MURPHY/RELIEF NURSERY (MCPA 5-10).
Map 20-03-28 14 TL 1701, 1500 Harvey

THE CITY OF COTTAGE GROVE ORDAINS AS FOLLOWS:

Section 1. Purpose. The purpose of this ordinance is to amend the adopted
Comprehensive Plan map to identify the redesignation of property described as Map 20-
03-28-14 TL 1701, identified as 1500 Harvey, shown in the map(s) attached as Exhibit
“A” and subject to findings as described in Exhibit “B”.

Section 2. Procedural Compliance. This amendment is in compliance with Title
14, Chapter 4.1 of the Municipal code of the City of Cottage Grove and is based upon the
City Council determination, after a Planning Commission public hearing and
recommendation, that the comprehensive plan map amendment (MCPA 5-10) is a proper

Grove.

EXHIBIT 'A'
TO ORDINANCE NO. 3008
Map 20-03-29-14 TL 1701: Proposed Comprehensive Map Change

Change Subject Parcel from L Low Density to M Medium Density
EXHIBIT ‘B’
TO ORDINANCE NO. 3008

1. The Family Relief Nursery (c/o Heather Murphy) has made an application to redesignate 1 parcel (or 0.24 acres) described as Map 20-03-28-14 TL 1701 from L Low Density Residential to M Medium Density Residential.

2. The Family Relief Nursery (c/o Heather Murphy) has made an application to rezone 4 parcels (or 1.11 acres) described as Map 20-03-28-14 TL 1701, 2105, 2107, and 2108, from R-1 Single Family Residential (TL 1701) and R-2 Medium Density Residential (2105, 2107, 2108) to RC Residential Commercial.

3. The Relief Nursery currently occupies TL 2105 and 2107 as a Conditional Use in the R-2 Medium Density Residential district.

4. The City of Cottage Grove Comprehensive Plan, under “The Plan in General,” states that it contains broad generalized patterns of land use for those areas in which a given land use is best suited, where a land use is compatible to surrounding land uses and where the need for a given land use exists.

5. The City Comprehensive Plan also states that the plan is not complete. It is subject to revision to meet the many possible economic, political and technological events that might occur in the future. The plan must also remain flexible and responsive to the citizens in reflecting their desire and needs to remain current and reflect the changing form of the community.

6. The land to be redesignated is comprised of 3 small lots on N. 14th Street, which are currently designated for Medium Density Residential development and the corner lot on N. 14th Street and Harvey Lane, which is designated for Low Density Residential development. Redesignation of the corner parcel as M Medium Density Residential. The proposal also rezones all four parcels to RC Residential Commercial, one of the implementing districts of the M Medium Density Residential land use designation. The proposal will allow the existing Relief Nursery to expand its use to encompass all four parcels, and will allow them to expand the services provided on site within the parameters allowed by the Medium Density Residential land use districts.

7. Adequate public facilities, including water, sewer, storm water, and streets, can be provided to the site. The vacant property is accessed via N. 16th Street and Harvey, a City of Cottage Grove minor arterial. ODOT has been apprised of this redesignation and has not submitted comments. Lane County has been apprised of this redesignation and has submitted comments confirming that the proposed redesignation is unlikely to change traffic generation; therefore is not anticipated to impact the Lane County Transportation System.

8. The following Statewide Planning Goals are not applicable to the proposed redesignation:
   Goal 3 – Agricultural Lands; Goal 4 – Forest Lands; Goal 8 – Recreational Needs; Goal 15 – Willamette River Greenway; Goal 17 – Coastal Shorelands; Goal 18 – Beaches & Dunes; and Goal 19 – Ocean Resources.

9. The following Statewide Planning Goals are applicable and the amendment complies with them as noted below:
   a. Goal 1 – Citizen Involvement. Adequate public notice of the proposed changes will be provided through the Type IV public notice process as specified in Section 14.4.1.500 of the Development Code. Public hearings will be held at the Planning Commission and City Council levels to consider this redesignation. The process involves various forms of notification to the public in the immediate area, notification in local newspapers, and notification of impacted governmental agencies and recognized neighborhood groups.
b. Goal 2 – Land Use Planning. The City of Cottage Grove has established a land use planning process and policy framework as a basis for all decision and actions related to use of and to assure an adequate factual base for such decisions and actions. The proposed change will follow the process established in Title 14 of the City of Cottage Grove Municipal Code and has been found to be compatible with the City’s Comprehensive Plan.

c. Goal 3 – Agricultural Lands. The subject property contains no known agricultural lands.

d. Goal 4 – Forest Lands. The subject property contains no known forest lands.

e. Goal 5 – Natural Resources, Scenic and Historic Areas, and Open Spaces. – The subject property is not near any designated natural resources, scenic or historic areas, wetlands or riparian areas. The properties are in the center of an area of residential development. This goal is not applicable.

f. Goal 6 – Air, Water and Land Resources Quality. Development of this property will comply with city, state and federal standards to protect air and water quality. All waste and process discharges from future development will not violate applicable state or federal environmental quality statutes, rules and standards. The proposed redesignation is in keeping with adjacent and surrounding land uses.

g. Goal 7 – Areas Subject to Natural Hazards. The subject property is not within a designated flood plain or in an subject to landslide hazard. Steps will be taken to protect life and property from natural disasters and hazards during any future development by following all applicable building codes and regulations.

h. Goal 9 – Economic Development. The 2009 Economic Opportunities Analysis recognizes that Cottage Grove currently suffers from a shortage of employment lands. Redesignation to Residential Commercial is consistent with Goal 9 as it will add a relatively limited amount of land to the City’s deficient commercial land inventory while slightly decreasing the surplus available for residential lands.

i. Goal 10 – Housing. The proposed redesignation changes 1.11 acres of Medium Density and Low Density Residential property to a mixed residential/commercial designation that would continue to allow medium density housing while also allowing low impact commercial enterprises that are consistent with surrounding residential uses. Mixed development can serve to anchor existing neighborhoods, provide day care and employment opportunities within walking distance from homes, and provide a mix of housing opportunities, which is consistent with Goal 10.

j. Goal 11 – Public Facilities and Services. The redesignation will not require public facilities and services beyond the capacity of the City of Cottage Grove. The properties are currently served by City services that are adequate to address existing and proposed uses. Stormwater detention/retention requirements will be met as part of the development process.

k. Goal 12 – Transportation. The redesignation is consistent with Goal 12 as shown by the preliminary traffic impact analysis. ODOT concurred that the proposal was in compliance with the TPR, and did not cause a significant impact upon the surrounding transportation system.

l. Goal 13 – Energy Conservation. The subject property is currently served by City streets and services. Future development under the redesignation will be encouraged to utilize green building strategies to limit energy consumption.

m. Goal 14 – Urbanization. The subject property is already in Cottage Grove’s urban growth boundary. No changes will be made to the city’s boundary.
10. The property owners of the lands involved in the Plan Amendment are in favor of the redesignation/zoning change.

11. The proposed changes are in the public’s interest; are in keeping with the development pattern in this area of the city; are in keeping with the intent of the City Comprehensive Plan; and serve the public’s health, safety and welfare.
