FINDINGS OF FACT AND CONCLUSIONS OF LAW
Amick Annexation A6.06

REQUEST:

Francis and Samantha Amick have requested that certain property be annexed into the City of St. Helens, Oregon.

PUBLIC HEARING:

A Public Hearing was held on Nov. 14, 2006 in front of the Planning Commission and Nov. 15, 2006 in front of the City Council.

NOTICE OF PUBLIC HEARING:

A notice of this Public Hearing on this annexation request and zoning amendment was sent to property owners within 300 feet of the properties proposed for annexation on Oct. 12, 2006 by first class mail. Notice was published in The Chronicle Nov. 1 & 8 2006. Notice was sent to Oregon Department of Land Conservation and Development Sept 29, 2006.

LOCATION:

The property is located at 34663 Bachelor Flat Road. The site is also known as Columbia County Tax Assessor tax lot 3300 on map 4107012 (aka. 4107AB)

SITE INFORMATION:

The site is about 2.0 acres in area and is partly developed.

REFERRALS: Sent to the following:

1. St Helens Police, Public Works, Parks, Building Official, Waste Water Treatment Plan Superintendent and Public Works Manager.
2. Columbia County Land Development Services, Surveyor, Planning Commission, Board of Commissioners and Roadmaster.
3. St. Helens Rural Fire District
4. St. Helens School District #502
5. Columbia County 911, Emergency Communications District.
6. Columbia River PUD
7. Portland General Electric
8. Community Public Health Department
9. NW Natural Gas

The School District stated that due to financial and facility limitations it will have difficulty in

meeting the needs of additional students. City Engineering states that the nearest sewer line for possible connection is to the west in the abutting development of Ridgecrest. The abutting right of way is substandard and will need additional width and some physical improvements to meet City standards in accordance with the Columbia County UGMA. Water is also available from both the City and McNulty Water District.

CRITERIA:

The principle criteria for annexation are:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and
2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.
3. Complies with State laws.

The property will need to be zoned to conform to the City's adopted Comprehensive Plan and Zoning Map. The criteria for amending the Zoning Map are:

1. The applicable Comprehensive Plan policies and map designation; and that the change will not adversely affect the health, safety, and welfare of the community;
2. Statewide planning goals adopted under Oregon Revised Statutes Chapter 197, until acknowledgment of the Comprehensive Plan and ordinances;
3. The standards applicable of any provision of this Code or other applicable implementing ordinance; and
4. Evidence of change in the neighborhood or community or a mistake or inconsistency in the Comprehensive Plan or zoning map as it relates to the property which is the subject of the development application.

EVALUATION:

The principle criteria for annexation are:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and

Finding: Service agencies have been notified of this request. Their comments are listed above in the Referrals Section.

Finding: The City's current water system has excess capacity of about 100% or about twice the consumption rate as the sewer has excess capacity at the plant of over twice the use rate domestically. McNulty Water District has stated in the past that they can handle any growth into the UGA that the City has.

Finding: Bachelor Flat Road is a minor arterial street with a 40 foot wide right of way and about 25 feet of pavement without sidewalks, curbs, and gutters.

Finding: There is a sewer connection immediately abutting this site and the downstream lines and plant have sufficient capacity to handle any future development of this site.

Finding: The current development on this site is served by McNulty Water District.

Finding: The School District already includes this land in its district boundaries.

2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.

Finding: There do not appear to be any applicable comprehensive plan policies that directly relate to this request except for the zone map amendment.

Finding: The only implementing ordinance that applies is the Code and this process, including the below required criteria for a zone map amendment apply to this annexation.

3. Complies with State laws.

Finding: State law in ORS 222 requires the proposed property for annexation to be contiguous to a City Limit as defined by law.

Finding: This site is contiguous to the City Limits on the north and west sides.

Finding: State law in ORS 222 requires that all property owners of the proposed property to be annexed and at least half of the electors residing on the property shall be required to consent in writing.

Finding: There are no residents or electors currently.

The criteria for amending the Zoning Map are:

1. The applicable Comprehensive Plan policies and map designation: and that the change will not adversely affect the health, safety, and welfare of the community;

Finding: These properties are located in Rural Suburban Unincorporated Residential (RSUR) designated area according to the Comprehensive Plan Map.

Finding: The policy of the Comprehensive Plan for RSUR designated lands is that the City of St. Helens should "Zone the RSUR lands as either R-7 or R-10".

Finding: The desired ratios are for R-10 to be 5% and R-7 to be 25% and currently the R-10 lands are about 13.5% and R-7 are 23%.

Finding: The properties nearby are R-7 zoned or RSUR designated.

Finding: This property has a residence as its primary use.

2. Statewide planning goals adopted under Oregon Revised Statutes Chapter 197, until acknowledgment of the Comprehensive Plan and ordinances;

Finding: The St. Helens' Comprehensive Plan has been acknowledged by the State.

3. The standards applicable of any provision of this Code or other applicable implementing ordinance; and

Finding: The Community Development Code specifies a process as per Chapter 1.075, to wit this process is being carried out.

Finding: The Code requires that any changes to the Comprehensive Plan Map and/or Zone Map be in compliance with the current designation shown on the Comprehensive Plan Map and in the policies applicable thereof.

Finding: The Comprehensive Plan Map indicates that this site is located in a Rural Unincorporated Suburban Residential area.

Finding: The Code requires that each property annexed into the City must be identified as Established or Developing.

Finding: The definition for an "established area" is an area where the land is not classified as buildable under Oregon Administrative Rule 660-08.0005 which states that buildable shall be land that is residentially designated vacant. Lands which are underdeveloped for the zone can be classified as buildable. This property has potential development of up to 26 lots.

4. Evidence of change in the neighborhood or community or a mistake or inconsistency in the Comprehensive Plan or zoning map as it relates to the property which is the subject of the development application.

Finding: This application is not for development.

Finding: This area of land is generally contiguous to the City on two sides.

CONCLUSIONS:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and

2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.

3. Complies with State laws.

4. Complies with the applicable Comprehensive Plan policies and map designation; and the zone change will not adversely affect the health, safety, and welfare of the community;

5. The City's Comprehensive Plan and ordinances have been acknowledged by the State.

6. Meets the standards applicable of any provision of this Code or other applicable implementing ordinance.

7. The property is contiguous to the City Limits.

8. The zone should be R-7, Moderate Residential in keeping with the Comprehensive Plan Map and policies of the Plan.

9. The new designation should be SR, Suburban Residential on the Comprehensive Plan Map after annexation is completed.

10. The land should be designated as Developing in accordance with Chapter 1.150 of the St. Helens Community Development Code and OAR 660-08.0005.

The Planning Commission held a public hearing and based upon the evidence in the record, recommends annexation of the property at 34663 Bachelor Flat Road with a recommendation to change the comprehensive plan map designation to Suburban Residential and the zone map to R-7, Moderate Residential and to classify the land as "developing" and to add a condition of approval that the abutting road be improved to City Standards or a Waiver of Remonstrance for a future Local Improvement District be recorded for the same improvement requirements as found in the City's agreement with Columbia County.

The City Council held a public hearing and based upon the evidence in the record, the criteria, and the recommendation of the Planning Commission approved the application to annex

property at 34663 Bachelor Flat road and once the voters approve this annexation, to change the Comprehensive Plan Map to show this site as SR for Suburban Residential designation, to change the Zone Map for this site to be R-7, Moderate Residential, and to classify this site as “developing” with one additional condition of approval that the owners improve the street abutting this site to City Standards or sign a Waiver of Remonstrance for future Local Improvement District to improve the abutting street to City Standards.
