Q:HELLO1
T:

Hello. The Oregon Department of Education and the Glendale School District [in Douglas County] [Oregon] have asked us to conduct a seven minute statewide survey with adult Oregonians [age 18 or older] about timber dependent communities. My name is _____, calling from the University of Oregon Survey Research Laboratory. I want to assure you that this survey is completely anonymous and voluntary [and that I am not selling a thing]. [Please do not even tell me your name.]

PROBE: If you know nothing about timber towns, the survey will take about three minutes.

PROBE: By timber-dependent communities, or timber towns, we mean local areas in Oregon whose economy and industry is significantly based on logging, lumber mills, and timber products.
