"The State Is the Campus"

General Extension Division

Oregon State System of Higher Education
THE Oregon State System of Higher Education, as organized in 1932 by the State Board of Higher Education following a Federal survey of higher education in Oregon, includes all the state-supported institutions of higher learning. The several institutions are now elements in an articulated system, parts of an integrated whole. The educational program is so organized as to distribute as widely as possible throughout the state the opportunities for general education and to center on a particular campus specialized, technical, and professional curricula closely related to one another.

The institutions of the State System of Higher Education are the University of Oregon at Eugene, Oregon State College at Corvallis, the Oregon College of Education at Monmouth, the Southern Oregon College of Education at Ashland, and the Eastern Oregon College of Education at La Grande. The University of Oregon Medical School, located on a separate campus in Portland, is administratively autonomous but traditionally and academically an integral part of the University of Oregon.

Each of the five institutions provides the general studies fundamental to a well-rounded education. At the three colleges of education general and professional studies are combined in the teacher-training curriculum. At the Southern Oregon College of Education and the Eastern Oregon College of Education students who do not plan to become elementary-school teachers may devote their time exclusively to lower-division studies in the liberal arts and sciences.

At the University and the State College two years of un-specialized work in liberal arts and sciences are provided on a parallel basis in the Lower Division. Major curricula, both liberal and professional, are grouped on either campus in accordance with the distinctive functions of the respective institutions in the unified State System of Higher Education.

General Information

The Oregon State System of Higher Education makes available a wide range of instruction through correspondence courses to persons who would like to study but who cannot attend an institution of learning.

Correspondence courses are designed to aid persons wishing to earn credits toward an academic degree, toward graduation from a teachers' college or from high school, or toward the completion of college entrance requirements, and to serve those who wish to pursue studies under competent direction, without reference to academic credits or requirements.

A correspondence course is carefully organized instruction by means of lesson outlines, prepared by members of the faculties of the State System. These outlines take the place of lectures and class exercises given to students in residence. Using these lesson outlines as guides, the student studies textbooks and reference materials in the courses which he selects, prepares written papers and reports, which he mails to the General Extension Division for correction and comment by instructors. The corrected reports are returned to the student.

No entrance examinations are required, but any person of sufficient maturity and preparation to carry courses successfully may enroll. The General Extension Division reserves the right to advise students and help them select the courses best suited to their preparation and needs. Students wishing credit must meet regular academic requirements.

SPECIFIC ADVANTAGES OF CORRESPONDENCE STUDY

Correspondence study is in no sense recommended as a substitute for resident study at an educational institution. Nevertheless, instruction by correspondence has many decided advantages for those who, for the time being at least, cannot avail themselves of the opportunities offered by actual presence on a campus. Some of these advantages may be enumerated as follows:

1. Work may be done at any time.
2. Studying may be done at a time and under conditions of the student's own choosing.
3. Studying may be done in leisure hours, without in any way interfering with the breadwinning activities of the student.
4. The student is encouraged to do original thinking in the preparation of his lesson reports. Because he does the work alone, for the most part, there is not the temptation to be guided in his thinking by his classmates. This method of study thus develops the student's resourcefulness and independence.
5. Progress toward the completion of courses may be practically as rapid as the ability and application of the student will permit. Thus the student who grasps ideas quickly is not held back by less brilliant classmates, while, on the other hand, the slower and more methodical student is enabled to choose his own rate of study.
6. Credits earned in correspondence study may be counted toward a college or university degree or toward graduation from a college of education.
7. Correspondence study is inexpensive, both because the fees are small and because the work can be done at home.
RESIDENTS OF THE STATE. The correspondence courses offered by the General Extension Division are intended primarily for residents of the state. Special fees are required of non-resident students.

Correspondence courses and work in residence may not be carried at the same time. No student is permitted to carry correspondence work while in actual attendance at any college or high school, except by special permission of the institution in which he is a resident student and by consultation with the General Extension Division. All such arrangements must be made through the head of correspondence study in the General Extension Division.

Correspondence students who register for resident work in an educational institution before completing their course must confer with the General Extension Division to secure an extension of time on the correspondence course.

Special rules govern the carrying of work by correspondence during the short vacation periods between terms. In general, students are not permitted to submit correspondence lessons unless the vacation period is one week or longer. Any resident student desiring to do correspondence work during the Christmas or spring vacations must first consult the General Extension Division in regard to procedure. These regulations apply to students in residence at any educational institution.

GENERAL RULES GOVERNING CORRESPONDENCE STUDY

Selection and Application. The student should select a course carefully. If taken for credit to meet a requirement, it should be the best course for the purpose. Advice in choosing courses should be secured from the head of correspondence study. An application blank may be found on the last page of this catalog. The student should fill out this application form, giving all the information requested, and return it to the General Extension Division with the fee.

The Lessons. If the student's application is accepted, the first lessons are sent to him at once with directions for the preparation of written reports which he is to send to the correspondence study department for criticism by the instructor. Reports should be sent in one at a time as soon as completed in order that the benefit of criticisms and suggestions may be had in the preparation of subsequent lessons.

Criticism of Reports. Students are asked to accept criticism in the helpful spirit in which it is intended, as it is only in this way that an instructor can guide the student in the correction of his mistakes and lead him to do constructive work. At no time should a student permit himself to pass by portions of lessons that he does not understand. Questions should be asked freely whenever there is any difficulty.

Time Required. Those working for credit may not complete more than eight term hours during any period of three months, if they are regularly employed or are housewives who are able to give only spare time to study. Those giving their full time to correspondence study, upon satisfactory evidence to the General Extension Division that this is the case, may complete a maximum of twelve term hours during any period of twelve weeks. There is always the opportunity to dig deeper. Reports should be distributed evenly throughout the
period of study. The secretary or instructor may refuse to accept the reports of a student who hurries his work unduly.

**Length of Course.** Where practicable, courses are outlined in units of sixteen lessons each. Some subjects are treated in a series of units so arranged that students who do not have the time or do not care for all of the units may select those they prefer. A number of courses, however, have twenty-four and thirty-two assignments, and a few have forty-eight.

**Number of Courses.** A student should not register for more than one or two courses at one time. Those who are not familiar with correspondence methods and those who have only spare time for study should never attempt more than one course at a time. When an extensive course is arranged in more than one section, a student should enroll for each section separately.

**Texts.** Students should if possible secure their own copies of required texts. Libraries may be relied upon for reference material and supplementary reading, but cannot be expected to supply texts. The General Extension Division will furnish upon request information regarding texts for any course.

**Supplies.** All supplies required in the preparation of written assignments are furnished by the student. The student also pays postage on papers sent to the General Extension Division. The Division pays return postage on lesson papers.

**EXPENSES**

**Fee.** The amount of the fee for residents of Oregon is stated after the description of each course in this catalog. A student whose home is not in Oregon, or one who is required to pay a "non-resident fee" at an educational institution in this state, pays $5.00 in addition to the fee for resident students; when a course is arranged in two or more sections, $5.00 must be added to the resident fee for each section. This non-resident fee is waived for the duration of the war for men in any branch of the military service.

**When Payable.** Fees are payable in advance and should accompany the application for courses. Fees will be returned to the student if his application is not accepted. After a student has been registered in a course, press of other work or unwillingness to carry on the course will not be considered adequate cause for his withdrawal. Serious illness that may prevent completion of the course within the registration period, or enrollment in a similar course as part of a resident program in an educational institution will be regarded as sufficient reason for a request for a refund of fees, provided the request is made to the General Extension Division within three months of the date of registration. When refunds are made, after July 1, 1942, $2.00 of the fee for each course will be retained for registration. No course fee will be refunded after a student has submitted lesson reports.

Fees will be refunded to persons in military service provided no more than one half the lessons in the course have been completed and that the request for a refund is received by the General Extension Division within three months of the date of registration. When such refunds are made after July 1, 1942, $2.00 will be retained for registration and 50 cents for each lesson report that has been corrected.
A student may transfer from one course to another by the payment of $1.00 in addition to any necessary adjustment in fees between the two courses and 50 cents for each assignment completed in the original course. The date of expiration of the new course will be the same as the date of expiration of the original course.

Money should be sent in the form of postal order, express order, or bank draft made payable to the General Extension Division.

Duration of Course Registration. One year from the end of the quarter in which the enrollment occurs is allowed a student for the completion of a course. On application to the General Extension Division, extension of time may be granted equivalent to the time lost on a course by reason of serious illness or by attendance at an educational institution, provided application for such extension of time is made when active work is discontinued.

Renewal fee. A course registration which has expired may be renewed for an additional year by the payment of a renewal fee of $2.00. A student will not be permitted more than two renewals on any one course or section of a course.

CREDIT FOR CORRESPONDENCE STUDY

Final Examinations must be taken in all correspondence courses for which the student desires credit; otherwise, examinations are optional. The General Extension Division strongly advises students to take final examinations in all courses in which they have completed the lessons satisfactorily. Often those who have no thought of using credit at the time courses are completed later find they need it in connection with plans for advancement.

To secure credit in a course, the final examination must be taken within six weeks from the time work on the lessons is completed. Otherwise, special arrangements must be made with the General Extension Division.

Final Examinations Must be Supervised. They may be taken in the office of the General Extension Division, Eugene, in the Portland Center office, 814 Oregon Building, Portland, or under supervision approved by the Extension Division. Arrangements for the examination should be made some time before the date on which the writing is to be done.

Undergraduate Credit Allowed.* Sixty term hours earned in correspondence courses is the maximum amount of credit that may be counted toward a bachelor’s degree.

No Graduate Credit is allowed for correspondence study.

College Entrance Credit. Students who have college entrance deficiencies may take correspondence courses to remove them. The entrance courses described on pages 37 to 43 of the catalog are for this purpose, although mature students may also enroll in certain college courses for entrance credit. For this purpose, nine term hours of college credit may be counted the equivalent of one entrance unit.

Non-Matriculated Students. Students who have not matriculated at an educational institution may have credit for courses recorded provisionally only.

* A senior who is taking a correspondence course for credit toward a degree must complete the course not less than two weeks before the date of his graduation. The General Extension Division cannot assume responsibility for credit in a course that is not completed in accordance with this requirement.
After matriculation requirements have been met, correspondence credit may be counted toward graduation, provided the course is approved for credit by the institution concerned.

**Transfer of Credit.** Credits earned in correspondence courses with the General Extension Division may be transferred to other institutions of higher education in the state. There is also an exchange of credits permitted between colleges and universities having membership in the National University Extension Association. The General Extension Division is a member of this Association.

To prevent mistakes in the selection of correspondence courses, any student who expects to have credits transferred should, before his enrollment, secure approval from the school to which the credits are to be transferred. He should also consult the head of correspondence study in the General Extension Division.

**Requirements for Degrees.** A student should consult the general catalog of the institution from which he expects to receive his degree for requirements before he plans his correspondence study program.

**Grades.** The quality of student work is measured by a system of grades and grade points. Grade points are as follows: four passing grades, A, B, C, D; failure, F; incomplete, Inc. The grade of A denotes exceptional accomplishment; B, superior; C, average; D, inferior. Grade points are computed on the basis of 4 points for each term hour of A grade, 3 points for each term hour of B, 2 points for each term hour of C, 1 point for each term hour of D, and 0 points for each term hour of F. A mark of Inc. is disregarded in the computation of points. The grade point average (GPA) is the quotient of total points divided by total term hours in which grades (A, B, C, D, and F) are received. Grade points are computed on all work which the student does as an undergraduate (including transferred hours, correspondence study, and special examinations).

**DEFINITIONS**

**A Course** is a subject, or an instructional subdivision of a subject, offered through a single term.

**A Year-Sequence** consists of three closely articulated courses extending through the three terms of the academic year.

**A Curriculum** is an organized program of study arranged to provide definite cultural or professional preparation.

**A Term Hour** represents three hours of the student's time each week for one term. This time may be assigned to work in classroom or laboratory or to outside preparation.

Enrollment in correspondence courses is not confined to terms. Students may register for courses at any time during the year.

**ADMISSION TO FIRST-YEAR STANDING**

The requirements for admission to first-year or freshman standing conform to the following uniform entrance requirements adopted by all the institutions of higher education in Oregon:

Graduation from a standard high school, which in Oregon involves the com-
pletion of 16 units, 8 of which shall be required as follows: 3 units in English; 2 units in social science, comprising the state-adopted courses in United States history-civics and socio-economic problems; 1 unit in health and physical education; and 2 units selected from the field of natural science and mathematics or the field of foreign language. Two units in either natural science or mathematics or 1 unit in each of these subjects will be acceptable, but a minimum of 2 units in a single language will be required if a foreign language is selected.

Graduates from standard out-of-state high schools are required to present substantially the same distribution of units. Applicants who are not residents of Oregon may be held for additional requirements demonstrating superior ability.

Evidence of acceptable scholastic preparation may consist of either (1) certificate of preparatory-school record, or (2) statement of standing on College Entrance Board examinations.

Application for admission by certificate is made on the official form, Application for Admission to Oregon Higher Institutions, furnished to schools by the State Department of Education. The applicant's scholastic record must be certified by the principal or superintendent of his school.

Students seeking admission by examination should gain information from the secretary of the College Entrance Examination Board, 431 West 117th Street, New York City.

ADMISSION WITH ADVANCED STANDING

Advanced standing is granted to students transferring from accredited institutions of collegiate rank. The amount of credit granted depends upon the nature and quality of the applicant's previous work, evaluated according to the academic requirements of the University and State College.

A student wishing credit for work done elsewhere than at an accredited educational institution must petition for permission to take examinations in specific courses listed in the catalog of any institution in the State System. In general, credit by examination is allowed only for work taken in regularly organized courses in nonaccredited institutions of collegiate rank.

Final determination of the amount of credit to be granted may be deferred until after the student has been in attendance for at least three terms.

ADMISSION AS SPECIAL STUDENT

An applicant for admission as a special student must be not less than 21 years of age, and must file with the Registrar documentary evidence sufficient to prove his special fitness to pursue the subjects desired.

Two classes of special students are recognized: (1) those not qualified for admission as regular students but qualified by maturity and experience to work along special lines; and (2) those qualified for admission as regular students but not working toward a degree.

A special student may petition for regular standing when he has made up entrance deficiencies or has completed at least 45 term hours in the University and State College. Credits earned by a special student will not subsequently be counted toward a degree until the student has completed at least two years of work (93 term hours) as a regular student. In case a regular student changes to special status, work done while classified as a special student will not count toward a degree.
The number before the title of a course indicates whether the course carries upper or lower division credit. Numbers from 1 to 299 indicate lower division; those 300 and above indicate upper division. Numbers following the course title represent: (1) term hours (t.h.) of credit; (2) number of lesson assignments (a.); and (3) the enrollment fee for students living in Oregon. Students living outside of the state must add a non-resident fee of $5.00 to the fee for each course or section of a course as stated in this catalog. The non-resident fee is waived during the war period for persons in all branches of the military service.

No credit earned in correspondence courses may be applied toward a graduate degree.

AGRICULTURE

FM C 311. Farm Accounting. 3 t.h. 16 a. $7.00.
Designed to give a farmer or an adult student the minimum essentials required in a satisfactory system of records for the typical farm. Subjects covered are: taking inventory, including how to determine depreciation and how to compile a financial credit statement; arrangement of receipts and expense items for convenience in analysis and in filing income tax statements; methods for increasing efficiency of the farming system; the role of records in establishing equitable lease terms and the function of farm records in making a budget for the coming year. The course is also suitable for use in study groups.
Text: Currier, Lennes, Merrill, Farm Accounting, Macmillan Company, 1932.

ARCHITECTURE AND ALLIED ARTS

ARCHITECTURE

AA C 150. Mechanical Drawing, Section I. 3 t.h. 15 a. $7.00.
Instruction in the use and care of instruments, geometric drawing, practical applications of the principles of orthographic projection to drafting room practice, etc. Neat, plain lettering, shop drawings, tracings, and isometric drawing receive special emphasis. Prerequisite: Plane Geometry.
Text: French, Engineering Drawing (sixth edition), McGraw-Hill Book Company. A list of drawing materials required will be sent on request.

AA C 150. Mechanical Drawing, Section II. 3 t.h. 15 a. $7.00.
A continuation of Section I. Developments and intersections of surfaces. Same text as in Section I. Prerequisite: Section I or its equivalent.

AA C 320. Stresses. 2 t. h. 14 a. $5.00.
Principles involved and methods used in determining tensile and compressive stresses in various members of framed structures, such as roof trusses, bridges, cantilever trusses, three hinged arches, etc. Dead loads are analyzed by algebraic and graphic methods. A knowledge of mathematics through trigonometry is essential. No text required.

AA C 321. Stresses. 2 t. h. 14 a. $5.00.
AA C 420. **Elementary Structural Design.** 2 t.h. 15 a. $5.00.
Principles employed in computing the proper sizes to use in trusses, machines, steel framework and other objects under stress are explained and applications made to practical problems. This section deals with application to wooden design. A knowledge of mathematics through trigonometry is essential.

AA C 421. **Elementary Structural Design.** 2 t.h. 12 a. $5.00.
Application in this section is to steel construction. Same text.

AA C 422. **Elementary Structural Design.** 2 t.h. 9 a. $5.00.
Application of principles and formulas to design of reinforced concrete. Same text.

LA C 290. **Lower-Division Landscape Design.** 3 t.h. 16 a. $7.00. (See also Landscape Architecture, page 28.)
The purpose of this course is to offer a program of study to assist home owners and others interested in gardens and landscape design to obtain an appreciation of the art and to learn some of the practical aspects of home grounds development. Several practical design problems are included, one of which may be the grounds of the student’s own home. Credit for this course may not be applied toward a major in landscape architecture.

**ART**

AA C 144. **Freehand Drawing.** 2 t.h. 12 a. $7.00.
For beginners and others interested in fundamental principles involved in graphic representation. Emphasis is upon the understanding of forms and their relation to picture making. Cost of materials needed will be sent on request. No text required.

AA C 145. **Freehand Drawing.** 2 t.h. 12 a. $7.00.
A continuation of AA C 144.

AA C 166. **Design I.** 3 t.h. 17 a. $10.00.
A creative approach to design for individual expression, with a study of two and three dimensional forms in painting, sculpture, textiles, advertising, etc. Course outline includes text. List of materials sent on request.

**ASTRONOMY**

Ph C 101. **Astronomy, Section I.** 3 t.h. 16 a. $7.00.
Attention is given to laws governing stars, planets, sun, moon, comets, and nebulae; also to a study of the appearance and names of constellations and mythology connected with them. Observations are required. Field glasses will be helpful but are not required. A knowledge of elementary algebra, plain and solid geometry is required.

Ph C 101. **Astronomy, Section II.** 3 t.h. 16 a. $7.00.
A continuation of Ph C 101, Section I.
CORRESPONDENCE STUDY

Ph C 1 X. Astronomy (Short Course). No credit. $5.00.
A non-mathematical course for those interested in the subject, emphasizing
naked eye observational work.
Texts: same as for Ph C 101.

BIOLOGY

BiS C 101. Biological Science Survey. 3 or 4 t.h. 16 a. $7.00 or $11.00.
An elementary study of the fundamental principles of biology as they apply
to both plants and animals. Each section has laboratory exercises, which
may be omitted if a compound microscope is not available. The course without
laboratory exercises does not satisfy the science group requirement.
Texts: Barrows, General Biology, Farrar and Rinehart, 1935; Wells, Huxley,
to a good dictionary and an encyclopedia is necessary.

BiS C 102. Biological Science Survey. 3 or 4 t.h. 16 a. $7.00 or $11.00.
Texts: Same as for BiS C 101.

BiS C 103. Biological Science Survey. 3 or 4 t.h. 16 a. $7.00 or $11.00.
Texts: Same as for BiS C 101 and 102.

Z C 150. Bird Study. 3 t.h. 19 a. $8.50. (See also Zoology.)
A combined reading and laboratory course emphasizing interesting facts
connected with the biology of birds, their characteristics and habits.
Text: Included in the course outline, but at least one good book on western
birds will be needed for identification purposes.

BOTANY

Bot C 150. Elementary Botany, Plant Biology. 3 t.h. 16 a. $8.00.
A study of life processes as shown in the plant. A small magnifying glass is
required. A service course for non-science majors.
Text: Holman and Robbins, Elements of Botany, John Wiley & Sons, Inc.,
or any good text in elementary botany.

Bot C 151. Systematic Botany. 3 t.h. 16 a. $7.00.
Designed to acquaint the student with some typical flowering plants and
with methods of describing and classifying plants. A service course for non­
science majors.

Bot C 152. Advanced Systematic Botany. 3 t.h. $7.00.
A continuation of Bot C 151.

Bot C 350. Shrubs and Trees. 3 t.h. 16 a. $7.00.
Designed to acquaint students with some common shrubs and trees of the
Pacific coast, and with the care and value of the national forests. Prerequisite:
A college course in general botany.
Text: Sudworth, Trees of the Pacific Slope, Superintendent of Documents,
Washington, D. C.

BUSINESS ADMINISTRATION*

BA C 111. Constructive Accounting. 4 t.h. 22 a. $9.00.
An introduction to the field of accounting and business administration. One
who completes this course satisfactorily should have little difficulty in fol-

* See also Secretarial Science, page 35.
lowing the routine of almost any bookkeeping system.

BA C 112. **Constructive Accounting.** 4 t.h. 22 a. $9.00.
A continuation of BA C 111.

BA C 113. **Constructive Accounting.** 4 t.h. 22 a. $9.00.
A continuation of BA C 112.

BA C 416. **Business Law.** 4 t.h. 22 a. $9.00.
The subjects of introduction to law, persons, torts, contracts, and agency are considered.

BA C 417. **Business Law.** 4 t.h. 22 a. $9.00.
The subjects of private property, law of finance, risk and risk bearing are considered. Text the same as for BA C 416.

BA C 418. **Business Law.** 4 t.h. 22 a. $9.00.
A consideration of the law of personal property and the law of business organizations. Text the same as for BA C 417.

BA C 425. **Real-Estate Fundamentals.** 2 t.h. 12 a. $5.00.
A study of problems relating to the purchase, transfer, lease, and financing of land and buildings; home building; site selection; city structure as it affects real property values. Designed to aid those preparing for the examination for a state license.

BA C 434. **Problems in Distribution.** 4 t.h. 20 a. $9.00.
A critical study of marketing problems.

†BA C 439, 440. **General Advertising.** 3 t.h. 16 a. $7.00.
A study of the theory and practice of advertising. For beginners.

**ECONOMICS**

Ec C 150. **Economic History, Section I.** 3 t.h. 16 a. $7.00.
A study of the economic and industrial development of England and the United States, with some attention to economic movements throughout the world.

Ec C 150. **Economic History, Section II.** 3 t.h. 16 a. $7.00.
A continuation of Section I. Same texts.

† This course is a condensation of the six term hour course given at the University of Oregon under the same title and numbers.
Ec C 201. Principles of Economics. 3 t.h. 16 a. $7.00
A study of principles that underlie production, exchange and distribution. A course for second year college students.

Ec C 202. Principles of Economics. 3 t.h. 16 a. $7.00.
A continuation of Ec C 201.
Texts: Same as for Ec C 201 except that assignments 10 to 16 inclusive call for Volume II of Fairchild, Furniss and Buck, Elementary Economics.

Ec C 203. Principles of Economics. 3 t.h. 16 a. $7.00.
A continuation of Ec C 202. Same texts.

Ec C 211. Outline of Economics. 3 t.h. 16 a. $7.00.
A brief survey of the principles of economics and of economic institutions. A service course.

Ec C 334. Economics of Business Organization and Finance. 4 t.h. 22 a. $9.00.
Descriptive study of the principal characteristics of the several types of business organization and the various instruments used in financing them; also problems of promoting and organizing business concerns are considered.

Ec C 413. Money, Banking and Economic Crises. 5 t.h. 33 a. $11.00.
Principles of money, laws controlling its value, methods for measuring price levels, and devices for stabilizing purchasing power; principles underlying sound banking and use of credit, with some attention to crises and panics. Prerequisite: Principles of Economics.

Ec C 475. Economic Problems: Economics of the Recovery Program. 2 t.h. 12 a. $5.00.
A study of economic conditions producing business depression, and principles back of the recovery program.

EDUCATION

Ed C 102. Mental Hygiene. 3 t.h. 16 a. $7.00.
An inquiry into the habits, attitudes and proper functioning of a normal mind, which points toward the acquisition of correct "conditioned reflexes"
rather than merely the prevention of mental disorder.

Ed C 312. Educational Psychology. 3 t.h. 16 a. $7.00.

A study of some of the factors that promote growth through learning; principles of learning, of motivation, of mental health; and the psychological theory of teaching procedures.

Ed C 316. Oregon School Law and System of Education. 2 t.h. 12 a. $5.00.

A study of the Oregon school system and the laws on which it is based; problems of Oregon schools and plans proposed for their solution; the course of study, and trends of educational development in the state.

Texts: *Oregon School Laws and Supplements*, issued by the State Superintendent of Public Instruction, Salem, Oregon, 25 cents; *Oregon Education*, the Thirty-fourth Biennial Report of the Superintendent of Public Instruction for the school years 1939 and 1940; and the *Oregon Blue Book*, 1941-1942, compiled by the Secretary of State, Salem, Oregon, 25 cents.

Ed C 350. Modern Methods of Teaching in the Upper Grades and High School. 3 t.h. 16 a. $7.00.

Principles of the technique of instruction; methods of teaching and class management. This course is being revised.

Ed C 351. Health Education I. 2 t.h 12 a. $5.00.

This course and the one following are for mature persons who are interested in health for themselves as well as for others, and who are interested also in methods of health education. Section I is a survey of factual material that forms a basis of health education.

Ed C 352. Health Education II. 2 t.h. 12 a. $5.00.

The purpose of this course is to help establish standards and practices in health education that are consistent with modern educational methods.

Ed C 354. Introduction to Education. 3 t.h. 16 a. $7.00.

A brief discussion of the meaning, function and scope of education; an orientation survey of the educational field.

Ed C 422. Curriculum Construction. 2 t.h. 12 a. $5.00.

Place of the curriculum in the modern school; trends in curriculum development. Suitable for group study.

*Ed C 454. General History of Education. 3 t.h. 16 a. $7.00.*

A general review of the growth and development of education and its relation to the civilization of the times; from Plato and Aristotle to Dewey.

*Ed C 455. History of Modern Education. 3 t.h. 16 a. $7.00.*

History of educators whose practices and philosophies function in our modern educational system.

*Ed C 460. Child Study. 3 t.h. 16 a. $7.00.*

An inquiry into the behavior of infancy and early childhood, with emphasis upon the harmonious development of the emotional life of the child. Especially for parents.

*Ed C 461. Psychology of Adolescence. 3 t.h. 16 a. $7.00.*

A study of the important physical, mental, and moral changes natural to adolescence.

*Ed C 475. Measurement in Secondary Education. 3 t.h. 16 a. $7.00.*

The construction and desirable uses of various standard texts and scales for measuring achievement in secondary school subjects.

*Ed C 490. Character Education. 3 t.h. 16 a. $7.00.*

The place of character in the social purposes of education; distinction between training and instruction; the dynamic function of the feelings; the conditioning of interests; the function of ideals; the formation of habits, the integration of habits and attitudes. Analysis of typical procedure.

† Students may earn credit in only one of these courses.
ENGINEERING

GE C 111. Engineering Drawing, 2 t.h. 10 a. $5.00.
Training in the use of drafting instruments and in the art of lettering; introduction to elementary principles of orthographic projection. May be taken by students who have had no college training in Mechanical Drawing. A list of instruments and materials for the course will be sent on request.

GE C 112. Engineering Drawing, 2 t.h. 10 a. $5.00.
Continuation of orthographic projection; methods of dimensioning and checking drawings; use of auxiliary planes of projection; section drawings; isometric drawing; working drawings of machine parts; tracings from drawings. Prerequisite: GE C 111 or equivalent.
Text: Same as for GE C 111.

GE C 113. Engineering Drawing, 2 t.h. 10 a. $5.00.
A continuation of GE C 112. Freehand orthographic and perspective sketching; practical application of drawing principles to working drawings; use of charts and diagrams. Prerequisite: GE C 112.
Text: Same as for GE C 111 and 112.

ENGLISH AND LITERATURE

WRITTEN ENGLISH

Eng C 111. Principles of Good Writing. 3 t.h. 16 a. $7.00.
This course together with the two following constitute a year course in fundamentals of composition and rhetoric equivalent to the usual freshman requirement in college English.
Texts: Babcock, Horn and English, *Essentials of Composition for College Students*, American Book Company, 1939; *Good Reading*, prepared and published by the Committee on College Reading, Atwood H. Townsend, chairman for the National Council of Teachers of English. An approved collegiate dictionary is also required.

Eng C 112. Principles of Good Writing. 3 t.h. 16 a. $7.00.
A continuation of Eng C 111. Same texts.

Eng C 113. Principles of Good Writing. 3 t.h. 16 a. $7.00.
A continuation of Eng C 112. Same texts.

Eng C 114. Exposition, Narration and Argument. 2 t.h. 12 a. $5.00.
This section and the two following stress composition rather than usage, although attention is given also to fundamentals of correct English expression. Section I deals with exposition.

Eng C 115. Exposition, Narration and Argument. 2 t.h. 12 a. $5.00.
This section deals with narration and description.
Texts same as in Eng C 114.

Eng C 116. Exposition, Narration and Argument. 2 t.h. 12 a. $5.00.
This section deals with argument. Same texts as in Eng C 114.
Eng C 213. Introduction to Short Story Writing. 3 t.h. 16 a. $7.00.
Studies critically the structure of typical short stories and gives attention
to plot construction, character portrayal, introductions, dialogue and con­
cclusions. A course for beginners in creative writing. A knowledge of English
fundamentals is essential.

Eng C 214. Short Story Writing. 3 t.h. 16 a. $7.00.
Designed to enable students to try out their abilities in creative writing.
Training in English fundamentals and in creative writing equivalent to that
given in Eng C 111, 112, 113 and Eng C 213 is required. A choice of texts is
permitted.

Eng C 217. Business English. 3 t.h. 16 a. $7.00.
A complete review and study of modern practices in business correspondence.
Prerequisite: Eng C 111, 112, 113 or equivalent.
Text: McCloskey, Handbook of Business Correspondence, Prentice-Hall,
Inc., 1932.

Eng C 218. Advanced Writing. 3 t.h. 16 a. $7.00.
Designed for the study and practice of general magazine writing—sketches,
theses, narratives, criticism, etc. Prerequisite: Eng C 111, 112, 113 or equiva­
tent training.
Texts: Cunliffe and Lomer, Writings of Today (fourth edition), Century
Company; and some good handbook on English.

Eng C 219. Advanced Writing. 3 t.h. 16 a. $7.00.
A continuation of Eng C 218. Same text.

Eng C 220. Advanced Writing. 3 t.h. 16 a. $7.00.
A continuation of Eng C 219. Same text.

Eng C 311. Advanced Short Story Writing. 3 t.h. $11.00.
An advanced course calling for 25,000 words of manuscript of satisfactory
quality. The student submits manuscripts as if for market rather than as
"lessons." Expert criticism given. Prerequisites: completion of Eng C 213
and Eng C 214 with proficiency, or submission of short story manuscripts
of merit. Reading will be suggested by instructor.

Eng C 314. Book and Play Reviewing: A Course in Literary Criticism. 3 t.h.
16 a. $7.00.
The writing of book reviews from either the professional or non-professional
point of view. Prerequisites for this and the course following are: a college
course in written English and not less than nine term hours' work in litera­
ture, or the equivalent of these in training; also, at least a bowing acquaint­
ance with current literature.
Text: Mallory, Backgrounds of Book Reviewing (1923 edition), published by
George Wahr, Ann Arbor, Michigan.

Eng C 315. Book and Play Reviewing: A Course in Literary Criticism. 3 t. h.
16 a. $7.00.
A practical and journalistic approach to play reviewing for the apprentice
reviewer. Attention given to contemporary drama, jazz, the movies, musical
comedy, the revue, etc. Prerequisites: same preparation in written English
and literature as for Eng C 314. Text included in lesson outlines, but supple­
mentary reading required.
Eng C 317. **Versification.** 3 t. h. 16 a. $7.00.
The aim is to acquaint the student with fundamental verse forms through the study and analysis of significant verse, and to give opportunity for creative writing. A knowledge of good English usage and some acquaintance with literature are required.

Eng C 324. **English Composition for Teachers.** 3 t.h. 16 a. $7.00.
For those expecting to teach English in high schools. Prerequisite: Eng C 111, 112, 113.

Eng C 325. **Prose Manuscript.** 3 t.h. $11.00.
For those who have finished satisfactorily Eng C 311 or equivalent. Submission of 25,000 words in acceptable manuscript required. Individual problems receive careful attention. Reference readings suggested by instructor.

Eng C 335. **Magazine Writing.** 3 t.h. $7.00.
Advanced instruction for persons interested in creative writing, or in professional writing for magazines is offered in this course and the one following. Consent of instructor is necessary for enrollment.

Eng C 336. **Magazine Writing.** 3 t.h. $7.00.
A continuation of C 335. Same text.

Eng C 1 X. **Grammar, Punctuation, and Usage Review.** No credit. $5.00.
For mature persons who feel the need of a thorough review of all facts and principles of grammar that have practical application in relation to punctuation and good usage.

**LITERATURE**

Eng C 101. **Survey of English Literature.** 3 t.h. 20 a. $7.00.
This and the two following courses comprise a study of significant features in English literature from Beowulf to the present. For college freshmen. This first section covers the period from Beowulf to Milton.

Eng C 102. **Survey of English Literature.** 3 t.h. 20 a. $7.00.
Covers the period from Milton to Byron. Text, same as for Eng C 101.

Eng C 103. **Survey of English Literature.** 3 t.h. 20 a. $7.00.
Covers the period from Byron to Hardy. Same text as for Eng C 102.

Eng C 170. **Early American Literature.** 3 t.h. 16 a. $7.00.
This course and the one following trace the development of American literature from Franklin to modern times. Books chosen for reading are representative of certain conditions of American life or of the opinions of leading writers on questions of general interest.
Texts: Well-known works of Franklin, Woolman, Crevecoeur, Thoreau, Emerson, Lowell, Hawthorne, Poe, which may be borrowed from libraries.
Eng C 171. **Recent American Literature.** 3 t.h. 16 a. $7.00.
A continuation of Eng C 170.
Texts: Works of Howells, Deland, Herrick, Wharton, James, Wilkins, Mark Twain, and Glasgow.

Eng C 201. **Shakespeare.** 3 t.h. 16 a. $7.00.
In this course and the two following twenty plays by Shakespeare are studied in detail and several other plays are assigned as extra reading. The three sections meet requirements of both English majors and those who wish to fulfill a norm in English.

Eng C 202. **Shakespeare.** 3 t.h. 16 a. $7.00.
A continuation of Eng C 201. Same text.

Eng C 203. **Shakespeare.** 3 t.h. 16 a. $7.00.
Continuation of Eng C 202. Same text.

Eng C 260. **Survey of American Literature.** 5 t.h. 28 a. $11.00.
A brief survey of American literature from the beginning to the present. Designed especially for those who are beginning the study of American literature and for those who wish to fulfill the English norm for teachers.

*Eng C 300. **English and American Poetry, 1910-1920.** 3 t.h. 16 a. $7.00.
This course and the one following constitute a critical study of representative works of Seeger, Brooke, Teasdale, Masefield, Lindsay, Giovannitti, C. E. S. Wood, Sandburg, Masters, Frost, Lowell and others.

*Eng C 301. **English and American Poetry, 1910-1920.** 3 t.h. 16 a. $7.00.
A continuation of Eng C 300. Texts are included in the preceding list.

**Eng C 329. **Contemporary English Novelists.** 3 t.h. 16 a. $7.00.
A study of representative novels of England today and of characteristics of the newer and more recent trends in English fiction. A wide selection of novels for reading is possible.
Texts: Novels; may be borrowed from libraries.

**Eng C 361. **Living Writers.** 3 t.h. 16 a. $7.00.
A study of the literary types, except drama, as exemplified in the work of English writers of the last thirty years. Especially adapted to the use of study groups.

* Credit in only one of the courses with the single asterisk (*) may be counted toward a degree, with the exception of Eng C 300 and Eng C 301, which may both be taken.
** Credit in only one of the courses marked with the double asterisk (***) may be counted toward a degree.
Eng C 367. **English Novel.** 3 t.h. 16 a. $7.00.
The novel in the eighteenth century with special attention to the work of Defoe, Richardson, Fielding, Smollett, Goldsmith, Sterne, Burney, Walpole, Beckford, Radcliffe, and Godwin. Supplementary reading in the history of the novel and in the technique of fiction will also be required. Prerequisite: Survey of English Literature or its equivalent.
Texts: Novels. May be borrowed from libraries or purchased in inexpensive editions.

Eng C 368. **English Novel.** 3 t.h. $7.00.
This course and Eng C 369 call for the study of twelve great novelists of the nineteenth century: Scott, Austen, Lytton, Kingsley, Dickens, Reade, Thackeray, Bronte, Eliot, Trollope, Meredith, and Hardy. Prerequisite: Survey of English Literature and Eng C 367 or equivalent.
Texts: Novels. May be borrowed from libraries.

Eng C 369. **English Novel.** 3 t.h. $7.00.
A continuation of Eng C 368. Same prerequisites.

**Eng C 385. Twentieth Century Literature.** 4 t.h. 21 a. $9.00.
A study of the novel in England since 1900. Backgrounds for reading are given and connections traced between the various movements and tendencies.
Texts: May be borrowed from public libraries.

*Eng C 386. Twentieth Century Literature.** 4 t.h. 21 a. $9.00.
American imaginative literature since 1900.
Texts: Books may be borrowed from public libraries.

Eng C 391. **Nineteenth Century American Novel.** 3 t.h. 16 a. $7.00.
A study of the origin and development of the novel in America from 1798 to 1900. Minimum required reading is sixteen novels. Books may be borrowed from public libraries.

*Eng C 393. Contemporary American Novel.** 3 t.h. 16 a. $7.00.
A survey of the contemporary American scene as it is found in the modern novel in America. Study plans for forty-three novels are offered, from which the student must complete sixteen. Books may be secured from a local library.

**GEOGRAPHY**

Geo C 105. **General Geography.** 3 t.h. 16 a. $7.00.
This course and the two following constitute a general introduction to geography. Section I deals with physical geography.

Geo C 106. **General Geography.** 3 t.h. 16 a. $7.00.
This section deals with economic geography.

Geo C 107. **General Geography.** 3 t.h. 16 a. $7.00.
This section deals with human and regional geography.

* Credit in only one of the courses with the single asterisk (*) may be counted toward a degree, with the exception of Eng C 300 and Eng C 301, which may both be taken.
** Credit in only one of the courses marked with the double asterisk (**) may be counted toward a degree.
GEOLOGY

G C 250. Geology I. 3 t.h. 24 a. $7.00.
An elementary study of the processes of nature affecting the surface of the earth.
Text: Pirsson and Schuchert, Introductory Geology, John Wiley & Sons, Inc., or any good text on general geology.

G C 251. Historical Geology. 1½ t.h. 9 a. $5.00.
For students who have had G C 250 or its equivalent.
Text: Pirsson and Schuchert, Textbook of Geology, Part II, Historical Geology, John Wiley & Sons, Inc.

HISTORY

Hst C 204. World History. 3 t.h. 16 a. $7.00.
This course and the two following constitute a review of the great civilizations of the world from the Stone Age to the present.

Hst C 205. World History. 3 t.h. 16 a. $7.00.
A continuation of Hst C 204.

Hst C 206. World History. 3 t.h. 16 a. $7.00.
A continuation of Hst C 205. Same texts.

Hst C 207. English History I. 3 t.h. 16 a. $7.00.
This course and the two following constitute a general survey of English history from earliest times to the present. Section I takes the student to the beginning of the seventeenth century.

Hst C 208. English History II. 3 t.h. 16 a. $7.00.
Covers the period from the beginning of the seventeenth century to the end of the Napoleonic Wars in 1815. Same texts as in Hst C 207.

Hst C 209. English History III. 3 t.h. 16 a. $7.00.
Covers the period from 1815 to modern times. Same texts as in Hst C 208.

Hst C 341. History of Modern Europe I. 3 t.h. 16 a. $7.00.
This course and the two following cover the history of Europe from 1789 to modern times. Section I is concerned with the history of the chief nations of Europe from 1789 to 1815, with emphasis upon the history of France during the revolutionary and Napoleonic periods.
Hst C 342. History of Modern Europe II. 3 t.h. 16 a. $7.00.
A study of the international relations of European states from 1815 to 1871 and their internal history to 1914.

Hst C 343. History of Modern Europe III. 3 t.h. 16 a. $7.00.
Attention is given to the historical development of the relations between European states from 1871 to 1914; to attempts at imperialistic expansion before 1914; to the Great War of 1914-1918; and to attempts at new methods of international organization since 1918.

Hst C 371. History of the United States I. 3 t.h. 16 a. $7.00.
This course and the two following constitute a general history of the United States from 1750 to the present time. Section I: American Revolution to 1850.

Hst C 372. History of the United States II. 3 t.h. 16 a. $7.00.
American history from 1850 to 1898.

Hst C 373. History of the United States III. 3 t.h. 16 a. $7.00.
American history from 1898 to the present time. Same texts as in Hst C 372.

Hst C 377. History of Oregon. 3 t.h. 16 a. $7.00.
Detailed study of the building of civilization in the Pacific Northwest. This course meets the state requirement for teachers.

HOME ECONOMICS
The following courses are offered under the supervision of Ava B. Milam, Dean of the School of Home Economics, and Azales Sager, State Leader of Home Economics Extension, Oregon State College.

FN C 225. Principles of Dietetics. 2 t.h. 12 a. $5.00.
Study of the constituents in the normal well balanced diet and the part each plays in maintaining functions of the body in health. The course aims to present the fundamental facts of nutrition in a non-technical manner.
This course is not a substitute for Nutrition in Curriculum B in the School of Home Economics, Oregon State College, as specified in its catalog, but meets the requirement in Dietetics in Curriculum A, and may be counted as an elective in Curriculum B. It may serve also as an elective for other college students and for anyone interested in nutrition.
FN C 411. Food Purchasing. 3 t.h. 16 a. $7.00.
A study of factors involved in purchasing food for the home, such as cost and quality, food laws and regulations, etc.
This course may be taken without prerequisites if the credit is applied as a general elective. To meet requirements for students in the School of Home Economics, this course must be preceded by a course in Food Preparation and in Elementary Economics.

HAd C 320. Child Development. 3 t.h. 16 a. $7.00.
An elementary course for college students or for anyone who wishes to become acquainted with present-day knowledge of the development of the young child. To meet the requirement for major students in the School of Home Economics this course must be preceded by a course in general psychology.

HAd C 340. Household Management. 4 t.h. 22 a. $9.00.
This course considers not only efficiency in the organization and direction of household processes and policies, but it also gives attention to household equipment and stresses the principles that are basic in developing a satisfying home. Homemakers should find it of value as it stresses practical aspects of management.

CT C 217. Clothing Selection. 3 t.h. 16 a. $7.00.
This course aims to give the student an understanding of the principles of clothing from the standpoint of art, health and economy. If followed by CT 218 and CT 219 it may be used to meet a requirement in clothing for students majoring in Home Economics.

CT C 331. House Furnishing. 3 t.h. 16 a. $7.00.
A course for those who wish to buy and use household furnishings to the best advantage. It is concerned with those elements of decoration which must be considered in the average home rather than with historic periods. Must be preceded by a year of art to meet requirements of students in the School of Home Economics. May be taken as an elective.
JOURNALISM

J C 101. Elementary Newswriting. 3 t.h. 16 a. $7.00.
An introduction to the fundamentals of general reporting, interviewing, news analysis and a study of what constitutes news. As much practice as possible is given in writing news stories.

J C 400. Feature Writing. 3 t.h. 16 a. $7.00.
Interpretative stories, explanations, statistical treatment of a series of individual stories, "human interest" material, how-to-do articles, experience and personality interviews, sketches, etc., are analyzed and practice work assigned. The aim of the student should be the production of articles that can be published.

J C 1 X. Newswriting for Publicity Chairmen. No credit. $5.00.
Designed to be of immediate, practical service to publicity chairmen in parent-teacher associations, women's clubs, men's service clubs, and other organizations in which proper representation to the public is essential. No previous training is necessary.

LANDSCAPE ARCHITECTURE

LA C 290. Lower-Division Landscape Design. 3 t.h. 16 a. $7.00.
The purpose of this course is to offer a program of study to assist homeowners and others interested in gardens and landscape design to obtain an appreciation of the art and to learn some of the practical aspects of home grounds development. Several practical design problems are included, one of which may be the grounds of the student's own home. Credit for this course may not be applied toward a major in landscape architecture.

LATIN

Lat C 1, 2, 3. Beginning Latin and Caesar. 4 t.h. ea. 32 a. ea. $9.00 ea.
The course begins with the first year book and closes with the reading of two books of Caesar's Gallic Wars.

Lat C 4. Cicero. 4 t.h. 24 a. $9.00.
For students who have had two years of Latin in high school, or three years without Cicero. Prerequisite: Beginning Latin and Caesar.

Lat C 101. Latin Literature: Horace. 3 t.h. 16 a. $7.00.
A study of selected Odes and Epodes of Horace. Prerequisites: Cicero and Vergil.
LIBRARY METHODS

Eng C 382. Book Selection and Evaluation. 3 t.h. 16 a. $7.00.
   Designed to provide a general survey of the best books and authors, old
   and new, in various fields of writing and to interpret and apply principles
   and standards for judging them. Consideration is given to the best aids in

Eng C 388. Children's Literature. 3 t.h. 16 a. $7.00.
   A survey course intended to give an understanding and appreciation of the
   best literature for children of all ages; of special interest to parents and to
   teachers in charge of school libraries.
   Terman and Lima, Children's Reading (second edition), 1935, D. Appleton-
   Century Company, Inc. Access to a fairly good library is essential.

LITERATURE

See English and Literature, pages 22 to 24.

MATHEMATICS

Mth C 10. Elements of Algebra. 4 t.h. 24 a. $9.00.
   For students who have had less than one year of elementary algebra. May not
   be taken for credit after completion of more advanced college courses in
   mathematics.
   Text: Peterson, Elements of Algebra, Edwards Brothers, 1941.

Mth C 20. Elements of Geometry. 4 t.h. $9.00.
   The essentials of plane geometry for students with less than one year of high
   school geometry.

Mth C 100. Intermediate Algebra. 4 t.h. 24 a. $9.00.
   The course is built about the essential technique of algebra; the functional
   core of algebra, comprising the formula, equation, and the graph; and the
   solution of problems. Prerequisite: One year of high school algebra.

Mth C 101. Elementary Analysis I. 4 t.h. 24 a. $9.00.
   This is Section I of a three section sequence offering a unified treatment of
   college algebra, plane trigonometry, and analytical geometry, and the more
   simple portions of the differential and integral calculus. Prerequisites: Three
   semesters of high school algebra or Mth C 100.
   Text: Milne and Davis, Introductory College Mathematics, Ginn & Company,
   1935 or 1941 edition.

Mth C 102. Elementary Analysis II. 4 t.h. 24 a. $9.00.
   A continuation of Mth C 101. Same text.

Mth C 103. Elementary Analysis III. 4 t.h. 24 a. $9.00.
   A continuation of Mth C 102. Same text.

Mth C 105. College Algebra. 4 t.h. 24 a. $9.00.
   A standard course in college algebra. The arrangement and classification
   of the material, and the manner of treatment are based upon the function
   concept. Prerequisite: Mth C 100 or three semesters of high school algebra.
Mth C 106. **Plane Trigonometry.** 4 t.h. 24 a. $9.00.
The usual college course which emphasizes the theory of trigonometric functions as well as their applications in solving triangles. Prerequisites: Mth C 100, Mth C 101 or Mth C 105, and Plane Geometry.

Mth C 108. **Mathematics of Finance.** 4 t.h. 22 a. $9.00.
Simple and compound interest and discount, annuities, amortization of debts, sinking funds, bonds, depreciation, elements of life insurance, and other topics related to business. A required course in most schools of business administration. Prerequisite: College algebra.

Mth C 113. **Introduction to Analysis (Trigonometry).** 2 t.h. 12 a. $5.00.
A brief course in logarithms and computational trigonometry giving the minimum essential preparation for effective service in the air corps and other branches of military service. It is not intended to replace Mth C 106 or Mth C 102 as preparation for further courses in mathematics. Prerequisite: Intermediate Algebra or its equivalent in high school algebra. Plane Geometry is recommended but not required.

Mth C 200. **Analytical Geometry.** 4 t.h. 21 a. $9.00.
Applications of algebra to geometry. A thorough treatment of the straight line, conic sections and related topics. This course together with Mth C 105 and Mth C 106 may be substituted for Elementary Analysis. Prerequisites: Plane Geometry, Mth C 105 and Mth C 106.

Mth C 201. **Differential and Integral Calculus.** 4 t.h. 24 a. $9.00.
Section I of a three section sequence designed to lay a thorough foundation for all future work in mathematics and its applications. Essentially the same course as that given under the same numbers in Oregon State College and the University of Oregon. Prerequisites: Mth C 101, 102, 103 or equivalent.

Mth C 202. **Differential and Integral Calculus.** 4 t.h. 24 a. $9.00.
A continuation of Mth C 201. Same text.

Mth C 203. **Differential and Integral Calculus.** 4 t.h. 20 a. $9.00.
A continuation of Mth C 202. Same text.

Mth C 337. **Elements of Statistics.** 4 t.h. 22 a. $9.00.
An elementary course in mathematical statistics intended for students of mathematics; the physical, biological and social sciences, business administration, forestry and education. It covers those elements common to all first courses in statistics, and should prepare the student for applied courses in all fields. Prerequisite: College Algebra or consent of instructor.
Mth C 421. **Differential Equations.** 3 t.h. 20 a. $7.00.

This is Section I of a two section sequence designed to give practical instruction in the solution of ordinary and partial differential equations. A foundation course essential for advanced work in engineering, mathematics, physics and chemistry.

Mth C 422. **Differential Equations.** 3 t.h. 16 a. $7.00.

A continuation of Mth C 421. Same text.

**MODERN LANGUAGES**

**FRENCH**

RL C 1. **First-Year, First-Term French.** 4 t.h. 24 a. $9.00.

RL C 2. **First-Year, Second-Term French.** 4 t.h. 24 a. $9.00.

RL C 3. **First-Year, Third-Term French.** 4 t.h. 24 a. $9.00.

RL C 4. **Second-Year, First-Term French.** 4 t.h. 24 a. $9.00.

RL C 5. **Second-Year, Second-Term French.** 4 t.h. 24 a. $9.00.

RL C 6. **Second-Year, Third-Term French.** 4 t.h. 24 a. $9.00.

Students who prefer to read more literary French may substitute the following for Williams and Schwartz: Palamountain, *Learning French from Modern Authors*; Lalou, René, *Contemporary French Literature* (reference work); Michaud, Régis, *Modern Thought and Literature in France*, 1934 (a reference work).
GERMAN

GL C 1. First-Year, First-Term German. 4 t.h. 24 a. $9.00.

GL C 2. First-Year, Second-Term German. 4 t.h. 24 a. $9.00.
Texts: Vos, Essentials of German, (fifth edition), Henry Holt & Company; Super, Elementary German Reader, Ginn & Company.

GL C 3. First-Year, Third-Term German. 4 t.h. 24 a. $9.00.

GL C 4. Second-Year, First-Term German. 4 t.h. 23 a. $9.00.

GL C 5. Second-Year, Second-Term German. 4 t.h. 23 a. $9.00.

GL C 6. Second-Year, Third-Term German. 4 t.h. 23 a. $9.00.

SPANISH

Courses listed below are intended for students whose chief concern is to acquire a reading knowledge of Spanish.

RL C 11. First-Year, First-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Seymour and Smithers, Practical Spanish Grammar, Longmans; Olmstead and Sirich, First Spanish Reader, Henry Holt & Company.

RL C 12. First-Year, Second-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Same as for first term.

RL C 13. First-Year, Third-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Same as for first term.

RL C 14. Second-Year, First-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Seymour and Smithers, Practical Spanish Grammar, Longmans; Sánchez-Pérez, Leyendas Españolas, Allyn & Bacon.

RL C 15. Second-Year, Second-Term Spanish. 4 t.h. 24 a. $9.00.

RL C 16. Second-Year, Third-Term Spanish. 4 t.h. 24 a. $9.00.
The following courses in First-Year Spanish are for students who wish to acquire a speaking as well as a reading knowledge of the language. Much attention is given to correct pronunciation. Phonograph records on pronunciation have been prepared to supplement the lessons. Price of the records is not included in the fee.

RL C 11. First-Year, First-Term Spanish. 4 t.h. 24 a. $9.00.

RL C 12. First-Year, Second-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Same as for the First-Term Spanish.

RL C 13. First-Year, Third-Term Spanish. 4 t.h. 24 a. $9.00.
Texts: Same as for Second-Term Spanish.

PHYSICS

*Ph C 250. College Physics. 3 t.h. 16 a. $7.00.
This is section I of a three section sequence which covers mechanics, sound, heat, light, electricity, and magnetism, and an introduction to modern physics. Similar to General Physics (Ph 201, 202, 203) at the University of Oregon and at Oregon State College. Prerequisites: Elementary Algebra, Plane Geometry, and Elementary Physics.

*Ph C 251. College Physics. 3 t.h. 16 a. $7.00.
A continuation of Ph C 250. Same text.

*Ph C 252. College Physics. 3 t.h. 16 a. $7.00.
A continuation of Ph C 251. Same text.

Ph C 350. History and Teaching of Physics. 3 t.h. 16 a. $7.00.
Primarily for teachers. It presupposes a reasonable familiarity with the more elementary facts and ideas of general physics. Elementary physics is a necessary prerequisite.

Ph C 360. Meteorology. 3 t.h. 16 a. $7.00.
A course designed for persons who wish to study the subject for general information and enjoyment, for those interested in aviation, and for those who wish to enter the service of the U. S. Weather Bureau. Knowledge of the material covered should fit the student for the Civil Service examination for the lower ranks of Government positions. Prerequisites: Elementary algebra, plane geometry, and elementary physics.

Ph C 462. Advanced Meteorology. 3 t.h. 16 a. $7.00.
An introduction to dynamic meteorology, which is an essential part of the training of anyone aiming to become a professional meteorologist. It seeks to explain, on the basis of well-known physical principles, the more common phenomena observed in the atmosphere, particularly motions and energy

* An additional three term hours of credit (one hour for each section) may be earned by laboratory work done in a summer session or by special arrangement during a regular term.
transformations. Prerequisite: Ph C 360 or an equivalent knowledge of meteorology; a course in College Physics or its equivalent; a knowledge of algebra through quadratics; an elementary knowledge of trigonometry; and some familiarity with the notation of the calculus. Text: Albright, *Physical Meteorology*, Prentice-Hall, Inc., 1939.

Ph C 463. **Advanced Meteorology.** 3 t.h. 16 a. $7.00.
An introduction to synoptic and aeronautical meteorology intended primarily for airplane pilots and others wishing to prepare themselves for positions as meteorologists in the service of the air lines or of the United States government. It is devoted almost exclusively to synoptic meteorology, which is the study of weather conditions existing over a large area at a given time. Special emphasis is placed upon the air mass analysis system of weather forecasting. Prerequisites: an elementary course in meteorology such as Ph C 360 or its equivalent; algebra through quadratics; a course in college physics or its equivalent; an elementary knowledge of trigonometry; and some familiarity with the notation of the calculus.

**PHYSIOLOGY**

Z C 250. **Elementary Physiology.** 3 t.h. 16 a. $7.00. (See also Zoology).
An introduction to human physiology.

**POLITICAL SCIENCE**

PS C 201. **American National Government.** 4 t.h. 22 a. $9.00.
The national government, with special attention to practical operation and contemporary reforms.

PS C 202. **American State and Local Governments.** 4 t.h. 20 a. $9.00.
A study of the state and local governments, with special attention to practical operation and contemporary reforms in Oregon.

**PSYCHOLOGY**

Psy C 201. **General Psychology.** 3 t.h. 16 a. $7.50.
The primary purpose of this section and the two following is to provide students with a scientific basis for understanding their own behavior and that of others. Sections I and II present fundamental principles.

Psy C 202. **General Psychology.** 3 t.h. 16 a. $7.50.
A continuation of Psy C 205. Same texts.
Psy C 203. **General Psychology.** 3 t.h. 16 a. $7.50.
This section outlines the personal adjustment problems which arise out of the complexities of modern social life.

Psy C 411. **Genetic Psychology.** 3 t.h. 16 a. $7.00.
A study of the growth of behavior during infancy, childhood, and adolescence, and an analysis of the decline of abilities with maturity and senescence. The development and decline of perception, emotion, intelligence, motor skill, language, and social behavior receive special attention. Prerequisite: Psy C 201, 202.

Psy C 418. **Abnormal and Borderline Psychology.** 4 t.h. 22 a. $9.00.
A study of the better known types of abnormal and borderline mental phenomena from the standpoint of scientific interpretation. Prerequisite: Psy C 201, 202 or any good course in the principles of general psychology.

**SECRETARIAL SCIENCE***

SS C 111. **Stenography (Gregg).** 3 t.h. 16 a. $7.00.
This course and SS C 112 and SS C 113 cover the entire theory of Gregg shorthand. If the student does the practice suggested in the assignments throughout these three courses, at their completion he should be able to take dictation at a fair rate of speed. Letters for dictation are included in the last course. These three courses may be taken independently, but they must be taken in their proper sequence.

SS C 112. **Stenography (Gregg).** 3 t.h. 16 a. $7.00.
A continuation of SS C 111.
Texts: Same as for SS C 111.

SS C 113. **Stenography (Gregg).** 3 t.h. 16 a. $7.00.
A continuation of SS C 112.
Texts: Same as for SS C 112.

SS C 111. **Stenography (Thomas).** 3 t.h. 16 a. $7.00.
The entire theory of Thomas shorthand covered in one course. Practical applications of theory principles in sentence and letter dictation. For beginners only. Especially recommended to those students for whom preparation time is of great importance.

* See also Business Administration, page 15-16.
SS C 112. Stenography (Thomas). 3 t.h. 16 a. $7.00.
A speed building course based on advanced principles and phrases of the system. Practice and dictation material, including vocabularies of representative businesses and stressing preparation for a position in the business world. Prerequisite: SS C 111 (Thomas).

SS C 121. Typing. 2 t.h. 12 a. $5.00.
This course and the two following cover the theory and practice of touch typing. The keyboard, speed and accuracy drills, introduction to business letters.
Text: Webb's Simplified Typewriting, Complete Course, Prentice-Hall, 1941. Students who have had one year of typing in high school may not take SS C 121 for credit.

SS C 122. Typing. 2 t.h. 12 a. $5.00.
A continuation of SS C 121. More work on letters, speed emphasis, improvement of stroking skill, tabulating, and manuscript typing.
Text: Same as for SS C 121.

SS C 123. Typing. 2 t.h. 12 a. $5.00.
A continuation of SS C 122. Office forms, legal documents, application letters, personal typewriting.
Text: Same as for SS C 122.
Note: The courses in typing are in preparation, and probably will be ready by June 1, 1942.

SS C 313. Office Organization and Management, 3 t.h. 16 a. $7.00.
A study of the field of management as it pertains to the office and its activities in its relation to other phases of the business. Instruction begins with the development of elementary office routines, and progresses to more complicated problems of planning and layouts, and the selection and training of office personnel. Considerable emphasis is placed upon office management in relation to the small or moderate size offices. Provides practical training for both office worker and office manager or supervisor. This course may not be substituted for the five-hour course SS 313 required of majors in Secretarial Science.

SOCIOLOGY

Soc C 201. Introduction to Sociology. 3 t.h. 16 a. $7.00.
This is the first section of a three section sequence which surveys the development of society and its institutions and analyzes the more significant current social problems.

Soc C 202. Introduction to Sociology. 3 t.h. 16 a. $7.00.
A continuation of Soc C 201. Same texts.

Soc C 203. Introduction to Sociology. 3 t.h. 16 a. $7.00.
Soc C 204. **General Sociology.** 3 t.h. 16 a. $7.00.
Analysis of social organization, involving a study of human nature and social institutions; consideration of social problems, social processes and social control. A service course for students with majors in other fields.

Soc C 315. **Criminology.** 3 t.h. 16 a. $7.00.
An analysis of the nature of the phenomenon of crime, with specific reference to the causative factors involved, and criticism of present attitudes toward crime and the criminal. Prerequisite: Soc C 201, 202, 203, or Soc C 204, or equivalent.

Soc C 338. **Matrimonial Institutions.** 3 t.h. 16 a. $7.00.
A course designed to give the student an understanding of the institution of marriage and the family, with emphasis upon the functions of the family in modern social life. Prerequisite: Soc C 201, 202, 203, or Soc C 204, or equivalent.

Soc C 420. **Community Problems.** 2 t.h. 12 a. $5.00.
This course is designed primarily as an analysis of community problems normally dealt with by the public health nurse, the social worker, or others interested in social organization for more harmonious and efficient communal life. The emphasis is on community health problems.

**ZOOLOGY**

Z C 150. **Bird Study.** 3 t.h. 19 a. $8.50. (See also Biology)
A combined reading and laboratory course emphasizing interesting facts connected with the biology of birds, their characteristics and habits.
Text: Included in the course outline, but at least one good book on western birds will be needed for identification purposes.

Z C 250. **Elementary Physiology.** 3 t.h. 16 a. $7.00. (See also Physiology)
An introduction to human physiology.

**ENTRANCE COURSES**

Colleges and universities in Oregon have agreed upon these minimum entrance requirements:
Graduation from a standard high school, which in Oregon involves the completion of 16 units, 8 of which shall be required as follows: 3 units in English; 2 units in social science, comprising the state-adopted courses in United States history-civics and socio-economic problems; 1 unit in health and physical education; and 2 units selected from the fields of natural science and mathematics or of foreign language. Two units in either natural science or mathematics or 1 unit
in each of these fields will be acceptable, but a minimum of 2 units in a single language will be required if a foreign language is selected. At the State College, to be admitted to any of the four-year curriculums in engineering, except industrial arts, one unit in algebra, one-half unit in higher algebra, and one unit in geometry must be presented. A student deficient in mathematics may be admitted to a pre-engineering course for the first year, necessitating a five-year program to qualify for graduation.

Graduates from standard out-of-state high schools shall be required to present substantially the above distribution of units. Such applicants who are not residents of Oregon may be held for additional requirements demonstrating superior ability.

The following courses have been prepared to enable students who expect to enter an institution of higher education to make up entrance deficiencies or to make possible the continuance of study for high school students who for any good reason are unable to attend school regularly. High school teachers will find some of them helpful in presenting the subjects to their classes.

College credit will not be given for any of these courses, but entrance credit will be granted for the satisfactory completion of any of them.

A unit, when applied to entrance credit, means the equivalent of five recitations per week of not less than 40 minutes each, in one branch of study, for the school year of not less than 36 weeks.

Numbers following the title of a course indicate: (1) unit (u.), etc., of high school or college entrance credit; (2) number of assignments (a); and (3) amount of fee required.

BUSINESS

BA C 1 E. Introduction to Accounting. ½ u. 24 a. $7.00.

The aim of this course is to give the student instruction in practical methods of bookkeeping and information concerning the principles underlying all accounting records. It includes a study of business relationships as affecting the accounting records, recording of transactions in the more simple forms of books of original entry, posting to ledgers, and preparation of financial statements.

Texts: Baker, Prickett and Carlson, 20th Century Bookkeeping and Accounting, (seventeenth edition), 1934, South-Western Publishing Company; Work Book for use with 20th Century Bookkeeping and Accounting, Chapters I-XIV.

BA C 2 E. Introduction to Accounting. ½ u. 24 a. $7.00.

A continuation of BA C 1 E.

Texts: Baker, Prickett and Carlson, 20th Century Bookkeeping and Accounting, (seventeenth edition), 1934, South-Western Publishing Company; Work Book for use with 20th Century Bookkeeping and Accounting, Chapters XV-XXVIII (Stock No. 529); R. W. Collins Practice Set (Stock No. 520); and French and Breen Practice Set (Stock No. 531).

Eng C 14 E. Elementary Commercial English. ½ u. 24 a. $7.00.

This course includes a practical grammar review, use of the dictionary, vocabulary building exercises, correction of errors in usage, principles of effective writing, with attention to punctuation and some fundamentals of public speaking.

Eng C 15 E. Elementary Commercial English. ½ u. 24 a. $7.00.
A continuation of Eng C 13 E, in which the student is given abundant opportunity to apply principles he has learned. Emphasis is on the art of writing naturally in business correspondence of all kinds.
Texts: Same as for Eng C 14 E.

ENGGLISH

Eng C 1 E. Entrance English I. ½ u. 24 a. $7.00.
This course has been planned with two aims in view: (a) to help the student form habits of accuracy in common forms of expression; (b) to encourage extensive reading of good books in an intelligent and pleasurable manner.
Texts: Ward, Sentence and Theme, (third edition, 1929), and Sentence Book, Scott, Foresman & Company, Inc. Classics for required reading may be borrowed from libraries.

Eng C 2 E. Entrance English II. ½ u. 24 a. $7.00.
The purpose of this course is to help the student form habits of accuracy in English expression, and to encourage a wider reading of good books.
Texts: Ward, Sentence and Theme, (third edition, 1929), and Sentence Book, Scott, Foresman & Company, Inc. Classics for required reading may be borrowed from libraries.

Eng C 3 E. Entrance English III. ½ u. 24 a. $7.00.
The purpose of this course is to develop in the student ability to distinguish qualities of expression, thought, and beauty in poetry and prose; and to encourage extensive reading of good books intelligently.
Texts: Clippinger, Written and Spoken English, Silver, Burdett & Company. Classics for required reading may be borrowed from libraries.

Eng C 4 E. Entrance English IV. ½ u. 24 a. $7.00.
In this course renewed emphasis is placed upon the definite fixing of the elementary facts of grammar, punctuation, and spelling, in order that the student may cultivate habits of accuracy in expression. The study of literature is also a part of the course, so that the student may learn to enjoy and appreciate good books.
Texts: Clippinger, Written and Spoken English, Silver, Burdett & Company. Classics for required reading may be borrowed from libraries.

Eng C 5 E. Entrance English V. ½ u. 24 a. $7.00.
This course has three aims: (1) To form standards of judgment, (2) to understand the construction of the newspaper, and (3) to practice the forms of expression involved, such as the editorial and various types of news reports. The lessons in literature are planned to give a comprehensive view of the development of the English drama from the period of the Renaissance to the present day. In all the lessons correct grammatical usage is still as much a part of the required work as in the first term.
Texts: Clippinger, Written and Spoken English, Silver, Burdett & Company. Classics for required reading may be borrowed from libraries.

Eng C 6 E. Entrance English VI. ½ u. 24 a. $7.00.
A rather intensive study of three forms of modern literature is undertaken in this course—periodicals, the essay, and the novel—for the purpose of helping the student to develop taste and discriminate in his choice of current reading, to express in effective form his own point of view upon various subjects of personal interest, and to enable him to establish standards of judgment and
increase his powers of appreciation in his reading of fiction. Grammatical accuracy of expression is still a requirement in all written work.

Texts: Clippinger, *Written and Spoken English*, Silver, Burdett & Company. Classics for required reading may be borrowed from libraries.

Eng C 7 E. Entrance English VII. ½ u. 24 a. $7.00.
A study of American literature, particularly as it reflects in its continuity the development of our national life and ideals. This course aims (1) to present our literature as the expression of our political, social and industrial life, of our ideas of beauty and art, and our interpretation of nature, and (2) to establish certain standards which will enable the student to form habits of judgment and to increase his powers of appreciation in reading. Grammatical accuracy of expression is still a requirement in all written work. If any need for special drill in this connection is evidenced, the instructor is expected to assign work to fit the individual needs of the student.

Eng C 8 E. Entrance English VIII. ½ u. 24 a. $7.00.
Three of the most popular forms of modern literature are emphasized in this course: the lyric is studied as a type of literature and in its relation to the development of modern English poetry. Seven lessons are devoted to a study of the essay, while the last five lessons are intended to help the student form habits of judgment and of discrimination in his reading of the novel. Readings are in English Literature.

Texts: Clippinger, *Written and Spoken English*, or any good text on English composition. Classics for required reading may be borrowed from libraries.

Eng C 9 E. Entrance English Composition. ½ u. 25 a. $7.00.
This course and the one following are designed to help the student correct bad habits in written and spoken English; acquire facility in the use of the right form in words, sentences and paragraphs; and learn how to apply important rules of punctuation and paragraphing in the preparation of composition. Each lesson requires from the student some piece of writing and generally the completion of an exercise of some sort of grammar, usage, or punctuation. Especially for high school seniors.

Eng C 10 E. Entrance English Composition. ½ u. 25 a. $7.00.
A continuation of Eng C 9 E. Same text.

Eng C 11 E. Fundamentals of Written English. ½ u. 24 a. $7.00.
This course is planned to aid the student in acquiring clearness and accuracy in the expression of thought and feeling. Writing assignments will vary in length from the single paragraph to the longer composition, and subjects may be chosen from the student’s own field of interest or experience. Attention will be given to logical organization of subject matter in themes, improvement of vocabulary, and effective sentence structure. Throughout the course drill in spelling, capitalization, punctuation, and the fundamentals of grammar will be provided for students whose writing indicates the need of it.

Note: This course may be substituted for Eng C 9 E, Entrance English Composition, Section I, but students may not take both of these courses except on recommendation of the instructor in English.
Eng C 12 E. English Grammar and Usage, ¼ u. 8 a. $5.00.
The purpose of the eight lessons in this course is to give a simple outline of
English grammar and to connect with it such questions of usage as may come
under each of the parts of speech. By calling attention to some of the more
common errors, the student will be helped to fix correct forms in his mind.
Text included in the lessons.

Eng C 13 E. Grammar, Punctuation, and Usage Review, ½ u. 24 a. $7.00.
Intended to give the student a review of all facts and principles of grammar
that have practical application in relation to punctuation and good usage.
Practice is followed by objective mastery tests, which leave no doubt as to
the student's achievement.

Eng C 14 E. Elementary Commercial English. ½ u. 24 a. $7.00.

Eng C 15 E. Elementary Commercial English. ½ u. 24 a. $7.00.
For descriptions of these courses see pages 38 and 39.

LATIN

Lat C 1 E. Beginning Latin, Sec. I. ¼ u. 24 a. $7.00.
This course and the one following are the equivalent of the regular high
school course in first year Latin. They consist of exercises in pronunciation,
drills in grammar, and the study of supplementary material, which is aimed
to give the student an understanding of the daily life and character of the
Latin people.

Lat C 1 E. Beginning Latin, Sec. II. ½ u. 24 a. $7.00.
A continuation of Lat C 1 E, Sec. I. Same text.

Lat C 2 E. Caesar, Sec. I. ½ u. 24 a. $7.00.
This course and the one following are the equivalent of the regular second
year work in Latin in high school. In addition to the reading in Caesar there
will be drills and reviews in grammar. Supplementary material is included.
Texts: Caesar's Gallic Wars, edited by Gunnison and Harley, American
Book Company; Allen and Greenough, New Latin Grammar, Ginn and
Company.

Lat C 2 E. Caesar, Sec. II. ½ u. 24 a. $7.00.
A continuation of Lat C 2 E, Sec. I. Same texts.

MATHEMATICS

Mth C 1 E. Elementary Algebra, Al. ½ u. 24 a. $7.00.
This course and A2 correspond to the two semesters' work in this subject
in standard high schools. Al covers pages 1-245 of the text.
Text: Ruch and Knight, Standard Service Algebra, Scott, Foresman &
Company, Inc.

Mth C 2 E. Elementary Algebra, A2. ½ u. 24 a. $7.00.
A continuation of Elementary Algebra, A1, covering the remainder of the
text.
Text: Same as for Elementary Algebra, A1.
Mth C 3 E. Intermediate Algebra. ½ u. 24 a. $7.00.
This is an intermediate course between Elementary Algebra, A2, and College Algebra. It covers the work done in the third semester of high school algebra.

Mth C 4 E. Plane Geometry, G1. ½ u. 24 a. $7.00.
The two courses in plane geometry and the one in solid geometry correspond to the three semesters' work in this subject in standard high schools.

Mth C 5 E. Plane Geometry, G2. ½ u. 24 a. $7.00.
Text: The same as for Plane Geometry, G1.

Mth C 6 E. Solid Geometry, G3. ½ u. 24 a. $7.00.
This course follows directly after Plane Geometry, G2. Students who expect to specialize in mathematics, science, engineering, and architecture should take this course.

PHYSICS

Ph C 1 E. Elementary Physics. ¾ u. 24 a. $10.50.
This course presents the fundamental principles of physics in an elementary manner suitable for high school students. When supplemented by a satisfactory amount of laboratory work in a high school or in a summer session, the course will be equivalent to the standard high school course. Prerequisites are Elementary Algebra and Plane Geometry.

SOCIAL STUDIES

Hst C 1 E. Civics I. ¼ u. 24 a. $7.00.
This is the first section of a course designed to give a general knowledge of the forms and functions of the various units of government in the United States. Current events receive special emphasis. Suitable for seniors in high school.

Hst C 2 E. Civics II. ½ u. 24 a. $7.00.
A continuation of Hst C 1 E. Same texts.

Hst C 3 E. American History I. ½ u. 24 a. $7.00.
This course and the one following aim to give the student a good understanding of the beginnings and growth of the United States. The course is being revised, and the new lessons should be ready by June 1, 1942.

Hst C 4 E. American History II. ½ u. 24 a. $7.00.
A continuation of Hst C 3 E. Same texts.
Hst C 5 E. World History I. ½ u. 24 a. $7.00.
This course and the one following are designed to give students a knowledge of the background of history. This section deals with the world history from the time of primitive man to the French Revolution. The course is being revised, and the new course will be available by June 1, 1942, or earlier.
Texts: Hughes, The Making of Today's World, Allyn and Bacon, 1940; and Pahlow, Man's Great Adventure, revised 1940, Ginn & Co.

Hst C 6 E. World History II. ½ u. 24 a. $7.00.
A continuation of World History I, reviewing briefly world history from the French Revolution to the present.
Texts: Same as for World History I.

Ec C 1 E. Elementary Economics. ½ u. 24 a. $7.00.
This course aims to stimulate accurate thinking on economic questions, to lead students to recognition and understanding of economic principles, to emphasize the interdependence of all classes of society, and to show that all aspects of man's life are interrelated. The textbook is supplemented by use of current periodicals and by assignments of special questions and problems that may be found within the students' immediate environment.

Soc C 1 E. Social Problems. ½ u. 24 a. $7.00.
This course is primarily for beginners in the study of social problems. It aims to give bases for better understanding of present-day social questions. It deals with facts and with analyses of conditions. The student is encouraged to resist propaganda and to be as impartial as possible. He is asked to give authority for all important statements of fact.
Text: Hughes, R. O., Problems of American Democracy, Allyn and Bacon, 1940.

* Soc C 2 E. Social Problems and Government I. ½ u. 24 a. $7.00.
This course and the one following it are designed to give the student a knowledge of social and civic problems resolved in their natural economic relationship. The course tries to make the student aware of the responsibilities and the vast possibilities of our democratic social system. Students who apply for this course should have completed at least two years of work in high school and preferably three. This prerequisite may be waived in the case of more mature students.
Texts: Hughes, R. O., Problems of American Democracy, Allyn and Bacon, 1940. In addition to this book the student should have at hand a late edition of one good text in civics and one in elementary economics.

* Soc C 3 E. Social Problems and Government II. ½ u. 24 a. $7.00.
A continuation of Social Problems and Government I. Same texts.

* These courses include so much of the material that is in the courses in Civics I and II and Social Problems that students who have completed either or both of the latter courses may not receive credit for the former.
Extension and Correspondence Services

EXTENSION CLASSES

Classes that combine direct methods of instruction with the correspondence method will be organized whenever there is a sufficient group desiring such instruction, and the necessary arrangements can be made by the General Extension Division to provide an instructor.

Requirements. Usually a class cannot be organized when the initial membership is less than twenty. A group wishing to organize should decide upon the course of study it wishes to pursue, with an alternative course in case an instructor for the first cannot be secured and should put some responsible person in charge of all necessary arrangements, such as room, membership, publicity and any other details that arise in connection with such a class. A reasonable degree of permanency in membership will be expected by the General Extension Division in organizing classes, as satisfactory work cannot be done when the personnel of the group is constantly changing.

Credit. Credit will be given for work done in classes meeting regularly and following a definite course of study under the direction of an instructor provided by the General Extension Division.

Applications. Applications for extension classes outside of Portland, Oregon, should be made to the General Extension Division, Oregon State System of Higher Education, Eugene, Oregon. Applications for classes in or near Portland should be made to the Portland office of the General Extension Division, 814 Oregon Building, Portland, Oregon.

STUDY COURSES FOR CLUBS

The General Extension Division invites women's clubs, teachers' study clubs, granges and other groups of persons whose common interest in some subject makes group study desirable, to ask for assistance in the preparation of study outlines. Frequently the subject on which an outline is desired is one that is especially familiar to some member of the faculty, who can suggest methods of study and bibliographies.

Correspondence courses also furnish excellent outlines for group study. Enrollment with the General Extension Division has the added advantage of giving the individual regular instruction and the opportunity to confer with the instructor regarding the work of the course.

PUBLICATIONS OF THE GENERAL EXTENSION DIVISION

The General Extension Division issues the following publications, copies of which will be mailed upon request:

Correspondence-Study Catalog.

Persons desiring to register for correspondence courses should write for the latest catalog.
CORRESPONDENCE STUDY

CATALOG OF VISUAL AIDS.
Listing the large collection of slides available for distribution through the Department of Visual Education. Write to U. S. Burt, Visual Instruction, Oregon State College, Corvallis.

CATALOG OF PORTLAND CENTER
Indicating the courses offered at the Portland Center during the regular collegiate year.

ANNUAL HANDBOOK OF OREGON HIGH SCHOOL DEBATING LEAGUE.
Contains the list of district directors, and questions for debate, the constitution of the League, and much other information concerning high school debating.

TEACHERS' BROADCAST GUIDE, SCHOOL OF THE AIR, KOAC.
An aid to teachers whose classes listen to the School of the Air program.

KOAC RADIO PROGRAM.
This is the regular program which is published quarterly during the school year.

GENERAL EXTENSION JOURNAL
A news sheet published quarterly for the students of the General Extension Division.
Make postal orders, express orders and bank drafts payable to the General Extension Division, and send application to the General Extension Division, Oregon State System of Higher Education, Eugene
