General Information

The thirty-fourth Portland Summer Session will consist of day classes for eight weeks, from June 18 to August 10. The offerings include courses from the University of Oregon, Oregon State College, and the Oregon colleges of education.

In Oregon all the state institutions of higher education are operated as correlated units of the State System of Higher Education. As a part of this organization, the Portland Summer Session draws upon the resources, the curricula, and the faculties of all the institutions. Credit earned in Portland may be counted as resident credit at the University, the State College, or the colleges of education. For the work available at these institutions and the specific requirements for degrees, the student should consult the institutional catalogs.

A student may earn 12 hours of undergraduate or graduate credit in the eight-week session. Undergraduates may complete in certain fields nearly the equivalent of a full term. Graduate students who are unable to attend the summer sessions of the University at Eugene or the State College at Corvallis may build satisfactory programs in a number of fields at the Portland Summer Session.

LOCATION. The Portland office of the Oregon State System of Higher Education is located at 207 Education Center Building, 220 S.W. Alder Street. The phone number is ATwater 2165. All preliminary administrative details of the Portland Summer Session are handled from this office, where hours are from 9:00 A.M. to 4:00 P.M., except on Saturday, when the office closes at 11:30 A.M. Beginning June 11, the office of the director of the Portland Summer Session will be in the Lincoln High School building at 1620 S.W. Park Avenue, and all administrative details will be handled from that location.

Most of the summer classes will meet at Lincoln High School. Some classes will be held in other buildings and are so listed in the course description.

REGISTRATION. Facilities for registering will be available in Lincoln High School after June 11, and students who wish may complete their registration the week of June 11-15. Those who do not find this convenient may register Monday or Tuesday, June 18 or 19. Undergraduates registering after Wednesday, June 20, and graduate students registering after Friday, June 22, must pay a late-registration fee.

ADVISERS. The administrative staff and members of the faculty will serve as advisers and will be available throughout the registration periods for conferences in regard to selection of suitable courses, requirements, credits, and the relation of the summer program to the general academic program of the student.

ADMISSION AND DEGREES. The only requirement for admission to the summer session is ability to do the work. However, students who wish to become candidates for a degree from the University or the State College, or for a certificate from one of the colleges of education, must satisfy the regular entrance require-

ments of the State System of Higher Education and file a complete official transcript, covering all work taken above the eighth grade, with the registrar of the institution where continued study is planned. Students who do not plan to work toward a degree need not submit transcripts of high-school or college work.

Filing of credentials is not required of students who wish to transfer undergraduate credits earned in the Portland Summer Session to a university, college, or teachers college outside the Oregon State System of Higher Education.

Further information concerning admission, advanced standing, transfer of credits, and graduation requirements may be obtained from the registrars of the institutions.

ACADEMIC CREDIT. Students may earn 12 term hours of credit in the eight-week session. Undergraduates may petition for permission to carry 13 hours, if necessary to work out individual schedules. No exception to the 12-hour maximum is permitted for graduate students.

GRADUATE CREDIT. In the Portland Summer Session and the Portland Extension Center, a graduate student may complete all requirements for the degree of Master of Arts (General Studies), except for a 12-hour campus residence requirement at the University of Oregon. All work required for the Master of Education degree may be completed in Portland, except 12 term hours, which must be completed in residence on the University or State College campus. Fifteen term hours of work toward the Master of Arts (departmental), Master of Science, or Master of Science in General Studies degree may be completed in Portland.

The Master of Education (M.Ed.) is regarded as a professional teaching degree and not primarily as a research degree. No thesis is required. A well-integrated program is planned for each individual for the purpose of improving his educational service as a teacher, supervisor, or administrator. Each program embraces two major fields or areas of study: (1) a common core of required courses; (2) an area of concentration which provides a complex of courses organized to meet the special interests and needs of the student. Both the qualifying and final examinations are written. Graduate work for the degree of Master of Education may be carried on with specialization in either elementary or secondary education. The degree will be conferred by the University of Oregon or Oregon State College.

Details of the requirements for a master's degree are available at the Portland office, 207 Education Center Building. Graduate summer students who wish to apply their Oregon credits toward advanced degrees at another institution should send undergraduate transcripts in advance to the registrar of the University of Oregon at Eugene or to the registrar of Oregon State College at Corvallis, or bring copies with them.

GRADING SYSTEM. The grading system consists of four passing grades: A, B, C, D; failure, F; incomplete, Inc; withdrawn, W. A denotes exceptional accomplishment; B, superior; C, average; D, inferior. Students may withdraw from a course by filing the proper card within the stipulated time at the Summer-Session office. A student who discontinues attendance in a course without official withdrawal receives a grade of F.

COURSE-NUMBERING SYSTEM. The courses in this catalog are numbered in accordance with the course-numbering system of the State System of Higher Education. Lower-division (freshman and sophomore) courses are numbered below 300. Upper-division (junior and senior) courses are numbered from 300 to 499. (G) following the name of a 400 course indicates that the course may be taken for graduate credit. Graduate courses are numbered 500-599.

TEACHER CERTIFICATION PROGRAMS. Today's shortage of elementary teachers has created a demand for teacher certification courses. The undergraduate courses required for teacher certification, together with graduate courses which will aid teachers both to key their classwork to the national emergency and to work for advanced degrees, will be offered in the Portland Summer Session. Teachers who wish to qualify for either emergency or regular certification will find the required courses available. Holders of provisional secondary certificates will find courses offered which will meet their certification requirements.

VETERANS. Veterans entitled to educational benefits under the G. I. Bill of Rights, except those under the Voluntary Recruitment Act of 1945, must have commenced and actually be pursuing a course of education or training on or before July 25, 1951, or four years after the date of discharge, whichever is later; and must pursue the course *continuously* until completion except for normal interruptions such as summer vacations or for reasons beyond control of the veteran.

Continuous pursuit is given special interpretation for veterans who are teaching during regular school years and who must complete requirements in summer study. Thus, to qualify in 1951 for a continuing program in summer sessions under government benefits, a teaching veteran must be actively employed for the 1950-51 school year; must be enrolled in a summer program on or before July 25; and must be employed as a teacher for the 1951-52 school year. Enrollment in succeeding summer sessions then will be considered as continuous pursuit provided the veteran is regularly employed as a teacher during all intervening school years.

Special Programs in Education

CLINICAL SCHOOL. For the past twenty-five summers, a demonstration school has been a special feature at the Portland Summer Session. This summer, in cooperation with the Oregon State Department of Education and the Portland Public Schools, a clinical school will be held at St. Helen's Hall, near Lincoln High School, where the regular Portland Summer Session classes are scheduled. Opportunity will be offered for observation of special methods in remedial reading, speech correction, and child guidance.

CURRICULUM WORKSHOPS. Workshops in primary, intermediate, and secondary education will be available. A limited number of teachers may enroll in workshops in these areas held in cooperation with the Portland Public Schools (see page 32). In addition, an eight-week curriculum workshop will be held. This workshop will provide opportunities for experienced teachers to work on curriculum problems for grades one through twelve (see page 32).

PHYSICAL-EDUCATION WORKSHOP. An eight-week workshop in physical education will be offered. This workshop is planned with the objectives, standards, and purposes of the Oregon physical-education program in view. It is designed primarily for classroom teachers, school administrators, and recreational personnel. Elementary teachers may substitute this workshop for the colleges of education physical-education requirement (Ed 344, 345, 346). It will carry 3 to 9 hours of credit.

HEALTH-EDUCATION WORKSHOP. A workshop for health teachers in the public schools based on the Oregon manuals in health instruction will be given daily for eight weeks, carrying 9 hours credit. This workshop will cover all units of the Oregon course of study.

SPECIAL COURSE IN DRIVER EDUCATION FOR TEACHERS. A one-week course for high-school teachers in driver education and highway safety will be given at Lincoln High School, July 23-27. Professor Amos E. Neyhart, administrative head, Institute of Public Safety, Pennsylvania State College, and road consultant, American Automobile Association, will be in charge. The Traffic Safety Division of the office of the Secretary of State, and the Oregon State Motor Association are cooperating in offering this course. Three hours of credit may be earned.

SPECIAL EDUCATION. In cooperation with the Oregon State Department of Education and the Portland Public Schools, the Portland Summer Session has scheduled courses designed for all teachers who have handicapped pupils in their classrooms, as well as for those who desire to specialize in this field. All of the courses required for special certification of teachers of handicapped children are offered from time to time in the Portland Summer Session. Included will be courses dealing with the education of handicapped children, with crippled and low-vitality children, with visually handicapped children, with child-psychiatry and child-guidance clinics, with remedial reading and corrective speech, with clinical psychology, and with the use of social agencies by teachers.

Other General Extension Facilities

The General Extension Division offers evening classes during the fall, winter, and spring terms through the Portland Extension Center. Classes are taught by instructors from the University of Oregon, Oregon State College, and the colleges of education, as well as by the regular members of the Portland Center faculty and by specialists in business and the professions. The Portland Center office is at 207 Education Center Building, 220 S. W. Alder Street. The 1951 fall term will open September 17.

Summer-session students may frequently find a schedule of correspondence courses through which to continue their program of study after the close of summer session. More than three hundred correspondence courses are available through the General Extension Division.

VANPORT EXTENSION CENTER. This Center brings to Portland much of the first two years of college and university work offered by the State System through the University of Oregon, Oregon State College, and the colleges of education. Detailed information may be obtained from Vanport Extension Center, North Burgard, Portland 3, Oregon (telephone UNiversity 1605).

DEPARTMENT OF STATE-WIDE SERVICES. These services consist of State-Wide classes and Correspondence Study courses. Any community in Oregon may become an extension-class center if a satisfactory meeting place is provided and sufficient enrollment is guaranteed to cover actual operating cost. Students may frequently find a schedule of correspondence courses through which to continue their program of study when not in residence.

VISUAL INSTRUCTION. The Department of Visual Instruction of the General Extension Division provides glass and film slides, microscopic slides, and motion picture films suitable for educational use by schools, community clubs, and other organizations. A special catalog is published listing the materials available. This department is maintained jointly by the General Extension Division and the Federal Cooperative Extension Service.

RADIO STATION KOAC is Oregon's public-owned station of which the State Board of Higher Education is the managing agency. The station is located at Corvallis, on the campus of Oregon State College, the licensee and operator of the physical plant. The General Extension Division of the State System of Higher Education directs the program service. Program talent is drawn from Oregon State College, the University of Oregon, the Oregon colleges of education, and from various departments of the state government. In addition, many other public agencies, organizations, and individuals contribute frequently to broadcasts from the station. The station, established in 1925, is operated in the interest of the Oregon public. The programs are free from commercialism. KOAC operates with 5,000 watts power in the daytime and 1,000 watts power in the evening, on a frequency of 550 kilocycles by authority of the Federal Communications Commission. Announcements of radio programs are issued periodically and will be furnished on request. Studios are located at Corvallis, Eugene, Monmouth, and Salem.

Facilities and Special Events

LIBRARIES. The collections of the Portland Public Library, more than 760,-749 volumes, and the General Extension Division Library will be available to the students of the Portland Summer Session. These collections will be supplemented through loans from the Oregon State Library and other sources. For the convenience of students, all reference materials will be placed in the Lincoln High School Library (Room 217). The Summer Session Library will be open daily, except Saturday and Sunday, from 7:30 A.M. until 4:30 P.M., and on Tuesday and Thursday evenings from 7:00 until 10:00 P.M.

TEXTBOOKS. Textbooks are not listed in this catalog but will be announced by instructors at the first meeting of their classes. The cooperative bookstore of Vanport Extension Center will operate a Summer Session Bookstore in Room 13 of Lincoln High School, which will be able to supply all textbooks assigned by instructors.

LUNCHROOM. The cafeteria is located on the ground floor of Lincoln High School, and it will be open for breakfast and luncheon Monday through Friday. Breakfast will be served beginning at 7:30 A.M.

PUBLICATION. The *Summer Signal*, a weekly newspaper devoted exclusively to summer-school news, is published by the Portland Summer Session for distribution to students and faculty.

ASSEMBLIES. Every Wednesday from 10:15 to 11:00 A.M. there will be an assembly in the auditorium of the Lincoln Building. Programs will consist of musical entertainment, plays, readings, and addresses. The Wednesday morning class periods will be adjusted as follows:

| | |
|-------------------------|----------------|
| 8 o'clock classes..... | 8:00 to 8:40 |
| 9 o'clock classes..... | 8:45 to 9:25 |
| 10 o'clock classes..... | 9:30 to 10:10 |
| 11 o'clock classes..... | 11:15 to 11:55 |

PUBLIC-SERVICE PROGRAMS. Two public-service features have been added to the 1951 Portland Summer Session.

The Oregon Alcohol Education Committee and the Portland Summer Session will present a series of evening lectures in the Lincoln High School auditorium June 18-21, inclusive, and June 25-27, inclusive. The series has been arranged through the program of Alcohol Studies at Oregon State College and will offer discussions by outstanding authorities on alcohol education. No registration fee is required.

An Industrial Relations Conference, sponsored jointly by the Portland Summer Session, the University of Oregon, and a Portland committee of labor and management, will be given in a series of day and evening lectures and panel discussions, August 2 and 3. Labor and management will bring nationally recognized leaders in each field to participate. A nominal registration fee will be required. Summer-session students will be able to correlate this conference with regular courses for credit.

RECREATION. The recreational facilities of the metropolitan Portland area and of the neighboring Oregon mountains and coast offer summer students unlimited opportunities for pleasant hours. The Portland Art Museum, theaters, parks, golf courses, and playgrounds attract many, and the Pacific beaches and mountain resorts are easily accessible. A limited number of organized trips and recreational activities will be sponsored by the summer-session staff.

The development of the individual with emphasis on the dynamics of emotional growth. Social factors that influence growth, and the roles of parents, teachers, and social agencies in meeting developmental needs. Lewis. MTuWTh, 12:00 m. Room 305.

Speech

Instructor: DAWSON.
Visiting Faculty: DAHLBERG, PENNINGTON.

(U) Sp 111, 112. **Fundamentals of Speech.** 3 hours each.

Projects in extempore speaking. Primary emphasis on content and organization, with attention also to the student's adjustment to the speaking situation, effective delivery, audience motivation, and language of the speech. Dahlberg. MTuThF, 10:00 a.m. Room 106.

(U) Sp 321. **Discussion and Persuasion.** 3 hours.

Principles and practice in discussion forms; audience motivation and nature of audience response. Dahlberg. MTuWF, 11:00 a.m. Room 205.

(U) Sp 370. **Phonetics.** 3 hours.

Study of sounds used in speech. Determination of sounds; their symbolic nature; their production; physical and psychological problems involved in their perception; sectional differences. Pennington. TuWThF, 8:00 a.m. Room 205.

(U) Sp 411. **Speech for the Classroom Teacher.** 3 hours.

Instruction in speech and speech forms for classroom use. Designed for teachers who will not take specialized courses in speech correction, public speaking, and interpretation. Section I: for those with primarily speech-correction interest. Dawson. MWThF, 9:00 a.m. Room 205. Section II: For those with general speech interest. Dahlberg. TuWThF, 1:00 p.m. Room 205.

(U) Sp 481. **Speech Defects and Disorders.** (G) 3 hours.

Symptoms and causes of speech abnormalities; emphasis on diagnosis and basic pathology or articulatory defects and delayed speech, with discussion of methods of treatment limited to general principles. Prerequisite: Sp 370, or consent of instructor. Dawson. MTuThF, 10:00 a.m. Room 205.

(U) Sp 483. **Clinical Methods in Speech Correction.** (G) 3 hours.

Study of specific approaches and techniques in the treatment of the major speech defects, including functional articulatory difficulties, cleft-palate speech, stuttering, and neurological speech disorders. Pennington. St. Helen's Hall.

(U) Sp 484, 485, 486. **Clinical Practice in Speech Correction.** (G) 2 hours each.

Actual case experience for student clinicians in the diagnosis and treatment of speech-defective children, under a plan of supervised practice. Students must consult instructor before enrolling. Any two hours between 9:00 a.m. and 12:00 m. for actual clinical practice, four days a week. St. Helen's Hall. Pennington, Dawson.

Oregon State System of Higher Education

The Oregon State System of Higher Education, as organized in 1932 by the State Board of Higher Education following a federal survey of higher education in Oregon, includes all the state-supported institutions of higher learning. The several institutions are now elements in an articulated system, parts of an integrated whole. The educational program is so organized as to distribute as widely as possible throughout the state the opportunities for general education and to center on a particular campus specialized, technical, and professional curricula closely related to one another.

The institutions of the State System of Higher Education are the University of Oregon at Eugene, Oregon State College at Corvallis, the Oregon College of Education at Monmouth, the Southern Oregon College of Education at Ashland, and the Eastern Oregon College of Education at La Grande. The University of Oregon Medical School and the University of Oregon Dental School are located in Portland.

Each of the five institutions provides the general studies fundamental to a well-rounded education. At the three colleges of education general and professional studies are combined in the teacher-education curriculum; students who do not plan to become elementary-school teachers may devote their time exclusively to lower-division studies in the liberal arts and sciences or (at Southern Oregon and Eastern Oregon colleges of education) to approved lower-division programs in semiprofessional fields.

At the University and the State College two years of unspecialized work in liberal arts and sciences are provided on a parallel basis in the lower division. Major curricula, both liberal and professional, are grouped on either campus in accordance with the distinctive functions of the respective institutions in the unified State System of Higher Education.
