Area of Special Concern 1: Until the effective date of new regulations adopted pursuant to Title 11, FD-20 development applications within this Area of Special Concern shall be subject to Section 308 and any other applicable provisions of the Community Development Code, except no lot or parcel that is 50 acres or larger may be subdivided or partitioned into lots or parcels smaller than 50 acres.

BOARD OF COUNTY COMMISSIONERS FOR WASHINGTON COUNTY, OREGON

CHAIRMAN

RECORDING SECRETARY
GENERAL FINDINGS

Ordinance No. 671 amends various elements of the Washington County Comprehensive Plan by incorporating changes made to the Regional Urban Growth Boundary (UGB) by Metro in 2004. Specifically, Ordinance No. 671 amend the Rural/Natural Resource Plan, the Comprehensive Framework Plan for the Urban Area (CFP), and the West Union Community Plan by removing properties totaling approximately 1,538 acres from the Rural/Natural Resource Plan and designating the properties Future Development 20 Acre (FD-20) District. Natural, cultural and historical resource designations from the Rural/Natural Resource Plan are carried over to the CFP and the West Union Community Plan for those lands added to the UGB.

The Board finds that Goals 15 (Willamette River Greenway), 16 (Estuarine Resources), 17 (Coastal Wetlands), 18 (Beaches and Dunes) and 19 (Ocean Resources) and related OARs are not applicable because these resources are not located within Washington County. The Board also finds there are no applicable OAR requirements due to the subject matter of the ordinance.

The County also is required to make findings that the amendments are consistent with the requirements of Metro’s Urban Growth Management Functional Plan (UGMFP). These findings are also addressed in this document.

GOAL FINDINGS

The purpose of the findings in this document is to demonstrate that Ordinance No. 671 is consistent with Statewide Planning Goals, ORS and OAR requirements, Metro’s UGMFP and the Washington County Comprehensive Plan.

Goal 1 - Citizen Involvement

CONCLUSION

Washington County has an acknowledged citizen involvement program that provides
opportunities for citizens and other interested parties to participate in all phases of the planning process. In addition, Chapter X of the County Charter sets forth specific requirements for citizen involvement during review and adoption of land use ordinances. Washington County has utilized these requirements for the adoption of this ordinance. Plan compliance with Goal 1 is maintained by implementing these citizen involvement options. This conclusion is supported by the following facts:

FACTS

1. Washington County's Citizen Participation Policy is outlined in Resolution and Order 86-58.

2. Resolution and Order 86-58 endorses a variety of citizen involvement mechanisms. These include public hearings, town hall meetings, open houses, advisory committees, the Committee for Citizen Involvement (CCI) and Citizen Participation Organizations (CPOs).

3. Ordinance No. 671 and an accompanying summary were mailed to citizen participation organizations (CPOs) and interested parties on January 26, 2007.

4. A copy of the proposed ordinance was made available for review at the Cedar Mill Library and the Tigard Public Library. Copies of the ordinance were also available for review in the office of the Department of Land Use and Transportation and on the County’s website.

5. On February 23, 2007, a Measure 56 Notice was mailed to 177 unincorporated property owners notifying them of the changes proposed by Ordinance No. 671.

6. Board authorization to file this ordinance was granted in 2006 as part of the Planning Division’s Annual Work Program. However, due to the fact that Metro’s 2005 UGB industrial lands expansion (Ordinance 05-1070A) was not acknowledged last year, staff did not file a land use ordinance. Staff’s initial plan was to file a single land use ordinance that included both the 2004 UGB expansion (Ordinance 04-1040B) and 2005 expansion (Ordinance 05-1070A) areas rather than two separate ordinances. A single ordinance would be a more efficient use of staff time and county resources. However, as stated previously Land Conservation and Development Commission (LCDC) has not yet acknowledged Metro’s 2005 expansion. Consequently, Ordinance No. 671 was filed this year in order to comply with Metro’s Title 11 requirements applicable to the 2004 UGB industrial lands expansion. Staff will file a similar land use ordinance to address the 2005 UGB industrial expansion after it is acknowledged by LCDC.
5. The Planning Commission held a public hearing for this ordinance on March 7, 2007. This hearing resulted in a recommendation that the Board of Commissioners adopt the ordinance as filed.

6. The Board of Commissioners held a public hearing for this ordinance on April 3, 2007. After taking public testimony, the Board voted to adopt Ordinance No. 671 as filed.

7. Chapter X of the County Charter requires that a display ad be published in local newspapers at least 14 days prior to the first hearing. Display ads for Ordinance No. 671 were published in the Washington County Weekly section of The Oregonian on February 15, 2007 and in the Hillsboro Argus on February 16, 2007.

8. Chapter X of the County Charter requires that individual notice for the initial public hearings on the ordinance be mailed at least 14 days prior to the first hearing to those persons who have requested them in writing and paid a fee. General Notice 2007-01, the Individual Notice describing proposed Ordinance No. 671, was prepared by the Land Use Ordinance Advisory Commission. The notice was mailed to 463 people on the General Notification List on February 21, 2007.

Goal 2, Land Use Planning

CONCLUSION

Statewide Planning Goal 2 addresses Land Use Planning. Washington County has an acknowledged land use planning process that provides for the review and update of the various elements of the Comprehensive Plan. Washington County utilized this process to adopt this ordinance.

The amendments that were made to Plan by this ordinance are consistent with the parameters set forth in the acknowledged CFP - Policy 1, Implementing Strategy (d); and the Rural/Natural Resource Plan - Policy 1, Implementing Strategy (d). Plan compliance with Goal 2 is maintained by implementing these two strategies. This conclusion is supported by the following facts:

FACTS

1. The acknowledged CFP and Rural/Natural Resource Plan both require that legislative Plan amendments be adopted by ordinance in accordance with the procedures specified in the Washington County Charter and State Law.
2. Chapter X, Section 100(d) of the County Charter defines “land use ordinances” to include any ordinance that amends a comprehensive plan. Ordinance No. 671 amends the Rural/Natural Resource Plan, the CFP, and the West Union Community Plan, all elements of the County’s Comprehensive Plan. It is therefore a legislative land use ordinance in accordance with the definitions in Chapter X of the County Charter.

3. Chapter X of the Washington County Charter requires that initial notice of public hearings be prepared by the Land Use Ordinance Advisory Commission. The Charter also requires that the notice be mailed at least 14 days prior to the initial Planning Commission hearing to those persons who have requested notices in writing and paid a fee. This notice was mailed on February 21, 2007.

4. Chapter X requires that a display ad be published in a newspaper of general circulation 14 days prior to the initial Planning Commission hearing, which was held on September 3, 2003. ORS Chapter 215.060 requires the County to provide 14 days advance public notice prior to the first public hearing. Display ads were published in the following newspapers: Hillsboro Argus on February 16, 2007 and the Washington County Weekly section of The Oregonian, on February 15, 2007.

5. ORS 197.610, OAR 660-18-020 and Senate Bill 543 require that notice of proposed amendments to the County’s acknowledged comprehensive plan shall be forwarded to the Director of the Department of Land Conservation and Development (DLCD) at least 45 days before the first hearing. Notice of proposed Ordinance No. 671 was faxed to DLCD on January 19, 2007. A copy was also mailed to DLCD on the 19th.

6. Chapter X of the Charter requires that the Planning Commission hold at least one public hearing for a land use ordinance. The Planning Commission held their public hearing on Ordinance No. 671 on March 7, 2007.

7. Chapter X of the Charter requires that the Board hold a hearing for land use ordinances after the Planning Commission’s hearing. The Board held a hearing for Ordinance No. 671 on April 3, 2007 in accordance with Chapter X of the County Charter.

Goal 3 - Agricultural Land

CONCLUSION

Policy 15, Implementing Strategies (a) and (f) of the Rural/Natural Resource Plan include provisions for the preservation of agricultural lands. Plan compliance with Goal 3 is maintained with the amendments to the Plan made by Ordinance No. 671. The
amendments are consistent with the County's acknowledged policies and standards for protecting agricultural lands identified under Goal 3. This conclusion is supported by the following facts:

FACTS

1. The EFU and AF-20 land use districts are Washington County's acknowledged exclusive farm use districts.
2. Ordinance No. 671 did not amend any plan policies or strategies applicable to the EFU and AF-20 Districts.
3. Ordinance No. 671 did not amend the standards or allow a new use or activity in the EFU and AF-20 Districts, nor did it alter prohibited uses or activities in these districts. Therefore, it is not necessary to make specific findings for this amendment for Goal 3.

Goal 4 - Forest Lands

CONCLUSION

Policy 16 of the Rural/Natural Resource Plan includes provisions for the preservation of forest lands. Amendments to the Plan Code made by Ordinance No. 671 are consistent with Goal 4; OAR Chapter 660, Division 06; and the County's acknowledged policies for preservation of forest lands. This conclusion is supported by the following facts:

FACTS

1. The EFC District is Washington County's acknowledged exclusive forest district.
2. Ordinance No. 671 did not amend any plan policies or strategies related to the EFC District.
3. Ordinance No. 671 did not amend standards applicable to the EFC district, allow a new use or activity in the EFC District, nor alter prohibited uses or activities in the EFC District. Therefore, it is not necessary to make specific findings for this amendment to Goal 4.

Goal 5 - Open Spaces, Scenic and Historic Areas and Natural Resources

CONCLUSION

Policies 10, 11 and 12 of the CFP, Policies 7, 9, 10, 11, 12 and 13 of the Rural/Natural
Resource Plan and various sections of the Community Plans and the Community Development Code (Code) include provisions for the protection of Goal 5 resources. In addition, OAR 660-023-0250 requires application of current Goal 5 provisions to Post Acknowledgment Plan Amendments (PAPAs) initiated on or after September 1, 1996 when the PAPA creates or amends a resource list or a portion of an acknowledged plan or land use regulation that protects a significant Goal 5 resource or if the PAPA allows new uses that could be conflicting uses with a particular significant Goal 5 site.

Plan compliance with Goal 5 is maintained with amendments made to the Plan by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and standards for the protection of Goal 5 resources as well as those set forth in OAR 660 Division 23. This conclusion is supported by the following facts:

**FACTS**

1. Ordinance No. 671 did not amend any Plan policies or strategies relating to Goal 5.
2. The amendments did not specifically change the County’s implementing regulations for protection of Goal 5 resources.
3. Ordinance No. 671 removes properties added to the UGB from the Rural/Natural Resource Plan and adds them to the CFP and to the West Union Community Plan. Resource data from the Rural/Natural Resource Plan is carried over to the urban plan documents.
4. Ordinance No. 671 does not amend any resource list, plan provision or land use regulation that protects significant Goal 5 resources.
5. The amendments to the Plan did not change uses or activities allowed in designated Goal 5 resource areas. Ordinance No. 671 did not amend any Code standards related to Goal 5. The amendments made by this ordinance, therefore, did not alter the County’s acknowledged Plan requirements and land use regulations relating to Goal 5. Therefore, it is not necessary to make specific findings for this use for Goal 5.

**Goal 6 - Air, Water and Land Resource Quality**

**CONCLUSION**

Policies 4, 5, 6 and 7 in the CFP and Policies 4, 5, 6, and 7 of the Rural/Natural Resource Plan provide for the maintenance and improvement of the quality of air, water and land resources.
Plan compliance with Goal 6 is maintained with these amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and standards for the protection of Goal 6 resources. This conclusion is supported by the following facts:

FACTS

1. The Community Development Code standards related to these resources are contained in Section 379 (Mineral and Aggregate Overlay District), Section 410 (Grading and Drainage), Section 421 (Flood Plain and Drainage Hazard Area Development), Section 422 (Significant Natural Resources), Section 423 (Environmental Performance Standards) and Section 426 (Erosion Control).

2. Ordinance No. 671 did not amend any of the current sections of the Code or any other Plan policies related to air, water and land resources which addresses the County’s compliance with Goal 6.

**Goal 7 - Natural Disasters and Hazards**

CONCLUSION

Policy 8 in the CFP and Policy 8 in the Rural/Natural Resource Plan set out the County’s policy to protect life and property from natural disasters and hazards. Plan compliance with Goal 7 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and standards for regulating development exposed to potential natural disasters and hazards addressed by Goal 7. This conclusion is supported by the following facts:

FACTS

1. The Community Development Code standards relating to natural disasters and hazards are contained in Sections 410 (Grading and Drainage) and 421 (Flood Plain and Drainage Hazard Area Development).

2. Ordinance No. 671 did not amend the applicable Plan policies or Code standards related to flood plain areas, or to natural disasters and hazards. Therefore, it is not necessary to make specific findings for Goal 7.

**Goal 8 - Recreation Needs**

CONCLUSION

Policies 33, 34 and 35 of the CFP, Policy 24 of the Rural/Natural Resource Plan and the
individual Community Plans address the recreational needs of the citizens of Washington County and visitors. Plan compliance with Goal 8 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and strategies for satisfying recreational needs as required by Goal 8. This conclusion is supported by the following facts:

FACTS

1. The Code standards related to recreation uses are contained in Sections 405 (Open Space), 430-11 (Amusement Park), 430-25 (Campground), 430-51 (Golf Courses), 430-69 (Hunting and Fishing Preserves), 430-95 (Parks), 430-97 (Parks), 430-100 (Private Hunting and Fishing Operations in the EFC District), 430-125 (Shooting Club), 430-131 (Special Recreation Use) and 431-7 (Common Open Space).

2. Ordinance No. 671 did not amend these Code Sections, or the applicable Plan or community plan policies related to recreation. Therefore, it is not necessary to make specific findings for Goal 8.

3. Ordinance No. 671 applies the Area of Special Concern 4 (ASC 4) designation to the area of land located between the cities of Tualatin and Sherwood on the south side of Tualatin-Sherwood Road. One of the ASC 4 provisions speaks to recreation in that the general location of the projected Tonquin Trail right-of-way, as shown on the 2004 Regional Transportation Plan, shall be incorporated into any Title 11 planning involving ASC 4.

4. Ordinance No. 671 applies the Area of Special Concern 5 (ASC 5) designation to the area of land located generally between Tualatin and Wilsonville and between I-5 and the Burlington Northern railroad alignment. One of the ASC 5 provisions speaks to recreation in that the general location of the Tonquin Trail as shown on the 2004 Regional Transportation Plan shall be incorporated into any Title 11 planning involving ASC 5.

Goal 9 - Economy of the State

CONCLUSION

Policy 20 in the CFP and Policies 15, 16, 20 and 21 in the Rural/Natural Resource Plan set out the County’s policies to strengthen the local economy. The Community Development Code contributes to a sound economy by providing standards that facilitate development in an orderly and efficient fashion. Plan compliance with Goal 9 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and strategies for strengthening the
local economy as required by Goal 9. This conclusion is supported by the following facts:

FACTS

1. Implementing Strategy a. of Policy 20 (Urban Area Economy) of the County’s CFP states in part that, “The County will clarify and streamline the development review process in the Community Development Code.” While there are no specific Code standards directly related to this goal, amendments to the Code should follow this policy to achieve the economic development goal.

2. Ordinance No. 671 did not amend any Community Development Code provisions relating to economic development.

3. Ordinance No. 671 did not amend the applicable Plan policies related to Goal 9. Therefore, it is not necessary to make specific findings for Goal 9.

Goal 10 - Housing

CONCLUSION

Policies 21, 22, 23 and 24 of the CFP and Policies 19 and 25 of the Rural/Natural Resource Plan address the provision of housing in the urban and rural areas of the county. The Community Development Code contributes to the provision of adequate housing by establishing standards that facilitate development in an orderly and efficient fashion. Plan compliance with Goal 10 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and standards for regulating housing in the urban and rural area as required by Goal 10. This conclusion is supported by the following facts:

FACTS

1. Metro’s adoption of Ordinance 04-1040B in 2004 expanded the UGB by approximately 1,538 acres within Washington County. The purpose of the expansion was to include additional land for industrial employment, not housing. However, Ordinance 04-1040B included a condition in which part of the 2004 industrial lands expansion could potentially be ‘converted to’ “Outer Neighborhood” (i.e., residential). The condition states that if the selected right-of-way for the 15/99 Connector follows the approximate course of the “South Alignment”, as shown on the Region 2040 Growth Concept Map, as amended by Metro Ordinance No. 03-1014, adopted October 15, 2003, the portion of the Tualatin Area that lies north of the right-of-way shall be designated “Outer Neighborhood” on the Growth Concept Map and the portion that lies south shall be designated “Industrial.”
Ordinance No. 671 did not amend the applicable Plan policies related to housing. Therefore, it is not necessary to make specific findings for Goal 10.

**Goal 11 - Public Facilities and Services**

**CONCLUSION**

Policies 15, 25, 26, 27, 28, 29, 30 and 31 of the CFP and Policy 22 of the Rural/Natural Resource Plan address the provision of public facilities and services in the urban and rural areas of unincorporated Washington County. The Community Development Code requires that adequate public facilities and services be available for new development. Plan compliance with Goal 11 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and strategies for the provision of public facilities and services as required by Goal 11. The amendments are also consistent with the provisions of Chapter 660, Division 11 of the Oregon Administrative Rules and Oregon Revised Statute 195.110. This conclusion is supported by the following facts:

**FACTS**

1. The standards for public facilities and services in the Community Development Code are outlined in Article V (Public Facilities and Services).
2. Ordinance No. 671 does not amend Washington County’s acknowledged Public Facilities Plan.

**Goal 12 - Transportation**

**CONCLUSION**

Policy 32 of the CFP, Policy 23 of the Rural/Natural Resource Plan, and in particular the Washington County 2020 Transportation Plan, describe the transportation system necessary to accommodate the transportation needs of Washington County through the year 2020. Implementing measures are contained in the Transportation Plan and the Community Development Code. Plan compliance with Goal 12 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and strategies for the provision of transportation facilities and services as required by Goal 12 (the Transportation Planning Rule or TPR, implemented via OAR Chapter 660, Division 12) and the Regional Transportation Plan (RTP). This conclusion is supported by the following facts:
FACTS

1. Ordinance No. 671 applies ASC 5 to the area of land located generally between Tualatin and Wilsonville and between I-5 and the Burlington Northern railroad alignment and ASC 6 to the area of land generally west of Coffee Creek Correctional Facility in the City of Wilsonville. The provisions for each of these Areas of Special Concern (ASCs) speaks to transportation in that the general location of the projected right-of-way location for the I-5/99W Connector as shown on the 2004 Regional Transportation Plan shall be incorporated into any Title 11 planning.

2. Ordinance No. 671 did not amend any Plan policies and strategies relating to Goal 12. Therefore, it is not necessary to make specific findings for Goal 12.

Goal 13 - Energy Conservation

CONCLUSION

Policies 36, 37, 38, 39 and 40 of the CFP and Policy 25 of the Rural/Natural Resource Plan address energy conservation in the urban and rural areas of unincorporated Washington County. The Community Development Code implements the energy conservation policies by establishing standards that promote energy efficient development, especially in Article IV. Plan compliance with Goal 13 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with the County’s acknowledged policies and strategies for promoting energy conservation as required by Goal 13. This conclusion is supported by the following facts:

FACT

1. Ordinance No. 671 did not amend the applicable Plan policies or Code provisions related to energy conservation. Therefore, it is not necessary to make specific findings for Goal 13.

Goal 14 - Urbanization

CONCLUSION

Policies 13, 14, 16, 17, 18, 19, 41 and 42 of the CFP address urbanization within the Regional Urban Growth Boundary. The Community Development Code implements the urbanization policies by establishing standards to promote appropriate urban development. The Community Plans implement the urbanization policies by designating sufficient land for appropriate development. Plan compliance with Goal 14 is maintained with the amendments made by Ordinance No. 671. The amendments are consistent with
the County’s acknowledged policies and strategies for urbanization as required by Goal 14. This conclusion is supported by the following facts:

FACTS

1. Ordinance No. 671 revised the ASC text for ASCs 1, 2, and 3 set forth in Policy 41 of the CFP. Changes to the text of ASCs 1 and 3 are minimal and housekeeping in nature, while the proposed changes to the text of ASC 2 are more substantive in that they incorporate provisions contained in Metro’s Title 4 as well as Special Conditions applicable to RSIA lands. Reconfigurations of lots or parcels in ASC 2 must result in at least one parcel that is 100 acres or larger and at least one parcel 50 acres or larger. Reconfiguration of all remaining lots or parcels in ASC 2 shall be generally limited to 50 acres in size. However, lots or parcels smaller than 50 acres may be subdivided or partitioned into any number of smaller lots or parcels. These changes apply Title 4’s minimum lot area standards applicable to RSIA lands, except as modified by specific conditions of approval of Ordinance No. 1040B.

2. Ordinance No. 671 added ASCs 4, 5, and 6 to the CFP because they are located outside of existing community plan boundaries. These ASCs relate to areas that received specific development conditions through the Metro UGB expansion process (Ordinance 04-1040B). An additional ASC (ASC 1) for the Helvetia Road expansion is included in the West Union Community Plan.

ASC 4: Land in ASC 4 was designated by Metro as Industrial. To be consistent with conditions imposed through Ordinance 04-1040B, no lot or parcel that encompasses 50 acres or more may be subdivided or partitioned into lots or parcels smaller than 50 acres. In addition, if possible, Title 11 planning of this area shall be coordinated with the Title 11 planning for ASCs 2 and 3 that were added to the UGB in 2002 (Metro Ordinance 02-969B).

ASC 5: Land in ASC 5 was also designated as Industrial. To be consistent with Title 4, the minimum lot area for new parcels shall generally be 50 acres. In addition, Metro imposed two specific conditions of approval addressing the timing of future Title 11 planning for this area and the future I-5/99W Connector. First, Title 11 planning shall be completed for the area within two years following the selection of the right-of-way alignment for the I-5/99W Connector, or within seven years of the effective date of Ordinance No. 04-1040B, whichever occurs earlier. Secondly, Title 11 planning shall incorporate the general location of the projected right-of-way location alignment for the I-5/99W Connector and the Tonquin Trail as shown on the 2004 Regional Transportation Plan. In the event that the right-of-way selected for the connector follows the approximate course of the "South Alignment", as shown on the Metro’s 2040 Growth Concept Map, as amended by Ordinance No. 03-1014 then that portion of the ASC that lies north
of the right-of-way shall be designated “Outer Neighborhood” and the portion that lies south shall be designated “Industrial.”

ASC 6: Land in ASC 6 was also designated by Metro as Industrial. To be consistent with conditions imposed through Title 4, minimum lot area for new parcels shall generally be 50 acres. In addition, Metro imposed a specific condition of approval addressing the timing of future Title 11 planning and the future I-5/99W Connector. Title 11 planning shall be completed for the area within two years following the selection of the right-of-way alignment for the I-5/99W Connector, or within seven years of the effective date of Metro Ordinance No. 04-1040B, whichever occurs earlier.

3. Ordinance No. 671 amended the “Future Development Areas” map contained in Policy 41 of the CFP to include properties that were added to the UGB in 2004 and designate them FD-20. The “Goal 5 Resources for the Future Development Areas” map also shows natural, cultural and historic resource data. Areas of Special Concern that are not within the boundary of a community plan are also shown on the “Future Development Areas” map.

4. Ordinance No. 671 amended the West Union Community Plan to add a new Subarea map (‘Helvetia Subarea’) and a new ASC (ASC 1) to include the approximately 250 acres of land added to the UGB by Metro in 2004 for industrial uses. The community plan’s land use district map was also amended to apply the FD-20 designation to these new UGB lands and the community plan’s Significant Natural and Cultural Resources map is amended to apply county’s Goal 5 resource designations shown on the Rural / Natural Resource Plan. The amendments to the West Union Community Plan also include a text description of the new ‘Helvetia Subarea’ and the new ASC 1. ASC 1 requires that until the effective date of new regulations adopted pursuant to Title 11, FD-20 development applications within this ASC shall be subject to Section 308 and any other applicable provisions of the Community Development Code, except no lot or parcel that is 50 acres or larger may be subdivided or partitioned into lots or parcels smaller than 50 acres.
FINDINGS OF COMPLIANCE WITH METRO'S URBAN GROWTH MANAGEMENT FUNCTIONAL PLAN FOR ORDINANCE NO. 671 (RELATING TO NEW URBAN GROWTH BOUNDARY LANDS)

Urban Growth Management Functional Plan

Section 3.07.830.A. of Title 8 of the Urban Growth Management Functional Plan (UGMFP) requires that all comprehensive plan changes submitted after February 19, 1997 "...be consistent with this functional plan." The following findings have been prepared to address Titles 1, 3, 4, 6, 8 and 11 of the Functional Plan.

Title 1 - Requirements for Housing and Employment Accommodations

Functional Plan policies in Title 1 seek ways to increase the capacity within the urban growth boundary, such as changing local zoning to accommodate development at higher densities in locations supportive of the transportation system.

RESPONSE

Ordinance No. 671 implements Metro's Title 11 by applying interim protection measures designed to regulate development until permanent industrial zoning has been established in accordance with Title 4. The FD-20 designation will remain until the completion of Title 11 planning and the adoption by the governing jurisdiction(s) of comprehensive plan amendments and land use regulations that are consistent with Section 3.07.1120 of the UGMFP. Ordinance No. 671 does however, carry forward a specific Metro provision that if the selected right-of-way for the I5/99 Connector follows the approximate course of the "South Alignment", as shown on the Region 2040 Growth Concept Map, as amended by Metro Ordinance No. 03-1014 the portion of the Tualatin Area that lies north of the right-of-way shall be designated "Outer Neighborhood" (i.e., residential) on the Growth Concept Map and the portion that lies south shall be designated "Industrial."

Title 3 - Water Quality, Flood Management and Fish/Wildlife Habitat Conservation

Protect beneficial uses and functional values of water quality and flood management resources by limiting uses in these areas. Establish buffer zones around resource areas to protect from new development.

RESPONSE

Implementation of Title 3 requirements has been completed primarily through the adoption of implementation regulations by Clean Water Services (CWS). CWS is responsible for water quality and flood management within the urban unincorporated
areas of Washington County. Ordinance No. 671 does not change any standards relating to water quality or flood plain management. Significant natural, historic and cultural designations are carried over from the Rural/Natural Resource Plan to the Future Development Areas Map in the CFP and various community plans. The ordinance does not amend any significant natural resource designations.

Title 4 - Industrial and Other Employment Areas

To improve the region’s economic climate, the Plan seeks to protect the supply of sites for employment by limiting incompatible uses within Industrial and Employment Areas.

RESPONSE

Ordinance No. 671 created Areas of Special Concern (ASCs) for the Industrial Areas located near Hillsboro and between Tualatin and Sherwood and between Tualatin and Wilsonville. The ASCs describe the development criteria applied to the properties by Metro through the UGB expansion process in 2004. The provisions applicable to ASCs 4, 5, 6 and ASC 1 (West Union Community Plan) also implement certain provisions set forth in Title 4 regarding minimum lot sizes.

Title 6 - Regional Accessibility (Regional Transportation Plan)

On August 10, 2000, the Metro Council adopted the 2000 Regional Transportation Plan (2000 RTP) and repealed Title 6. Former Title 6 requirements for street design, local street connectivity, level of service and modal targets are not included in Chapter 6 of the 2000 RTP.

RESPONSE

The accessibility requirements described in Chapter 6 of the Regional Transportation Plan were implemented in the Washington County 2020 Transportation Plan, which was adopted in October 2002. Ordinance No. 671 amends the Rural/Natural Resource Plan, the CFP and the West Union Community Plan to implement changes made to the urban growth boundary in 2004. Ordinance No. 671 does not amend the 2020 Transportation Plan.

Title 8 - Compliance Procedures

Title 8 sets forth Metro’s procedures for determining compliance with the Urban Growth Management Functional Plan. Included in this title are steps local...
jurisdictions must take to ensure that Metro has the opportunity to review amendments to Comprehensive Plans.

RESPONSE

Consistent with Title 8, Metro was sent a copy of Proposed Ordinance No. 671 on January 22, 2007. The findings in this document demonstrate the amendments made by this ordinance are in substantial compliance with the UGMFP.

Title 11 - Planning For New Urban Areas

Title 11 describes Metro’s requirements for converting from rural to urban use of areas brought into the urban growth boundary. Title 11 includes requirements that the development of areas added to the UGB implement the Regional Framework Plan and the 2040 Growth Concept.

RESPONSE

The requirements of Title 11 have been incorporated into Ordinance No. 671 by applying the Future Development - 20 Acre District (FD-20) through Areas of Special Concern to the new 2004 industrial UGB lands and by applying specific development criteria prescribed by Metro. The FD-20 designation will remain until the completion of Title 11 planning and the adoption by the governing jurisdiction(s) of comprehensive plan amendments and land use regulations that are consistent with Section 3.07.1120 of the UGMFP.
