Summarize the adopted amendment. Do not use technical terms. Do not write "See Attached".

The City of Portland has requested that the Metro Council amend the Title 4 (Industrial and Other Employment Areas) map to allow uses not currently permissible. Title 4 of the Urban Growth Management Functional plan seeks to provide and protect a supply of sites for employment by limiting the types and scale of non-industrial uses in Regionally Significant Industrial Areas (RSIAs), Industrial and Employment Areas. If the request is approved, 16.9 acres currently designated Industrial would change to Employment and 36.5 acres currently designated for Industrial would have no designation under Title 4. These proposed changes would allow some commercial, residential, or institutional uses that are currently limited under Title 4.

Exhibit B to Ordinance No. 10-1246

Findings of Fact and Conclusions of Law

Title 4 of the Urban Growth Management Functional Plan (UGMFP) authorizes local governments to seek amendments to Title 4's map of industrial and other employment areas. Title 4 prescribes criteria that local governments must satisfy for an amendment to the map. The Metro Council makes the following findings and reaches the following conclusions to address the criteria, found at Metro Code 3.07.450H:

Criterion A: the amendment would not reduce the jobs capacity of the city below the number shown on Table 3.07-1 of Title 1 of the UGMFP

The Council accepts the analysis of city compliance with this criterion in the Staff Report dated August 30. The Council concludes that the amendment complies with Criterion A.

Criterion B: the amendment would not allow uses that would reduce off-peak performance on Major Roadway Routes and Roadway Connectors shown on Metro's 2004 Regional Freight System Map below standards in the Regional Transportation Plan, or exceed volume-to-capacity ratios on Table 7 of the 1999 Oregon Highway Plan for state highways, unless mitigating action is taken that will restore performance to RTP and OHP standards within two years after approval of uses.

The Council accepts the analysis of city compliance with this criterion in the Staff Report dated August 30. The Council concludes that the amendment complies with Criterion B.

Criterion C: the amendment would not diminish the intended function of the Central City or Regional or Town Centers as the principal locations of retail, cultural and civic services in their market areas.

The Council accepts the analysis of city compliance with this criterion in the Staff Report entitled dated August 30. The Council concludes that the amendment complies with Criterion C.

Criterion D: the amendment would not reduce the integrity or viability of a traded sector cluster of industries.

The Council accepts the analysis of city compliance with this criterion in the Staff Report entitled dated August 30. The Council concludes that the amendment complies with Criterion D.

Criterion E: the amendment would not create or worsen a significant imbalance between jobs and housing in a regional market area.

The Council accepts the analysis of city compliance with this criterion in the Staff Report entitled dated August 30. The Council concludes that the amendment complies with Criterion E.
Goal 8: The Council relies upon the findings and conclusion on Goal 7 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. The proposed map amendment complies with Goal 8.

Goal 9: The Council relies upon the findings and conclusion on Goal 9 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. Goal 9 does not apply to Metro. Nonetheless, the proposed map amendment complies with Goal 9.

Goal 10: The Council relies upon the findings and conclusion on Goal 10 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. The proposed map amendment complies with Goal 10.

Goal 11: The Council relies upon the findings and conclusion on Goal 11 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. The proposed map amendment complies with Goal 11.

Goal 12: The Council relies upon the findings and conclusion on Goal 12 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. The proposed map amendment complies with Goal 12.

Goal 13: The Council relies upon the findings and conclusion on Goal 13 and city implementation measures made by the city of Portland in its order approving amendments to its comprehensive plan and land use regulations prior to its application for an amendment to the Title 4 map. The proposed map amendment complies with Goal 13.

Goal 14: The proposed amendment to the Title 4 map does not involve the regional UGB. Nor does it involve the use of "urbanizable" land as described in the statewide planning goals. Goal 14 does not apply to the proposed amendment.

Goal 15: The properties involved in the proposed Title 4 map amendment do not lie within the Willamette River Greenway. Goal 15 does not apply to the proposed amendment.
