ATTEST:

Mayor Ron Hedenskog
City Recorder Joyce Heffington
CITY OF BROOKINGS PLANNING COMMISSION
STAFF REPORT

SUBJECT: Land Development Code Amendment
FILE NO: LDC-2-12
HEARING DATE: January 8, 2013

GENERAL INFORMATION

APPLICANT: City Initiated.
REPRESENTATIVE: City Staff.
REQUEST: Addition to Chapter 17.40.020, Public Open Space (P/OS), Permitted uses, Brookings Municipal Code (BMC)
PUBLIC NOTICE: Published in local newspaper.

BACKGROUND INFORMATION

As the City of Brookings annexes properties outside the city limits, it expands into a predetermined region called the Urban Growth Area. The boundary of this area was determined by a committee consisting of interested citizens, effected state agencies, and representatives from both Curry County as well as the City of Brookings. The City Council is tasked with determining the most appropriate zoning for all annexed properties. The Council will consider the existing zoning, the existing development on the property, as well as the future plans of its owner(s), when deriving a particular property’s new city zone designation. However, if there is no existing city zone that permits – either outright or conditionally – the existing uses on the property in question, the annexation must be a conditioned subject to a text amendment. This text amendment prevents the creation of non-conforming uses pursuant to existing zoning designations.

A conditioned annexation has the potential to create issues if a text amendment is denied or is not approved accommodating the development plans of the property owner. The best course of action is to complete the text amendment prior to the annexation. This provides certainty for the property owner.

The Brookings Airport is located within the City of Brookings Urban Growth Area. However, the Land Development Code does not provide for a zone where airports are allowed, either outright or conditionally. To resolve this, Staff proposes to allow existing airports along with limited accessory uses outright in the Public Open Space (P/OS).

The purpose of the P/OS zone is to recognize, preserve and enhance publicly owned recreation, open space, educational and cultural areas, facilities and services, to protect the natural and scenic resources, and to ensure adequate provision for open spaces consistent with the policies of the city.
The Brookings Airport is currently owned and maintained as a public airport by Curry County. Curry County, the City of Brookings, and several adjacent property owners have begun the preliminary process to annex into the City of Brookings. Approval of a text amendment to allow airports is needed to prevent conditions from being placed on this future proposed annexation. The P/OS is the most appropriate zone. Site Plan Committee reviewed the proposal and finds this text addition is consist with City ordinances and policies.

Chapter 17.40.020 Permitted uses, Public Open Space (P/OS) with the proposed text is included at Attachment A.

RECOMMENDATION
After careful consideration, and any input the public may provide, Staff supports a Planning Commission recommendation of approval of file LDC-2-12, Chapter 17.40.020(l), Public Open Spaces, Permitted Uses, Existing airports, BMC, to the City Council.

I. Existing airport facilities including expansion and accessory uses intended for the convenience of airport customers such as restaurants, car rentals, or retail shops subject to Chapter 17.76 Airport Approach (AA) Overlay Zone.
Meeting Date: January 28, 2013

Originating Dept: Planning

Subject: A hearing on File LDC-2-12 for consideration and possible adoption of text to add existing airports as an outright use in Chapter 17.40 Public Open/Space (P O/S), Brookings Municipal Code (BMC).

Recommended Motion: A motion approving text adding existing airports as an outright use in Chapter 17.40 Public Open/Space, BMC.

Financial Impact: None.

Background/Discussion: Properties within the Brookings Urban Growth Area (UGA) are planned for the eventual annexation into the City. As the properties are annexed into the City, the City Council is tasked with determining the most appropriate city zone to assign considering existing county zoning, existing development on the property, and the owner's future plans. However, if there is no existing city zone that permits, either outright or conditionally, the existing uses on the property in question, the annexation must be conditioned subject to a text amendment or denied. These requirements prevent the creation of non-conforming uses pursuant to existing zoning designations.

A conditioned annexation has the potential to create issues if a text amendment is denied or is not approved accommodating the development plans of the property owner. The best course of action is to complete the text amendment prior to the annexation. This provides certainty for the property owner.

The Brookings Airport is located within the City of Brookings Urban Growth Area. However, the Land Development Code does not provide for a zone where airports are allowed, either outright or conditionally. To resolve this, Staff proposes to allow existing airports along with limited accessory uses outright in the Public Open Space (P/OS).

One of the purposes of the P/O S zone is preserve and enhance publicly owned facilities and services. The Brookings Airport, located within the UGA, is currently owned and operated by Curry County. The preliminary steps to annex the airport and several adjacent properties has begun. Approval of a text amendment to allow airports is needed to prevent conditions from being placed on the future annexation.

Site Plan Committee reviewed the proposal and found this text addition to be consistent with City ordinances and policies. The Planning Commission reviewed the draft revisions at their January 8, 2013 meeting and recommended approval.
Policy Considerations: N/A
