ORDINANCE 13-01: LEGISLATIVE TEXT
AMENDMENTS TO THE CLATSOP COUNTY
LAND AND WATER DEVELOPMENT AND
USE ORDINANCE 80-14.

RESOLUTION AND ORDER
# 13-03-03

THE ABOVE ENTITLED MATTER came before the Planning Commission on March 12, 2013, for a public hearing and consideration of legislative text amendments to the Land and Water Development and Use Ordinance 80-14 to allow ‘storage structures for emergency supplies’ on forest lands as authorized by OAR 660-006-0025(4).

THE PLANNING COMMISSION after reviewing the findings of fact in Exhibit “A” (Staff Report) has determined the proposed changes are consistent with Clatsop County’s Comprehensive Plan and Statewide Planning Goals.

THE PLANNING COMMISSION considering all evidence provided by the Planning Department staff and public testimony provided at the public hearing, hereby RECOMMENDS APPROVAL of the text amendments and findings as presented in “Exhibit A - Staff Report” attached hereto and by this reference made part hereof.

WHEREFORE, the Planning Commission finds and resolves:

To recommend that the Board of County Commissioners adopt the proposed Legislative Text Amendments to the Land and Water Development and Use Ordinance #80-14.

SO ORDERED this 12th day of March 2013.

Ordinance 13-01

REPORT DATE: March 5, 2013
HEARING DATE: March 12, 2013
HEARING BODY: Clatsop County Planning Commission
REQUEST: Legislative Amendments to the Land and Water Development and Use Ordinance #80-14 authorizing Emergency Storage Structures on forestlands.
STAFF: Jennifer Bunch, Senior Planner

3. Notice of Hearing
4. Public Comment

I. SUMMARY

The Land Conservation and Development Commission (LCDC) has adopted amendments to OAR 660-006-0005 and -0025(4) that allows the siting within forest zones of storage structures for emergency supplies to serve local communities as part of tsunami preparedness planning. The proposed legislative amendments to the Land and Water Development and Use Ordinance #80-14 will add the definition of “storage structures for emergency supplies” in section L1.030 and the conditional use in the Forest 80 (L3.554) and Agriculture Forestry (L3.518) zones. The adoption of these amendments would allow the county to begin processing applications for storage structure placement. Clatsop County is the first county to pursue adoption of these provisions.

II. RECOMMENDED ACTION

Staff recommends the Planning Commission adopt the findings of fact contained in this staff report and recommend approval of the legislative text amendments to the Clatsop County Board of Commissioners.
III. BACKGROUND

In 2011, the City of Cannon Beach approached Clatsop County Planning about the siting of emergency storage structures, in the form of cargo containers in forest land outside city limits and the tsunami inundation area. The city was evaluating options for the storage of essential supplies in the event of a seismic event and a resulting tsunami. After a review of the allowed uses in the Forest 80 (F-80) and Agriculture Forestry (AF) zones and consultation with the Department of Land Conservation and Development (DLCD) county staff determined that the use could not be allowed because it was not authorized by the county code and the Oregon Administrative Rule that governs development and uses on forest lands. In the fall of 2012, the City of Cannon Beach requested that DLCD consider an amendment that would allow the storage structures in forest lands. The department considered the request and agreed to proceed with rulemaking. Appointed members of the Rules Advisory Committee included Clatsop County’s senior planner and the city planner from Cannon Beach. This committee assisted in the development of the rule amendments. At its January 25, 2013, meeting the LCDC adopted the amendments as proposed by the advisory committee and the rules became effective on February 1, 2013.

The rule amendment authorizes the emergency storage structure use on forest lands and creates a review process. This process requires that all potential locations within the city or urban growth boundary are used before forest lands are considered. The inclusion of a definition of 'structures for emergency storage supplies' will ensure that supplies are limited to the essentials such as food, clothing, medical supplies, generators, and communication equipment.

IV. EVALUATION OF APPLICABLE CRITERIA

A. LWDUO 80-14

Section 2.035 Type IV Procedure.
Type IV actions are legislative processes. They involve the creation, broad scale implementation or revision of public policy. These include amendments to the text of the Comprehensive Plan, Community Plans, or Zoning Code. Large-scale changes in Community Development maps also may be characterized as legislative where a larger number of property owners are directly affected. The Type IV procedure is for use where indicated in this Ordinance.

1. Under the Type IV procedure, the Director shall schedule a public hearing pursuant to Section 2.105 before the Planning Commission.

2. The Director shall mail and publish a notice pursuant to Section 2.315.

SECTION 2.300 LEGISLATION.
Section 2.310 Legislative Action Under This Ordinance.

1. The following are legislative actions under this Ordinance:
   A. An amendment to this Ordinance.
   B. A district or zone change action the County Commission has designated as legislative after finding the matter at issue involves such a substantial area and number of property owners or such broad public policy changes that administrative processing would be inappropriate.

2. A legislative action shall follow the Type IV procedure subject to the modifications and supplements of Sections 2.310 to 2.335.

Section 2.315 Legislative Hearing Notice.
Notice of a hearing on a legislative decision under this Ordinance need not include a mailing to property owners where the matter at issue does not relate to a specific geographic area. Where such mailing or posting is omitted, the Community Development Director shall prepare a notice program designed to reach persons believed to have a particular interest and to provide the general public with a reasonable opportunity to be aware of the hearings on the proposal.

Analysis & Finding:
Clatsop County is processing this text amendment as a Type IV Legislative procedure with a public hearing to be held before the Planning Commission on March 12, 2013, and an additional hearing to be held at a later date before the Board of Commissioners. Published and mailed notice was provided in accordance with Section 2.035 and 2.315 (Exhibit 3).

B. COMPREHENSIVE PLAN GOALS AND POLICIES

Goal 1 – Citizen Involvement:

Policies

2. The Planning Commission and active Citizen Advisory Committees shall hold their meetings in such a way that the public is notified in advance and given the opportunity to attend and participate in a meaningful fashion.

5. Citizens shall be provided the opportunity to be involved in the phases of the planning process as set forth and defined in the goals and guidelines for Land Use Planning, including Preparation of Plans and Implementation Measures, Plan Content, Plan Adoption, Minor Changes and Major Revisions in the Plan and Implementation Measures.

7. Clatsop County shall use the news media, mailings, meetings, and other locally available means to communicate planning information to citizens and governmental agencies. Prior to public hearings regarding major Plan revisions, notices shall be publicized.

9. Public notices will also be sent to affected residents concerning zone and Comprehensive Plan changes, conditional uses, subdivisions and planned developments.

Analysis & Finding:
Clatsop County is processing this text amendment as a Type IV Legislative procedure with a public hearing to be held before the Planning Commission on March 12, 2013, and an additional hearing to be held at a later date before the Board of Commissioners. Published and mailed notices were provided in accordance with Section 2.035 and 2.315 (Exhibit 3) which ensures consistency with policies 2, 5, 7, and 9 of the Goal 1 element.

Goal 4 – Forest Lands

Goal – To conserve forest lands for forest uses.

Policies

1. Forest lands shall be conserved for forest uses, including the production of trees and the processing of forest products, open space, buffers from noise, visual separation from conflicting uses, watershed protection, wildlife and fisheries habitat, soils protection from wind and water, maintenance of clean air and water, outdoor recreational activities compatible with these uses, and grazing land for livestock.
17. Expansion of existing non-forest developments and uses in forest zones may be permitted under a Type II procedure only when such expansion is substantially confined to the existing site.

**Analysis & Finding:**
The proposed text amendments will add the use as a Type II Conditional Use. Review criteria requires that the structures be unable to be accommodated within urban growth boundaries and preferably co-located with existing already-approved uses. In addition, the structures be of a number and size no greater than are necessary thus reducing or eliminating conflict with forest uses and activities. The proposed amendments do not conflict with policies 1 and 17.

**Goal 7 - Natural Hazards**
Goal - To protect life and property from natural disasters and hazards.

**Analysis & Finding:**
The Goal 7 element of the Clatsop County Comprehensive Plan does not contain specific policies applicable to the proposed amendments. However, because the storage structures will contain supplies and equipment required to meet the essential and immediate needs of the public the proposed amendments are consistent with the overall goal of protecting life and property from natural disasters and hazards. The proposed standards require that the structures must be located outside tsunami inundation zones and be consistent with evacuation maps. Written notification to the County's Office of Emergency Management is required prior to the approval of any structures.

The following elements of the Clatsop County Comprehensive Plan do not contain applicable policies:

**Goal 2 - Land Use Planning**
**Goal 3 - Agricultural Lands**
**Goal 5 - Open Space, Scenic, Historic Areas and Natural Resources**
**Goal 6 - Air, Water, and Land Quality**
**Goal 8 - Recreation**
**Goal 9 - Economy**
**Goal 10 - Population & Housing**
**Goal 11 - Public Facilities and Services**
**Goal 12 - Transportation**
**Goal 13 - Energy Conservation**
**Goal 14 - Urbanization**
**Goal 16/17 - Estuarine Resources and Coastal Shorelands**
**Goal 18 - Beaches and Dunes**
**Goal 19 Element - Ocean Resources**

**V. PUBLIC COMMENT (Attached as Exhibit 4)**

- Katherine Daniels, DLCD Farm and Forest Lands Specialist
  Ms. Daniels provided positive comment regarding the proposed amendments and acknowledged that Clatsop County would be the first county to adopt these amendments.
VI. RECOMMENDATION

Staff recommends that the Planning Commission adopt the findings of fact of the staff report and recommend approval of the proposed text amendments to the Clatsop County Board of Commissioners.

Recommended motion: I move the Planning Commission adopt the findings of fact of the staff report and recommend approval of the proposed text amendments to the Clatsop County Board of Commissioners.

Respectfully Submitted,

Public & Agency Comment
Hi Jennifer,

Your proposed changes to code look good. You’re the first to make the change!

Cheers,
Katherine
