BLOOMINGDALE COMMUNITY CAMPUS
(6-8 arts joint use/ art magnet school)

Chicago is known for its beautiful lakefront, its vibrant neighborhoods, and its beautiful riverfront. But Chicago is more than that. It is a city of neighborhoods. Much of my work as mayor consists of using the tools of government to create the conditions that can lead to healthy, livable, thriving communities. So how does government help?

Chicago is a city of neighborhoods. Much of its dramatic skyline, and its outstanding architecture, is comprised of greenspace in the city.

PROPOSED BLOOMINGDALE TRAIL

The design examines what it means to be both a joint use school and an arts school. The organization of large program spaces is critical to the success of this type of school.

1. Lobby/ reception
2. Student Forum
3. Library
4. Community Classrooms
5. Administration
6. Loading
7. Kitchen/Serving
8. Middle School Classroom
9. Gym
10. Dance studio
11. Collaboration space

destination: CHICAGO PUBLIC SCHOOLS

Chicago Public Schools is one of the most segregated school districts with a high drop out rate. CPS is one of the most segregated school districts with a high drop out rate.

Logan Square Parent Engagement School

Chicago Public Schools and the city as a whole. The current school model, the school.

This project works in tandem with the Logan Square Parent Engagement School and the city as a whole. The organization of large program spaces is critical to the success of this type of school.
