(Language to be omitted is strikethrough, proposed language additions are in bold italics)

1. An additional parcel is not created by the property line adjustment, and the existing parcel as reduced in size by the adjustments is not reduced below the minimum lot size established by the zoning district; Where an existing lot of record does not satisfy the minimum area requirement for the zone, a property line adjustment may be permitted provided the adjustment does not increase the degree of nonconformity;

2. By reducing the lot size, the lot or structures(s) on the lot will not be in violation of the site development or zoning district regulations for that district; and

3. The resulting parcels are in conformity with the dimensional standards of the zoning district. Where an existing lot of record does not satisfy the dimensional requirements for the zone, a property line adjustment may be permitted provided the adjustment does not increase the degree of nonconformity.

Amendments to Property Line Adjustment Procedures

CITY OF SCAPPOOSE STAFF REPORT

Request: Approval of amendments to the Development Code regarding the rules and procedures for Property Line Adjustments.

Applicant: City of Scappoose

PROPOSAL & RATIONALE

Staff is proposing three minor amendments to the property line adjustment rules and procedures. The proposal and rationale are discussed below.

1. Staff proposes to eliminate Section 17.96.040(C) of the Scappoose Municipal Code, which states that “When contiguous legal lots of record under the same ownership and created prior to 4/4/83 (April 4, 1983) have been consolidated to form a single tax account, the property line adjustment procedure shall be applied to reestablish separate tax accounts.” The number of tax accounts is unrelated to the property boundaries and is unaffected by the property line adjustment process. Consequently, if a landowner submits an application for a property line adjustment to establish separate tax account numbers, staff has no approval criteria to follow if the property boundaries are not changing. Property owners should have the discretion to decide whether they prefer single or multiple tax accounts and to file the applicable forms with the Columbia County Assessor.

2. Staff proposes to alter the property line adjustment rules to account for nonconforming parcels (those with substandard lot areas or dimensions). Section 17.152.090(A) of the Scappoose Municipal Code (the property line adjustment approval criteria) does not contemplate situations in which property owners of nonconforming lots may wish to alter their property boundaries. Currently, a property owner would need to obtain a variance in order to adjust nonconforming parcels. The attached proposal would clarify that if an existing lot of record does not satisfy the minimum area or dimensional requirements for the zone, a property line adjustment may be permitted if the adjustment does not increase the degree of nonconformity. This amendment would streamline the approval process in a manner consistent with that from other jurisdictions.

3. Staff proposes to eliminate Section 17.152.090(B) of the Scappoose Municipal Code, which specifies that the “Special provisions for lots created through partition process” also apply to property line adjustments. Property line adjustments are modifications to lot lines or parcel boundaries that do not result in the creation of new lots, whereas partitions create new lots. Therefore, these special provisions for partitions need not apply to property line adjustments.

Our goal is to provide courteous, efficient service with team leadership and community involvement, in order to enhance the livability and well being of our citizens.
Amendments to Property Line Adjustment Procedures

December 14, 2007

PUBLIC NOTICE
Notice of the proposed amendments to the Development Code was published in the newspaper on November 28, December 5, and December 12, 2007. Staff received no written comments from the public regarding this application as of the date of this report.

RECOMMENDATION
This proposal would enact administrative changes to streamline the property line adjustment approval process. The amendments would clarify the applicable rules and bring the procedures more in accordance with those used in other jurisdictions. Based on the applicable statutes, rules, comprehensive plan provisions and implementing ordinances, staff and the Planning Commission recommend that the Council adopt the proposed amendments.

FINDINGS OF FACT
1. Amending the Development Code to clarify the rules and procedures for Property Line Adjustments would make the Code simpler to enforce and streamline the approval process for property owners.

2. The following Statewide Planning Goals have been considered by the City of Scappoose in the formation of the language contained within this request:

Citizen Involvement (Goal 1)
Objective: To develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the planning process.

Finding:
This application complies with the citizen involvement processes included in the City’s acknowledged Comprehensive Plan and Development Code, which is consistent with Statewide Planning Goal 1. The Planning Commission and City Council hold public hearings on the proposal prior to adopting any amendments to the Scappoose Municipal Code. Notice of the proposal and hearings was published in the local newspaper on November 28, December 5, and December 12, 2007. Citizens may submit written or verbal testimony regarding the proposed amendments.

Land Use Planning (Goal 2)
Objective: To establish a land use planning process and policy framework as a basis for all decision and actions related to use of land and to assure an adequate factual base for such decisions and actions.

Finding:
The proposed amendments are required to be coordinated with affected governmental agencies. Property owners would still need to file applicable documentation with Columbia County to complete the property line adjustment or tax account segregation process. The proposal to amend the Municipal Code is consistent with the City’s regulations regarding legislative land use decisions. Legislative decisions require a Planning Commission
recommendation to the City Council, which then makes a decision based on stated findings. The Planning Commission and City Council hearings are open to the public. The Planning Commission held a hearing on December 13, 2007, and the City Council hearings will be held on January 7 and 22, 2008. This action complies with Goal 2.

**Statewide Planning Goals 3-19 are not applicable to this application.**

3. The following Comprehensive Plan Provisions and Implementing Ordinances have been considered by the City of Scappoose in the formation of the language contained within this request:

**Goals and Policies from the Scappoose Comprehensive Plan:**

**GENERAL GOALS OF THE CITY OF SCAPPOOSE FOR LAND USES**

1) The growth of the City should be orderly and in accordance with the public health, safety, and welfare, while preserving individual choice and recognizing existing patterns of development.

**Finding:**

Amending the Development Code to clarify and streamline the property line adjustment procedures provides increased choice for property owners regarding the disposition of their property boundaries while preserving the opportunity for review and approval by City staff.

The applicable GOAL OF THE CITY OF SCAPPOOSE FOR LAND USES is satisfied.

**Ordinance language from Title 17 of the Scappoose Municipal Code (Land Development Code):**
