The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures*

DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL: Thursday, October 20, 2011

This amendment was submitted to DLCD for review prior to adoption with less than the required 45-day notice. Pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

*NOTE: The Acknowledgment or Appeal Deadline is based upon the date the decision was mailed by local government. A decision may have been mailed to you on a different date than it was mailed to DLCD. As a result, your appeal deadline may be earlier than the above date specified. NO LUBA Notification to the jurisdiction of an appeal by the deadline, this Plan Amendment is acknowledged.

Summarize the adopted amendment. Do not use technical terms. Do not write "See Attached".

The ordinance changes the comprehensive plan map and zoning map designations for thirty-two (32) tax lots. The project is primarily intended to accurately designate properties that are publicly owned open space or parks. One privately-owned property is proposed for rezoning to a single-family designation; that parcel was subject of a land transaction to provide better connectivity to the City’s “Agnes Creek Open Space”.

Does the Adoption differ from proposal? Please select one

Yes. In the review process, two additional properties were added. Both are publicly owned; one is owned by the City of Lincoln City, and the other by the U.S. Dept. of Fish and Wildlife. Subsequent DLCD notices to add these two properties (on 07/12/11 and 08/01/11).

Updated March 17, 2011
ORDINANCE NO. 2011-13

AN ORDINANCE OF THE CITY OF LINCOLN CITY AMENDING THE LINCOLN CITY COMPREHENSIVE PLAN MAP AND ZONING MAP, AFFECTING THIRTY-ONE PUBLICLY-OWNED PROPERTIES AND ONE PRIVATELY-OWNED PROPERTY; AND AMENDING ORDINANCE NO. 84-01 (AS AMENDED)

THE CITY OF LINCOLN CITY FINDS THAT:

A. The Planning Commission held a duly-noticed public hearing on amendment of the City's Comprehensive Plan Map and Zoning Map (adopted by Ordinance No. 84-01, as amended) on August 16, 2011 and recommended approval; and

B. The Oregon Department of Land Conservation and Development was notified of the proposed amendment on May 20, 2011; and

C. The City Council held a duly-noticed public hearing on amendment of the Comprehensive Plan Map and Zoning Map on August 22, 2011; and

D. The proposed Comprehensive Plan Map and Zoning Map amendments conform to and are consistent with the City's Comprehensive Plan Policies and Statewide Planning Goals for the reasons set forth in Exhibit "A"; and

E. The proposed Comprehensive Plan Map and Zoning Map amendments are consistent with all applicable provisions of the Zoning Ordinance including, but not limited to, required initiation, processing and noticing requirements.

NOW THEREFORE, THE CITY OF LINCOLN CITY ORDAINS AS FOLLOWS:

Section 1. The Comprehensive Plan Map of Lincoln City is hereby amended to change the Comprehensive Plan Map designation on the 32 parcels listed in attached Exhibit "B" and depicted on the map in attached Exhibit "C".

Section 2. The Zoning Map of Lincoln City is hereby amended to change the zoning designation on the 32 parcels listed in attached Exhibit "B" and as depicted on the map in attached Exhibit "C".

Section 3. This ordinance does not restrict in any way existing zoning ordinance standards related to construction of a single-family dwelling or other residential use of private real property in Lincoln City. In the event this ordinance is interpreted, construed, or applied in such a manner as to give rise to a claim for compensation for a reduction in fair market value of property under ORS 195.310, then to the extent necessary or desired to avoid an obligation to pay compensation under ORS 195.310(5)(a), the city may elect to authorize the use of property without application of this land use regulation as provided in ORS 195.310(5)(b).

Section 4. To the extent possible, this ordinance shall be construed and interpreted in such a way as to give effect to all its provisions.
Section 5. If any portion of this ordinance is determined invalid by a court of competent jurisdiction, with all appeal rights exhausted or the time for appeal having expired, then the invalid portion shall be deemed severed from this ordinance and the remainder shall continue in full force and effect.

Section 6. This ordinance shall take effect thirty (30) days from the date of its adoption.

PASSED AND ADOPTED by the City Council of the City of Lincoln City this 22nd day of September, 2011.

FINDINGS RELATING TO CONFORMITY WITH
THE STATEWIDE PLANNING GOALS AND
THE LINCOLN CITY COMPREHENSIVE PLAN

CPA & ZC 201102 – PARK AND OPEN SPACE REZONING

CPA and ZC 2011-02 represent comprehensive plan amendments and zone changes to change the land use and zoning designation to either Park (P) or Open Space (OS) on thirty-one parcels of publicly-owned land. One additional parcel, which is residential and privately-owned, is proposed to be rezoned Single-Family Residential (R-1-5). The project is initiated by the City of Lincoln City.

A. Statewide Planning Goals.

1. Goal 1. Citizen Involvement

Goal 1 is “To develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the planning process.”

The City has developed a Citizen Involvement Program. In addition, the public hearing process, with notice to the public and adjacent property owners and review of the application by the Planning Commission (a citizen board) establishes conformance with this goal.

2. Goal 2. Land Use Planning

Goal 2 is “To establish a land use planning process and policy framework as a basis for all decisions and actions related to use of land and to assure an adequate factual base for such decisions and actions.

The Comprehensive Plan and Zoning Ordinance provide the process and framework for land use planning. The plan language relating to minor revisions to the Comprehensive Plan and Zoning Map have been incorporated into Chapter 17.88 of the Zoning Ordinance. Review of the application in accordance with Chapter 17.88 and the plan amendment procedures outlined in the Plan establishes conformance with this goal.

3. Goal 5. Natural Resource, Scenic and Historic Areas, and Open Spaces

Goal 5 is “To protect natural resources and conserve scenic and historic areas and open spaces.”

The proposed comprehensive plan amendment and rezoning will set aside lands for open space purposes, which is directly in accordance with the goal. It will ensure that the City has open space in the future, protect the scenic and natural resources of the open space parcels, promote healthy and visually attractive environments in harmony with the landscape character.

Goal 8 is “To satisfy the recreational needs of the citizens of the state and visitors and where appropriate to provide for the siting of necessary recreational facilities including destination resorts.”

Ordinance 2011-13
Exhibit A - Findings
The open space parcels will serve the recreational needs of Lincoln City by providing areas for hiking, biking, bird watching, picnicking, nature walks, and other similar uses. The properties proposed for rezoning to Park are already developed and function as city or state parks.

Goal 10. Housing

Goal 10 is “To provide for the housing needs of citizens of the state.”

The proposed comprehensive plan amendment and zone change would result in the conversion of almost 240 acres of residentially zoned land (mostly R-1-7.5) to Open Space (OS) or Park (P). One of the parcels is proposed for rezoning to a single-family residential zone (R-1-5) from its current designations of R-1-10 and Open Space. (This is the Gardner family property, which was the subject of a land trade to provide better connectivity in the Agnes Creek corridor.)

This much property could accommodate several hundred dwelling units if it were fully developable. However, a large portion of the proposed open space parcels consists of wetlands, most of which are considered “significant” and which therefore are essentially undevelopable. Others consist of steep slopes that are prohibitively expensive to serve with necessary infrastructure such as roads and water and sewer lines. Nevertheless it is apparent that the proposed rezoning will remove a substantial amount of land from the current amount of land that nominally is available for residential development.

However, the 2005 buildable lands inventory excluded these lands since they were considered committed to non-residential uses as parks and open space. Even with these exclusions the buildable lands inventory showed that Lincoln City had a supply of buildable residential lands adequate for the 20-year planning horizon.

Goal 11. Public Facilities and Service

Goal 11 is “To plan and develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development”.

The proposed open space and parks parcels are located within the areas currently served through existing water and sewer infrastructure. The proposed rezoning may ultimately result in a need to extend utility services into new areas sooner than would have been the case had these lands remained in the developable inventory. In this regard, however, it is important to note that such extensions would be into areas (i.e. the Urban Growth Area) into which they are expected to be extended at some time anyway. The only difference is that this might occur somewhat earlier than it otherwise would. Moreover, as pointed out above the parcels proposed for rezoning are committed to open space and park uses and consist in large part of significant wetlands and steep slopes that would not be developed in any event.

B. Comprehensive Plan.

Pertinent sections of the Comprehensive Plan are addressed below.

Land Use Planning Goal

“To establish a land use planning process and policy framework as a basis for all decisions and actions related to use of land and to assure an adequate factual base for such decisions and actions.”
The Zoning Ordinance provides the process and framework for land use planning. The language relating to amendments to the Comprehensive Plan have been incorporated into Chapter 17.88 of the Zoning Ordinance.

Citizen Involvement Goal

"Develop a Citizen Involvement Program which ensures the continued participation of citizens in the land use planning process"

In addition to the City’s public hearing process, the overall Parks Plan that included the open space acquisition program was reviewed by the Parks Board, Open Space Committee, Planning Commission and City Council. This proposed rezoning project was reviewed and endorsed by the Parks Board.

Public Services and Utilities Goal

"To plan and develop a timely, orderly and efficient arrangement of public facility and services which complement the area and serve as a framework for urban and rural development."

As described above, the proposed open space and parks parcels are located within the areas currently served through existing water and sewer infrastructure and the proposed rezoning may ultimately result in a need to extend utility services into new areas sooner than would have been the case had these lands remained in the developable inventory, but into areas (i.e. the Urban Growth Area) into which they are expected to be extended at some time anyway.

Housing Goal

"To provide for the housing needs of all citizens."

The conversion of the proposed open space parcels from developable residential lands to park or open space will still leave a more than adequate supply of developable residentially-zoned lands within the City's UGB.

Economy Goal

"To support the tourist industry and achieve a degree of diversity in the community which will allow a balanced economy that will, in turn, support an adequate level of services for all members of the area."

The proposed rezoning includes approximately four acres of land zoned Professional Campus (PC) and one acre zoned General Commercial (GC). The PC-zoned land is proposed to be zoned Open Space. A large portion of that parcel consists of significant wetlands and would be unsuitable for development under the Professional Campus designation. The GC-zoned land is the city-owned Dorchester Park, which is already developed with tennis courts and other park amenities.
