The Oregon State System of Higher Education, as organized in 1932 by the State Board of Higher Education following a survey of higher education in Oregon by the U. S. Office of Education, includes all the state-supported institutions of higher education. The several institutions are elements of an articulated system, parts of an integrated whole. The educational program is so organized as to distribute as widely as possible throughout the state the opportunities for general education and to center on a particular campus specialized, technical, and professional curricula closely related to one another.

The institutions of the State System of Higher Education are the University of Oregon at Eugene, Oregon State College at Corvallis, Portland State College at Portland, Oregon College of Education at Monmouth, Southern Oregon College of Education at Ashland, and Eastern Oregon College of Education at La Grande. The Medical School and the Dental School are located in Portland. The General Extension Division, representing all the institutions, has headquarters in Portland and offices in Eugene and Corvallis.

Each of the institutions provides the general studies fundamental to a well-rounded education. At the three colleges of education and Portland State College, students may complete major work in teacher education or general studies or enroll in a preprofessional program.

At the University and the State College two years of un­specialized work in liberal arts and sciences are provided on a parallel basis in the lower-division. Major curricula, both liberal and professional, are grouped on either campus in accord­ance with the distinctive functions of the respective institutions in the unified State System of Higher Education.

An interinstitutional booklet, Your Education, which outlines the curricula of the several institutions and contains other information, is available. For a copy, write to Division of Information, Board of Higher Education, P. O. Box 5175, Eugene, Oregon.

General Information

Why does the Oregon state system of higher education offer correspondence courses?

Correspondence courses are designed for those who wish to continue their education under supervision but are unable to enroll as resident students. Some desire to earn undergraduate credit toward academic degrees or to complete professional requirements; others want to complete their high-school work or meet college entrance requirements; many adults wish to study specific subjects for personal enjoyment and betterment without concern for credit. All such persons are served by correspondence courses.

Courses are prepared and graded by faculty members of institutions in the State system of higher education in close cooperation with General Extension Division.

What is correspondence study?

Correspondence study is an arrangement for earning college or high-school credit by study at home. Under the Oregon plan, the student receives the entire course when he enrolls. Completed lessons are mailed directly to the instructor, who reads the student's work carefully and makes whatever comments he feels are necessary to help the student. Lesson reports should be sent to the instructor one at a time as they are completed so that a student may benefit from comments and corrections in working out subsequent lessons. Instructors may refuse to accept lesson reports which indicate the student is hurrying his work unduly. Lessons are returned from the instructor directly to the student. At the close of most courses, the student takes a proctored examination. The final grade may be determined largely by this examination. However, the instructor usually gives considerable weight to lesson grades unless there is too much difference between these and the final examination score.

Are there any restrictions on enrollment in correspondence study?

Any person of sufficient maturity and preparation to undertake a course may enroll. A student wishing to earn credit must meet the requirements of the institution accepting this credit. The prerequisites listed for certain courses apply only in cases where a student intends to submit the credits he earns through correspondence study to an institution in partial fulfillment of his degree requirements. The University of Oregon, Oregon State College, Portland State College, and the colleges of education will accept a maximum of sixty hours of credit earned by correspondence study.
No graduate credit is offered by correspondence study.

Any student desiring to enroll in correspondence work while attending college or high school as a resident student should obtain approval of his registrar or principal before making application for enrollment.

No student should enroll for a course to be applied toward spring graduation after April 1 of the year in which he intends to graduate. Courses must be completed at least three weeks prior to the date of graduation.

A student should not enroll for more than one or two courses at a time and should register for each course in a sequence only after the preceding courses have been completed.

What procedure is necessary for enrolling in correspondence courses?

1. A student wishing college credit should consult the registrar of the institution at which he wishes to use the credit or the head of the organization to which he wishes to submit the credit. This person will be able to advise the student as to the selection of the proper course or courses. A student wishing to earn high-school credit should consult the principal of the high school where he was formerly enrolled or the principal of the local high school.

2. Fill out the application blank in the center of this catalog and mail it with a check, money order, or bank draft for the fee to the office of Correspondence Study, General Extension Division, Eugene, Oregon.

How long will it take to complete a course?

This depends on the amount of time a student is able to devote to his study. The original enrollment period is one year. If a student has been seriously ill or in attendance as a resident student during this period, an extension equivalent to the length of time lost due to these reasons will be granted on request. Students are permitted to renew their enrollment for one year by paying a renewal fee of $2.00. Only one renewal is permitted. Maximum time allowed on any course is two years.

How does a student make arrangements to take a final examination?

Examinations must be taken within six weeks after the return of the last graded lesson report if the student wishes credit for his course. Students not living near a General Extension Division office or a State System campus will take their examinations under the supervision of an approved proctor. Instructions for making arrangements for an examination are included with each course. General Extension Division reserves the right to select the proctor.

What are the fees for correspondence courses?

Fees for each course in this catalog are listed in the line which gives course number and title. The nonresident fee is waived for service personnel. Fees for courses offered by General Extension Division correspond to fees in effect on campuses in the State System of Higher Education.

Where may textbooks be obtained?

The student supplies his own texts and other equipment. If he wishes, he may order these from the University of Oregon Cooperative Store, Eugene, Oregon. Text prices are furnished with the course outline or on request. Please address inquiries concerning text prices to the Office of Correspondence Study, General Extension Division, Eugene, Oregon.

It is the aim of the General Extension Division to keep its correspondence courses up to date, and new textbook editions are adopted as soon as possible when new or reorganized material is introduced. For this reason, a student should obtain the texts for a course only after he has enrolled and has received confirmation of the books currently in use.

General Extension Division does not handle refunds on texts.

A student seeking a refund should contact the store from which the text was purchased.

Under what conditions are refunds made?

After a student has enrolled in a course, press of other work or unwillingness to carry on the course will not be considered adequate cause for a refund. Serious illness, which may prevent completion of the course within the registration period, or enrollment in a similar course as part of a resident program in an educational institution will be regarded as sufficient reason for a request for a refund of fees, provided the request is made to General Extension Division within three months of the date of registration. When refunds are made, $2.00 of the fee for each course will be retained to cover the cost of registration. No course fee will be refunded after a student has submitted lesson reports.

Is it permissible to transfer to another course?

A student may transfer from one course to another any time during the first six months of his enrollment. Fee for this service is $1.00 plus any necessary fee adjustment and $1.00 for each assignment which has been corrected in the original course. Transfer of enrollment to another person will be permitted only when the person to whom the course is to be transferred is a member of the student's immediate family. In such a transfer the regulations listed above will apply.
How is correspondence study graded?

The quality of student work is measured by a system of grades consisting of: A, B, C, D, F, Inc. The grade of A denotes exceptional accomplishment; B, superior; C, average; D, inferior, F, failure; Inc, incomplete.

May a friend or tutor assist with correspondence lessons?

Yes. However, evidence of submitting the work of another instead of doing original work will mean that a grade of F for the course will be given automatically.

May correspondence courses be used for teacher certification?

In general, the answer is yes. However, it is recommended in all cases that a student check with the department of education in his state. That office will indicate to a student the courses which he needs for certification and will also call his attention to any limitations concerning the manner in which those courses may be taken.

May service personnel enroll for correspondence courses through USAFI?

Yes. The General Extension Division has a correspondence study contract with the United States Armed Forces Institute. Under the terms of this contract, the Government pays instruction costs and the student pays nominal enrollment fees plus the cost of the text or texts. Most of the courses listed in this bulletin are available under the USAFI contract. For complete information concerning fees and courses, consult your unit Education Officer or write to USAFI, Madison 3, Wisconsin.

How is credit earned through telecourses?

General Extension Division is cooperating with State System campuses and several local television stations in presenting telecourses which may be taken for college credit. The student who wishes to use a telecourse for credit must register for the proper course through the Office of Correspondence Study. He earns the credit by doing the correspondence lessons and taking the final examination. The telecasts are intended to help students with their correspondence courses. Although telecasts do not necessarily parallel the course presentation, students should find them very helpful.

May tapes be used instead of written lessons?

The use of tapes is sometimes permitted as a substitute for writing the assignments for correspondence courses in the case of handicapped individuals. Interested individuals should contact the Office of Correspondence Study, General Extension Division, Eugene, Oregon.

What other colleges or universities offer correspondence study?

If you do not find the courses you desire listed in this bulletin and wish to seek further information concerning a specific subject, write to: Office of the Secretary, National University Extension Association, Bloomington, Indiana.

College Correspondence Courses

The number before the title of a course indicates whether the course carries upper- or lower-division credit. Numbers from 1 to 299 are lower division; those 300 and above are upper division. Numbers following the course title represent: (1) quarter hours (q.h.) of credit; (2) number of lesson assignments (a.); (3) the enrollment fee.

Anthropology

Anth C 317. The American Indian. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. This course is the first term of a sequence dealing with Indian life in North, Central and South America before white contact. The study will include contemporary Indian life where groups still survive. Text: Underhill, Red Man's America, University of Chicago Press, Chicago, 1953.

Anth C 319. The American Indian. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. A continuation of Anth C 318. No required text.

Architecture

Art

AA C 298. Sketching. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00. Sketching from plates to develop ability to observe clearly and record accurately. Offered especially for non-major students who have had no previous training in sketching or drawing.
Biology

Sc C 101. Biological Science Survey. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

An elementary study of the fundamental principles of biology as they apply to both plants and animals. Each term has laboratory exercises which require the use of a compound microscope. (Students enrolling for the course will be furnished with a kit containing necessary supplies [with the exception of the microscope] for conducting the laboratory experiments. A deposit of $8.00 for this kit should accompany the enrollment fee; upon return of this kit within three months, the deposit will be refunded. If the kit is kept longer than three months, $1.00 per month, or fraction thereof, will be deducted from the deposit. In the event the kit is returned in a damaged condition, appropriate charges will be deducted from the amount deposited.)

Sc C 102. Biological Science Survey. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Sc C 101. $8.00 Deposit for Kit (see explanation above)

Sc C 103. Biological Science Survey. 3 q.h. 15 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Sc C 102. $8.00 Deposit for Kit (see explanation above)

Bot C 211. Elementary Botany. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A study of life processes as shown in the plant. A service course for non-science majors.

Bi C 312. Human Physiology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Required for majors in physical education; elective for others qualified. The course includes a series of laboratory experiments for which General Extension Division furnishes a simple kit at the student's request. Charge for the kit is $1.00. Prerequisites: one year of college chemistry and one year of college biology (or zoology).

Bi C 313. Human Physiology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Bi C 312. Same text.

Bi C 442. Genetics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Introduction to the data and experimental procedures of genetics.

Business Administration*

BA C 111. Constructive Accounting. 3 q.h. 22 a. $24.00 for Oregon residents; others, $30.00.

An introduction to the field of accounting and business administration. The student who completes this course satisfactorily should have little difficulty in following the routine of almost any bookkeeping system.

* See also Secretarial Science, page 34.
promotion, plant operation, personnel, credit, turnovers, pricing, expense classification and distribution.

BA C 487. Cost Accounting Problems. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Cost accounting procedure, with special attention to process costs; emphasis on cost theory, with only minor attention to techniques. Process costing by both average and first-in-first-out methods; accounting for shrinkage and spoilage; costing of byproducts and joint products; estimating costs. Material presented largely through problems of the more difficult and complex type, including problems taken from the various professional examinations. Designed for professional accounting students. Prerequisite: BA 312.

BA C 488. Cost Analysis and Control. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Standard costs, simple and flexible budgets, analysis and control of distribution costs, gross-profit analysis, break-even analysis, profit-volume relationships, and differential cost analysis. Designed for students in the field of management as well as accounting. Prerequisite: BA 312. Same Text as for BA C 487.

Economics

Ec C 201. Principles of Economics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A study of principles which underlie production, consumption, money, banking, demand, supply, prices and price functions, prices and markets.

Ec C 202. Principles of Economics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

This course is a continuation of Ec C 201 and is concerned with wages, interest, rent, profits, business cycles, controls, business organization and finance, labor and labor relations, regulation of industry, the relation of government to the economic system. Same texts as for Ec C 201.

Ec C 203. Principles of Economics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Ec C 202 and a study of government spending and its effect; the tax system, national and local; international economics; personal distribution and use of income; social security; types of economic systems. Same texts.

Ec C 440. International Economics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Theory of international trade; nature and effects of government interference in the form of bounties, subsidies, import and export duties; commercial policies of the more important nations.

Education

Ed C 311. The School in American Life. 3 q.h. 19 a. $24.00 for Oregon residents; others, $30.00.

Education as a career, function of education in a democracy, curriculum and organization of schools, current educational trends and contemporary problems, financing public education, the characteristics, needs and interests of pupils by age groupings, general principles of growth and learning, and relation to current practices. Students completing this course have automatically fulfilled the Oregon requirement for Oregon school law and need not take Ed C 476.

Ed C 312. Educational Psychology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A study of some of the factors that promote growth through learning; principles of learning, of motivation, of mental health; the psychological theory of training procedures.

Ed C 314. Principles of Teaching. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Study of actual classroom teaching process, including classroom organization and management, planning teaching units, evaluating pupil learning, and similar problems. Prerequisite: Ed C 311, 313.

Ed C 351. Health Education. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00.

Teaching health education with emphasis on the health knowledge, health attitudes and health habits of school children and the development of a health-service program.

Ed C 407. Parent-Teacher Organization. 2 q.h. 10 a. $16.00 for Oregon residents; others, $22.00.

Presents problems, techniques and projects of the parent-teacher movement. Emphasis placed on what the home expects of the school; what the school expects of the home; what the child needs of both; the role of the PTA in fostering close and effective home-school-community cooperation. Current source materials and parent-teacher practices and programs will be examined. Special problems facing both beginning and experienced teachers will be studied.

Texts: Overstreet, Harry and Bonaro, Where Children Come First, National Congress of Parents and Teachers, 1949; a series of pamphlets; National Parent-Teacher Magazine. These materials will be provided at a cost of $5.00 by the Oregon Congress of Parents and Teachers, 511 Education Center Building, 220 Southwest Alder Street, Portland 4, Oregon.

Ed C 424. Measurement in Education. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Use and interpretation of informal and standardized tests as supervisory and guidance instruments for the diagnosis, analysis, evaluation, and improvement of instruction in the elementary and secondary schools.

Ed C 440. History of Education. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A general review of the growth and development of education in relation to the civilization of the times; emphasis on development of educational philosophies.

Ed C 458. Advanced Primary Education. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00. Planned for experienced teachers or those specializing at the primary level. Effectiveness of techniques; materials and their evaluation; solving of problems growing out of actual experience. Provides opportunity for special study in chosen areas of the primary school and construction of actual materials in relation to scientific procedures and professional goals.

Ed C 459. Advanced Intermediate and Upper-Grade Education. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00. Planned for experienced teachers or those specializing at the intermediate and upper-grade levels. Effectiveness of techniques; materials and their evaluation; solving of problems growing out of actual experience. Provides opportunities for special study in chosen areas and application of specific procedure to organization of new materials.

Ed C 476. School Law and Organization. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00. Oregon laws applying to schools and teachers; teacher personnel policies and practices; professional organizations; means for continued professional growth.

Texts: Laws Relating to the Oregon Public School System, Parts 1, 2, 3, and 4. State Department of Education, Salem, Oregon; Oregon Blue Book (latest edition available) which may be secured from the Secretary of State, Salem, Oregon for $1.00.

Ed C 484. The Junior High School. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. Origin and functions of the junior high school; characteristics and needs of the early adolescent; administration of the junior high school; curriculum and instruction; guidance; school activities; evaluation of the junior high school.

Ed C 490. Social Education. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. Structure and functioning of society, as a background for the study and evaluation of education in its varied forms; the contribution of sociological principles and findings to the improvement of educational practices.

Engineering

GE C 111. Engineering Drawing. 2 q.h. 10 a. $15.00 for Oregon residents; others, $22.00. Training in the use of drafting instruments and in the art of lettering; introduction to elementary principles of orthographic projection. May be taken by students who have had no college training in mechanical drawing. A list of instruments and materials for the course will be sent on request.

Texts: Willey, Wanless, Holcomb, Engineering Drawing Manual (3rd ed.); Book of Lettering Exercises by the same authors. Both texts are published by Oregon State College Cooperative Association, Corvallis, Ore.

GE C 112. Engineering Drawing. 2 q.h. 11 a. $16.00 for Oregon residents; others, $22.00. Continuation of orthographic projection; methods of dimensioning and checking drawings; use of auxiliary planes of projection; section drawings; isometric drawings; working drawings of machine parts; tracings from drawings. Prerequisite: GE C 111 or equivalent. Same text as for GE C 111.

GE C 113. Engineering Drawing. 2 q.h. 11 a. $16.00 for Oregon residents; others, $22.00. A continuation of GE C 112. Freehand orthographic and perspective sketching; practical application of drawing principles to working drawings; use of charts and diagrams. Prerequisite: GE C 112. Same text as for GE C 111 and 112.

ME C 212. Mechanics (Statics). 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. Forces and force systems with reference to the equilibrium of rigid bodies; simple framed structures; methods of finding centers of gravity and moments of inertia and their practical application; numerous problems having engineering application. Prerequisite: Differential and Integral Calculus (Mth 201, 202).

ME C 213. Mechanics (Dynamics). 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. Continuation of ME C 212. Principles and problems in kinetics; force as a factor causing motion; work, energy, friction and impact studied and illustrated by means of numerous problems. Prerequisite: Calculus (Mth 201, 202) and ME C 212. Same text as for ME C 212.

ME C 317. Dynamics of Solids and Fluids. 4 q.h. 21 a. $32.00 for Oregon residents; others, $38.00. Application of the principles of mechanics to the flow of incompressible and compressible fluids. Basic theory and many applications in the field of engineering. Prerequisite: Differential and Integral Calculus (Mth 203) and ME 212.

English and Literature

Eng C 1 X. Grammar, Punctuation and Usage Review. No credit. 24 a. $24.00 for Oregon residents; others, $30.00. For mature persons who feel the need of a thorough review of all facts and principles of grammar which have practical application in relation to punctuation and good usage.

Wr C 111. English Composition. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00. Wr C 111, 112 and 113 make up a sequence in fundamentals of composition and rhetoric equivalent to the usual freshman requirements in collegiate English. A student wishing to take Wr C 111 for credit must make a satisfactory score on the English Placement Test if he has not previously taken this examination. Arrangements to take the test should be made before registering for the course. A student requesting the test should send a $1.00 fee for the examination to the Office of Correspondence Study, General Extension Division.
Wr C 112. English Composition. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.
A continuation of Wr C 111. Same texts.

Wr C 113. English Composition. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.
A continuation of Wr C 112.

Wr C 211. Advanced Writing. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.
The study and practice of general magazine writing—sketches, essays, narratives, criticisms, etc. Prerequisite: Wr 111, 112, 113 or equivalent training.

Wr C 212. Advanced Writing. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.
A continuation of Wr C 211. Same text.

Wr C 213. Advanced Writing. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.
A continuation of Wr C 212. Same text.

Wr C 214. Business English. 3 q.h. 14 a. $24.00 for Oregon residents; others, $30.00.
Study of modern practices in business correspondence, primarily for students of business administration. Analysis and writing of the principal types of correspondence. Prerequisite: Wr 111, 112, 113 or equivalent training.

Wr C 215. Short-Story Writing. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

Mathematics

Mth C 10. Elements of Algebra. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
For students who have had less than one year of elementary algebra. May not be taken for credit after completion of more advanced college courses in mathematics.

Mth C 20. Elements of Plane and Solid Geometry. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00.
This course and Mth C 21 cover the essentials of plane geometry for students with less than one year of geometry in high school.

Mth C 21. Elements of Plane and Solid Geometry. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00.
A continuation of Mth C 20. Same text.

Mth C 22. Elements of Plane and Solid Geometry. 2 q.h. 12 a. $16.00 for Oregon residents; others, $22.00.
Essentials of solid geometry for students who did not have it in high school.
Mth C 100. Intermediate Algebra. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
The course is built about the essential technique of algebra; the functional core of algebra, comprising the formula, equation and graph; the solution of problems. Prerequisite: one year of high-school algebra.

Mth C 101. Elementary Analysis I. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
A standard course in college algebra. The arrangement and classification of the material and the manner of treatment are based upon the function concept. Prerequisite: Mth 100 or three semesters of high-school algebra.

Mth C 102. Elementary Analysis II. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
The standard college course, emphasizing the theory of trigonometrical functions as well as their applications in solving triangles. Prerequisite: Mth 100, Mth 101 or Mth 105 and plane geometry.
Text: Rosenback, Whitman, Mockovitz, Plane Trigonometry, with tables, Ginn and Co., 1943.

Mth C 103. Elementary Analysis III. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
Applications of algebra to geometry. A thorough treatment of the straight line, conic sections and related topics. Prerequisites: plane geometry, Mth 101 and 102, or Mth 105 and 106.

Mth C 105. College Algebra. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
A standard course in college algebra. The arrangement and classification of the material and the manner of treatment are based upon the function concept. Prerequisite: Mth 100 or three semesters of high-school algebra.

Mth C 106. Plane Trigonometry. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
The standard college course, emphasizing the theory of trigonometrical functions as well as their applications in solving triangles. Prerequisites: Mth 100, Mth 101 or Mth 105 and plane geometry.
Text: Rosenback, Whitman, Mockovitz, Plane Trigonometry, with tables, Ginn and Co., 1943.

Mth C 107. Analytic Geometry. 4 q.h. 24 a. $32.00 for Oregon residents; others, $38.00.
Applications of algebra to geometry. A thorough treatment of the straight line, conic sections and related topics. This course, together with Mth C 105 and Mth C 106, may be substituted for Elementary Analysis. Prerequisites: plane geometry, Mth 101 and 102, or Mth 105 and 106.

Mth C 108. Mathematics of Finance. 4 q.h. 22 a. $32.00 for Oregon residents; others, $38.00.
Simple and compound interest and discount, annuities, amortization of debts, sinking funds, bonds, depreciation, elements of life insurance and other topics related to business. A required course in most schools of business administration. Prerequisite: college algebra.
year college physics. Ph C 201 is a study of mechanics and properties of matter. Prerequisite: mathematics equivalent to Mth 105 and Mth 106 or similar preparation. This course does not include laboratory exercises. Text: Foley’s College Physics, revised by Glathart (4th ed.), Blakiston Co., 1947.

Ph C 202. General Physics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Ph C 201, covering sound, heat and approximately one-half of the material on magnetism and electricity. Same text as for Ph C 201.

Ph C 203. General Physics. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Ph C 202, completing the work on electricity and covering light and modern physics, including the quantum theory and atomic structure; X-rays and radioactivity; an introduction to nuclear physics and atomic energy. Same text as for Ph C 201 and 202.

Ph C 390. Basic Meteorology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

An introduction to the science of meteorology, dealing with the physical processes underlying observed weather phenomena. Designed for those who wish to study the subject for general information and enjoyment and for those interested in preparing themselves professionally—for example, for the Civil Service examinations for the lower ranks in the service on the U.S. Weather Bureau. Prerequisites: elementary algebra, plane geometry, and elementary physics.

Ph C 491. Meteorology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A course primarily for persons engaged in weather work as well as for those seeking professional opportunities in meteorology. It is designed to give a fundamental understanding of the physical processes of the atmosphere and of the various techniques employed by the weather analyst and the forecaster. The theory is developed for the general gas law, humidity measurements, atmospheric pressure and height, adiabatic processes, thermodynamic diagrams, gradient wind, thermal wind, and slope of frontal surfaces. Practical problems are used to illustrate applications of the theory. Prerequisites: Ph C 390 or equivalent work in meteorology, college physics, algebra, elementary trigonometry, and some familiarity with the notation of calculus.

Ph C 492. Meteorology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A study of the meteorological factors which must be considered in preparing a forecast. Included are the following topics: air masses; atmospheric stability; development of the wave cyclone; frontal structure; analysis of surface and upper-level weather charts; the tools of the forecaster; preparation and verification of sample forecasts. Prerequisite: Ph C 491 or equivalent preparation.

Ph C 493. Meteorology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

A continuation of Ph C 492.

Text: Malone, Compendium of Meteorology, American Meteorology Society, Boston, Massachusetts, 1951. If the student is unable to borrow a copy of this book, he should order it directly from the American Meteorology Society in Boston.

Psychology

Bi C 312. Human Physiology. 3 q.h. 16 a. $24.00 for Oregon residents; others, $30.00.

High School Courses

These courses are offered in cooperation with the office of the State Superintendent of Public Instruction and, when approved by the student's high-school principal, may be applied for credit toward graduation. General Extension Division does not grant diplomas; this is done by the local high school. Regardless of his age, the student wishing to graduate from high school through the use of correspondence study should consult his high-school principal who will advise him in the selection of courses. Credit earned through General Extension Division may be transferred to the high school at which it is to be used.

These courses also may be used by students who wish to clear college entrance deficiencies.

College credit will not be given for any of the high-school courses listed below, but college entrance credit will be granted for satisfactory completion of any of them.

A unit, when applied to high-school credit, means the equivalent of five recitations per week of not less than forty minutes each in one branch of study, for the school year of not less than thirty-six weeks.

Numbers following the title of a course indicate: (1) unit (u.) of high-school or college entrance credit; (2) number of assignments (a.); (3) fee.

High-school seniors who expect to use any of these courses for graduation credit should enroll at least ninety days before they expect to graduate.

American Problems I and II fulfill the twelfth-grade requirement in social studies. By integrating problems of social, economic and political significance ranging in scope from problems of personal and community interest to those of national and world-wide importance, the course covers a wide area of topics fundamental to the information and understanding of an alert American citizen. In dealing with these, a genuine problem study approach is taken.

Prb C 8 E. American Problems II. ½ u. 24 a. $20.00 for Oregon residents; others, $26.00.
This course covers the second semester's work in American Problems. Same texts.

Seminars in Correspondence

Students who take the same correspondence course may wish to study together. This procedure is encouraged. After reading each assignment, the student will find it helpful to discuss the topics with others. However, under this plan each student is expected to submit his original answers to the questions in the written assignment. Written assignments should be prepared separately after the discussion-group meeting. If you decide to become a member of a seminar group, contact General Extension Division in order that all of your group may have the same instructor assigned to them.

Study Courses for Clubs

General Extension Division invites women's clubs, teachers' study clubs, and other groups of persons whose common interest in some subject makes group study desirable, to use correspondence courses as study outlines. The careful organization of the course outlines, the many references for supplementary reading and the lesson questions, which are well adapted to group discussion, make many of the correspondence courses excellent aids to group study.

Groups wishing to use a course outline in this manner may enroll as a group in the name of the secretary or leader of the group and pay only one registration fee. Such registration entitles the group to one complete set of the lesson outlines and the privilege of submitting one written report on each lesson. Such a report should represent the conclusions of the group as determined by general discussion of the members. Members of the group who wish to secure credit for their work may enroll individually, submit their own reports on each assignment and fulfill all other requirements of the course. Such members should find the group discussions of special value and interest in connection with their work.

Questions concerning this group-study plan should be addressed to Office of Correspondence Study, General Extension Division, Eugene.
