Carey Drayton  
Director of Public Safety  
University of Oregon

Dear Carey:

I am writing to thank you and all your officers and staff members for the excellent performance of the Office of Public Safety before and during the visit of Mrs. Corazon Aquino. I am greatly impressed with the professionalism and diligence of everyone on the team, and your careful and thorough planning clearly helped make the visit the resounding success that it became. The coordination with the Eugene police department was superb.

I also wish to thank you for the personal effort that you put into the visit, including arranging the first-class treatment of the Aquinos during their arrival and departure at the Portland airport, helping them with reticketing and baggage problems, and ensuring a smooth transfer in Seattle. I am most grateful for your advice, patience, and moral support during the past two months.

You and your staff did an outstanding job, and I extend my thanks and eternal gratitude.

Sincerely,

Susan E. Plass  
Assistant Vice Provost for International Affairs
