EXHIBIT B
RESOLUTION NO. 1701

1. City of Cottage Grove has made an application to redesignate 80.55 acres of land described as Map 20-03-22-40 TL 102, 200, 300, 400 and Map 20-03-27-20 TL 3203, and comprising the Middlefield Golf Course, and adjacent subsidiary property owned by the City of Cottage Grove from T Tourist Commercial and P Parks & Open Space; to redesignate 47.92 acres of property described as Map 20-03-27-20 TL 200 and comprising the North Regional Park from C Community Commercial to P Parks & Open Space; to redesignate 1.21 acres of land described as Map 20-03-27-21 TL 100 & 200 and comprising the Middlefield Recreation Center at 98 Village Drive and the original model home for Middlefield Estates at 101 Village Drive from T Tourist Commercial to M Medium Density Residential; and to redesignate two lots adjacent to the Middlefield Estates owned by Kristen Woodard LLC described as Map 20-03-27-20 TL 3202 and 3204 from T Tourist Commercial to M Medium Density Residential.

2. The lands to be redesignated as P Parks & Open Space comprise a golf course under City ownership (Middlefield Golf Course), the City's North Regional Park, and three small parcels adjacent to these larger uses (two tiny parcels used for outdoor advertising along I-5, and one parcel owned by the City that is accessory to the golf course). Redesignation as Parks & Open Space will clarify the City's long term intent to maintain these properties as open space and will allow for the rezoning of these properties to PR Parks & Recreation. Under the PR district, the existing uses will be allowed outright.

3. The lands to be redesignated as M Medium Density Residential include a manufactured home (at 101 Village Drive) that is part of Middlefield Estates, a recreation center for Middlefield Estates, a vacant lot adjacent to the recreation center, and an RV storage lot used by the owners of Middlefield Estates. These uses are not allowed under their current zoning either outright or conditionally. Redesignation to M Medium Density Residential will allow for rezoning to R-2 Medium Density Multiple Family Residential. Under the R-2 zone, all of the existing uses except for the RV storage will be allowed either outright or conditionally. As the current uses are integral to the function of Middlefield Estates, a medium density development, their redesignation to M Medium Density Residential is an appropriate application of the Comprehensive Plan's land use designations.

4. The City of Cottage Grove Comprehensive Plan, under "The Plan in General," states that it contains broad generalized patterns of land use for those areas in which a given land use is best suited, where a land use is compatible to surrounding land uses and where the need for a given land use exists.

5. The City Comprehensive Plan also states that the plan is not complete. It is subject to revision to meet the many possible economic, political and technological events that might occur in the future. The plan must also remain flexible and responsive to the citizens in reflecting their desire and needs to remain current and reflect the changing form of the community.

6. When the City purchased the North Regional Park property with federal funds, a restriction was placed on the use of the property (through the use of the funds), dedicating it for public use for 99 years. Its current designation as C Commercial is inappropriate in consideration of its proposed long-term use and existing development as a natural resource area.

7. When the Middlefield Golf Course properties were brought into the urban growth boundary, the developers intended on developing the properties for Commercial Tourist Limited purposes – an amusement park, golf course, or similar use. In 2008, the City purchased the Middlefield Golf Course with the express intent of using the property to discharge effluent from the waste water treatment facility. This use is proposed in the City's master wastewater plan and is part of the City's NPDES permit for the wastewater treatment plant. Hence the City has made a long-term commitment to maintain the golf course as permanent open space. As the properties are dedicated
for permanent open space and/or are accessory uses to permanent open space, their designation as Parks & Open Space more correctly represents the intent of the City Council and the citizens of Cottage Grove.

8. The subject parcels at 101 Village Drive, 98 Village Drive, and the RV storage lot owned by Kristen Woodard were developed as accessory uses to Middlefield Estates, a medium density residential designated subdivision at the end of Village Drive (and surrounded by the golf course). These properties are immediately adjacent to Middlefield Estates to the north and remain substantially as part of Middlefield Estates.

9. Adequate public facilities, including water, sewer, streets, etc. are either already provided or available to the sites.

10. The following Statewide Planning Goals are not applicable to the proposed redesignation: Goal 3 - Agricultural Lands; Goal 4 - Forest Lands; Goal 11 - Public Facilities and Services; Goal 17 - Coastal Shorelands; Goal 18 - Beaches & Dunes; and Goal 19 - Ocean Resources.

11. The following Statewide Planning Goals are applicable and the amendment complies with them as noted below:

   a. Goal 1 - Citizen Involvement. Public hearings have been held at the Planning Commission and City Council levels to consider this redesignation. Our process involves various forms of notification of the public in the immediate area, notification in local media, and notification of impacted governmental agencies and recognized neighborhood groups.

   b. Goal 2 - Land Use Planning. The City has established a land use planning process and policy framework as a basis for all decisions and actions related to use of land and to assure an adequate factual base for such decisions and actions. The proposed change followed the process established in Title 14 of the City of Cottage Grove Municipal Code and has been found compatible with the City's Comprehensive Plan.

   c. Goal 5 - Open Spaces, Scenic & Historic Areas and Natural Resources. The North Regional Park and the Middlefield Golf Course properties contain known wetland and riparian areas associated with the Row River and Coast Fork of the Willamette River. These resources will be better protected through their designation as parks & open space, as this change protects these properties from redevelopment for intensive commercial use.

   d. Goal 6 - Air, Water & Land Resources Quality. Development of these properties will comply with city, state and federal standards to protect air and water quality. No identified natural resources are being degraded by this redesignation, as this change protects these valuable resources from future development for intensive commercial use.

   e. Goal 7 - Areas Subject to Natural Disasters and Hazards. The North Regional Park and Middlefield Golf Course are subject to flooding and contain known wetlands. Steps will be taken to protect life and property from natural disasters and hazards during any future development, which will be limited by uses proposed for park and open space uses.

   f. Goal 8 - Recreational Needs. This redesignation formalizes past and current City planning efforts which have designated the North Regional Park and the Middlefield Golf course as open space.

   g. Goal 9 - Economic Development. This redesignation removes almost 130 acres of lands designated in the long-term through other planning mechanisms for open space use from the City's economic lands inventory. This allows the City to property evaluate our 20-year land supply for commercial development without having the outcomes of such a survey confused by the presence of open space on commercially designated lands.

   h. Goal 10 - Housing. This redesignation removes four properties inappropriately designated as Tourist Commercial but used for residential purposes from the City's inventory of economic lands.

j. Goal 14 – Urbanization. The areas are already in Cottage Grove’s urban growth boundary. No changes will be made to the city’s boundary.

k. Goal 15 – Willamette River Greenway. Only the upper edge of the North Regional Park property is within the Willamette River Greenway. The property’s redesignation from C Community Commercial to P Parks & Open Space is an important step to preserving this resource.

12. The property owners of the lands involved in the Plan Amendment are in favor of the redesignation.

13. The proposed changes are in the public’s interest; are in keeping with the development pattern in this area of the city; are in keeping with the intent of the City Comprehensive Plan; and serve the public’s health, safety and welfare.
