REGISTRATION PROCEDURE, FALL TERM 1968

1. Obtain your registration materials. New students may do this beginning at 09 a.m. Monday, Sept. 23, old students scheduled one day later. Materials are issued in the basement of Erb Memorial Union until Saturday noon (Sept. 28), then shifted to Emerald Hall. Do not write on the official forms before you have made your decisions—doodle on the Trial Study Program which is provided. Keep all forms until they are required of you during registration.

2. Fill out all required forms. Formal advising is optional for all but first-term new students, who must obtain an adviser's signature on the back of their Registration Card; refer to Index for list of advisers.

3. Enroll in courses with departments. This is done in departmental offices or in temporary locations, listed in the Directory. Enrollment begins at 10:00 a.m. on Thursday, Sept. 26; observe the "priority hours" as shown at the beginning of each departmental course listing. Under the "priority hour" system one-ninth of the alphabet is taken at a time in order to spread available space equitably. Obtain a department stamp on your Registration Card for each course and section listed (including +DIS and +LAB). Do not leave any of your forms with departments. You may be asked to sign class lists or special forms for departmental use.

- (a) *Term Line No. (TLN) is the critical index to your enrollment and must be correct.*
- (b) *You are enrolling for credit unless you write "Aud" (for audit) in the "credits" column on your Registration Card.*
- (c) *You are enrolling to be graded (except for totally no-grade courses) unless you mark the no-grade option on your Class & Grade Card and make sure your instructor concurs.*
- (d) *You are officially enrolled in every course departmentally stamped on your Registration Card, unless cancelled by a second departmental stamp across the "Credits" column.*
- (e) *You should keep a copy of your final study program; use the Trial Study Program or make a photocopy on the EMU machine.*
- (f) *You will not be listed on official rosters until your fees are paid.*

4. Check with Student Services. This is done on the EMU second floor through Friday, Oct. 4, then in Emerald Hall. Hours are 08-12 and 1-5 Monday through Friday, and 08-12 on the first two Saturdays only (Sept. 28 and Oct. 5). (Required new student pictures may be taken beginning Tuesday, Sept. 24, in room 101 EMU.)

5. Check with and obtain fee assessment from Registrar. This follows at the same place and time as the preceding step.

6. Pay fees to Cashier. This follows at the same place and time as steps 4 and 5, except that the closing hour is 4 p.m.

You are not entitled to attend classes until you have paid your fees. On completion of registration you are responsible for all the courses in which you have enrolled; no change is valid unless effected through the Registrar's Office under stated deadlines and procedures.

CODES

Class and major are closely related, since a specified class level is prerequisite to most majors. (Most departmental majors, for example, are open only to upper-division and graduate students.) These relationships are expressed through the following codes; some have been changed since last year and should be carefully checked.

Class. Lower Division: Special (& or +); Freshman (1); Sophomore (2);

Upper Division: Junior (3); Senior (4);

Graduate not now seeking a graduate degree: (5 or 6 or 7*);

Graduate School student accepted by a major department: (V or W or X*);

Graduate School student cleared as a masters candidate: (N or O or P*);

Graduate School student cleared as a doctors candidate: (E or F or G*).

* Respectively for one now having a bachelors or masters or doctors degree.

NOTES ON COURSE LISTS

Priority Hours for course enrollment show the earliest time when each department will accept certain course enrollments from students with surnames in specified segments of the alphabet. Departments using Priority Hours are reserving approximately ten percent of total spaces for each of nine segments of the alphabet, thus listing the time at and after which you may be enrolled.

Term Line No. (TLN) is the code number for each course and section. As the basic designation for machine processing, the TLN must be copied correctly from this *Time Schedule*.

Subsequent terms course listings are probable but not firm, subject to change in the *Time Schedule* printed for that term.

Hour of class meetings indicates the beginning time. Class meetings begin on the half-hour and generally terminate fifty minutes later. Morning hours are listed as 07:30, 08:30 and 09:30, evening hours as 7:30, 8:30 and 9:30.

Days of the week are abbreviated to:

M—Monday	W—Wednesday	F—Friday
U—Tuesday	H—Thursday	S—Saturday

Notes refer to the footnotes at the end of each section, except for these standard descriptions and prerequisites:

A—Graded only	N—No-grade course (Curriculum Committee)
G—Graduate credit for majors	P—Graduate credit in professional field
H—Honors College only	R—Repeatable
I—Instructor's consent required	S—Sequence to be taken from the beginning
M—Graduate credit for non-majors	

Blanks (in credits, hour and days, room and building, instructor) signify that details are to be arranged.

ACADEMIC REGULATIONS

Registration. This includes selecting (with or without the aid of a faculty adviser) and enrolling in specific courses, paying the fees and filing the appropriate forms for student privileges and institutional operations. Details of registration materials and dates and charges are announced each term; materials are most complete fall term, when they include a photocopy of your permanent record to update you, several cards and a printout sheet for you to update the University's files, and this Time Schedule for your information. Regular registration is conducted before each term's classes begin, and late registration (with additional fees) extends through the second week of the term. Completion of the full procedure is required before a student is entitled to any institutional privileges for the current term.

Study Load. There is no stated minimum or maximum number of credits for which an undergraduate student must register; the normal load is 15 or 16 hours, and the minimum "full load" generally is taken as 12 hours. Graduate students are subject to various restrictions on load; their minimum "full load" generally is taken as 9 hours.

Change of Program. A Course-Change Card, processed according to the instructions thereon, must be filed in the Registrar's Office to effect any post-registration change in the Registration Card. Any addition of courses must be effected within the first three weeks of a term. Any withdrawal from individual courses must be effected within the first three weeks of a term, except that first-term new students are allowed two additional weeks. The grading option may be changed within the first six weeks of a term. Complete withdrawal from all courses may be allowed, for good cause, by the Dean of Men or Dean of Women.

Change of Major. A new major may simply be indicated (by most students) as part of the registration process. Students in the Graduate School must make a change of major through the Graduate Dean's office.

Class Standing. The minimum credits for various undergraduate classifications are: 36 hours for sophomore, 93 hours for junior, 138 hours for senior. Any person with an accredited degree may have graduate standing, but additional screening is required for entrance into the Graduate School.

Credits. Credits at U.O. are defined as "hours," term hours or quarter hours; one hour equals two-thirds of one semester hour. The usual process for earning credits is through term registration as a resident student. Credits may be transferred from other accredited institutions (none from two-year schools after reaching junior standing) and from the Division of Continuing Education. Under "concurrent registration" students may register without extra fees at more than one division of the State System of Higher Education; details and forms are available at the registrars' offices. Credit in many undergraduate courses may be earned by examination; details are stated on the Academic Requirements Committee petitioning form, available at the Registrar's Office.

Course Numbers. Courses are numbered to suggest the level of students for whom they are intended; freshmen tend to take 100s, graduate students 500s. All may be applied on bachelor's degrees, but only "graduate credit" courses (500s and specified 400s) on advanced degrees.

Grading System. Standard grades are A, B, C, D, and F. Grade points of respectively 4, 3, 2, 1, and 0 (per hour) are associated with these grades. The grade point average (GPA) is the quotient of total grade points divided by total graded hours. No-grade marking may be elected, if concurred in by student and department; in this system, P indicates the earning of credit and N the failure to earn credit. Other marks include W (withdrawn) if the student has been allowed to disenroll after the third week on petition, and I (incomplete) if the student's work has been satisfactory and the instructor wishes to allow a limited additional time for completing a minor part of it.

Scholarship Regulations. Any GPA which is unsatisfactory by definition (below 2.00) brings the student to the attention of the Scholastic Deficiency Committee. Detailed rules of practice are set by the Committee; probation is used as a warning, and disqualification is used if the warning has not been heeded or is not sufficiently severe. Removal from probation normally occurs after two consecutive full-load terms of satisfactory grades. Reinstatement following disqualification may be allowed by the Committee, on petition after an interval for maturation and for improved prognosis in the University.

Degree Application. A formal Application for Degree must be filed with the Registrar, at least one month before an anticipated graduation. If all academic and financial records are clear by the date of the degree, it can be formally confirmed immediately while the diploma will be mailed later.

Bachelor's Degree Requirements. Specifically required courses include English Composition (9 hours), Health Education (1 term), Physical Education (5 terms in activity courses). General education courses, sequences of at least 9 hours each, must total six (two in each of the three "groups") for Liberal Arts majors or four (at least one in each group) for other majors; see list of courses below. Degree subjects include: for the B.A., 36 hours in language and literature courses

and two-college-years proficiency in a foreign language; for the B.S., either 36 hours in social science courses or 36 hours in science courses. Total credits must be at least 186, including at least 62 in upper-division courses and 150 with grades, 36 (24 upper-division) in the major; there are maximums for credits in professional fields and applied music and correspondence study—see Catalog. The cumulative GPA must be at least 2.00 for all college work and be based on not less than 150 graded hours; the minimum is 2.00 also for the mean of all grades earned in the University. Resident work (registered with U.O. on Eugene or Portland campus) must comprise at least 45 of the last 60 hours; not more than 9 hours of optional Pass credits may be included. The Dean's recommendation certifies completion of all special requirements in the major.

ADVISING

Advisers will be selected for new students in the field of their primary interest. Those who have not yet decided what this field is to be should refer to the group designated "General Liberal Arts" in the list below. Those who have made this decision, even tentatively, should refer to the proper heading in the list. Special directions are that Elementary Education students go to Education but Secondary Education students go to their intended academic department, and that all Honors College students go to the Honors College instead of to their academic department. Old students should go directly to their old adviser (unless adequately advised last spring). Any student wishing to change adviser or with other questions about advising should check with a chief adviser listed below or with the Office of Academic Advising, 140 Hendricks, extension 2261.

Group Advising Meetings (at 7 p.m., Monday, September 23, in the rooms listed below) will include an academic orientation discussion and the assignment of advisers. Every new student, freshman or transfer, should attend one of these meetings unless he was advised during the summer. Students who miss these meetings should confer with the chief adviser in the appropriate departmental office (General Liberal Arts advisers in 140 HEN). The following list includes the various academic departments and major areas of interest, the chief adviser in charge, and the location of the Monday night meeting.
