANCED CREDIT.**

A student in good standing who wishes credit for work done other than in an accredited educational institution may petition for advanced credit examination under the following conditions:

- a. The application for such examination shall be presented on a form obtainable from the Registrar and must be recommended by the dean of the school and the head of the department concerned.
- b. In no case may such examination be based on work done in high school prior to high school graduation, or in an elementary foreign language which is the mother tongue of the applicant, or in courses not listed in the University catalog.
- c. Grades earned in special examinations shall be submitted and recorded in the same way as for regularly registered courses except that credits and grade points will be recorded only when the grade earned in the examination is C or higher.
- d. No student may take an examination for advanced standing in a term in which he is to receive a degree.
- e. All special examinations must be authorized by the Academic Requirements Committee in advance, and no examination may be taken until the applicant has received a permit from the Registrar's Office for which a fee of \$1.00 per term hour will be charged.

**18. REGULAR STANDING FOR SPECIAL STUDENTS.**

A student who has been admitted as a special may obtain regular standing and be accepted as a candidate for a degree under the following conditions:

- a. He must have the recommendation of the dean of the school in which he is registered and of the head of his major department.
- b. He must have completed in an organized curriculum not less than 45 term hours with a grade point average of at least 2.50.
- c. He must have satisfied the regular requirements in English Composition.
- d. He must satisfactorily pass such psychological and placement examinations as may be prescribed.
- e. The final decision as to the admission of the applicant to regular status shall be made by the Academic Requirements Committee. It is understood that only cases of exceptional merit will be approved.

**19. ATTENDANCE.**

a. Each instructor reports to the Personnel Deans every case of absences which in his judgment needs special attention. The student concerned must at once make the required adjustment with the instructor. In case a student's registration is cancelled for any reason, he may regain his former status only by making the required adjustments and paying the reinstatement fee of \$2.00.

b. No student organization shall be absent from the campus, for the purpose of touring the state or meeting other outside appointments, during examination week.

**20. WITHDRAWAL FROM SCHOOL.**

Any student in good standing is entitled to honorable dismissal at any time. A student desiring to withdraw from the University should file in the Registrar's Office the proper application, signed by his adviser, the Dean of Men or Dean of Women, and showing his present grades in all courses for which he is registered.
