Anderson, Ind.; B.A., Denver; M.S., Oregon. Thesis: A study to determine which anthropometric measurements best predict optimum body weight.

*Granted March 22, 1946

Honorary Degrees

Master of Arts in Public Service

MARIA CLOPTON JACKSON

In recognition of her long record of devotion to public service; her willing and generous contribution of her time, her energy, and her substance for the advancement of good causes; and her understanding helpfulness to the men and women of the Armed Forces.

Master of Arts in Public Service

WILLIAM SIMON U'REN

In recognition of his pioneering contributions in the field of government; his long record of devoted sponsorship of measures designed to improve public administration; and his indefatigable defense of democratic processes.

Doctor of Science

ROBERT HUGH BALDOCK

In recognition of his notable contributions in the field of highway engineering; his generous assistance to the highway officials of sister states and of Latin American republics; and his wise planning, his sound construction, and his exemplary administration of Oregon's highway system.
