The Publishers, Ridgeview Institute and the International Society for the Study of Dissociation are not responsible for the statements made in DISSOCIATION: Progress in the Dissociative Disorders by the contributors or advertisers. Unless explicitly stated, material in DISSOCIATION: Progress in the Dissociative Disorders does not necessarily express or reflect the endorsement or opinion of Dissociative Disorders Research Publications, Limited, members of the Editorial Staff or the Editorial Board of DISSOCIATION: Progress in the Dissociative Disorders, Ridgeview Institute or the International Society for the Study of Dissociation.

The International Society for the Study of Dissociation invites you to join us as we define and improve our understanding of the field of dissociation, including research, diagnosis, and treatment.

ISSD brings together professionals dedicated to the search for answers to improve the quality of life for all patients with dissociative disorders.

Membership includes:
- Discounts on national and international conferences
- ISSD News, published bimonthly
- Consultation regarding the formation of component groups
- ISSD membership directory
- ISSD Guidelines for Treating Dissociative Identity Disorder (Multiple Personality Disorder) in Adults (1997)
- Comprehensive bibliographies and reference lists

Optional benefit:
- DISSOCIATION: Progress in the Dissociative Disorders, the official journal of the ISSD, four issues ($36 for members)

Should you have any questions regarding membership in ISSD, please contact the international office by email: info@issd.org or phone 847/480-9080. Visit our website at http://www.issd.org/ for updated information about ISSD and current activities.

- [ ] Member $105
- [ ] Affiliate Member $45
- [ ] Student Member $40

Optional benefit:
- [ ] Dissociation Journal Subscription $36

In addition I would like to donate $___________ to assist ISSD in achieving its goals.
I am enclosing my check for $___________ (total of membership dues plus a donation if you choose.)

Membership dues are not deductible as a charitable contribution. Membership dues may be deductible as an ordinary and necessary business expense. Consult your tax advisor for information.

Send check (payable to ISSD) and membership application to International Society for the Study of Dissociation, 60 Revere Dr., Suite 500, Northbrook, IL 60062.
INSTRUCTIONS FOR CONTRIBUTORS TO
DISSOCIATION: PROGRESS IN THE DISSOCIATIVE DISORDERS

Please submit four complete and clearly legible double-spaced printouts of the entire manuscript. In addition, please submit the manuscript on an IBM-compatible 3.5" or Apple Macintosh 3.5" computer diskette.

The title page, abstract, reference list, footnotes, tables and figures must be clearly labeled and on separate pages. Please do not place author identifications anywhere besides the title page. Last minute copy corrections need to be made with a "non-repro" blue pen or pencil. Leave a SINGLE space after end-of-sentence periods. Mail disks and hard copy manuscripts to: Richard P. Kluft, M.D., 111 Presidential Boulevard, Suite 231, Bala Cynwyd, PA 19004.

All authors must sign a letter assigning the copyright ownership of the article to DISSOCIATION DISORDERS RESEARCH PUBLICATIONS, LIMITED, contingent upon its acceptance.

The following guidelines apply to all submissions:

1. The title page should include the title of the article, the name(s) of the author(s), degree(s) of author(s), the academic or institution affiliation of the author(s), a running head (or abbreviated title), and the name and address for reprints. Authors without academic or institution affiliations should list instead the city and state in which they practice.

2. The abstract should be a brief summary of the article. It should be accurate, succinct, quickly comprehensible, and informative. It must not exceed 150 words. It should be formatted in italics.

3. The text should introduce the article's purpose and include a brief review of the relevant literature, describe its methods and subjects, indicate its results, and offer a discussion in which its conclusions are stated. An author who would like to submit an article (other than a case study) that differs considerably from this structure should contact the Editor-in-Chief to discuss the proposed submission. The text may require several levels of headings. Main heads should be typed in all caps, formatted in bold face (e.g., THE NEUROPSYCHOPHYSIOLOGY OF DISSOCIATION.) The second level should be typed in upper/lower case formatted in bold face (e.g., The Neuropsychophysiology of Dissociation.) For more complex sub-heading formats, consult the Publication Manual of the American Psychological Association.

4. References within the text should be made in the author-date format. Use the names of either one or two authors on each occasion. When there are more than two but fewer than six authors, use all in the first citations, and the surname of the first author followed by "et al." subsequently. When there are six or more authors, use the surname of the first author followed by "et al." on all occasions. For citations in parentheses, use an ampersand (&) before the name of the last author listed. All quotations cited must include page numbers.

5. References within the reference list are restricted to those cited in the text. They should be listed in alphabetical order on a separate page, headed REFERENCES. The authors' names are given surname first, followed by initials. Place an ampersand (&) before the last author's name. The names are followed by the publication date in parentheses, followed by a period. The title is italicized (underlined, if italic script is unavailable), then volume and issue number, if relevant, follow in roman text. And finally, list the page numbers. Use "pp." before the page numbers of publications other than scientific journal articles.

6. Sample references: (If italic script is unavailable, you may underline titles in submitted manuscripts.)

   For references other than those shown above, consult the Publication Manual of the American Psychological Association.

7. All artwork (photographs, illustrations, graphs or charts) accompanying articles must be approved by the editor. If the artwork is accepted for publication, camera-ready artwork must then be submitted to the editor. All artwork will be returned to the author immediately following publication of the journal.
The International Society for the Study of Dissociation invites you to join us as we define and improve our understanding of the field of dissociation, including, dissociative states research, diagnosis and treatment.

ISSD brings together professionals dedicated to the search for answers to improve the quality of life for all patients with dissociative disorders.

Together we can and will make a Difference!

Please call (847/375-4718) or email (info@issd.org) the ISSD to be sent information concerning membership in the Society.
