CITY RECORDER

Ordinance 1-2011
BACKGROUND

As part of conditions placed, by the Planning Commission following the hearing of December 15, 2010, upon Columbia River Community Health Services Site Design Review approval (SDR 02-2010), this Post Acknowledgement Plan Amendment (PAPA 01-2011) is to change 1.08 acres of tax lot #1901 on Morrow County Tax Map 4N 25 16BC from Multi-Family Sub-district to Commercial District, in conjunction with a partition (PAR 01-2011), to create the 2.25 acre parcel on which a 15,395 square foot medical clinic will be located upon. The existing tax lot #1901 is dual zoned, with 1.17 acres being zoned Commercial and 2.93 acres zoned Multi-Family Sub-district. Partition PAR 02-2011, upon approval, will create a 2.25 acre parcel upon which the medical clinic will be located. This parcel would contain the 1.17 acres currently zoned Commercial and the balance of the created parcel, 1.08 acre, would be zoned Multi-family Sub-district leaving a dual zoned lot. Amending the zoning map to follow the boundaries of the created parcel for the medical clinic to be a single zone allows for the clinic to be constructed under the provisions of the majority portion zoning of the parcel. A Map of the proposed partition and map/zone change is included with this report as Exhibit "A".

It should also be noted, a medical clinic is an allowable use in both the Multi-Family Sub-District and the Commercial District. In the Multi-Family sub-district there is a limitation of 5,000 square feet on building size, which is just slightly over the outgrown facility the medical clinic is in currently. The commercial district does allow greater flexibility to meet the desires of Columbia River Community Health Services to have an adequately sized facility for the needs of the community, and allow for future expansion as the community grows.

PARTITIONING

As was noted in the background section of this report, one of the conditions placed upon Columbia River Community Health Services, in the Site Design Review approval hearing of December 15, 2010, was to partition the property so a Post Acknowledgment Plan Amendment and a Zoning and Comprehensive Plan Map Amendment could be accomplished on the minimum amount of additional land necessary for the construction of the medical clinic facility. This partition leaves a 1.85 acre Multi-Family Sub-district buffer between a Commercial District zoning and a Residential District with elementary schools directly across Wilson Rd. The 1.85 acre parcel would be large enough to accommodate up to 20 additional multi-family living units,
although this density might be restricted by existing easements for utility infrastructure. The configuration is shown on the map included with this report as Exhibit "A".

SITE DESIGN REVIEW PROCESS

On November 5, 2010, an application for Site Design Review was submitted to the city by Pinnacle Architecture, acting as an agent for Columbia River Community Health Services, for a 15,395 square foot medical clinic. Federal grant funding agencies required land use approval prior to approval of grant funds for the medical clinic project, so the Site Design Review and conditional approval would provide the necessary approvals for the grant funding. The Site Design Review followed a Type III hearing process with a public hearing at the Planning Commission level, consistent with the provisions of Section 4.2.400(B) of the Boardman Development Code. The Site Design Review is to assure the development of the site will be consistent and comply with the development standards in the Boardman Development Code and Boardman Comprehensive Plan policies. A copy of the Site Design Review Staff Report is included as Exhibit "B". The submitted site plan map and plans are included as Exhibit "C".

FINDINGS OF FACT

1) On November 5, 2010, Pinnacle Architecture acting as an agent for the Columbia River Community Health Services, submitted an application for Site Design Review.

2) Notice was mailed to all property owners within 250' of the subject property as required by §4.1.500(C), on November 19, 2010, notifying them of the Type III Planning Commission public hearing on December 15, 2010, concerning the decision to be made on the Site Design Review.

3) The property of the applicant and public reader boards were posted on November 19, 2010, notifying the public of the Type III Planning Commission public hearing on December 15, 2010, concerning the decision to be made on the Site Design Review.

4) Notification of the Type III Planning Commission public hearing on December 15, 2010, concerning the decision to be made on the Site Design Review was published in a regional paper of daily circulation was published on November 19, 2010, in the East Oregonian.

5) The Site Design Review Staff Report was made available for review on December 8, 2010, on the Community Development Page of the city’s website located at www.cityofboardman.com, and paper copies made available at Boardman City Hall.

7) On December 15, 2010, the Planning Commission, after a Type III public hearing, deliberated the decision on the Site Design Review for the medical clinic and approved the facility with nine conditions to attain the approval. Included in the conditions were the partition and changing of the entire 2.25 acre parcel, upon which the clinic would be located, be zoned Commercial District. Minutes of the December 15, 2010, Planning Commission minutes, which include the public hearing, deliberation, approval decision and the subsequent conditions of approval, are included as Exhibit "D".
8) On January 7, 2011, the City of Boardman submitted a Notice of Proposed Amendment for a Zoning and Comprehensive Map change associated with Post Acknowledgment Plan Amendment 01-2011 with a first evidentiary hearing date of February 23, 2011, meeting the minimum 45-day notice to the Department of Land Conservation and Development.

9) On January 24, 2011, Columbia River Community Health Services submitted an application to partition the 2.25 acre parcel necessary for the construction of the medical clinic in accordance with the conditions of the Planning Commission conditional approval of the Site Design Review.

10) Notice was mailed to all property owners within 250’ of the subject property as required by §4.1.500(C), on January 26, 2011, notifying them of the Type II Administrative Decision on the Partition request to be made on February 18, 2011, concerning the decision to be made on the partition.

11) The property of the applicant and public reader boards were posted on January 26, 2011, notifying the public of the Type II Administrative Decision on the partition request to be made on February 18, 2011, concerning the decision to be made on the partition request.

12) Notification of the Type II Administrative Decision on the partition request to be made on February 18, 2011, was published in a regional paper of daily circulation was published on January 26, 2011, in the East Oregonian.

13) On February 10, 2011, the Site Team Review with emergency services, utilities providers the applicant and their engineers and the city was conducted. This review is to assure any conflicts with utility infrastructure or emergency access or services are identified and mitigated prior to construction. This step was another condition of approval by the Planning Commission.

14) On February 16, 2011, the Staff Report on Post Acknowledgement Plan Amendment 01-2011, was posted on the Community Development page of city’s website at www.cityofboardman.com and paper copies made available for review at Boardman City Hall.

15) On February 23, 2011, the Boardman Planning Commission conducted a public hearing on the Post Acknowledgment Plan Amendment 01-2011 and forwarded the recommendation to the City Council for approval of PAPA 01-2011, and implementation by approval of an Ordinance.

16) Meeting Minutes of the February 23, 2011 Planning commission Meeting are attached as Exhibit "E".

PUBLIC COMMENTS RECEIVED

As of the writing of this staff report, March 30, 2011, the only comment received was from Mindy Binder, of Columbia River Community Health Services, in support of PAPA 01-2011.
No other comments have been received from all parties notified or from posted and published notification.

SUMMARY, CONCLUSIONS AND RECOMMENDATIONS

Performance of the Site Design Review on this facility presented interesting challenges in the timing of events, as Site Team review usually precedes the Site Design Review decision process in either a Type II Administrative Decision process or a Type III Quasi-Judicial process before the Planning Commission. The approvals necessary for the federal grant funding necessitated Site Design approvals to attain the grant funds in the current funding cycle, of which, could not be met without assessing the Site Design Review and application of the conditions of approval.

The conditions of approval for Site Design Review of this facility provide the necessary review and proper information of support of this map amendment, changing the zone of the parcel to be created by the partition tentatively to be approved on February 18, 2011, allow for Columbia River Community Health Services to construct a 15,395 square foot medical clinic capable of providing medical services to the community for years to come. By the time of the Planning Commission public hearing on this map amendment the Type II decision process for the partition will be completed and will provide guidance for the decision on the map amendment.

It is the recommendation of staff map amendment PAPA 01-2011, changing from Multi-Family Sub-district to Commercial District 1.08 acres on the parcel to be created by partition request PAR 02-2011, be approved by the City Council and implementation by approval of an implementation ordinance.

Suggested motion: I move map amendment PAPA 01-2011, changing from Multi-Family Sub-district to Commercial District 1.08 acres on the parcel created by partition request PAR 02-2011, be approved by the City Council with implementation by approval of Ordinance 1-2011.
