City Recorder Joyce Hefington
CITY OF BROOKINGS
COUNCIL AGENDA REPORT

Meeting Date: February 27, 2012

Originating Dept: Planning

Subject: A hearing on File LDC-6-11 for consideration and possible adoption of revisions to Chapter 17.116 Planned Community, Brookings Municipal Code (BMC).

Recommended Motion: A motion to approve proposed revisions to Chapter 17.116 Planned Community, BMC.

Financial Impact: This will result in a savings of staff time and application fees charged to the applicant.

Background/Discussion: Staff has prepared revisions to Chapter 17.116.060, Planned Community, Subdivision regulations, to eliminate text that describes a Planning Commission process for this matter. Due to the recent law change that states this approval is not a “land use decision”, this could be an administrative decision handled by Staff. City Staff would determine that all conditions have been met for final approval. Text has been added to direct applicants to Chapter 17.172.080 for the criteria for final subdivision plat approval.

Revisions are proposed to Chapter 17.116.070 Planning Commission action, to allow for extension requests to be approved by City Staff. Extensions can be granted if there is “good cause”. Circumstances that have warranted extensions in the past include weather constraints, delays in obtaining other agency permits, financial difficulties, etc. The request for the extension must be submitted prior to expiration of the approval. These requirements could be reviewed and verified by Staff.

By allowing Staff to review and approve the final Planned Community subdivision plat and requests for extension of time, there would be a savings of Planning Commission, applicant, and Staff time.

Site Plan Committee is supportive of these revisions. The Planning Commission reviewed the draft revisions at their January 3, 2012 meeting and recommended approval of Chapter 17.116.070, Planning Commission Action relating to extensions of time to the City Council. The Planning Commission recommended denial of Chapter 17.116.060, Subdivision regulations for final Planned Community subdivision approval. Their concerns on final approvals were that future staff may allow significant changes to the plat that the Planning Commission had not approved. This concern was presented to Council at the February 6, 2012 Workshop.
Staff recommends adding language to Chapter 17.172.080 to require Staff to provide a copy of the approved final plat to the Planning Commission for their review. If the Planning Commission did not believe the plat was in substantial conformance with the preliminary approval, the Commission Chair would notify the City Manager of their determination.

Policy Considerations: N/A

STAFF REPORT

SUBJECT: Land Development Code Amendment
FILE NO: LDC-6-11
HEARING DATE: January 3, 2012
REPORT DATE: December 22, 2011
ITEM NO: 7.3

GENERAL INFORMATION

APPLICANT: City Initiated.
REPRESENTATIVE: City Staff.
PUBLIC NOTICE: Published in local newspaper.

BACKGROUND INFORMATION

Staff has prepared revisions to Chapter 17.116.060, Planned Community, Subdivision regulations, to eliminate text that describes a Planning Commission process for this matter. Due to the recent law change that states this approval is not a “land use decision”, this could be an administrative decision handled by Staff as stated in the previous staff report for LDC-5-11. City Staff would determine that all conditions have been met for final approval. Text has been added to direct applicants to Chapter 17.172.080 for the criteria for final approval.

Revisions are proposed to Chapter 17.116.070 Planning Commission action, to allow for extension requests to be approved by City Staff. Extensions can be granted if there is “good cause”. Circumstances that have warranted extensions in the past include weather constraints, delays in obtaining other agency permits, financial difficulties, etc. The request for the extension must be submitted prior to expiration of the approval. These requirements could be reviewed and verified by Staff.

By allowing Staff to review and approve the final subdivision plat and requests for extension of time, there would be a savings of Planning Commission, applicant, and Staff time. Due to this saving of time, staff will propose a reduction of related fees to the City Council.

Site Plan Committee is supportive of these revisions. Following this report is the draft versions of these sections (Attachment A).

RECOMMENDATION

After careful consideration, and any input the public may provide, Staff supports a Planning Commission recommendation of approval of file LDC-6-11, Chapter 17.116, Planned Community, BMC, to the City Council.
