Ordinance 08-07-007PL
SECTION 4.1.900. **Split Zoning.** Split zoning occurs when a contiguous ownership is divided into two or more zoning districts.

1. For the purpose of establishing uses, each portion of the total contiguous ownership within an individual zoning district may be used for any use permitted by the applicable zoning district subject to Section 3.3.100.

   **Example 1**

   **Example 2**

   In the example above, “A” may be used for any use allowed by the applicable zoning district irrespective of portions “B”. Likewise, portions “B” may be used for any use allowed by the applicable zoning district irrespective of portions “A”.

2. For the purpose of land division, the ownership of each portion of the total contiguous ownership within an individual zoning district may be transferred to another ownership, subject to:

   A. A partition or subdivision submittal; and

   B. Any required applicable findings; and

   Where a parcel is split-zoned with both resource and non-resource zones, the non-resource land may be partitioned from the resource land, in accordance with the partitioning application requirements of this ordinance. The non-resource parcel is considered exception land that is irrevocably committed to uses that render the practice of farming and forestry activities impracticable, and therefore such partitioning would have no discernable effect on farming or forestry practices on the adjacent resource land.

   C. In addition to any other required findings, lands subject to the A split-zoned parcel containing only resource zones may be partitioned EFU or F zones shall be subject to the provisions of this section only if finding is made that the division of resource land shall be appropriate for the continuation of the existing commercial resource enterprise of the area.

   the resulting parcels meet the minimum parcel sizes of ORS 215.780, or the partition otherwise meets the statutory criteria for exceptions to minimum parcel sizes or resource goal exceptions.
