**TO:** Subscribers to Notice of Adopted Plan  
or Land Use Regulation Amendments

**FROM:** Mara Ulloa, Plan Amendment Program Specialist

**SUBJECT:** City of Newberg Plan Amendment  
DLCD File Number 008-08

The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures\*

**DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL:** Thursday, December 11, 2008

This amendment was submitted to DLCD for review prior to adoption. Pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

**\*NOTE:** THE APPEAL DEADLINE IS BASED UPON THE DATE THE DECISION WAS MAILED BY LOCAL GOVERNMENT. A DECISION MAY HAVE BEEN MAILED TO YOU ON A DIFFERENT DATE THAT IT WAS MAILED TO DLCD. AS A RESULT, YOUR APPEAL DEADLINE MAY BE EARLIER THAN THE ABOVE DATE SPECIFIED.

Comprehensive Plan Text Amendment

Comprehensive Plan Map Amendment

Land Use Regulation Amendment

Zoning Map Amendment

New Land Use Regulation

Other:

Summarize the adopted amendment. Do not use technical terms. Do not write "See Attached".

Zoning map amendment from M-1 (limited industrial) to M-2 (light industrial). The site has a MIX (mixed use) comprehensive plan designation, which allows commercial and light industrial zones/uses. The M-2 zone has the same development standards as the M-1 zone, so the buildings under construction will not become non-conforming. The M-2 zone allows a wider range of uses than the M-1 zone, including some slightly heavier industrial uses, but will still be compatible with the surrounding uses.

Does the Adoption differ from proposal? No, no explanation is necessary

## ORDER NO. 2008-0018

---

**AN ORDER ADOPTING A ZONING MAP AMENDMENT FROM M-1 (LIMITED INDUSTRIAL) TO M-2 (LIGHT INDUSTRIAL) FOR A PARCEL LOCATED AT 2401 E. HANCOCK STREET, YAMHILL COUNTY TAX LOT # 3220AB-202.**

---

### RECITALS:

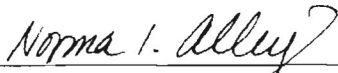

1. On August 4, 2008, Total Concept Development LLC submitted an application for a zoning map amendment for a 1.4 acre parcel located at 2401 E. Hancock Street. The site has a Mixed Use (MIX) comprehensive plan designation and a M-1 (Limited Industrial) zoning designation. The applicant is requesting a zone change to M-2 (Light Industrial). The Mixed Use comprehensive plan designation allows both commercial and light industrial uses, so the applicant does not need to request a concurrent comprehensive plan map amendment.
2. On October 9, 2008, the Planning Commission held a hearing to consider the request, heard testimony in favor of the application, and discussed the relevant criteria. The commissioners unanimously approved Resolution 2008-257, which recommended that the City Council approve the zoning map amendment as requested.
3. After proper notice, on November 3, 2008, the Newberg City Council held a hearing to consider the request.
4. The City Council finds that the proposal is consistent with and promotes the goals and policies of the comprehensive plan and development code, and meets the criteria for a zoning map amendment.

### THE CITY OF NEWBERG ORDERS AS FOLLOWS:

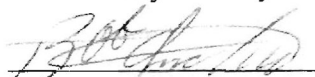

1. The Newberg zoning map as shown in Exhibit "D" is hereby amended to change the designation of tax lot # 3220AB-202 described in Exhibit "B" from M-1 (Limited Industrial) to M-2 (Light Industrial). Exhibits "B", "C", "D" and "E" are hereby adopted and by this reference incorporated.
2. The findings shown in Exhibit "A" are hereby adopted and by this reference incorporated.

➤ **EFFECTIVE DATE** of this order is the day after the adoption date, which is: November 4, 2008.

**ADOPTED** by the City Council of the City of Newberg, Oregon, this 3rd day of November, 2008.

### QUASI-JUDICIAL HISTORY

By and through the Planning Commission at their October 9, 2008 meeting.

**EXHIBIT A: ZONING MAP AMENDMENT FINDINGS**  
**ZMA-08-002**  
**2401 E. Hancock Street**

*A. The proposed change is consistent with and promotes the objectives of the Newberg Comprehensive Plan and this Code.*

**1. Comprehensive Plan Description**

**Mixed Use (MIX)**

The objective of this designation is to provide a compatible mixture of commercial, office, employment and high density residential uses. Commercial uses are intended to include neighborhood convenience uses such as convenience retail businesses, retail food establishments, personal service establishments, institutional uses and professional offices. Office employment uses may include office buildings, banks, theaters, and other similar types of facilities. Residential uses will be primarily multi-plexes and low or medium rise multi-family dwellings. Light industrial uses which are compatible with the general character of the area may also be permitted.

Due to the area's location, development should not be limited to a single type of use. Instead, this designation provides flexibility and recognizes that certain commercial, residential and industrial activities can be located together without conflicts. Proposals for the mixed use area shall be consistent with the availability of services and should not adversely impact existing or potential development of adjacent lands.

**FINDING:** The request to amend the zoning designation from M-1 (Limited Industrial) to M-2 (Light Industrial) is consistent with the intent of the Mixed Use comprehensive plan designation, which recognizes that light industrial uses can be compatible with commercial uses.

**2. Development Code - Description and Purpose**

**M-1 Limited Industrial District**

The M-1 Limited Industrial District is intended to create, preserve and enhance areas containing manufacturing and related establishments with limited external impact, and with an open and attractive setting. The M-1 Limited Industrial District is typically appropriate to locations near major thoroughfares and non-manufacturing areas. The M-1 District is intended to be consistent with the "industrial" and "mixed use" designations of the comprehensive plan

**M-2 Light Industrial District**

The M-2 Light Industrial District is intended to create, preserve and enhance areas containing a wide range of manufacturing and related establishments, and is typically appropriate to areas providing a wide variety of sites with good rail or highway access. The M-2 District is intended to be consistent with the "industrial" designation of the comprehensive plan.

**151.267 COMPREHENSIVE PLAN AND ZONING DESIGNATIONS.**

(A) The comprehensive plan map designation of the property at the time of annexation shall be used as a criterion to determine whether or not the proposed request complies with the Newberg comprehensive plan. A redesignation of the comprehensive plan map may be requested concurrent with annexation. The proposed redesignation shall then be used to determine compliance with the Newberg comprehensive plan.

(B) Upon annexation, the area annexed shall be automatically zoned to the corresponding land use zoning classification which implements the Newberg comprehensive plan map designation. The corresponding designations are shown in the table below. The procedures and criteria of § 151.122 shall not be required.

| <b>Comprehensive Plan Classification</b> | <b>Appropriate Zoning Classification</b>       |
|--|--|
| OS                                       | Any zoning classification                      |
| LDR                                      | R-1  |
| MDR                                      | R-2  |
| HDR                                      | R-3  |
| COM                                      | C-1, C-2, or C-3 as determined by the Director |
| MIX                                      | C-2, M-1, or M-2 as determined by the Director |
| IND                                      | M-1, M-2, or M-3                               |
| PQ                                       | Any zoning classification                      |
| P/PP                                     | Any zoning classification                      |

**FINDING:** The objective of the Mixed Use comprehensive plan designation is to allow a compatible mixture of commercial, residential and industrial uses. The zoning district description shows that the M-1 Limited Industrial district is compatible with Industrial or Mixed Use comprehensive plan designations. The M-2 district is defined as light industrial, which is typically compatible with Industrial comprehensive plan designations. The annexation section of the development code states that the Mixed Use comprehensive plan designation corresponds to the C-2, M-1 or M-2 zoning districts, as determined by the Director. In this case the applicant is constructing three light industrial buildings on the site. The buildings have flexible internal configurations and are intended to be divided into as many as fifteen separate spaces. The buildings do not have loading docks for heavy equipment or high-volume deliveries, and will not have regular deliveries by large semi trucks. Their design is for multiple small light industrial businesses and is therefore not conducive to some of the heavier types of manufacturing allowed in the M-2 zone. A zone change from M-1 to M-2 for this particular site would therefore be compatible with the Mixed Use comprehensive plan designation.

### 3. Comprehensive Plan Goals and Policies

**LAND USE PLANNING GOAL:**

Policy 3. Industrial land use needs shall be periodically evaluated.

Policy 4. When Comprehensive Plan statements conflict, the relative importance of the statements should be balanced by giving consideration to existing and future public needs, impacts on surrounding areas, and the effect of any precedent that may be established.

**FINDING:** The proposed change from M-1 to M-2 would not reduce the amount of industrial land within the city. This is significant because industrial land is a resource that drives much of Newberg's future economic development. The applicant has found that the uses allowed within the M-1 zone are very limited, and that many potential light industrial businesses that are interested in leasing space would be allowed if the site was zoned M-2.

There was a related zone change application in 2004, when a zone change from C-2 to M-2 was approved for a nearby site within the Mixed Use comprehensive plan area (Ordinance 2004-2614). The owner of that site is Action Equipment. Action Equipment is a heavier type of industrial use than would be possible at the Total Concept site. Action Equipment has been in operation for over a year and has proved compatible with the surrounding commercial and residential uses. It serves as a good precedent that M-2 industrial uses can be consistent with the Mixed Use comprehensive plan designation.

***B. Public facilities and services are or can be reasonably made available to support the uses allowed by the proposed change.***

**FINDING:** Water, sanitary sewer and storm drainage are available to support the uses allowed by the proposed changes. The City of Newberg provides police and fire protection to the site.

***C. Compliance with the State Transportation Planning Rule (OAR 660-012-0060) for proposals that significantly affect transportation facilities.***

**FINDING:** The proposed zone change is not expected to have any effect, either positive or negative, on the amount of traffic generated by this site. The M-2 zone allows more types of uses than the M-1 zone allows, but they are not expected to generate more trips during the PM peak hour on Highway 99W. This proposal therefore will not significantly affect transportation facilities.

**CONCLUSION:** The proposed reclassification from M-1 to M-2 meets the applicable criteria and is consistent with the Comprehensive Plan.

## EXHIBIT E: M-1 & M-2 PERMITTED USES

### Part 8. M-1 LIMITED INDUSTRIAL DISTRICT

#### 151.385 DESCRIPTION AND PURPOSE.

The M-1 Limited Industrial District is intended to create, preserve and enhance areas containing manufacturing and related establishments with limited external impact, and with an open and attractive setting. The M-1 Limited Industrial District is typically appropriate to locations near major thoroughfares and non-manufacturing areas. The M 1 District is intended to be consistent with the "industrial" and "mixed use" designations of the comprehensive plan.

(Ord. 96-2451, passed 12-2-96)

#### 151.386 PERMITTED BUILDINGS AND USES.

In the M-1 Limited Industrial District, the following buildings and uses are permitted as hereinafter specifically provided, subject to the general provisions and exceptions set forth in this code.

(A) Accessory buildings and uses normal and incidental to the buildings and uses permitted in this section and § 151.387.

(B) Athletic facilities.

(C) Blueprinting.

(D) Dwelling unit for a caretaker or superintendent whenever the use requires the on-site residence of such person.

(E) Laboratories, general.

(F) Manufacturing and assembling of precision optics.

(G) Manufacturing and assembling of precision testing equipment.

(H) Manufacturing, assembling, testing and repairing of components, devices, equipment and systems of an electronic or electromechanical nature, such as, but not limited to:

(1) Audio systems and phonographs.

(2) Coils, tubes, semi-conductors and similar components.

(3) Communication, navigation, trans-mission and reception equipment, control equipment and systems.

(4) Data processing equipment and systems.

(5) Metering instruments.

(6) Radar, infra-red and ultraviolet equipment.

(7) Radio and television equipment.

(8) Scientific and chemical instruments.

(I) Manufacturing of ceramic products using only previously pulverized clay and fired in kilns using low pressure gas or electricity (brick and tiles not permitted).

(J) Offices for engineers, architects, landscape architects, surveyors, and those engaged in the practice of designing, drafting or graphics.

(K) Open space.

(L) Parking areas; public and private.

(M) Parking garages; public and private.

(N) Photographic film processing, photoengraving, photocopying and photostating.

(O) Planned unit development.

(P) Public and semi-public buildings.

- (Q) Restaurants.
- (R) Roller skating rink.
- (S) Service stations.
- (T) Storage buildings and warehouses for household or consumer goods.
- (U) Telecommunication facility, including radio towers and transmitters which are incorporated into an existing structure or an existing utility pole, and which will not extend above the existing structure more than 18 feet.
- (V) Transit centers.
- (W) Transportation facilities and improvements.
- (X) Wholesale businesses, provided all material storage is within an enclosed building.
- (Y) Any other building or uses determined to be similar to those listed in this section. Such other uses shall not have any different or more detrimental effect upon the adjoining neighborhood area than the buildings and uses specifically listed in this section.

(Ord. 96-2451, passed 12-2-96; Am. Ord. 2000-2536, passed 11-6-00; Am. Ord. 2005-2619, passed 5-16-05)

### 151.387 BUILDINGS AND USES PERMITTED CONDITIONALLY.

In addition to the buildings and uses permitted conditionally, listed in § 151.211, the Planning Commission may grant a conditional use permit for any of the following buildings and uses in accordance with a Type III procedure:

- (A) Contractor's equipment or storage.
- (B) Dwellings, in conjunction with a permitted use.
- (C) Manufacturing, compounding, bottling, processing, packaging, or treatment of food and beverage products.
- (D) Recreational vehicle parks.
- (E) Telecommunication facility, including radio towers and transmitters which are either freestanding or which are incorporated into an existing structure or an existing utility pole, and will extend above the existing structure more than 18 feet.
- (F) Any other building or uses determined to be similar to those listed in this section. Such other uses shall not have any different or more detrimental effect upon the adjoining neighborhood area than the buildings and uses specifically listed in this section.

(Ord. 96-2451, passed 12-2-96; Am. Ord. 2000-2536, passed 11-6-00)

## **Part 9. M-2 LIGHT INDUSTRIAL DISTRICT**

### 151.400 DESCRIPTION AND PURPOSE.

The M-2 Light Industrial District is intended to create, preserve and enhance areas containing a wide range of manufacturing and related establishments, and is typically appropriate to areas providing a wide variety of sites with good rail or highway access. The M-2 District is intended to be consistent with the "industrial" designation of the comprehensive plan.

(Ord. 96-2451, passed 12-2-96)

### 151.401 PERMITTED BUILDINGS AND USES.

- (A) In the M-2 Light Industrial District, the following buildings and uses are permitted as hereinafter specifically provided.

(B) The buildings and uses are subject to the general provisions and exceptions set forth in this code:
