summarize the adopted amendment. Do not use technical terms. Do not write “See Attached”.

the silvertown city council adopted the economic opportunities analysis report as a support document to the 2002 silvertown comprehensive plan by adopting resolution no 07-08. The silvertown planning commission also adopted the report by unanimous approval of Resolution PC-07-01. This support document has caused the city council to direct staff to take additional review of lands that could be redesignated for industrial purposes and possibly expand the urban growth boundary to ensure that adequate industrial land is available to meet the anticipated need. This effort is underway and actual comprehensive plan re-designations and/or expansion of the urban growth boundary with re-designation of land will be processed through land use reviews.

CITY OF SILVERTON
RESOLUTION NO. 07-08

A RESOLUTION ADOPTING AN INDUSTRIAL ECONOMIC OPPORTUNITIES ANALYSIS (EOA) SUPPORTING THE NEED FOR ADDITIONAL INDUSTRIAL LANDS WITHIN THE SILVERTON URBAN GROWTH BOUNDARY.

WHEREAS, Leland Consulting Group of Portland completed an Industrial Economic Opportunities Analysis (EOA) for the City of Silverton in November 2006, in conjunction with a grant from the Oregon Department of Land Conservation and Development (DLCD); and

WHEREAS, EOA development included significant stakeholder input in the summer of 2006, including interviews with local and regional economic development officials, local employers, city councilors, planning commission members and others; and

WHEREAS, the EOA indicates a need for a minimum of 88 gross acres of industrial land to be used for employment related activities, in addition to the 18 current acres (excluding constrained property) of industrial land to satisfy the City’s economic goal to “diversify and improve the economy of Silverton;” and

WHEREAS, while the majority of the current unconstrained industrial land resides in the Silverton Industrial Park, there is a small amount of remaining unconstrained land, and additional sites will need to be found; and

WHEREAS, there are opportunities for industrial area expansion for small, medium, and large businesses in locations with good access to arterials and highways in the City, Urban Growth Boundary (UGB) and the region; and

WHEREAS, it is possible to make available additional industrial lands through land annexation, redesignation of current land, and/or UGB expansion; and

WHEREAS, the Planning Commission held a duly advertised work session on the EOA on December 12, 2006, and recommended clarifications to the document that have been included within an Errata Sheet. The Planning Commission then held a duly advertised public hearing on January 9, 2007 to take testimony from interested citizens and deliberated with the following findings:

1. There is a need for additional industrial lands. In considering where these lands should be located, the following factors should be considered:
   a. These lands should provide for a variety of sizes of parcels at more than one location to provide for user choice.
   b. Compatibility issues should be considered in the location of any additional industrial lands.
   c. The desire is to provide additional industrial land for industries/employers that will bring family wage jobs.
   d. A planning effort needs to be undertaken to determine the most appropriate location for
additional industrial lands with input/direction from the City Council.

2. The EOA be recommended for adoption by the City Council; and

WHEREAS, the City Council after appropriate legal notice, has provided the opportunity for comment from interested parties, reviewed all matters presented to it, and has reviewed the Silverton Planning Commission’s recommendations related to the EOA, including the proposed Errata Sheet.

NOW THEREFORE, the City Council of the City of Silverton resolves to adopt the EOA as a supporting document to Comprehensive Plan and that this document be used to help direct future planning efforts that may include amendments to the Comprehensive Plan and directs staff to review opportunities with the Planning Commission for additional industrial lands for the City of Silverton that may include land annexation, redesignation of current land, Urban Growth Boundary expansion, or a combination of these approaches, returning to Council with these recommendation for final consideration at a later date.

Upon motion duly made and seconded, the foregoing resolution was adopted and the Mayor declared said resolution to be adopted this 5th day of February, 2007.

Bryan Cosgrove, City Manager
A RESOLUTION RECOMMENDING THAT THE CITY COUNCIL APPROVE THE NOVEMBER 2006 INDUSTRIAL ECONOMIC OPPORTUNITIES ANALYSIS AND CONDUCT A CONCURRENT PUBLIC HEARING.

WHEREAS, Leland Consulting Group of Portland completed an Industrial Economic Opportunities Analysis (EOA) for the City of Silverton in November 2006, in conjunction with a grant from the Oregon Department of Land Conservation and Development (DLCD); and

WHEREAS, EOA development included significant stakeholder input in June 2006, including interviews with local and regional economic development officials, local employers, city councilors; planning commission members and others; and

WHEREAS, the EOA indicates a need for 84 gross acres of industrial land to be used for employment related activities, in addition to the 18 current acres (excluding constrained property) of industrial land to satisfy Oregon Statewide Planning Goal #9 (Economic Development) and the City's economic goal to "Diversify and improve the economy of Silverton;" and

WHEREAS, while the vast majority of the current unconstrained industrial land resides in the Silverton Industrial Park, where there is a small amount of remaining unconstrained land, and additional sites will need to be found; and

WHEREAS, the EOA suggests there are likely opportunities for industrial area expansion for small, medium and large businesses in locations with good access to arterials and highways throughout the City, Urban Growth Boundary (UGB) and region; and

WHEREAS, it is possible to designate additional industrial lands through rezoning of current commercial, residential or other land, mitigation of wetlands, land annexation and/or UGB expansion; and

WHEREAS, the Planning Commission of the City of Silverton adopts the following findings:

1. The required 45-day notice of proposed modifications to planning efforts was provided to DLCD on November 28, 2006. That the Public Hearing referenced in #2 below has been legally advertised on December 20, 2006 (Silverton Appeal block ad) and again on January 3, 2007 (Appeal press release).

2. A Public Hearing was held before the Planning Commission on January 9, 2007 and all interested members of the public were given an opportunity to present testimony. The City Council public hearing is scheduled for February 5, 2007 and was legally advertised on January 3, 2007 (Appeal press release).

3. Additional detail is provided in the EOA Staff Report to the Planning Commission (January 9, 2007), a copy of which is attached as Exhibit “A”. 
NOW THEREFORE, the Planning Commission of the City of Silverton resolves;

That the Planning Commission has reviewed the submitted EOA and supporting Staff Report and recommends its inclusion as a supporting document to future planning efforts that may include amendments to the Comprehensive Plan or other planning regulations, and directs the City Council to consider this report and provide additional direction for needed planning actions; and

To recommend that the City Council conduct its own Public Hearing to obtain resident and businessperson input as to designation and location of additional industrial lands.

Upon motion duly made and seconded, the foregoing resolution was adopted and the Chairman declared said resolution to be adopted this 9th day of January, 2007.
