Before the Common Council  
of the  
City of Cave Junction  

Regarding: Zone Change - 535 E. River Street (Single Family Residential to Public Uses)  

Property Owner: Illinois Valley Family Coalition Inc.  
Applicant: Illinois Valley Family Coalition Inc.  

This request came before the Common Council of the City of Cave Junction on May 14, 2007 for a public hearing at the request of the Illinois Valley Family Coalition, who requested approval of a zone change from Single Family Residential (SR) to Public Uses (P) for two parcels of land at 535 E. River St., more particularly described as 39-08-22-BA, tax lots 102 and 201.

There being no objection to the authority of the Council to hear the matter, the public hearing was opened.

1. CRITERIA FOR DECISION:

1.1 EVIDENTIARY CRITERIA: Section 17.14.510 (B) states that a decision to approve, approve with conditions or to deny an application for a quasi-judicial amendment shall be based on all of the following criteria:

1.1.1 Demonstration of compliance with all applicable comprehensive plan policies and map designations. Where this criterion cannot be met, a comprehensive plan amendment shall be a prerequisite to approval.

1.1.2 Demonstration of compliance with all applicable standards and criteria of this Code, and other applicable implementing ordinances.

1.1.3 Evidence of a change in the neighborhood or community or a mistake or inconsistency in the comprehensive plan or land use district map regarding the property which is the subject of the application; (and the provision of Section 17.14.450 Transportation Planning Rule Compliance, as applicable).

1.2 APPROVAL CRITERIA

1.2.1 Municipal Code 17.18.010 - Purpose of the Public Uses District  
1.2.2 Municipal Code 17.18.020 - Permitted Uses  
1.2.3 Municipal Code 17.20.010 - Purpose of the Single Family Residential District  
1.2.4 Municipal Code 17.14.510 - Criteria for a Zone Change  
1.2.5 City of Cave Junction Comprehensive Plan
2.0 EVIDENCE AND FACTS: The Common Council considered the following evidence and testimony:

2.1 TESTIMONY: Written and oral testimony from Staff, who discussed the salient aspects of the application noting the following:

2.1.1 Written Staff Report
2.1.2 Jerry Schaeffer, IVFD Fire Marshall, No Concerns
2.1.3 Oregon Department of Transportation, No Comments

2.2 Oral testimony from Mary Reynolds, requesting clarification on lot development history.
2.3 Oral testimony from Sally Palmer, requesting clarification on abutting property zoning and the timing of the request.
2.4 Oral testimony from Holger Sommer, expressing the same concerns cited during the hearing on the zone change requested by the Three Rivers School District (notification to DLCD and any comments received) and mentioning that this change could pressure abutting property owners to request changes.

3.0 JUSTIFICATION: The Council accepted the following findings to justify the decision:

3.1 CURRENT ZONING/COMPREHENSIVE PLAN
   Current Zone: SR (Single Family Residential)
   Comprehensive Plan: SR (Single Family Residential)

3.2 Proposed Zoning/Comprehensive Plan
   Proposed Zone: P (Public Uses)
   Proposed Comprehensive Plan: P (Public Uses)

3.3 Consistency with Comprehensive Plan
3.3.1 Goal #2 - Land Use Planning
The Comprehensive Plan Land Use Plan Map which indicates anticipated location of various Public uses, would be amended to reflect the new Public Zoning.

3.3.2 Goal #9 - Economy of the State
The IV Family Coalition is recognized as an integrated “public” service center for the Illinois Valley. Many individuals and families have moved to this area and may need the services they provide. The IV Family Coalition also provides employment opportunities for residents of Cave Junction.

3.3.3 Goal #11 - Public Facilities and Service - Government, Civic, Social Organizations and Churches
The Comprehensive Plan noted the following for Public and Quasi-Public:
"The City is sponsoring the construction of an integrated service center where full social services can be provided at one location."
3.3.4 Goal #14 - Land Use and Urbanization - Land Use Designation

The Comprehensive Plan cited the following for Public and Quasi-Public: These uses are primarily government buildings, schools, parks and other public facilities, and large quasi-public uses such as the cemetery. This designation is applied to existing uses which are intended to be maintained in public or quasi-public use through the planning period.

3.4 Public Facilities and Service
The IV Family Coalition is connected to City water and sewer.

The Illinois Valley Fire District provides Fire Protection and has no concerns at this time.

3.5 Access
Access to the facilities is off of E. River Street, through tax lot 201. Parking is adequate for the facility.

The Department of Transportation (ODOT) has reviewed the proposal to determine if state facilities will be substantially impacted by traffic increases, which result from plan amendments or zone changes. They have no comment.

3.6 Consistency with the Zoning Ordinance
The Illinois Valley Family Coalition has remained in compliance with the Conditional Use Permit and conditions of approval. This zone change recognizes the existing and future public use of the property as being compatible with adjacent residential and public areas and the Municipal Code Public Uses District, Chapter 17.18.010 and Chapter 17.18.020 (F & G). The public uses include the following agencies: Vietnam Veterans of America; IV Safe House Alliance; On Track; Mental Health; Family Friends; Senior & Disability Services; Human Services; Early Intervention; IV Alternative Center; National Federation of the Blind. The purpose of the Public Uses District is to provide for the uses of various units of government as they serve the public interest. Generally, the land and waters of the public uses district will be in public ownership. Uses in the public district are to operate with buffering or other mitigating measures so they are compatible with adjacent residential and commercial areas and special features of the environment.

The following uses are permitted outright in the public district, subject to site plan review, development standards, or other code requirements:

A. Government offices, libraries, community halls, post offices, public museums and public parking lots.
B. Fire and police stations, ambulance and other emergency services.
C. Public and parochial schools and similar educational facilities.
D. Municipal water treatment plants, storage tanks, and related facilities.
E. Municipal sewage treatment plants, pump stations, and related facilities.
F. Out-patient medical clinics, counseling, and other neighborhood or community public assistance center.
G. Public and quasi-public utility buildings, structures, and uses, but not including outside storage or repair of equipment and materials, warehouses, and similar uses.

H. Parks and recreational facilities that are intended to provide for the recreational or park needs of the neighborhood, community, or river users; including open parklands, play fields, playgrounds, swimming pools, multi-purpose recreation buildings, passive and picnic areas, bikeways, pedestrian walkways, river access, including boat launch ramps, and other such facilities determined by the Planning Commission to be similar.

I. Approved drop-off areas or bins for charitable donations.

4. CONCLUSION: The proposed comprehensive plan amendment and zone change is the result of the applicant’s desire to bring the zoning of the property into compliance with the actual use.

5. DECISION: Therefore, based on the staff report, evidence submitted into the record and testimony from witnesses, the Common Council of the City of Cave Junction, upon a motion by Margaret Miller and a vote of 4-0 (Mayor Tony Paulson was excused), approved the request for the zone change from Single Family (SR) to Public Uses (P) for the property located at 535 E. River Street, more particularly described as Assessor’s Map 39-08-22-BA, tax lots 102 and 201.

PUBLIC HEARING - ZONE CHANGE (IV Family Coalition): The request for a zone change from Single Family to Public Uses for the property at 535 E. River Street, submitted by the Illinois Valley Family Coalition was briefed. Helen Early read the staff report into the record to include the criteria, findings and conclusion. Dan opened the public hearing. Carol Ronan, Executive Director of Family Coalition, addressed the Council, stating she had nothing more to add but was available to answer questions. Mary Reynolds, 597 E. River requested and received clarification on the history of the development. Sally Palmer, 4203 Cave Hwy., inquired about neighboring zones, and asked if there was a rule regarding the same zone type on 3 of 4 sides to ensure a flow of zones. Helen responded, that to her knowledge, there is no such rule regarding neighboring zones, and that the abutting properties to the east and to the north, across River St., were zoned Public Uses. Sally questioned why the zone change was being done now and was answered that at the time of the original development, there was no specific zone to cover the public and quasi-public use for the various coalition businesses. Holger Summer, 2000 Hugo Rd., Merlin, stated he had the same concerns as on prior zone change agenda item and made mention of potential pressure on neighboring areas to request zone changes. No additional testimony was offered and the public hearing was closed. Margaret made a motion to approve the zone change request for the IV Family Coalition from Single Family to Public Use. The motion carried 4-0 on a roll-call vote with Margaret, Lynne, Russell and Dan voting in assent.
