The Board of County Commissioners of Washington County, Oregon, ordains as follows:

SECTION 1

B. Subsequent planning efforts of Washington County indicate a need for changes to the Community Development Code to extend the expiration period for preliminary approvals or final approval permits for land divisions and property line adjustments. GENERAL FINDINGS

A-Engrossed Ordinance No. 757 amends the Community Development Code (CDC) relating to the extension of approval periods for certain development applications and extension requests for certain types of development as shown below:

- Amended several sections of the CDC to extend the initial preliminary approval period for Type II and Type III land use decisions from two years to four years
- Extended the time period for demonstrating that development has occurred (commencement of development) from three years to five years
- Changed the Type II review process for extension request to a Type I process
- Limited extensions to a single two-year period

GOAL FINDINGS

The purpose of the findings in this document is to demonstrate that A-Engrossed Ordinance No. 757 is consistent with Statewide Planning Goals, Oregon Revised Statues and Oregon Administrative Rule requirements and Metro’s Urban Growth Management Functional Plan (UGMFP). The Washington County Comprehensive Plan was adopted to implement the aforementioned planning documents and was acknowledged by the State of Oregon. The county follows the post-acknowledgement plan amendment process to update the Comprehensive Plan with new state and regional regulations as necessary and relies in part upon these prior state review processes to demonstrate compliance with all necessary requirements. No goal or UGMFP compliance issues were raised in the proceedings for A-Engrossed Ordinance No. 757. The following precautionary findings are provided to demonstrate ongoing compliance.

Goal 1 - Citizen Involvement

Washington County has an acknowledged citizen involvement program that provides opportunities for citizens and other interested parties to participate in all phases of the planning process. In addition, Chapter X of the County Charter sets forth specific requirements for citizen involvement during review and adoption of land use ordinances. Washington County has utilized these requirements for the adoption of A-Engrossed Ordinance No. 757. Oral testimony in favor of the ordinance was provided to the Planning Commission and Board of County Commissioners and no letters of comment were received.
Goal 2 - Land Use Planning

Statewide Planning Goal 2 addresses land use planning by requiring an adequate factual base to support a decision as well as coordination with affected governmental entities. Washington County has an acknowledged land use planning process that provides for review and update of the various elements of the Comprehensive Plan, which includes documents such as the Rural/Natural Resource Plan, Urban Planning Area Agreements and the Community Development Code (CDC). Washington County utilized this process to adopt A-Engrossed Ordinance No. 757. Notice was coordinated with all affected governmental entities and no comments were received from these agencies regarding the ordinance.

Goal 9 - Economy of the State

Policy 20 in the Comprehensive Framework Plan for the Urban Area and Policies 15, 16, 20 and 21 in the Rural/Natural Resource Plan set out the county’s policies to strengthen the local economy. The CDC contributes to a sound economy by providing standards that facilitate development in an orderly and efficient fashion.

In 2009\(^1\) and 2010\(^2\), the county approved automatic one-year extensions of all preliminary land use approvals and all final approvals of land divisions and property line adjustments. These extensions were authorized in response to a HBA request and in acknowledgement of the credit crisis and the downturn in the real estate market. A total of 135 land use approvals were subject to these automatic one-year extensions.

The extensions of 2009 and 2010 were temporary fixes to address the struggles of the building industry. Amendments under A-Engrossed Ordinance No. 757 will further assist the building industry by increasing the length of certain land use approval periods and making the extension request process easier.

Plan compliance with Goal 9 is maintained by A-Engrossed Ordinance No. 757. The proposed ordinance is consistent with the county’s acknowledged policies and strategies for strengthening the local economy as required by Goal 9.

Goal 10 - Housing

Policies 21, 22, 23 and 24 of the Comprehensive Framework Plan for the Urban Area and Policies 19 and 25 of the Rural/Natural Resource Plan address the provision of housing in the urban and rural areas of the county. The CDC contributes to the provision of adequate housing by establishing standards that facilitate development in an orderly and efficient fashion. Plan compliance with Goal 10 is maintained with the amendments made by A-Engrossed Ordinance No. 757. The ordinance is consistent with the county’s acknowledged policies and standards for regulating housing in the urban and rural areas as required by Goal 10.

---

\(^1\) Ordinance No. 716
\(^2\) Ordinance No. 734
A-Engrossed Ordinance No. 757 would extend the initial preliminary approval period for certain Type II and Type III land use decisions from two years to four years. It also extends the time period for demonstrating that development has occurred (commencement of development) from three years to five years. Additionally, it changes the Type II review process for extension requests to a Type I review and limit extensions to a single two-year period. With these amendments, the county is facilitating housing development in an orderly and efficient fashion.

Urban Growth Management Functional Plan Findings

**Title 8 - Compliance Procedures**

Title 8 sets forth Metro’s procedures for determining compliance with the UGMFP. Included in this title are steps local jurisdictions must take to ensure that Metro has the opportunity to review amendments to Comprehensive Plans.

Title 8 requires jurisdictions to submit notice to Metro at least 45 days prior to the first evidentiary hearing for a proposed amendment to a comprehensive plan. Staff sent Metro a copy of Proposed Ordinance No. 757 on August 10, 2012, forty days prior to the first evidentiary hearing. Staff contacted Metro and received no comments on the Proposed Ordinance No. 757.

The findings in this document demonstrate that the amendments made by this ordinance are in substantial compliance with the UGMFP.
