FINDINGS FOR ORDINANCE 682,
AN ORDINANCE AMENDING A PORTION OF WASHINGTON COUNTY’S
COMMUNITY DEVELOPMENT CODE ELEMENT OF THE COMPREHENSIVE
PLAN, RELATING TO NEW DEVELOPMENT LOCATED OUTSIDE OF THE
URBAN GROWTH BOUNDARY

June 26, 2007

GENERAL FINDINGS

Ordinance 682 amends a portion of Article V (Public Facilities and Services) of the Community Development Code (CDC) that applies to new development located outside of urban growth boundaries (CDC Section 501-9.3). The amendments will provide additional safety criteria for public roadways that may be affected by rural developments with high potential trip generation (more than 200 average daily trips).

Pursuant to Statewide Planning Goal 2 (Land Use Planning – OAR 660-015-0000(2)), ORS 197.610 (Post-Acknowledgment Procedures) and the Transportation Planning Rule (OAR 660-012-0015(3)(a)) the amendments made by Ordinance 682 must be consistent with the adopted portions of the state and regional Transportation System Plans (TSP’s) – the Oregon Transportation Plan (OTP) and Metro’s Regional Transportation Plan (RTP). The amendments made to the Community Development Code by Ordinance 682 are limited in scope and the Board finds that the OTP and RTP apply to the amendments covered by these findings only to the extent noted in specific responses to the applicable elements of these plans, and that the amendments comply with the applicable goals and policies of the OTP and RTP. In addition, the Board finds that the statewide planning goals apply to the amendments covered by these findings only to the extent noted in specific responses to individual goals, and that the amendments comply with the goals.

GOAL FINDINGS

Goal 1 - Citizen Involvement

CONCLUSION

Washington County has an acknowledged citizen involvement program that provides opportunities for citizens and other interested parties to participate in all phases of the planning process. In addition, Chapter X of the County Charter sets forth specific requirements for citizen involvement during review and adoption of land use ordinances. Washington County has utilized these requirements for the adoption of these ordinances. Plan compliance with Goal 1 is maintained by implementing these citizen involvement options. This conclusion is supported by the following facts.
FACTS

1. Washington County's Citizen Participation Policy is outlined in Resolution and Order 86-58 and in Chapter X of the Washington County Charter.

2. Resolution and Order 86-58 endorses a variety of citizen involvement mechanisms. These include public hearings, Town Hall meetings, open houses, advisory committees, the Committee for Citizen Involvement (CCI) and Citizen Participation Organizations (CPO).

3. Ordinance 682 has been adopted in compliance with the acknowledged Citizen Participation Policies of the County outlined in R &O 86-58 and in Chapter X of the Charter. Citizen participation efforts included conducting public hearings before the Planning Commission and before the Board of County Commissioners, providing for CPO involvement as well as general public participation in the process via public notifications.

4. The Planning Commission held a public hearing on June 6, 2007 that resulted in a recommendation for adoption of Ordinance 682 to the Board of Commissioners.

5. The Board of Commissioners held a public hearing on Ordinance 682 on June 26, 2007 as required by Chapter X of the Washington County Charter.

6. Copies of the proposed ordinance and staff reports were provided to the CPOs and other interested individuals and groups. Notices for Ordinance 682 were sent to CPO’s and cities on April 27, 2007; notices and copies of the ordinance were mailed to special districts on April 27, 2007.

7. Chapter X of the County Charter requires that individual notice for the initial ordinance public hearings be mailed at least 14 days prior to the first hearing to those persons who have requested them in writing and paid a fee. Notice of Ordinance 682 was mailed to the 478 persons that requested such notice on May 23, 2007.

8. Chapter X of the County Charter requires that a display ad be published in local newspapers at least 14 days prior to the first hearing on the initial ordinance. Display ads for Ordinance 682 were published in the following newspapers: The Hillsboro Argus and The Oregonian, Washington County Weekly section, on May 18 and May 17, 2007 respectively.
Goal 2 - Land Use Planning

CONCLUSION

Statewide Planning Goal 2 addresses Land Use Planning. Washington County has a land use planning process that is acknowledged as complying with Statewide Planning Goal 2 and which provides for the review and update of the various elements of the Comprehensive Plan, including the Community Development Code. Washington County utilized this process to adopt this ordinance.

The amendments made to the Community Development Code by Ordinance 682 are in compliance with Statewide Planning Goal 2. The amendments also are consistent with the policies set forth in the acknowledged Rural/Natural Resource Plan, Policy 1, Implementing Strategy d. These conclusions are supported by the following facts.

FACTS

1. The acknowledged Rural/Natural Resource Plan require that legislative Plan amendments be adopted by ordinance in accordance with the procedures specified in the Washington County Charter and State Law.

2. Chapter X, Section 100(d) of the County Charter defines ‘land use ordinances’ to include any ordinance that amends a comprehensive plan. Ordinance 682 amends the Community Development Code, which is an element of the County’s Comprehensive Plan. It is therefore a legislative land use ordinance in accordance with the definitions in Chapter X of the County Charter.

3. Chapter X of the Washington County Charter requires that initial notice of public hearings be prepared by the Land Use Ordinance Advisory Commission. The Commission met May 10, 2007 to draft a notice for Ordinance 682. The Charter further requires that the notice be mailed at least 14 days prior to the initial Planning Commission hearing to the 478 persons who have requested notices in writing and paid a fee. This notice was mailed on May 23, 2007. The initial Planning Commission meeting was held on June 6, 2007.

4. Chapter X requires that a display newspaper ad be published 14 days prior to the initial Planning Commission hearing, which was held on June 6, 2007. ORS Chapter 215.060 requires the County to provide 10 days advance public notice in a newspaper of general circulation prior to the first public hearing. Display ads were published in the following newspapers: The Hillsboro Argus and The Oregonian, Washington County Weekly section, on May 18 and May 17, 2007 respectively. The publishing of the ads complied with both the County Charter and ORS 215.060 provisions.
5. ORS 197.610, OAR 660-18-020, and Senate Bill 543 (effective on June 30, 1999) require that notice of proposed amendments to the County's acknowledged comprehensive plan shall be forwarded to the Director of the Department of Land Conservation and Development (DLCD) at least 45 days prior to the first evidentiary hearing. Notice of proposed Ordinance 682 was mailed to DLCD on April 18, 2007 in compliance with this requirement.

6. Chapter X of the Charter requires that the Planning Commission hold at least one public hearing for a land use ordinance. The Planning Commission held a public hearing on June 6, 2007 that resulted in a recommendation for approval of Ordinance 682 to the Board of Commissioners.

7. Chapter X of the Charter requires the Board to hold a hearing for land use ordinances after the Planning Commission's hearing. The Board of Commissioners held a public hearing on Ordinance 682 on June 26, 2007 as required by Chapter X of the Washington County Charter.

8. Notice of Ordinance 682 was provided to the public, affected cities and the Department of Land Conservation and Development. No comments were provided in response to these notices.

9. Statewide Planning Goal 2 (OAR 660-015-0000(2)) requires that opportunities be provided for review and comment on the plan by citizens and affected governmental units during preparation, review and revision of plans and implementation ordinances. As previously explained, the County followed its acknowledged public involvement procedures to involve citizens in developing and adopting Ordinance 682. Development of Ordinance 682 also included the electronic posting of the draft ordinance and related documents on the Internet and invitations for citizen comment.

**Goal 3 - Agricultural Land**

**CONCLUSION**

Policy 15, Implementing Strategies (a) and (f) of the Rural/Natural Resource Plan include provisions for the preservation of agricultural lands. Plan compliance with Goal 3 is maintained with the amendments made by Ordinance 682 based upon the following relevant facts.

**FACTS**

1. The EFU and AF-20 land use districts are Washington County's acknowledged exclusive farm use districts.
2. Ordinance 682 did not amend any plan policies or strategies applicable to the EFU and AF-20 Districts.

3. Article III of the Community Development Code (CDC Sections 340 and 344) and Article VII set forth the uses that may be allowed on lands within exclusive farm use districts. The provisions included in these portions of the CDC have been previously acknowledged. Ordinance 682 does not amend any of the permitted uses or development standards relating to transportation improvements on lands within the exclusive farm use districts.

**Goal 4 - Forest Lands**

**CONCLUSION**

Policy 16 of the Rural/Natural Resource Plan includes provisions for the preservation of forest lands. The amendments made by Ordinance 682 are consistent with Goal 4; OAR Chapter 660, Division 06; and the County's acknowledged policies for preservation of forest lands.

**FACTS**

1. The EFC District is Washington County's acknowledged exclusive forest district.

2. Ordinance 682 did not amend any plan policies or strategies related to the EFC District.

3. Ordinance 682 did not amend standards in the EFC District or any other standards applicable to this district including the standards of CDC Section 342 and CDC Article VII relating to allowed transportation improvements. Ordinance 682 will therefore not affect the County's acknowledged Goal 4 land base.

**CONCLUSION**

Policies 10, 11 and 12 of the Comprehensive Framework Plan for the Urban Area, Policies 7, 9, 10, 11, 12 and 13 of the Rural/Natural Resource Plan and various sections of the Community Plans and the Community Development Code include provisions for the protection of Goal 5 resources. In addition, OAR 660-023-0250 requires application of current Goal 5 provisions to Post Acknowledgment Plan Amendments (PAPAs) initiated on or after September 1, 1996 when the PAPA creates or amends a resource list or a portion of an acknowledged plan or land use regulation that protects a significant Goal 5 resource or if the PAPA allows new uses that could be conflicting uses with a particular significant Goal 5 site.
Plan compliance with Goal 5 is maintained with the amendments made by Ordinance 682. The amendments are consistent with the County's acknowledged policies and standards for the protection of Goal 5 resources as well as those set forth in OAR 660 Division 23. This conclusion is supported by the following facts.

Goal 11 - Public Facilities and Services

CONCLUSION

Policies 15, 25, 26, 27, 28, 29, 30 and 31 of the Urban Comprehensive Framework Plan and Policy 22 of the Rural\Natural Resource Plan address the provision of public facilities and services in the urban and rural areas of unincorporated Washington County. The Community Development Code requires that adequate public facilities and services be available for new development. Plan compliance with Goal 11 is maintained with the amendments made by Ordinance 682. The amendments are consistent with the County's acknowledged policies and strategies for the provision of public facilities and services as required by Goal 11. This conclusion is supported by the following facts.

FACTS

1. The standards for public facilities and services in the Community Development Code are in Article V (Public Facilities and Services). Ordinance 682 amends these standards to clarify traffic safety requirements for new development that will generate a minimum of 200 average daily trips and that are located outside of the UGB.

3. Ordinance 682 will help ensure continued development of an orderly and efficient transportation system. The Ordinance amends a portion of the Community Development Code to ensure continued traffic safety when new rural development occurs. These amendments support existing 2020 Transportation Plan policies and strategies for transportation facilities.

Goal 12 - Transportation

CONCLUSION

The County's adopted and acknowledged Transportation Plan was developed to accommodate the transportation needs of Washington County through the year 2020. Ordinance 682 is intended to implement existing provisions relating to roadway safety in the acknowledged 2020 Transportation Plan. The amendments are consistent with the County's acknowledged policies and strategies for the provision of transportation facilities and services as required by Goal 12 (the Transportation Planning Rule or TPR, implemented via OAR Chapter 660, Division 12) as described below.
FACTS

1. OAR 660-012-0045(6) sets forth the elements that are to be included as part of the planned bicycle and pedestrian system in developed areas. Ordinance A-Engrossed 588, which adopted the 2020 Transportation plan, together with previously adopted and acknowledged ordinances that implemented CDC Section 408, was found to fully comply with the provisions of Subsection –0045(6). Ordinance 682 does not amend any provisions of CDC Section 408. Ordinance 682 is limited in its scope and implements adopted roadway safety strategies from the 2020 Transportation Plan.

2. Ordinance 682 provides for roadway safety analyses and improvements when found to be necessary to maintain roadway safety for the traveling public.

3. OAR 660-012-0050 concerns transportation project development. Subsection –0050(3) concerns project development, land use decision making and unresolved issues of compliance with comprehensive plan policies and land use regulations. Adopted and acknowledged Ordinances A-Engrossed No. 421 and No. 573 created and refined Article 7 of the Community Development Code which is consistent with the requirements of OAR 660-012-0050. CDC Article VII provides a consolidated review process for review of land use decisions for permitting transportation projects. Ordinance 682 does not amend this process for land use review of transportation projects.

4. OAR 660-012-0060 sets forth requirements for plan and land use regulation amendments. Ordinance 682 is consistent with the provisions of OAR 660-012-0060. Ordinance 682 does not significantly affect any transportation facilities because it will not result in any of the following:
   - Changes in the functional classification of an existing or planned transportation facility;
   - Changes in the standards implementing a functional classification system;
   - As measured at the end of the planning period identified in the adopted TSP (year-2020), Ordinance 682 also will not allow:
     Types or levels of land uses which would result in levels of travel or access which are inconsistent with the functional classification of a transportation facility; or
     Reductions in the performance standards of facilities below the minimum acceptable level identified in the Transportation System Plan; or
Worsening of the performance of an existing or planned transportation facility that is otherwise projected to perform below the minimum acceptable performance standard identified in the Transportation System Plan.

Ordinance 682 is limited to providing for traffic safety analyses in conjunction with new rural development that generates 200 to 500 or more average daily trips. It also provides for traffic safety improvements if they are found to be necessary using accepted traffic engineering judgment in evaluating the traffic safety analyses. Ordinance 682 does not amend the adopted capacities (2020 Transportation Plan Lane Numbers Map – Figure 5) for roadways as set forth in the 2020 Transportation Plan. Ordinance 682 does not change any land use classifications or plan designations. Providing safety improvements where needed will improve performance and safety of roadways. Based on these facts, Ordinance 682 is consistent with the Transportation Planning Rule requirements.

**CONCLUSION**

Policies 36, 37, 38, 39 and 40 of the Urban Comprehensive Framework Plan and Policy 25 of the Rural\Natural Resource Plan address energy conservation in the urban and rural areas of unincorporated Washington County. The Community Development Code implements the energy conservation policies by establishing standards that promote energy efficient development, especially in Article IV Plan compliance with Goal 13 is maintained with the amendments made by Ordinance 682. The amendments are consistent with the County's acknowledged policies and strategies for promoting energy conservation as required by Goal 13. This conclusion is supported by the following facts.

**FACTS**

Ordinance 682 did not amend the applicable Plan policies or Code provisions that relate to energy conservation.

**Goal 14 - Urbanization**

**CONCLUSION**

Policies 13, 14, 16, 17, 18 and 19 of the Urban Comprehensive Framework Plan address urbanization within the Regional Urban Growth Boundary. The Community Development Code implements the urbanization policies by establishing standards to promote appropriate urban development. The Community Plans implement the urbanization policies by designating sufficient land for appropriate development. Plan compliance with Goal 14 is maintained with
the amendments made by Ordinance 682. The amendment is consistent with the County's acknowledged policies and strategies for urbanization as required by Goal 14. This conclusion is supported by the following facts.

FACTS

1. Ordinance 682 did not amend the Plan policies or Code standards related to urbanization.

2. Ordinance 682 does not change any land designations that provide for urban development nor does it amend any policies or implementing provisions relating to urbanization.

CONCLUSION

The amendments made by Ordinance 682 do not affect the 2020 Transportation Plan’s consistency with the OTP.

FACTS:

1. Ordinance A-Engrossed 588 adopted the 2020 Transportation Plan and was found to fully comply with applicable provisions of the OTP.

2. The amendments to the Community Development Code made by Ordinance 682 are limited in scope and implement adopted strategies of the System Safety Policy (Policy 2.0) and the Roadway Element (Policy 8.0 – Roadway Safety Policy) of the Plan.

3. The amendments made by Ordinance 682 do not amend any policy or strategy of the 2020 Transportation Plan. Consistency with the OTP is therefore not affected.

FINDINGS OF COMPLIANCE WITH THE STATE TRANSPORTATION PLANNING RULE (OAR 660-012-0060)

Some portions of this rule apply to the development of Transportation Systems Plans; other portions apply to comprehensive plan amendments and zone changes, whereas other portions apply to development actions. With regard to Ordinance 682, the applicable sections are 660-012-0060 (1) relating to “... amendments to functional plans, acknowledged comprehensive plans and land use regulations which significantly affect a transportation facility...” and 660-012-0060(4) relating to plan amendments being “… coordinated with affected transportation facility and service providers and other affected local governments.”
TPR Provision 660-012-0060(1):

CONCLUSION

Subsection -0060 is applicable only if an amendment will significantly affect an existing or planned transportation facility as defined in Subsection -0060(1). Ordinance 682 does not significantly affect any transportation facilities because it will not result in any of the following:

   - Changes in the functional classification of an existing or planned transportation facility;
   - Changes in the standards implementing a functional classification system;
   - As measured at the end of the planning period identified in the adopted TSP (year-2020), Ordinance 682 also will not allow:
     Types or levels of land uses which would result in levels of travel or access which are inconsistent with the functional classification of a transportation facility; or
     Reductions in the performance standards of facilities below the minimum acceptable level identified in the Transportation System Plan; or
     Worsening of the performance of an existing or planned transportation facility that is otherwise projected to perform below the minimum acceptable performance standard identified in the Transportation System Plan.

2. Ordinance 682 is limited to clarifying the intent of the adopted and acknowledged 2020 Transportation Plan. The Plan is intended to provide for roadway safety. The amendments made by Ordinance 682 pertain only to a portion of the Community Development Code which implements the policies and strategies of the adopted and acknowledged 2020 Transportation Plan. Ordinance 682 will provide for traffic safety analyses and improvements that may be required for new rural development that will generate a minimum of 200 average daily trips.
TPR Provision 660-012-0060(4):
