Dear Mrs. Aquino:

It is hard to believe that it has been more than six weeks since your visit to Eugene! Many of us are still talking about how wonderful it was to have you and your daughters here.

Enclosed is a notebook that I have put together with some photographs and newspaper clippings from Commencement weekend. Please accept it as a memento of your visit to Eugene. I am embarrassed but feel compelled to point out an error in the first *Register-Guard* article that was published about your visit, dated March 22. The end of the article was mixed up with a separate article that ran that day on some local Jewish families preparing for Passover. I originally considered not including this article in your scrapbook, but since I now know that you have a great sense of humor, I changed my mind. I hope you find some humor in the mistake and will forgive us.

The process of putting this scrapbook together brought back to me many pleasant memories of that weekend, as does the photo that you signed, which I framed and hung on my office wall. I hope that the scrapbook generates fond memories for you as well and offers some small enticement to consider returning to Eugene for another visit!

Sincerely,
