NOTICE OF ADOPTED AMENDMENT

2/3/2010

TO: Subscribers to Notice of Adopted Plan
or Land Use Regulation Amendments

FROM: Plan Amendment Program Specialist

SUBJECT: City of Hillsboro Plan Amendment
DLCD File Number 007-09

The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. Due to the size of amended material submitted, a complete copy has not been attached. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures*

DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL: Tuesday, February 16, 2010

This amendment was submitted to DLCD for review prior to adoption with less than the required 45-day notice. Pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

***NOTE:** THE APPEAL DEADLINE IS BASED UPON THE DATE THE DECISION WAS MAILED BY LOCAL GOVERNMENT. A DECISION MAY HAVE BEEN MAILED TO YOU ON A DIFFERENT DATE THAT IT WAS MAILED TO DLCD. AS A RESULT, YOUR APPEAL DEADLINE MAY BE EARLIER THAN THE ABOVE DATE SPECIFIED.

Cc: Debbie Raber, City of Hillsboro
Gloria Gardiner, DLCD Urban Planning Specialist
Jennifer Donnelly, DLCD Regional Representative

Notice of Adoption

THIS FORM **MUST BE MAILED TO DLCD**
WITHIN 5 WORKING DAYS AFTER THE FINAL DECISION
PER ORS 197.610, OAR CHAPTER 660 - DIVISION 18

Jurisdiction: **Hillsboro**

Local file number: **ZC 7-09**

Date of Adoption: **1/19/2010**

Date Mailed: **1/26/2010**

Was a Notice of Proposed Amendment (Form 1) mailed to DLCD? **Yes** Date: **11/18/2009**

Comprehensive Plan Text Amendment

Comprehensive Plan Map Amendment

Land Use Regulation Amendment

Zoning Map Amendment

New Land Use Regulation

Other:

Summarize the adopted amendment. Do not use technical terms. Do not write "See Attached".

Zoning Map changed to apply recently adopted AU Airport Use zone to 189 Airport properties and six recently adopted ASCO Airport Safety and Compatibility Overlay zones to 5861 surrounding properties. Creation and application of new zones required by OAR 660-13.

Does the Adoption differ from proposal? **No, no explanation is necessary**

Plan Map Changed from:

to:

Zone Map Changed from: **multiple zones**

to: **AUZ; ASCO Zones 1-6**

Location: **Approximately 6000' radius of Hillsboro Airport**

Acres Involved: **3200 +/-**

Specify Density: Previous: **n/a**

New: **n/a**

Applicable statewide planning goals:

ADOPTION SUBMITTAL REQUIREMENTS

This form must be mailed to DLCD within 5 working days after the final decision
per ORS 197.610, OAR Chapter 660 - Division 18.

1. Send this Form and TWO Complete Copies (documents and maps) of the Adopted Amendment to:

**ATTENTION: PLAN AMENDMENT SPECIALIST
DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
635 CAPITOL STREET NE, SUITE 150
SALEM, OREGON 97301-2540**
2. **Electronic Submittals:** At least **one** hard copy must be sent by mail or in person, but you may also submit an electronic copy, by either email or FTP. You may connect to this address to FTP proposals and adoptions: webserver.lcd.state.or.us. To obtain our Username and password for FTP, call Mara Ulloa at 503-373-0050 extension 238, or by emailing mara.ulloa@state.or.us.
3. Please Note: Adopted materials must be sent to DLCD not later than **FIVE (5) working days** following the date of the final decision on the amendment.
4. Submittal of this Notice of Adoption must include the text of the amendment plus adopted findings and supplementary information.
5. The deadline to appeal will not be extended if you submit this notice of adoption within five working days of the final decision. Appeals to LUBA may be filed within **TWENTY-ONE (21) days** of the date, the Notice of Adoption is sent to DLCD.
6. In addition to sending the Notice of Adoption to DLCD, you must notify persons who participated in the local hearing and requested notice of the final decision.
7. **Need More Copies?** You can now access these forms online at <http://www.lcd.state.or.us/>. Please print on **8-1/2x11 green paper only**. You may also call the DLCD Office at (503) 373-0050; or Fax your request to: (503) 378-5518; or Email your request to mara.ulloa@state.or.us - ATTENTION: PLAN AMENDMENT SPECIALIST.

ORDINANCE NO. 5935

**ZC 7-09: AU AIRPORT USE ZONE AND
ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONE**

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP, A PORTION OF HILLSBORO ZONING ORDINANCE NO. 1945, AS AMENDED, CHANGING THE ZONING OF AFFECTED PROPERTIES AT AND SURROUNDING THE HILLSBORO AIRPORT BY APPLYING THE AU AIRPORT USE ZONE AND THE ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONE.

WHEREAS, ORS 836.610 to 836.630 requires local governments to adopt zoning and planning regulations for airports and safety zones for lands surrounding airports consistent with airport planning rules adopted by the Department of Land Conservation and Development (“DLCD”);

WHEREAS, pursuant to ORS 836.610 to 836.630, DLCD adopted OAR 660, Div. 13 (the “Airport Planning Rule”), which requires local governments with airports inside their jurisdictions to adopt comprehensive plan and zoning regulations to enhance the safety of airport flight operations and the compatibility of surrounding areas with airport operations; and

WHEREAS, consistent with the Airport Planning Rule, the City Council adopted Ordinance Nos. 5925 and 5926 on October 6, 2009 amending the Hillsboro Comprehensive Plan and Zoning Ordinance, respectively, to create the AU Airport Use Zone and the ASCO Airport Safety and Compatibility Overlay Zone; and

WHEREAS, on October 14, 2009, the Hillsboro Planning Commission adopted Order No. 8018, which initiated this zone change application to rezone the Hillsboro Airport to the newly adopted AU Airport Use Zone and to apply the ASCO Zone to properties extending approximately 6,000 feet from the Hillsboro airport runways; and

WHEREAS, the City mailed Measure 56 notices (ORS 227.186) on October 15 and again on October 26, 2009 to the Port of Portland, owner of the Hillsboro Airport, and to the owners of all properties proposed for the ASCO Zone, plus the owners of all properties extending 500 feet beyond as required by Zoning Ordinance Section 116 (10) (b); and

WHEREAS, the City also provided pre-hearing notice of the rezoning proposal to DLCD and scheduled two public hearings on the proposal for November 4 and November 18, 2009 to take testimony and evidence and consider the application; and

WHEREAS, the Board received Planning Department staff reports dated October 28 and November 12, 2009, testimony in support of the application by representatives of the Port of Portland, one witness in opposition to the proposal, neutral testimony from 19 individuals and e-mail inquiries from five individuals, and

WHEREAS, on December 10, 2009 the Board issued Order No. 4010 approving the zone change application, and

WHEREAS, the Notice of the Board’s Decision was mailed to participating parties on December 14, 2009, and

WHEREAS, the City Council hereby adopts the staff reports dated October 28, 2009 and November 12, 2009 and their attachments, and Hearings Board Order No. 4010, attached as Exhibits A, B, and C, respectively, as findings in regard to this matter, and

WHEREAS, based on the findings of fact and conclusionary findings for approval contained in the staff reports and in Order No. 4010, the City Council hereby determines that the proposed zone changes conform with the Hillsboro Comprehensive Plan and Zoning Ordinance, and that the particular zones recommended are the best suited for the subject sites.

NOW, THEREFORE, THE CITY OF HILLSBORO ORDAINS AS FOLLOWS:

Section 1. The properties listed on Exhibit D are hereby rezoned from M-2 Industrial and M-P Industrial Park to AU Airport Use.

Section 2. The properties listed on Exhibit E are hereby rezoned with the addition of the ASCO Airport Safety and Compatibility Overlay zone Planning and Zoning Hearings Board decision in this matter is based on the findings attached as Exhibit A, which are adopted and incorporated herein by this reference.

Section 3. The Planning Director is hereby instructed to cause the official zone map, a part of Ordinance No. 1945, to be amended to induce the zone change set forth in Section 1 and 2 hereof.

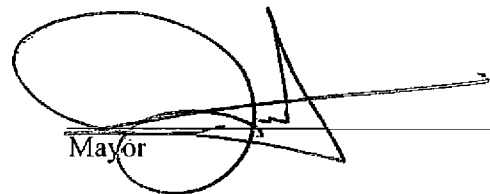

Section 4. Except as amended, Zoning Ordinance No. 1945, as amended, shall remain in full force and effect.

Section 5. This ordinance shall be effective from after and 30 days following its passage and approval by the Mayor.

First approval of the Council on this 5th day of January 2010.

Second approval and adoption by the Council on this 19th day of January 2010.

Approved by the Mayor this 19th day of January 2010.

Mayor

Attest: Dolly Werner
City Recorder

October 28, 2009

TO: Hillsboro Planning and Zoning Hearings Board
FROM: Hillsboro Planning Department

RE: Request for Zone Change - ZC 7-09: Application of Recently Adopted AU Airport Use Zone and ASCO Airport Safety and Compatibility Overlay Zone

REQUEST

The Planning Department requests that the Planning and Zoning Hearings Board recommend approval of zone changes on approximately 7100 properties at and in the vicinity of the Hillsboro Airport. Properties proposed for rezoning to the AU Airport Use zone are illustrated on Exhibit A, and properties proposed for rezoning with the addition of the Airport Safety and Compatibility Overlay (ASCO) zoning are illustrated on Exhibit B.

Pursuant to Zoning Ordinance Section 112, the Planning Commission initiated this zone change on October 14, 2009.

LEGISLATIVE BACKGROUND

The proposed zone change is the final step in a three-year process intended to reduce and mitigate conflicts between future development and airport operations, as required by the Oregon Revised Statutes (ORS) 836.610 and Oregon Administrative Rules (OAR) 660-13. These statutory requirements are summarized in Exhibit C. The proposed zone change also implements the 2005 update of the Hillsboro Airport Master Plan and the associated Land Use Compatibility Study. An Airport Use zone and Airport Safety and Compatibility Overlay zones were part of the recommended actions in the Compatibility Study.

The Hillsboro Airport Issues Roundtable (HAIR) citizen advisory committee formed land use sub-committee in January 2007 specifically to develop the recommended Airport Use (AU) zone and the Airport Safety and Compatibility Overlay (ASCO) zones. The sub-committee determined that the preferable zoning for Hillsboro would be a hybrid: combining the height, noise and development regulations from the Oregon Model Airport Zone example with a more refined ASCO zone model used in California, Washington and Minnesota. The "Six Zone California" model was included because it has two advantages over the "Oregon Two Zone" model"

- The Six Zone model is based on actual air traffic accident data from the National Traffic Safety Board and differentiates between flight paths and traffic patterns; and
- The Six Zone model can be “fine-tuned” specifically for urban airports, whereas the Two Zone model was designed to be applied statewide to both urban and rural airports;

After the locations of the six zones were established, the City contacted industrial property owners potentially most affected by the proposed zones: SolarWorld; Genentech and Intel. Revisions were made in the draft language to reflect the industries’ operational concerns, and to provide clear and objective standards for future development.

The HAIR made its recommendation on the proposed AU and ASCO zone language to the City in January 2009. Following a work session, the Planning Commission initiated Comprehensive Plan and Zoning Ordinance text amendments and held its public hearings in May, June and July. To provide additional opportunity for public comment, the City and the Port of Portland co-sponsored an Open House in April. Both the AU and ASCO language were revised to reflect comments made at the hearings and the open house, and in July the Planning Commission recommended City Council approval. The City Council approved the Comprehensive Plan and Zoning Ordinance amendments in early October.

The Comprehensive Plan amendments update language on airport-related policies and implementation measures. To implement the updated policies, the Zoning Ordinance amendments add the new AU Airport Use Zone and the new ASCO Airport Safety and Compatibility Overlay zone. The new ASCO zone has several components:

- Creation of six sub-zones with varying standards intended to reduce and mitigate conflicts between future development and airport operations.
- Restrictions against establishment of new noise sensitive uses (day care facilities commercial senior care facilities; schools; and hospitals) within the airport noise contour boundaries;
- Regulations on new development regarding airborne emissions (smoke, steam or dust), electrical emission sources, outdoor lighting, reflectivity and bird attractants, which have documented negative impacts on aviation and pilot safety;
- Limitations on future residential density increases and future higher concentrations of people in airport approach/departure, turning, and sideline zones;
- Requirements for new development in airport approach/departure, turning, and sideline zones to provide aviation easements and airport activity disclosure statements

The Comprehensive Plan and Zoning Ordinance text amendments as adopted by City Council are shown on Exhibits D and E.

IMPACTS ON PROPERTIES PROPOSED FOR AU AIRPORT USE ZONING

The proposed AU Airport Use zoning will be applied only to properties owned by the Port of Portland that are in use or proposed for use for airport or aviation-related operations and activities. The new AU zone allows aviation-related activities outright and specifies development standards for new structures at the airport. Most of the development standards (excluding setbacks) are similar to those in the M-P Industrial Park zone. The AU zoning is proposed to replace the current M-2 Industrial zoning on the airport properties. The Port of Portland supports the proposed zone change to AU: the City anticipates receiving a letter from Hillsboro Airport General Manager Stephen Nagy which will be provided at the public hearings.

IMPACTS ON PROPERTIES PROPOSED FOR ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONING

The proposed ASCO zoning would be applied to properties within an approximate 6000 foot radius of the Hillsboro Airport, and also as an overlay zone to the AU zone on the airport properties. It should be noted that the ASCO zone would be applied only to properties within the city limits: Washington County will consider its own versions of the ASCO zoning during its twice-yearly legislative amendments cycle. The provisions of the ASCO zone are summarized on Attachment F “ASCO Zoning Regulations Summary.”

Regulations in the six Compatibility zones vary in intensity, with the strictest regulations in Zone 1, the Runway Protection zone immediately off the ends of the runways. (All property within this zone is owned by the Port of Portland) The remaining zones, in descending order of regulatory intensity, are:

- Compatibility Zone 2: Inner Approach/Departure zone
- Compatibility Zone 3: Inner Turning zone
- Compatibility Zone 4: Outer Approach/Departure zone
- Compatibility Zone 5: Sideline zone
- Compatibility Zone 6: Traffic Pattern zone

As previously mentioned, the locations of the zone boundaries, and the varying intensities of regulation, are based on long-term studies of aviation accidents and complaints in and around urban airports in California, Washington and Minnesota. These studies demonstrated that the areas with the highest incidence of accidents and complaints are in the approach paths directly off the ends of the runways, in the aircraft turning patterns, and closest to the airport itself.

The new ASCO provisions are the least restrictive levels necessary to meet State requirements and to establish development standards reducing both air navigational safety hazards and potential safety hazards for persons living, working or recreating near the Airport. It is important to note that the provisions of the ASCO zones were carefully crafted to apply to new development, and are not applicable to existing non-conforming uses or structures. There are no requirements for mandatory amortization or “sun-setting” of non-conforming uses or structures,

with the rare exception of extraordinarily tall trees already subject to Federal Aviation Administration height restrictions.

COMPLIANCE WITH APPLICABLE ZONE CHANGE CRITERIA

Zoning Ordinance Section 114 (2) sets forth the criteria for a zone change as follows:

- (2) Before the City Council or Hearings Board grants a zone change, they shall require that the applicant demonstrate compliance with the following criteria:
 - a. That the request must conform with the Hillsboro Comprehensive Plan and this Ordinance;
 - b. That, where more than one designation is available to implement the Comprehensive Plan designation (e.g. R-7 vs. R-10), the applicant must justify the particular zoning being sought and show that it is best suited for the specific site, based upon specific policies of the Hillsboro Comprehensive Plan.

Since the zone change was initiated by the City, the burden of proof to demonstrate compliance with these criteria rests on the City. The City's responses to the criteria are listed below:

- A. The proposed zone change conforms to the Hillsboro Comprehensive Plan and this Ordinance.

The proposed zone change conforms with and implements the following Comprehensive Plan policies and implementation measures:

Air, Water, and Land Resource Quality Policy (K): To reduce potential impacts of airport operations on surrounding properties, the City shall limit noise sensitive and public assembly and uses in proximity with the Hillsboro airport, consistent with the current Airport Master Plan and Compatibility Study.

Zoning Ordinance Section 135B (G) contains provisions prohibiting new commercial child care and senior care facilities, schools, and hospitals in ASCO zones 1-5. Public assembly uses are limited by non-residential development intensity limits expressed in number of persons person gross acre. These provisions were found by the Planning Commission, and the City Council to be consistent with the current Airport Master Plan and the Compatibility Study. Application of these provisions will implement this Policy.

Air, Water, and Land Resource Quality Implementation Measure 18: The City shall adopt compatibility requirements for land uses and properties surrounding the Airport, in compliance with state statutes and administrative rules. At a minimum, the compatibility requirements shall accomplish the following:

- (a) *Prohibit new residential development and public assembly uses within the runway protection zones;*
- (b) *Limit the establishment of new noise-sensitive land uses within identified airport operations impact boundaries;*
- (c) *Regulate new industrial emissions or expansion of existing industrial emissions of smoke, dust, or steam that would obscure visibility within airport approach corridors;*
- (d) *Regulate outdoor lighting for new industrial, commercial, or recreational uses or the expansion of such uses to prevent light from projecting directly into existing airport approach corridors;*
- (e) *Coordinate review of radio, radiotelephone, and television transmission facilities within identified airport operations impact boundaries; and electrical transmission lines with aviation agencies;*
- (f) *Regulate water impoundments and wetland mitigation projects consistent with state statute and Clean Water Services requirements; and*
- (g) *Prohibit establishment of new landfills.*

Zoning Ordinance Section 135B (F) contains provisions regulating industrial emissions, electrical and communications emissions, outdoor lighting, reflectivity, and outdoor water treatment facilities. Section 135B (H) regulates creation and expansion of wetlands. Section 135B (G) prohibits new landfills. Application of these provisions will satisfy this implementation measure.

Transportation Implementation Measure (V): The City shall support implementation of the current Hillsboro Airport Master Plan.

Zoning Ordinance Sections 135A and 135B (G) were specifically written and adopted to implement the Hillsboro Airport Master Plan Compatibility Study and the Oregon State Airport Planning Rule. The City's participation in the preparation and application of these provisions satisfy this implementation measure.

B. Where more than one zone is available to implement the Comprehensive Plan designation, the particular zoning is best suited for the specific site, based upon specific policies of the Hillsboro Comprehensive Plan.

The majority of the airport properties are designated PF Public Facility although some more recently purchases properties retain an earlier IND Industrial Plan designation. The AU zone was created specifically to implement the PF designation on Port-owned properties used or intended for aviation activities. The AU zone will implement the Comprehensive Plan policies and implementation measures cited above. No other zone is available for this purpose.

The proposed zone change involving the ASCO zone is not a change of the underlying residential, commercial, or industrial zones. Rather, it is application of an overlay zone affecting some development standards of the underlying zones. Again, the ASCO zones will implement the Comprehensive Plan policies and implementation measures cited above, and no other zones or overlay zones are available for this purpose.

PLANNING AND ZONING HEARINGS BOARD HEARINGS

Due to the large number of properties affected by the proposed zone change, the City has scheduled two public hearings: on November 4th and November 18th, 2009. Notice of the on November 4th hearing was mailed to property owners northwest and northeast of the airport on October 15th. Notice of the November 18th hearing was sent to property owners southwest and southeast of the airport on October 26th. Since both hearings concern the single proposal, interested parties may testify at either.

Information on the proposed zone change has been available on the City's web site, and Planning staff have responded to both telephone calls and e-mail messages. Two citizen e-mails have been received as of October 28th: the emails and written responses from Planning staff are attached.

RECOMMENDATION

Planning staff recommends that the Planning and Zoning Hearings Board open the public hearings on November 4th, receive testimony and questions on the proposed zone change, and continue the hearing to November 18th. Following the conclusion of testimony on that later date, the Hearings Board should close the public hearing and deliberate toward a decision. Planning staff recommends that the Planning and Zoning Hearings Board approve ZC 7-09 without further conditions.

Respectfully submitted,

CITY OF HILLSBORO PLANNING DEPARTMENT

Exhibit B: HZO Figure 135B 4 ASCO Zone Boundaries

EXHIBIT C: STATE REQUIREMENTS FOR AIRPORT PLANNING

Oregon Revised Statutes (ORS) 836.610 requires local governments to amend their comprehensive plans and land use regulations consistent with [administrative rules] for airports adopted by LCDC. ORS 836.616 requires that the administrative rules require local governments to adopt regulations authorizing airport operations:

- (a) Customary and usual aviation-related activities including but not limited to takeoffs, landings, aircraft hangars, tie-downs, construction and maintenance of airport facilities, fixed-base operator facilities and other activities incidental to the normal operation of an airport;
- (b) Emergency medical flight services;
- (c) Law enforcement and firefighting activities;
- (d) Flight instruction;
- (e) Aircraft service, maintenance and training;
- (f) Crop dusting and other agricultural activities;
- (g) Air passenger and air freight services at levels consistent with the classification and needs identified in the State Aviation System Plan;
- (h) Aircraft rental;
- (i) Aircraft sales and sale of aviation equipment and supplies; and
- (j) Aviation recreational and sporting activities.

ORS 836.619 requires that the administrative rules require local governments to adopt regulations establishing compatibility and safety standards for uses of land near airports.

Oregon Administrative Rules (OAR) Section 660-13, adopted by LCDC under ORS 836.600, requires local jurisdictions to adopt provisions "to encourage and support the continued operation and vitality of airports" including both Airport Use Zones and Airport Safety and Compatibility Overlay Zones. Requirements of OAR 660-13-0040 include the following for towered public airports such as Hillsboro:

(1) A map, adopted by the local government, showing the location of the airport boundary. The airport boundary shall include the following areas, but does not necessarily include all land within the airport ownership:

- (a) Existing and planned runways, taxiways, aircraft storage (excluding aircraft storage accessory to residential airpark type development), maintenance, sales, and repair facilities;
- (b) Areas needed for existing and planned airport operations; and
- (c) Areas at non-towered airports needed for existing and planned airport uses that:

(2) A map or description of the location of existing and planned runways, taxiways, aprons, tie-down areas, and navigational aids;

- (3) A map or description of the general location of existing and planned buildings and facilities;
- (4) A projection of aeronautical facility and service needs;
- (5) Provisions for airport uses not currently located at the airport or expansion of existing airport uses:
 - (a) Based on the projected needs for such uses over the planning period;
 - (b) Based on economic and use forecasts supported by market data;
 - (c) When such uses can be supported by adequate types and levels of public facilities and services and transportation facilities or systems authorized by applicable statewide planning goals;
 - (d) When such uses can be sited in a manner that does not create a hazard for aircraft operations; and
 - (e) When the uses can be sited in a manner that is:
 - A) Compatible with existing and planned land uses surrounding the airport; and
 - B) Consistent with applicable provisions of the acknowledged comprehensive plan, land use regulations, and any applicable statewide planning goals.
- (7) A description of the types and levels of public facilities and services necessary to support development located at or planned for the airport including transportation facilities and services. Provision of public facilities and services and transportation facilities or systems shall be consistent with applicable state and local planning requirements.
- (8) Maps delineating the location of safety zones, compatibility zones, and existing noise impact boundaries that are identified pursuant to OAR 340, Division 35.

OAR 660-13-0050 requires the establishment of the following regulations for towered public airports such as Hillsboro:

Safety Zones for Imaginary Surfaces

- (1) A local government shall adopt an Airport Safety Overlay Zone to promote aviation safety by prohibiting structures, trees, and other objects of natural growth from penetrating airport imaginary surfaces.
- (2) For areas in the safety overlay zone, but outside the approach and transition surface, where the terrain is at higher elevations than the airport runway surface such that existing structures and planned development exceed the height requirements of this rule, a local government may authorize structures up to 35 feet in height. A local government may adopt other height exceptions or approve a

height variance when supported by the airport sponsor, the Oregon Department of Aviation, and the FAA.

Land Use Compatibility Requirements for Public Use Airports

(1) A local government shall adopt airport compatibility requirements for each public use airport identified in ORS 836.610(1). The requirements shall:

(a) Prohibit new residential development and public assembly uses within the Runway Protection Zone (RPZ);

(b) Limit the establishment of uses identified in [Exhibit 5] within a noise impact boundary that has been identified pursuant to OAR 340, division 35 consistent with the levels identified in [Exhibit 5];

(c) Prohibit the siting of new industrial uses and the expansion of existing industrial uses where either, as a part of regular operations, would cause emissions of smoke, dust, or steam that would obscure visibility within airport approach corridors;

(d) Limit outdoor lighting for new industrial, commercial, or recreational uses or the expansion of such uses to prevent light from projecting directly onto an existing runway or taxiway or into existing airport approach corridors except where necessary for safe and convenient air travel;

(e) Coordinate the review of all radio, radiotelephone, and television transmission facilities and electrical transmission lines with the Oregon Department of Aviation;

(f) Regulate water impoundments consistent with the requirements of ORS 836.623(2) through (6); and

(g) Prohibit the establishment of new landfills near airports, consistent with Department of Environmental Quality (DEQ) rules.

(2) A local government may adopt more stringent regulations than the minimum requirements in section (1)(a) through (e) and (g) based on the requirements of ORS 836.623(1)

ORDINANCE NO. 5925

HCP 1-09: HILLSBORO AIRPORT COMPATABILITY STUDY IMPLEMENTATION

AN ORDINANCE AMENDING COMPREHENSIVE PLAN ORDINANCE NO. 2793, AS AMENDED, SECTION 7 AIR, WATER AND LAND RESOURCE QUALITY AND SECTION 13 TRANSPORTATION, REFLECTING THE RECOMMENDATIONS OF THE HILLSBORO AIRPORT COMPATIBILITY STUDY AND THE RECOMMENDATIONS OF THE HILLSBORO AIRPORT ISSUES ROUNDTABLE

WHEREAS, Oregon Administrative Rules (OAR) Section 660-13 requires local jurisdictions to adopt provisions to encourage and support the continued operation and vitality of airports," including both Airport Use Zones and Airport Safety and Compatibility Overlay Zones, and

WHEREAS, the 2005 Hillsboro Airport Compatibility Study recommended creation and adoption of both an Airport Use zone and Airport Safety and Compatibility Overlay zones for the Hillsboro Airport, and

WHEREAS, the citizen advisory group Hillsboro Airport Issues Roundtable (HAIR) worked with City of Hillsboro staff, Washington County staff, and Port of Portland staff for over 18 months to prepare draft language for a proposed AU Airport Zone and ASCO Airport Safety and Compatibility Overlay Zone to be added to the Hillsboro Zoning Ordinance and Zoning Map, finalizing its recommendation in January 2009, and

WHEREAS, Comprehensive Plan Sections 7 and 13 contain language referencing airport compatibility, which does not fully implement the requirements of OAR 660-13, predates the 2005 Airport Compatibility Study, and is inconsistent with the more current recommendations of the HAIR, and

WHEREAS, the Hillsboro Planning Commission received and reviewed proposed amendments to the Comprehensive Plan Sections 7 and 13 at a work session on February 25th, 2009, and found sufficient merit in the draft language to initiate Comprehensive Plan text amendments as authorized under Section 1 Planning and Citizen Involvement: Minor Plan Amendments, and

WHEREAS, the Planning Commission subsequently adopted Order No. 8004 initiating the proposed Comprehensive Plan Amendments consistent with the amendments recommended by the HAIR,

WHEREAS, the Planning Commission held a public hearing on the proposed Comprehensive Plan amendments on May 13, June 10, and June 24, 2009, and received testimony in support and no testimony in opposition to the amendments, and

WHEREAS, at the conclusion of the public hearing, the Planning Commission adopted Order No. 8102 on July 22, 2009, recommending City Council approval of the proposed amendments, and

WHEREAS, the City Council considered the Planning Commission's recommendation at a work session on September 15, 2009 and at the regular meetings on September 15 and October 6, 2009, and

WHEREAS, the City Council adopts the findings attached hereto as Attachment A in support of their decision.

NOW, THEREFORE, THE CITY OF HILLSBORO ORDAINS AS FOLLOWS:

Section 1. Comprehensive Plan Ordinance No. 2793 Section 7 Air, Water and Land Resource Quality is amended with the addition of a new Policy K, the deletion of existing Implementation Measures 13, 14, 15, 16, and 17, and the addition of new Implementation Measures 19; with deleted text shown in overstrike typeface and added text shown in bold italic typeface as follows:

(III) Policies.

(K) *To reduce potential impacts of airport operations on surrounding properties, the City shall limit noise sensitive and public assembly and uses in proximity with the Hillsboro airport, consistent with the current Airport Master Plan and Compatibility Study.*

(IV) Implementation Measures.

~~(13) Other than the existing public facility and open space designations, land use designations within the future projected LDN-60 contour contained in the most current adopted Airport Master Plan shall be limited to industrial, commercial and low density residential.~~

~~(14) The location of service facilities such as schools, hospitals, and nursing homes; public assembly; and high density residential development shall be avoided within the future projected LDN-55 contour contained in the most current adopted Airport Master Plan.~~

~~(15) Medium density residential development shall be avoided within the future projected LDN-60 contour contained in the most current adopted Airport Master Plan.~~

~~(16) Land uses which create high concentrations of people shall be avoided within the aircraft approach zones.~~

~~(17) Land uses approvals within the future projected LDN 60 contour contained in the most current adopted Airport Master Plan shall be conditioned to require hold harmless clauses, including noise disclosure statements. Land use approvals within the future projected LDN 55 contour contained in the most current adopted Airport Master Plan shall be conditioned to require disclosure of potential noise impacts from airport operations.~~

(18) (Previously deleted by Ordinance No. 3433/12-83.)

(19) *The City shall adopt compatibility requirements for land uses and properties surrounding the Airport, in compliance with state statutes and administrative rules. At a minimum, the compatibility requirements shall accomplish the following:*

- (a) *Prohibit new residential development and public assembly uses within the runway protection zones;*
- (b) *Limit the establishment of new noise-sensitive land uses within identified airport operations impact boundaries;*
- (c) *Regulate new industrial emissions or expansion of existing industrial emissions of smoke, dust, or steam that would obscure visibility within airport approach corridors;*
- (d) *Regulate outdoor lighting for new industrial, commercial, or recreational uses or the expansion of such uses to prevent light from projecting directly into existing airport approach corridors;*
- (e) *Coordinate review of radio, radiotelephone, and television transmission facilities within identified airport operations impact boundaries; and electrical transmission lines with aviation agencies;*
- (f) *Regulate water impoundments and wetland mitigation projects consistent with state statute and Clean Water Services requirements; and*
- (g) *Prohibit establishment of new landfills.*

Section 2. Comprehensive Plan Ordinance No. 2793 Section 13 Transportation is amended with the deletion of Policy J and its replacement with new Implementation Measures (V) and (W); with deleted text shown in overstrike typeface and added text shown in bold italic typeface as follows:

(III) Policies.

~~(J) Hillsboro Airport~~

~~(1) The City shall support implementation of the current Hillsboro Airport Master Plan.~~

~~(2) Should it be necessary to update the Hillsboro Airport Master Plan, the City shall participate in the process.~~

(VII) Implementation Measures

(V) The City shall support implementation of the current Hillsboro Airport Master Plan.

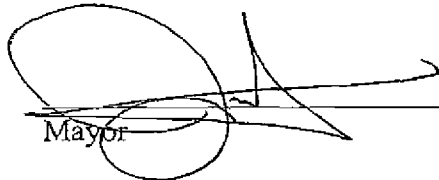

(W) Should it be necessary to update the Hillsboro Airport Master Plan, the City shall participate in the process.

Section 3. This ordinance shall be effective from and after 30 days following its passage and approval by the Mayor.

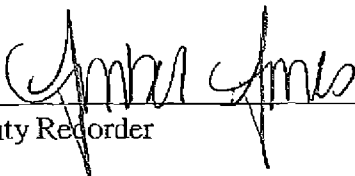

First approval of the Council on this 18 day of September, 2009.

Second approval of the Council on this 6 day of October, 2009.

Approved by the Mayor this 6 day of October, 2009.

Mayor

ATTEST: 

City Recorder

Attachment A

FINDINGS AND CONCLUSIONS

Minor Amendments to Comprehensive Plan Ordinance No. 2793
and Zoning Ordinance No. 1945

Case File Numbers HCP 1-09 and ZOA 3-09:
Hillsboro Airport Compatibility Study Implementation

I. INTRODUCTION AND LEGISLATIVE HISTORY

The primary purpose of the Hillsboro Airport Compatibility Study Implementation amendments (Case File Numbers HCP 1-09 and ZOA 3-09) is to reduce conflicts between airport operation and future development, as required by the Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR). These statutory requirements are summarized in Attachment A-1.

In 2005, the Port of Portland with input from the City completed an update of the Hillsboro Airport Master Plan, which included an updated Compatibility Study. An Airport Use zone and Airport Safety and Compatibility Overlay zones were part of the recommended action in the Compatibility Study, excerpts from which are included in Attachment A-2.

In January 2007 the Hillsboro Airport Issues Roundtable (HAIR) formed a land use subcommittee specifically to development the Airport Use zone (AUZ) and the Airport Safety and Compatibility Overlay (ASCO) zones recommended in the Compatibility Study. After considerable review and discussion, the sub-committee determined that the best alternative for Hillsboro would be a hybrid of the height, noise and development regulations from the model airport zoning example development by the State of Oregon, combined with the more refined six ASCO zones developed and used in California, Washington and Minnesota. The "Six Zone Model" was preferred over the Oregon "Two Zone" model for three reasons:

- The six zone system is based on actual air traffic accident data from the National Traffic Safety Board, rather than on radii from airport runways
- The six zone system differentiates between flight paths and traffic patterns
- The six zone system can be "fine-tuned" for urban airports

City and Port staff met with personnel from the State Department of Aeronautics (DOA) and the Department of Land Use and Transportation (DLCD) regarding the proposal to use the "Six Zone Model" to complement the Oregon Model zoning. Both agencies supported this methodology.

With the oversight of the HAIR land use sub-committee, the Port and City staff developed and mapped the six ASCO zones and consolidated them with the height noise, and development standards of the Oregon Model. After the geometry of the six zones was completed, the City worked with industrial property owners potentially most affected by the proposal: SolarWorld; Genentech; and Intel. Revisions were made in the draft language to reflect the industries'

operational concerns and to provide clear and objective standards for future development. The provisions of the AUZ were also developed by the Port and City staff with oversight by the HAIR land use sub-committee: these provisions closely parallel those of the Oregon Model Code.

The final draft language of AUZ and ASCO zones was endorsed by the land use sub-committee in December 2008 and by the full Hillsboro Airport Issues Roundtable in January 2009. The Planning Commission held a work session on the proposed amendments on February 25, 2009, and subsequently initiated the amendments on March 11, 2009.

Notice of a joint Port/City open house and of the Planning Commission public hearings was sent to approximately 6100 property owners potentially affected by the proposed amendments. The Planning Commission public hearing opened on May 13, 2009, and was continued to June 10 and to June 24, 2009. The Planning Commission Public testimony received throughout hearings process helped to shape the final amendments forwarded to the City Council for adoption.

II. ADOPTION OF ADDITIONAL DOCUMENTS BY REFERENCE

The following documents are included in these findings by reference:

- Planning Commission staff report dated February 19, 2009 with associated attachments;
- Planning Commission staff report dated March 25, 2009 with associated attachments;
- Planning Commission Orders No. 8005 and 8006;
- Planning Commission staff report dated May 6, 2009, with associated Attachments A, B, C, D, and E;
- Planning Commission staff report dated May 21, 2009;
- Planning Commission staff report dated June 16, 2009, with associated attachments;
- Planning Commission Orders No. 8012 and 8013

III. OVERVIEW OF COMPREHENSIVE PLAN AND ZONING ORDINANCE AMENDMENTS

The Comprehensive Plan amendments include three changes in Section 7 Air Water and Land Resource Quality, and two changes in Section 13 Transportation.

Air, Water, and Land Resource Quality changes:

- Addition of a new Policy K
- Deletion of existing Implementation Measures 13, 14, 15, 16, and 17
- Addition of new Implementation Measure 18

Transportation changes:

- Deletion of Policy J
- Addition of new Implementation Measures (V) and (W)

The Zoning Ordinance amendments would include addition of two new sections: Section 135(A) Airport Use Zone AUZ and Section 135(B) Airport Safety and Compatibility Overlay Zone (ASCO). Within the ASCO, height and noise mitigation regulations, and development regulations on lighting, emission, glare, and electrical interference would be applicable to new development as specified. Six compatibility zones would also be created with varying degrees of regulations intended to mitigate conflicts between airport operations and future development. Section 94 Exceptions to Building Height Limitations would also be amended in Subsection (2) to be consistent with the new AU and ASCO zones.

V. COMPLIANCE WITH THE CITY OF HILLSBORO COMPREHENSIVE PLAN

A. Identification of the Amendments as “Minor Amendments”

The City followed the process established at Section 1(III) of the HCP for review of proposed minor amendments to the Comprehensive Plan. A “Minor Plan Amendment” is defined as “any change to the Comprehensive Plan which is not a major plan amendment.” A “Major Plan Amendment,” in turn, is defined as follows at Section 1(II)(G):

“Major Plan Amendment” includes any significant change to the Comprehensive Plan text or map initiated by the City Council of Planning Commission. A “significant change” is one that amends or refines both the Plan text and map, has operative effect over a large geographic area and is likely to have significant environmental, energy, economic and social consequences.

Finding: The proposed Comprehensive Plan amendments do not amend both the Plan text and map. All three elements of the definition of “major plan amendment” must be met in order for an amendment to meet the definition. In addition, the amendments will not have significant environmental, energy, economic and social consequences as they are modifications to implement State Statutes and Administrative Rules, as well as the adopted Hillsboro Airport Master Plan and Land Use Compatibility Study.

Conclusion: The City followed the appropriate process for a minor plan amendment as required by the HCP. The City provided the required notice to the state Department of Land Conservation and Development more than 45 days prior to the first public hearing on the proposed amendments as required by ORS 197.610. The City also sent notice to approximately 6200 affected property owners as required by ORS 227.186.

Therefore, the applicable requirements for classifying and processing the proposed amendments are met.

B. Minor Amendment Criteria

Minor Amendments to the HCP may be made if a need for revision is documented. HCP Section 1(IV)(A). The proposed amendments meet this criterion based on the need for consistency with

ORS 836.610, OAR 660-13, and the adopted Hillsboro Airport Master Plan and Land Use Compatibility Study.

The HCP requires that amendments be submitted by the City, government agencies and property owners. These amendments were initiated by the Planning Commission through adoption of Orders No. 8005 and 8006 on March 25, 2009.

C. Goals and policies of the Comprehensive Plan

Section 1. Planning and Citizen Involvement.

The Plan establishes processes that are designed to facilitate public involvement in revisions to the Plan and implementing regulations. Specifically, at Section 1(IV), a process is established for consideration of minor amendments such as this one. Newspaper notice was provided as required by Section IV(A)(1).

The Planning Commission initiated these amendments and conducted a work session and public hearing at three meetings over the course of its review. As required by ORS 227.186, notice of the public hearing and an earlier Open House was sent to approximately 6200 property owners. Notice of the public hearings was also published in the Hillsboro Argus. Approximately 50 persons attended the Open House, and approximately 31 persons testified in person or in writing at the Planning Commission public hearing.

In addition, the 2008 HAIR meetings, including the Land Use Sub-Committee meetings during which the draft language of the amendments was developed, were noticed in the Hillsboro Argus and on the Port's web site. Electronic notice was also sent to interested parties who had signed up for information on the Port's airports: Portland; Hillsboro; and Troutdale. HAIR meetings were held in the Hillsboro Civic Center (a fully accessible site) in the early evening.

Findings:

The notification provided of the development of the language through the HAIR land use sub-committee in 2008, and the Ballot Measure 56 notification of the Open House and Planning Commission public hearing were effective in notifying affected property owners, as was evident from the attendance at the Open House and the testimony at the public hearings.

Conclusion: The process requirements of the Comprehensive Plan have been met.

Section 2. Urbanization.

The Urbanization element of the Comprehensive Plan seeks to provide for orderly and efficient transition from rural to urban uses through the identification and establishment of areas designed to accommodate the full range of urban uses within the Hillsboro Planning Area.

Findings: The proposed amendments are consistent with the goal and policies of the Urbanization element of the Comprehensive Plan because the Plan envisions that as development occurs public facilities and services will be expanded to accommodate the additional need. The Hillsboro Airport provides transportation facilities and employment opportunities within the Hillsboro Planning Area, and the proposed amendments will facilitate the expansion of the Airport within the provisions of the adopted Master Plan. The proposed amendments will create ASCO zones which will be applied to properties within the City south of NW Evergreen Road, and will be applicable to future annexations of industrial areas north of NW Evergreen Road in the Evergreen Special Industrial Area. Availability of the ASCO zones, and the certainty which their provisions will provide to future development in that area, facilitates efficient urbanization.

Conclusion: Applicable policies of the Urbanization section of the Plan are met.

Section 3. Housing.

The goal of the Housing chapter of the Plan is to provide for the housing needs of the citizens of Hillsboro and the surrounding community by encouraging the construction, maintenance, development and availability of a variety of housing types, in sufficient numbers and at price ranges and rent levels which are commensurate with the financial capabilities of the community's residents.

Findings: Housing Policies C and O direct that housing be "designed and constructed in a manner that assures safe, healthy, and convenient living conditions for the community's citizens" and that "residential areas should be designated to avoid incompatible commercial, industrial, and other uses." The proposed amendments will reduce the negative impacts of airport operations on future residential development by creating clear and objective standards for the mitigation of such impacts during construction, and by limiting future increases in residential density in proximity to the airport flight paths. These provisions will contribute to a safer, healthier and more convenient residential environment. Such standards also provide clarity and consistency for the housing construction community which provides for the housing needs of Hillsboro's citizens.

Conclusion: The applicable policies of the Housing section of the Plan are met.

Section 4. Agricultural Lands.

The goal of the Agricultural Lands section of the Plan is to utilize farms as open space and provide a method for maintaining agricultural lands outside the urban growth boundary for farm use.

Findings: This section is not applicable to the proposed amendments as Statewide Goal 3 does not apply within urban growth boundaries. However, by specifying agricultural use as permitted within the AU Airport Use zone the amendments encourage the preservation of agricultural land within the urban growth boundary for open space and reduction of storm water runoff.

Section 5. Forest Lands.

The goal of the Forest Lands section of the Plan is to conserve forested lands and significant trees in the planning area.

Finding: This Section does not apply to the proposed amendments.

Section 6. Natural Resources, Open Space, Scenic and Historical Sites.

The goal of this Section of the Plan is to preserve the variety of natural and historical resources in the City.

Findings: This Section of the Plan implements Statewide Planning Goal 5, which included wetlands as a Goal 5 resource. The proposed amendments address the conflicting interests of wetlands creation/enhancement and reduction of waterfowl attractants impacting aviation safety, by providing clear and objective standards for creation and mitigation of wetlands within the ASCO zones. These standards specifically address Goal D, which calls for identification and provision of “appropriate protection” for significant Goal 5 natural resource sites including wetlands. The proposed amendments have no impact on any sites on the City’s Cultural Resource Inventory.

Conclusion: The applicable policies of the Natural Resources, Open Space and Historical Sites section of the Plan are met.

Section 7. Air, Water and Land Resource Quality.

The goal of this Section of the Plan is to maintain and improve the quality of the air, water and land resources of the city and prevent waste discharges from developments from degrading or threatening those resources.

Findings: By implementing the recommendations of the Hillsboro Airport Land Use Compatibility Study, these amendments support this goal. Adoption and application of the proposed ASCO zones will mitigate future negative impacts of airport operations by placing appropriate limitations on future development, thereby limiting the number of persons impacted. The adoption of new Policy K, and new Implementation Measure 18, and the deletion of outdated Implementation Measures 13, 14, 15, 16, and 17 will bring this Section into compliance with the Statewide Airport Planning Rule OAR 660-13, and the Hillsboro Airport Land Use Compatibility Study.

Conclusion: The applicable policies of this Section of the Plan are met.

Section 8. Natural Disasters and Hazards.

The goal of this section of the Plan is to protect life and property within the planning area from natural disasters and hazards.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 9. Recreation.

The goal of this Section of the Plan is to provide a parks and recreation facilities plan and program including a variety of open spaces, parks and recreation facilities.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 10. Economy.

The goals of this Section of the Plan are to expand, improve and diversify the economy of the planning area, provide local employment opportunities, conserve energy by reducing commuting distances, and expand the tax base and economic independence of the area.

Findings: The proposed amendments will provide greater certainty to the business community, especially prospective industrial developers, by providing clearer and more objective standards for properties in the vicinity of the airport. The increased clarity in the City's regulations will provide certainty to the development community and industry and can help promote the attraction of commercial and industrial development.

Section 11. Energy.

The goal of this Section of the Plan is to conserve energy through the design and location of land use activities in the City.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 12. Public Facilities and Services.

The goal of this Section of the Plan is to implement Statewide Planning Goal 11. The Plan envisions the provision of public facilities and services in an orderly and efficient manner and utilizing the provision of those services as a method for guiding urbanization within the Hillsboro Planning Area.

Findings: The proposed amendments implement Plan policies that include park and recreation facilities within the definition of this Section by assuring usable open space in developments.

The uniform calculation of density will allow the City and other service providers to better predict the need for public facilities to serve development.

Conclusion: Applicable policies of this Section of the Plan are met.

Section 13. Transportation.

The goal of this Section of the Plan is to implement Statewide Planning Goal 12 by ensuring provision of a safe, convenient, efficient and economic transportation system based on the City's Transportation System Plan.

Finding: This Section of the Plan is not relevant to the proposed amendments as they do not relate to transportation facilities. All development will still be required to comply with adopted City plans and regulations related to transportation facilities.

The remaining Sections of the Plan do not apply to the proposed amendments. They include community plans, a Severability provision, and the City's Transportation System Plan.

The remaining Statewide Planning Goals do not apply to these amendments.

IV. CONCLUSION

The proposed amendments comply with applicable provisions of the Hillsboro Comprehensive Plan and Statewide Goals.

ORDINANCE NO. 5926

ZOA 3-09: HILLSBORO AIRPORT COMPATIBILITY STUDY IMPLEMENTATION

AN ORDINANCE AMENDING ZONING ORDINANCE NO. 1945, AS AMENDED, SECTION 94 EXCEPTIONS TO BUILDING HEIGHT LIMITATIONS AND ADDING TWO NEW SECTIONS: SECTION 135A AU AIRPORT USE ZONE AND SECTION 135B ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONE TO REFLECT THE RECOMMENDATIONS OF THE HILLSBORO AIRPORT COMPATIBILITY STUDY AND THE RECOMMENDATIONS OF THE HILLSBORO AIRPORT ISSUES ROUNDTABLE.

WHEREAS, Oregon Administrative Rules (OAR) Section 660-13 requires local jurisdictions to adopt provisions to encourage and support the continued operation and vitality of airports,” including both Airport Use zones and Airport Safety and Compatibility Overlay zones, and

WHEREAS, the 2005 Hillsboro Airport Compatibility Study recommended creation and adoption of both an Airport Use zone and Airport Safety and Compatibility Overlay zones for the Hillsboro Airport, and

WHEREAS, the citizen advisory group Hillsboro Airport Issues Roundtable (HAIR) worked with City of Hillsboro staff, Washington County staff, and Port of Portland staff for over 18 months to prepare draft language for a proposed AU Airport Zone and a proposed ASCO Airport Safety and Compatibility Overlay Zone to be added to the Hillsboro Zoning Ordinance and Zoning Map, finalizing its recommendation in January 2009, and

WHEREAS, the Hillsboro Planning Commission received and reviewed the proposed Zoning Ordinance amendments at a work session on February 25th, 2009, and found sufficient merit in the draft language to initiate Zoning Ordinance amendments as authorized under Section 112 Authorization to Initiate Amendments, and

WHEREAS, the Planning Commission subsequently adopted Order No. 8004 initiating the proposed Zoning Ordinance amendments and an additional amendment to Section 94 Exceptions to Building Height Limitations consistent with the amendments recommended by the HAIR, and

WHEREAS, the Planning Commission held a public hearing on the proposed Zoning Ordinance amendments on May 13, May 27, and June 24, 2009, and received testimony in support and in opposition to the amendments, and

WHEREAS, at the conclusion of the public hearing, the Planning Commission adopted Order No. 8103 on July 22, 2009, recommending City Council approval of the proposed amendments, and

WHEREAS, the City Council considered the Planning Commission's recommendation at a work session on September 15, 2009 and at the regular meetings on September 15 and October 6, 2009, and

WHEREAS, the City Council adopts the findings attached hereto as Attachment A in support of their decision.

NOW, THEREFORE, THE CITY OF HILLSBORO ORDAINS AS FOLLOWS:

Section 1. Zoning Ordinance No. 1945, Section 94 Exceptions to Building Height Limitations is amended with the deletion of the existing reference to FAR Part 77 and the addition of an updated reference to Section 135B; with deleted text shown in overstrike typeface and added text shown in bold italic typeface as follows:

Section 94. Exceptions to Building Height Limitations.

- (1) Except for the limitations set forth in Subsection (2) hereof, the following types of structures or structural parts are not subject to the building height limitations of this Ordinance: chimneys, tanks, church spires, belfries, domes, monuments, fire and hose towers, observation towers, masts, aerials, cooling towers, elevator shafts, transmission towers, smokestacks, flagpoles, radio and television towers and other similar projections.
- (2) In order to assure safe airport operation, no structure or structural part shall exceed height standards established for the vicinity of the Portland-Hillsboro Airport by ~~the Federal Aviation Administration's Aviation Regulations (FAR) Part 77~~ ***in Section 135B.***

Section 2. Zoning Ordinance No. 1945, is amended with the addition of a new Section 135A Airport Zone AU; shown in bold italic typeface as follows:

Section 135 (A). Airport Use Zone (AU)

A. Purpose. The purpose of the AU Airport Use Zone is to encourage and support the continued operation and vitality of the Hillsboro Airport by allowing airport and aviation-related commercial, industrial and recreational uses in accordance with state laws. These laws are intended to promote a convenient and economic system of airports in the state and for land use planning to reduce the risks to airport operators and nearby land uses.

B. Application. The AU zone applies to properties owned by the Port of Portland, which are in use or proposed for use for airport or aviation-related operations and activities. These properties are generally located north of NE Cornell Road, south of NW Evergreen Road, east of NE 25th Avenue, and west of NW Brookwood Parkway. The boundary of the AU zone is identified on the "Airport Use Zone Map" adopted as part of the Zoning Ordinance.

C. Conformance with the Airport Safety and Compatibility Overlay (ASCO) Zone. All uses, activities, facilities and structures allowed in the AU Airport Use Zone shall comply with the requirements of the ASCO Airport Safety and Compatibility Overlay Zone, Hillsboro Zoning Ordinance Section 135B. In the event of a conflict between the requirements of the AU zone and the ASCO zone, the requirements of the ASCO zone shall control.

D. Definitions.

1. *Aircraft:* Includes airplanes and helicopters, but not sport aircraft, ultra lights or lighter than air aircraft.

2. *Commercial Aviation Activity (CAA):* Any activity that is conducted on the airport for profit.

3. *Aircraft manufacturing:* Includes one or more of the following

- a. *Original Equipment Manufacturer – a CAA using materials to produce aircraft or aircraft parts for sale to the public.*
- b. *Commercial Assembly – a CAA that assists aircraft kit owners with assembly of their aircraft.*
- c. *Hobbyist Assembly – aircraft assembled from kit or raw materials on the Airport for the personal use and enjoyment of the person(s) assembling it, and not constructed for the purpose of profit or resale.*

4. *Aviation/aeronautical activity:* Any activity on the airport that involves the operation of aircraft or aviation related equipment; or supports the operation of aircraft or aviation related equipment.

5. *Fixed Base Operator (FBO):* A person or entity who leases property at the Airport for the purpose of offering commercial aviation activities that typically include retail fuel sales, line services, aircraft maintenance and activities such as, but not limited to:

- a) *Aircraft charter operation*
- b) *Aircraft rental*
- c) *Aircraft storage*
- d) *Flight training*
- e) *Aircraft sales/leasing*
- f) *Aircraft component maintenance*
- g) *Aircraft parts sales*

6. *Environmental Laws:* Any and all federal, state and local statutes, regulations, rules, permit terms and ordinances now or hereafter in effect, as the same may be amended from time to time, which in any way govern materials, substances, regulated substances and wastes, emissions, pollutants,

animals or plants, noise, or products and/or relate to the protection of health, safety or the environment.

7. Hazardous Substance: Any and all substances, emissions, pollutants, materials, or products defined or designated as hazardous, toxic, radioactive, dangerous or regulated wastes or materials, or any similar term in or under any Environmental Laws. "Hazardous Substance" shall also include, but not be limited to, fuels, petroleum, and petroleum-derived products.

E.. Uses and Activities Permitted Outright. The following uses and their associated facilities and accessory structures are permitted in the AU zone.

1. Customary and usual aviation-related activities, including but not limited to takeoffs and landings; aircraft hangars and tie-downs; construction and maintenance of airport facilities; fixed based operator facilities; a facility for an airport caretaker or security officer; and other activities incidental to the normal operation of an airport, including operation of fixed wing aircraft, helicopters and lighter than air aircraft. Except as provided in this ordinance, customary and usual aviation-related activities do not include residential, commercial, industrial, manufacturing and other uses.

2. Air passenger and air freight services and facilities that are consistent with levels identified in the most current, adopted Master Plan for the Hillsboro Airport.

3. Emergency medical flight services, including activities, aircraft, accessory structures, and other facilities necessary to support emergency transportation for medical purposes. Emergency medical flight services do not include hospitals, medical offices, medical labs, medical equipment sales, and other similar uses.

4. Law enforcement and firefighting activities, including aircraft and ground-based activities, facilities and accessory structures necessary to support federal, state or local law enforcement or land management agencies engaged in law enforcement or firefighting activities. Law enforcement and firefighting activities include transport of personnel, aerial observation and transport of equipment, water, fire retardant and supplies.

5. Search and rescue operations, including aircraft and ground based activities that promote the orderly and efficient conduct of search or rescue related activities.

6. Flight instruction, including activities, facilities, and accessory structures located at airport sites that provide education and training directly related to aeronautical activities. Flight instruction includes ground training

and aeronautic skills training, but does not include schools for flight attendants, ticket agents or similar personnel.

7. *Aircraft service, maintenance and training, including activities, facilities and accessory structures provided to teach aircraft service and maintenance skills and to maintain, service, refuel or repair aircraft or aircraft components. "Aircraft service, maintenance and training" includes allowances for the construction and assembly of aircraft and aircraft components for personal use.*

8. *Aircraft rental, including activities, facilities and accessory structures that support the provision of aircraft for rent or lease to the public.*

9. *Aircraft sales and the sale of aeronautic equipment and supplies, including activities, facilities and accessory structures for the storage, display, demonstration and sale of aircraft and aeronautic equipment and supplies to the public.*

10. *Crop dusting activities, including activities, facilities and structures accessory to crop dusting operations. Crop dusting activities include, but are not limited to, aerial application of chemicals, seed, fertilizer, and other chemicals or products used in a commercial agricultural, forestry or rangeland management setting. Operators must provide the Port of Portland a current list of all Hazardous Substances used in crop dusting activities, listing the amounts stored, method of storage, the projected maximum storage period and providing a hazardous response spill plan.*

11. *Agricultural activities, including activities, facilities and accessory structures that qualify as a "farm use" as defined in ORS 215.203 or "farming practice" as defined in ORS 30.930.*

12. *Manufacturing, assembly, processing, packaging, testing, treatment, repair, or distribution of aircraft or aircraft related components or products for sale to the public and/or for personal use.*

13. *Other aeronautical uses and activities and supporting uses and activities associated with terminal buildings at high activity public use airports, including automobile rental and associated auto washing facilities, hotels and motels, eating and drinking establishments, banks, offices, public parking and auto storage, conference centers, aviation clubs and schools, barber shops, physical fitness centers, transit park and rides and commercial support services.*

14. *Aeronautic educational, recreational and sporting activities, including activities, facilities and accessory structures at airports that support aviation education, recreational usage of aircraft and sporting activities that require the use of aircraft or other devices used and intended for use in flight. Aeronautic education, recreation and sporting activities authorized under this paragraph*

include, but are not limited to, air shows, fly-ins; glider flights; hot air ballooning; ultra light aircraft flights; displays of aircraft; and gyrocopter flights and aviation museums, but do not include flights carrying parachutists or parachute drops (including all forms of skydiving).

15. Flights carrying parachutists, and parachute drops (including all forms of skydiving) onto an airport, but only upon demonstration that the parachutist business has secured approval to use a drop zone that is at least 10 contiguous acres. The configuration of the drop zone shall roughly approximate a square or a circle and may contain structures, trees, or other obstacles only if the remainder of the drop zone provides adequate areas for parachutists to land safely.

F. Pre-Existing Non-Conforming Uses.

Any lawfully created structure or use existing at the time of adoption of the AU Airport Use Zone, which does not comply with the provisions of this Section, may be continued and maintained in reasonable repair, but shall not be enlarged or expanded except as specified in Zoning Ordinance Section 98 – 100. Pre-existing non-conforming structures or uses in the AU Airport Use zone shall also be subject to Zoning Ordinance Sections 101-105 regarding alterations, completion, change, discontinuance, or destruction.

G. Setback Requirements. In the AU zone, the yards shall be as follows:

1. The front yard and any side yard abutting a public street shall be a minimum of 25 feet.

2. The side or rear yard abutting a leasehold line shall be a minimum of five feet.

H. Height of Buildings. In the AU zone, the maximum structural height shall be 45 feet. All structures in the AU zone must comply with the height standards specified in the Airport Imaginary Surfaces as defined in Zoning Ordinance Section 135B, and as illustrated on Figure 135B2.

I. Off-Street Parking and Loading. In the AU zone, in addition to the requirements of Section 84 to 86, parking or loading shall not be permitted within the front yard adjacent to a public street unless the building setback is increased to 45 feet and the first 15 feet from the front property line are landscaped.

J. General Development Standards.

1. Exterior lighting shall be directed away from adjacent properties.

2. *Open storage of materials and equipment shall be surrounded by a sight-obscuring fence at least six feet high, but no more than 10 feet high.*
3. *Access points to public streets shall be located to minimize traffic congestion and consolidated wherever possible.*
4. *Yards adjacent to public streets shall be continuously maintained in lawn, trees and shrubs. Other yards and unused property shall be maintained in grass or other suitable ground cover.*

K. Compliance with Port of Portland Requirements.

All uses and activities permitted outright within the AU Airport Use Zone shall be reviewed for compliance with, and shall comply with currently applicable Port of Portland standards as follows:

1. *Hillsboro Airport Standards for Development;*
2. *General Aviation Minimum Standards for the Hillsboro Airport; and*
3. *Wildlife Hazard Management Plan for the Hillsboro Airport*

L. Development Review Standards.

All development within the AU Airport Use Zone is subject to and shall comply with the standards and procedures set forth in Section 133, Development Review/Approval of Plans.

Section 3. Zoning Ordinance No. 1945, is amended with the addition of a new Section 135B Airport Safety and Compatibility Overlay Zone (ASCO); shown in bold italic typeface as follows:

Section 135B: Airport Safety and Compatibility Overlay Zone (ASCO)

A. Purpose. The Airport Safety and Compatibility Overlay (ASCO) Zone is an overlay zone that supplements the provisions of the underlying zones. The purpose of the ASCO zone is to establish compatibility and safety standards to promote air navigational safety and reduce potential safety hazards for persons living, working or recreating near the Hillsboro Airport, thereby encouraging and supporting its continued operation and vitality.

B. Boundary Delineations and Applicability. The location and dimensions of the Hillsboro Airport runways, civil airport imaginary surfaces, airport noise impact boundaries, and compatibility zones as defined and described in this Section, are delineated for the Hillsboro Airport on Figures 135B 1, 135B 2, 135B 3, and 135B 4. By their inclusion in this Section, these boundaries are made part of the Official Zoning Map.

1. *All land, water and airspace, or portions thereof, located within the imaginary surfaces, airport noise impact boundaries, and compatibility*

zones are subject to the requirements of the ASCO zone. Where the boundary of an imaginary surface, airport noise impact contour, or compatibility zone divides an individual property, the location of that boundary on that property shall be determined by the Planning Director or the Director's designee upon request by an interested party.

2. Adjustments adopted by the Port of Portland to the airport noise impact boundaries delineated on Figure 135B 3 shall be made to that Figure following completion of a public hearing process as set forth in Section 116 Public Hearing on an Amendment. The public hearing shall be held before the Planning and Zoning Hearings Board, and notice of the hearing shall be provided to owners of properties to be wholly or partially included or excluded in any relocated noise contour boundary as required in Section 116 1 b. Publication of the notice in a general circulation newspaper shall not be required.

(C) Definitions.

1. Airport (also referred to as "Hillsboro Airport"). Those properties lying generally north of NE Cornell Road, east of NE 25th Avenue, west of NE Brookwood Parkway, and south of NW Evergreen Road, which are owned and administered by the Port of Portland for general aviation purposes including taking off and landing aircraft. Hillsboro Airport includes airside facilities (runways, taxiways, lighting, markings, signage and navigational aids) and landside facilities (terminals, aircraft storage/maintenance hangars, aircraft parking aprons, and support facilities such as fuel storage, automobile parking, roadway access, firefighting and aircraft rescue). The Hillsboro Airport Runways are illustrated on Figure 135B 1.

2. Airport Safety and Compatibility Overlay Zones: Areas on and near the Hillsboro Airport in which land use and development restrictions are established to protect the safety of the public. The dimensions of the Hillsboro Airport Safety and Compatibility Overlay Zones are based upon guidelines from the California Airport Land Use Handbook which are in turn based on patterns of aircraft accidents at and near general aviation airports. The Airport Safety and Compatibility Overlay Zones dimensions are illustrated and defined on Figure 135B 4 and are generally located as follows:

a. Zone 1 - Runway Protection Zone (RPZ): Trapezoidal areas extending from the runway ends, centered on the extended runway centerlines.

b. Zone 2 - Inner Approach/Departure Zone: A rectangular area extending beyond the RPZ. If the RPZ widths approximately equal the runway widths, the Inner Approach/Departure Zone area extends along the sides of the RPZs from the end of the runway.

c. *Zone 3 – Inner Turning Zone: A triangular area over which aircraft are typically turning from the base to final approach legs of the standard traffic pattern. The Inner Turning Zone also includes the area where departing aircraft normally complete the transition from takeoff to climb mode and begin to turn to their en route heading.*

d. *Zone 4 – Outer Approach/Departure Zone: A rectangular area located along the extended runway centerline beyond the Inner Approach/Departure Zone.*

e. *Zone 5 – Sideline Zone: A rectangular area in close proximity and parallel to the runway.*

f. *Zone 6 – Traffic Pattern Zone: An elliptical area that includes the majority of other portions of regular air traffic patterns and pattern entry routes, and generally extends to the farthest points of 6,000 foot radius arcs from the centers of each of the primary surfaces and connecting lines tangent to those arcs.*

3. *Airport Elevation. The highest point of the Airport's usable runways, measured in feet above mean sea level.*

4. *Airport Imaginary Surfaces. The areas established in relation to the airport and to each runway consistent with FAR Part Section 77.25 Civil Airport Imaginary Surfaces in which any object extending above these imaginary surfaces, by definition, is an obstruction. The Hillsboro Airport Imaginary Surfaces area illustrated on Figure I35B 2, and are generally located as follows:*

a. *Primary Surfaces. A surface longitudinally centered on a runway. The primary surface extends 200 feet beyond the end of that runway. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline. The width of the primary surface for runway 12/30 is 1000 feet, 500 feet for runway 2/20 and 500 feet future runway 12L/30R.*

b. *Approach surfaces: An aerial surface longitudinally centered on the extended runway centerline and extending outward and upward from each end of the primary surface. An approach surface is applied to each end of the runway based upon the type of approach available or planned for that runway end.*

The inner edge of the approach surface is the same width as the primary surface and it expands uniformly to a length of 1,250 feet for runway

ends 12L/30R, 1,500 feet for runway ends 2/20, 3,500 feet for runway end 30 and 16,000 feet for runway end 12.

The approach surface extends for a horizontal distance of 5,000 feet at a slope of 20:1 for runway 2/20 and future runway 12L/30R. The approach surface extends for a horizontal distance of 10,000 feet at a slope of 34:1 for runway 30. The approach surface extends for a horizontal distance of 50,000 feet for runway 12 at a slope of 50:1 for 10,000 feet and then 40:1 for the remaining 40,000.

The outer width of the approach surface for future runway 12L/30R is 5,000 feet. The outer width of the approach surface for runway 2-20 is 5,000 feet. The outer width of the approach surface for runway 30 is 50,000 feet. The outer width of the approach surface for runway 12 is 10,000 feet.

c. Transitional Surfaces. Sloping aerial planes extending upward and outward at 90 degree angles to the runway centerlines and the extended runway centerlines. Transitional surfaces rise at a slope of seven (7) feet horizontally for each foot vertically from the sides of the primary and approach surfaces to the points of intersection with the horizontal and conical surfaces. Transitional surfaces for those portions of the precision approach surfaces which project through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach surface and at a 90 degree angle to the extended runway centerline.

d. Horizontal Surface. A horizontal plane 150 feet above the established airport elevation. The horizontal surface perimeter of the Hillsboro Airport is located at the farthest points of 10,000 foot radius arcs from the centers of each of the primary surfaces and connecting lines tangent to those arcs.

e. Conical Surface. A sloping aerial plane extending outward and upward from the perimeter of the horizontal surface at a slope of 20:1 for a horizontal distance of 4,000 feet.

5. Airport Noise Impact Contour Boundaries. Areas located within 1,500 feet of an airport runway or within established noise contour boundaries exceeding 55 DnL, as defined and demarcated in the most recently adopted Hillsboro Airport Master Plan, and as illustrated on Figure 135B 3. The noise exposures contours on Figure 135B 3 are derived from projected long term noise exposure contours in the most current Hillsboro Airport Master Plan.

6. Avigation Easement. A type of easement which conveys the following rights:

- *A right-of-way for free and unobstructed passage of aircraft through the airspace over the property at any altitude above a surface specified in the easement (set in accordance with Federal Aviation Regulations Part 77 criteria).*
- *A right to subject the property to noise, vibrations, fumes, dust, and fuel particle emissions associated with normal airport activity.*
- *A right to prohibit the erection or growth of any structure, tree, or other object that would penetrate the imaginary surfaces as defined in this ordinance.*
- *A right-of-entry onto the property, with proper advance notice, for the purpose of marking or lighting any structure or other object that penetrates the imaginary surfaces as defined in this ordinance.*
- *A right to prohibit electrical interference, glare, misleading lights, visual impairments, and other hazards to aircraft flight as defined in this ordinance from being created on the property.*

7. *Building permit. Within Section 135B, a permit issued by the Hillsboro Building Department for structural improvements on a property, excluding permits for electrical, mechanical, plumbing or grading improvements, non-residential tenant improvements, residential remodeling, or any other permit which does not increase the number of residential dwelling units or the square footage of non-residential structures on a property.*

8. *Commercial Child Care Facility. Any child care facility, other than certified or registered family child care homes or childcare centers used by and operated solely for employees of one or more businesses within the boundaries of the ASCO zone.*

9. *Commercial Senior or Convalescent Care Facility. Any senior or convalescent care facility, other than licensed residential homes or residential facilities, which provides overnight sleeping rooms for residents' use.*

10. *FAA. The Federal Aviation Administration.*

11. *Height. The highest point of a structure or tree, plant or other object of natural growth, measured in feet above the Airport Elevation.*

12. *Day-Night Average Sound Level (DNL or L_{dn}). The noise metric adopted by the U.S. Environmental Protection Agency for measurement of environmental noise. It represents the average daytime noise level during a 24-hour day, measured in decibels and adjusted to account for the lower tolerance of people to noise during nighttime periods. The mathematical symbol is L_{dn} .*

13. *Noise Sensitive Uses. Real property normally used for sleeping or as a school, church, hospital, or public library.*

14. *Obstruction.* Any structure or other natural object penetrating an Airport Imaginary Surface.

15. *Airport Activity Disclosure Statement.* A disclosure statement that acknowledges that a subject property is located within the noise impact boundary and/or the 55 DNL and signifies an owner's awareness of the noise levels and activities associated with airport operations, such as over flights, vibration and odors.

16. *Public Assembly Facility.* A permanent or temporary structure, facility, place or activity where concentrations of people gather in reasonably close quarters. Public assembly facilities include, but are not limited to: schools, churches, conference or convention facilities, employment and shopping centers, arenas, athletic fields, stadiums, clubhouses, large museums, and similar facilities and places, but do not include parks, golf courses, fair grounds or similar facilities. Public assembly facilities also do not include air shows, structures or uses approved by the FAA in an adopted airport master plan, or places where people congregate for short periods of time such as parking lots or bus stops.

17. *Runway.* The defined areas at the Hillsboro Airport constructed and used for aircraft landing and takeoff. Runways at the Hillsboro Airport include existing Runway 12/30, existing 2/20, and future Runway 12L/30R.

18. *Structure.* For purposes of this Section, any constructed or erected object which requires location on the ground or is attached to something located on the ground. For purposes of this section, structures include but are not limited to buildings, decks, fences, signs, towers, cranes, flagpoles, antennas, smokestacks, earth formations and overhead transmission lines, but do not include concrete or asphalt surfaces exceeding the surrounding ground level by less than six inches.

19. *Water Impoundment.* A temporary or permanent, human-made body of water, excluding above-ground or in-ground swimming pools, hot tubs, or spas with surface areas less than 650 square feet. Water impoundments include wastewater treatment settling ponds, storm water swales, detention and retention ponds, artificial lakes and ponds, and similar water features. An expansion of an existing water impoundment is considered a new impoundment except where such expansion was authorized by the City prior to [effective date of this Section].

D. Compatibility and Safety Standards regarding Height. All structures permitted in the ASCO zone under the standards of the underlying zone shall comply with the height limitations of this Section. Where height limitations of the underlying zone are more restrictive than those of this Section, the

underlying zone limitations shall control. Pursuant to Section I, installation of obstruction markers or lighting, or alteration of the structure, may be required on any pre-existing legally constructed structures built or permitted prior to [effective date of this Ordinance] not conforming to these standards if the structure is determined to be a potential air navigation hazard.

1. Except as provided in subsections B and C of this Section, no structure, tree, plant, object of natural growth and temporary structures, such as construction equipment, shall penetrate the Imaginary Surfaces shown on Figure 135B 2.

2. Within the Imaginary Surfaces outside the approach and transition surfaces, where ground elevation exceeds the Airport Elevation to the degree that existing or permitted structures penetrate or would penetrate the primary, conical, or horizontal Surfaces, the City may issue permits for construction of structures up to 35 feet in height.

3. Variances or exceptions to allow structural heights exceeding the standard of the underlying zone may be permitted. Applications for height variances shall be processed as required under Zoning Ordinance Sections 106 through 111, or 136 (X).

4. Proposed structures, trees, plants, objects of natural growth and temporary structures that would penetrate the imaginary surfaces must be reviewed through the FAA's Obstruction Evaluation / Airport Airspace Analysis process and the applicant must file a Notice of Proposed Construction or Alteration (Form 7460-1) with the FAA. Approval of a variance for increased height within the ASCO may be subject to conditions recommended by the FAA.

(E) Compatibility and Safety Standards regarding Noise Applications for land use approvals, limited land use approvals, or building permits for properties within the boundaries of the ASCO zone received after [effective date of this Ordinance] shall demonstrate compliance with the noise disclosure and mitigation requirements of this Section. The requirements of Section E shall not be construed to require the compliance of any pre-existing legally established structure or land use approval not conforming to these requirements.

1. Within the Airport Noise Impact Boundaries shown on Figure 135B 3, recordation of any land division of residentially zoned property shall include recordation of a Airport Activity Disclosure Statement. Any Covenants, Conditions and Restrictions or similar documents shall include citation of the Airport Activity Disclosure Statement. Issuance of a Development Review approval, under Zoning Ordinance Section 133 Development Review / Approval of Plans, for a multi-family residential development not including a land

division shall be conditioned to require documentation that an Airport Activity Disclosure Statement is included within any lease or rental contracts. Documentation demonstrating compliance with this standard shall be provided to the Planning Department prior to issuance of a Certificate of Occupancy.

2. *Within the Airport Noise Impact Boundaries shown on Figure 135B 3, where airport noise levels are identified at or above 55 Ldn, construction plans submitted for building permit applications for noise sensitive land uses shall include noise abatement methods incorporated into building design and construction as necessary to achieve an indoor noise level not to exceed 45 dBA. Such noise abatement methods may include, but are not limited to: additional insulation; drywall; air conditioning; and/or double- or triple-glazed windows. Building permit applications for construction of noise sensitive uses shall include documentation from a certified acoustician that the building design and construction will achieve an indoor noise level equal to or less than 45 dBA.*

F. Compatibility and Safety Standards regarding Development. *The following items have the potential to create hazards to aircraft flight. Applications for land use approvals, limited land use approvals, or building permits on properties within the boundaries of the ASCO zone received after [effective date of this Ordinance] shall demonstrate compliance with the requirements of this Section. The requirements of Section F shall not be construed to require the compliance of any pre-existing legally established development improvement not conforming to these requirements.*

1. *Outdoor Lighting. Industrial, commercial, institutional, or recreational uses or facilities shall not use outdoor lighting which projects vertically. Outdoor lighting for all developments shall incorporate shielding in its design to reflect light downward. No outdoor lighting shall be approved which is similar in size, pattern or intensity to airport lighting, and which may impede the ability of pilots to distinguish such outdoor lighting from airport lighting.*

2. *Reflectivity. Use of exterior metal or glass on the east, west, and south building faces or roofs of new structures shall include any of the following or equivalent methods to reduce the reflectivity of these materials: glare control film or tinting on windows; reduced pane size or overall window area; enlarged mullions; downward-angled windows; exterior louvers, panels, or screens on windows; and matte finishes on metal surfaces. For the purposes of this section, solar panels, collectors and arrays installed with permits issued by the City are not considered reflective materials and are not subject to the provisions of this section.*

3. *Emissions. Within the ASCO approach surface boundaries, emissions of smoke, dust or steam that could obscure a pilots' visibility are*

discouraged. Applications for new industrial, commercial, institutional, or other uses which are anticipated to regularly or intermittently create such emissions shall, during the Development Review process under Zoning Ordinance Section 133, provide documentation that the applicant has consulted with the Port of Portland to ensure that under normal weather conditions such emissions are likely to dissipate and not obscure pilot visibility before reaching the nearest runway approach surface elevation. The City may impose as conditions of approval requirements for reasonable and practical mitigation measures as necessary to ensure that emissions are unlikely to obscure pilot visibility.

4. Communications Facilities and Electrical Interference. No land use, facility, or utility installation shall cause or create radio transmissions or electrical interference at frequencies or levels which may disrupt navigational signals or radio communications between the Airport and an aircraft. Applications or proposals for the location of new or expanded radio, radiotelephone, and television transmission facilities, electrical transmission lines, or facilities using high frequency electrical impulses in any on-site process within the ASCO zone shall be coordinated with the Port of Portland prior to approval or installation. Approvals of cellular and other telephone or radio communication towers on leased property located within the Airport Imaginary Surfaces illustrated on Figure 135B 2 shall be conditioned to require their removal within 90 days following the expiration of the lease agreement and shall be further conditioned with a requirement to provide a bond or other security to ensure such removal.

5. Water and Waste Water Treatment Facilities: Sewage and industrial waste treatment systems and water treatment systems using permanent open ponds or tanks that attract and sustain wild life populations which pose a threat to the safe operation of fixed wing aircraft are not allowed within the ASCO zone boundaries, with the exception of the following:

- a. Structural walled flocculation/sedimentation basins, mix basins, and/or structural walled filter basins all with permanently attached structurally framed roofs and open air side walls.*
- b. Closed piped industrial waste treatment such as Acid Waste Neutralization, and solvent waste collection systems used by semiconductor and solar industries are not open waste water treatment facilities.*
- c. Closed piped industrial water treatment systems such as RO / DI plants and associated pre-treatment are not open water treatment facilities.*
- d. Collection, use, or treatment of rainwater or gray water, which does not attract or sustain wild life populations that threaten safe operation of fixed wing aircraft.*

G. Compatibility and Safety Standards regarding Land Use.

Within the six Airport Compatibility Zones in the ASCO zone, land uses established after [effective date of this Ordinance] shall be limited or restricted as described in this Section. In the event of conflict with the underlying zone, the more restrictive provisions shall control. As used in this section, a limited use means a use that is allowed subject to special standards specific to that use. The requirements of Section G shall not be construed to require the discontinuance of any pre-existing legally established land use not conforming to these requirements.

1. Compatibility Zone 1: Runway Protection Zone

(a) Prohibited land uses include the following: public assembly facilities; residential, commercial, industrial, and institutional land uses; athletic fields, sanitary landfills, water treatment plants, mining, water impoundments, wetland mitigation, and the storage of fuel and other hazardous materials.

(b) Uses and facilities are restricted to those requiring location in Compatibility Zone 1 for which no practicable alternative location exists.

(c) Roads and parking areas may be permitted in Compatibility Zone 1 upon demonstration that there are not practicable alternatives. Plans for lights, guardrails and related road and parking area improvements may be subject to conditions recommended by the Port of Portland based on FAA airport design standards.

(d) No structures are allowed in Compatibility Zone 1, with the sole exception of structures accessory to airport operations whose location within Compatibility Zone 1 has been approved by the FAA.

(e) Utilities, power lines and pipelines shall be underground.

2. Compatibility Zone 2: Inner Approach/Departure Zone

(a) Prohibited land uses include the following: commercial child care facilities; schools; hospitals, commercial senior or convalescent care facilities; and sanitary landfills.

(b) Residential development shall be limited to the densities specified on the Hillsboro Comprehensive Plan Land Use Map as of [effective date of this Ordinance]. Land use approvals which would increase residential densities above the existing densities as of [effective date of this Ordinance] shall not be approved by the City.

(c) *Nonresidential development intensity in new developments shall be limited to:*

(1) *A maximum average intensity of 60 people per gross acre at any time.*

(2) *A maximum intensity of 120 people on any single gross acre at any time.*

(d) *Structures shall be located as far as practical from the extended runway centerline.*

(e) *Land use or limited land use approvals by the City shall be conditioned to provide an aviation easement and an Airport Activity Disclosure Statement to the Port of Portland prior to recordation of land division plats or Certificates of Occupancy, as applicable.*

(f) *Water impoundments up to 10,000 square feet in surface area are permitted. Applications for water impoundments shall include documentation to the Planning Department that the applicant has consulted with the Port of Portland to ensure that the design of the water impoundment reduces its attractiveness to wildlife and minimizes the risk to aviation.*

3. *Compatibility Zone 3: Inner Turning Zone*

(a) *Prohibited land uses include the following: commercial child care facilities; schools; hospitals, commercial senior or convalescent care facilities; and sanitary landfills.*

(b) *Residential development shall be limited to the densities specified on the Hillsboro Comprehensive Plan Land Use Map as of [effective date of this Ordinance]. Land use approvals which would increase residential densities above the existing densities as of [effective date of this Ordinance] shall not be approved by the City.*

(c) *Nonresidential development intensity in new developments shall be limited to:*

(1) *A maximum average intensity of 100 people per gross acre at any time.*

(2) *A maximum intensity of 200 people on any single gross acre at any time.*

(d) Structures shall be located as far as practical from the extended runway centerline.

(e) Land use or limited land use approvals by the City shall be conditioned to provide an aviation easement and an Airport Activity Disclosure Statement to the Port of Portland prior to recordation of land division plats or Certificates of Occupancy, as applicable.

(f) Water impoundments up to 10,000 square feet in surface area are permitted. Applications for water impoundments shall include documentation to the Planning Department that the applicant has consulted with the Port of Portland to ensure that the design of the water impoundment reduces its attractiveness to wildlife and minimize the risks to aviation.

4. Compatibility Zone 4: Outer Approach/Departure Zone

(a) Prohibited land uses include the following: commercial child care facilities; schools; hospitals, commercial senior or convalescent care facilities; and sanitary landfills.

(b) Residential development shall be limited to the densities specified on the Hillsboro Comprehensive Plan Land Use Map as of [effective date of this Ordinance]. Land use approvals which would increase residential densities above the existing densities as of [effective date of this Ordinance] shall not be approved by the City.

(c) Nonresidential development intensity in new developments shall be limited to:

(1) A maximum average intensity of 100 people per gross acre at any time.

(2) A maximum intensity of 300 people on any single gross acre at any time.

(d) Structures shall be located as far as practical from the extended runway centerline.

(e) Land use or limited land use approvals by the City shall be conditioned to provide an aviation easement and an Airport Activity Disclosure Statement to the Port of Portland prior to recordation of land division plats or Certificates of Occupancy, as applicable.

(f) Water impoundments up to 10,000 square feet in surface area are permitted. Applications for water impoundments shall include

documentation to the Planning Department that the applicant has consulted with the Port of Portland to ensure that the design of the water impoundment reduces its attractiveness to wildlife and minimizes the risk to aviation.

5. *Compatibility Zone 5: Sideline Zone*

(a) Prohibited land uses include the following: commercial child care facilities; schools; hospitals, commercial senior or convalescent care facilities; and sanitary landfills.

(b) Residential development shall be limited to the densities specified on the Hillsboro Comprehensive Plan Land Use Map as of [effective date of this Ordinance]. Land use approvals which would increase residential densities above the existing densities as of [effective date of this Ordinance] shall not be approved by the City.

(c) Nonresidential development intensity in new developments shall be limited to:

(1) A maximum average intensity of 150 people per gross acre at any time.

(2) A maximum intensity of 300 people on any single gross acre at any time.

(d) Structures shall be located as far as practical from the extended runway centerline.

(e) Land use or limited land use approvals by the City shall be conditioned to provide an aviation easement and an Airport Activity Disclosure Statement to the Port of Portland prior to recordation of land division plats or Certificates of Occupancy, as applicable.

(g) Water impoundments up to 10,000 square feet in surface area are permitted. Applications for water impoundments shall include documentation to the Planning Department that the applicant has consulted with the Port of Portland to ensure that the design of the water impoundment reduces its attractiveness to wildlife and minimizes the risk to aviation.

6. *Compatibility Zone 6: Traffic Pattern Zone*

(a) Prohibited land uses include the following: schools; hospitals, commercial senior or convalescent care facilities; sanitary landfills, and publicly-owned water treatment plants.

(b) *Water impoundments are permitted. Applications for water impoundments shall include documentation to the Planning Department that the applicant has consulted with the Port of Portland to ensure that the design of the water impoundment has reduced its attractiveness to wildlife and minimized the risk to aviation to the greatest extent practicable.*

(c) *Applications for increased densities of residential development may be approved if implementation of such increased densities can be conditioned to be constructed consistent with the safety and compatibility standards in this Ordinance regarding building height and noise management. Approvals by the City of increased residential densities shall be conditioned to provide an aviation easement and an Airport Activity Disclosure Statement to the Port of Portland prior to recordation of land division plats or Certificates of Occupancy, as applicable.*

(d) *There are no nonresidential development intensity limitations in this compatibility zone.*

H. Wetland Mitigation, Creation, Enhancement and Restoration

1. *To minimize risk and reduce hazards to air navigation near the Airport, the establishment of wetland mitigation banks outside the ASCO zone boundaries is encouraged.*

2. *Wetland mitigation, creation, enhancement or restoration projects existing or approved on the effective date of this ordinance and located within the ASCO zone boundaries are recognized as lawfully pre-existing non-conforming uses.*

3. *Applications to expand existing wetland mitigation projects or to create new wetland mitigation projects within the ASCO zone boundaries shall be permitted only in Airport Compatibility Zone 6 upon demonstration to the Planning Department that:*

a. *The existing or proposed wetlands have a site-specific ecological function, including but not limited to critical habitat for threatened, endangered or state sensitive species, ground water recharge, etc.*

b. *The proposed mitigation created will be designed and located to avoid creating a wildlife hazard or increasing hazardous movements of birds across runways or in Airport Compatibility Zones 1-5.*

4. *Applications to create, enhance or restore wetlands within Airport Compatibility Zones, which include expansion of an existing water impoundment or creation of a new water impoundment, shall be permitted upon demonstration that:*

a. *The subject wetlands have or will have a site-specific ecological function, including but not limited to critical habitat for threatened, endangered or state sensitive species, ground water recharge, etc; and*

b. *The proposed wetland will be designed and maintained to avoid increasing hazardous movements of birds feeding, watering or roosting in areas across runways or in Airport Compatibility Zones 1-5.*

5. *Applications for new or expanded mitigation submitted under Section 3, or applications for wetlands creation, enhancement or restoration submitted under Section 4 shall be coordinated with the Port of Portland.*

6. *Any approval of new or expanded mitigation submitted under Section 3, or for wetlands creation, enhancement or restoration submitted under Section 4 shall be conditioned as deemed appropriate and necessary by the City to prevent increasing hazardous bird movements across runways and Airport Compatibility Zones 1-5.*

I. Nonconforming Structures or Uses

1. *The requirements of this Section shall not be construed to require the removal, lowering or alteration of any pre-existing legally constructed structure not conforming to these requirements. These regulations do not require any change in the construction, alteration or intended use of any structure, the construction or alteration of which was approved prior to [effective date of this Ordinance].*

2. *Notwithstanding Section I above, if an existing structure is determined by the City, based on FAA obstruction standards, to have an adverse effect on air navigational safety, the provisions of this Section shall be construed to allow the City to require that the owner of that structure to install or allow the installation of obstruction markers, in order to make the structure more visible to pilots.*

3. *No land use approval, limited land use approval, building permit or other permit shall be issued by the City after [effective date of this Ordinance] that would increase any air navigation hazard caused by a pre-existing nonconforming use or structure.*

J. Land Use Applications in Airport Safety and Compatibility Overlay Zone.

1. In addition to the materials specified elsewhere in the Zoning Ordinance, applications for land use or limited land use approvals on properties within the ASCO zone shall include the following documentation:

a. Elevation data on the site plan, showing native grade and height of all existing and proposed structures, measured in feet above mean sea level.

b. Vicinity maps showing the location of the subject property in relation to the Imaginary Surfaces shown on Figure 135B 2; the Airport Noise Impact Boundaries shown on Figure 135B 3; and the Compatibility Zone boundaries shown on Figure 135B 4.

c. Documentation of a landscaping plan that is consistent with the standards in Section 5.2.4 Vegetation Management in the Port of Portland's 2007 Hillsboro Airport Wildlife Hazard Management Plan.

2. The Planning Department shall provide to the Port of Portland notice of City review of applications for quasi-judicial land use or limited land use decisions or legislative decisions such as Comprehensive Plan or Zoning Ordinance text amendments, affecting properties within the ASCO zone, in the same manner and at the same time as notice is provided to surrounding property owners, as required elsewhere in the Zoning and Subdivision Ordinances and in the Comprehensive Plan.

3. Within Compatibility Zones 2, 3, 4, or 5, land divisions such as partitions, subdivisions, or condominiums, and Development Review approvals for multi-family residential development of any size, or non-residential structures exceeding 10,000 gsf, shall be conditioned to require provision to the Port of Portland of an Avigation Easement and an Airport Activity Disclosure Statement. Documentation of the recordation of the Avigation Easement and Airport Activity Disclosure Statement shall be provided prior to issuance of Certificates of Occupancy.

Section 4. Zoning Ordinance No. 1945 is amended with the addition of four (4) Figures, attached hereto as Attachments I, II, III, and IV, to be included in Section 135B:

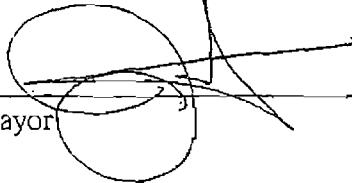

Attachment I:	Figure 135 B 1 Hillsboro Airport Runways
Attachment II:	Figure 135 B 2 Hillsboro Airport Imaginary Surfaces
Attachment III:	Figure 135 B 3 Airport Noise Impact Contour Boundaries
Attachment IV:	Figure 135 B 4 Airport Compatibility Zones

Section 5. This ordinance shall be effective form and after 30 days following its passage and approval by the Mayor.

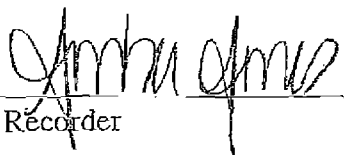

First approval of the Council on this 18 day of September, 2009.

Second approval of the Council on this 6 day of October, 2009.

Approved by the Mayor this 6 day of October, 2009.

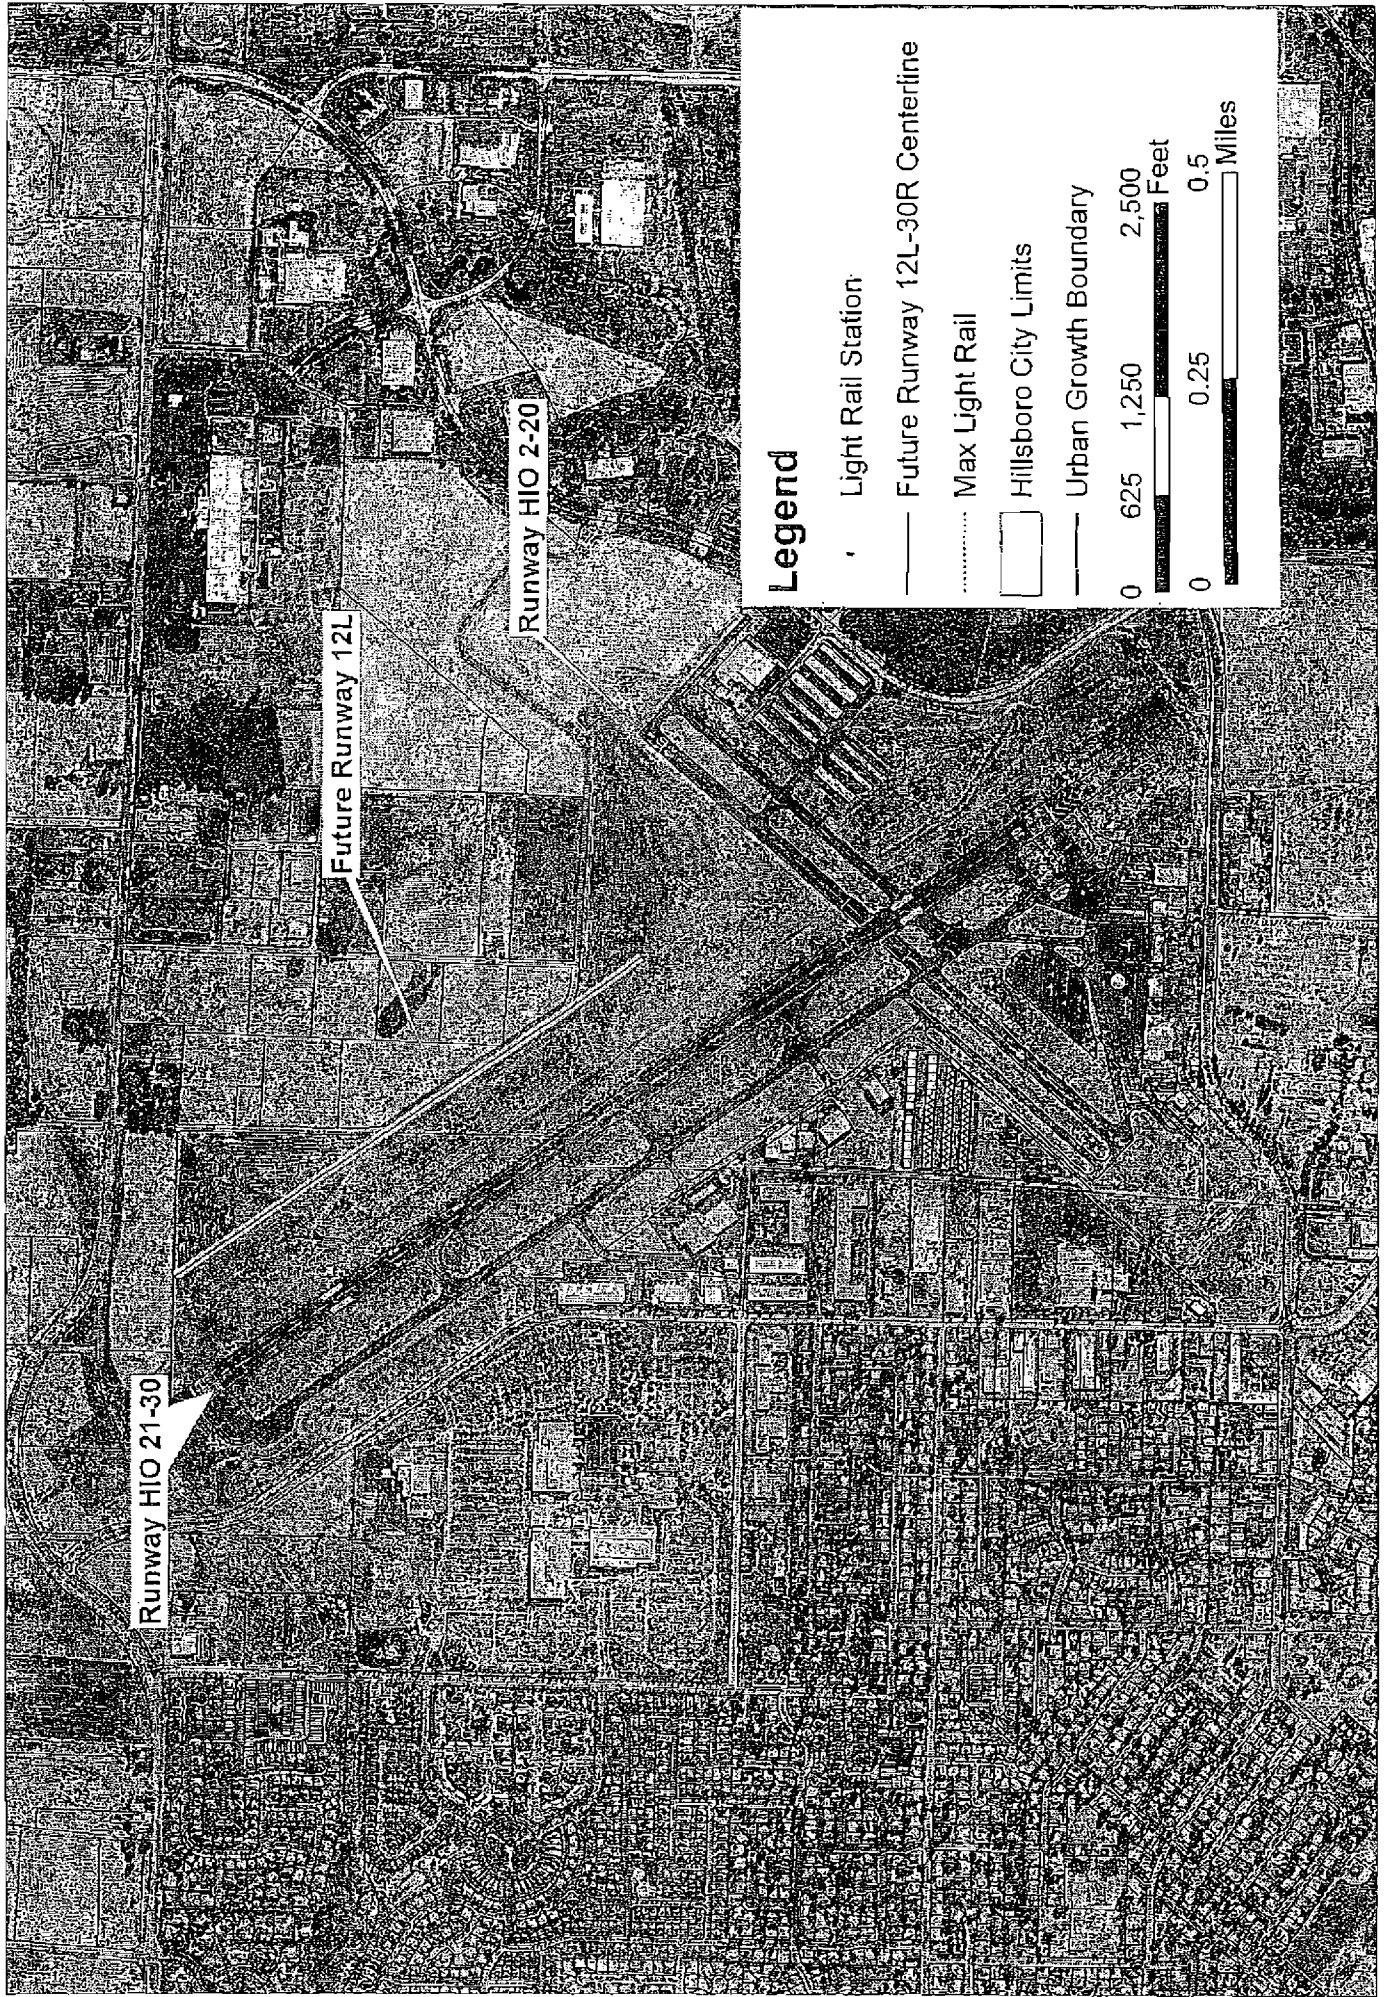

Mayor

FINDINGS AND CONCLUSIONS

Minor Amendments to Comprehensive Plan Ordinance No. 2793 and Zoning Ordinance No. 1945

Case File Numbers HCP 1-09 and ZOA 3-09: Hillsboro Airport Compatibility Study Implementation

I. INTRODUCTION AND LEGISLATIVE HISTORY

The primary purpose of the Hillsboro Airport Compatibility Study Implementation amendments (Case File Numbers HCP 1-09 and ZOA 3-09) is to reduce conflicts between airport operation and future development, as required by the Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR). These statutory requirements are summarized in Attachment A-1.

In 2005, the Port of Portland with input from the City completed an update of the Hillsboro Airport Master Plan, which included an updated Compatibility Study. An Airport Use zone and Airport Safety and Compatibility Overlay zones were part of the recommended action in the Compatibility Study, excerpts from which are included in Attachment A-2.

In January 2007 the Hillsboro Airport Issues Roundtable (HAIR) formed a land use subcommittee specifically to development the Airport Use zone (AUZ) and the Airport Safety and Compatibility Overlay (ASCO) zones recommended in the Compatibility Study. After considerable review and discussion, the sub-committee determined that the best alternative for Hillsboro would be a hybrid of the height, noise and development regulations from the model airport zoning example development by the State of Oregon, combined with the more refined six ASCO zones developed and used in California, Washington and Minnesota. The "Six Zone Model" was preferred over the Oregon "Two Zone" model for three reasons:

- The six zone system is based on actual air traffic accident data from the National Traffic Safety Board, rather than on radii from airport runways
- The six zone system differentiates between flight paths and traffic patterns
- The six zone system can be "fine-tuned" for urban airports

City and Port staff met with personnel from the State Department of Aeronautics (DOA) and the Department of Land Use and Transportation (DLCD) regarding the proposal to use the "Six Zone Model" to complement the Oregon Model zoning. Both agencies supported this methodology.

With the oversight of the HAIR land use sub-committee, the Port and City staff developed and mapped the six ASCO zones and consolidated them with the height noise, and development standards of the Oregon Model. After the geometry of the six zones was completed, the City worked with industrial property owners potentially most affected by the proposal: SolarWorld; Genentech; and Intel. Revisions were made in the draft language to reflect the industries'

operational concerns and to provide clear and objective standards for future development. The provisions of the AUZ were also developed by the Port and City staff with oversight by the HAJR land use sub-committee: these provisions closely parallel those of the Oregon Model Code.

The final draft language of AUZ and ASCO zones was endorsed by the land use sub-committee in December 2008 and by the full Hillsboro Airport Issues Roundtable in January 2009. The Planning Commission held a work session on the proposed amendments on February 25, 2009, and subsequently initiated the amendments on March 11, 2009.

Notice of a joint Port/City open house and of the Planning Commission public hearings was sent to approximately 6100 property owners potentially affected by the proposed amendments. The Planning Commission public hearing opened on May 13, 2009, and was continued to June 10 and to June 24, 2009. The Planning Commission Public testimony received throughout hearings process helped to shape the final amendments forwarded to the City Council for adoption.

II. ADOPTION OF ADDITIONAL DOCUMENTS BY REFERENCE

The following documents are included in these findings by reference:

- Planning Commission staff report dated February 19, 2009 with associated attachments;
- Planning Commission staff report dated March 25, 2009 with associated attachments;
- Planning Commission Orders No. 8005 and 8006;
- Planning Commission staff report dated May 6, 2009, with associated Attachments A, B, C, D, and E;
- Planning Commission staff report dated May 21, 2009;
- Planning Commission staff report dated June 16, 2009, with associated attachments;
- Planning Commission Orders No. 8012 and 8013

III. OVERVIEW OF COMPREHENSIVE PLAN AND ZONING ORDINANCE AMENDMENTS

The Comprehensive Plan amendments include three changes in Section 7 Air Water and Land Resource Quality, and two changes in Section 13 Transportation.

Air, Water, and Land Resource Quality changes:

- Addition of a new Policy K
- Deletion of existing Implementation Measures 13, 14, 15, 16, and 17
- Addition of new Implementation Measure 18

Transportation changes:

- Deletion of Policy J
- Addition of new Implementation Measures (V) and (W)

The Zoning Ordinance amendments would include addition of two new sections: Section 135(A) Airport Use Zone AUZ and Section 135(B) Airport Safety and Compatibility Overlay Zone (ASCO). Within the ASCO, height and noise mitigation regulations, and development regulations on lighting, emission, glare, and electrical interference would be applicable to new development as specified. Six compatibility zones would also be created with varying degrees of regulations intended to mitigate conflicts between airport operations and future development. Section 94 Exceptions to Building Height Limitations would also be amended in Subsection (2) to be consistent with the new AU and ASCO zones.

V. COMPLIANCE WITH THE CITY OF HILLSBORO COMPREHENSIVE PLAN

A. Identification of the Amendments as “Minor Amendments”

The City followed the process established at Section 1(III) of the HCP for review of proposed minor amendments to the Comprehensive Plan. A “Minor Plan Amendment” is defined as “any change to the Comprehensive Plan which is not a major plan amendment.” A “Major Plan Amendment,” in turn, is defined as follows at Section 1(II)(G):

“Major Plan Amendment” includes any significant change to the Comprehensive Plan text or map initiated by the City Council of Planning Commission. A “significant change” is one that amends or refines both the Plan text and map, has operative effect over a large geographic area and is likely to have significant environmental, energy, economic and social consequences.

Finding: The proposed Comprehensive Plan amendments do not amend both the Plan text and map. All three elements of the definition of “major plan amendment” must be met in order for an amendment to meet the definition. In addition, the amendments will not have significant environmental, energy, economic and social consequences as they are modifications to implement State Statutes and Administrative Rules, as well as the adopted Hillsboro Airport Master Plan and Land Use Compatibility Study.

Conclusion: The City followed the appropriate process for a minor plan amendment as required by the HCP. The City provided the required notice to the state Department of Land Conservation and Development more than 45 days prior to the first public hearing on the proposed amendments as required by ORS 197.610. The City also sent notice to approximately 6200 affected property owners as required by ORS 227.186.

Therefore, the applicable requirements for classifying and processing the proposed amendments are met.

B. Minor Amendment Criteria

Minor Amendments to the HCP may be made if a need for revision is documented. HCP Section 1(IV)(A). The proposed amendments meet this criterion based on the need for consistency with

ORS 836.610, OAR 660-13, and the adopted Hillsboro Airport Master Plan and Land Use Compatibility Study.

The HCP requires that amendments be submitted by the City, government agencies and property owners. These amendments were initiated by the Planning Commission through adoption of Orders No. 8005 and 8006 on March 25, 2009.

C. Goals and policies of the Comprehensive Plan

Section 1. Planning and Citizen Involvement.

The Plan establishes processes that are designed to facilitate public involvement in revisions to the Plan and implementing regulations. Specifically, at Section 1(IV), a process is established for consideration of minor amendments such as this one. Newspaper notice was provided as required by Section IV(A)(1).

The Planning Commission initiated these amendments and conducted a work session and public hearing at three meetings over the course of its review. As required by ORS 227.186, notice of the public hearing and an earlier Open House was sent to approximately 6200 property owners. Notice of the public hearings was also published in the Hillsboro Argus. Approximately 50 persons attended the Open House, and approximately 31 persons testified in person or in writing at the Planning Commission public hearing.

In addition, the 2008 HAJR meetings, including the Land Use Sub-Committee meetings during which the draft language of the amendments was developed, were noticed in the Hillsboro Argus and on the Port's web site. Electronic notice was also sent to interested parties who had signed up for information on the Port's airports: Portland; Hillsboro; and Troutdale. HAJR meetings were held in the Hillsboro Civic Center (a fully accessible site) in the early evening.

Findings:

The notification provided of the development of the language through the HAJR land use sub-committee in 2008, and the Ballot Measure 56 notification of the Open House and Planning Commission public hearing were effective in notifying affected property owners, as was evident from the attendance at the Open House and the testimony at the public hearings.

Conclusion: The process requirements of the Comprehensive Plan have been met.

Section 2. Urbanization.

The Urbanization element of the Comprehensive Plan seeks to provide for orderly and efficient transition from rural to urban uses through the identification and establishment of areas designed to accommodate the full range of urban uses within the Hillsboro Planning Area.

Findings: The proposed amendments are consistent with the goal and policies of the Urbanization element of the Comprehensive Plan because the Plan envisions that as development occurs public facilities and services will be expanded to accommodate the additional need. The Hillsboro Airport provides transportation facilities and employment opportunities within the Hillsboro Planning Area, and the proposed amendments will facilitate the expansion of the Airport within the provisions of the adopted Master Plan. The proposed amendments will create ASCO zones which will be applied to properties within the City south of NW Evergreen Road, and will be applicable to future annexations of industrial areas north of NW Evergreen Road in the Evergreen Special Industrial Area. Availability of the ASCO zones, and the certainty which their provisions will provide to future development in that area, facilitates efficient urbanization.

Conclusion: Applicable policies of the Urbanization section of the Plan are met.

Section 3. Housing.

The goal of the Housing chapter of the Plan is to provide for the housing needs of the citizens of Hillsboro and the surrounding community by encouraging the construction, maintenance, development and availability of a variety of housing types, in sufficient numbers and at price ranges and rent levels which are commensurate with the financial capabilities of the community's residents.

Findings: Housing Policies C and O direct that housing be "designed and constructed in a manner that assures safe, healthy, and convenient living conditions for the community's citizens" and that "residential areas should be designated to avoid incompatible commercial, industrial, and other uses." The proposed amendments will reduce the negative impacts of airport operations on future residential development by creating clear and objective standards for the mitigation of such impacts during construction, and by limiting future increases in residential density in proximity to the airport flight paths. These provisions will contribute to a safer, healthier and more convenient residential environment. Such standards also provide clarity and consistency for the housing construction community which provides for the housing needs of Hillsboro's citizens.

Conclusion: The applicable policies of the Housing section of the Plan are met.

Section 4. Agricultural Lands.

The goal of the Agricultural Lands section of the Plan is to utilize farms as open space and provide a method for maintaining agricultural lands outside the urban growth boundary for farm use.

Findings: This section is not applicable to the proposed amendments as Statewide Goal 3 does not apply within urban growth boundaries. However, by specifying agricultural use as permitted within the AU Airport Use zone the amendments encourage the preservation of agricultural land within the urban growth boundary for open space and reduction of storm water runoff.

Section 5. Forest Lands.

The goal of the Forest Lands section of the Plan is to conserve forested lands and significant trees in the planning area.

Finding: This Section does not apply to the proposed amendments.

Section 6. Natural Resources, Open Space, Scenic and Historical Sites.

The goal of this Section of the Plan is to preserve the variety of natural and historical resources in the City.

Findings: This Section of the Plan implements Statewide Planning Goal 5, which included wetlands as a Goal 5 resource. The proposed amendments address the conflicting interests of wetlands creation/enhancement and reduction of waterfowl attractants impacting aviation safety, by providing clear and objective standards for creation and mitigation of wetlands within the ASCO zones. These standards specifically address Goal D, which calls for identification and provision of “appropriate protection” for significant Goal 5 natural resource sites including wetlands. The proposed amendments have no impact on any sites on the City’s Cultural Resource Inventory.

Conclusion: The applicable policies of the Natural Resources, Open Space and Historical Sites section of the Plan are met.

Section 7. Air, Water and Land Resource Quality.

The goal of this Section of the Plan is to maintain and improve the quality of the air, water and land resources of the city and prevent waste discharges from developments from degrading or threatening those resources.

Findings: By implementing the recommendations of the Hillsboro Airport Land Use Compatibility Study, these amendments support this goal. Adoption and application of the proposed ASCO zones will mitigate future negative impacts of airport operations by placing appropriate limitations on future development, thereby limiting the number of persons impacted. The adoption of new Policy K, and new Implementation Measure 18, and the deletion of outdated Implementation Measures 13, 14, 15, 16, and 17 will bring this Section into compliance with the Statewide Airport Planning Rule OAR 660-13, and the Hillsboro Airport Land Use Compatibility Study.

Conclusion: The applicable policies of this Section of the Plan are met.

Section 8. Natural Disasters and Hazards.

The goal of this section of the Plan is to protect life and property within the planning area from natural disasters and hazards.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 9. Recreation.

The goal of this Section of the Plan is to provide a parks and recreation facilities plan and program including a variety of open spaces, parks and recreation facilities.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 10. Economy.

The goals of this Section of the Plan are to expand, improve and diversify the economy of the planning area, provide local employment opportunities, conserve energy by reducing commuting distances, and expand the tax base and economic independence of the area.

Findings: The proposed amendments will provide greater certainty to the business community, especially prospective industrial developers, by providing clearer and more objective standards for properties in the vicinity of the airport. The increased clarity in the City's regulations will provide certainty to the development community and industry and can help promote the attraction of commercial and industrial development.

Section 11. Energy.

The goal of this Section of the Plan is to conserve energy through the design and location of land use activities in the City.

Findings: The proposed amendments do not affect this Section of the Plan. .

Section 12. Public Facilities and Services.

The goal of this Section of the Plan is to implement Statewide Planning Goal 11. The Plan envisions the provision of public facilities and services in an orderly and efficient manner and utilizing the provision of those services as a method for guiding urbanization within the Hillsboro Planning Area.

Findings: The proposed amendments implement Plan policies that include park and recreation facilities within the definition of this Section by assuring usable open space in developments.

The uniform calculation of density will allow the City and other service providers to better predict the need for public facilities to serve development.

Conclusion: Applicable policies of this Section of the Plan are met.

Section 13. Transportation.

The goal of this Section of the Plan is to implement Statewide Planning Goal 12 by ensuring provision of a safe, convenient, efficient and economic transportation system based on the City's Transportation System Plan.

Finding: This Section of the Plan is not relevant to the proposed amendments as they do not relate to transportation facilities. All development will still be required to comply with adopted City plans and regulations related to transportation facilities.

The remaining Sections of the Plan do not apply to the proposed amendments. They include community plans, a Severability provision, and the City's Transportation System Plan.

The remaining Statewide Planning Goals do not apply to these amendments.

IV. CONCLUSION

The proposed amendments comply with applicable provisions of the Hillsboro Comprehensive Plan and Statewide Goals.

EXHIBIT F: ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONING REGULATIONS SUMMARY

Regulations in the ASCO fall into two categories: general requirements applying to all properties in the ASCO; and Compatibility Zone-specific requirements based on the relative location of the subject property to the airport. Both categories are summarized below:

General Requirements Regarding Height

- All structures permitted in the base zone shall comply with the height limitations.
- Where base zone heights are more restrictive than ASCO, base zone limitations control.
- Except as provided, nothing penetrates the Imaginary Surfaces.
- Within Imaginary Surfaces outside approach and transition surfaces, if ground elevation of the runways is higher than the runways such that permitted structures would penetrate the primary, conical, or horizontal surfaces, structures up to 35 feet high are permissible.
- Height variances may be permitted under HZO Sections 106 - 111, or 136 (X).
- Proposed structures or temporary structures penetrating Imaginary Surfaces must be reviewed through FAA Obstruction Evaluation / Airport Airspace Analysis process
- Applicant must file a Notice of Proposed Construction or Alteration (Form 7460-1) with the FAA.
- Approval of a variance for increased height within the ASCO may be subject to conditions recommended by the FAA.

General Requirements Regarding Noise

- All applications for properties within the ASCO zone to demonstrate compliance with noise disclosure and mitigation requirements.
- Within the Airport Noise Impact Boundaries, recordation of any residential land division to include an Airport Activity Disclosure Statement. CC&Rs shall include citation of the Airport Activity Disclosure Statement.
- Development Review approvals for multi-family residential developments to be conditioned to require documentation (prior to issuance of Certificates of Occupancy) that an Airport Activity Disclosure Statement is included within any lease or rental contracts.
- Within the Airport Noise Impact Boundaries at or above 55 Ldn, construction plans for noise sensitive land uses to include noise abatement methods as necessary to achieve indoor noise level <45 dBA. Documentation from a certified acoustician required.

General Requirements Regarding Outdoor Lighting, Reflectivity, Emissions, Electrical Interference, and Water and Waste Water Treatment.

- Non-residential uses or facilities to not use outdoor lighting projecting vertically.
- Outdoor lighting to incorporate shielding in its design to reflect light downward.
- No outdoor lighting similar in size, pattern or intensity to airport lighting, impeding pilots' ability to distinguish such from airport lighting.
- Reflectivity to be reduced on east, west, and south building faces or roofs of new structures by specified or equivalent means.
- Solar panels, collectors and arrays installed with City-issued permits not considered reflective materials and not subject to these provisions.
- Within approach surface boundaries, emissions that could obscure visibility are discouraged.

- Applications for new uses creating emissions to provide documentation that applicant has consulted with the Port to ensure dissipation below the approach surface under normal weather conditions.
- City may impose as conditions of approval requirements for reasonable and practical mitigation measures as necessary to ensure that emissions are unlikely to obscure pilot visibility.
- No development to create electrical interference disrupting navigational signals or communications between the Airport and an aircraft. Applications or proposals for telecommunications facilities and electrical transmission lines to be coordinated with the Port
- Approvals of telephone or radio communication towers within the Airport Imaginary Surfaces to be conditioned to require removal within 90 days of lease expiration and bonded to ensure removal.
- Waste and water treatment systems with permanent open ponds or tanks attracting birds not allowed within the ASCO, with specified exceptions.

General Requirements regarding wetland Mitigation, Creation, Enhancement and Restoration

- To reduce hazards to air navigation, establishment of wetland mitigation banks outside the ASCO zone boundaries encouraged.
- Existing or approved wetland projects located within the ASCO recognized as lawfully pre-existing non-conforming uses.
- Applications to expand existing or create new wetland mitigation projects to be permitted only in ASCO Zone 6 upon demonstration that:
 - Existing or proposed mitigation has site-specific ecological function,
 - Proposed mitigation will be designed and located to avoid creating or increasing hazardous bird movements.
- Applications to expand or create new wetlands or water impoundments to be permitted upon demonstration that:
 - Existing or proposed wetlands has site-specific ecological function,
 - Proposed wetlands will be designed and located to avoid creating or increasing hazardous bird movements.
- Applications for new or expanded mitigation or created, enhanced, or restored wetlands to be coordinated with the Port.
- Approval of new or expanded mitigation or created, enhanced, or restored wetlands to be conditioned to prevent increasing hazardous bird movements.

General Requirements regarding Nonconforming Structures or Uses and Land Use Applications

- Requirements not to be construed to require removal, lowering or alteration of any pre-existing legally constructed non-conforming structure to these requirements.
- Regulations do not require any change in construction, alteration or intended use of any structure approved prior to this Ordinance.
- Exception to this exemption to be made if an existing structure is determined based on FAA obstruction standards, to have an adverse effect on air navigational safety.
- In that case, City can require owner to install obstruction markers to make the structure more visible to pilots.
- No land use approval or other permit to be issued after passage of this Ordinance that would increase any air navigation hazard caused by a pre-existing nonconforming use or structure.

- Applications for land use approvals on properties within the ASCO to include the following:
- Elevation data showing native grade and height of all existing and proposed structures, measured in feet above mean sea level.
- Vicinity maps showing site location in relation to Imaginary Surfaces, Airport Noise Impact Boundaries, and the ASCOs.
- Landscaping plan consistent with Section 5.2.4 Vegetation Management in the Port's 2007 Hillsboro Airport Wildlife Hazard Management Plan.
- Planning Department to provide to the Port notice of City review of applications for quasi-judicial land use or limited land use decisions or legislative decisions affecting properties within the ASCO as provided to surrounding property owners.
- Land divisions and Development Review approvals for multi-family residential development of any size, or non-residential structures > 10,000 gsf within ASCO Zones 2, 3, 4, or 5 to be conditioned to require provision to the Port of Avigation Easement and Airport Activity Disclosure Statement. Documentation of recording same to be provided prior to Certificates of Occupancy.

Compatibility Zone Specific Requirements: Zone 1: Runway Protection Zone

- Prohibited land uses: public assembly facilities; residential, commercial, industrial, and institutional land uses; athletic fields, sanitary landfills, water treatment plants, mining, water impoundments, wetland mitigation, and the storage of fuel and other hazardous materials.
- All uses and facilities restricted to those for which no practicable alternative location exists.
- Roads and parking areas permitted if no practicable alternatives.
- Lights, guardrails and related road and parking area improvements subject to conditions recommended by the Port based on FAA airport design standards.
- No structures allowed, with sole exception of structures accessory to airport operations as approved by FAA.
- Utilities, power lines and pipelines to be underground.

Compatibility Zone Specific Requirements: Zone 2: Inner Approach/Departure Zone

- Prohibited land uses: commercial child care facilities; schools; hospitals, senior or convalescent care facilities; and sanitary landfills.
- Residential development to be limited to present Comprehensive Plan densities. No Plan changes to increased densities to be approved.
- New nonresidential development intensity to be limited to: maximum average 60 people/gross acre at any time; maximum 120 people on any single gross acre at any time.
- Structures to be located as far as practical from the extended runway centerline.
- Land use approvals to be conditioned to provide avigation easement and Airport Activity Disclosure Statement to the Port prior to plat recording or Certificates of Occupancy.
- Water impoundments up to 10,000 sf permitted.
- Applications for water impoundments to include documentation that applicant has consulted with the Port to ensure that water impoundment design reduces attractiveness to wildlife.

Compatibility Zone Specific Requirements: Zone 3: Inner Turning Zone

- Prohibited land uses: commercial child care facilities; schools; hospitals, senior or convalescent care facilities; and sanitary landfills.

- Residential development to be limited to present Comprehensive Plan densities. No Plan changes to increased densities to be approved.
- New nonresidential development intensity to be limited to: maximum average 100 people/gross acre at any time; maximum 200 people on any single gross acre at any time.
- Structures to be located as far as practical from the extended runway centerline.
- Land use approvals to be conditioned to provide avigation easement and Airport Activity Disclosure Statement to the Port prior to plat recording or Certificates of Occupancy.
- Water impoundments up to 10,000 sf permitted.
- Applications for water impoundments to include documentation that applicant has consulted with the Port to ensure that water impoundment design reduces attractiveness to wildlife.

Compatibility Zone Specific Requirements: Zone 4: Outer Approach/Departure Zone

- Prohibited land uses: commercial child care facilities; schools; hospitals, senior or convalescent care facilities; and sanitary landfills.
- Residential development to be limited to present Comprehensive Plan densities. No Plan changes to increased densities to be approved.
- New nonresidential development intensity to be limited to: maximum average 100 people/gross acre at any time; maximum 300 people on any single gross acre at any time.
- Structures to be located as far as practical from the extended runway centerline.
- Land use approvals to be conditioned to provide avigation easement and Airport Activity Disclosure Statement to the Port prior to plat recording or Certificates of Occupancy.
- Water impoundments up to 10,000 sf permitted.
- Applications for water impoundments to include documentation that applicant has consulted with the Port to ensure that water impoundment design reduces attractiveness to wildlife.

Compatibility Zone Specific Requirements: Zone 5: Sideline Zone

- Prohibited land uses: commercial child care facilities; schools; hospitals, senior or convalescent care facilities; and sanitary landfills.
- Residential development to be limited to present Comprehensive Plan densities. No Plan changes to increased densities to be approved.
- New nonresidential development intensity to be limited to: maximum average 150 people/gross acre at any time; maximum 300 people on any single gross acre at any time.
- Structures to be located as far as practical from the extended runway centerline.
- Land use approvals to be conditioned to provide avigation easement and Airport Activity Disclosure Statement to the Port prior to plat recording or Certificates of Occupancy.
- Water impoundments up to 10,000 sf permitted.
- Applications for water impoundments to include documentation that applicant has consulted with the Port to ensure that water impoundment design reduces attractiveness to wildlife.

Compatibility Zone Specific Requirements: Compatibility Zone 6: Traffic Pattern Zone

- Prohibited land uses: schools; hospitals, senior or convalescent care facilities; and sanitary landfills and publicly-owned water treatment plants.
- Applications for increased residential densities may be approved, if approval conditioned for construction consistent with building height and noise management requirements.

-
- Approvals of increased residential densities to be conditioned to provide avigation easement and Airport Activity Disclosure Statement to the Port prior to plat recording or Certificates of Occupancy.
 - No limitations on new nonresidential development intensity.
 - No limitations on location of structures.
 - Avigation easements and Airport Activity Disclosure Statements not required on new non-residential development.
 - Water impoundments of any size permitted.
 - Applications for water impoundments to include documentation that applicant has consulted with the Port to ensure that water impoundment design reduces attractiveness to wildlife to the greatest extent practicable.

Subject: RE: Email from the website

Mr. Mor -

Thanks for your message. "ASCO" stands for Airport Safety and Compatibility Overlay (zone) which is proposed to be applied on properties surrounding the airport. There are six ASCO zones, five of which are either immediately next to the airport or off the ends of the runways, under the "flight paths." ASCO Zone 6 is the "traffic pattern" zone, meaning planes fly in this area around the airport.

All of the ASCO zones are intended to address aspects of new development, such as residential density, commercial and industrial lighting, creation of ponds (which attract waterfowl) and creation of public assembly uses such as schools, churches and conference centers. Existing residential properties having no additional development capacity would see almost no impact from the new overlay zone. The ASCO will not affect the underlying residential zoning on your developed property or on your neighbors' properties, meaning that the allowed uses, setbacks, height and parking standards will not change.

The banner at the top of the notice you received is required by state law whenever a city proposes to change the zoning on a property, as in your neighborhood with the addition of the ASCO zoning. Although the City is required to include the notice, we don't know whether the proposed regulation will positively or negatively impact your property value or your neighbors'. However, please remember that the new ASCO zoning doesn't change the underlying single family residential zoning in your neighborhood.

Hopefully this information answers some of your questions. If you have more questions, please contact us again.

Hillsboro Airport Zoning,

Hello, I've recently received a notice regarding changes or the review of changes to Airport Zoning surrounding the HBO airport. My home (located just beyond 25th in the Edgefield community) seems to be impacted by the zoning review and falls within the ASCO Zone 6 region. Can you please explain what impact this has to my home? Or better yet does this impact the surrounding areas that may have a negative impact to my home value? I simply need to understand what the terms "ASCO" stands for and what it actually means? From my reading I understand it just limits what can be done with the land? Can you please give me some more details? I will not be in town on the 4th of November, so I would like to understand more prior to the scheduled zoning meeting.

Subject: RE: Notice of Public Hearing ZC 7-09 AUZ and ASCO

Mr. de la Motte -

Thanks for your message. To clarify the information on the web site, your property at 2920 NE Charlois Court would be in proposed Airport Safety and Compatibility Overlay (ASCO) Zone 6, the "Traffic Pattern" zone, meaning planes fly in this area around the airport. All six of the ASCO zones are intended to address aspects of new development, such as residential density, commercial and industrial lighting, creation of ponds (which attract water fowl) and creation of public assembly uses such as schools, churches and conference centers. Existing residential properties having no additional development capacity would see almost no impact from the new overlay zone. The ASCO will not affect the underlying residential zoning on your developed property or on your neighbors' properties, meaning that the allowed uses, setbacks, height and parking standards will not change.

On your specific question, whether the proposed zoning will increase the permissible noise level of aircraft at the airport or over your property, the answer is no, it will not. Zoning on surrounding properties and airport noise are not connected. Noise levels are a function of airport operations, and are addressed in the Hillsboro Airport Master Plan. More information on the Master Plan is available at:
http://www.portofportland.com/HIO_MP_Overview.aspx

I've copied this message to Lise Glancy at the Port of Portland, who can give you more information on the Master Plan and noise issues at Hillsboro Airport. If you have more questions, please contact us again.

Subject: Notice of Public Hearing ZC 7-09 AUZ and ASCO

Debbie,

I received this notice in the mail today. I would like some additional information on exactly what the proposed zoning change.

I'm not a lawyer, but spent half an hour trying to wade through the legalese on this site http://www.ci.hillsboro.or.us/planning/airportzoning/hillsboro_airport_zoning.aspx. I'm not getting anywhere. What I want to know is simple. Will this proposed new zoning increase the permissible noise level of aircraft at the Hillsboro Airport, on my home property at 2920 NE Charlois Ct.?

Thank you
Phil de la Motte

CITY OF HILLSBORO

November 12, 2009

SUPPLEMENTAL STAFF REPORT

TO: Hillsboro Planning and Zoning Hearings Board
FROM: Hillsboro Planning Department
RE: Request for Zone Change - ZC 7-09: Application of Recently Adopted AU Airport Use Zone and ASCO Airport Safety and Compatibility Overlay Zone

BACKGROUND

At their regular meeting on November 18, 2009, the Planning and Zoning Hearings Board is scheduled to re-open the previously continued hearing on a city-initiated request for approval of zone changes on approximately 7100 properties at and in the vicinity of the Hillsboro Airport. The Hearings Board members received the original staff report on this matter, dated October 28, 2009, prior to opening the hearing on November 4th.

ADDITIONAL INFORMATION RECEIVED

Three additional citizen e-mails have been received since November 4th: the messages and written responses from Planning staff are attached as Exhibit G (revised).

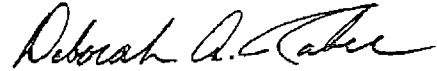

Port of Portland staff have prepared a more formal presentation for the November 18th hearing, based on responses to questions received on November 4th.

RECOMMENDATION

Planning staff recommends that the Planning and Zoning Hearings Board re-open the public hearings on November 18th, receive testimony and questions on the proposed zone change. Following the conclusion of testimony, unless otherwise requested, the Hearings Board should close the public hearing and deliberate toward a decision. Planning staff recommends that the Planning and Zoning Hearings Board approve ZC 7-09 without conditions.

Respectfully submitted,

CITY OF HILLSBORO PLANNING DEPARTMENT

Hello Ms. Gantt:

Thanks for your message. The staff report for the zone change ZC 7-09 is attached to this message. Also attached are most of the Exhibits to the staff report. Exhibits A and B can be viewed on the City's web site at http://www.ci.hillsboro.or.us/Planning/AirportZoning/Hillsboro_Airport_Zoning.aspx

At the first of the two public hearings on November 4th, both City and Port of Portland staff commented that the application of the proposed Airport Safety and Compatibility Overlay zone is not related to the issue of airport noise: The two issues are totally separate. The zoning will not increase or change airport noise effects, nor will the zoning enable any changes in airport operations not anticipated in the Master Plan.

If you're interested, the Port is holding an Open House related to the proposed northeast runway next Tuesday November 10th in the cafeteria at the Public Services Building 150 E. First Avenue. The Open House will run from 5:30 to 7:00, and parking is available on the west side of the building. The agenda for the meeting is available on the Port's web site at http://www.portofportland.com/hair_agenda.aspx

RE Airport

I would like to know what the cost is for information on the staff report concerning the airport.

We are already experiencing ample noise from the airport and I would like to know the full impact of what we have to look forward to if this plan is accepted.

Subject: RE: Email from the website

Hello -

Thanks for your message. The Planning and Zoning Hearings Board meeting on November 18th will be in the auditorium at the Hillsboro Civic Center, 150 E. Main Street in downtown Hillsboro. It will begin at 6:30. The meeting on November 18th will be on the same zone change as was the meeting on November 4th: the only difference between the two is that properties northwest and northeast of the airport were notified of the November 4th meeting; properties to the southwest and southeast of the airport were notified of the November 18th meeting. Two meetings with separate notices were sent to allow ample opportunity for interested neighbors to testify without extending either meeting too late into the evening. All of the information on the website pertains to both meetings.

Please feel free to contact us with any additional questions.

Hillsboro Airport Zoning,

The city website says: "Following adoption of the new AU zone and the six new ASCO zones by the City Council in October, the Planning Zoning hearings Board will hold two public hearings in November as follows:
* November 4th – Hearings Board public hearing on properties generally northwest and northeast of the airport
* November 18th – Hearings Board public hearing on properties generally southwest and southeast of the airport" When and where is the meeting on the 18th? Is this on the website somewhere?

Subject: RE: Airport Zoning

Mr. Gregg -

Thanks for your message. The new AU Airport Use zone and the ASCO Airport Safety and Compatibility Overlay zones were not developed or proposed to be applied to accommodate any particular type of aircraft or business at Hillsboro Airport. State law requires cities with airports to have both types of zoning. The Hillsboro Airport Master Plan and the Land Use and Compatibility Study, both adopted in 2005, called for the creation and application of these zones to meet that requirement and to mitigate potential future conflicts between airport operations and new development.

The ASCO zone which extends 6000 feet from the airport is Zone 6, the traffic pattern zone. By definition, this zone includes the majority of other regular air traffic patterns and pattern entry routes. ("Other" patterns in this case are the inner and outer approach and departures zones, the inner turning zone, and the sideline zone.) The geometry of Zone 6 is based on compatibility zones for urban airports developed in California and now used in Washington state and Minnesota as well.

Questions regarding specific operations at Hillsboro Airport are best answered by the Port of Portland, and I've copied your message and questions to several staff people there. Please contact us with any further questions you might have. You may also be interested in attending a Hillsboro Airport Open House in the Public Services Building (PSB) cafeteria beginning at 5:30 pm tomorrow night. The PSB is located at First and Main in downtown Hillsboro, across the street from the post office. Parking is available on the west side of the building.

Re: Question about airport zoning after attending Nov 4th meeting on this issue

Question: Is the Airport Safety and Compatibility Zones being developed to accommodate the helicopter instruction business provided by Hillsboro Aviation? And if so, why? as constant flyovers of our community are extremely irritating and this property restriction is a considerable imposition to a large number of people and properties.

If you look at the map or the new zone, it's a large circle of about a mile radius from center of airport. Fixed wing aircraft don't need that large a buffer and the runway extensions are already protected where they actually fly over. This issue begs the question as to why this community puts up with this helicopter business when it's such a overwhelming nuisance to such a large number of people and now, property. The economic value of having this business in Hillsboro is minimal and this business doesn't even need an airport and could go elsewhere as helicopters don't need runways. Without the helicopter business, would this property restriction map not be considerably reduced?

ORDER NO. 4010**ZC 7-09: AU AIRPORT USE ZONE AND
ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONE**

AN ORDER OF THE HILLSBORO PLANNING AND ZONING HEARINGS BOARD RECOMMENDING APPROVAL OF ZONE CHANGES TO APPLY THE AU AIRPORT USE ZONE AND THE ASCO AIRPORT SAFETY AND COMPATIBILITY OVERLAY ZONE TO AFFECTED PROPERTIES AT AND SURROUNDING THE HILLSBORO AIRPORT.

WHEREAS, ORS 836.610 to 836.630 requires local governments to adopt zoning and planning regulations for airports and safety zones for lands surrounding airports consistent with airport planning rules adopted by the Department of Land Conservation and Development (“DLCD”);

WHEREAS, pursuant to ORS 836.610 to 836.630, DLCD adopted OAR 660, Div. 13 (the “Airport Planning Rule”), which requires local governments with airports inside their jurisdictions to adopt comprehensive plan and zoning regulations to enhance the safety of airport flight operations and the compatibility of surrounding areas with airport operations; and

WHEREAS, consistent with the Airport Planning Rule, the City Council adopted Ordinance Nos. 5925 and 5926 on October 6, 2009 amending the Hillsboro Comprehensive Plan and Zoning Ordinance, respectively, to create the AU Airport Use Zone and the ASCO Airport Safety and Compatibility Overlay Zone; and

WHEREAS, on October 14, 2009, the Hillsboro Planning Commission adopted Order No. 8018, which initiated this zone change application to rezone the Hillsboro Airport to the newly adopted AU Airport Use Zone and to apply the ASCO Zone to properties extending approximately 6,000 feet from the Hillsboro airport runways; and

WHEREAS, the City mailed Measure 56 notices (ORS 227.186) on October 15 and again on October 26, 2009 to the Port of Portland, owner of the Hillsboro Airport, and to the owners of all properties proposed for the ASCO Zone, plus the owners of all properties extending 500 feet beyond as required by Zoning Ordinance Section 116 (10 (b)); and

WHEREAS, the City also provided pre-hearing notice of the rezoning proposal to DLCD and scheduled two public hearings on the proposal for November 4 and November 18, 2009 to take testimony and evidence and consider the application; and

WHEREAS, the Board received Planning Department staff reports dated October 28 and November 12, 2009, testimony in support of the application by representatives of the Port of Portland, one witness in opposition to the proposal, neutral testimony from 19 individuals and e-mail inquiries from 5 individuals.

THE CITY OF HILLSBORO PLANNING AND ZONING HEARINGS BOARD
ORDERS AS FOLLOWS:

Section 1. Based on the testimony and evidence in the record, the Planning and Zoning Hearings Board hereby recommends approval of the requested zone change for the Hillsboro Airport properties to AU Airport Use and the application of the ASCO Airport Safety and Compatibility Overlay zone to all lands in the City within 6,000 feet of the Hillsboro Airport runways as recommended by staff in the October 28, 2009 Staff Report, as illustrated in Figure 135B-4 and the "Airport Use Zone Map."

Section 2. The Planning and Zoning Hearings Board decision in this matter is based on the findings attached as Exhibit A, which are adopted and incorporated herein by this reference.

Section 3. This recommendation shall be forwarded to the Hillsboro City Council immediately upon approval.

Approved this 10th day of December 2009.

EXHIBIT A
(Findings)

The Planning and Zoning Hearings Board (the "Board") incorporates herein by this reference and adopts as its own, the summary and analysis of the approval criteria set forth in the Compliance with Applicable Zone Change Criteria section of the October 28, 2009 Staff Report and the materials attached to the staff report, most notably Ordinance Numbers 5925 and 5926, the Comprehensive Plan and Zoning Ordinance amendments implementing ORS 836.610 to 836.630 and OAR 660, Div 1 - the Airport Planning Rule. The Board also adopts the following findings:

1. The city complied with all required notice and hearing procedures for the Board's November 4th and 18th hearings in this matter. The City mailed a notice of the November 4th hearing on October 15, 2009 to the Port of Portland and all affected property owners northwest and northeast of the airport, consistent with ORS 227.186. A second notice of the November 18th hearing was mailed on October 26th to all affected property owners southwest and southeast of the airport, consistent with ORS 227.186. In each case, the mailed notice was sent to owners of all properties within 6,000 feet of the airport, plus the owners of land extending out 500 feet beyond that. No one objected to the adequacy of the City's notice in this matter. At the commencement of both hearings, the Hearings Officer made the disclosures and announcements required by ORS 197.763 (5) and (6) and 197.796. No member of the Board had any ex parte contacts, conflicts of interest or biases to report at either hearing. There were no procedural objections or objections to the participation of any member of the Board in this matter, and at neither hearing did anyone request a continuance or that the record be kept open.

2. Two distinct areas are the subject of this zone change proposal: (1) Land owned by the Port of Portland on which it operates the Hillsboro Airport is proposed for a zone change to the newly-adopted AU Airport Use zone; and (2) Mostly privately-owned land within 6,000 feet of the airport runways is proposed for the addition of the ASCO Airport Safety and Compatibility Overlay zone over the existing zones on those properties. All these properties -- approximately 7,100 in total -- currently bear a variety of Hillsboro zones. Most of the land proposed for the ASCO overlay zone is zoned for and developed with single-family residential use. The AU Airport Use zone regulations are set forth in Section 135A of the Hillsboro Zoning Ordinance, and the ASCO Airport Safety, Compatibility and Overlay zone regulations are set forth in Section 135B of the Hillsboro Zoning Ordinance.

3. Both of these zone change proposals are subject to the following approval criteria set forth in Section 114(2) of the Zoning Ordinance:
 - a. The request must conform with the Hillsboro Comprehensive Plan and the Zoning Ordinance ; and

 - b. Where more than one designation is available to implement the Comprehensive Plan designation, the applicant must justify the particular zone

proposed and show that it is best suited for the specific site, based on specific policies of the Hillsboro Comprehensive Plan.

Most of the Port-owned airport land has a PF Public Facilities Comprehensive Plan designation, with a small portion designated IND Industrial. The AU zone is the only zone that implements these Plan designations for airport facilities. The ASCO overlay zone is compatible with the base zones that currently affect the land within 6,000 feet of the airport by imposing certain specific limitations on new uses within that overlay zone.

Additionally, the following Comprehensive Plan provisions are implicated by this zone change proposal and are therefore applicable as approval standards pursuant to the first zone change criterion: Air, Water and Land Resource Quality Policy (K) and Implementation Measure 18, and Transportation Implementation Measure (V). Finally, this and all legislative zone changes must be consistent with the applicable State-wide Planning Goals, which are addressed below. No other approval standards were suggested as being applicable by any party to this proceeding.

4. With regard to the first zone change approval standard from Section 114(2), the Board finds that both components of this proposal are consistent with the Hillsboro Comprehensive Plan as recently amended by Ordinance 5925. This Comprehensive Plan amendment, which was adopted by the City Council to implement ORS 836.610 to 836.630 and OAR 660, Div 1 – the Airport Planning Rule, is set forth in Section 7 (Air, Water and Land Resource Quality), with the addition of a new Policy K and a new Implementation Measure 19, and Section 13 (Transportation) with a new Policy J and the addition of new Implementation Measures (V) and (W). These Comprehensive Plan amendments were adopted after a thorough and open public process using the Hillsboro Airport Issues Roundtable citizen advisory committee and are specifically tailored to the Hillsboro Airport and surrounding lands within 6,000 feet of its runways. The present zone change is the zoning implementation of these Comprehensive Plan amendments.

(a) Rezoning the Port-owned airport property, most of which bears a PF Public Facility plan designation with some land designated IND Industrial Plan, as AU Airport Use is consistent with the Comprehensive Plan, because the AU zone is the only zone that implements the Comprehensive Plan with regard to airport facilities. Therefore, a zone change of Port-owned airport property is consistent with the Comprehensive Plan's requirements to preserve and enhance airport safety.

(b) Application of the ASCO zone to the surrounding land within 6,000 feet of the airport runways implements and is consistent with the Comprehensive Plan because, again, this overlay zone is the only means of implementing the Comprehensive Plan's safety and protection requirements applicable to the airport. Therefore, application of the ASCO zone, as proposed by staff, is consistent with the Comprehensive Plan's requirements to preserve and enhance airport safety.

5. The Board finds that both components of this zone change proposal meet the second approval standard in Section 114(2) because the AU Airport Use and the ASCO Airport Safety

and Compatibility Overlay are the only zones that implement the Comprehensive Plan's airport safety and compatibility requirements.

(a) There are no other zones, other than AU Airport Use, that implement the Comprehensive Plan with regard to land owned and used by an airport operator such as the Port of Portland. Therefore, the AU Airport Use zone is best suited for this specific site, based on Hillsboro Comprehensive Plan Section 7 (Air, Water and Land Resource Quality) Policy K and Implementation Measure 19, and Section 13 (Transportation) Policy J Implementation Measures (V) and (W). Section 135A(B) (Application of the AU Zone) incorporates by reference the "Airport Use Zone Map," which shows the potential boundaries of this zone. The Board notes that the current proposal corresponds to those boundaries.

(b) Application of the ASCO Airport Safety and Compatibility Overlay zone on the land within 6,000 feet of the Hillsboro Airport runways also meets the second zone change approval standard because this overlay designation is best suited for the lands surrounding the Airport as illustrated in Figure 135B-4. There is only one airport facility in Hillsboro, and state law requires the City to plan for the protection of aviation operations and the surrounding residents and property owners through this protective zoning scheme. The program, as adopted by the City Council and codified in Section 135B of the Zoning Ordinance, is narrowly tailored to achieve this public safety objective while avoiding unnecessary restriction of property rights.

Fairly read, this second zone change criterion applies only when there is more than one possible zone that could be applied to a particular property. In this case, where the Board is considering the application of an overlay zone, the question is not so much which ASCO sub-zone to apply to particular properties and where to put the boundaries of each sub-zone, but whether to adopt the ASCO overlay system or not. In that light, state law and the imperative of public safety require that the Board adopt the ASCO zone system and to do so as clearly stated in Section 135B of the Hillsboro Zoning Ordinance and illustrated in Figure 135B-4. In fact, it would appear that denial of this proposal is not an option in light of the following provision adopted by the City Council in Ordinance 5926, Section 135B (B) Boundary Delineations and Applicability:

"The location and dimensions of the Hillsboro Airport ... compatibility zones as defined and described in this Section are delineated for the Hillsboro Airport on Figures 135B 1, 135B 2, 135B 3, and 135B 4. By their inclusion in this Section, these boundaries are made part of the Official Zoning Map." (emphasis added)

The present zone change proposal is identical to Figure 135B-4, which has already been adopted as official City zoning. Therefore, it does not appear that denial is an option, nor is any variation from the overlay zone boundaries illustrated on Figure 135B-4. In that light, the Board finds that the second zone change criterion is met.

6. State law requires legislative zone changes such as this to be consistent with the applicable State-wide Planning Goals. As a preliminary matter, the Board doubts that any further Goal compliance is necessary in light of the two ordinances already adopted by the City

Council, which created the AU and ASCO zones, specified the detailed requirements of those zones and applied the ASCO zone to the land shown in Figure 135B-4, which is already part of the Hillsboro Zoning Ordinance. To the extent that anything more need be said about Goal compliance, the Board finds that Goal 12 (Transportation) is the only substantive applicable Goal, which this proposal is specifically designed to implement. This proposal is not inconsistent with any other applicable Goals because the uses prohibited or limited in the AU and ASCO zones are few and ample opportunities for all regulated uses exist outside of the limited territory affected by this proposal. The City Council process by which Ordinances 5925 and 5926 were adopted, as well as this zone change proceeding, comply with the procedural requirements of state law, including Goals 1 (Citizen Involvement) and 2 (Land Use Planning).

7. At the November 4th and 18th hearings, the Board received a staff report from Deborah Raber, Planning Department Project Manager. Ms. Raber also recited the applicable approval standards that govern the Board's decision in this matter. Testifying at both hearings in support of the zone change proposal was the Port of Portland, owner and operator of the Hillsboro Airport, represented by Stephen Nagy and Jason Gately.

8. The Board received a substantial amount of public testimony at the two hearings on this matter, most of it offered as neutral testimony.¹ Most of this testimony can fairly be characterized as opposition to current and increased airport operations at the Hillsboro Airport. Without exception, none of the testimony presented bore any relevance to the zone change approval criteria upon which the Board must base its decision. The Board accepts as fact the universal view that no one wants to live next to an airport because of the noise, light glare and safety impacts that aircraft operations cause. That said, the Hillsboro Airport is a federally licensed general aviation airport that exists and operates lawfully under federal, state and local law within an already established neighborhood. The Board is not authorized to manage, plan or even regulate airport operations at the Hillsboro Airport. *See* the Airport Planning Rule and the Federal Airport Noise and Capacity Act of 1990 codified at 49 USC 2151, *et seq.* More to the point, the current application does not ask for Board intervention or oversight into the nature or extent of airport operations. This application simply asks for Board approval of certain pre-defined zoning designations for the Hillsboro Airport and surrounding land within 6,000 feet of the airport runways. Given the uses that must be allowed by state law and Section 135B of the Hillsboro Zoning Ordinance and the pervasive preemptive effect of the federal law, the Board lacks the authority to respond to any of the public testimony requesting that it regulate airport operations. For these reasons, the Board also declines the suggestion that it condition this zone change approval by limiting flight instruction and related operations to current levels and

¹ At its November 4th hearing, the Board received neutral oral testimony from Chris Kearns, Lisa Espinosa, Karen Hershey, Beverly Bellmore, Shawn Espinosa and Gerald VanderZanden. Neutral written testimony was received from Edward Mor and Phil de la Motte, attached to the October 28th staff report. At its November 18th hearing, the Board heard opposition oral testimony from Miki Bames, who also submitted a written version of her testimony. At that same hearing, the Board received neutral oral testimony from Laurie Richmond, Carolyn Kohout, Patty Strohm, Vernon Mock, Donald Cook, Donna Prince, Joe Porter, Albert Harris, Matt Heinrich, Charles Agee, Dennis Sibers, Eric Jacobsen and Terry Holtman. Neutral written testimony was received from Alex Kay, Thomas Gregg, and Jane Gantt, attached to the November 12th staff report

prohibiting any expansion. Such a condition is preempted by federal law and would be inconsistent with OAR 661, div 13 and Section 135B of the Zoning Ordinance.

9. The record of this proceeding includes Hillsboro Planning Commission Order No. 8018 initiating this zone change request, the October 28 and November 12, 2009 Staff Reports plus all associated attachments, the November 18, 2009 written submission from Miki Barnes, and audio recordings of the November 4 and 18 public hearings. In addition, the Board takes official notice of the current Hillsboro Zoning Ordinance, Comprehensive Plan and all applicable state and federal law.
