I. BACKGROUND

On February 8, 2011, Clatsop County submitted an application for a zoning map amendment for 0.39-acres of land located adjacent to Highway 30 in the rural community of Westport. (See maps below). The application was deemed complete on February 8, 2011. Clatsop County issued the required 45-day notice to the Department of Land Conservation and Development on February 9, 2011. Mailed notice of hearing was issued to property owners within 250-feet and interested agencies on April 18, 2011. Due to a typographical error in the original mailed notice of hearing a corrected notice was issued on April 25, 2011.

At the time of the adoption of the current zoning ordinance in 1980 the property was an undeveloped portion of the Westport Trailer Park and was zoned Residential Agriculture 1 (RA-1). In 1984, in order to facilitate a community sewer system, the property was re-zoned to Rural Service Area-Multi-Family Residential (RSA-MFR) with Ordinance 84-22. In 1985 the current property owner, Michael Morrisey, applied for a zone change for a small portion (0.39-ac) to Tourist Commercial (TC) in order to construct and operate a small store, gas station, and post office. The zoning map amendment was approved by the Board of Commissioners as Ordinance 85-17. In 2003, Clatsop County adopted rural community zoning in several areas of the county, include the community of Westport. During that process the property that is the subject of this application was mistakenly zoned Rural Community Commercial-Multi Family Residential (RCC-MFR). This error was not discovered until late 2010 when Mr. Morrisey made inquiries to Clatsop County regarding the expansion of commercial activates on the property. Due to the adoption of the RCC-MFR zoning on the property in 2003 Clatsop County must complete the zoning map amendment process to apply the correct zoning. Because of the location adjacent to a parcel that carries a Rural Community Commercial-Light Industrial (RCC-LI) zone the request is to correct the zoning and apply a RCC-LI designation to ensure continuity in zoning patterns in the Westport area. The RCC-LI zone will allow the established commercial use to continue as a conforming use (L3.272(1) & (6)).

II. PROPERTY STATUS AND CONDITIONS

Lot of Record Status
The subject property was created by the recording of a Deed with the Clatsop County Clerk (Deed Records, Bk 643, Pg 50). The property meets the county's definition of “lot of record”. LWDUO §1.030.

IV. NEIGHBORHOOD CONDITIONS
The surrounding area is comprised of Light Industrial, Multi-Family Residential, and Commercial zoning that are all situated along Highway 30 in the Rural Community of Westport.

V. APPLICABLE CRITERIA
A. ZONING MAP AMENDMENT
The following criteria applies to the applicant's request for Clatsop County to adopt a zoning map amendment:

Clatsop County LWDUO 80-14, §5.412. Zone Change Criteria

VI. EVALUATION OF APPLICATION
As part of the land use application (Exhibit 1), the applicant evaluates the application against the applicable criteria of LWDUO § 5.412 and offers findings of fact for the County’s consideration. In the following sections, staff examines the application versus the applicable criteria and proposes findings of fact for the Planning Commission’s review and consideration.

A. ZONING MAP AMENDMENT
LWDUO 80-14, §5.412

Zone Change Criterion No. 1:
LWDUO §5.412(1) - Consistency with Comprehensive Plan
Goal 1 – Citizen Involvement

(2) The Planning Commission and active Citizen Advisory Committees shall hold their meetings in such a way that the public is notified in advance and given the opportunity to attend and participate in a meaningful fashion.

(7) Clatsop County shall use the news media, mailings, meetings, and other locally available means to communicate planning information to citizens and governmental agencies. Prior to public hearings regarding major Plan revisions, notices shall be publicized.

(8) Clatsop County shall establish and maintain effective means of communication between decision-makers and those citizens involved in the planning process. The County shall ensure that ideas and recommendations submitted during the planning process will be evaluated, synthesized, quantified, and utilized as appropriate.

(9) Public notices will also be sent to affected residents concerning zone and Comprehensive Plan changes, conditional uses, subdivisions and planned developments.

Analysis -
Documentation of published and public notice are attached as Exhibit 6.

Department Findings:
The application satisfies the applicable citizen involvement policies of the Goal 1 element of the Clatsop County Comprehensive Plan.

Goal 2 – Land Use Planning

1. Development
Development areas are those with a combination of physical, biological, and social/economic characteristics which make them necessary and suitable for residential, commercial, or industrial development and includes those which can be adequately served by existing or planned urban services and facilities.

In Clatsop County, the County has three types of such areas: cities and their urban growth boundaries; rural communities; and rural service areas, which are areas similar to cities (sewer and water) but lack size and a government structure.

c. Rural Communities. Clatsop County has identified and established boundaries for the following rural communities: Miles Crossing - Jeffers Gardens, Arch Cape, Svensen, Knappa, and Westport. Land use plans in these areas recognize the importance of communities in rural Clatsop County. These communities are established through a process that applies OAR 660 Division 22 requirements. Portions of land identified in the Miles Crossing and Jeffers Gardens rural community plan take an exception to Statewide Planning Goal 3 and Goal 4 for portions of land zoned EFU or AF. The exceptions documentation for a portion of the Miles Crossing and Jeffers Gardens rural community boundary is adopted as part of the Comprehensive Plan, and is located at the end of this section.

Analysis:
The subject property is located within the Westport Rural Community and has a comprehensive plan designation of Development.
Department Finding:
The application is consistent with the applicable “Development” policies of the Goal 2 element of the Clatsop County Comprehensive Plan.

Goal 3 — Agricultural Lands

Department Finding:
The Goal 3 element of the Comprehensive Plan does not contain applicable policies.

Goal 4 — Forest Lands

Department Finding:
The Goal 4 element of the Comprehensive Plan does not contain applicable policies.

Goal 5 — Open Spaces, Scenic & Historic areas and Natural Resources

Department Finding:
The Goal 5 element of the Comprehensive Plan does not contain applicable policies.

Goal 6 — Air, Water, and Land Quality:

Goal:
To maintain and improve the quality of the air, water and land resources of the state.

Analysis:
The proposal does not conflict with the applicable plan policies of Goal 6. The Clatsop County Land and Water Development and Use Ordinance (LWDUC) contains multiple development standards that would apply to the future development of the subject property to assure the protection of air, water and land quality standards in accordance with Goal 6.

Department Finding:
The application does not conflict with the policies of the Goal 6 element of the Clatsop County Comprehensive Plan.

Goal 7 — Natural Hazards

Department Finding:
The Goal 7 element of the Comprehensive Plan does not contain applicable policies.

Goal 8 — Recreational Lands

Department Finding:
The Goal 8 element of the Comprehensive Plan does not contain applicable policies.

Goal 9 — Economy

Department Finding:
The Goal 9 element of the Comprehensive Plan does not contain applicable policies.

Goal 10 — Population and Housing
Goal 11 – Public Facilities and Services

General Public Facilities Policies

9. When a Comprehensive Plan or Zone Change or both are requested that would result in a higher residential density, commercial or industrial development it shall be demonstrated and findings made that the appropriate public facilities and services (especially water, sanitation (septic feasibility or sewage) and schools) are available to the area being changed without adversely impacting the remainder of the public facility or utility service area.

Analysis:
The subject property is currently for commercial purposes and the site is served by a community water and sewer system. There will be no adverse impact on public facilities.

Department Finding:
The proposal satisfies the applicable plan policies of the Goal 11 element of the Clatsop County Comprehensive Plan.

Goal 12 – Transportation

Analysis:
Since a zoning map amendment in 1985 the subject property has been utilized in a commercial manner. Any change or expansion of the existing commercial use may require access approval from the Oregon Department of Transportation.

Department Finding:
The application satisfies the applicable plan policies of the Goal 12 Transportation element of the Comprehensive Plan.

Goal 13 – Energy Conservation

Department Finding:
The Goal 13 element of the Clatsop County Comprehensive Plan is not applicable to the application.

Goal 14 – Urbanization

Goal
To provide for an orderly and efficient transition from rural to urban land use.

Analysis:
Clatsop County Ordinance 03-10 adopted Rural Community zoning for Clatsop County. This proposal does not seek to change the rural community or comprehensive plan designation but to modify the zoning within the rural community to accurately reflect the current use of the property.

Department Finding:
The proposed map amendment does not conflict with Goal 14 element of the Clatsop County
Comprehensive Plan.
Goals 16 and 17 – Estuarine Resources and Coastal Shorelands

**Department Finding:**
Goal 16 and 17 elements of the Clatsop County Comprehensive Plan do not apply.

Goal 18 – Beaches and Dunes

**Department Finding:**
The Goal 18 elements of the Clatsop County Comprehensive Plan do not apply.

Northeast Community Plan
Community Development
Rural Service Area
Policies

3. The existing commercial zone in Westport should be reduced in size that is more appropriate for the community.

**Analysis:**
The subject property has been used for commercial purposes since 1985. This zone change will correct a zoning map error that was introduced in 2003 with the adoption of the rural community zoning.

**Department Finding:**
The Zoning Map Amendment application is consistent with the policies of the Northeast Community Plan.

Zone Change Criterion No. 2:
LWDUO §5.412(2) - Consistency with Statewide Planning Goals

**Analysis:**
Clatsop County has an approved comprehensive plan. Consistency with Statewide Planning Goals is determined through the consistency with the County's Comprehensive Plan.

**Department Finding:**
The Zoning Map amendment is consistent with Statewide Planning Goals.

Zone Change Criterion No. 3:
LWDUO §5.412(3) - Adequacy of Public Facilities and Services

**Analysis:**
Adequate public facilities and services exist. The property is currently served by community water and sewer systems in addition to a rural fire protection district.

**Department Finding:**
The application satisfies Zone Change Criterion No. 3.

Zone Change Criterion No. 4:
LWDUO §5.412(4) - Adequacy of Transportation Facilities
Access to the property is from Highway 30, a state facility. The applicant is not proposing any increase or change in activity and therefore the zone change will not have additional impact on the state highway. Any further expansion of the commercial use will require access approval from the Oregon Department of Transportation.

Based on the analysis above, the application satisfies Zone Change Criterion No. 4.

**Zone Change Criterion No. 5:**
L.WDUO §5.412(5) – Over Intensive Use of the Land, Character of the Area, and Compatibility of Zoning Patterns

The adjacent parcel to the west of the subject property is zoned RCGLI. The subject property was previously zoned TC but a zoning designation of RCGLI is proposed to insure consistency and compatibility in zoning patterns. As stated earlier in this report the current use commercial and the zoning map amendment would not change the character of the neighborhood or cause over intensive use of the land.

Based on the analysis above, the application satisfies Zone Change Criterion No. 5.

**Zone Change Criterion No. 6:**
L.WDUO §5.412(6) – Peculiar Suitability of Site for Particular Uses

The extension of the RCC-LI zone fits naturally along Highway 30 would make the zoning consistent with the adjacent property to the west.

Based on the analysis above, the application satisfies Zone Change Criterion No. 6.

**Zone Change Criterion No. 7:**
L.WDUO §5.412(7) – Zone Change Promotes Appropriate Use of Land in County

The application promotes the most appropriate use of the land by correcting the zoning designation on the subject property.

Based on the analysis above, the application satisfies Zone Change Criterion No. 7

**Zone Change Criterion No. 8:**
L.WDUO §5.412(8) – Health, Safety, and General Welfare

The application does not hinder the health, safety or welfare of Clatsop County residents.
Based on the analysis above, the application satisfies Zone Change Criterion No. 8.

VII. PUBLIC COMMENT (Exhibit 5)
As of 12:00 PM on May 3, 2011, no public comment was received.

VIII. CONCLUSION and RECOMMENDATION:

The department has evaluated the application materials against the appropriate criteria contained in the Clatsop County Comprehensive Plan and the Land and Water Development and Use Ordinance. The proposed zone change is consistent with the applicable criteria. The proposed amendments encourage the most appropriate use of the land.

The department recommends that the Planning Commission adopt the findings of fact contained in the staff report and recommend approval of the Zoning Map Amendment to the Board of Commissioners.

Respectfully Submitted,

Prior to the creation of the Rural Community in Westport, property owned by Michael Morrisey was zoned General Commercial and housed Mini-mart and gas station that were constructed in 1984-85. In 2003, when Clatsop County created the Westport Rural Community an error was committed and the Rural Community – Multi Family Residential zone was assigned to the property. This error went unnoticed until last year when Mr. Morrisey approached county staff about expanding his commercial business on the property.

Therefore, Clatsop County is the applicant in the zoning map correction on the Morrisey property.
