   B. All business, service, repair, processing, storage or merchandise display on property abutting or across the street from a lot in a Residential district shall be conducted wholly within an enclosed building unless screened from the Residential district by means of a six foot-high sight-obscuring fence, wall or landscaping, which shall be maintained.
   C. Opening to structures on sides adjacent to or across the street from a Residential district shall be prohibited if such access or openings will cause glare, excessive noise or other conditions such as to have adverse effects on property in the Residential district.
   D. In any M-2 district directly across a street from, or abutting any lot in a Residential district, the parking and loading area, and outdoor display or storage areas shall be set back at least 10 feet from the street right-of-way or property line and said area shall be landscaped in compliance with 17.92.100 (H), BMC.
   E. Access points from a public road to properties in an M-2 district shall be so located as to minimize traffic congestion and to avoid directing traffic onto local access streets.
   F. Any use, or portion thereof causing noise, vibration, or producing intense heat or glare shall
be performed in such a manner as not to create a nuisance or hazard on adjacent property.

G. There shall be no emission of odorous, toxic, noxious matter, or dust in such quantities as to be readily detectable at any point along or outside property lines so as to produce a public nuisance or hazard. [Ord. 89-0-446 § 1.]

H. Prior to any development activity on the property, the applicant must comply with 17.100.030, General Mitigation, BMC.

I. An accessway to a new proposed off-street parking area shall be improved from the public roadway to the parking area to a minimum width of 20 feet for two-way traffic. If the accessway is a one-way in or one-way out, it shall be a minimum width of 10 feet and have appropriate signage.

J. Provide for the improvement of an existing dedicated alleyway which is intended to be used for egress and ingress, or backup space of off-street parking for the development.

K. Screen from view all roof-, wall-, or ground-mounted mechanical equipment and devices, in addition to propane tanks when adjacent to or across the street from a Residential District.

L. Refuse receptacles or dumpsters shall be appropriately positioned, colored or screened to minimize visibility to vehicular traffic or pedestrians.

ATTEST:
City Recorder Joyce Hellington

09-O-628 Page 3 of 3
Subject: A hearing on File LDC-14-08 for consideration and possible adoption of revisions to Chapter 17.68, General Industrial (M-2), Brookings Municipal Code (BMC).

Recommended Motion: Motion approving revisions to Chapter 17.68, General Industrial, BMC.

Financial Impact: None.

Background/Discussion: The City’s Land Development Code (LDC) Committee drafted revisions to Chapter 17.68, M-2 zone to insert additional permitted and conditional uses, put items in more appropriate Sections, and clarify language. The Planning Commission conducted a hearing on this matter at their December meeting, and with the removal of one word, recommended approval of the draft to the City Council.

Following are some of the more important changes:

- Under 17.68.030, Accessory uses. Accessory uses for dwellings were added to be consistent with residential uses in other commercial zones.
- Under 17.68.080, Other required conditions. (H) through (K) were moved from other sections of the code to be more easily found here. (L) was added to address concerns raised by citizens regarding the appearance of commercial dumpsters. Most of the changes to this zone are the same as in the Industrial Park and General Commercial. The Planning Commission proposed removal of the word “excessive” in G.

Policy Considerations: N/A
