NOTICE OF ADOPTED AMENDMENT

10/29/2012

TO:    Subscribers to Notice of Adopted Plan or Land Use Regulation Amendments

FROM:  Plan Amendment Program Specialist

SUBJECT: City of Hillsboro Plan Amendment
         DLCD File Number 008-12

The Department of Land Conservation and Development (DLCD) received the attached notice of adoption. A Copy of the adopted plan amendment is available for review at the DLCD office in Salem and the local government office.

Appeal Procedures*

DLCD ACKNOWLEDGMENT or DEADLINE TO APPEAL:  Friday, November 09, 2012

This amendment was submitted to DLCD for review prior to adoption with less than the required 35-day notice. Pursuant to ORS 197.830(2)(b) only persons who participated in the local government proceedings leading to adoption of the amendment are eligible to appeal this decision to the Land Use Board of Appeals (LUBA).

If you wish to appeal, you must file a notice of intent to appeal with the Land Use Board of Appeals (LUBA) no later than 21 days from the date the decision was mailed to you by the local government. If you have questions, check with the local government to determine the appeal deadline. Copies of the notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR Chapter 661, Division 10). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

*NOTE:  The Acknowledgment or Appeal Deadline is based upon the date the decision was mailed by local government. A decision may have been mailed to a different date than it was mailed to DLCD. As a result, your appeal deadline may be earlier than the above date specified. NO LUBA Notification to the jurisdiction of an appeal by the deadline, this Plan Amendment is acknowledged.

Cc:    Jennifer Wells, City of Hillsboro
       Gordon Howard, DLCD Urban Planning Specialist
       Anne Debbaut, DLCD Regional Representative
       Gary Fish, DLCD Transportation Planner

Notice of Adoption

Jurisdiction: City of Hillsboro
Date of Adoption: 10/16/2012
Was a Notice of Proposed Amendment (Form 1) mailed to DLCD? ☑ Yes ☐ No Date: 8/9/2012
☐ Comprehensive Plan Text Amendment ☑ Comprehensive Plan Map Amendment
☐ Land Use Regulation Amendment ☐ Zoning Map Amendment
☐ New Land Use Regulation ☑ Other: TSP Amendments

Summarize the adopted amendment. Do not use technical terms. Do not write “See Attached”.

The Transportation System Plan (TSP) and Comprehensive Plan map amendments were adopted to implement transportation improvements for the AmberGlen Community Plan which was adopted on 1/10/10. The adopted text and map amendments to the Hillsboro Comprehensive Plan, and the TSP Update, Jan. 2004, reclassify or create new alignments for eight roadways and revised the TSP’s project lists for motor vehicles, bicycles and pedestrians to add the transportation improvements.

Does the Adoption differ from proposal? Yes, Please explain below:

There were some minor TSP map corrections that were made as the alignments for a few of the eight roadways were depicted incorrectly on the proposed maps. These corrections were not substantive and were more like Scrivenor’s errors.

Plan Map Changed from: N/A to: N/A
Zone Map Changed from: N/A to: N/A

ADOPTION SUBMITTAL REQUIREMENTS

This Form 2 must be received by DLCD no later than 5 working days after the ordinance has been signed by the public official designated by the jurisdiction to sign the approved ordinance(s) per ORS 197.615 and OAR Chapter 660, Division 18.

1. This Form 2 must be submitted by local jurisdictions only (not by applicant).
2. When submitting the adopted amendment, please print a completed copy of Form 2 on light green paper if available.
3. Send this Form 2 and one complete paper copy (documents and maps) of the adopted amendment to the address below.
4. Submittal of this Notice of Adoption must include the final signed ordinance(s), all supporting finding(s), exhibit(s) and any other supplementary information (ORS 197.615).
5. Deadline to appeals to LUBA is calculated twenty-one (21) days from the receipt (postmark date) by DLCD of the adoption (ORS 197.830 to 197.845).
6. In addition to sending the Form 2 - Notice of Adoption to DLCD, please also remember to notify persons who participated in the local hearing and requested notice of the final decision. (ORS 197.615).
7. Submit one complete paper copy via United States Postal Service, Common Carrier or Hand Carried to the DLCD Salem Office and stamped with the incoming date stamp.
8. Please mail the adopted amendment packet to:

ATTENTION: PLAN AMENDMENT SPECIALIST
DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
635 CAPITOL STREET NE, SUITE 150
SALEM, OREGON 97301-2540

9. Need More Copies? Please print forms on 8½ -1/2x11 green paper only if available. If you have any questions or would like assistance, please contact your DLCD regional representative or contact the DLCD Salem Office at (503) 373-0050 x238 or e-mail plan.amendments@state.or.us.
ORDINANCE NO. 6032
HCP 2-12: AMBERGLEN COMMUNITY PLAN
TRANSPORTATION SYSTEM PLAN AMENDMENTS

AN ORDINANCE AMENDING HILLSBORO COMPREHENSIVE PLAN ORDINANCE NO. 2793, AS AMENDED, SPECIFICALLY THE TRANSPORTATION SYSTEM PLAN TEXT IN TABLES 1-1, 1-2, 1-3, 4-7, 4-10, 4-11, 4-13 AND 4-14, AND TRANSPORTATION SYSTEM PLAN MAPS IN FIGURES 1-2, 1-3, 1-5, 1-6, 1-8 AND 1-9 TO RECLASSIFY AND UPDATE INFORMATION FOR TRANSPORTATION IMPROVEMENTS IDENTIFIED IN THE AMBERGLEN COMMUNITY PLAN, AND DELETING TEXT IN ITS ENTIRETY CONTAINED IN CHAPTER 4: FUTURE DEMAND AND LAND USE, SPECIAL STUDY AREAS, EAST-WEST CONNECTOR STUDY AREA AND DELETING FIGURE 4-8, AND ALSO AMENDING COMPREHENSIVE PLAN MAPS FIGURES 14-1, 14-1A, 14-2, 14-4, 14-6 AND 14-7 TO REFLECT THE CHANGES TO THE TRANSPORTATION SYSTEM PLAN REGARDING THE RECLASSIFICATION AND UPDATE OF INFORMATION FOR TRANSPORTATION IMPROVEMENTS IDENTIFIED IN THE AMBERGLEN COMMUNITY PLAN.

WHEREAS, the AmberGlen Community Plan has identified transportation improvements to implement the Plan, where Hillsboro Transportation System Plan amendments are necessary in order to ensure that the transportation improvements can occur in the near future; and

WHEREAS, the Hillsboro Transportation System Plan is a planning document which is incorporated into the Hillsboro Comprehensive Plan in its entirety by reference and any amendment or modification of the Transportation System Plan requires the City to conduct and follow the major plan amendment process outlined in Section 1 of the Hillsboro Comprehensive Plan; and

WHEREAS, Section 1 (III) of the Hillsboro Comprehensive Plan Ordinance, as amended, requires consideration, process, and a public hearing by the Hillsboro Planning Commission with respect to initiating proposed major amendments to the Comprehensive Plan such as the proposed Transportation System Plan amendments to implement AmberGlen Community Plan transportation improvements described in the attachments to this Ordinance; and

WHEREAS, the Planning Commission adopted Order No. 8073 initiating the proposed major Comprehensive Plan amendments on August 8, 2012; and

WHEREAS, the Planning Commission held a public hearing on September 12, 2012, to consider the proposed amendments to the Transportation System Plan and received the staff report and public testimony; and

WHEREAS, on September 12, 2012, based on the testimony, the Record and Exhibits A and B attached hereto, the Planning Commission recommended City Council approval of the initiated Comprehensive Plan amendments through adoption of Order No. 8076; and
WHEREAS, the City Council considered the Planning Commission’s recommendation at its regular meeting on October 2, 2012;

NOW, THEREFORE, THE CITY OF HILLSBORO ORDAINS AS FOLLOWS:

Section 1. As set forth in Exhibit A, Tables 1-1, 1-2, 1-3, 4-7, 4-10, 4-11, 4-13 and 4-14, and Figures 1-2, 1-3, 1-5, 1-6, 1-8 and 1-9 Transportation System Plan maps of the Hillsboro Transportation System Plan Update, January 2004, are amended to reclassify and update information for transportation improvements identified in the AmberGlen Community Plan; and Chapter 4: Future Demand and Land Use, Special Study Areas, East-West Connector Study Area and Figure 4-8 are deleted in their entirety; and Figures 14-1, 14-1a, 14-2, 14-4, 14-6 and 14-7 Comprehensive Plan maps are also amended to reflect the changes to the Transportation System Plan Update, January 2004, regarding the reclassification and update of information for transportation improvements identified in the AmberGlen Community Plan.

Section 2. Except as herein amended, Comprehensive Plan Ordinance No. 2793, as amended, shall remain in full force and effect.

Section 3. This ordinance shall be effective from and after 30 days following its passage and approval by the Mayor.

First approval of the Council on this 2nd day of October 2012.

Second approval and adoption by the Council on this 16th day of October 2012.

Approved by the Mayor this 16th day of October 2012.

EXHIBIT A

HCP 2-12: AmberGlen Community Plan Transportation System Plan Amendments
Proposed Comprehensive Plan Text and Map Amendments

Added language is shown as italicized text, deleted language is shown as strikethrough and background information about the proposed text and map amendments is provided before the proposed added or deleted language.

PROPOSED TEXT AMENDMENTS
The following sections of the TSP need to be amended to add the transportation improvements associated with the roadways or change functional classifications for the roadways located in the AmberGlen Community Plan Area. All of the text amendments would involve text in the Transportation System Plan Update dated January 2004.

Table 1-1 Amendments
Pedestrian Master Plan Priority Projects
This table includes pedestrian projects recommended to be shown on Figure 1-2 Pedestrian Master Plan and are illustrated on Figure 1-2a. Cost estimates are based on additional sidewalk, curb and gutter, drainage, driveway adjustments and landscaping as required. Right-of-way costs and additional roadway pavement costs, if known are included in the estimates. The cost estimates are conceptual and subject to refinement upon further study.

</table>

* Project cost estimates for the projects added to this list in September 2012 represent 2010 dollars, all existing projects listed in the July 2004 TSP Update represent 2003 dollars. All cost estimates are conceptual. For roadway improvement projects, the cost estimate represents the whole street improvement necessary for a multi-modal street including sidewalks. For stand-alone projects, the cost estimate represents the cost for retrofitting the existing street cross section to add sidewalks and landscape strips and associated costs.

Table 4-10 Amendments

Updates to Functional Classification Plan

Table 4-10 shows updates to the Functional Classification Plan illustrated in Figure 1-9a to reflect the expanded TSP study area, on-going regional planning, the functional needs of Hillsboro, and consistency with the Regional Transportation Plan. This table is proposed to be amended to address changes in functional classification for the transportation projects added to the motor vehicles project list. These projects need to be added to be consistent with the RTP and implement the transportation system for the AmberGlen Community Plan area.

The streets that were part of the East-West Connector Study Area or have already been built are proposed to be deleted, and a new category: Expanded Study Area: AmberGlen Community Plan added to the table, where the transportation projects would be listed under that category. This would be consistent with the current formatting of the table which includes a category called Expanded Study Area: South Hillsboro that lists the functional classifications for roadways in South Hillsboro.

Table 4-10 is amended as follows:

**Table 4-11 Amendments**

**Updates to Future Streets Right-of-Way Plan**

The Future Streets Right-of-Way Plan (Figure 1-6) provides the right-of-way requirements for arterial and collector streets which are anticipated within the TSP planning horizon to require more than two lanes. The updates to the Future Streets Right-of-Way Plan are summarized in Table 4-11 and are illustrated in Figure 1-6a. Figure 1-5a illustrates the number of lanes for specific roadway segments. This table, like Table 4-10, includes a category called Expanded Study Area: South Hillsboro, a road that was part of the East-West Connector Study Area is proposed to be deleted and a new category: Expanded Study Area: AmberGlen Community Plan added to the table, where the right-of-way requirements for the transportation improvements would be listed.

Table 4-11 is amended as follows:

Table 4-13

Updates to Street Improvement Plan

This table summarizes updates to the Street Improvement Plan (Figure 1-5) which are illustrated in Figure 1-5a. The proposed streets that have been built within the OHSU West Campus Master Plan area and/or part of the East-West Connector Study Area and have been revised by the AmberGlen Community Plan are proposed to be deleted. A new category: Expanded Study Area: AmberGlen Community Plan is proposed to be added to the table, and the transportation projects listed under that category. This would be consistent with the current formatting of the table which includes a category called Expanded Study Area: South Hillsboro.

Updates to Traffic Signal Master Plan

This table summarizes updates to the Traffic Signal Master Plan (Figure 1-8) as illustrated in Figure 1-8a. The existing intersection traffic signal locations are proposed to be amended and the proposed traffic signals for the AmberGlen Community Plan area added to this table. The status of intersection traffic signals is also proposed to be amended to reflect maintenance responsibility for existing constructed signals.

Table 4-14 is amended as follows:

</table>
In addition to the proposed amendments to the TSP tables, Chapter 4: Future Demand and Land Use contains a section that establishes and describes Special Study Areas, with corresponding maps that show the boundaries of the Special Study Areas contained in Figures 4-8, 4-9 and 4-10. One of these Special Study Areas is the East-West Connector Study Area which the TSP Update identified for property located south of Walker Road between 185th Avenue and Amberglen Parkway and north of the light rail tracks. This study area covers approximately 1,400-acres with the largest land holding being the Oregon Health Sciences University (OHSU). Figure 4-8 illustrates several potential roadway connections that were identified in the TSP Update.

The transportation analysis conducted as part of the AmberGlen Community Plan studied the East-West Connector Study Area in more depth as described in the original text below and recommends changes within the Area including revised transportation connections. The text contained in the East-West Connector Study Area is deleted in its entirety, as follows:

SPECIAL STUDY AREAS

East-West Connector Study Area

The Hillsboro TSP update has identified a study area for the property located south of Walker Road between 185th Avenue and Amberglen Parkway and north of the light rail tracks. This study area covers approximately 1,400-acres with the largest land holding being the Oregon Health Sciences University (OHSU). The potential constraints to achieving acceptable collector-level circulation in the study area require additional study of both potential land use and circulation prior to any comprehensive plan changes or development approvals that may preclude potential circulation routes.

Uncertain plans for the largest land holding (OHSU) make specific recommendations that meet both circulation and land use needs less definitive. Technical analysis conducted for this TSP update indicates that an east-west connection between a proposed Salix Terrace extension and Amberglen Parkway would have a potential to benefit the future 2020 transportation system. Figure 4-8 summarizes several potential roadway connections that were identified in the TSP Update. However, given the speculative future development of the OHSU property, this TSP update does not propose a specific alignment for the east-west connector roadway, nor does it propose a specific alignment for the north-south Salix Extension. Furthermore, the alignments for multi-use paths, such as the Bronson Creek Trail, displayed in the Pedestrian and Bicycle Master Plans (Figures 1-2 and 1-3) are not intended to be specific. The TSP, therefore, recommends a detailed multi-modal transportation subarea analysis be conducted for the study area which considers all reasonable roadway and trail alignment alternatives combined with future land use proposals to produce a balance between traffic circulation needs and the land use/environmental sensitivity of the area, particularly accounting for the unique scientific/research character of the OHSU West Campus.
PROPOSED MAP AMENDMENTS

The TSP and Comprehensive Plan Maps listed below will be amended to reflect the classification change of the planned roadways and proposed improvements for the AmberGlen Community Plan. Detail maps are provided to show more clearly how the TSP maps are being amended. If approved, the amendments shown on the detail maps will be incorporated into the amended TSP. The proposed roadways affected by these proposed TSP amendments are labeled as follows on the detail maps:

A. NW Walker Road Extension: from NW Stucki Avenue Realignment/Extension to NW Amberwood Drive (and NW 206th Avenue)
B. NW 194th Avenue: from NW Amberwood Drive (NW Cornell Road) to NW Amberglen Parkway
C. NW 194th Avenue: from NW Wilkins Street to NW Stucki Avenue Extension
D. NW Stucki Avenue Extension/Realignment: from NW Cornell Road to NW 206th Avenue (north of Light Rail)
E. NW Gibbs Drive: from NW Stucki Avenue Extension to NW Walker Road
F. NW Walker Road 7-lane ROW Reservation: from NW Stucki Avenue Extension/Realignment to NW 185th Avenue
G. NW Wilkins Street Extension: NW 194th Extension/NW Amberglen Parkway to NW 185th Avenue (NW Edgeway Drive Extension)
H. NW 205th Ave Realignment: Light Rail tracks to NW 206th Avenue realignment/NW Stucki Avenue Extension
I. NW Edgeway Drive: NW Holly Street to NW Walker Road

Figure 14-7
PEDESTRIAN MASTER PLAN
EXHIBIT B

BEFORE THE PLANNING COMMISSION
OF THE
CITY OF HILLSBORO

A REQUEST FOR COMPREHENSIVE
PLAN AMENDMENTS TO IMPLEMENT
TRANSPORTATION IMPROVEMENTS FOR
THE AMBERGLEN COMMUNITY PLAN

CITY OF HILLSBORO
CASE FILE NO. HCP 2-12
FINDINGS OF FACT

NATURE OF AMENDMENTS
The proposed amendments to the Hillsboro Comprehensive Plan (HCP) Ordinance No. 2793, as amended and the City of Hillsboro Transportation System Plan (TSP) Update, January 2004, to amend text and maps to implement transportation improvements for the AmberGlen Community Plan are legislative major plan amendments. The amendments were initiated by the Planning Commission through adoption of Order No. 8073. The proposed amendments would reclassify or create new alignments for eight roadways and make revisions to the TSP’s project lists for motor vehicles, bicycles and pedestrians to add the transportation improvements.

BACKGROUND ON PROPOSED AMENDMENTS
On January 10, 2010, the City Council adopted the AmberGlen Community Plan (Plan), which was developed to achieve higher levels of density close to major employers, provide high-quality amenities, support regional transportation infrastructure, and to transform the combined Tanasbourne/AmberGlen areas into a regional center. Public goals included meeting ongoing demand for jobs and a variety of housing, improving the jobs/housing balance, relieving pressure on established neighborhoods, planning for an uncertain energy future, fully supporting the region’s investment in light rail, and providing a model development for urban sustainability.

In January, 2010, the Hillsboro Transportation System Plan was also amended to add The AmberGlen Community Plan: Transportation Planning Rule Study (November 2009), which identified transportation system facility deficiencies and required improvements within the Plan area to be subsequently incorporated into the TSP (the existing TSP is incorporated into the HCP in its entirety by reference).

On June 5, 2012, the City Council adopted the new zones and development regulations to implement the Plan. The new regulations incorporated Urban Center site planning standards that address the street system in the Plan Area including the street classifications, street design types and street cross sections.

The planning process for the AmberGlen Community Plan and the new Urban Center site planning standards established the list of required transportation improvements to be added to the TSP’s project lists for motor vehicles, bicycles and pedestrians. The Streetscape Standards establish the street cross sections for these improvements and will be contained in the Public Works Design and Construction Standards.
MAJOR PLAN AMENDMENT PROCEDURES

Pursuant to HCP Section 1 (II)(G), a "Major Plan Amendment" includes any significant change to the Comprehensive Plan text or map initiated by the City Council or Planning Commission. A "significant change" is one that amends or refines both the Plan text and map, has operative effect over a large geographic area and is likely to have significant environmental, energy, economic and social consequences. Major plan amendments include but are not limited to Plan amendments that incorporate community plans as part of the Comprehensive Plan or incorporate portions of public facility plans as part of the Comprehensive Plan in accordance with State statute and regulations implementing Statewide Planning Goal 11. All major plan amendments shall be processed in accordance with the provisions specified in Part (III) of this Section.

The proposed amendments to the Hillsboro Comprehensive Plan (HCP) Ordinance No. 2793, as amended and the City of Hillsboro Transportation System Plan (TSP) Update, January 2004, to amend text and maps to implement transportation improvements for the AmberGlen Community Plan meet the definition of a "Major Plan Amendment" and shall be processed in accordance with the procedures specified in HCP Section 1 (III) Plan Revision and Major Plan Amendments. The findings for compliance with Section 1 (III) are as follows:

(III) Plan Revision and Major Plan Amendments

Plan revisions and major plan amendments shall be processed as legislative procedures. The following process shall be used when conducting any plan revision or major plan amendment of the Comprehensive Plan:

(A) For each proposed plan revision or major plan amendment to the Comprehensive Plan, the City Planning Department will:

(1) With the advice and assistance of the CIAC, establish and conduct a citizen involvement program which provides for public involvement and input into the proposed revision or amendment which complies with Statewide Planning Goal 1 requirements. At a minimum, such a public involvement program shall provide for adequate notice on citizen involvement activities; advanced information on matters under consideration; and opportunities for public involvement in all phases of the planning process applicable to the proposed plan revision or major plan amendment as determined by the CIAC.

Finding: Hillsboro Planning staff met with the CIAC on June 27, 2012 to establish the citizen involvement program that provides for public involvement and input into the proposed major plan amendments. The CIAC approved the public involvement plan.

(2) Identify issues to be addressed and related information and data to be collected, reviewed and made available for public review. Inform citizens of these issues; and provide opportunity for citizen access to the related information and data; and for citizen input on these issues.
Finding: Hillsboro planning staff identified issues to be addressed and data to be collected, reviewed and made available for public review on the proposed transportation improvements to implement the AmberGlen Community Plan as part of the development and adoption of the AmberGlen Community Plan.

The Transportation Chapter of the AmberGlen Community Plan summarized the issues to be addressed and related information and data for public review. The specific components of the Transportation Chapter that establish the proposed TSP amendments are:

- Transportation Concept Map showing all transportation modes including the functional street classifications
- Transportation goals, policies and actions
- Identification of specific transportation improvements and additional future transportation analyses

The Transportation Chapter also includes a Streetscape Concept Map which addresses street design and street character for all streets shown on the Transportation Concept Map, and includes Conceptual Street Design Types (street cross sections). The street design including cross sections for the Plan area will be contained in the City of Hillsboro Public Works Design and Construction Standards and are not implemented through the TSP.

The AmberGlen Community Plan process is described as follows:

In 2006, the AmberGlen Community Plan (Plan) effort began with the initiation of concept planning in the OHSU/AmberGlen area by the City of Hillsboro. The public involvement process began with 50 stakeholder interviews in July, 2006. The Plan effort consisted of two phases: concept planning and community planning. The 16-month concept planning process was completed in November, 2007, with endorsement of the OHSU/AmberGlen Concept Plan by the City Council and Planning Commission.

In February 2009, City and regional leaders and stakeholders affirmed a shared commitment to the vision established during concept planning. They also agreed to pursue high-capacity transit link such as light rail through the AmberGlen plan area to connect to employment centers to the north and west, and to pursue designation of the combined Tanasbourne Town Center and AmberGlen plan areas as a Metro 2040 Regional Center.

After endorsement of the Concept Plan and the shared regional commitment, the development of the Plan began with the Community Plan refinement process in February, 2009.

The Community Plan planning process occurred between February, 2009 and January, 2010. The approximately 27-month AmberGlen Community Plan planning process (including the Concept Plan phase) consisted of, in addition to the 50 stakeholder interviews identified on the previous page, the following:
- A 6-day Design Charrette with stakeholders and the city in August, 2006
- 23 Stakeholder/Advisory Group Meetings
- 5 Open Houses
- 4 Joint Planning Commission/City Council Public Work Sessions
- 1 Planning Commission Public Work Session
- A tour of the AmberGlen plan area and the Pearl District in Portland
- A meeting with Citizen Participation Organization No. 7, with presentation and receipt of public comments on the Draft AmberGlen Community Plan and transportation issues
- 9 Planning Commission and City Council Meetings in addition to Work Sessions
- Project website

In January, 2010, the Hillsboro Transportation System Plan was amended to add The AmberGlen Community Plan: Transportation Planning Rule Study (November 2009), which identified transportation system facility deficiencies and required improvements within the Plan area to be subsequently incorporated into the TSP (the existing TSP is incorporated into the Hillsboro Comprehensive Plan in its entirety).

The AmberGlen Community Plan was adopted on January 10, 2010 by the City Council.

(3) Notify affected government agencies of planning activities; invite review and comment.

Finding: Affected government agencies of the planning activities (e.g. the development of the AmberGlen Community Plan) were members of the Technical Advisory Committee (TAC). The TAC was heavily engaged in the planning process, attending seven meetings and providing staff with technical guidance.

The city provided public notice to the Department of Land Conservation and Development (DLCD) of the proposed major plan amendments on August 9, 2012.

(4) Collect relevant information and data.

Finding: Relevant information and data for the proposed transportation improvements was collected and refined as part of the AmberGlen Community Plan process as previously described in the finding for HCP Section 1(III)(A)(2).

(5) Analyze each issue and identify proposed actions which address the issue sufficiently. As part of the public involvement program for the plan revision or major plan amendment:
(a) Compile and combine the issue, relevant data and information and actions into text format and make copies of such text available for review and comments by citizens and affected government agencies.

(b) Compile comments received from citizens and affected government agencies for consideration by the Planning Commission. The Planning Department shall prepare written responses to comments and make the responses available for public review and to the Planning Commission during its consideration of the proposed plan revision or major plan amendment.

Finding: The analysis for each issue and proposed actions for the proposed major plan amendments occurred during the AmberGlen Community Plan process as previously described in the finding for HCP Section 1(III)(A)(2).

(6) A Planning Commission public hearing on a plan revision or major plan amendment shall be conducted after completion of the tasks set forth in Section (III)(A)(1 through 5) above and the citizen involvement program for the plan revision or major plan amendment established by the CIAC. Notice of any public hearing by the Planning Commission or City Council on a plan revision or major plan amendment to the Comprehensive Plan shall be published in a newspaper of general circulation in the City a minimum of 20 days prior to the date of the initial public hearing. Any such notice shall contain:

(a) A summary of the plan revision or major plan amendment.
(b) The time, date and place of the hearing.
(c) The location(s) at which copies of the plan revision or major plan amendment summary may be obtained.
(d) A statement that all interested persons may appear and provide testimony and that only those persons making an appearance of record may appeal the determination of the Planning Commission or City Council.
(e) A general explanation of the requirements for submission of testimony and the procedure for conduct of the hearing.

Finding: The Planning Commission held a public hearing on the proposed major plan amendments on September 12, 2012. Public notice was published in the Hillsboro Argus on August 21, 2012, which was 22 days prior to the date of the initial public hearing. The public notice contained all of the items listed in Section 1(III)(A)(6)(a) through (e).

(7) The Planning Commission may recess the hearing in order to obtain further information or provide additional notification. Upon recessing for these purposes, the Commission shall announce the time and date when the hearing will be resumed.
Finding: The Planning Commission did not recess the hearing in order to obtain further information.

(8) After hearing the plan revision or major plan amendment, the Planning Commission shall forward a recommendation of denial, approval, or approval with modifications of the plan revision or major plan amendment to the City Council.

Finding: Order No. 8076 to which these findings are attached as Exhibit B forwards a recommendation for approval of the proposed major plan amendments to implement transportation improvements for the AmberGlen Community Plan.

(9) The City Council shall hold a hearing during its consideration of a plan revision and may hold a public hearing on any major plan amendment. Notice of the hearing shall be provided in the manner prescribed in subsection (III)(A)(6). After consideration of the plan revision or major plan amendment, the City Council may adopt or deny the plan revision or major plan amendment.

Finding: Order No. 8076 will be forwarded to City Council for its consideration on September 26, 2012. The City understands that the Council may hold a public hearing on the proposed major plan amendments and would give notice of the hearing in the manner prescribed in subsection (III)(A)(6) if the Council determines that it would hold a public hearing.

(10) The Planning Department shall keep copies of adopted text of the plan revision or major plan amendment on file at the City Hall and City Library for inspection by the public and shall notify citizens and government agencies that copies of the adopted text are available for inspection.

Finding: The Planning Department will keep copies of adopted text of the major plan amendments on file at City Hall for inspection by the public and will notify citizens and government agencies that copies of the adopted text are available for inspection.

(11) The final City Council decision on a plan revision or major plan amendment may be appealed in accordance with applicable State statutory provisions, relating to appeals of decisions amending an acknowledged comprehensive plan.

Finding: The City understands that the final City Council decision on the proposed major plan amendments may be appealed in accordance with applicable State statutory provision relating to appeals of decisions amending an acknowledged comprehensive plan.
(12) The Planning Commission shall also establish and publicize a procedure whereby interested individuals, community organizations and public agencies may request to be included on a regular mailing list of parties to be notified of the initiation of proposed plan revisions or major plan amendments.

Finding: A procedure whereby interested individuals, community organizations and public agencies may request to be included on a regular mailing list of parties to be notified of the initiation of proposed plan revisions or major plan amendments has been established by the Planning Commission.

CONCLUSION
For the reasons set forth above, the Planning Commission finds that the Comprehensive Plan and Transportation System Plan text and map amendments proposed to implement transportation improvements for the AmberGlen Community Plan are consistent with comprehensive plan goals, policies and implementation measures and meet the approval criteria for a major plan amendment. The Planning hereby recommends approval of HCP 2-12 as supported by these Findings of Fact.
