F. The owner of the lot or parcel to will remove within 30 days all evidence of the temporary residence.

G. The County Planning Director or designee may review permits issued under this section at any time and may revoke the permits when they are found to be out of compliance.

H. Any accessory manufactured home or recreational vehicle used as a temporary residence placed under a permit authorized by this section must be located as close as possible to the

primary dwelling under construction. Unless there are physical limitations of the land, this should be within 100 feet of said dwelling.

SECTION 4.130. MANUFACTURED HOME OR RECREATIONAL VEHICLE AUTHORIZED AS TEMPORARY RESIDENCE FOR CARE OF A RELATIVE IN CONJUNCTION WITH EXISTING RESIDENTIAL USE.

A. Purpose and intent. It is the intent of the temporary use permit section to provide a set of procedures and standards for temporary use of structures which, because of personal physical or mental hardship needs, require social consideration for temporary usage after demonstration of temporary need and a finding of no adverse impact to the welfare of adjacent properties and the community as a whole. Financial hardship conditions, child care and other convenience arrangements not relating to physical and mental impairment are not considered an infirm condition.

The provisions of this section are to apply when the proposed use does not qualify as a continuation of a nonconforming use, not permitted by right, nor permitted through the operations of other more pertinent procedures and provisions of this zoning ordinance. Provided however, temporary use permits are not to be construed, permitted nor utilized as a means to abrogate the intent, purpose or procedures of the County's Comprehensive Plan or Zoning Ordinance regulations.

No temporary permit shall be granted which would have the effect of creating a permanent zoning or result in a hardship when the use is not permitted to continue at the expiration of the permit periods. Further, no temporary permit may be granted which has the effect of conferring a special privilege for which other property within the same zone may not be equally eligible.

B. As a temporary use in every zone, the Commission may allow as a Conditional Use Permit one accessory manufactured home or recreational vehicle used as a dwelling complying with the standards of Section 4.110 as applicable, and providing that no additions, excepting porches or handicapped ramps, to the temporary residence shall be permitted in conjunction with a primary dwelling with the following findings:

1. That an accessory dwelling is necessary to care for or provide custody of an elderly, mentally handicapped, or infirm relative who a medical doctor or medical professional

certifies is in need of this kind of care or custody. This certification will be on the medical doctor/professional's stationery or stamped by the medical doctor/professional's office, and will indicate that the patient is not physically or mentally capable of maintaining him/herself in a residence on a separate property, and is dependent upon someone being close by for assistance. As an alternative the medical doctor/professional can stamp and sign the application form that is available through the Planning Department for a medical hardship.

2. Electric, water and sewer utility connections shall be made to the temporary residence.

3. County Zoning and Building Permits will be required. A Rural Address will also be required to facilitate emergency response.

C. A temporary use permit granted under this section is void when the elderly, mentally handicapped, or infirm relative who is the subject of the permit no longer needs care, moves to another residence, is absent from the residence more than 120 days or leaves the residence with no likelihood of returning for continued residency of at least 30 days. Exception to the 120-day limit can be provided for in the case of extraordinary circumstances such as extended hospitalization. These extensions can be approved by the Planning Director for up to an additional 60 days without Planning Commission approval. Additional extensions will require Planning Commission review and approval.

D. Within 60 days of the permit becoming void or revoked, the accessory dwelling shall be removed by the owner of the real property unless otherwise approved by the Commission.

E. The County Planning Director or designee may review permits issued under this section at any time and may revoke permits when they are found to be out of compliance.

F. Any accessory dwelling placed under a permit authorized by this section must be located as close as possible to the primary dwelling. Unless there are physical limitations of the land this should be within 100 feet of the primary dwelling.

G. A temporary medical hardship permit is valid for up to two years from the date of initial issuance. All permits will have an expiration date of January 31. The County will process all

temporary medical hardship permit renewal requests once per year in January. The County will give permittees not less than 30 calendar days written notice of the pending expiration of their permits, advising that a renewal will be required. Failure to receive notification of pending expiration does not constitute an extension of time for the permit. All renewal requests will comply with the conditions for issuance specified in (B) above at the time of renewal. The permit will not be renewed until a review has been conducted by the County to determine the continued validity of the hardship.

SECTION 4.140. MANUFACTURED HOME AS A SECONDARY ACCESSORY FARM DWELLING. A

manufactured home permitted as a secondary accessory farm dwelling shall only be permitted in accordance with the following requirements:

A. The dwelling may only be occupied as a secondary farm accessory dwelling; i.e., there must exist on the subject property an owner-occupied primary conventional dwelling or a manufactured home complying with the conditions set forth in Section 4.110 of this ordinance, and there shall not be more than one such unit permitted for each 160 acres in the farm unit, and in the case of 4 or more dwellings manufactured home park standards shall apply, except as approved by the Commission.

B. The occupant of the manufactured home shall be an employee of the owner or an immediate family member engaged in the farm operation.

Recreational vehicles shall not be used for housing or residential purposes except:

- A. When the recreational vehicle is located on an individual lot or parcel during the construction of a dwelling and meets the requirements of Section 4.120.
- B. When the recreational vehicle is located on an individual lot or parcel for use in the temporary care of a relative and meets the requirements of Section 4.130.
- C. For temporary housing to accommodate visitors of the primary residence in a residential or farm use zone not to exceed 30 days in any 12 month period.
- D. For seasonal recreational (i.e. summer camping or hunting season) use by the land owner or lessee in the Forest Use Zone after obtaining a Zoning Permit and Rural Address.
